This is especially made for barbers, but can be used also by the man who shaves himself. It is a high grade composition hone in a very convenient size. Can be used with water, oil or lather. Gives a perfect edge to the razor. Cuts fast and being an unusually hard composition, it will not glaze. We are asking a very low price for such a high grade article.

Ambicut Razor Hone

46B8828 Our Price 85c

Weight, 17 ounces.
Size, 2x6 inches.
In neat Oak Case. The Ambicut Composition Razor Hone is undoubtedly the best composition water hone we have ever seen. Has splendid cutting qualities, and is a hone we can safely recommend to barbers or to the man who shaves himself. It has one medium side for sharpening and one extra fine grit side for finishing. By using a little water or soap lather, then rubbing the small stone on surface of hone, a perfect sharpening fluid is formed, which gives a keen smooth lasting edge to your razor.

Cushion-Strop Razor Hone

46B8829
Our price 75c
Weight, 8 ounces.
Size, 2x5½ inches.
The Cushion-Strop Razor Hone is especially intended for private use. It is a combination hone and strop. No water, oil or lather needed. Hones and finishes the razor dry. Sharpening side a special composition. Finishing side is finest shell horse-hide, mounted on a felt pad. Put up in a soft leather case.

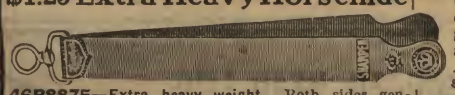
Sapphire Razor Hone

46B8830
Our price 75c
Weight, 9 ounces.
Size, 2x5¼ inches.
This is a first quality, dry hone, although it can be used successfully with oil or water. It is absolutely uniform in grit, giving it unsurpassed cutting qualities. Will not fill. This is a hone to be used with fine razors. Its quality is entirely dependable. Gives the velvet edge that assures clean shaving.

Genuine Swaty Hone

The manufacturer of these hones has enjoyed a world wide reputation. Their low price and great efficiency have made them immensely popular. Thousands are in use by barbers but they also make an ideal hone for private use, as the two sides differ in roughness. Full instructions accompany each hone.
46B8832—Swaty Hone. Size, 2x5⅛ inches. Weight, 8 ounces. Price....**45c**
46B8833—Swaty Hone. Size, 2x8 inches. For barbers' use. Wt., 11 ounces. Price.**72c**

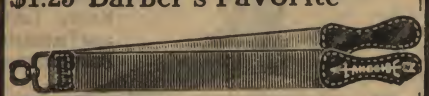
Our Low Price Razor Hone



46B8335
Our price 25c
Weight, 8 ounces.
Size, 2x5½ inches.
This hone can be successfully used wet or dry. Gives a keen, lasting edge to the razor. Do not mistake this for a cheap hone. It is a good quality and far better than the hones usually sold at this price. Will not give a wire edge and is fit for use with the finest razor.

Our Bath Robes for men are always acceptable as a Christmas gift

Razor Strops and Automatic Stroppers

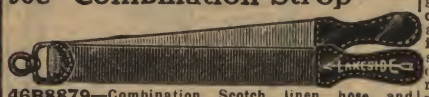


We have selected only such strops as will best suit your needs, in style, size, price and, most emphatically, in keeping your razor in proper shaving condition. We have eliminated all strops prepared with emery or other gritty substances. Our **self Honing Strops** are filled with non-injurious substances, but retain sharpening qualities adapted to a razor's delicate edge. All our strops are broken in ready for immediate use. No matter what the size or price of strop, it is made to sharpen and keep your razor in order.

$1.25 Extra Heavy Horsehide

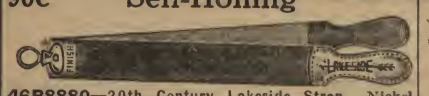
46B8875—**Extra heavy weight.** Both sides genuine horsehide, soft and pliable. Sharpen side black color. Finish side oiled tan. With proper care will give splendid service. A very attractive strop, heavy gilt open clutch swivel, gold printed handle, full fashioned. A dependable strop and a big value at our price. Length, 25 inches; width, 2¼ inches. Weight, 9 oz. Price **$1.25**

$1.25 Barber's Favorite



46B8876—**Barber's Favorite Combination Strop.** High grade Scotch linen canvas hose, brown wax finish for sharpening. Finest, genuine brown Russian horsehide shell for finishing. Material of the highest type and weight. Fitted with military, heavy gilt swivel. Firmly sewed handles, gold printed top and handles. This strop has sold for years at $2.00 to $2.50. Length, 25 inches; width, 2½ inches. Weight, 9 ounces. Our price **$1.25**

98c Combination Strop

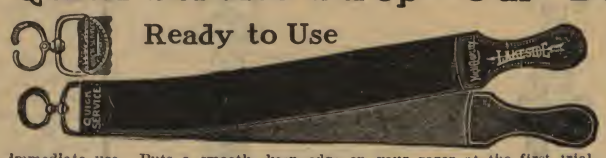


46B8878—Extra fine quality, **combination filled canvas web and horsehide strop.** Single, rounded, full formed leather handle, fits the hand comfortably. The canvas webbing makes an ideal sharpener. The finishing strop is of finest horsehide, sapphire color; soft, pliable and finely finished, ready for immediate use. Nickel plated clutch swivel. Handle, securely stitched. A popular style and sure sharpener. Length, 25½ in. Width, 2⅛ in. Weight, 8 ounces. **Price** **98c**

90c Combination Strop

46B8879—**Combination Scotch linen hose and leather.** Brown finish, medium weave, imported Scotch linen sharpen side. Finest, genuine horsehide shell, light tan color finish side. Heavy, black japanned, military swivel. Carefully stitched, silver printed handles and tip. For barbers or individual use. Usual price, $1.50. Length, 23½ inches. Width, 2¼ inches. Weight, 7 ounces. Our price **90c**

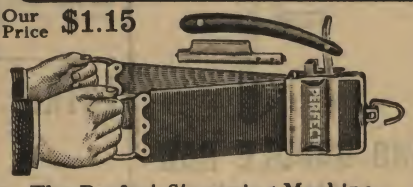
90c Self-Honing



46B8880—**20th Century Lakeside Strop.** Nickel military swivel. Sewed tip. Double stitched handles. Black leather sharpen side, hand rubbed, soft and pliable, with plenty of draw, and a fast sharpener. Finish side, tan leather, soft and pliable. Gives proper touch to the razor. Retail value, $1.50. Length, 25 inches. Width, 2⅝ inches. Weight, 8 ounces. Our price **90c**

46B8882—**Lakeside Razor Strop Dressing.** Each can contains fine and coarse grit paste. The best preparation we know of for keeping the strop pliable and efficient. **Contains no injurious ingredients.** Weight, 1 ounce. Price **9c**

Quick Service Strop—Our Best Value



Ready to Use

Price $1.65

46B8884 — The Quick Service double swing strop. A perfectly broken-in strop, which comes to you, ready for immediate use. Puts a smooth, keen edge on your razor at the first trial. **Sharpening side made from genuine English horsehide,** selected from the finest hides. Unexcelled for quickly sharpening the points and sides of the microscopical teeth of which the fine cutting edge of a razor consists. **The finishing strop is made from extra choice, heavy shell horsehide,** of uniform thickness and superior finish. Substantial and practical. Our best strop in every way. Regulation barbers' size. Length, 26 inches. Width, 2½ inches. Weight, 9 ounces. **Price** **$1.65**

Our Price $1.15

The Perfect Stropping Machine

46B8890—Price, complete **$1.15**

Weight, 10 ounces.

Width, 3 inches. Length, 18 inches.

Strops quickly all standard safety razor blades, and any width or make of old style razor, to a keen, smooth edge. **Only stropper which strops any kind of razor equally well.** Construction is light, strong, and simple. Metal parts, full nickel plated. Strop is corrugated in scroll form, producing the barber's stroke from heel to point of razor. Made of black oiled leather, broken in, ready for use, and has the right abrasive surface to give a keen edge. You cannot cut the strop in withdrawing razor. The bars across the end prevent inserting or withdrawing razor before machine is opened. **Extra holder for safety blades included with each outfit.**

Our Price 84c

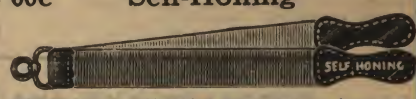
Automatic Razor Stropper

46B8892—Price, complete **84c**

Weight, 13 oz. Length, 18½ in. Width, 3¼ in.

Especially designed to sharpen regular style razors, but equally successful with any standard safety razor blade. Runs easily, simply constructed. No wheels or complicated mechanism to get out of order. Full nickel plated. A boon to those who prefer the old style razors but have difficulty in stropping them to give the blade that edge with the smooth, velvety cut. Two extra holders are included to hold safety razor blades. Full instructions, showing manner of inserting razor from top of machine. Equal to many similar machines advertised at $2.00 to $3.00, and unexcelled in the satisfactory service it gives.

75c U. S. Cavalry Strop



46B8898—**Double Leather, Military pattern.** Black, medium cowhide sharpening side. Tan oil leather side for finishing. Soft and pliable. Fitted with nickel swivel and ring handle. A pattern that is well liked by travelers. Rolls up into a compact space, does good work and is offered at a popular price. Length, 21¼ inches. Width, 2¼ inches. Weight, 7 ounces. Price **75c**

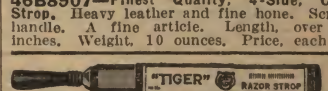
70c Fine Single Horsehide

46B8900—**Genuine Horsehide shell,** single strop. Made from extra select quality leather. Good weight, very fine grain; finished naturally on sharpen side, and tan wax on finishing side. Tan leather stitched handle. With tip eyelet. An excellent strop and well worth the low price we ask. Length, 24 inches. Width, 2¼ inches. Weight, 4 ounces. **Price** **70c**

60c Self-Honing

46B8902—**A self-honing strop that we know you will like.** Red sharpening side and black, heavy, genuine horsehide finishing side. Heavy military pattern. Nickel swivel. Stitched tip. Well stitched handles, silver printed. A good looking strop, always ready for work. Length, 23½ inches. Width, 2¼ inches. **Weight, 8 ounces. Price** **60c**

50c Cowhide Combination

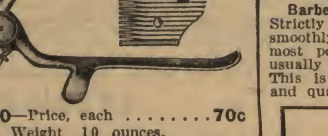


46B8904—**Combination of black cowhide leather** and black, medium weave, filled cotton web for sharpening, and leather for finishing. Medium weight. Well sewed, silver printed handles and tip. Nickel swivel. Good value at a very small cost. Length, 23½ inches. Width, 2¼ inches. **Weight, 5 ounces. Price** **50c**

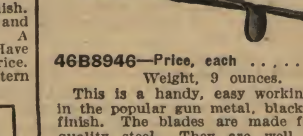
23c Our Low Price Strop

46B8905—**Double leather combination.** Black sharpening, and oil brown finishing, sides. Nickel swivel and flat loop handle. This is one of the best low priced strops on the market. Retails at 50c. Length, 20½ inches. Width, 2 inches. Weight, 5 ounces. Price, each **23c**

$1.25



46B8907—**Finest Quality, 4-Side, Combination Strop.** Heavy leather and fine hone. Screw tension handle. A fine article. Length, over all, 14⅛ inches. Weight, 10 ounces. Price, each ... **$1.25**



50c

46B8908—**Solid Cushion Strop,** with 4 sides. One side is a hone. A good, sensible article. Length, over all, 13¾ inches. Weight, 9 ounces. Price, each **50c**

Safety Razor Blade Stropping Machines

Low Priced Automatic Stropper

46B8894—Weight, 10 ounces. Price, 78c

Width, 2½ Inches. Length, 17¾ inches. This handy little sharpener puts a keen edge on any safety razor blade in a few strokes. Comes complete with stropping holder. Leather strop, width, 2 inches; red side self-honing, to be used when blade is very dull. The black side is the finishing strop, and a few strokes on it are ample for a smooth, easy shave. Soon pays for itself in better results and longer service.

Automatic Honer and Stropper

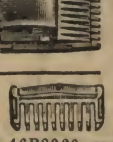
46B8896—Weight, 12 ounces. Price, 87c

A successful sharpening outfit for all makes of safety razor blades. **Fine composition razor hone,** the right quality to give a perfect edge; **soft, black leather strop,** held rigidly in metal back; and a **clever device for holding blades** while honing and stropping. The blade holder swings freely in the handle and heavy roller acts as a balance, which lifts edge of blade from hone or strop when the hand is raised at end of each stroke. Holder, length, 5⅝ in., and nickel plated. Strop and hone, length, 5½ in. Outfit is enclosed in a black, leather-like, covered box.

Toilet Hair Clippers and Barbers' Shears

The Clippers are for human hair only. Refer to the index in the back of the book, for our complete line of horse and dog clippers.

$1.20 Ball Bearing Clipper



46B8920—**Price, each** **$1.20**
Weight, 10 ounces.

Ball-Bearing, Easy Running Toilet Clipper. A perfect worker. Very strong and substantial. Each one has been tested and works very smoothly. The body is heavily nickel plated. Well proportioned, fitting nicely in the hand. Springs are highly tempered. Cuts hair regular length, ⅛ inch. With proper care this clipper will hold its cutting edge for years, without being sharpened. This clipper is seldom sold for less than $1.50 and at our price is a big value.

46B8921—Extra Springs for Ball Bearing clipper. Weight, 1 ounce. Each **5c**

Extra Comb

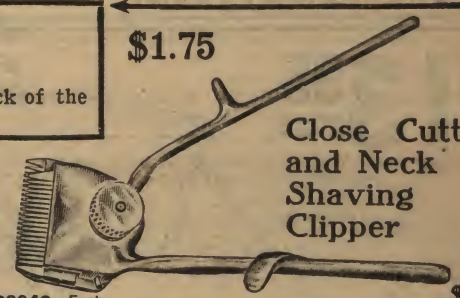
For Clippers 46B8920 or 46B8925. To attach to bottom plates to make clipper cut longer than its regular cut. Weight, 1 ounce.

46B8922—Leaves hair 1/16 inch longer. Price, each **22c**

46B8923—Leaves hair 3/16 inch longer. Price, each **22c**

Laid Steel Barber Shears

Lakeside Laid Steel Barber Shears. Will cut as clean, hold an edge as long, and give just as good general satisfaction as any barbers' shears on the market. We will gladly replace or exchange every pair that fails to give satisfaction. Laid Steel blades, well tempered and accurately set. We can furnish these shears with either nickel-plated or japanned handle. Both are the same quality of blade.



Nickel Plated Handle

46B8935—Length, 7½ in. Weight, 2½ oz. Price, each **50c**
46B8936—Length, 8 in. Weight, 3 oz. Price, each **55c**
46B8937—Length, 8½ in. Weight, 3 oz. Price, each **60c**

Japanned Handle

46B8939—Length, 7 in. Weight, 2 oz. Price, each **40c**
46B8940—Length, 7½ in. Weight, 2½ oz. Price, each **45c**
46B8941—Length, 8 in. Weight, 3 oz. Price, each **50c**

$1.75 Close Cutting and Neck Shaving Clipper

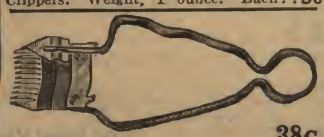
46B8948—Each **$1.75**
Weight, 7 ounces.

Close Cutter. Perfection shaver No. 00. A narrow, small size, light weight clipper. Highest grade with full scored bottom plate, full nickel-plated frame and plates, ground to retain a keen cutting edge. Made particularly for shaving the neck. The blades of this clipper are made of a high quality tool steel, tempered in a manner which leaves the teeth very hard, thus assuring a keen and durable cutting edge. Cuts almost as close as a razor, and does a neat, workmanlike job. Its small size and compact design make it especially easy to handle.

46B8949—Same Clipper as 46B8948, but Size 0. To cut 1/16 in. long. Weight, 8 ounces. Price, each **$1.77**

46B8950—Same Clipper as 46B8948, but Size 1. To cut hair ⅛ in. long. Weight, 9 ounces. Price, each **$1.78**

46B8951—Extra Springs for Perfection Clippers. Weight, 1 ounce. Price, each **5c**

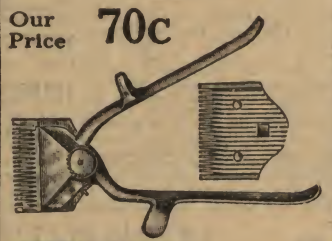


49c

46B8925—Each **49c**
Weight, 8 oz.

Celebrated Marathon Clipper. All nickel plated. Smooth, easy action. Cuts hair to ⅛ inch only, but with combs 46B8922 and 46B8923, can be adjusted to cut hair three different lengths.

46B8926—Extra Spring for Marathon Clippers. Weight, 1 ounce. Each .. **5c**

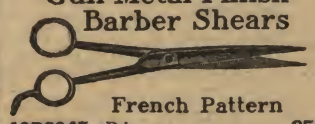


46B8929—Price **38c**
Weight, 4 ounces.

Handy, Home Toilet Clipper. Length, 6 in. Cutters made of Swedish steel, well tempered and keen edged. Nothing to get out of order. Handle forms a positive spring. Very low price.

Good, Low Priced, Hair Clipper

Our Price 70c

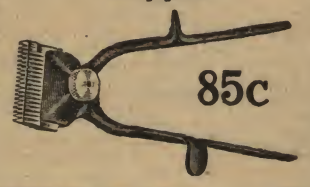


46B8930—Price, each **70c**
Weight, 10 ounces.

An Easy Working Clipper. Highly *tempered steel plates. Bottom plate is fluted* to prevent slipping when in use, the same as in the higher priced clippers. Comes with concealed spring. Nickel-plated body. Cuts to leave the hair ⅛ inch long. This is the regular length. Easily taken apart and put together. A fine clipper for the money and a first class worker.

46B8931—Extra Springs for 46B8930. Weight, 1 ounce. Price, each **5c**

Gun Metal Finish Barber Shears



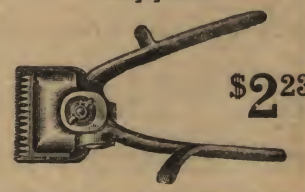
French Pattern

46B8945—Price **85c**
Weight, 2 ounces.
Length, 7½ inches.

Barber Shears. Gun Metal finish. Strictly hand forged. Cut easily and smoothly. Hold their edge well. A most popular pattern for years. Have usually sold for almost double our price. This is the regulation barbers' pattern and quality.

Shaving Brushes and Soaps are found in another section of this catalogue. Refer to the index in back of the book.

Gun Metal Finish Clipper



85c

46B8946—Price, each **85c**
Weight, 9 ounces.

This is a handy, easy working clipper in the popular gun metal, black oxidized finish. The blades are made from high quality steel. They are well tempered and sharpened. *Cuts cleanly and closely. Clipper has concealed spring.* Considering the very low price we ask, this is an excellent value. We are confident that it will give entire satisfaction. Our price is decidedly lower than you would pay at retail for a clipper of this quality.

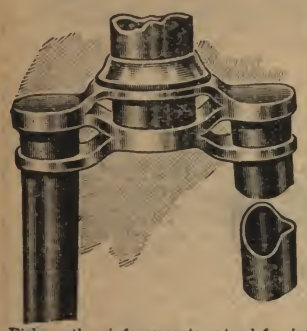
46B8947—Extra Springs for above clipper. Weight, 1 ounce. Each ... **5c**

Brown and Sharp Clippers

$2.23

Brown & Sharpe's Clippers. A most popular and widely used clipper. The customary retail price is $3.00.

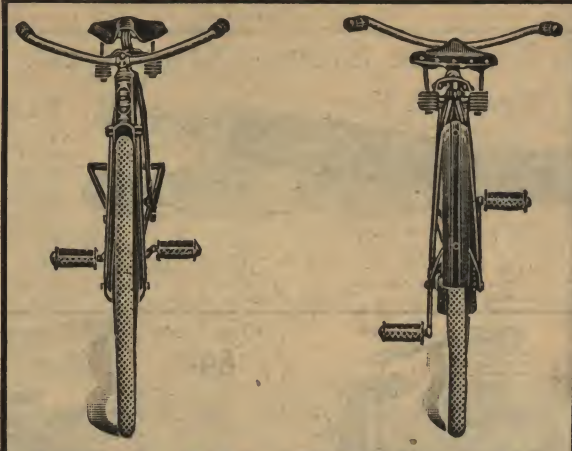
46B8952—Size 00. Improved pattern. Just the right size for beard or neck trimming. Cuts almost as closely as shaving. *Weight, 10 ounces. Price, each* ***$2.23***



46B8953 — Size 0. Bressant pattern. Cuts almost as close as shaving. Weight, 14 ounces. Each **$2.24**

46B8954 — Size 1. Bressant pattern. To cut ⅛ inch long. Weight, 16 ounces. Each **$2.25**

46B8955—Extra springs for Brown & Sharpe's Clippers. Weight, 1 ounce. Each **5c**



A good shaving brush is half the shave—See our Drug Section

1916 HAWTHORNE DE LUXE MODEL

TRIPLE ARCH RIBBED FRONT FORK

Special tests of various kinds have proven the great strength and superior rigidity of the triple truss, double arch, keystone construction, used in our popular Hawthorne Bicycles. To further strengthen the front fork of our 1916 Hawthorne De Luxe Model, we now run a heavy rib the full length of the fork outside. All frame joints are brazed by a special process that insures a perfect joint. Fishmouth reinforcements extend far into tubing, making a strong frame that will endure the severest strains. Tempered, 18-gauge, seamless steel tubing, larger and stronger than is found in many bicycles, is used. The result is an almost indestructible frame. All other parts and connections are properly proportioned.

SPOKES, RIMS AND HANDLE BAR

There is no part of a bicycle that plays such an important feature in the general make-up and strength as its spokes. Small as they may be, so much the more reason why they must be properly made. Spokes used in the 1916 De Luxe Model are made from double swagged piano wire, and crossed four times at the hub. This extra amount of crossing gives far greater strength than the common double crossings used in ordinary wheel construction. The hubs are turned from a solid bar and the bearing cups are absolutely true to gauge. Thirty-six spokes are used both in front and in rear wheels to give great resistance to side strains. The rims are made of well seasoned, Northern hardwood. This care and precision used in making these important parts, complete a wheel that will run true as a die for the ordinary lifetime of a bicycle. The handlebars are forward extension stem and are adjustable to many different positions. The grips are made of rubber and are the Anti-Jolt type.

REINFORCED HEAD LUG

Note in the illustration, the superb construction of the head lug of this De Luxe Model. It shows the long fishmouth reinforcements which give such wonderful strength to the frame. Joints and connections are brazed by our dip method which adds more strength to those individual parts. With all this care in putting joints and contacts together uniform strength throughout has been secured. This also virtually makes the entire frame one continuous diamond shaped steel tube, with strength to spare. Hard riding over rough roads will not rack the frame, as such service often will do to frames of other construction.

Head of De Luxe Model Showing the Heavy Tubing and Fishmouth Reinforcement

SPROCKET AND CHAIN

Every operation in the making of this 1916 De Luxe Model has been brought to a point of perfection. The Sprocket, for example, is carefully cut from high-grade steel of special temper, machined and highly finished. The teeth are milled by an automatic machine and are positively accurate, they cause no friction in contact with the chain. The chain is just what the name implies—easy rolling. It meshes and unmeshes with the sprocket teeth, easily and quietly, without friction. There is no creaking and grinding, as with the ordinary chain when pulling up grade or through sand. It is the total of these various small details that make this model what it is. These are the points for you to consider when you spend your money for a bicycle.

EXTRA WIDE LIGHT WEIGHT MUD GUARD

Mud guards are essential to the protection and comfort of the rider. Splash and spatter from front or rear wheels are warded off by these extra wide, light-weight mud guards. Aside from their mission of protector, they add beauty of line and stability to bicycles of rangy types. They are not cumbersome or out of proportion in shape or size. The guard used is heavy gauge steel, stamped to shape and tempered, extra long, anti-rattle, held in place by flat braces. The front guard has splasher attached to bottom end.

SPECIFICATIONS AND EQUIPMENT

FRAME—Constructed of cold rolled, seamless, 18-gauge steel tubing. Fishmouth reinforcements. Brazed at all joints.
FORK—The famous three-crown arch truss, keystone construction. Heavy ribs extend the entire outside length of the forks, to offset all jolts and side strains.
WHEELS are 28-inch, with 36 spokes, front and rear.
TIRES are our genuine Majestic, heavy studded, anti-skid, puncture-resisting type.
SPROCKET—Pressed from cold rolled, boiler plate steel. Neat design. Nickeled and polished.
GEAR—We always furnish regular, standard gear which is 81, and is best adaptable for all roads. However, we can furnish 91, 72 or 66 gear if desired.
CHAIN—The famous E-Z roller, imported. A really frictionless chain. 3/16 inch wide, 1 inch pitch.
HANDLE BARS—Have forward extension stem. Are adjustable to many different positions. Grips are rubber, the jolt-absorbing type.
HANGER—One piece, steel, finely balanced. High nickel finish. Will not bend or break.
HUBS are spindle type, turned from the solid bar, all parts scientifically hardened at the bearing points. Finely nickel plated. Fitted with ball retainers, containing extra size quarter-inch balls. The bearing construction is such as to make this bicycle one of the easiest running and speediest now on the market.
PEDALS—Ball bearing. Rubber, anti-slip.
SADDLE—Triple coil spring. Suspension style, with patent, adjushtable clamp. Leather top.
GUARDS are extra long, lightweight, anti-rattle. Held in place by flat braces. Front guard has splasher.
COLOR—Battleship gray. Royal blue head. Superior quality enamel. Finely finished. Highly polished. Rims enameled and striped to match.
COASTER BRAKE—(On coaster-brake model.) Our sturdy, simple-acting Majestic. A brake, simple in design, and one that will not clog or stick.
STAND is one of the late improved designs, strongly built, and held in position by spring steel clip, when not in use.
TOOL KIT includes leather bag with complete tool outfit.
Shipping weight, 55 lbs.

HAWTHORNE JUVENILE MODEL FOR BOYS AND GIRLS

$13.95

The Girls' Hawthorne Model fills every demand for an attractive, low price, sturdy bicycle for girls. We have designed and built this Girls' Hawthorne Model with two ends in view, maximum value, minimum price. The material and design of this model are the same as our strong, full-sized men's models, except, of course, that the drop frame is used. The illustration shows how strongly the model is built, and how we have braced and reinforced the fork and front frame construction, so as to stand every possible strain to which a healthy, athletic girl will subject it. This model has all the popular features of the most recent type, and is made throughout with utmost care. The frame is so shaped and pitched that the rider sits in natural position, which means comfort and pleasure. No stooping forward, or slipping from an unnaturally tilted seat. Parents who are interested in the economy side of pleasure and want the most for their money will do well to purchase this Hawthorne Model upon our recommendation. It is a very good value at our low price and will give perfect satisfaction. Equipment is neat, clean and well finished. The color scheme and fine nickeling make it a very attractive mount.

MUD AND CHAIN GUARDS—Strong, light weight metal, over rear wheel, sprocket and chain. Strongly secured. Anti-rattling. Prevents soiling and tearing of garments.

$13.95

Boy's Hawthorne Model is built along the same lines of material and workmanship as our men's bicycle. In doing this we have accomplished a special favor for the boys. We have given them the best of everything in bicycle construction at a price that is a saving of about one-fourth compared with what boys' bicycles of this good grade and fine appearance usually sell for. Boys as a rule give a bicycle the most severe test as to its construction. That is the reason why we have chosen the Hawthorne Model for this particular strain of usage which will be placed upon it. This Boy's Hawthorne Model is an exact duplicate, except in size of frame, etc., of the Men's Hawthorne Model. All the joints and reinforcements have been made by the same scientific process and with the same skill and expertness as the adult's size. In buying this model for the boy you are assured a bicycle perfectly designed, strongly constructed and most attractively finished—in fact, a bicycle that any boy will be proud to own—one that will give him months of service and stand all kinds of hard use. A bicycle to meet all the requirements of a strenuous rider must be well made. We heartily recommend this new Hawthorne Junior Model Equipment. Specifications shown below—read them over carefully.

HAWTHORNE DE LUXE MODEL

1916 MODEL JUVENILES

Hawthorne Juvenile Models are the Favorites of Boys and Girls

These color illustrations will give you a better conception of the handsome finish and the beauty in the lines of the Hawthorne Juvenile model bicycles. Both the boys' and girls' model are built with the same care that is used in the larger sizes, and full allowance is made for the rough handling the young folks give an article of this kind.

The individual parts of these models are in proportion to the finished bicycles, and they do not have that stunted and dwarfed appearance some do, on account of being made with the same large pieces used on adult models, which cannot produce balance—so necessary in a bicycle.

For growing children there is nothing half so beneficial to their physical and mental development, as fresh air—and plenty of it. As a means of deriving the most good from outdoor exercise, certainly there is no better way of securing it than through the use of a bicycle. Bicycling is a pleasant pastime. The young folks will be glad to take advantage of every opportunity to run an errand. And at the same time they will grow healthy and vigorous. The bloom of healthy youth in the faces of sturdy, clear eyed young boys and girls is the best proof of a perfect physical organization.

In the Hawthorne Juvenile models you get everything—and more than is usually offered in bicycles of this kind. **Read the detailed descriptions on page 590.**

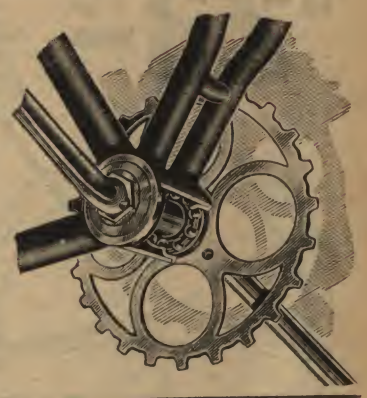
OUR NEW 1916 MODEL DELUXE FLYER
MOTOBIKE BICYCLE

FRAME CONSTRUCTION



The primary point for consideration in the purchase of a bicycle is the frame. Unless it is made so that it will withstand severe handling, all the fancy equipment in the world isn't going to make it stand up and give service. Note the sectional view of the De Luxe Flyer frame, at the left. You will at once see how thoroughly and carefully we have covered every detail of the frame construction.

The 18 gauge, selected, seamless and thoroughly tested steel tubing is reinforced with inner sleeves and fishmouths to insure general strength and rigidity. This style of construction is carried out in the head fittings, hangers and post seat cluster, so that not a single weak spot remains in the entire frame. The head lug is extra heavy and the reinforcements extra deep so there is full shock and stress resistance at this vital point. The individual parts, as well as the completed whole, are all carefully tested before being brought into the advanced stage of assembly and finish.

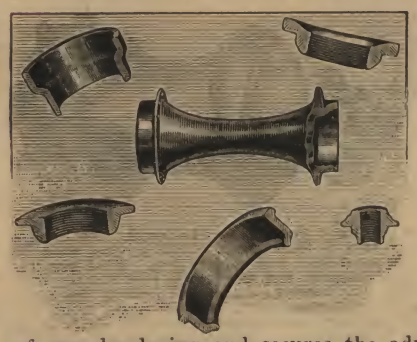
THE CRANK HANGER

Half the secret of the smooth running and easy driving qualities of the Motobike Model is in the hanger. This entire hanger is made in one-piece design, generally conceded by Engineers and Mechanics to be the only truly accurate and dependable type. The hanger has specially designed stationary and adjusting cones, which eliminate the friction and wear usually caused by the ball bearings. The hanger can be slipped into or out of position without disturbing the bearings, as the ball cups are pressed into the hanger bracket in such a way as to reduce friction to a minimum. The balls used are a little larger than generally found in bicycles of this type, being five-sixteenths of an inch in diameter. This insures a greater friction surface and longer wear, as the point of contact is constantly shifting, and distributing the wear over the entire surface, rather than in one place.

MOTORCYCLE TYPE HANDLE BARS

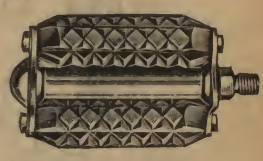
Plenty of knee room, ease in turning corners and freedom in mounting are among the first essentials in a bicycle. The illustration at the left shows how easily this is possible with the bars we furnish with our Motobike Model. This handle bar is an improvement on those now widely used throughout Europe, where comfort in riding is given careful thought. No need to crouch in an unnatural position over your bicycle. You can assume a natural position and adjust the bar to your convenience, and you can derive comfort in whatever position you use them.

These bars, to further insure comfort, are fitted with long, rubber, anti-jolt cushion grips, which take jars and vibrations off your hands and wrists, making long trips over the roughest roads more comfortable than usual.

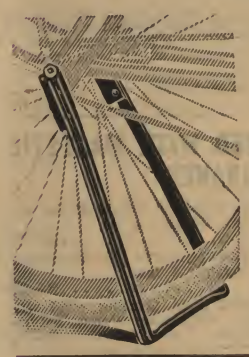


MOTORCYCLE TYPE FRONT FORK

The construction of the front fork of any bicycle is of great importance, as it is this part of the machine that is subjected to the bumps and jars of the road before any other part feels it. The fact that the weight of the rider's body is almost entirely thrown forward on the front wheel puts a terrific strain upon it. To overcome this, we have reinforced the front fork after the manner of Motorcycles and all danger of weakness from this source is at once overcome. An important feature of this fork is that we have added to, rather than detracted from, the graceful lines of this bicycle. Its application to this model now makes the Motobike a leader for sturdy construction and general rigidity and makes it in reality the King of the Road, a name it has earned through highly efficient service. With the neat striping, elaborate name-plate, spearpoint, and color finish, the fork finishes off the form of the De Luxe Flyer Motobike Bicycle Model in a very catchy, attractive way.



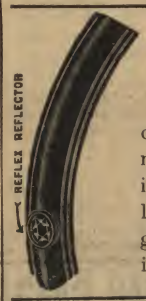
THE BEARINGS



The cups, cones and other wearing parts of the De Luxe Flyer Motorbike Bicycle, are more carefully made than any others we have seen. They are made from a high quality of tool steel, carefully turned to size and then hardened by a special process. This process renders all parts impervious to friction and wear. The cups are as tough as tool steel, and give the balls a very hard friction-resisting running surface. The improved method of hardening these parts is far superior to the old process of case hardening and secures the advantage of toughness without brittleness.

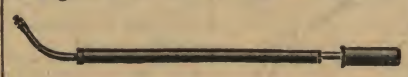
BALL BEARING RUBBER CUSHION PEDALS

The pedals furnished with the Motobike Bicycle are the Standard Motorcycle type, extra weight to make them sturdy, and generously fitted with ball cups and friction reducing bearings. The deep corrugations in the rubber give the rider's feet a good purchase on the pedal, consequently there is greater driving power. At the same time, the vibration and jarring is practically removed.



HEAVY STEEL STAND

A Stand on a bicycle is a real necessity. Often, when out riding, and a stop is desired, it is necessary to lean the bicycle against a tree or curb, or, in the absence of these, lay it upon the ground. This mars and scratches the enamel badly, or causes the nickeled parts to become rusted if on the ground and spoils the appearance of the wheel. Danger of all this is usually eliminated through use of a stand. The one we furnish with the Motobike is made of steel, enameled to match the bicycle. Snaps into rear mud guard catch when not in use. Helps save your tires. Very desirable for those making frequent stops.



REFLEX REFLECTOR

The Reflex Reflector is something entirely new, and one of the crowning features of the De Luxe Flyer. This Reflector is a diamond, ruby red, glass bull's eye, built into the rear mud guard. It is heavily silvered on the back, and quickly catches and reflects any light that approaches from the rear. This produces a bright, red glow that can be seen from quite a distance, and therefore serves in a way as a tail light and is a splendid guard against accidents.

IMPORTED TELESCOPE PUMPS

A long stroke, high pressure pump means time and labor saved, when your tire goes flat. The pump we furnish as a part of the regular equipment of the Motobike is the improved English feather-weight celluloid frame pump. It is carried on the frame by special clips, which enable you to detach it quickly and easily. It has considerable advantage over other pumps in that it has greater capacity, and is more easily carried. An old style pump of its capacity would be too bulky to carry without inconvenience.

SPECIFICATIONS

Frame—Built of the very finest 18 gauge, heavy seamless tubing, with a motorcycle style removable tank inserted between the top bars. This tank adds to the motobike appearance, and makes a convenient and roomy place to carry the tool equipment. Frame furnished in one size only. Seat post allows adjustment to either 20, 22 or 24 inch reach.

Wheels—28 inch. Have 36 spokes, both front and rear.

Forks—The special drop forged crown forks have double truss rods extending from extreme head to fork tips. These assure strength and safety.

Tires—Genuine Majestic, puncture-resisting, heavy studded, anti-skid type.

Sprocket—Neat four-circle design. Pressed from cold rolled boiler plate steel. Finely nickeled.

Chain—Imported English E-Z roller. Width, 3/16 inch. One inch pitch.

Gear—We always furnish regular standard gear, which is 81, and is best adaptable for all roads. However, we can furnish 91, 92 or 66 gear if desired.

Coaster Brake—Our always dependable Majestic brake. Simple in construction and operation.

Handlebars—Adjustable, Motorcycle style. Finely nickeled.

Hanger—One-piece. Correctly balanced and tempered. Made from high grade, solid steel drop forging.

Grips—Rubber. Anti-jolt style.

Saddle—Motorcycle type, triple coil spring suspension truss. A regular "road rocking chair."

Reflex Reflector—Inserted in rear guard. Acts as tail light, by reflecting lights from approaching vehicles.

Rubber Pedals—Motorcycle, anti-jolt style.

Mud Guards—Strong, light weight. Front guard extra long, with splasher at bottom. Rear guards have clip for holding up stand when not in use.

Color—Lustrous Indian red, striped in black and gold. All nickeled parts are highly polished.

Luggage Carrier—Strong, light weight steel. Full riveted. Will carry heavy load.

Tool Equipment—Consists of wrench, oiler, repair tool; and imported feather weight, high pressure, celluloid frame pump. Pump fastens to frame, out of the way, as illustrated.

Folding Stand—Serves as rest while standing. Out of the way when not in use. Made of strong channel steel.

MARATHON GIANT SPROCKET MODEL

A DECIDEDLY DISTINCTIVE BICYCLE

The Marathon Giant Sprocket Bicycle is a model that wins the admiration of bicycle enthusiasts. Speed, comfort and rigid strength are all embodied in its lines. The distinctive feature is the large proportion sprockets. An 80-tooth front sprocket and one in equal ratio on the rear wheel give more leverage and driving power than ordinary sized sprockets, and actually require less power to propel. These large sprockets give the bicycle an attractive, racy appearance. The Marathon is equipped with puncture-resisting, anti-skid Majestic tires.

$23.75

161B516—Marathon Roadster Model. Price, each.....$23.75
161B518—Marathon Coaster Model. Price, each..... 26.75
Shipping weight, 60 pounds.

SPECIFICATIONS

FRAME—Seamless, 18-gauge steel tubing. Flush joints. Extra strong reinforcements at all joints. All joints thoroughly brazed, making frame tubing and reinforcements practically one piece.

FORKS—Front forks ovaled tubing, tapering to bottom. Front Crown is solid forged, and offers maximum resistance to road shocks and side strain. Finished with nickel crown, and nickel reinforcing rib on sides of fork. Gives bicycle very striking appearance.

HUBS—Turned from solid bar. Bearing caps integral part of hubs. Ball bearings on special retainers are always perfectly aligned. Present proper surface at all times, and will not clog or bind. Highly nickel finished.

TIRES—Our genuine puncture-resisting, anti-skid, Majestic tires. With these tires practically 90 per cent of the punctures caused by tacks, thorns, etc., are eliminated.

REAR SPROCKET — Recessed, 30-tooth, one-half inch pitch, used in connection with our own Majestic coaster brake.

FRONT SPROCKET—Recessed, 80 tooth. Pressed from cold rolled boiler plate steel. Finished individually to fit our genuine imported roller chain. Sprocket one-eighth inch thick; one-half inch pitch.

CHAIN — Imported English roller type. Offers no resistance in meshing and unmeshing with sprocket teeth. It rolls off teeth, and does not slip or slide like some chains.

COASTER BRAKE—Genuine Majestic, as described on another page of this catalogue.

HANDLE BARS — Adjustable. Extension stem type. Wide spread. Reach back. Resting type. Can be ridden turned down, if desired.

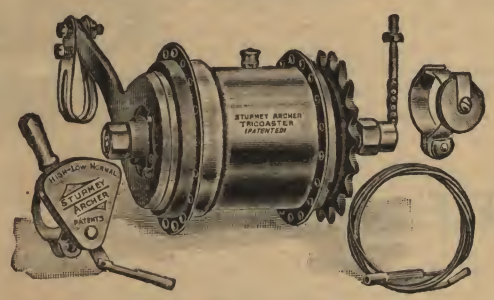
HANGER—Finely tempered and nickeled. Of one-piece construction. Will not bend or break.

GRIPS—Heavy, live rubber. Take nearly all vibration and shock from rider's hands and wrists.

SADDLE—Triple coil springs, suspension truss type. Genuine leather top. Adjustable clamp. A very easy-riding saddle.

MUD GUARDS—Light metal, raised center mud guards. Fastened with flat braces over both front and rear wheels.

PEDALS—Rubber. Motorcycle type.

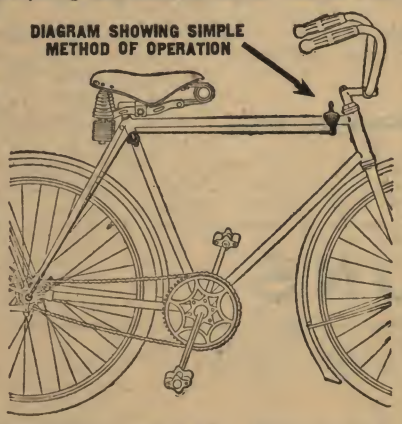


COLOR—Frame is enameled in lustrous red and dead black. Four bakings. Extra care in finishing gives rich, velvety surface, with smooth, rich piano polish. Body of frame is red, with jet black head. Rims enameled and striped to match. Handle bar, forks, crown, and ribs, mud guard braces, seat post, sprockets, hanger, hubs, and other exposed metal parts are finished in polished nickel. The contrast is decidedly pleasing.

TOOL KIT—Full set of tools, in genuine leather tool bag.

Bicycle Supplies

Buy your bicycle supplies and accessories from us; almost unlimited assortment to choose from at 15 to 35 per cent saving. Look over your bicycle and see if there is not some part of it that should be replaced by new one. Perhaps some improved article shown will give more comfort or will add a great deal to the attractiveness of your wheel. We try to list all the new approved inventions that we can find for cyclists' use. Inventive minds have produced various new items of merit for new uses, others have produced new devices to improve old machines—whatever it may be we try to have it listed and shown here. If you are contemplating the purchase of a new bicycle you will want to know about these articles and their use, in order for you to have it equipped with the latest accessories. The following pages contain descriptions of many articles that will be of interest to you.



STURMEY-ARCHER THREE SPEED HUB AND COASTER BRAKE

THREE SPEEDS AT YOUR FINGER TIPS

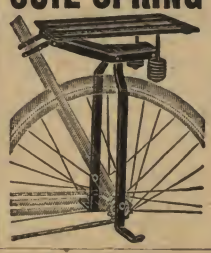
61B780—Three Speed Coaster Hub. Weight, 3¾ lbs. **Each.....$6.50**
61B781—Built-up rear wheel. Natural finish wood rim, with Three-Speed Coaster Hub. Weight, 6 lbs. **Each.....$7.05**
61B782—Built-up rear wheel. Natural finish G. & J. Clincher wood rim, with Three-Speed Coaster Hub. Weight, 6 lbs. **Each.....$7.25**
61B783—Built-up rear wheel. Natural finish, metal-lined clincher wood rim, with Three-Speed Coaster Hub. Weight, 7 lbs. **Each.....$7.55**

With the Sturmey-Archer Three Speed Hub and Coaster Brake, bicyclists are now able to secure the fullest advantage and enjoyment from cycling. With this hub one is able to secure the proper or easiest riding gear under any condition, simply by moving the adjusting lever located on the top frame bar either forward or backward. We furnish these hubs in the most popular gear ratios, namely, 61 low gear, 81 medium gear, and 106 high gear. Just think what it means to have at your finger tips these three popular gears. The low gear for sandy, muddy, or hilly riding, the medium gear on the average road, and the high gear on extremely smooth, level roads, or boulevards. When going down hill you can coast with this hub just the same as you would with any coaster brake. The Sturmey-Archer Hub is not a new device. It has been used on English make bicycles for several years, and has given entire satisfaction under all conditions. It is made only of the very best materials. It is light, durable, reliable. If you want to increase your bicycling pleasure you should get one of these hubs. It will be used as regular equipment on several high-grade bicycles this season. We will furnish this hub on any of our bicycles at an additional cost of $3.00 over and above the price we now quote on our regular Coaster Brake Models. Can be put on any bicycle, same as any rear hub or coaster brake. We can furnish these hubs drilled for 28, 32, or 36 spokes, and with 9 tooth sprocket, width, 3/16 inch, pitch, 1 inch; or 18 tooth sprocket, width, ⅛ inch, pitch, ½ inch. **Be sure to specify number of spokes and size of sprocket when ordering.**

COMBINATION LUGGAGE CARRIER AND STAND

This Carrier will stand the most severe usage. Size of basket is 18x12x4 inches. Made of flat bar iron, hand riveted. Fits any 28-inch bicycle wheel without the slightest adjustment. Stand is 14 inches wide, thus assuring safety from the wheel falling over when Carrier is loaded. Stand folds back and catches on an automatic clip when riding. This combination carrier can be put on or taken off in five minutes. Black enamel finish. Weight, 10 lbs.

61B618—Price, each $1.45

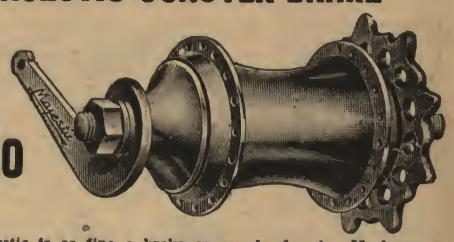


REAR CARRIER AND STAND

Combination Luggage Carrier and Bicycle Stand is unusually compact. It does away with unnecessary sets of bolts and nuts. Well made of channel steel, full riveted to offset all strains. Fastened to rear bicycle stays by adjustable clamps. Bolted to rear axle. Stand swings up and down very handily. One of the lightest and sturdiest combinations on the market. Finished in black enamel. Top, 14x7 in. Legs, 14 in. Regulation stand. Wt., 3 pounds.

61B759—Price, each...70c

COIL SPRING LUGGAGE CARRIER



A new departure from ordinary Carriers. Coil springs and truss frame absorb all road shocks, making this Carrier suitable for carrying delicate luggage, or as an auxiliary seat for extra rider. Made of strip steel, well finished in black enamel. Full riveted footrests afford place for feet. It fastens with clamps to rear stays of bicycle, and to rear axle. Steel supports, width, ⅞ in. Furnished complete with pair of axle extension nuts. Dimensions: Top, 7x14 inches. Legs, 18 inches. Weight, 6 lbs.

61B758—Price, each $1.48

MAJESTIC COASTER BRAKE

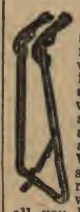
$3.50

The Majestic is as fine a brake as can be found. No levers or attachments of any kind to think about. Pedal forward when you go ahead, and back-pedal when you want to stop. When you want to rest, simply stop pedaling, and the bicycle goes forward under its own momentum. On steep down-grades it prevents the bicycle from going down at break-neck speed. You can go a snail's pace if you desire. It saves one-third of the pedaling on a trip of any length. Only six working parts. The bicycle can be stopped at the will of the rider, either gradually or suddenly brought to a standstill. In an emergency it can be stopped almost instantly. We furnish these hubs drilled for 28, 32 or 36 spokes, with 7, 8, 9, 10 or 11 tooth sprockets for either 3/16 or ¼ in. chain. We also furnish 14, 16, 18, 20 or 22 tooth sprockets for ½ inch pitch roller chain. Roller chains with 1 inch pitch take sprockets with 7, 8, 9, 10 or 11 teeth. Be sure to specify number of spokes and size of sprocket. Unless otherwise instructed we will furnish a hub for 36 spokes, with a 9-tooth sprocket, for a 1 inch pitch chain. For a one-half inch pitch roller chain we will furnish an 18-tooth sprocket unless otherwise instructed.

61B698—Majestic Coaster Brake and Hub only.
Weight, 3 lbs. Price, each.....$3.50

BUILT-UP WHEELS, FITTED WITH MAJESTIC COASTER BRAKES

61B748—Built-up Rear Wheel. With Majestic Coaster Brake and Hub. Plain wood rim for cement tires. Weight, 4 lbs.
Price, each $4.05
61B749—Built-up Rear Wheel. G. & J. style rim. Equipped with Majestic Coaster Brake and Hub. Weight, 4 lbs.
Price, each $4.25
61B756—Built-up Rear Wheel. Metal lined Clincher wood rim, equipped with Majestic Coaster Brake and Hub. Color, natural wood rim only. Shipping weight, 4½ lbs. **Price, each....$4.50**



STURDY PARCEL CARRIER

This is a strong, well made, serviceable Parcel Carrier. Very useful to every bicycle rider. Made of ½-in. flat steel. Reinforced by three cross pieces. Length, 18½ inches. Width, 7 inches. Enameled black. Weight, 1½ lbs.

61B637—Price, each 42c

BICYCLE STAND

Often, while out riding, one desires to make a stop or two, which necessitates leaning the bicycle against a curb, a tree, or a wall. This scratches and dents the enamel, and gives your bicycle a shabby appearance. With one of these stands attached to the rear guard, when you want to make a stop, all you have to do is to press the spring clip, and your stand will fall right in place. Easily attached. Weight, about 2 lbs.

61B747—Price, each ..45c

Shoes for all sorts of athletic purposes at greatly reduced prices

Bicycle Supplies

HAWTHORNE SINGLE CLINCH BICYCLE TIRES

The experienced bicycle rider wants a tire heavy enough to stand hard usage, and still light enough to be lively and easy riding. You will find these features combined in this tire. Material and workmanship are of the best. This tire is especially designed for use with steel lined wood rims. No cement is necessary to fasten it to rim, as the clinch holds it firmly in place.

61B556—Outer Cases. Size, 28x1½ in. Weight, about 1¾ lbs. Price, each **$2.00**
61B558—Inner Tubes. Sizes, 28x1½ in. Weight, 10 oz. Price, each **85c**
61B560—Double Clinch Cases. For old style G. & J. rims. Size, 28x1½ in. Weight, 2 lbs. Price, each **$2.15**

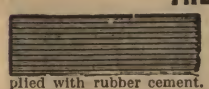
JUVENILE ANTI-SLIP TIRES

61B552—Juvenile, Single Tubes, Anti-Slip Bicycle Tire. A perfect tire for the little folks' wheels. Size, 24x1⅜ in. Weight, about 1¾ lbs. each. Price, each .. **$1.80**
61B554—Same as 61B552. Size, 26¼x1½ in. Weight, about 2 lbs. each. Price, each .. **$1.95**

INNER TUBES, GENUINE MORGAN & WRIGHT—BEST QUALITY

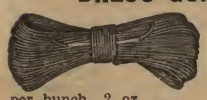
Complete for 26-in. or 28-in. tires. Wt., about ½ lb. each.
61B566—Size, 26x1½ inches. Price, each **72c**
61B567—Size, 28x1½ inches. Price, each **72c**
61B568—Size, 28x1⅝ inches. Price, each **72c**

RUNABOUT INNER TUBES



61B569—Runabout Inner Tubes. Size, 28x1½ in. Weight, about ½ lb. each. Price, each **65c**
61B570—Runabout Inner Tubes. Size, 28x1⅝ in. Weight, about ½ lb. each. Price, each **65c**

Pneumatic Cushion Tire. Wear-resisting and practically puncture-proof. The perfect tire for thorny, flinty roads. Shipping weight, per pair, 8 lbs.



61B575—Size, 28x1½ in. Price, each . **$3.50**
61B576—Size, 28x1⅝ in. Price, each **3.50**

TREAD BANDS

61B596 — To fit over 28-inch Tires. Continuous, corrugated, heavy rubber band. For covering the tread of worn-out tires. Applied with rubber cement. Weight, 12 oz. Price, each ... **30c**

DRESS GUARD LACING CORD

Silk Lacing Cord. Maroon, black, or yellow. Put up in bunches sufficient to lace a bicycle dress guard. **State color when ordering.** Weight, per bunch, 2 oz.

61B595—Price, per bunch **15c**

61B633—Suspension Spring Saddle. Motorcycle style. Strong, durable, and easy-riding. Made of the best grain leather with double coil springs. Perfectly shaped and finished. Length, 11½ inches. Width, 8½ inches. Shipping weight, 4 lbs. Price, each .. **$2.35**

COIL SPRING SADDLE

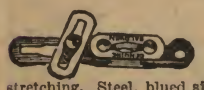
61B632 — Universal Three-coil Steel Spring Saddle. Made of the best grade leather. Width, 8 in. Length, 10¼ in. Shipping weight, 1¾ lbs. Price, each **$1.05**

CHALLENGE PLAIN SADDLE

61B634—A popular style. Right proportions for easy riding and comfort. Made of good quality leather. Plated springs, and steel forged clamps. A model of strength and beauty. Weight, 1¼ lbs. Price, each **48c**

SADDLE CLAMP

61B639—Saddle Clamp. Easily adjusted. Well made of steel, polished. Suitable for any ⅝-in. seat post, and any two-spring saddle. Weight, 3 oz. Price, each **7c**



PERFECTION SADDLE SPRING

Make your old saddle up-to-date, and easy-riding by attaching one of these springs. This steel spring will fit any wood base bicycle saddle. Weight, about 2¼ lbs.

61B638—Perfection Saddle Spring. Price, each **40c**

CHAINS

61B682—Genuine Baldwin Bicycle Chain. Detachable and adjustable. All parts are especially hardened before assembling, to prevent stretching. Steel, blued sides, with straw colored centers. Have 3/16 in. blocks. Length, 60 links. Weight, 24 oz. Price, each **75c**
61B683—Same as above, ¼ in. blocks. Price, each **75c**

61B684—Steel Roller Bicycle Chains. First quality and finish for 3/16 inch sprockets. Length, 60 links. Weight, 2 lbs. Price, each **$1.05**
61B686—Steel Repair Links. For 3/16 roller chain. Three for ..... **.15**

MAJESTIC PUNCTURE-RESISTING ANTI-SKID TIRES

$4.10 Pair

We offer you our Majestic Tires, built especially for us by one of the largest and oldest bicycle tire concerns in this country. This is the tire supreme; the tire that will give you satisfaction, service, protect you against punctures, and from skidding on slippery roads and pavements. We have so constructed Majestic Tires as to eliminate 90 per cent of punctures caused by tacks, small pieces of glass, stones, etc. Majestic Tires are made of highest grade materials, which include several plies of closely woven, especially selected tire fabric, covered with an extra fine quality of heavy rubber. Anti-Skid Motorcycle Type Tread, scientifically vulcanized to insure resiliency, long wear and puncture-resisting qualities. There are vulcanized two additional plies of especially selected armor fabric, over which is laid the thick rubber Anti-Skid Motorcycle Type Tread making an extra heavy, thick tread, not found in ordinary tires. The self-healing qualities of Majestic Tires are made possible by expert chemists, who have made a compound which is applied to the inner air chamber of Majestic Tires at the factory. Any sharp objects which may cause a puncture, and which the heavy tread and armor fabric will not resist, will ordinarily close automatically by the air pressure in the tire, forcing the inner coating into the puncture. In case the puncture is too large, it can be repaired in the regular way. We have made them with knurled sides, which makes them practically free from heat when riding, and insures greater flexibility. Another good feature not found in ordinary bicycle tires is the flannelette strip, which is vulcanized to the rim side of all Majestic Tires. This strip prevents rim chafing, creeping, and will grip the rim more firmly when properly cemented.

We have given Majestic Tires every test before offering them to you, and do not hesitate to recommend them to you. Read our broad and liberal guarantee. It protects you in every way. Weight, 6 lbs. per pair.

61B550—Majestic Tires for standard size, 28-inch wheels. Price, per pair **$4.10**

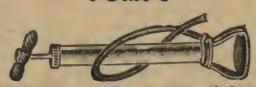
The Following are Juvenile Sizes

61B553—Majestic Juvenile Tires for 26-inch wheels. Price, per pair **$4.10**
61B555—Majestic Juvenile Tires for 24-inch wheels. Price, per pair **4.10**

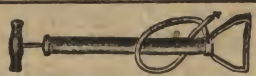
OUR TIRE GUARANTEE

We insure you against imperfections in workmanship or material, in every tire and inner tube quoted on this page, with the exception of the single tube tires, 61B585 and 61B586. We agree to repair, free of charge, or replace any tire or inner tube at any time which proves unsatisfactory, due to imperfections in material or workmanship.

BICYCLE WHEELS

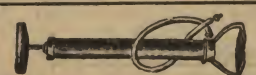


Rims are of a high grade rock maple. Complete, with hub and axle, ready to set into forks. Spokes are nickel plated, and very strong. The hubs are fine quality, nickel plated steel, highly polished. The best steel bearings, extra hardened cups and cones are used. The crescent rim is coated with hard tire cement, which only needs to be moistened with gasoline or benzine to make the wheel ready for the tire. The tire, after being fitted to the rim is firmly attached, when the cement hardens and will not creep. Shipping weight of these wheels, about 3 lbs. each.



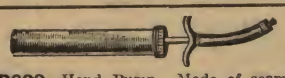
61B690—Front Wheel, Crescent Rim. Price, each ... **$1.44**
61B689—Rear Wheel, Crescent Rim. Price, each **1.49**
61B764—Front Wheel. G. & J. Clincher. Wood Rim. Price, each **1.85**
61B763—Rear Wheel. G. & J. Clincher. Wood Rim Price, each **1.95**

Furnished only in 28-inch size. Crescent shape rims are for cement tires only. Color is natural wood, and can be painted or enameled to match your bicycle. Weight, 2½ pounds.



PUMPS

61B619—A powerful pump, of large capacity. For use in stores, shops, clubs, etc. Brass barrel, nickel plated. Fitted with 3/16 in. rubber tubing and Universal swivel connection. Size of pump, 1½x20 in. Weight, 4 lbs. Price, each **$1.00**



61B620—This pump has seamless brass barrel. Diameter, 1¼ in. Length, 20 in. Rigid iron stirrup. It is full nickeled. A very powerful pump, of convenient size. Complete, with rubber hose and connections. Weight, about 1¾ lbs. Each .. **48c**

61B621—This pump will give excellent service. The barrel is solid brass. Diameter, 1⅛ in. Length, 12 in. Full nickel-plated and polished. Complete, with rubber tubing, and connections to fit all standard valves. Weight, about 1¼ lbs. Price, each **27c**

61B622—Nearly as powerful as a foot pump. Made of seamless brass (tubing, nickel plated. Will not rust. Size, ⅞x10 in. Furnished with a special clip to fit all bicycles. Weight, about 8 oz. Price, each **40c**

61B623—Hand Pump. Made of seamless brass tubing, nickel plated. Length, 5½ in. Diameter, 2¾ in. Weight, 2 oz. Price, each **10c**

61B624 — Hand Pump Hose, with connection. Length, 3¼ in. Diameter, 1¼ in. Weight, ½ oz. Price, each **5c**
61B625—Swivel K Connection. Screws directly into valve. Length, ¾ in. Diameter, 1½ in. Weight, ½ oz. Price, each **6c**

SAMPSON REPAIR VALVE

For replacing old, torn out valves on single tube tires, no other valve equals the (patent) Sampson Oval Base Valve. Its oval shape and large bearing surface give a sure anti-leak grip on single tube tires of any thickness. Weight, 1 oz.

61B766 — Sampson Repair Valve. Price, each **20c**

61B615—Complete Valve and Stem. The valve is put into stem and is ready for application to inner tube. Weight, 1 oz. Price, each **9c**
61B613—Valve only. Price, each **6c**

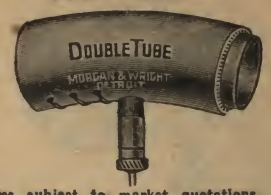
G. & J. TIRE VALVES

G. & J. Valves. For use with G. & J. or any endless inner tube. Weight, 2 oz.

61B614—Price, each **12c**

TIRE VALVES

61B612—Shoe Valve. For single tube tires. To be used where valve and stems are torn off through tire creeping, or in any accidental manner. Weight, 1 oz. Price, each **12c**



STEEL BALLS

61B571—28x1½ in. Casing only. Price, each **$1.50**
61B572—28x1⅝ in. Casing only. Price, each **1.50**
61B573—28x1¾ in. Casing only. Price, each **2.15**

GENUINE G. & J. DOUBLE CLINCH TIRES

The G. & J. Tires are furnished in two styles—Road and Heavy Tread. The Road Tire is made in a weight which is the best for all-around road work. The Heavy Tread Tire is for use where the roads are poor, flinty, or rocky, it having a much heavier surface of rubber than the Road Tire, to enable it to withstand the wear and tear of bad roads. No cement necessary to attach to rim, which is held in place by grooves. No valve cutting or other disagreeable features.

61B578—G. & J. Road Weight. Outer Casing. Size, 28x1½ in. Weight, 2½ lbs. Price, each ... **$2.40**
61B579—G. & J. Road Weight. Outer Casing. Size, 28x1⅝ in. Weight, 2½ lbs. Price, each **$2.40**
61B581—G. & J. Endless Inner Tube. Size, 28x1½ in. Weight, 8 oz. Price, each **98c**

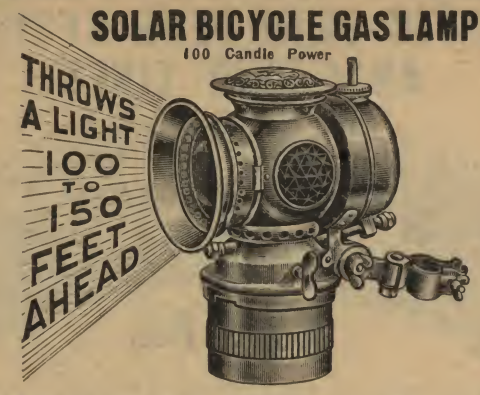
Bicycle Supplies

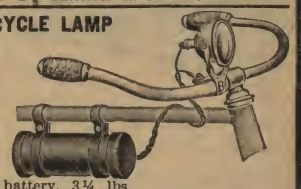


DUPLEX GAS LAMP FOR BICYCLES AND VEHICLES

61B652—A lamp that will be appreciated by every bicycle rider, or those who have occasion to drive a vehicle after dark. This lamp, besides giving a large white light ahead, throws a red rear light, which acts as a signal to those coming behind. This lamp is stamped from brass and steel; made very strong, heavily nickeled and polished. Has large carbide capacity, water adjustment, polished reflector. Diameter of lens, 3 in. Diameter of red rear lens, 2 in. Height, 6 in. Weight, 14 oz.
Price, each **$1.68**

SOLAR BICYCLE GAS LAMP

100 Candle Power



61B653—Even on the darkest night, any bicycle that is equipped with one of these Solar Acetylene Gas Lamps, can be ridden as safely as in the daytime. It throws a constant stream of light, 100 to 150 feet ahead. Lamp is made of good quality brass, fully nickel plated. Has special aluminum reflector, large jewel side lights, adjustable brackets, and double concave lens (diameter 2½ inches), which can easily be removed and cleaned. The lamp fits head fork, dashboard, or carriage lamp irons. Gives a light of 100 candle-power, and cannot blow out. Size, 5⅞ inches over all. Weight, 2 lbs.
Price, each **$2.40**

ELECTRIC BICYCLE LIGHTS

No light equals an electric light on a bicycle. You get an even, strong, white light, by just turning the switch. Won't jolt nor blow out. Lamp is always cool and can be instantly adjusted just where you want it. The outfits we list are considered to be leaders in their class; they will give a maximum amount of light from any battery. They are light weight and strong. Each outfit is supplied with either a 1½ or 3 volt lamp. The 1½ volt lamp is for use with any regular dry battery. The 3 volt lamp is for use with our wonderful Nitrogen battery, which equals four regular dry batteries in service.

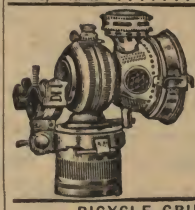
PRESTO ELECTRIC BICYCLE LAMP

Lamp is quickly and solidly attached to handlebar. Battery container clamps securely to frame, as shown. Lamp has a magnifying lens and projects a powerful light. No. 63B2150 outfit uses any standard 2½x6 inch dry battery. No. 63B2151 outfit uses our special Nitrogen battery No. 63B2529. Weight of outfit without battery, 1 lb. Weight, with battery, 3¼ lbs.
63B2150—Presto Electric Bicycle Lamp with 1½ volt lamp without battery. Price, each **$0.90**
63B2152—Price, with 3 volt Lamp and Nitrogen Battery, each **1.30**

VICTOR ELECTRIC BICYCLE OUTFIT

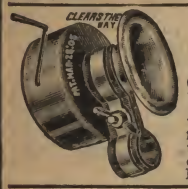
Lamp attaches onto handlebar stem. Battery container fastens onto frame. Has a large, polished reflector 4 in. diameter. Throws a strong, powerful light. 63B2155 outfit uses any regular 2½x6 inch dry battery. 63B2157 uses our special Nitrogen battery 63B2529. Weight of outfit, without battery, 1½ lbs. Weight, with battery, 3¾ lbs.
63B2155—Victor Electric Bicycle outfit with 1½ volt lamp, without battery. Price, outfit **$1.10**
63B2157—Price, outfit with 3 volt lamp and Nitrogen battery. **1.50**

DE LUXE ELECTRIC BICYCLE OUTFIT



This is one of the handsomest and most powerful electric bicycle outfits. Lamp is elegantly nickel plated, 4½ in. diameter. Has fine, polished reflector, which throws the light a great distance. 63B2160 outfit uses any standard 2½x6 inch dry battery. 63B2162 uses our Special Nitrogen Battery 63B2529. Weight, without battery, 2 lbs.
63B2160—De Luxe Electric Bicycle Outfit with 1½ volt lamp, without battery. Weight, with battery, 3¾ lbs. Price, outfit. **$1.95**
63B2162—De Luxe outfit with 3 volt lamp, with special Nitrogen Battery. Price, outfit **$2.35**

LEADER OIL LAMP



61B667—A strong, well made nickel plated Bicycle Oil Lamp. Throws a clear, steady light. Will burn about 10 hours on one filling. Will not jolt or jar out. Has 2½ in. plain convex lens. Height, 6 in. Weight, 18 oz. Full nickel plated.
Price, each **82c**

20TH CENTURY BICYCLE GAS LAMP

61B771—A big favorite among bicycle riders. The parabola reflector casts a steady, white light far ahead. Burns little carbide. Two new features on this lamp are the new carbide cup attachment, and patent door catch. Entire lamp is finely nickel plated. Height, 7 inches. Weight, about 26 oz.
Price, each **$2.16**

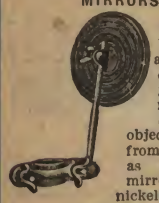
CLEAR THE WAY BICYCLE HORN

61B774—A turn of the crank gives warning with a loud, penetrating tone, similar to an electric horn. It requires no batteries or wiring. Stamped from sheet steel. Each horn furnished with adjustable clamp for attaching to handle bar, frame, or any convenient part of the bicycle. Weight, about 4 oz.
Price, each **18c**

61B643—**Electric Stroke Bell.** Gives a fine, clear tone. Nickel finish. A good, low-priced bell. Diameter, 2¼ in. Weight, 4 oz.
Price, each **14c**

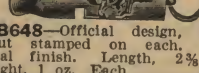
61B661—**Men's Pedals.** One of the best low-priced pedals made. Nickeled and highly polished. Good wearing. Weight, about 1 lb. per pair. Per pair **42c**

ENGLISH STYLE WIDE PEDALS



61B662—English model, wide bicycle pedals. Very heavy. Strongly made of stamped steel. Measure 3¾ in. across footrests. Polished and nickel plated. Weight, per pair, 1¼ lbs.
Price, per pair **50c**
61B663—Same as above, but with rubber footrests. Weight, about 1¾ lbs. Per pair ... **75c**

BOY SCOUT BELL



61B645 — Beautifully enameled in regulation Boy Scout colors. Body of bell highly nickel-plated. Has rotary electric movement, giving a clear, harmonious tone. Weight, about 5 oz.
Price, each **25c**

MIRRORSCOPE

61B666—Latest novelty, attaches to handle bar. Is adjustable to many positions. Shows clearly objects coming from behind, same as an automobile mirror. Highly nickeled. Weight, 1 lb.
Price, each **45c**

BOY SCOUT WHISTLE

61B648—Official design, Boy Scout stamped on each. Gun metal finish. Length, 2⅜ in. Weight, 1 oz. Each **15c**

Price, per bot., **15c**

Our Electric Flashlights give you light whenever you want it. See Index

NEW SERVICE 1916 MODEL

WITH MAJESTIC ANTI-SKID TIRES

$15.98

The New Service 1916 Model is built for the man or boy that wants a serviceable bicycle, for a medium price. It has been designed along the lines of higher priced bicycles and looks similar in many ways. The materials used in its construction are of good quality, and the finish is bright and attractive. The working parts are well made and finished; this means a strong and easy running bicycle. The shape of the frame and position of saddle and handle bars makes comfortable riding. For one that wishes to spend only $15.98 for a bicycle, we can heartily recommend this wheel. The following specifications describe the various parts:

SPECIFICATIONS AND EQUIPMENT

Frame—Heavy gauge, seamless, steel tubing, reinforced and thoroughly brazed. The forks are the triple truss, Arch Crown design.

Wheels—Are strongly built. Have 36 spokes, front and rear. (Most bicycle front wheels have only 32 spokes.)

Rims—Are of best selected rock maple, enameled and striped to match the frame.

Hubs—Turned from a solid bar of steel. Accurately ground and tempered, giving them easy-running qualities, not found in most low-priced wheels.

Chain—Imported roller, width, 3/16 in.; pitch, 1 in.

Hanger—Properly balanced, and accurately fitted.

Sprocket—Tempered steel nickeled and polished.

Pedals—Rat-trap, ball-bearing.

Saddle—Cushion springs. Leather top, heavily padded and stitched.

Seat Post—Nickel plated and adjustable.

Handle Bars—Adjustable. Can be ridden turned up or down.

Grips—Are genuine leather wound, strong and durable.

Color—Black, with red head, rims enameled and striped to match.

Tires—Genuine Majestic, heavily studded, anti-skid, puncture-resisting, fully described on another page, see Index. Complete outfit of tools and bag furnished with each Service Bicycle. Frame sizes, 20, 22 or 24 in. Shipping weight, 55 lbs.

161B512—Service Bicycle. Roadster Model. Price, each.....$15.98
161B514—Service Bicycle. Coaster Brake Equipped Model. Price, each..... 18.98

1916 MODEL HAWTHORNE BICYCLE

BUILT FOR HARD AND LONG SERVICE

Better workmanship in the construction of working parts and finish makes the 1916 Model Hawthorne Bicycle worth the difference in price over the one shown above. Greater care in finishing the contact points means somewhat more ease in the running of this bicycle. Also those parts that must stand the greatest strain are more strongly reinforced. This construction makes the bike a rough and ready bicycle, and will last many seasons under ordinary use. Any man or boy will be proud to own a 1916 Model Hawthorne. The general lines are pleasing and resemble bicycles of much greater cost.

SPECIFICATIONS AND EQUIPMENT

Frame—Shelby seamless steel tubing, 18 gauge. Strong fishmouth reinforcements at all joints. Furnished in 20, 22, and 24 in. sizes. Be sure to specify size when ordering.

Forks—Triple crown truss, suspension type. Strongly reinforced and brazed.

Wheels—28-inch. Have 36 spokes both front and rear. (Some bicycles have only 32 spokes in front wheel.)

Hubs—Spindle type. Turned from solid bar of steel.

Tires—Genuine Majestic. Anti-skid heavy studded, puncture-resisting type.

Sprocket—Has 26 teeth. Pressed from cold rolled boiler plate steel. Finely finished and nickeled.

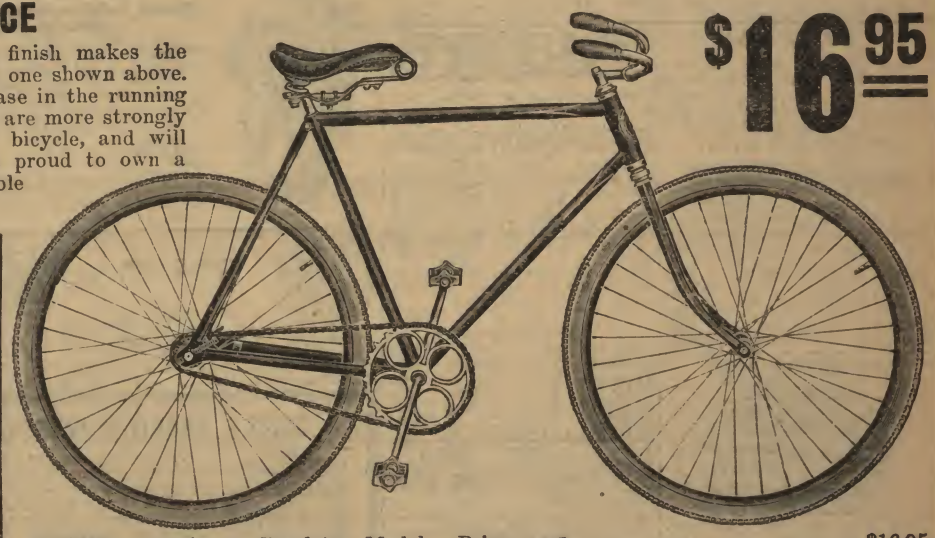
Chain—Imported roller type. Frictionless.

Coaster Brake—(Furnished on coaster-brake model.) Our own Majestic, the best brake we can find for the money.

Handle Bars—Forward extension, adjustable style.

Hanger—Is one-piece construction. Finely tempered and nickeled. Will not break or bend.

Grips—Genuine cow-hide. Finely sewed and shaped. Nickel ferrule.



Saddle—Three-coil spring, suspension type. Padded top.

Pedals—English box, rat-trap style. Broad and comfortable.

Color—Royal blue, with aluminum finished head. Rims enameled and striped to match.

Tool Bag—High grade leather. With complete outfit, including wrench, oil can, pump and tire repair outfit.

WOMEN'S HAWTHORNE MODEL BICYCLE

$17.45

AN IDEAL BICYCLE FOR ALL WOMEN

The same high quality of material, workmanship and finish goes into our Women's Hawthorne Model Bicycle, that is put in the model for men. All the important details are found in its construction. Special attention has been given to the comfort and convenience of the rider. The frame is properly pitched to insure easy riding and give a natural, comfortable position, when seated on the saddle. The woman that desires recreation linked with out-door exercise and wants to pay only $17.45 for a bicycle will find her money well expended on this specific model. Note the following descriptions of the various parts:

SPECIAL FEATURES:

To insure against the rider's skirt becoming entangled in the chain, a strong, wide chain-guard has been placed over the front and rear sprockets, extending over the entire length of the chain, both top and bottom. This guard is firmly braced and clamped, and will not rattle or come loose. A special wide mud guard, with numerous cord protectors, keep dirt and mud off the rider's skirts, and prevents the clothing from becoming entangled in the spokes.

SPECIFICATIONS AND EQUIPMENT

Frame Construction—With the exception of the shape, which is drop style, the frame is identical with those used on our high grade men's models. Fishmouth reinforcement is employed in strengthening all joints. Sturdy, 18-gauge seamless tubing, with joint reinforcements, thoroughly brazed by the dip method, assure great strength.

Forks—The new design ribbed forks, with heavy ribs extending the entire outside length, give extraordinary resistance to shocks. The fork crown is triple truss reinforced, highly nickeled.

Wheels—Have 28-inch selected maple rims. Double swaged piano wire spokes. Equipped with genuine Majestic puncture-resisting tires.

Hanger—One-piece correctly balanced. Will not break or bend.

Sprocket—Neat design, pressed boiler plate steel. Our famous E-Z roller, imported English chain is used.

Saddle—Padded leather, easy riding coil spring.

Handlebars—Adjustable, finely nickeled, with genuine cowhide, sewed leather grips.

Equipment—Leather tool bag, and full set of tools.

Guards—Light, strong metal chain guard and mud guard over rear wheel, prevent damage to garments, either from flying mud or getting caught on sprocket or wheel.

Finish—In finish and design this Hawthorne Women's Model is superb. Several coats of Royal Blue enamel are baked on the frame, giving it a lustrous, polished finish, which is beautifully striped. Rims and guards are enameled and striped to match. All exposed metal parts, such as handle bars, sprocket hanger, fork crown, and hubs are highly nickeled. We can honestly recommend this bicycle, and know that your selection of this model will be fully justified by the service and satisfaction it will give you.

RIVERSIDE RELINERS OR INNER SHOE

These Reliners are self-vulcanizing, and will aid materially in preventing blow-outs and punctures. Will add miles to the life of a partially worn-out tire. They fit the casings snugly, and are full width. Will not creep or chafe, if properly inserted. Made of several layers of selected fabric, thoroughly vulcanized. Just the thing to keep down your tire expense. Weight, about 1½ lbs.

61B990—Size, 28x2⅛ in. Price . . . **$1.10**
61B991—Size, 28x2¾ in. Price . . . **1.20**
61B992—Size, 28x3 in. Price . . . **1.30**
61B993—Size, 29x2¾ in. Price . . . **1.40**
61B994—Size, 29x3 in. Price . . . **1.50**

STANDARD MOTORCYCLE SPOKES

We sell nothing but the best spokes. Illustration is one-half size of sectional parts. Made from high grade steel wire. When ordering, specify make, model, and year of your machine. Weight, per dozen, 7 oz.

61B984—Per dozen **39c**

HAND HORN

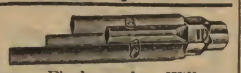
One of the best types of Warning Signals yet devised. Requires no batteries. Simply push handle, and it gives a loud, clear note of warning. Made of stamped steel with spun brass bell, nickel plated. Length, 6 in. Diameter of bell, 4 in. Black and nickel finish. Shipping weight, 3¼ lbs.

61B987—Price **$2.75**

HAND WIND SHIELDS

Will keep the hands warm on the coldest day, and prevent wind from blowing up the sleeves. Large and roomy. Fasten securely to handle bars. Made of fine quality mohair. Wind and waterproof. Wool lined. Weight, per pair, 12 ounces.

61B988—Per pair **$1.00**



HIGH GRADE MOTORCYCLE HORN

Spun brass. Finely polished and nickel plated. Diameter of bell, 4½ in. Length over all, 9¾ in. Nickel plated, to match handle bars and other trimmings. Weight, 1 lb.

61B821—Each **$1.05**

MELODY EXHAUST CHIMES

This type of Exhaust Chime is most universally used. It gives a distinct warning that can be heard at a distance. Finely made. Will not clog. Operates by foot control. Can be attached to any motorcycle. Made of brass highly nickeled. Length, 10 in. When ordering, specify make, model, and year of your machine. Weight, about 2½ lbs.

61B917—Price **$3.75**

ROLLER CHAIN

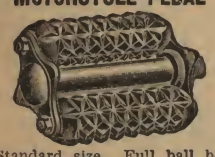
Recessed Rivet Roller motorcycle chain. Made from high tempered steel. One of the safest and best of all imported roller chains. Size, ⅝ in. Width, ¼ in. Weight, per foot, 9 oz.

61B853—Motorcycle Roller Chain. Per foot **40c**

MOTORCYCLE V-BELT

Spartan Tanned Leather Belting. Four-ply. Put together with waterproof cement. Blocks, two-ply, cemented together and riveted with copper rivets. Lengths, 8 ft. 6 in.

61B810—Width, ⅞ in. Weight, 2 lbs. Price **$5.85**
61B812—Width, 1 in. Weight, 2½ lbs. Price **$6.25**
61B814—Width, 1¼ in. Weight, about 3 lbs. Price **$6.75**



NON-SLIP PULLEY COVERING

Doubles the life of the belt, and adds power to machine. Made of waterproof fabric. Put up in three lengths. Short lengths for front pulley. Long lengths for rear pulley. Weight, per roll, 3 to 10 ounces.

	Length	Width	Price per Roll
61B832	38 in.	1⅝ in.	28c
61B833	38 in.	1¾ in.	28c
61B834	43 in.	1⅞ in.	28c
61B835	43 in.	2 in.	28c
61B836	43 in.	2⅛ in.	28c
61B837	124 in.	1¾ in.	60c
61B838	124 in.	1⅞ in.	60c

MOTORCYCLE PEDAL

Standard size. Full ball bearings. Heavy rubber foot rests. Steel parts heavily nickel plated.

61B802—Weight, per pair, 2 lbs. Price, per pair **98c**
61B804—Pedal Rubbers for motorcycles. Weight, per set of four, 12 oz. Price, set of four **30c**

INNER TUBE BAG

Extra inner tubes should be carried to use in case of emergency, and will be perfectly protected from injury if this case is used. Case is made of good quality waterproofed fabric. Fits snugly over rear guard. Attached by strap. Requires little room. Wt., 3 ounces.

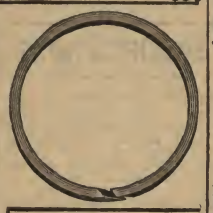
61B978—Each **24c**

LEATHER KNEE-LENGTH LEGGINGS

Wave Top. Napoleon style, knee-length leggings. Made with careful attention to quality of leather and workmanship. All seams are double stitched and reinforced. English steel spring fasteners. A good serviceable legging, that will give you every service that you can reasonably expect. Color, black only. Sizes, 13 to 18. Height, 18 inches. Weight, per pair, 20 oz. **Be sure to give size when ordering.**

61B914—Price, per pair **$1.40**

MOTORCYCLE GRIPS



Flexible rubber motorcycle grips. Extra long. Knob ends. They are so constructed that the handle bar extends about half way in, allowing the end of the grip to be flexible, taking up the vibration. Weight, per pair, 14 oz.

61B820—Price, per pair **65c**

PISTON RINGS

We carry an extensive line of Piston Rings. Made of close-grained, springy grey metal. Machined and ground to exact size. Even, glossy surface, that greatly reduces friction. Furnished in following sizes for popular makes. Be sure to specify make of machine and size, when ordering:

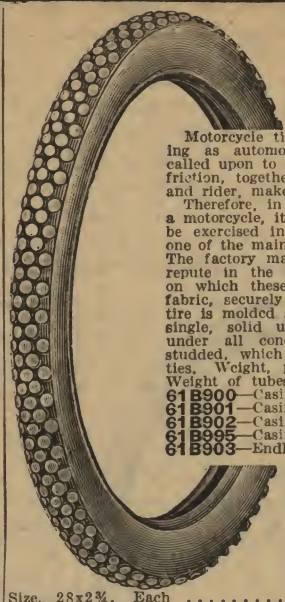
61B951—Excelsior. Size, 3x3/16 in.
61B952—Excelsior. Size, 3⅛x3/16 in.
61B953—Excelsior. Size, 3¼x3/16 in.
61B954—Excelsior. Size, 3 21/64x3/16in.
61B955—Harley. Size, 3x7/32 in.
61B956—Harley. Size, 3 5/16x7/32 in.
61B957—Indian. Size, 2⅝x3/16 in.
61B958—Indian. Size, 2¾x3/16 in.
61B959—Indian. Size, 3¼x3/16 in.
61B960—Merkel. Size, 3¼x⅛ in.
61B961—Merkel. Size, 3 45/100x⅛ in.
61B962—Thor. Size, 3¼x3/16 in.
61B963—Thor. Size, 3 9/16x3/16 in.

PISTON RINGS
Weight, 8 oz.
Price, each **20c**

BELT FASTENER

Made so that the belt may be detached without moving screws. Fits all size V belts. Made of stamped steel. Weight, 2 oz.

61B855—Price, Belt Fastener **23c**



EMERGENCY PEDAL

Takes place of a broken pedal. Will fit any standard hanger. Threaded both ends, right and left, ready for use. Made of steel. Weight, each, 6 oz.

61B977—Price, each **15c**

NON-SKID MOTORCYCLE TIRES

Motorcycle tires require the same care in making as automobile tires. The service they are called upon to render is just as trying. The road friction, together with the weight of the machine and rider, make conditions almost alike.

Therefore, in order to get the best service from a motorcycle, it is highly essential that great care be exercised in the purchase of tires. They are one of the main items of expense on a motorcycle. The factory making our tires is one of national repute in the rubber industry. The foundations on which these tires are built are of the best fabric, securely cemented together. Over this the tire is molded so that the entire structure is one single, solid unit, insuring the best of service under all conditions. These tires are heavily studded, which emphasizes their non-skid qualities. Weight, per casing, about 8½ to 10 lbs. Weight of tubes, each, 1½ to 1¾ lbs.

61B900—Casing. Size, 28x2½. Each . . **$5.75**
61B901—Casing. Size, 28x2¾. Each . . **6.60**
61B902—Casing. Size, 28x3. Each . . **7.10**
61B995—Casing. Size, 29x2¾. Each . . **6.65**
61B903—Endless Tubes. Size, 28x2½. Each **1.50**
61B904—Endless Tubes. Size, 28x2¾. Each **$1.65**
61B905—Endless Tubes. Size, 28x3. Each **$1.75**
61B996—Endless Tubes. Size, 29x2¾. Each **$1.65**
61B1015—Butt End Tubes. Size, 28x2½. Each . . . **$1.50**
61B1016—Butt End Tubes. Size, 28x2¾. Each **$1.65**

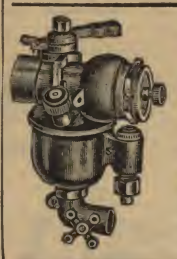
61B1018—Butt End Tubes. Size, 29x2¾. Each **1.65**

MOTORCYCLE WATCH

Motorcycle Watch. Correct size. A good, accurate timekeeper. Nickel finished. Fitted with clamp to fasten to handle bar. Shipping weight, 12 oz.

61B806—Price, complete . **$1.70**

VEEDER TRIP MOTORCYCLE CYCLOMETER



An inexpensive Mileage and Trip recorder. 10,000 miles season register, and special trip register. Strongly built. Water and dustproof. Shipping weight, 6 oz.

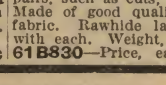
61B808 — Price, complete . . **$2.35**

SCHEBLER CARBURETOR

Special Model for Motorcycles. Will fit any Machine. Model "H"

This model is especially designed for use on motorcycles, and small high-speed motors. The gasoline flow for high speed is controlled by an L-shaped lever, which rolls on a cam. This cam in itself is also adjustable, thus making it possible to obtain an absolutely perfect adjustment of air and gasoline for all speeds. Weight, 2¼ pounds.

61B8668—Model H. Size, ¾ in. Each, complete **$8.50**
61B8669—Model H. Size, 1 in. Each, complete **9.25**
61B1019—Special Indian Model. Each, complete **9.50**



NIPPLE GRIP

Motorcycle Nipple Grip. Hand forged steel. Case hardened. Satin finished body, with polished edges. Weight, 2 oz.

61B850—Price, each **15c**

MOTORCYCLE TIRE SLEEVE

Very useful for emergency repairs, such as cuts, blow outs, etc. Made of good quality rubber and fabric. Rawhide lacing furnished with each. Weight, 3 oz.

61B830—Price, each **42c**

CIRCLE BRAND MOTORCYCLE OIL

The limited area of radiation, resulting from the compact build of the motorcycle, makes it necessary to use great care in the selection of the cylinder lubricant, if cylinder troubles are to be avoided. For machines of the Indian type, with force feed, we recommend our No. 1 Motorcycle Oil, a rich, heavy, ruby colored oil, of high fire test. For machines of the Harley-Davidson type, using the splash system of lubrication, we highly recommend our No. 2 Motorcycle Oil, similar to our No. 1 Motorcycle Oil in general characteristics, but a freer flowing oil of good cold test.

61B907—No. 1 Motorcycle Oil. In 1 gal. can **$0.45**
161B908—No. 1 Motorcycle Oil. In 5 gal. can **1.75**
61B909—No. 2 Motorcycle Oil. In 1 gal. can . . . . . **.45**
161B910—No. 2 Motorcycle Oil. In 5 gal. can **1.75**

Shipping weight of oil: One gallon, about 9 lbs.; 5 gallon can, 40 lbs.

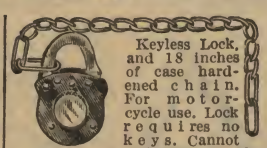
MOTORCYCLE WRENCH

Sliding jaw style. Handle is of solid pressed steel, having no seams, which does away with sharp edges. Length, 6 inches. Opening, 2 inches. Nickel finish. Wt., 13 oz.

61B965—Price **55c**

DROP FORGED TIRE LEVER WRENCH

Has flattened end, curved so that it can be used as a tire lever. Length, 5½ inches. Weight, 5½ oz.



61B966—Price **19c**

V BELT DRILL

This drill is made of aluminum and bronze, with first quality drills soldered in. Makes straight, clean holes. Comes in following sizes. Weight, about 3 ounces:

61B1007 — Size, ¾-inch. Price, each **35c**
61B1008—Size, 1 inch. Price, each **35c**
61B1009—Size, 1⅛-inch. Price, each **35c**

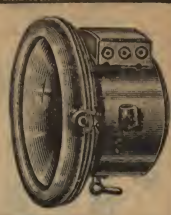
Keyless Lock, and 18 inches of case hardened chain. For motorcycle use. Lock requires no keys. Cannot be picked. A lock you can absolutely depend on. Weight, 9 oz.

61B816—Price, Lock and Chain, complete **68c**

J.D. RACING SPARK PLUG

This is the famous J. D. Racing Spark Plug so popular with racing riders. It gives a hot, fat spark and is working all the time. Porcelain type. Wt., 3 ounces.

61B943—Metric size. Price, each **50c**
61B906—Half inch size. Each **50c**



MOTORCYCLE PUMP

Made of seamless brass tubing, nickel plated. Attaches to frame with two clips. Length, 18 in. when closed. Weight, 16 oz.

61B852—Price **65c**

MOTORCYCLE HEADLIGHT

A classy, up-to-date model. Similar in design to an automobile headlight. Well made, one-piece construction. Riveted throughout. Front door is fitted with a beveled-silvered reflector, which throws the light on both sides of the road. The large, ground glass mangin mirror reflector throws the light far ahead. This lamp can be used with either gas tank or carbide generator, shown on this page. Diameter of door, 8 inches. One-quarter foot burner furnished. Lamp fully nickel plated. Weight, about 3½ lbs.

61B1012—Price, complete **$2.60**

MOTORCYCLE GENERATOR

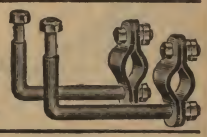
Made of heavy seamless brass. Has all working qualities of best automobile generators. Water supply controlled by patent valve. Gas pressure regulated by shut-off cock. Holds 12 oz. of carbide. Height, 8½ in. Diameter, 3¼ in. Full nickel plated. Weight, 1½ lbs.

61B1011—Generator and Adj. Bracket **$2.75**

GAS LAMP TIP

Has strong metal base. Will fit any standard lamp. Gives a clear, steady flame. Size, ⅜ in. Weight, 1 oz.

61B1010—Gas lamp tip. Each **12c**



MOTORCYCLE TAIL LAMP

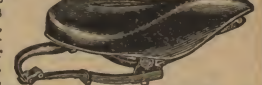
Designed to withstand excessive strains and vibration. Practically indestructible. Constructed of one-piece aluminum casting. Fastens directly on mud guard. Mica-covered opening illuminates license plate. Has ⅛-foot burner, and regulating pet cock. Weight, 8 oz.

61B859—Motorcycle tail lamp **95c**

UNIVERSAL LAMP BRACKET

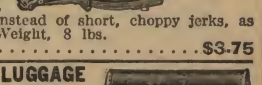
Made of cold rolled steel, highly finished. Will fit all motorcycle handle bars. Weight, per pair, 1½ lbs.

61B1000—Price, per pair **40c**



LUGGAGE CARRIER AND TANDEM ATTACHMENT

A most comfortable, durable and neat spring combination Luggage carrier and Tandem attachment. It is constructed of high grade steel, heavily nickel plated and polished. Size of table, 10x14 inches. Two special constructed and tempered springs on lower part of table, allow an easy perpendicular motion of rear part. The lower front part of table is fastened to the upright braces forming rocking joints. This enables the rider to go over the roughest roads with ease and comfort, and eliminates most of the jars and jolts. A ride on one will convince you of its merits. Above attachment fits any make of machine. When ordering please specify make, model, and year of your machine.



61B1020 — Tandem attachment. Without cushion. Shipping weight, 16 lbs. Price **$3.50**
61B1021—Tandem attachment. With fabric leather spring cushion. Shipping weight, 23 lbs. Price **$5.00**

COMFORT MOTORCYCLE CUSHIONS

This is one of the easiest riding cushions for tandem to be found anywhere. It is well made, with nine spiral springs locked together. The top is well padded with good curly hair, and covered with good quality fabric leather. This seat will give more comfort than usually found in a seat of this sort. Size, 10x14 inches. Color, black. Weight, 5 lbs. Furnished complete, with bolts and nuts for attaching.

61B972—Price, Cushion **95c**

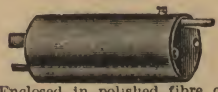
This Saddle is something out of the ordinary in Motorcycle Saddles, and is very easy riding. Has suspension top, with long, leaf springs, giving unlimited spring support. No rivets or metal parts show on top of leather. The leaf springs take up all shocks, and give a long swing, easy spring, instead of short, choppy jerks, as some saddles do. Size, 14x13 in. Weight, 8 lbs.

61B911—Price, each **$3.75**

TOOL BAG

A strong, serviceable Leather Bag. Size, 9x3½x2½ inches. Straps go around the bag, suporting the weight of tools, making it much stronger and serviceable than the majority of motorcycle tool bags. Weight, 6 oz.

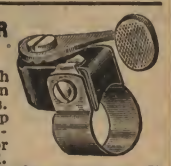
61B857—Motorcycle bag. Price, each **75c**



LUGGAGE BAG

A handy, roomy Bag. Very useful for carrying parcels on short trips, or while touring. Made of gray, double texture mackintosh material. Rain and dust-proof. Length, 13 inches. Depth, 9 inches. Width, 2½ inches. Well reinforced in back with leather, and metal cross-bar on top, to which straps are fastened, allowing bag to be attached to handle bar, or luggage carrier. Weight, 14 oz.

61B964—Price, each **78c**



IMPROVED MOTORCYCLE COIL

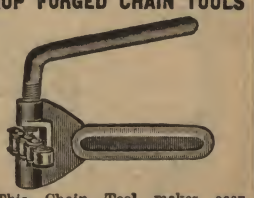
Enclosed in polished fibre case. Equipped with plug switch. Coils are water-proof, and practically indestructible. Supplied with two 18-in. primary leads, and one 18-in. secondary lead. Size of case, 2½x6 in. Weight, 2¼ lbs.

61B818 — Price, as described above **$2.75**

HANDLE BAR SWITCH

This switch is mounted on handle bars. Has quick snap action and remains off or on as desired. Furnished with clamp for either ⅞ or 1 inch handle bars. Can be used on battery or magneto machines. Weight, 1 oz.

61B920—Handle Bar Switch. Price each **35c**



MAGNETO CUT-OUT

This Cut-out short circuits the magneto, thus stopping machine without wear on grip control. Can be furnished for ⅞ or 1 inch handle bars. State size of bar when ordering. Weight, 4 oz.

61B918—Complete with wire. Each **50c**
61B919—Cut-out only **30c**

DROP FORGED CHAIN TOOLS

This Chain Tool makes easy work taking rivets out of any chain. Merely fit tool over chain. Place point of revolving lever against one end of rivet, and twist the lever. There is plenty of room for the fingers to pass the chain. A good leverage is always secured. Length, 4½ in. Width, 3 in. White plated finish. Weight, 8 ounces.

61B971—Price **40c**

More Money Would Buy No Better Quality

RIVERSIDE

TRADE MARK

The Tires with The Racing Record

WHAT THEY MEAN TO YOU

Riverside Tires are the only brand of Auto Tires that we sell. Every tire bears the imprint, "Riverside," to protect you and represent our confidence. When you spend money for tires, you expect to get your dollar's worth, you are entitled to it; in Riversides you get it with full measure. Every Riverside Tire we sell will give it. Service is the element that we feature in these tires. No one can tell how long a tire will wear, but our guarantee makes every penny accounted for in the total mileage. Every tire we send out is sold with the distinct understanding that it must please and satisfy you; that it will give you the full measure of service you expect of it from our say so. It must do all you expect it to do. We want you to know in advance that you are going to get absolutely all that you pay for.

We Make Them Good

We have built this tire step by step the very best that we knew how. Not a single point has been overlooked. The best of materials obtainable plus skilled workmanship are the primary essentials in making Riverside Tires. Raw Para rubber, scientifically prepared, and special methods of vulcanizing produce a tough substance and body. Special long Sea Island Cotton threads embodied in this material and produce a live, resilient tire. That accounts for the excellent service that is known to Riversides. Each part and section is designed and made to exactly fill its place and purpose in the finished tire. Riverside tires are so compounded that it makes them gasoline and oil proof. Riverside Tires were on over 60 winning racing cars during the season of 1914. If they stand the wear and tear like that, you can feel certain they will stand up under ordinary road use on your car.

We Sell Them Low

Raw rubber is very uncertain in price; it fluctuates with every change in supply and demand, yet our contracts for tires are so large that price was almost a secondary feature. Consequently Riverside prices are actually lower than those at which the small dealer or garage man can buy other standard tires. The list below shows our quotations on all sizes, in Clincher, Q. D. Clincher, and Straight Side tires. You are familiar with the prices on the sizes that you are interested in, and will readily see the saving our quotations make you.

—and we Guarantee Them

We have not Taken off our 3,500 Mile Guarantee

Our definite, specified mileage guarantee still holds good. It goes with every Riverside Auto Tire you buy. The new Riverside is better than ever, and the price is reduced to an economy level.

3,500 MILE GUARANTEE

We guarantee Riverside Auto Tires to run 3,500 miles under all reasonable conditions. If a Riverside Auto Tire should fail to give you 3,500 miles of service we will allow you the remaining mileage toward the purchase of a new tire. Every penny is accounted for in mileage. Take advantage of this guarantee. Buy Riverside Tires on our recommendation.

In ordering tires, always be sure to give the right article number, as each individual number denotes size and style of tire

NOTICE—Owing to the unsettled price of crude rubber, prices of Riverside Casings are subject to change without notice.

Originally, all inner tubes were made of gray rubber; but today the red inner tubes are acknowledged to be the best. Either will give you the full service you could reasonably expect at the price you pay, but the red tubes are preferable, and we recommend them. Our low prices give you red tube equipment for as little or less than you have been paying for the grays in other standard makes.

Riverside Gray Tubes

Next to a first-class casing, the inner tube is the most important part of your tire equipment. We've not overlooked this point in making Riverside Inner Tubes. We have made them of materials equally as high grade as is used in our casings, and guarantee them on the same basis. They are new, live rubber, and always come to you fresh and snappy. Our stock never stays on our shelves long enough to go stale or dry.

NOTICE—Owing to the unsettled price of crude rubber, prices of Riverside Tubes are subject to change without notice

Auto Supplies

LEATHER RELINERS

These Reliners are made of special tanned chrome leather, treated with asbestos and rubber, which makes it a non-conduetor of heat, molded to fit inside of the casing. The strength of this process leather is three times greater than fabric generally used in the construction of tires, and one and one-half times greater than ordinary chrome leather. It will practically outwear two outer casings, and will lengthen the life of tires, either old or new. It will keep the inner tube free from the heat caused by friction of outer casing when on the road. Easy to apply. All that is necessary is to clean the inside of the outer casing with gasoline, and then insert the reliner. It will vulcanize to the casing, after the air has been applied, and will dry alone. It can be removed from old tires and placed in others.

CHAMPION TIRE COVER

The Champion Tire Covers are practically water and dust proof, and are made of medium grade black enameled drill. They fit the casing perfectly, and fasten by means of snap buttons and spring. Adjusted easily, and can be put on in less time than the majority of other tire covers. In offering you this Champion Tire Cover at this extremely low price, we do not hesitate to say that it will fit the casing perfectly, and will give good wear and satisfactory service. Shipping weight, 2 lbs.
NOTE—Specify size when ordering.

61B8425—Champion Tire Cover. Price, each **$0.98**
61B8978—Champion Tire Cover. For demountable rims. Price, each **1.08**

RIVERSIDE RELINERS

Inner Shoe Tire Lining

They help to eliminate tire trouble. Made of specially selected tire fabric. Several layers of fabric are vulcanized together over a mould. They will fit the inside of the casing snugly. Will not creep or chafe, when put on acording to instructions. The Reliner is self-vulcanizing, and will always adhere firmly to the casing. We list below the most popular sizes, but if you do not find your size listed, advise us, and we will be glad to give you quotations.

MAGIC FIX-A-CUT REPAIR OUTFIT

For permanently sealing cuts, gashes, and blow-outs in auto casings and inner tubes. Prevents small cuts from getting bigger, and forms a new surface equal in toughness to the original. No tools of any kind are needed. Simply knead a small amount of Magic Fix-A-Cut between your fingers, press it onto the cut, smooth it over, and the tire is ready for use. Put up in a neat screw-top can, which contains a 2-oz. can of Magic Fix-A-Cut Compound, a 2-oz. can of special Auto Rubber Cement, and a liberal piece of emery paper, together with instructions. Shipping weight, 10 oz.

61B8433—Magic Fix-A-Cut. Price **45c**

CHAMPION TIRE SAVERS

These tire savers are light, neat and strong. Absolutely rigid when in position. Easily operated. Have pad where hub rests. No working parts to get out of order. When your car is not in use, lift it off the tires. Made of steel.

161B8974—Set No. 1. For wheels 34 inches or under. Shipping weight, about 20 lbs. Price, per set of four **$2.10**

161B8977—Set No. 2. For wheels 34 to 38 inches. Shipping weight, about 24 lbs. Per set of four **$2.35**

SUNBURST ELECTRIC HEADLIGHT

The exclusive style and design conform with the lines of those used on the most modern and high priced cars. The body of the lamp is made of one piece, stamped, all parts riveted. Has a heavy French roll door, with double hinged fastener. The parabolic reflector is silver plated and highly burnished. Adjustable focusing device. Ediswan connectors and sockets are used. Has 15 C. P., 6 volt Mazda bulb, with two point connectors. Made of steel. The regular finish is black enamel, three coats, baked on. Has brass or nickel trimmed door. Front diameter, 11 in. Depth, 6 in. Bracket centers, 8⅜ in. Shipping weight, 10 lbs.

61B8061—Sunburst Electric Headlight. Black and brass. Price, each ... **$3.55**
61B8064—Sunburst Electric Headlight. Black and nickel. Price, each ... **3.55**

RUBBER OUTER SHOES

A great many autoists prefer Rubber Outer Shoes instead of leather. These are very finely made of several plies of heavy tire fabric and high grade rubber stock, vulcanized. Made over a form, and therefore fit perfectly casings for the size they are intended. Rawhide lacings are furnished with each.

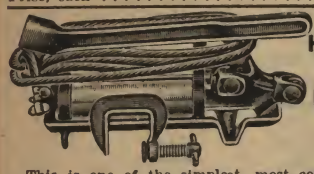
MUD HOOKS

A set of Mud Hooks in the tool box always insures positive traction, should your car get caught in deep mud or sand, or any place where the wheels slip around and do not take hold. These hooks do away with the unclean and unpleasant job of wrapping rope around the rear wheels. They can be put on wheels in deep mud, where sometimes chains and ropes cannot be. Will not injure tires. Come in three sizes. Made of cast iron, enameled black. Ship. wt., 1½ lbs.



61B8927—For tires 2½ and 3 inches. Price, each **35c**
61B8929—For tires 3½ and 4 inches. Price, each **35c**
61B8930—For tires 4½ and 5 inches. Price, each **35c**

MONARCH HEADLIGHT DIMMER

Applied instantly to any headlight, either gas or electric. The Monarch dimmer overcomes the dazzling rays or blinding headlight glare, which is now prohibited by ordinances in most large cities. It is not necessary to remove them for country driving. The light given through the dimmers is usually larger, clearer, and wider than without them. Approved by the Chicago Police Board of Motor Vehicle Inspection. Made of celluloid. Gas light dimmer fastens in front, and electric light dimmer fastens in back of glass. Shipping weight, 1 pound per pair.

61B5450—For lamps having 6-inch glass. Price, per pair **$1.85**
61B5451—For lamps having 7-inch glass. Price, per pair **1.85**
61B5452—For lamps having 8-inch glass. Price, per pair **1.85**
61B5453—For lamps having 9-inch glass. Price, per pair **1.85**
61B5454—For lamps having 10-inch glass. Price, per pair **1.85**

HI PRESSURE FOLDING PUMP

This is one of the simplest, most compact, reliable folding pumps that has as yet been placed before the public. Folds up into very small space; length, with handle, 17 inches. Can be carried in most any tool box. When in use pump clamps securely onto running board; the folding handle can be extended so that the operator can stand in an upright, natural position. This does away with the old style method, and makes the inflation of tires quite easy. Frame is made of iron; cylinder is brass. Sufficient braid covered hose furnished to reach all tires from running board of any car. Shipping weight, 7 lbs. Regular price, $6.00.

61B5471—Hi Pressure Folding Pump. Our price, each **$3.75**

ELECTRIC TAIL LAMP, $1.00

New model, a combination Tail Lamp and License Holder. Conforms with all the State Laws. Has 3¾-inch convex ruby semaphore lens, with a white lens on bottom to show license number. Furnished with Ediswan on and off connector, and 2 C. P., 6 volt bulb. Made of heavy drawn steel. Finished in black, with nickel or brass trimming. Shipping weight, 2 pounds.

61B5492—Electric Tail Lamp. Black and Brass. Price, each **$1.00**
61B5493—Electric Tail Lamp. Black and Nickel. Price, each **1.00**

RUNABOUT OIL TAIL LAMP

Made from heavy drawn steel, finished in black enamel, baked on, with brass or nickel trimmings. Has a large white glass lens for illuminating the license number, and a ruby red lens as a danger signal. If you desire a low priced tail lamp, we recommend this one. Height, 9½ inches. Shipping weight, 2 pounds.

61B8099—Runabout Tail Lamp. Black and brass. Price **$1.00**
61B3123—Runabout Tail Lamp. Black and nickel. Price **$1.00**

ELECTRIC TAIL LAMP

Has a convex ruby semaphore lens danger signal, with a white side light to show license number. Well made of heavy gauge steel, enameled black; brass or nickel trimmings. Furnished with 2 C. P., 6 volt Mazda bulb, with an Ediswan cut-out plug. Front diameter, 3¾ inches. Ship. wt., 1½ lbs.

ADJUSTABLE TIRE HOLDER

This is a very practical set of Tire Holders. Complete with harness leather straps, black, malleable iron rubberoid finish. Will hold one or two demountable rims or tires up to 5 inches in diameter. Complete with all attachments. Shipping weight, 6 lbs.

61B5455—Adjustable Tire Holders. Price, per set **95c**

OUR LEADER—A STANDARD PORCELAIN PLUG

This plug is made of good material, and will give extra good service. The porcelain is made of best materials. Electrodes are made of meteor wire to insure greatest resistanee. Weight, 3 oz. State size when ordering.

61B8550—½-inch Standard Size. Each **25c**
61B8554—⅞ A. L. A. M. Price, each **25c**
61B8552—Metric Size. Price, each **25c**

SPEEDWAY SPARK PLUGS

The Speedway Plug is always there. It gives a hot, fat spark and never fails. A big, powerful plug that gives lasting service and satisfaction.

Double Insulation—Speedway Plugs have electrodes wound with sheet mica, encased in porcelain, especially annealed to prevent undue brittleness. The porcelain prevents the mica from fouling. The mica affords working insulation, should the porcelain become broken. This is your opportunity to seeure spark plugs that have efficiency and quality at a price never before made on a plug of this type. These plugs under a trade-mark brand, have always been sold at $1.00 each. Weight, 4 ounces.

61B5446—Standard ½ in.
61B5447 — ⅞ or A. L. A. M.
61B5448—Metric.
61B5449—Special Motorcycle.
Each **$0.29**
Lots of 6 **$1.58**
Lots of 12 **$2.88**

CHALLENGE PRIMING PLUG

This plug is valuable in priming the cylinder when the engine is cold. By opening the faucet of primer attachment gasoline can be injected, and will run down and vaporize right at the ignition point. Wt., 8 oz.

61B8958—Red Cementless Patches. Price, per box **25c**

STANDARD TIRE IRON NO. 1

A handy, all-around Tire Tool. Very useful and practical. Well made of cast iron. Aluminum finish. Length, 16 inches. Weight, about 1½ lbs.

61B8797—Tire Irons. Price, each **18c**

STANDARD TIRE IRON NO. 2

Same design, quality and finish as the No. 1 Standard Tire Iron, except that this one is 12¾ inches long. Made of cast iron. Weight, about 1 pound.

61B8798—Tire Iron. Price, each **10c**

TIRE IRON

A very useful tool. Made of malleable iron. Aluminum finish. Length, 11 in. Wt., 1 lb.

61B8796—Tire Iron. Price, each **11c**

HANDY TIRE IRON

Should be in every repair outfit. Very handy in case of tire trouble. Made of cast iron. Aluminum finish. Length, 8¼ inches. Weight, ½ pound.

61B8795—Tire Iron. Price, each **11c**

Auto Supplies

RIVERSIDE HAND HORN
REQUIRES NO BATTERIES

Operates instantly, easily and effectively. A slight turn of the handle will give a clear, distinct note of warning; while a quick, heavy turn on handle gives an extra loud warning that can be heard at a great distance. Mechanism is simple, operates easily, and does not get out of order. Can be attached on either right or left side. Bell of horn is made of spun brass. Tip finished in brass or nickel. Balance of horn is finished in jet black. Length, over all, 8¼ inches. Diameter of bell, 4⅞ inches. Shipping weight, about 4 pounds.

61B5459—Black and Brass Finish. Price.....**$2.75**
61B5460—Black and Nickel Finish. Price.... **2.75**

SCHEBLER CARBURETOR
MODEL D

This model is standard for automobiles, motorboats, and the general run of gasoline engines, farm tractors, stationary engines, etc. It has only one gasoline adjustment on the needle, and a high speed adjustment. It is powerful, economical, and extremely simple of adjustment. Gives correct mixture at all speeds. Shipping weight, 6½ pounds.

61B8651—Model D, Size, 1 inch. Each.....**$8.50**
61B8653—Model D. Size, 1¼ inch. Each... **9.25**

A complete line of carburetors are shown in our Auto Supply Catalogue.

METAL TOOL AND BATTERY BOXES

These boxes are pleasing in design, and have graceful lines that harmonize with the lines of any car. Made of pressed steel. The covers are one piece, pressed to shape so that they come down over the body of the box and make the box practically dust, mud and waterproof. Back seam and bottom are electrically welded, making the box strong and durable. Covers are 1¼ inches deep. This cover depth is not included in the stated depth of any box, so that the actual depth of box from cover to bottom is about 1 inch greater than depth given. All these boxes are equipped with high grade trunk lock and lift, as illustrated. Body and top of box finished in handsome black enamel, several coats, baked on.

Article Number	Length inches	Width inches	Depth inches	Shipping Weight	Price
61B8616	12	8	10¾	9 pounds	$1.50
61B8605	16	8	9½	10 pounds	1.70
61B8614	20	9	10¾	12 pounds	2.15

The following, a larger box, is equipped with two suit case catches in addition to the central lock and lift.

Article Number	Length inches	Width inches	Depth inches	Shipping Weight	Price
61B7696	24	10	12	19 pounds	$2.65

RIVERSIDE MOTOR DRIVEN HORN

A small electric motor operates a wheel, which works against the vibrator, giving a loud, clear, and penetrating tone. Worked by a push button, from steering wheel. Operates from any 6-volt storage battery, or dry cells. Complete outfit, includes horn, push button, and all necessary wiring. Made of steel with brass bell. Finished in all black enamel, highest grade, three coats baked on, which gives it a most beautiful and permanent lustre. The finish will not crack, peel or chip. Can also furnish in black with nickel bell, as illustrated. Weight, 5 lbs. Length over all, 11 inches. Diameter of bell, 5 inches.

61B8190—Riverside Motor Driven Horn. All Black. Price... **$4.95**
61B7637—Riverside Motor Driven Horn. Black and Nickel finish. Price **$4.95**

ELECTRIC VIBRATOR HORN

Gives a powerful, instantaneous signal of warning. Operates from 6-volt storage battery, or dry cells. Comes complete, with all necessary wiring, and steering wheel push button. Length of horn, over all, 10¾ inches. Diameter of bell, 5 inches. Made of brass, finished in black enamel, baked on, giving it a hard rubber finish. Tip of bell is finished in either nickel or brass, highly polished. Weight, 6 lbs.

61B8187—Electric Vibrator Horn, black and nickel finish. Each **$1.95**
61B8478—Electric Vibrator Horn, black and brass finish. Each **$1.95**

FOUR-TONE MELODY HORN

A high-class Exhaust Horn. Superior to anything of the kind on the market for the price. A light foot pressure on the pedal causes it to respond with a full, deep, smooth tone. Its four tones delicately and accurately blended, gently warn, but do not frighten. Easily attached to any car. Complete with pedal, clamp-on valve, and wire cable. Length of horn, 15 inches. Made of brass, nickel plated. In ordering, be sure to state outside diameter of exhaust pipe. Shipping weight, 5½ pounds.

61B8722 — Four Tone Melody Horn. Each **$4.25**

RADIATOR CEMENT STOPS LEAKY RADIATORS

This cement will permanently repair water leaks in automobile radiators, cracked water jackets, gaskets and hose connections. It is also valuable in repairing leaks in steam boilers, hot water heating systems, radiators, and in fact all pipe connections. It may be used in alcohol and glycerine anti-freeze solutions, and does not harden in water. Put up in one-pint size cans. Weight, 12 oz.

61B8781—Radiator Cement. Price **60c**

RIVERSIDE BODY POLISH AND CLEANER

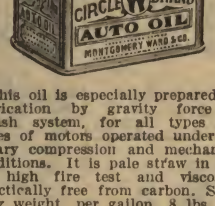
A liquid preparation for polishing, cleaning, and preserving the body of automobiles. It may also be used upon the leather tops with great benefit.

61B8914—Riverside Body Polish. Qt. size. Weight, 2 pounds. Price **39c**
61B8915—Riverside Body Polish. One gallon cans. Weight, 8 pounds. Price **$1.35**

AUTO METAL POLISH
Non-Inflammable

An ideal polish for brass and other metal parts of an automobile. Does not contain any acid, or possess any objectionable odor. Not injurious to surface or hands. Produces a lasting, brilliant luster, for polishing either brass or nickel.

Art. No.	Size	Wt. lbs	Price
61B8452	½ pt.	1	12c
61B8453	1 pt.	1½	20c
61B8454	1 qt.	3	35c



SPARK PLUG PUMP, $3.95

Utility Spark Plug Pump, with Pneumeter Automatic Shut-off Pressure Gauge. This pump is powerful, quick, finely made, and will give satisfactory service on any automobile engine, that will work a spark plug pump. The Pneumeter Gauge is automatic and positive in its action. Can be set to the number of pounds air you want to pump into your tire, and when the amount of air has been put into the tire, the Pneumeter gauge automatically blows off. Sufficient braid-covered, tested hose furnished to reach all tires on any car. Pump is made of polished brass and steel. Pump made in two sizes, the Utility Junior (weight, 3 lbs.), for tires up to 4 inches in diameter; and the Utility (weight, 4 lbs.), for any size tires.

61B5468—Utility Junior Complete **$3.95**
61B5458—Large Utility Pump, Complete **$7.25**

CIRCLE BRAND CARBONLESS AUTOMOBILE CYLINDER OIL

This oil is especially prepared for lubrication by gravity force or splash system, for all types and styles of motors operated under ordinary compression and mechanical conditions. It is pale straw in color, high fire test and viscosity. Practically free from carbon. Shipping weight, per gallon, 8 lbs.

61B5670—1 gallon cans, full measure. Lithographed Squat cans, with spout, as illustrated....**38c**
161B5671—5 gallon cans, full measure, cans packed in wooden cases **$1.65**
161B5672—½ Barrels, 30 gallons (wood). Price.....**$8.10**
161B4975—½ Barrels, 30 gallons (steel). Price.....**$9.00**
161B5673—Barrels, 50 gallons (wood). Per barrel.....**$12.00**
161B4974—Barrels, 50 gallons (steel). Per barrel.....**$14.50**

ENGINE CARBON REMOVER

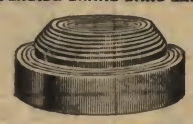
A liquid preparation for removing carbon from cylinders, valves, and pistons, without injury. Easy to use.

61B8917—One quart can. Weight, 2 pounds. Price **45c**
61B5771 — One gallon can. Weight, 8 pounds. Price..**$1.65**

LIQUID SILVER

A scientific silver plating solution for touching up nickel parts. Brass articles, such as lamps, horns, and windshield frames, may be refinished in nickel with liquid silver. In 4-oz. bottles. Shipping wt., about 1 lb.

61B5502—Liquid Silver. Price **28c**



AUTO TIRE POWDER SOAP STONE

This is a high quality Soap Stone, for sprinkling in casings when inserting inner tubes. Prevents friction and excessive heating or sticking of the inner tube to the casing. It is absolutely free from grit, and is usually sold at about double the price we ask. Put up in 1 pound sifter top cans.

61B8489—Soap Stone. Per can **6c**

RIVERSIDE BRAKE BAND LINING

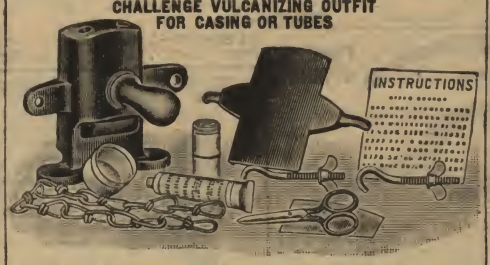
Riverside Brake Lining is solid multi-woven. It is made of 90 to 95 per cent asbestos yarn, closely and firmly interwoven with brass wires. Riverside will not char or burn with the heat from friction. It will not soften or become hard. It is heat-proof, dust-proof, oil-proof, water-proof, and not affected by oil or gasoline. Riverside is better than metallic. Will not injure the drum surface. Riverside, in emergencies, locks the wheels almost instantly. In ordinary use, it grips the drums without jolt or jar. It gives the maximum gripping effect, and always holds the car. Furnished in following sizes:

Article Number	Width	Thickness	Ship. Wt., Per ft.	Price Per ft.
61B8876	1 inch	⅛ inch	3 ounces	13c
61B8878	1¼ inch	⅛ inch	4 ounces	15c
61B8880	1½ inch	3/16 inch	5 ounces	21c
61B8882	1¾ inch	3/16 inch	6 ounces	26c
61B5566	2 inch	3/16 inch	6 ounces	29c
61B5567	2¼ inch	3/16 inch	7 ounces	32c
61B5568	2½ inch	3/16 inch	7 ounces	36c

THORNWARD STORAGE BATTERY

Built of the finest material possible to obtain. No spilling, no slopping, no ruined clothes, no damaged rugs when using the Thornward. They are simple in operation and need only to be filled with distilled water and charged from direct current (not alternating), when the battery becomes exhausted. We have personal supervision over the manufacture of our Storage Batteries and no effort is spared to make them mechanically and electrically the very best value of this kind of apparatus on the market, and at very moderate prices.

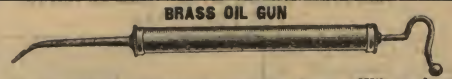
61B8577—Storage Battery, as described. Six volts, 40 ampere hours. Length, 7⅝ inches. Width, 6¼ inches. Height, 8½ inches. Weight, 20 pounds. Each....**$6.75**
61B8583—Storage Battery, as described. 6 volts, 60 ampere hours. Length, 7 inches. Width, 7¾ inches. Height, 8¾ inches. Weight, 36 pounds. Each....**$9.85**
61B8584—Storage Battery, as described. 6 volts, 80 ampere hours. Length, 10¼ inches. Width, 7¼ inches. Height, 8½ inches. Weight, 42 pounds. Each...**$14.25**
61B8586—Storage Battery, as described. 6 volts, 120 ampere hours. Length, 12¾ inches. Width, 7¼ inches. Height, 8½ inches. Weight, 54 pounds. Each...**$18.75**



TWITCHELL AIR GAUGE

This gauge is also known as the pencil gauge, as it is very small in size. The Twitchell Gauge can be used, no matter what the position of the tire valve—no turning the wheel until the valve is at the bottom. This gauge has the new positive lock stop, and stays up so that you can read the pressure after the gauge has been taken off the valve. Made of nickel plated brass. Length, 3½ inches. Diameter, ½ inch. Shipping weight, 2 ounces.

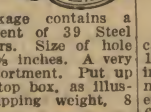
61B8758—Twitchell Air Gauge. Each.....**$1.00**



CHALLENGE VULCANIZING OUTFIT FOR CASING OR TUBES

With this outfit, small cuts, tears, or punctures can be successfully repaired by anyone who will follow the simple, easy instructions furnished. This outfit is complete, as illustrated. Everything is furnished that is needed. The vulcanizer itself is made of iron and well finished. Cannot explode, and will not burn the tire or tube. Comes packed in a small, neat carton, which can be easily carried. Shipping weight, 4 pounds.

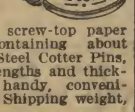
61B5457—Vulcanizing Outfit, complete.....**95c**



BRASS OIL GUN

A very useful tool, as its uses are many. Will suck oil from a drip pan, or from a can. Will handle thin and heavy oil equally well. Has a double plunger. One set pulls up the oil, the other forces it out. Finely made. Highly polished brass finish. Diameter of barrel, 1¼ inches. Length, 8 inches. Nozzle, 5 inches. Has improved crook neck handle, fitting the hand. A good, serviceable, low-priced oil gun that should be in every tool kit or garage. Weight, 9 ounces.

61B8984—Brass Oil Gun. Price.....**26c**



LOCK WASHERS

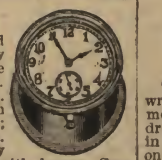
This package contains a full assortment of 39 Steel Lock Washers. Size of hole from ¼ to ⅝ inches. A very complete assortment. Put up in a screw top box, as illustrated. Shipping weight, 8 ounces.

61B8946—Assorted Washers. Price **12c**

SPRING COTTER PINS

Put up in screw-top paper canisters, containing about 120 Spring Steel Cotter Pins, in assorted lengths and thickness. Very handy, convenient package. Shipping weight, 6 ounces.

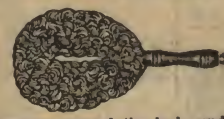
61B8948—Assorted Cotton Pins. Price.....**8c**



IDEAL SHOCK ABSORBERS

This device works between the regular leaf spring and body of the car. Being made of steel, these bumpers are far superior to those constructed of rubber alone. Can be attached to any auto with either full or semi-elliptic springs. Can be used both in connection with the leaf springs, and to replace the leaf springs, should they become broken. Shipping weight, 5 lbs. Length of base, 5¼ inches. Width, 1⅝ inches. Diameter of bumper, 2 inches.

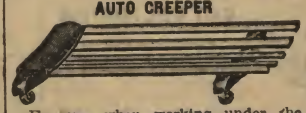
61B7639—Ideal Shock Absorbers. Per pair **63c**



CHAMPION CLOCK

A thoroughly tried and tested, one day Auto Clock. Reliable under all conditions. Neat in appearance. Attaches to dash from inside of case; no screws visible. Case made of heavy material, reinforced with brass. Case is black enamel with nickel rim. Works are not affected by jar or vibration. Diameter of dial, 2½ inches. Depth, 2¾ inches. Shipping weight, 2 lbs.

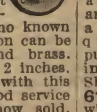
61B5300—Champion Clock. Price **$1.45**



DUSTLESS AUTO DUSTER

For use around the body and tonneau of a car. This is superior to a feather duster, as it will not scratch. Can be readily washed with soap and water. Weight, 2 lbs. Length of brush part, 10 inches. Width, 8 inches. Length of handle, 6 inches. Weight, 10 ounces.

61B5508—Dustless Auto Duster. Each **37c**



AUTO CREEPER

For use when working under the car. Strongly made, with oak bed cross pieces and padded head rest. Mounted on ball bearing casters. Length, 36 in. Width over all, 18 in. Weight, 9½ lbs.

161B8938—Auto Creepers. Price **90c**

KEYLESS LOCK

The lock that always responds to the combination. No keys, lever, or dial. Can be opened in the dark as easily as in daylight. Cannot be opened unless the combination is known. There is no known rule by which the combination can be worked. Made of steel and brass. Length, 3¼ inches. Width, 2 inches. You will be fully satisfied with this lock. It will give you as good service as any combination lock now sold. Shipping weight, 6 ounces.

61B7959—Keyless Lock. Each, **49c**

SERVICE STORAGE STAND

Used for relieving tires from the weight of any car or truck while in storage. It can be adjusted instantly to any desired height without removing any bolts or pins. With four of these stands it is not necessary to have a set of jacks, as one will be sufficient for raising the car. If you do not have a set of tire-saving jacks, or do not wish to purchase a set, we by all means recommend that you order a set of Service Storage Stands. Made of malleable iron. Height, open, 18 inches. Shipping weight of four, 12 pounds.

161B8967—Storage Stands. Per set of four.....**$1.40**

LITTLE GIANT JACK

Strong, efficient. Made of high quality annealed material. Comes in black enamel finish, with hard maple handle. Height, collapsed, 10 inches. Height, raised, 16 inches. Lifting capacity 2,500 lbs. Weight, 5 lbs.

61B8970—Little Giant Jack. Each **75c**

WRENCH SET

This outfit contains five flat wrenches. Made of high quality hardened steel, with openings in each end. Have the following size openings: ¼, 5/16, ⅜, 7/16, ½, 9/16, ⅝, ¾, ⅞ and 1 inch. The set of five wrenches is put up in a neat canvas roll with flap, as illustrated, making a very handy set, and easy to carry. Shipping weight, 1¾ pounds.

61B8953—Wrench Set. Price, **45c**

COMBINATION DOUBLE END WRENCH

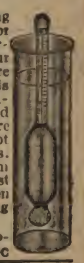
This outfit contains four highly nickel plated, steel, straight wrenches, with hexagon openings 5/16, ⅜, 7/16, ½, 9/16, 11/16 and ⅝ inch. Includes screw driver end, alligator end, Prest-O-Lite key, and cotter pin puller. Put up in a neat enameled cloth carrying case, heavily stitched and strongly made, with button flap, as illustrated. Shipping weight, 14 ounces.

61B5579—Combination Wrench Set. Price **32c**

ADJUSTABLE AUTO WRENCH

Made of fine quality drop forged steel. Length, 9¼ in. Opening, 2 in. Weight, 18 ounces.

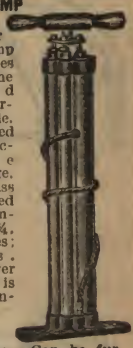
61B5580—Auto Wrench.....**16c**



DE LUXE SOCKET WRENCH SET

This outfit, besides the socket wrench, consists of a complete assortment of 30 case hardened, cold-drawn, pressed steel sockets, ranging in size from 5/16 to 19/32 inches; one double end screw driver bit; a universal joint, one long and one short extension bar; a long socket for removing the spark plug. Put up in a neat, substantial oak box, with cover catches. Shipping weight, 10 lbs.

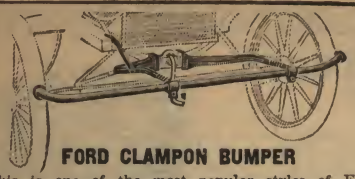
61B5577—De Luxe Socket Wrench Set. Price **$4.95**



GASOLINE HYDROMETER — GASOLINE TESTER

The importance of testing the gravity of gasoline for automobile use is well understood. You should test your gasoline frequently, to insure getting the proper grade. This instrument will clearly indicate the specific gravity and grade of the gasoline you are getting. Gasoline should not test much below 60 degrees. This Hydrometer is packed in a soft flannel sack with test jar, all enclosed in a wooden carrying case. Shipping weight, 7 ounces.

61B7879—Gasoline Hydrometer. Each.....**24c**



TRIPLE ACTION COMPOUND TIRE PUMP

This triple cylinder Compound Tire Pump will inflate your tires in a jiffy. One of the most powerful hand pumps now on the market. Perfectly made, and thoroughly tested before leaving the factory. Cylinders are made of heavy gauge, seamless drawn brass tubing, highly polished and rust-proof. Diameters of cylinders, 1¾, 1¼ and ¾ inches; length, 18 inches. Length of pump, over all, 22 inches. Base is a heavy casting, enameled. If you want a big, powerful, quick-acting hand pump, select this one. Can be furnished with a tire guage if desired. Shipping weight, 7½ pounds.

61B8711—Triple Action Pump, without Gauge. Each.....**$2.85**
61B8712—Triple Action Pump, with Gauge. Each.....**$3.50**

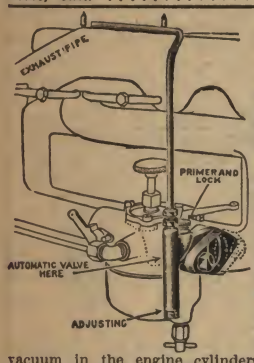
FORD SPECIALTIES

FORD CLAMPON BUMPER

This is one of the most popular styles of Ford Bumpers. It is strong and well made. Diameter of bar, 1¼ inches. Clamps furnished with each outfit. Finish, all black enamel, or black arms, with brass bar. Shipping weight, 26 lbs.

61B7506—Ford Bumper. All black finish. **Price, each** **$3.00**

61B7507—Ford Bumper. Brass bar. Black fittings. **Price, each** **$3.25**

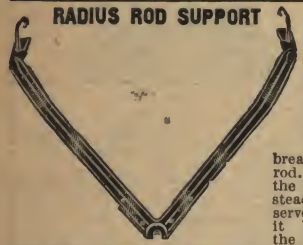


FORD SPECIAL TUBE VULCANIZER

Model M — This Outfit is especially adapted for repairing Ford size, Cyclecar, and motorcycle inner tubes. A handy, substantial outfit. Will give a thoroughly vulcanized patch that will not leak. Light and compact, requires no cement or acid—merely repair gum, which is furnished with each outfit. It is very economical in fuel consumption, taking about one ounce of gasoline to each job. Packed in substantial box, including roll of gum, gasoline measuring cup, sand paper, pair of scissors, and complete instructions for repairing of tubes.

61B8945 — Ford Special Vulcanizer. Model M. **Price, each** **$1.15**

MIXOLOCK FOR FORD CARS

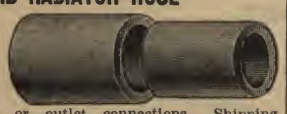


Regulates Air Intake Automatically—Saves gasoline — Reduces Carbon—Primes Motor—Locks the Motor. It injects hot air into the manifold at right angles to flow of gasoline vapor. When the motor is cold in starting, and when pulling up hill or through deep sand, all air is shut off. When motor is hot and running with light load a large amount of hot air is admitted. The valve is operated by the vacuum in the engine cylinders, which varies with the load. With the Mixolock, your engine will not stall with a load as it will with many similar devices. By giving the right combustion, it reduces carbon.

To Dissolve Carbon and Clean Motor—Squirt kerosene into end of copper tube while engine is running. **Primes and Locks the Motor**—To prime motor, remove cap and squirt gasoline direct into manifold. When this cap is removed, no one can start the engine, as only fresh air, which, of course, will not explode, is drawn into the cylinders. It absolutely locks the car.

To Install—Remove the two bolts on carburetor flange, slip Mixolock between carburetor and manifold, replace the two bolts, bend copper tube over the exhaust pipe to supply hot air. Shipping weight, 2 pounds.

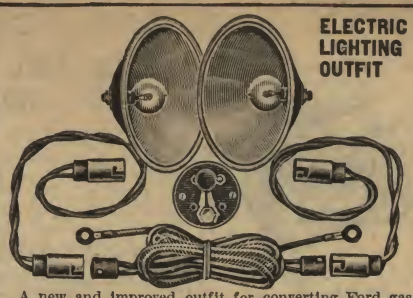
61B5137—Mixolock. Made of iron and polished brass, with copper tubing. **Price, each** **$1.40**



RADIUS ROD SUPPORT

This Support on any Ford car, will prevent breaking or bending of the radius rod. Many accidents are caused by the bending or breaking of this rod. It will make the car run more steadily, and preserves the life of it by eliminating the vibration of the front axle, giving that steadiness to the steering wheel found in heavier cars. It reduces wear on ball and socket at rear of radius rod. It does not interfere with shock absorbers. It is well made of angle iron, enameled black. Shipping weight, 5½ lbs.

61B5215—Radius Rod Support. **Price, each** .. **95c**

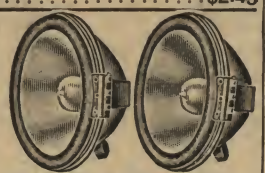


FORD RADIATOR HOSE

High grade, three-ply fabric and rubber steam hose, capped and tapered ends. Two sizes. Fit inlet or outlet connections. Shipping weight, 4 ounces each.

61B5724—Radiator Inlet Hose. Size, 1¾x2¾ inches. **Price, each** **8c**

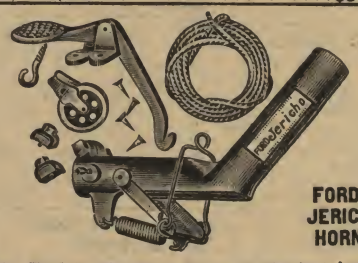
61B5725—Radiator Outlet Hose. Size, 2x3¼ inches. **Price, each** **10c**



ELECTRIC LIGHTING OUTFIT

A new and improved outfit for converting Ford gas headlights to electric, the current used being drawn from the Ford magneto. Outfit furnished complete, as illustrated, consists of two special silver plated brass parabolic reflectors, with Ediswan sockets; two 6-volt, 12 C. P. Mazda Tungsten bulbs; lighting switch; wire, tape and separable Ediswan connectors. Outfit can be easily attached with simple instructions we send.

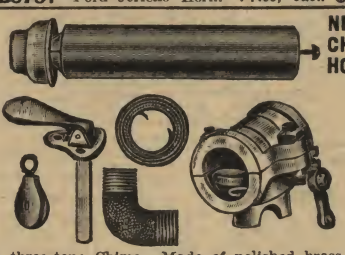
61B5474—Ford Lighting Outfit, 8 inch. **Price, each** **$2.45**



61B5475—Ford Lighting Outfit, 9 inch. **Price, each** **$2.45**

ELECTRIC HEADLIGHT OUTFIT

Designed for those who do not wish to use the electric converting outfit, but who wish to replace the gas headlights with new electric headlights. Stamped, heavy gauge brass, black enameled, brass trimmed. Ediswan connectors and sockets. Mazda Tungsten bulbs, 6-volt, 10 C. P. Outfit includes two headlights. Size, 9½ in. front. Diameter between brackets, 7 in. Fit Ford brackets without altering. Complete wiring assembly, connecting terminals, switch. Ship. wt., 12 lbs.



61B5721—Ford Lamp Outfit. **Price, complete** **$5.75**

FORD JERICHO HORN

The Ford Jericho Horn is one of the best known exhaust horns on the market. Made of aluminum. It warns without offense. It never fails to respond to the pedal. Simply clamp over tail of exhaust, and attach cable to pedal. Complete outfit contains horn, pedal, cable. Full instructions for installing. Ship. wt., 3 lbs.

61B5731—Ford Jericho Horn. **Price, each $2.65**

NEW CHIME HORN

A three-tone Chime. Made of polished brass tubing. Outside diameter, 2 in. Length, 9¾ in. Tone can be increased or diminished by regulating pressure on foot pedal. Valve is made on a double butterfly principle, bored 1½ in., the size required for Ford cars. Furnished complete with chime, valve, foot pedal, spring, pulley and cable. Ship. wt., 5 lbs.

61B5726—Chime Outfit. **Price, each** **$2.75**

FORD SPRINGS

Ford Front or Rear Springs, for models N, S, R, or T. Our springs are made of special alloy steel of highest quality, and are superior to the ordinary kind usually offered. The tension and flexibility are perfect. Our springs combine not only quality and workmanship, but fit perfectly as well. **State model of car.**

161B5757—Ford Front Spring. Wt., 24 lbs. **Price, each** **$3.90**

161B5758—Ford Rear Springs. Wt., 36 lbs. **Price, each** **$9.75**

LINED BRAKE SHOES

To replace the plain metal brakes regularly supplied with the Ford car. Lined with superior quality asbestos brake lining. Easily installed. Simply remove present internal cam brakes and replace with these. Ship. wt., per pair, about 3 lbs.

61B5199 — Lined Band Brakes.

Price, per pair **85c**

CUSHION PEDAL PAD

Prevents feet from slipping off pedals. Made of rubber with metal bands for attaching. Moderate pressure on pedal forms an air cushion which reduces vibration. Quickly and easily attached to pedal. Ship. wt., 1½ lbs. per set of three.

61B5200 — Ford Pedal Pads. Price, per set of three **75c**

FORD VALVE GRINDER

This valve grinder will fit under the dash on the rear valves of any Ford car. Hardwood handle, rest of the tool is steel. Pins are put in so they cannot come out. Ship. wt., 8 ounces.

61B5060—Valve Grinder. **Price, each** **16c**

FORD HUB CAP WRENCH

A wrench for putting on or taking off Ford hub caps. Made of stamped steel, hardened and machined. Weight, 1 pound.

61B5109—Hub Cap Wrench. **Price, each** ... **10c**

VALVE GRINDING SET

Outfit contains one valve spring lifter, one valve turning tool; one cylinder head wrench socket; one tube of coarse, and one tube fine valve grinding paste; one thickness gauge and complete instructions. Ship. wt., 2 lbs.

61B5059—Valve Grinding Set. **Price, each** .. **75c**

RATCHET WRENCH SET

Consists of Steel Ratchet Handle, length, 7 in.; two screw driver bits; one 6-in. extension bar; seven socket-inch. Outfit puts up in a neat, strong leatherette covered cardboard case. Ship. wt., 2 lbs.

ets, bolts and nuts from 5/16 to ⅝

61B5099—Ford Ratchet Wrench Outfit. **Price, each** **$1.90**

AUTO JACK FOR FORD CARS

This Jack is light, strong, efficient, simple and reliable. Has continuous lift, rising on both upward and downward stroke. Built to give short pinch on upward stroke, making the lift much easier. Height of jack, collapsed, 10 in.; raised, 17 in. Capacity, 1,500 lbs. Made of cast iron, aluminum finish. Wt., 4 lbs.

61B5473—Auto Jack. **Price, each** **62c**

BARRETT JACK

Will handle all cars weighing less than 3,000 pounds. Has all the advantages of high class material and workmanship that are found on Barrett Jacks. The teeth of this jack are machine cut. Load is raised one tooth space at each down stroke of lever. No screws used in this jack. Parts cannot become lost from vibration. Every jack it tested for full load before leaving factory. Equipped with a malleable iron tire tool lever.

61B5307 — Height, 11 inches. Raise 6½ inches. Weight, 10 lbs. **Price, each** **$1.60**

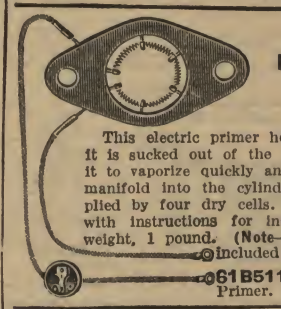
RESERVE GASOLINE VALVE

By installing a Reserve Gasoline Valve you will know when a gallon only remains in the tank. This reserve gallon cannot pass through the feed line to carburetor unless the controlling lever is turned on. Made of cast brass with the valve ground in, therefore it cannot leak. Complete instruction and diagram for attaching sent with each outfit. Made of brass. Weight, 6 ounces.

61B5142— Reserve Gasoline Valve. **Price, each** **75c**

KINGSTON CARBURETOR

A most reliable carburetor for a Ford car. Made of hardened brass, finely finished. It is compact. Needs no large fittings. Perfectly fitted for Ford T Manifold, hot air pipe, and operating rods. Shipping weight, 10 pounds.



61B5155 — Kingston Ford Carburetor. **Price, each** **$6.85**

ACCELERATOR FOR FORD CARS

61B5201 Ford Foot Accelerator. Furnished complete, with all necessary adjustment. Shipping weight, 1½ pounds. **Price, each** **65c**

FORD ELECTRIC PRIMER

This electric primer heats the charge as it is sucked out of the carburetor, causing it to vaporize quickly and rise through the manifold into the cylinders. Current supplied by four dry cells. Packed complete, with instructions for installing. Shipping weight, 1 pound. (**Note**—Dry cells are not included in outfits.)

61B5113—Ford Electric Primer. **Price, each $1.35**

GENUINE WEED ANTI-SKID CHAINS

Made throughout of annealed steel wire. The cross chains are made of case hardened stock. All parts are especially treated, to prevent rusting. It gives good traction in mud, sand or snow. Is a positive anti-skid device. Each pair (two chains) put up in a strong cloth bag. Shipping weight, 12 pounds per pair.

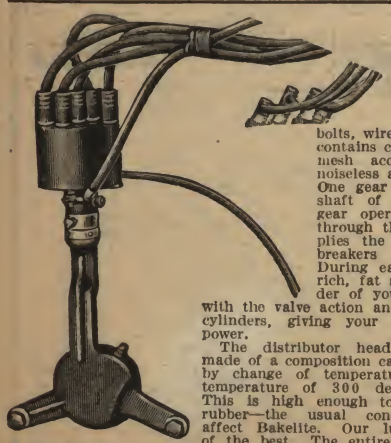
61B8374—Weed Anti-Skid Chains. Size, 30x3. **Price, per pair . . $3.38**

61B8380—Weed Anti-Skid Chains. Size, 30x3½. **Price, per pair $3.75**

61B8386—Weed Anti-Skid Chains. Size, 31x4. **Price, per pair . . $4.50**

FORD SPECIAL PRIMER

Designed to prime the motor from dash, and facilitate starting in cold weather. Will keep motor running until warm, or until it picks up from carburetor. Primer may also be utilized for decarbonizing cylinders by feeding some good decarbonizer through intake manifold, while motor is in action. Can be attached quickly and easily by tapping manifold for ⅛-inch standard iron pipe, inserting coupling, and then connecting primer. Furnished complete with coupling and compression coupling. Length, 3⅞ inches. Diameter, 2 inches. Furnished complete, in brass, highly polished. Shipping weight, 14 ounces.

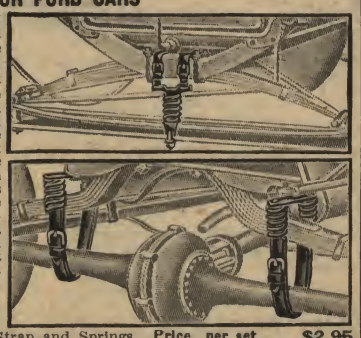


61B5704—Ford Primer. **Price, each** **$1.05**

FRONT LICENSE HOLDER

Fastens on headlight bracket. Brings the license to a position which conforms with all present state laws. Made of malleable iron, black japan finish. Shipping weight, 1½ pounds.

61B7554 — Front License Holder. **Price, each** ... **30c**



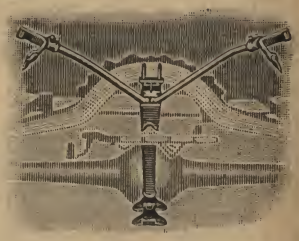
UNIT COIL IGNITION

The Unit Coil Ignition System, consists of a combined timer and distributor, a bracket and elevating gear, bolts, wires and cables. The bracket contains cut steel, beveled gears that mesh accurately and are both noiseless and perfect in their action. One gear is attached to the timer shaft of your engine. The other gear operates a shaft running up through the bracket arm, and supplies the motive power for circuit breakers and secondary contact. During each revolution, it sends a rich, fat spark to the proper cylinder of your engine, in perfect time with the valve action and piston movement in the cylinders, giving your engine its maximum of power.

The distributor head and brush holder are made of a composition called Bakelite, not affected by change of temperature. Under the hood a temperature of 300 degrees is not uncommon. This is high enough to permanently warp hard rubber—the usual construction—but does not affect Bakelite. Our lubrication system is one of the best. The entire apparatus is dust-proof. Easily attached; no holes to drill. Complete instructions for attaching furnished. Shipping weight, about 8 pounds.

61B5153—Unit Coil Ignition System. **Price, each** **$12.50**

REBOUND CHECK STRAP AND SPRINGS FOR FORD CARS



These combination check straps and the springs tend to stop the swaying of the car and hold it to the road. Can be used with or without shock absorbers. They are attached to the frame and front axle by bolts and clamps; rear fits on angle iron of frame with set screws; and need no drilling to make them fit. They are made with the best tempered steel springs obtainable. The straps are latigo leather, which is supposed to be the strongest leather known. They are oil and water-proof and will last almost indefinitely. The set consists of two rear springs, one front spring and straps, as illustrated. Shipping wt., 6 pounds.

61B5152—Rebound Check Strap and Springs. **Price, per set** **$2.95**

DON'T FAIL TO SEND FOR A COPY OF OUR AUTOMOBILE ACCESSORY BOOK. IT LISTS A FULL LINE OF ALL THE LATEST AUTO SUPPLIES AT PRICES THAT SAVE YOU FROM 20 TO 40 PER CENT.

REAR END TIRE HOLDER

This is a new design Rear Tire Holder that has met with instant favor. The tires are supported low enough to permit the exhaust pipe to come within the circle of the tire, preventing the damage to the tires by smoke and soot. The tire bracket is made of heavy, malleable iron of rigid construction. It is supplied with a special supporting bracket for holding license pad and lamp in position. The upper supporting arms are made of ⅝-inch cold rolled steel. The illustration clearly shows the method of fastening. There are no holes to be drilled; simply clamp tire bracket to spring, as illustrated. Straps for holding tires on arms and tire bracket to spring, are furnished. Finished in black enamel. This holder is suitable for one or two tires. Furnished with or without license pad holder. Shipping weight, 12 pounds.

61B5148—Tire Holder. Without license bracket. **Price, each** **$1.95**

61B5149—Tire Holder. With license bracket. **Price, each** **2.15**

FORD SPECIALTIES

FORD SNUG FIT TIRE COVERS

Protect your spare tires from the sun, rain, dust and mud. It will add life to the tire, and gives it a much neater appearance when on the holder. It is one that we can recommend to you; one that will give you satisfactory service and protect your tires properly. Made of black enameled waterproof drill. Fits snug and smooth; answers every requirement of a cover at a medium price. A highly tempered flat steel spring is inserted along the buttoned edge, which seals the cover. Special snap glove buttons are also used to keep the cover closed and give it a neat appearance. It is soft, flexible, and will not crack. Weight, 2 pounds.

61B7562—Ford Tire Cover. Size, 30x3. Each **$0.75**

61B7563—Ford Tire Cover. Size, 30x3½. Each ..... **.78**

UTILITY JUNIOR SPARK PLUG PUMP

Especially adapted to small cars using tires up to 4 inches in diameter. The simplest automatic tire pump we know of. All you have to do is to attach the pump to the spark plug hole, set the Automatic Pneumeter Gauge to the pressure desired in the tire, and start your engine—that's all. No danger of overinflation. The Automatic Pneumeter Gauge lets only the correct number of pounds pressure into the tire, then blows off like a safety valve. Made of pressed steel, well finished. Length over all, 7¼ inches. Diameter, 2¼ inches. Length of hose, 10 feet. Shipping weight, 3 pounds.

61B5468—Utility Junior Pump, ½-inch standard connection **$3.95**

FORD IGNITION OUTFIT

You should rewire your car from time to time and avoid loss from leakage of current. This outfit consists of high grade wire, both primary and secondary, cut to correct lengths, and complete with terminals, protected with flexible steel insulation where exposed to grease or oil dripings. Wires furnished in contrasting colors, for easily replacing in proper position. Weight, 14 ounces.

61B5720—Ford Ignition Outfit. Price **75c**

GASKETS FOR FORD ENGINES

These Gaskets are well made, of copper and brass, and lined with asbestos. Set consists of one cylinder head gasket, one cylinder head outlet gasket, one cylinder water inlet gasket, one carburetor, flange gasket, six inlet and exhaust pipe gaskets. We list the set complete. Also will furnish the cylinder head gasket separately.

61B5700—Gasket Set complete. Weight, 12 ounces. Price **27c**

61B5701—Cylinder Head Gasket only. Shipping weight, 8 ounces. Price **17c**

CHALLENGE SHOCK ABSORBERS FOR FORD AUTOMOBILES

These shock absorbers are not only low in price, but are thoroughly efficient and will give satisfactory service. They reduce wear on tires and lengthen the life of the car by absorbing shocks, jolts, etc. Made of malleable iron; springs of steel, finished in black. Easy to apply, as they take the place of the spring shackles and can therefore be applied without removing rear wheels or taking down front axle. Made only for Ford Touring and Roadster cars. Sold only in sets of four. Shipping weight, 13 pounds.

61B5470—For Touring Car. Set of four . **$2.45**

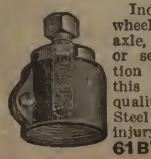
61B5472—For Roadster. Set of four . . . **2.35**

ELECTRIC VIBRATOR HORN

Operated from four or six dry cells or any six volt storage battery. This horn is one of the most practical and efficient vibrator horns that has yet been introduced. It must not be attached to current supplied by the Ford magneto as coil inside of horn will not stand this strong current. This horn consumes very little current, and a set of dry batteries will last nearly an entire season. This Electric Vibrator Horn gives a clear, distinct warning. Operates instantaneously by a slight touch on the push button, which can be installed on the steering wheel or any other convenient place. With each horn we furnish wiring, push-button, and attaching screws. The bell of the horn is of brass, either highly polished or finely nickel plated finish. Body of horn is made of stamped steel, black enamel finish. Takes very little space. Length over all, 5½ inches. We recommend this horn without hesitation. Weight, 3 pounds.

61B5727—Ford Vibrator Horn. Black and Brass. Price **$1.85**

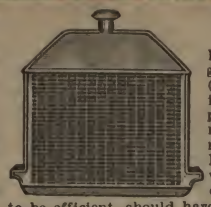
61B5728—Ford Vibrator Horn. Black and Nickel. Price **$1.85**



STEERING GEAR BOOTS

These boots are a great necessity on every Ford car. They make it possible to pack the joints of the steering rods with grease, which does away with the wear, thereby helping to stop the rattle and making it easy to steer. They are made of high grade waterproof leather, and will fit all models of Ford cars. Set consists of three boots, as illustrated. At the low price that we are offering these, no Ford car should be without a set. Weight, 4 ounces.

61B8873—Ford Steering Gear Boots. Price . **58c**



ADJUSTABLE WHEEL PULLER

Indispensable for removing Ford wheels, which, because of a tapered axle, frequently become firmly fixed or set in place. No physical exertion required to disengage them if this Puller is used. Made of best quality gray iron, accurately threaded. Steel screw, round p inted, prevents injury to axle. Weight, 1¼ pounds.

61B7529—Ford Wheel Puller . **25c**

FORD RADIATORS

The radiator we offer here is built of high grade radiator materials (brass and copper). When it comes to efficiency, appearance, strength, lightness and strength, lightness, durability and non-leaking qualities, we invite comparison with other makes. Radiators to be efficient, should have good free air and water space. In the cellular type that we offer, we incorporate this. This radiator is pleasing in appearance, strong and durable, light and efficient. The core positively will not leak, unless submitted to some inordinate strain. Since no head sheets are used in the construction, the annoying and inevitable source of leaks common to most radiators is done away with. You cannot spoil this radiator by letting the water freeze. Shipping weight, 40 pounds.

261B5658—Ford Radiator. Price **$18.50**
Shipped only from factory in Southern Michigan.

LITTLE STEERSMAN FOR FORD CARS

An auxiliary steering device, which gives the driver absolute control over the car on account of the right tension between the front springs and steering rod. Automatically takes up lost motion between steering wheel and road wheels when steering gear is worn, keeping the wheels in perfect alignment. Weight, 2 pounds.

61B7530—Ford Little Steersman, each . . **$2.40**

ELECTRIC LIGHTING OUTFIT FOR FORD CARS

A brand new idea in Lighting Outfits. Used in connection with the gas headlights. Simply place these reflectors with bulbs in the gas headlights and connect wiring with magneto. The bulbs in this outfit are easily removable at back of reflector as illustrated. Reflectors are of spun brass, finely silver plated. Ediswan connections used at bulbs. Two 6 volt, 12 C. P. Tungsten bulbs furnished. New type of flush plate switch to mount right in the dash. Easily attached. Complete instructions furnished. When ordering, give diameter of glass in front door of lamp. Weight, 3 pounds.

61B5498—Lighting Outfit. With 8-inch reflectors. Price **$2.95**

61B5499—Lighting Outfit. With 9-inch reflectors. Price **$2.95**

CHAMPION X SPARK PLUG FOR FORD CARS

This plug is used as regular equipment on Ford cars. It is especially made for the Ford motor. It is well and durably constructed. The electrode is of a special design, and affords a larger explosion chamber than the regular Standard Champion Plug. While especially designed for Ford cars, it will give equally as good satisfaction on other makes of cars using a ½-inch standard pipe thread plug. This plug is furnished in ½-inch size only. Weight, 4 ounces each.

61B7549—Champion X Plug, ½-inch size only. Each **40c**

61B7551—Champion X Porcelains only. Each **25c**

RIVERSIDE SHOCK ABSORBERS FOR FORD AUTOMOBILES

This Shock Absorber gives excellent results on Ford Cars. It eliminates practically all shock before it gets to the body spring. The action on the springs is direct and works directly over the axle. The springs are packed in grease, and lubricate automatically. Encased in neat steel housing. Dust-proof. Grease will not leak out. Finished in baked black Japan. Work well at all speeds, and on all roads. The springs are best quality, thoroughly tested—a great saver on mechanical parts. We recommend this Shock Absorber for Ford Cars. When ordering, please specify whether for touring car or roadster model. Shipping weight, per set, 20 lbs.

61B5462—Riverside Shock Absorbers, Touring Model. Per set of four **$6.75**

61B5463—Riverside Shock Absorbers, Roadster Model. Per set of four **$6.75**

STEERING GEAR ANTI-RATTLING BALL SOCKET

For use on Steering Gear Connecting Rods, where it takes the place of steel cap. Spring behind pivot takes up the wear, and eliminates all rattle from this source. When once attached no further adjustment is necessary. Made of steel, enameled black. Weight, 5 ounces.

61B7533—Non-Rattling Ball Socket. Each **31c**

RADIUS ROD ANTI-RATTLING BALL SOCKET

This device has been on the market for some time, and is known to most drivers of Ford Cars. It is especially designed to eliminate the annoying rattle caused by the wear of cap on the end of the radius rod. It is easily adjusted and attached in a few moments. Made of steel, enameled black. Weight, 12 ounces.

61B7535—Anti-Rattling Ball Socket. Each **40c**

FORD SOCKET WRENCH SET AND HANDLE

This set consists of five hexagon sockets; sizes, ½, 9/16, ⅝, 11/16, ¾ inch, and one oval socket which fits main bearing bolt. Will fit all hexagon head bolts and nuts on Ford Cars. Made of good quality steel, carefully hardened. Weight, 1½ pounds.

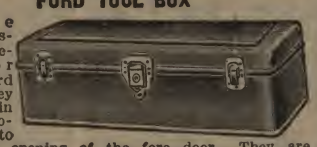
61B5703—Ford Socket Wrench Set. Price . **80c**

RADIATOR CAP FOR FORD CARS

Made of cast brass, highly polished. Has projecting arms, which permit easy removal even when radiator is hot. Accurately threaded and guaranteed to fit the Ford radiator.

Shipping weight, 12 oz.

61B7534—Ford Radiator Cap. Each . . . 30c



RADIATOR COVERS FOR FORDS

These Radiator Covers are especially designed to fit Model T Ford Cars, for protection against freezing. They not only prevent cold air from passing through the radiator, but also protect the entire system from cold. They are made from high grade black enameled cloth, lined with heavy kersey. Front curtain lets down and fastens with snap buttons when car is standing. Weight 1¼ pounds.

61B5723—Radiator Cover. Price **$1.00**

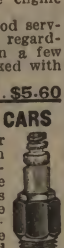
FORD TOOL BOX

These boxes are especially designed for use on Ford Cars. They are made in right proportions to permit the opening of the fore door. They are strongly constructed of heavy gauge steel, beautifully enameled, baked on. The 18-inch box is fitted with Yale lock and lift, while the 22-inch box has two trunk catches and Yale lock, finished in black. Cover fits snugly, protecting contents from dust when on the road, and water when washing the car. Weight, 12 pounds.

161B7539—Ford Tool Box, 18x8x7¼ in. Price **$1.45**

161B7540—Ford Tool Box, 22x9x7¼ in. Price **1.60**

RIVERSIDE MASTER VIBRATOR



A strictly reliable coil for all Ford Cars, except the 1915 Cowl dash model. Neat and substantially made of best materials throughout. Case is made of hardwood, varnished and polished, with brass fasteners. Has kick switch, and cut out plug. By the use of this Master Vibrator, trouble and annoyance usually experienced in trying to keep four different vibrators adjusted, is entirely eliminated. The contact screws of the old coil are simply screwed down, and the adjusting is done by the vibrator, on the master coil only. This gives one single adjustment for all the cylinders, a hotter spark, cleaner plugs, more engine power, and makes starting easier.

This Master Vibrator will give you as good service as any other vibrator in the market, regardless of name, or price. Easily attached in a few minutes. Complete, simple instruction, packed with each vibrator. Shipping weight, 3 pounds.

61B8615—Master Vibrator. Each **$5.60**

SPECIAL SPARK PLUG FOR FORD CARS

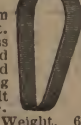
This Spark Plug is made especially for us, by one of the largest manufacturers in the United States. It is of approved design, for use only in Ford motors. The construction is of the very best, all parts are accurately made, and highest grade materials are used throughout. The porcelain is of exceptionally high fire test. The sparking point is of special alloy, designed to give a hot, fat spark. While low in price, this plug will give as good service as any plug now offered to Ford owners, regardless of price. Furnished in ½-inch Standard pipe thread size only. Weight, 4 ounces.

61B7561—Ford Special Plug. Each **30c**

FORD TIRE SAVERS

This model Tire Saver is one of the latest on the market. It has been thoroughly tried out, and we believe it to be one of the lightest, yet strongest and simplest to operate of any tire saver. When once set to the proper height of the wheel on which they are to be used, they lift the wheel with one operation, and no further adjustment. Every Ford owner should have a set, as they will greatly prolong the life of tires. Made of pressed steel, and will last a long time. Shipping weight, per set of four, 13 pounds.

161B7545—Ford Tire Savers. Per set of four **$1.75**



FORD BRAKE ROD SUPPORT

Takes the place of the present Pressed Steel Support on Ford T Cars. Made of malleable iron. The hardened steel ball is held in tension against the brake rod. The ball turns, and does not wear the rod. Can be attached without removing rod. Weight, 18 ounces.

61B5480—Price, per set of two **30c**

FORD FAN BELT

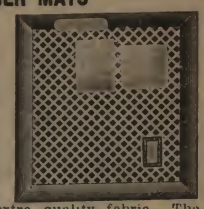
This belt is somewhat different from other leather belts now on the market. It is tanned; also treated by a process which makes it non-slipping, oil and moisture-proof. These belts are treated in such a way that there is a "clinging surface" on the pulley side of the belt that will last until belt is worn out. Perfect in material and workmanship. Weight, 6 ounces.

61B5213—Ford Fan Belt **18c**

FORD FOLDING ROBE RAIL

This Rail is especially designed for use on Ford Cars. Made of ⅝ inch brass finish tubing, fitted with malleable end brackets. It is so constructed that it may be folded back when not in use. Extends out far enough to accommodate a robe, duster or coat. Length, 32 inches. Weight, 1¼ pounds.

61B7508—Folding Robe Rail. Price **50c**



RIVERSIDE BRAKE BAND LINING

Every Ford Car is equipped with a transmission brake, made in three parts. Each part is lined with a strip of brake lining. Being located near the magneto, the lining must not contain brass wire, and practically no cotton. This lining contains no wire. It is impervious to the action of oil, grease, water, dirt, gasoline, or heat, and causing it to have unusual grit, power and durability. Comes put up in box containing three pieces of brake lining cut to fit, and enough copper rivets for attaching. Shipping weight, 24 ounces.

61B5715—Riverside Transmission Brake Lining. Price **53c**

FORD RUBBER MATS

These Rubber Mats are made especially for Ford Cars, either runabout or touring car type. They are of exceptionally good quality, being made of a heavy fabric foundation which overcomes tearing. The rubber used is of a special compound, made to resist wear and give long service. Where the heel rests the mat is heavily reinforced with extra quality fabric. The fabric and rubber are combined under great pressure to make mat compact and tough. Suitable openings are properly placed for pedals and shifting levers. Weight, 4 pounds.

61B7521—Mat for all models except 1915. Price **90c**

61B7522—Mat for all 1915 models. Price **90c**

TOP COVERS FOR FORD CARS

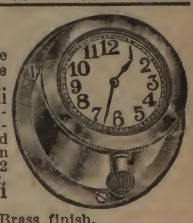
This cover is made to fit the top snugly. It has two straps, as illustrated, which come down over the back of the rear seat, and fasten underneath the cushion. It is supplied with auto top fasteners, providing efficient means for securely fastening same. We can furnish this cover in two grades of material—high grade enamel duck, which is water and dust-proof; or a fine quality of mohair. Weight, 4 pounds.

	Year	Touring Model	Roadster Model	Price
Top Cover,	1913-14	61B5464	61B5465	$2.15
Enamel Duck	1915	61B4959	61B4958	2.15
Top Cover,	1913-14	61B5466	61B5467	3.15
Mohair . .	1915	61B4964	61B4957	3.15

STANDARD MUFFLER CUT-OUT FOR FORD CAR

This outfit comes complete with a high grade cut-out valve of the proper size, a lock pedal, wire cable, and pulley. Can be attached quickly by cutting a V-shaped hole in the under side of the exhaust pipe, then clamping over the top and under part of the exhaust pipe. Not necessary to remove the exhaust pipe or cut any threads. This outfit is time tried and tested and will give perfect satisfaction. Entire outfit is put up in a neat cardboard box. Weight, 2¼ pounds, packed ready for shipment.

61B5717—Standard Cut-Out Set, Complete. Price **48c**



ELECTRIC HEADLIGHT DIMMER AND REGULATING SWITCH

Can be mounted on the dash or any convenient place on the car. It allows the lamps to burn to their fullest capacity, or will dim them to any brilliancy desired. Operates instantly at the turn of the lever, and is adjustable to three or five lamps. With the use of this device you will save much current when car is running or standing. It is positive in action, never fails to work, and can be installed by any one in a few moments time. This device will appeal to auto owners living in cities having ordinances prohibiting glaring headlights. Case made of steel, nickel plated. Diameter, 3 inches. Height, 1⅛ inches. Weight, 1 pound.

61B8530—Electric Head Light Dimmer. Each **$1.85**

AUTO CLOCK

A neat, inexpensive timepiece, that will give excellent satisfaction. The movement is well made, and not easily susceptible to jolting or vibration. Stem wind and stem set. Finished in brass or nickel. Dial 2 inches. Width of clock, 2⅞ inches. Weight, 1 pound.

61B5764—Auto Clock. Brass finish. Price **$1.45**

61B7731—Auto Clock. Nickel finish. Price **1.45**

FORD OIL GAUGE

This gauge always shows just how much oil is in the crank case, thus eliminating the fouling of spark plugs by too much oil or over heating, or scoring of cylinder by the absence of oil. The glass tube is quite thick, and not easily broken. Can be quickly attached by removing lower pet cock, and replaced with gauge. Weight, 4 ounces.

61B5737—Ford Oil Gauge. Plain. Price . . **15c**

61B8761—Ford Oil Gauge. With metal protecting guard around glass. Price **20c**

CYLINDER OIL FOR FORD CARS

Contains no free carbon.

A pale, straw color Cylinder Oil. Especially adapted for Ford Cars. Has high fire test. Ford oil always lubricates. Neither heat nor cold affects its working qualities.

61B5741—One-gallon can. Price **35c**

161B5742—Five-gallon can. Price **$1.55**

161B5743—Half barrel, 30 gallons. Price **$7.80**

161B5744—Barrels, 50 gallons. Price . **$11.50**

Shipping Weight of Oils.

1-gallon can, 8 pounds; half barrels, about 250 pounds; 5-gallon can, 41 pounds; barrels, about 400 pounds.

UNIVERSAL CUP GREASE FOR FORD CARS

This is a superior Cup Grease. Made from pure materials. Especially adapted for use on Ford Cars. We recommend this cup grease to all Ford owners. We believe it will give as satisfactory service as any cup grease you can buy.

61B5745—Universal Cup Grease, 10-pound pail. Price **70c**

161B5746—Universal Cup Grease, 25-pound can. Price **$1.60**

Weight, 12¾ lbs.

A serviceable robe, well made of good materials. One that will keep you warm and comfortable in the coldest weather. The face is made of good quality, two ply green plush with a well raised nap. Full interlined, with an extra heavy rubber drill. The back is black plush of a smooth, soft, well wearing quality.

Storm Blizzard Buffalo Fur Cloth Robe - - $8.45

95B4889—Black
95B4890—Brown

Size, 54x72 inches.

Weight, 11½ pounds.

95B4891—Black **$9.50**
95B4892—Brown

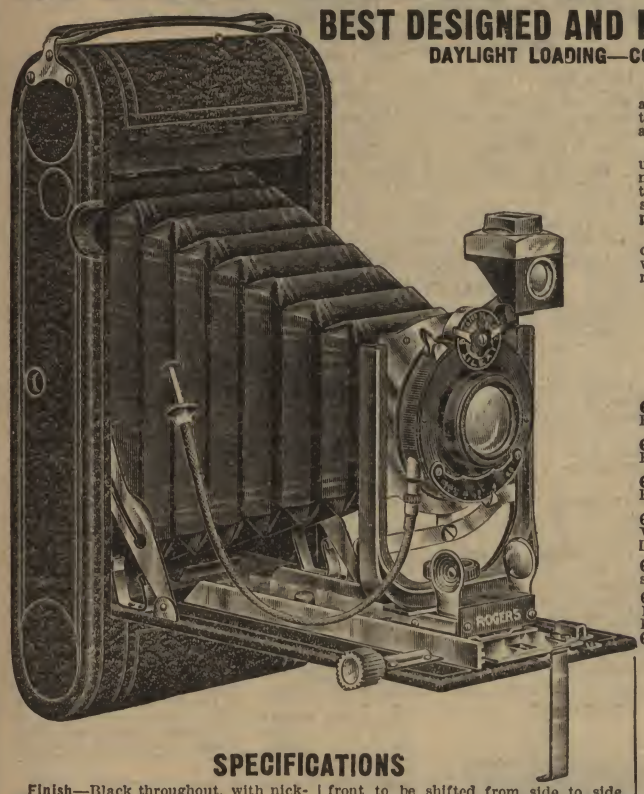
Size, 54x82 inches.

Weight, 12½ pounds.

The best imitation of the genuine buffalo fur to be had, and costs much less than any good fur. Does not wear in spots. No seams to crack or rip. Odorless, very pliable, and easy to wrap around the body. Made of three seamless parts. The face, of black woolfur cloth, with heavy back. Interlining of rubber drill, and a back of handsome black Astrakhan cloth. This robe is practically impervious to the elements, and will give you exceptionally good service at the price. The border, is a double row of fair grade felt and finishes the robe nicely. This is one of the best values that we offer in this style robe, and one that we know, from the experience of our many other customers, will give you good service, and prove just the proper robe for the long cold drive.

Our Riverside tires get there—and get back. Good tires to buy

CAMERAS AND PHOTOGRAPHIC SUPPLIES



Our tremendous purchasing power enables us to quote prices on photographic material that mean an average saving to you of about 25 per cent. On some items we save you as much as 50 per cent of the usual retail prices. This is a saving you should doubly appreciate, as it can be the means of placing this delightful pastime on a more economical basis for you. If photography is a source of your income, it adds just so much more to your profits. The quality of the photographic goods we handle is of the best, far better than is found in many stores. Our experts carefully examine all merchandise, and reject anything that is not up to our standard in every particular. Thus you are assured of getting only the best goods. Our stock of chemicals, paper and plates is always fresh. We are in direct communication with the largest producers in the country, and daily receive new stock from them. You should insist on having fresh materials, as only in that way can the best results be obtained.

We want to do more than sell you your camera, or photographic equipment. We want to help you to produce the best pictures that can be made. The instructions we supply with our cameras, and other apparatus, will help you to master the science of photography as easily as would personal instructions from an expert. If, however, something should arise that you cannot solve, our photographic expert—a man thoroughly versed in every detail of photography—will be more than glad to aid you. He is anxious to help you improve your work, or to help you solve any difficulty which you may encounter. If you cannot make pictures of as fine quality as you want them to be, send him a few sample negatives and prints. He will carefully examine them and point out your troubles, so that you can overcome all difficulties. This assistance is given without charge. We want you to feel free to ask him for help at any time. Address the Photographic Expert, care Montgomery Ward & Co.

ROGERS MODEL K FOLDING ROLL FILM CAMERA

BEST DESIGNED AND MOST CAREFULLY CONSTRUCTED CAMERA WE HAVE EVER OFFERED

DAYLIGHT LOADING—COMPACT—EASY TO OPERATE—CONVENIENT FOR TOURING—EVER READY FOR HOME USE

We believe we are here offering a camera that is better than anything you have been able to get before. This camera is the result of years of planning of several of the most skilled and most experienced photographic men in this country.

From the standpoint of scientific designing and practical utility, we have not seen its equal. It is graceful in design, neat, and ornamental in appearance. Every attention is given to even the minutest detail in the making of the instrument, so you can be absolutely certain that it will produce the best pictures.

Our prices represent what we consider to be the biggest camera values that have ever been made. Every camera is full value. You do not pay for something you may not want, or do not care for—something else that may come along in periodical installments, something that may appear to be free but which you really must pay for with a profit added. Neither do you pay for an extravagant amount of expensive advertising, that brings no benefits to you, advertising that costs real money and lots of it; neither do you pay for an expensive high-profit system of distribution through dealers. We give you all you pay for right in the camera, and we think we are offering the greatest values ever put into a camera. We can only offer you these great values because of our great purchasing power and our economical way of doing business. If you have any doubts as to the merits of this camera, try it any reasonable length of time. See what it will do. Compare its value, its design, its construction, or its appearance to any other camera you wish. It will prove its value.

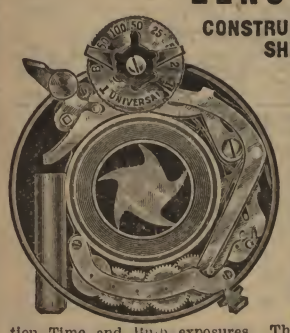
SPECIAL FEATURES ON OUR MODEL K CAMERA

Even if put on an **equal** basis of price and perfection of construction with other cameras we have still much to offer in the way of special and exclusive features—enough to warrant your buying the camera on this basis alone.

The front lens supporting frame. It is made in one piece, of light, strong cast aluminum. This is a great improvement over the old method, of suspending the lens between two separate uprights, which in turn are riveted onto a thin, brass plate. Our construction means rigidity right where you need it. You can lift our camera by the top of the lens support and shake it, and the front won't wobble a bit! Try this with some other camera. Our construction means that your lens will always be parallel with the film. It won't get bent out of position. It means that your pictures will be sharp and distinct all over. There will be **no** blur nor distortion at the edges because of a crooked front. Further, this front is so perfectly made, that it will always remain true and rigid, even after long strenuous use.

The focusing device. When the front is drawn out, it automatically stops and locks in focus for a general view. If nearby objects are to be photographed, the front is quickly and smoothly moved out by the rack and pinion device, while you are holding the camera in position to locate the view, and you can immediately snap the picture. The rack and pinion are positive in action, and the front stays where you put it. It won't creep and spoil the focus. This will prevent spoiled pictures, and will save you many a negative that you might highly prize.

The View Finder on this camera is a particularly clever device. No matter whether the picture you take is vertical or horizontal, the view finder will show an exact reproduction of the completed picture. The possibility of leaving off part of your subject—the head or feet for instance—is entirely eliminated. It is the only view finder we have so far seen that will exactly and reliably serve its intended purpose. The exact accuracy of this finder is due to its special design and careful construction. It is so designed that the view shown is confined to either horizontal or vertical pictures, as the case may be, instead of showing both and leaving it to your eye to judge what will be shown on the film, as is the case with most other finders.



The illustration shows the finder on the 3A size camera. The 1A and No. 3 finders do not have such a high-walled top plate, but are so designed that they are equally effective in results.

A new and exclusive, patented feature, is the **concealed spool-holding device,** which eliminates the necessity of spool centers for holding the roll film. As a result, our camera can be loaded in half the time required to load other roll-film cameras, and the film winds smoothly and surely, always perfectly centered. Another important feature is its **sure locking back,** which cannot come off through jar or accident. The inside of the back has a **film-aligning plate,** which holds the entire length of the exposed film in the exact focal plane, absolutely without curl or buckle. This eliminates the lack of sharpness in any portions of the picture. The whole film will always be in the exact focal plane.

The lens and shutter equipments are in keeping with the general fineness of design and construction. We have selected for this camera only the best equipment. Lenses that are as near optically perfect as they can be. Lenses that will produce pictures that are sharp and clear with a detail and perspective difficult to equal. Shutters that are mechanical perfection; the most reliable, most accurate, most durable of any we have examined. These various lens and shutter equipments are fully described below.

LENS AND SHUTTER EQUIPMENT USED ON MODEL K CAMERAS

CONSTRUCTION OF THE SHUTTER

Modern photography, with its high speed exposures, extra rapid films and plates, demands a shutter that can be relied upon to automatically produce exposures varying from one second to 1/100 or even 1/300 of a second, and in addition Time and Bulb exposures. The shutter must further produce these exposures with unfailing accuracy, and exactly the same every time. We believe that Ilex shutters are nearer perfection in this respect than any others made. The cog wheel retarding device used insures absolute accuracy. The various exposures are made with uniform precision. You can be assured that when you set the shutter at 1/25 second exposure, the exposure will be 1/25 of a second. Likewise you will get the same accuracy at 1 second or 1/300 of a second. And you will get this accuracy under all conditions, at any time. We do not believe that there are any other shutters that equal the Ilex in these respects.

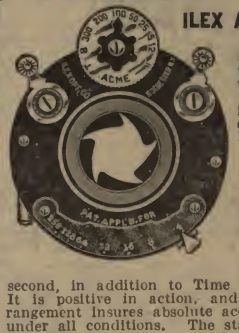
ILEX GENERAL SHUTTER

This shutter is automatic in action. Requires no setting. It may be operated by finger or wire release. The Ilex wheel arrangement embodied in its construction gives absolutely accurate exposures at 1/100, 1/50, 1/25, 1/10 and 1/5 second in addition to the Time and Bulb exposures. The star shaped opening insures a maximum amount of even illumination.

RAPID RECTILINEAR LENS

This is a fine quality, double Rectilinear Lens, working at a speed of F:8. It is finely corrected and produces pictures of the best quality. It gives brilliant definition, fine detail, ample speed for all ordinary requirements and will be found entirely satisfactory for landscape pictures, portraits, flashlights, views of buildings, groups and general instantaneous photography. The quality of pictures produced by this lens is excelled only by the higher priced anastigmat lenses.

ILEX UNIVERSAL SHUTTER



Automatic in operation. Requires no setting. Can be operated by finger or wire release. The Ilex wheel arrangement embodied in its construction gives absolutely accurate exposures of 1/150, 1/100, 1/50, 1/25, 1/5, 1/2 and 1 second in addition to the Time and Bulb exposures. The star shaped opening insures a maximum amount of even illumination.

ROGERS F 7.7 ANASTIGMAT LENS

This is a fine quality, carefully corrected Anastigmat Lens. The pictures produced are snappy, brilliant and sharp to the very edges. Even when used at the largest diaphragm opening the image is sharply defined on the entire negative. This is an excellent lens for every purpose, and its negatives will stand almost unlimited enlargement. It is fully corrected in every respect and is the equal of any similar lens on the market and superior to most. For portraits, landscape pictures, flashlights and general photography this lens will be found highly satisfactory.

ILEX ACME SHUTTER

This is a high speed shutter. It takes the front rank with any of the high grade shutters and incorporates every desirable feature known in between-the-lens shutters. It is automatic on time and bulb exposures, but must be set for the various instantaneous speeds. Has speeds of 1/300, 1/200, 1/100, 1/50, 1/25, 1/5, 1/2 and 1 second, in addition to Time and Bulb exposures. It is positive in action, and the Ilex wheel arrangement insures absolute accuracy on all speeds, under all conditions. The star shaped opening of the shutter insures a maximum amount of even illumination.

VOIGTLANDER RADAIR LENS

This is a finely corrected, high grade Anastigmat lens, working at a speed of F:6.8. It is made by the famous Voigtlander factory, whose name alone is a guarantee of fine quality. For all around photography such as the average photographer usually attempts, this lens will produce the best results, even under unfavorable conditions. The negatives it produces are so perfect in sharpness and detail that they can be enlarged to any desired size.

For Parcel Post Shipments, add sufficient postage. See Page 4 for rates

ROGERS JUNIOR ROLL FILM CAMERA

CAN BE ADAPTED TO USE DRY PLATES OR FILM PACKS BY USE OF ATTACHMENT LISTED WITH OUR MODEL K CAMERA

PRICES $5.10 TO $10.20

Price considered, you can hardly do better than to purchase one of these Rogers Cameras. An unusual opportunity to get a highly efficient, daylight loading Roll Film Camera at a great saving. In general characteristics, all numbers of the Rogers Junior are identical. They are constructed to open vertically, the type preferred by a large number of users; the ends are fully rounded, giving them a most pleasing appearance, and adding to the ease with which they can be slipped into the pocket; they are equally suitable for landscapes, groups, or home portraits. The body of the camera is constructed almost entirely of reinforced aluminum, black enameled; the wearing parts are of brass, nickel-plated and polished. The body is covered with the finest quality of triple coated keratol, extra strong and durable. This covering is made for this purpose, and is far superior to the cheaper grades of leather and keratol generally used on similar cameras.

A new and exclusive patented feature, is the concealed spool-holding device, which eliminates the necessity of spool centers for holding the film roll. As a result, the Rogers Junior can be loaded in half the time required to load other roll film cameras, and the film winds smoothly and surely, always perfectly centered.

Another important feature of the Rogers Junior is its sure-locking back, which cannot come off through jar or accident. The inside of the back has a film-aligning plate, which holds the entire length of the exposed film in the exact focal plane, absolutely without curl or buckle. This eliminates the lack of sharpness in certain portions of the picture, due to parts of the film not being in the exact focal plane.

For persons who desire a practical camera of small size, we especially recommend the Rogers Junior Camera, size, 2¼x3¼. In our opinion, this is the very best value offered in cameras of this size.

It is small enough, but of such practical design and construction that it can be relied upon to produce good pictures every time. The construction is very sturdy; the design is highly efficient. The quality of this line of cameras far exceeds that usually found in other brands costing more than ours, and our prices are very low, you will admit.

In fact, taking all these important points into consideration, you can't do better than to join the already large number of our customers now using the Rogers Cameras.

SPECIFICATIONS AND EQUIPMENT

Size Camera—(2¼x3¼ picture), 7¼x3⅝x1 7/16 inches; (3¼x4¼ picture), 8¼x4½x1¾ inches; (2½x4¼ picture), 8¼x3 13/16x1¾ inches; (3¼x5½ picture), 9½x4⅝x1¾ inches.

Weights—2¼x3¼ size, about 22 oz.; 2½x4¼ size, about 24 oz.; 3¼x4¼ size, about 28 oz.; 3¼x5½ size, about 32 oz.

Capacity—12 exposures, without reloading.

Finish—Black throughout, with metal parts nickel plated.

Body—Strong, compact, and light. Covered with finest quality seal grain keratol.

Finders—Each camera is equipped with a brilliant, reversible, hooded finder. The finder is so constructed that the lens and mirror are readily accessible for cleaning.

Tripod Sockets—Two. For vertical and for horizontal pictures.

Bellows—Genuine black leather, gossamer lined.

Lens—The Rogers Juniors are supplied fitted with either a specially tested universal focus achromatic meniscus lens, or a double rapid rectilinear, speed U.S:8. All lenses are specially selected, and rigidly tested for accurate focusing, insuring clear, sharp pictures every time.

Shutter—The shutter is a special Ilex-model, with a handsome aluminum facing, which adds greatly to the beauty of the camera. The No. 1A (2½x4¼), No. 3 (3¼x4¼), and No. 3A (3¼x5½) shutters provide time, bulb, and three instantaneous speeds, 1/25th, 1/50th and 1/100th of a second; while the No. 1 (2¼x3¼) shutter works at 1/25th and 1/50th of a second, as well as time and bulb. In our opinion there are no cameras on the market at equal prices with such high grade lens and shutter equipment.

ROGERS MODEL J ROLL FILM CAMERA

CAN BE ADAPTED TO USE DRY PLATES OR FILM PACKS

The Ideal Camera for use on trips. Specially suitable for use around the home, as it can be adapted to use either film packs or dry plates. This camera is made to open horizontally, a feature which is a decided advantage, as fully 80 per cent of all pictures are taken horizontally. It is one of the best constructed cameras on the market. Every part is rigid and durable, and the whole camera has a graceful and ornamental appearance. The lens is mounted in the extra wide, U-shaped aluminum standard, equipped with two racks, and pinions for raising, lowering, or sliding the lens from side to side, thus enabling the operator to adjust the sky or foreground in either vertical or horizontal pictures, without tilting the camera. Because of the short distance between the lens and the bed plate, there is no chance of the lens getting out of optical adjustment with the sensitive film. The bed plate is provided with a built-in rack and pinion, and a self-aligning focusing scale, which insures quick, easy, and accurate focusing. The back slides in grooves, and locks automatically; therefore cannot fall off or be removed accidentally. This camera is made to take either roll (cartridge) film, film packs, or dry plates. The roll film is used without the aid of adapters. Plates or film packs are used with the aid of our 62B6181-3 adapter. This adapter takes the regular Premo style plate holders, or film pack adapter, which we supply at very reasonable prices.

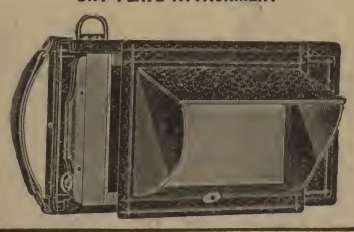
SPECIFICATIONS

Body—Hardwood with aluminum back and bed, covered with fine seal grain leather.
Bellows—Black leather, gossamer lined.
Rack and Pinion—Focus movement, with improved focusing scale.
Front—Rigid U-shaped metal front. Rising and falling, also side shift, both operated by rack and pinion.
Focal Capacity—No. 3, 7 inches; No. 3A, 8¼ inches.
View Finder—Brilliant, reversible, hooded. Separable, so that it can be easily cleaned.
Tripod Sockets—Two (for horizontal or vertical pictures).
Dimensions—(Closed). No. 3 (3¼x4¼ picture), 1⅞x4⅝x8⅜ inches. No. 3A, Post Card (3¼x5½ picture), 1⅞x4¾x9⅝ inches. Shipping weight, 2¼ and 3¾ lbs.

LENS EQUIPMENT

Rogers Rapid Rectilinear—A high grade, double lens. Speed U.S: 4 (F: 8).
Voigtlander Radiar Anastigmat—A high grade anastigmat lens of acknowledged merit. Speed F: 6.8.

SHUTTER EQUIPMENT



Ilex General Shutter—Automatic in operation. Has time, bulb, and instantaneous exposures of 1/100, 1/50, 1/25, 1/10 and 1/5 second.
Acme—A high grade Shutter, ranking with the Compound and Optimo. Sets with a side-lever. Has time, bulb, and instantaneous exposures of 1/300, 1/200, 1/100, 1/50, 1/25, 1/5, 1/2 and 1 second.

INGENTO No. 1 CAMERA, IMPROVED MODEL

For compactness, ease and speed of operation, and quality of results produced, this Camera is in a class by itself. It can be conveniently carried in the hip pocket or a lady's purse. Press a button and the camera opens, ready for instant use. The Model A is a universal focus Camera and requires no focusing. Model B and the Special Model have a special focusing device enabling the camera to be instantly focused on any subject. The lens and shutter equipment of Model A will be found satisfactory for general photography. The equipment of Model B will give better results and adapt the Camera to a broader field, while the equipment on the Special Model is the best obtainable, and will produce pictures of superior quality which can satisfactorily be enlarged to 8x10 size, or even larger. The lens and shutter equipment are the best obtainable and all that could be desired. The pictures made are large enough to make satisfactory contact prints, and when wanted larger, they can be easily enlarged. These models are all very desirable for the advanced photographer who wants a compact camera, and serve their purpose excellently.

ROGERS FOLDING PLATE CAMERAS

USE DRY PLATES AND FILM PACKS WITH AN ADAPTER

FOR THE EARNEST PHOTOGRAPHER WHO WOULD MAKE PHOTOGRAPHY A REAL HOBBY, OR WHO WISHES TO PRODUCE THE BEST POSSIBLE PICTURES UNDER THE WIDEST RANGE OF CONDITIONS AT THE LEAST EXPENSE, THESE CAMERAS ARE RECOMMENDED.

ROGERS FOLDING CAMERA, MODEL IV

This High Grade Camera is almost as low in price as the cheapest Folding Plate Camera offered by many, yet it is of the best design and construction—well made in every detail. We consider it to be one of the best Camera values ever offered. It has a fine quality Double Rapid Rectilinear Lens, and a Shutter which will enable you to make snap shots, home portraits, landscapes, groups, etc. Very simple and easily operated. Has ground glass screen for accurate focusing. It is also equipped with a view finder, and a distance scale for focusing without using the ground glass screen. This is an excellent value, moderately priced Camera that will make good pictures.

DETAILS OF EQUIPMENT

LENS—Double Rapid Rectilinear. Speed F:11 (U. S. 8).
SHUTTER—Ultro, with wire release. Automatic in action. Has time, bulb and instantaneous exposures.
CAMERA BOX—Ebony finish. Rounded, dovetailed corners. Covered with walrus grain genuine leather.
BELLOWS—Black leather, gossamer lined.
FRONT—Solid mahogany. Ebony finished. Rising and falling.
CAMERA BED—Aluminum. Leather covered. Reinforced.
VIEW FINDER—Brilliant, reversible, metal bound, and hooded.
BACK—Spring actuated, removable. Fitted with ground glass panel for focusing.
TRIPOD SOCKETS—Two, adapting Camera for use on tripod, either horizontal or vertical pictures.
FOCUSING SCALE—Attached to bed of Camera, so that subjects can be located without using ground glass screen.

ROGERS FOLDING CAMERA, MODEL V

This is an Ideal Camera for general all-round use. Equally suitable for the beginner, the amateur, or the commercial photographer. Its equipment permits making a great variety of pictures—landscapes, portraits, groups, moving objects, buildings, etc.—and its compactness makes it very easy to carry around. Equipped with a ground glass focusing screen, and a rack and pinion, so that each picture can be sharply and exactly focused before exposure is made. Has an accurate view finder, and a focusing scale, so that the picture can be made without the necessity of focusing it on the ground glass.

DETAILS OF EQUIPMENT

LENS—Rapid Rectilinear. Speed F:8 (U. S. 4).
SHUTTER—Regno Safety, with wire release. Has time, bulb and automatic exposures of 1/100, 1/50, 1/25, 1/5, 1/2 and 1 second.
RACK AND PINION for fine focusing. **BELLOWS**—Long, black leather. Gossamer lined.
CAMERA BOX—Ebony finished. Covered with walrus grain, genuine leather. Rounded, dovetailed corners. **FRONT**—Solid mahogany, ebony finish. Rising and falling.
CAMERA BED—Aluminum. Leather covered. Reinforced.
VIEW FINDER—Brilliant, reversible, metal bound and hooded.
TRIPOD SOCKETS—Two, adapting Camera for use on tripod in making either horizontal or vertical pictures. **BACK**—Spring actuated, removable. Fitted with ground glass panel for focusing.
FOCUSING SCALE—Attached to bed of Camera, so that subjects can be focused without using ground glass screen.

ROGERS FOLDING CAMERA, MODEL VI

Uses Dry Plates or Film Packs, with the aid of a Film Pack Adapter. Finished in black, throughout. Metal Parts Nickel Plated.

We particularly wish to direct your attention to this Camera, as it is a model that combines many desirable features and yet is compact, strongly made and light in weight. This Camera will meet every requirement of the advanced amateur or professional photographer, yet is so simple the beginner can readily operate it. It is finely finished in black, with nickeled trimmings.

Is adapted for all general photography. In addition, its extra long bellows permits the single combinations of the lens to be used in making copies, enlargements, and for all long distance work.

It has a ground glass for focusing, also a view finder and distance scale, so that pictures can be made without focusing on ground glass, if desired.

Around the house, we recommend that dry plates be used in making negatives. For traveling, when a few pounds in the weight of the equipment becomes a factor, we recommend the use of the film pack, as a pack of films weighs but a few ounces.

DETAILS OF EQUIPMENT

LENS—Rapid Rectilinear. Three focus convertible. Speed F:8 (U. S. 4).
SHUTTER—Auto, with wire release. Automatic in action. Has time, bulb and automatic exposures of 1/100, 1/50, 1/25, 1/5, 1/2 and 1 second.
RACK AND PINION—For fine focusing. Swing back and bed.
BELLOWS—Extra long black leather. Gossamer lined.
CAMERA BOX—Ebony finished. Covered with walrus grained genuine leather.
FRONT—Solid mahogany, ebony finish. Rising and falling.
CAMERA BED—Aluminum. Leather covered. Reinforced.
VIEW FINDER—Brilliant. Metal bound and hooded.
TRIPOD SOCKETS—Three, one in bed, one in bottom of box, one on side.
BACK—Spring actuated, removable. Fitted with ground glass panel for focusing. Attached to bed.

ROGERS FOLDING CAMERA, MODEL VIII

Long Focus-Revolving Back. Uses Dry Plates or Film Packs, with the aid of a Film Pack Adapter.

This Camera is designed especially to meet the requirements of the advanced amateur, view man, and scientific worker. It is, however, simply and easily operated, making it also an ideal camera for the beginner who wants to take up every branch of photography.

This Camera is specially designed to be used on a tripod, using the ground glass in the back for focusing. However, it can be used as a hand camera, as each one is fitted with a focusing scale and brilliant view finder. It is one of the best folding cameras made for all-round work, such as the making of views, groups, portraits, pictures of buildings, snap shots, etc., and its extra long bellows adapt it for special uses, such as enlarging, copying, and the making of telephoto pictures. The revolving back permits the making of either horizontal or vertical pictures, without removing the camera from the tripod. The swing back makes it possible to take pictures of high buildings, etc., without distorting the lines of the picture. The bed may also be dropped down for making wide angle pictures. This camera is very compact, comparatively light, and strong.

SPECIFICATIONS AND EQUIPMENT

CAMERA BOX—Ebony finish. Corners dovetailed. Covered with walrus grain leather.
CAMERA BED—Solid mahogany, ebony finish. Attached to Camera with piano hinges.
FRONT—Rising, falling and sliding. **BELLOWS**—Black leather. Lined with gossamer cloth.
TRIPOD SOCKETS—Two (one in bed of camera). Removable lens board.
BACK—Revolving, with ground glass focusing screen. **SPIRIT LEVEL**—Attached to bed of Camera.
RACK AND PINION—For fine focusing. Swing back and bed.
VIEW FINDER—Brilliant, reversible, metal-bound and hooded.
LENS AND SHUTTER—Choice of equipments, as listed below. **METAL PARTS**—Brass, nickel-plated.

Our fine "Zero" bottles keep liquids steaming hot or icy cold

WE WILL DO YOUR

DEVELOPING—PRINTING—ENLARGING

We have established this Department for the convenience of those who have not the time, inclination or equipment to finish their own pictures, and want the best possible pictures that can be produced from their plates or films. Our plant for developing, printing, and enlarging is equipped to turn out the finest work that can be produced. Only the most modern methods and appliances are used. We make the very best negative from your film that can be made and assure you that all prints will be the best that can be made from the negatives.

Directions for Sending Films or Plates to us. When sending in your films or plates to us, mark the package as follows:

To MONTGOMERY WARD & CO.,
Photo Finishing Department,
CHICAGO.

Be sure to put your name and address on the package, preceded by the word "From," so we will know who it is from. Roll Film sent in should be packed in a box, carefully wrapped and marked. Do not put a spool of film loosely in an envelope as it will surely cut its way out before reaching us and get lost. Film Negatives sent to be printed, or for enlarging, should be placed flat between two pieces of cardboard wrapped, tied and addressed, as directed above. Glass Negatives sent for printing or enlarging should be placed face to face, wrapped and placed in their original box. The box of plates should then be placed in a larger box for shipment, and surrounded with sufficient protective packing material. Films or Plates may be sent by Parcel Post or Express—whichever is most convenient for you. Be sure that the package is securely packed, wrapped, and correctly marked. **Do not enclose your letter of instructions and remittance with the film or plates. Send it separately by mail. This will prevent mistakes, and insure your order receiving prompt and careful attention.**

TERMS OF PAYMENT FOR DEVELOPING AND FINISHING

Sufficient money should be enclosed with your order to pay the entire cost of developing the films, and to pay for all prints from every negative, figuring that all will be good. In case some of the negatives are not good enough to print from, we will make prints only of the good negatives, charging only for the prints actually made, and return the balance due you. **For example,** if you send us 2-12 exposure 2½x4¼ film, with instructions to develop them, and make one velvet print of each negative, you would arrive at the amount necessary to remit, as follows:

Developing two rolls of film	$0.15
Printing 24, 2½x4¼ velvet prints at 4c	.96
Total	$1.11

If, however, three of the negatives happen to be poor, we will make only 21 prints, and return to you 12c.

For another example, say you send us 8 rolls of 3¼x5½ film, 3-12 exposure, and 5-6 exposure, with instructions to make a velvet print from each good negative. The total amount to send would be figured as follows:

Developing 8 Roll Film	$0.45
Printing 66 3¼x5½ prints at 5c	3.30
Total	$3.75

In case, however, there should be 10 poor negatives, we would then only make 56 prints, and return to you 50c.

DEVELOPING

PRICES FOR DEVELOPING ROLL FILM

The prices for developing Roll Film are the same for all sizes of film. We make no distinction as to size, or number of exposures to the roll.

Price, for developing one Roll Film **10c**
For each additional Roll **5c**

Prices for Developing Film Packs.

The price for developing Film Packs is 28c per pack, of 12 exposures, regardless of size or quantity.

Shipping weights of film negatives: 6 negatives, 3 ounces; for each additional 6 negatives, 1 ounce additional.

PRINTING

All prints are made on very best grade of regular weight gaslight paper. Unless otherwise specified, we will finish the prints in black and white, on velvet surface paper. Unmounted prints are made with accurately trimmed white borders. Mounted prints are put on cards with finely embossed borders and are mounted with dry mounting tissue, so that they lie perfectly flat.

Price List.

Postcards	5c	*7c	6c	*8c

*Post Cards, mounted in slip-in mounts.

ENLARGING

Have enlargements made of your best negatives. All enlargements are made on gaslight developing papers only. Enlargements made on this paper are superior to those made on bromide paper. They possess greater brilliancy, and better detail. As gaslight paper is made in numerous grades and surfaces, one can be selected which exactly suits the negative.

Most good negatives, that are reasonably sharp, will enlarge satisfactorily about four times. For instance, a 14x17 enlargement can be made from a 3¼x4¼ negative. Negatives that are made with anastigmat lenses can often be enlarged to even greater dimensions, if desired. In case a larger enlargement is ordered than the sharpness of the negative will permit, we reserve the privilege of making the enlargement as large as the negative will permit, charging only for the size made. Also if seplas are ordered where a satisfactory picture can be made in black and white only, we will send the black and white. Unmounted enlargements have accurately trimmed white borders. Mounted enlargements are dry mounted, on the best grade of mounting board.

Price List.

Size of Enlargement, Inches	Black and White: Unmt'd each	Black and White: Mounted each	Sepia: Unmt'd each	Sepia: Mounted each

WE FINISH ALL WORK PROMPTLY

Our facilities are the best for handling, developing, and finishing speedily. Work sent in for developing only, printing only, or enlarging only, returned the day following receipt. Work for developing and printing, or for developing and enlarging, requires two days.

LET US SUPPLY YOU WITH A

COMPLETE DEVELOPING AND FINISHING OUTFIT

For those who wish to do their own developing and finishing but do not know just what materials to select, we offer these complete outfits. Our Giant outfits contain only the finest grade of materials and are very complete.

Our Junior outfits contain everything necessary to properly develop and finish pictures at the lowest cost. These outfits are not as large and complete as our Giant Outfits, yet all equipment is strictly high grade, and strong and serviceable.

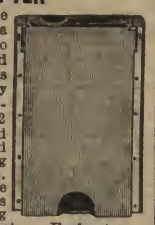
IMPROVED DOUBLE PLATE HOLDER



With Patented Light Trap and Wooden Bar for Holding Plate. Made to fit all Rogers, Black Beauty, Seneca, Premo, Century and Conley Plate Cameras. We consider these the best Plate Holders on the market. Comparison with other holders will verify this statement. Made of seasoned cherry. Grooves are accurate and smooth, insuring a perfect fit and freedom of action. The patented Light Trap makes it impossible to fog plate when inserting slide. Wooden bar holds plates securely in position making it easy to load the holder. These holders are fitted with specially lacquered black pressboard slides that will not electrify, collect dust, crack or split. One side of slide handle is blackened, making it easy to indicate which plate has been exposed. One plate holder is included with every Plate Camera, and we advise the purchase of five additional ones, as six holders will just hold the contents of one box of dry plates.

Article Number	Price Each	For Camera Size Inches	Outside Dimensions of Holders Inches	Weight

62B6532	68c	6½x 8½	7 1/2 x10¼	9 oz.
62B6533	69c	6½x 8½	7 13/16x10⅛	11½ oz.
62B6534	86c	8 x10	9 3/8 x11⅞	15 oz.

When ordering Plate Holders or Film Pack Adapters, to fit a camera you already have, be sure to observe the outside dimensions of the plate holders in the camera and specify article number to correspond. When ordering holders or adapters to fit a camera you are selecting, specify that they are to fit the camera ordered.

FILM PACK ADAPTER

This is a device having the general size and appearance of a plate holder, and enables you to use film packs with any standard size plate using camera. It is so constructed that the pack may be loaded into it in open daylight. It has a capacity of 12 exposures without reloading, and any exposed film may be removed at any time without disturbing the remaining unexposed films. The adapter is inserted in the back of the camera, the same as a plate holder, exposures being made the same as with glass plates. Each picture can be focused, if desired. These adapters will fit any Rogers, Black Beauty, Premo, Seneca, Conley or Century Plate Cameras. Weight, 2 to 5 ounces each.

Article Number	Price Each	For Camera Size, Inches	Outside Dimensions
62B6541	$0.75	3¼x4¼	3¾x5 11/16
62B6540	.78	3¼x4¼	4x6

* Takes 3x5¼ Film Pack.
† Takes 3¼x5½ Film Pack.

SUPPLEMENTARY LENSES

To be used in connection with the regular lens on the Camera. Made to fit over the hood of 3¼x4¼, 4x5, 3¼x5½, and 5x7 in. lenses, measuring not over 1 7/16 in. in diameter. Frames are black enamel finish. Shipping weight, of any lens, 3 oz.

Portrait Lens

Enables anyone, with a folding Camera, to make portraits in which the faces are distinct, soft and natural. Price

62B6550—Size, diameter, ⅞ in. 36c
62B6551—Size, diameter, 1 5/16 in. 38c
62B6552—Size, diameter, 1 7/16 in. 40c

Copying and Enlarging Lens

Used with the ordinary short bellows Camera. This lens will enable one to copy other pictures or photograph small objects, to their full size or even larger. Price

62B6553—Size, diameter, ⅞ in. 36c
62B6554—Size, diameter, 1 5/16 in. 38c
62B6555—Size, diameter, 1 7/16 in. 40c

Wide Angle Lens

Increases the angle of any ordinary folding Camera Lens, adapting it especially for making interior pictures. Price

62B6556—Size, diameter, ⅞ in. 36c
62B6557—Size, diameter, 1 5/16 in. 38c

Telephoto Lens

Useful in photographing distant objects, to make them larger than an ordinary lens would make them. Price

62B6559—Size, diameter, ⅞ in. 36c
62B6560—Size, diameter, 1 5/16 in. 38c

Ray Filter

Produces pictures in which the color values are correct. Makes landscape pictures more brilliant and snappy. Will enable you to produce pictures with cloud effects. When using this filter three times the ordinary exposure is required. Price

62B6562—Size, diameter, ⅞ in. 36c
62B6563—Size, diameter, 1 5/16 in. 38c
62B6564—Size, diameter, 1 7/16 in. 40c

Duplicator

A device enabling you to photograph one person in two different positions in the same picture, or to blend two different subjects into one picture. Many interesting and amusing pictures can be made with it. Price

62B6565—Size, diameter, ⅞ in. 16c
62B6566—Size, diameter, 1 5/16 in. 17c
62B6567—Size, diameter, 1 7/16 in. 18c

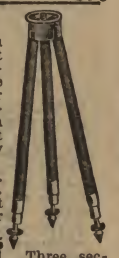
COMPLETE SUPPLEMENTARY LENS SET

62B6580—This set of Supplementary Lenses consists of one Portrait Lens, one Copying Lens, one Telephoto Lens, one Wide Angle Lens, one Ray Filter, and one Duplicator put up in a fine covered wood case. The lenses are adjustable to fit any ordinary 4x5 in. or 5x7 in. lens not over 1 5/16 in. diameter. This set of lenses will greatly increase the scope of work of any Camera. Shipping weight, 15 oz.
Price $2.60

COMPACT COMBINATION WOOD TRIPOD

The most convenient form of wooden Tripod. Has detachable wood head. Each leg is made in three parts. The top section folds back upon the middle section, and the bottom section slides into the middle section. When set up, the legs are securely locked to the top, making the tripod very rigid, and avoiding any possibility of becoming detached. Can be used with any make of camera. Is strong and will give good service. Constructed of selected maple, length closed, 22½ in. Extended, 56 in.

62B6590—Compact Tripod. For 3¼x4¼, 4x5 or 5x7 in. Cameras. Weight, 2¼ lbs.
Price **$1.30**



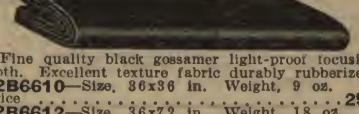
62B6592—Compact Tripod. For 5x7, and 6½x8½ in. Cameras. Weight, 3¾ lbs.
Price **$2.20**

62B6594—Compact Tripod. For 8x10, and 11x14 in. Cameras. Weight, 4½ lbs.
Price **$2.90**

LIGHT WEIGHT SLIDING TRIPOD

62B6596—Light weight Tripod. Made of spruce. Suitable for light 4x5, 3¼x5½ in. or smaller Cameras. Length closed, 30¼ in. Length extended, 56½ in. Weight, 20 oz. Price **57c**

TELESCOPIC METAL TRIPOD



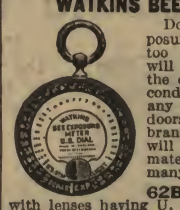
These tripods are very light in weight, and very compact. While not as strong and rigid as the wood tripod, they are satisfactory for use with 4x5, 3¼x5½ in., or smaller cameras. They are especially desirable for use with Film Cameras when making time exposures. On account of their compactness are very handy when traveling.

62B6600—Telescopic Metal Tripod. Three sections. Length, closed, 15 in. Extended, 39¼ in. Suitable for light weight 3¼x5½, 4x5 in., or smaller cameras. Weight, 15 oz.
Price **$1.35**

62B6602—Telescopic Metal Tripod. Three sections. Length, extended, 43¼ in. Length, closed, 17 in. Adapted to light, 3¼x5½, 4x5 in. and smaller cameras. Weight, 15 oz. Price .. **$1.55**

62B6604—Telescopic Metal Tripod. Four sections. Length, extended, 49½ in. Closed, 16¾ in. Suitable for all 4x5, 3¼x5½ in. or smaller cameras. Weight, 22 oz. Price **$1.95**

FOCUSING CLOTH



Fine quality black gossamer light-proof focusing cloth. Excellent texture fabric durably rubberized.

62B6610—Size, 36x36 in. Weight, 9 oz.
Price 25c

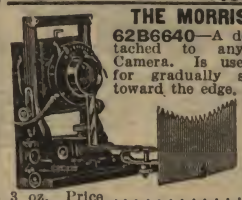
62B6612—Size, 36x72 in. Weight, 18 oz.
Price **50c**

WATKINS BEE EXPOSURE METER

Don't try to guess time of exposure required—you will make too many mistakes. This meter will quickly tell you exactly what the exposure should be under any conditions of light or weather, at any time of the day or year, indoors or outdoors, with any brand of plates. Use it, and you will quickly save its cost in the materials you save, and avoid many disappointments.

62B6626—Bee Meter. For use with lenses having U. S. diaphragm scale. Weight, 3 oz. Price **$1.10**

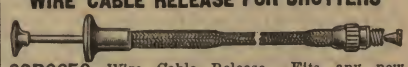
62B6628—Bee Meter. For use with lenses having F. diaphragm scale. Weight, 3 oz. Price . **$1.10**



62B6630—Extra Sensitized Discs. Sufficient for 500 exposure tests. Weight, ½ oz. Price ... **19c**

AMERICAN PHOTOGRAPHY (PHOTO BEACON) EXPOSURE TABLETS

62B6632—The most popular and easily used Exposure Record Tablets published. Assists in determining the correct exposures under all conditions. Weight, 1 oz. Price **15c**



THE MORRISON VIGNETTER

62B6640—A device that can be attached to any ordinary Folding Camera. Is used in portrait work, for gradually shading the picture toward the edge, or to produce shaded bust pictures like those made by professional photographers. Illustration shows method of attaching Vignetter to the camera. Weight, 3 oz. Price **42c**

WIRE CABLE RELEASE FOR SHUTTERS

62B6650—Wire Cable Release. Fits any new model Wollensak shutter. Weight, 1 oz. Price **35c**

62B6652—Wire Cable Release. Fits any new Model Ilex shutter. Weight, 1 oz. Price ... **35c**

SHUTTER BULBS

62B6660 — Fine quality, small size oval, red rubber Bulb. For use on Film Cameras, and small Plate Cameras. Bulb, diameter, 1⅛ in. Tube, length, 7½ in. Price **10c**

62B6662 — Fine quality, larger size oval, red rubber Bulb. For use on any Plate Camera. Bulb, diameter, 1⅝ in. Tube, length, 16 inches. Price **15c**
Weight, about 1 oz. each.

CAMERA LEVEL

62B6664—Every Camera should be equipped with a level. This level is intended to be attached to bed of camera, and enables the operator to level camera quickly and perfectly. Finished in polished nickel. Weight, ½ oz. Price **25c**

Circular Spirit Level

62B6666—A neat and accurate level. Especially adapted for use on Film Cameras. Finished in polished nickel. Weight, ¼ oz. Price **21c**

LARGE RUBY OIL LAMP

This is an extra large, well made ruby lamp. It is fitted with a new style burner, which insures a steady, even, flickerless flame, and gives a large volume of light, without smoke or odor. The lamp is fitted with both ruby and orange glasses, which insure a perfectly safe, non-actinic light. The hinged, metal front can be adjusted at any angle to regulate the volume of light, or can be shut down to cut off the light entirely. The flame is easily regulated from the outside of the lamp.

62B6720—Large Ruby Oil Lamp. Height, 10½ in. Size of glasses, 4½x5½ in. Shipping weight, 3 lbs. Each **62c**

MEDIUM RUBY OIL LAMP

62B6722—Same as large ruby oil lamp, but smaller. Height, 8½ in. Size of glasses, 3⅝x4⅝ in. Shipping weight, 2 lbs. Retail price, 75c. Our price **39c**

RUBY AND ORANGE GLASS

62B6727—Extra Ruby Glass, to fit large oil lamp. Size, 4½x5½ inches. Each **12c**
62B6729—Extra Ruby Glass, to fit medium oil lamp. Size, 3⅝x4⅝ inches. Each **10c**
62B6731—Extra Orange Glass, for large oil lamp. Size, 4½x5½ inches. Each **12c**
62B6732—Extra Orange Glass, to fit medium oil lamp. Size, 3⅝x4⅝ inches. Each **10c**
Shipping weight of above, about 8 oz. each.

RUBY CANDLE LAMP

62B6736—A Neat, Compact, Ruby Lamp. Suitable for the tourist, or regular darkroom work. Has a deep ruby glass, and burns candles. A handy and satisfactory lamp. Size of glass, 3½x4½ inches. Shipping weight, 1 lb. Each. **16c**
62B6738—Extra Paraffine Candles. Weight, per dozen, 6 oz. Price, per dozen **17c**
62B6740—Extra Ruby Glass. Size, 3⅝x4⅝ in. Shipping weight, 8 oz. Each **10c**

ELECTRIC RUBY LAMP

A practical electric Ruby Lamp. No smoke, no oil, no heat, no smell, no soot, no muss. Turn the switch and you have a perfect non-actinic ruby light, brighter than any oil light and much handier and more agreeable. You can use it anywhere without fear of accident from heat or fire. Light can be adjusted to any angle instantly. The ruby and orange glass can be removed from the lamp when desired, and you have a white light hand lantern that can be used to light your darkroom and for many other purposes. Uses any make of standard 2½x6 inch dry battery. With ordinary use one battery will usually last for months. Uses 1½ volt bulb. Battery container is of heavy metal, well japanned.

62B6745—Electric Ruby Lamp without battery. Height, over all, 10 inches. Weight, without battery, 12 ounces. Price **80c**
63B2509—Red Seal Battery, for use with above. Size, 2½x6 inches. Weight, 2¼ lbs. Price .. **25c**
63B2301—Extra 1½ volt bulb. Shipping wt., 2 oz. Price **17c**

ELECTRIC RUBY AND AMBER BULBS

These are regular incandescent Bulbs of Natural Ruby and Amber Glass. Far superior to the dipped bulbs. The ruby bulb gives a perfectly safe light for ordinary dry plates, and the amber bulb gives a fine light for handling developing papers. Bulbs are pear shape. Are 4 C. P., and suitable for 110 volt current. Shipping weight, 8 oz.

62B6750—Electric Natural Ruby Bulb. Each **45c**
62B6752—Electric Natural Amber Bulb. Each **55c**

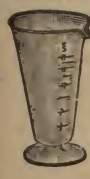
RUBY FABRIC

62B6760—Ruby Fabric. A strong, transparent silk finish cloth, of an intense ruby color; a good substitute for ruby glass; cannot break. Weight, 2 oz. Price, per 17 inch square **15c**

RUBILENE VARNISH

62B6762—A Transparent Ruby Varnish. Dries quickly and can be applied with a brush. It will be found practical and economical for making ruby glass, coating darkroom windows and incandescent electric lamps. Weight, 8 oz. Price, per bottle **20c**

POSTOFFICE PAPER



62B6766—A Yellow Paper for Darkroom Use. For making masks, ruby lights, etc. Size, 20x25 inches. Weight, 13 oz. per dozen. Price, per dozen sheets **12c**

GROUND GLASS

Ground Glass, best quality velvet ground glass to use as ground glass screens in cameras, etc. Shipping weights, 8 oz. to 1½ lbs.

FILM DEVELOPING TRAY

This tray is especially constructed for developing roll films in the strip. It is made of glass, and has a removable, smooth glass rod, length, 6¼ inches, which revolves freely in the tray. The tray offers the same advantage for fixing films in the strip as for developing. It is a good plan to have separate tray for each purpose. Will accommodate films of all sizes up to and including 5x7 in. The film is simply threaded under the roller, and drawn through the solution by grasping the two ends.

62B6875—Film Developing Tray. Weight, 2 lbs. Each **37c**

PHOTOGRAPHERS' AND CHEMISTS' APRONS

62B6880—Fine quality Waterproof and Chemical Resisting Aprons. Made of black rubberized fabric. Protect the clothing from chemicals and dirt while working in the dark room or laboratory. Length, 40 in. Weight, 10 oz. Price **39c**

SLEEVE PROTECTORS

62B6882 — Fine quality waterproof and chemical resisting Sleeve Protectors. Made of black rubberized fabric. Length, 16 in. Weight, 6 oz. Price, per pair **25c**

PHOTO THERMOMETER

62B6890 — To insure the best results, your solutions must be at the proper temperature. This thermometer will tell you their temperature exactly. Suitable for use in a tray or tank. Wt., 1 oz. Each **18c**

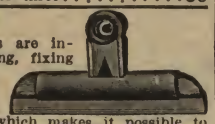
TANK-TRAY THERMOMETER

62B6892 — A most efficient Thermometer for tank or tray use. Made of brass, heavily silver plated. Can be put in the solutions, in either tray or tank, without danger of corrosion. The flanges on the sides protect the mercury glass from becoming broken. Weight, 2 oz. Each **35c**

STIRRING ROD THERMOMETER

62B6894—A very handy combined thermometer and stirring rod. Enables you to watch the temperature of your solutions while chemicals are dissolving. One end is flattened for crushing any particles that do not dissolve readily. Length, 9¼ inches. Weight, 2 oz. Price **35c**

RUBBER GLOVES



62B6902 — Strong Rubber Gloves. Wear a pair of these gloves when developing plates, films or prints and prevent your fingers and hands from becoming contaminated by chemicals which may prove injurious. Sizes, 6½ to 10. State size wanted. Shipping weight, 10 oz. Price, pair **43c**

FINGER TIPS

62B6904—Rubber Finger Tips. Prevent staining of the fingers when developing, etc. Shipping weight, 1 oz. Per set of three **9c**

FILM CLIPS

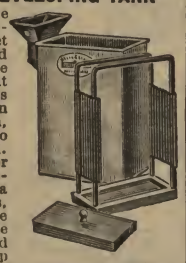
62B6908—These Clips are indispensable for developing, fixing and washing of roll films. Made of heavy nickel-plated brass. Have a strong spring, which makes it possible to hold the edge of the film firmly. Length, about 4 in. Weight, 6 oz. Price, per pair **23c**

PUSH PINS

62B6912—Large Glass Headed Pins. For pinning up films, prints, etc., to dry. Weight, 1 oz. Price, per box of six ... **9c**

COMPRESSED FIBRE HYPO FIXING BOX

62B6920—Made of a high grade, chemical proof black composition that will withstand the action of any kind of Hypo solution. Made in one solid piece; will hold 12 plates, size, 5x7 in. or 24 plates, size, 4x5 in. Shipping weight, 5 lbs. No more satisfactory fixing box made. Each **98c**



62B6922—Divider. For adapting above box for use in fixing 3½x3½, 3¼x4¼ and 3¼x5½ inch plates. Shipping weight, 1½ lbs. Each **35c**

METAL FIXING BOX

Metal Fixing Box, made of heavy tin plate, coated with a black enamel acid-proof composition, which makes them impervious to the action of hypo or acid hypo solution. Capacity, six plates. Weights, 9 to 12 oz.

Art. No.	For Plates, inches	Price
62B6925	3¼x4¼	28c
62B6926	3¼x5½	35c
62B6927	4 x5	30c
62B6929	5 x7	42c

AUTOMATIC PLATE DEVELOPING TANK

Develop your plates in one of these Automatic Developing Tanks, and you will get a larger percentage of good negatives, and at the same time dispense with a great deal of unnecessary tedious work. Negatives developed in these tanks have a uniform, high quality, impossible to obtain by the tray method. Also plates that are over or under-exposed come out better than if developed in a tray. Any number of plates, from one to twelve, can be developed at one time. The developer can be compounded so as to completely develop the negatives in from 6 to 40 minutes, as desired. The best results are secured with 20-minute developing powders. The process is so simple that mostly anyone with no previous experience can use these tanks without trouble. With them the beginner can often make as finely developed negatives as those made by a professional photographer. Tanks are made of brass, heavily nickel-plated, both outside and inside. These tanks can also be used for fixing and washing the negatives, if desired. Weights, ½ lb. to 4 lbs. (See Developer Page for Tank Developing Powders.) Full directions with each tank.

Price List

Art. No.	For Plates Size, in.	Price
62B6935	3¼x 4¼	$1.50
62B6936	4 x 5	1.65
62B6937	3¼x 5½	1.75
62B6938	5 x 7	2.25
62B6939	6½x 8½	2.95
62B6940	8 x10	4.40

DAYLIGHT FILM DEVELOPING TANK

Illustration shows 3½ inch tank. 2¼ inch tank does not have a cover.

A very convenient and compact apparatus for developing roll film by daylight. No experience required, and good negatives nearly always result. Development is completed in from 10 to 20 minutes, according to strength of developer used. (See Developer Page for Tank Developers.) Weights, 3 and 6 lbs.

62B6942—For films up to 2¼ in. wide. Price **$2.15**
62B6943—For films up to 3½ in. wide. Price **$4.30**

COMBINATION WASHING BOX AND DRYING RACK

62B7002—Made in two parts of heavy zinc. Tank and plate-carrier are entirely independent. The plates need not be handled after washing, but remain in the carrier, which can be taken out of the tank. When placed on top of the tank, makes an excellent dry-rack. Carrier can be adjusted to any size plates, 5x7 in. or smaller. The water flows directly into a funnel connected with a tube that forces water to the bottom of tank and gives the plates a thorough washing. Shipping weight, 3 lbs. Price, each **63c**

FOLDING NEGATIVE RACK

62B6960—Negative Drying Rack. Made of seasoned wood. Will hold 24 negatives, any size from 3¼ x4¼ to 8x10 in. Has deep V groove, so that plates do not strike together. Weight, 7 oz. Price **12c**

CIRCULAR PRINT WASHER

For Use Only Where Running Water is Available

Thoroughly eliminates every trace of Hypo without requiring the slightest attention after prints are placed in the washer. No more yellow stains. Made of heavy zinc. Shipping weights, 2 and 3 lbs.

62B7011 — 9 in. diameter. For prints 4x5 in. or smaller. Price **$1.10**
62B7013—12 in. diameter. For prints, 5x7 in. or smaller **$1.55**
62B7015—Rubber tubing. Weight, per foot, about 3 oz. Price, per foot **8c**

KENSINGTON FILM NEGATIVE ALBUM

No handier or more compact device for filing and preserving film negatives yet devised. Each book contains 50 transparent pockets, numbered for ready reference. Cover is of extra heavy, tough paper, with fastener.

62B7020—Style A. For 2¼x3¼, or 2½x4¼ in. films. Weight, 2 oz. Price **20c**
62B7022—Style B. For films 3¼x5½, and 4x5 in. or smaller. Weight, 3 oz. Price **24c**

NEGATIVE PRESERVERS

These are envelopes made of strong manila paper, printed on the face with lines and blank spaces for numbers, descriptions, etc. They will protect the negatives from finger marks, scratches, etc., which they might otherwise incur by constant handling. They are open at one end, and have notched cut for admitting thumb and forefinger, to take hold of negatives. Put up in packages of 50 each. Shipping weights, 4 oz. to 2 lbs.

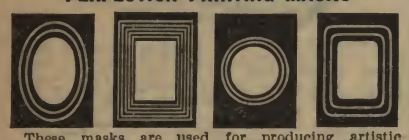
AMATEUR TRIMMING BOARD

Accurate and Inexpensive Trimming Board. Well made and will meet all requirements where but a few prints are to be trimmed. Board is made of polished hardwood. Blade is of strong, tempered steel, carefully ground. An accurate rule is fitted to top of board, to guide and measure the print.

62B7135—For prints up to 4x 5 in. Price . 34c
62B7137—For prints up to 5x 7 in. Price . 60c
62B7139—For prints up to 8x10 in. Price . 85c
Shipping weights, 1½, 2¼ and 4 lbs.

PROFESSIONAL TRIMMING BOARD



Self-Raising Cutting Blade. Ruled Table.

The blade of this Trimmer is made of finely tempered steel, ground to a perfect edge. The board is made of polished hardwood, that will not warp. It is perfectly smooth, and divided into half-inch squares, which form convenient guides for the print. An accurate rule is fitted at the top of the board. A special feature of this board is the self-raising blade which leaves the hands free to shift print as soon as cut is made. The spring joint, which fastens the blade to the board, is so constructed that the two cutting edges are in perfect contact when cutting, insuring an accurate, clean cut.

Article Number	Length Blade	Shipping Weight	Price

INGENTO RETOUCHING OUTFIT

This outfit contains all of the Necessary Articles for Retouching and Spotting. Consists of one retouching holder and lead, one vial of retouching varnish, one vial or opaque, one etching knife, one spotting brush, and one spotting pencil. All materials included are equally suited for amateur or professional work. Weight, 4 oz.

62B7196—Price, complete 62c

RETOUCHING PENCILS

Faber's Pencils for photographic retouching. Shipping weight, about 1 oz. each.

	Each
62B7202—Retouching Pencil, H B Lead	5c
62B7203—Retouching Pencil, H Lead	5c
62B7204—Retouching Pencil, 2H Lead	5c
62B7205—Retouching Pencil, 3H Lead	5c

INDIA INK

62B7210—Lion Head Brand India Ink. For spotting prints. Weight, ½ oz. Price per stick 6c

RETOUCHING DESK

62B7212—A practical Retouching Desk at a moderate price. Will hold negatives size 3¼x4¼, 4x5 and 5x7 in. It is well made, of selected wood. Has a white reflector, and is adjustable to any angle. Folds flat when not in use. Shipping weight, 3 lbs. Price $1.15

RETOUCHING VARNISH

62B7214—Retouching Varnish, or Dope. A fine retouching medium, suited to any pencil. Shipping weight, 4 oz. Price, per bottle 15c

IDEAL OPAQUE

62B7216—Opaque is a preparation used on negatives for blocking out undesirable parts, and spotting out holes. It is also used for making vignettes, and will be found a necessary article where much printing is done. It is easily applied to the negative with a fine hair brush. Shipping weight, 3 oz. Price 20c

PHOTOGRAPHIC BACKGROUNDS

CLOUDED HEADGROUND

These clouded grounds can be used in different positions. They are suitable for either right or left light. Different effects can be produced by changing the position of the ground. Suitable for either studio or home portrait work. Grounds are shipped rolled up on a wooden rod which can be used to support ground when in use. Ground is made of cloth upon which a lasting pigment is applied.

Art. No.	Size, Ft.	Ship. Wt.	Price
162B7220	5x6	6 lbs.	$1.00
162B7222	5x7	6½ lbs.	1.35
162B7224	6x8	7 lbs.	1.95

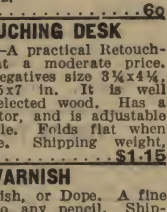
FLEXIBLE CLOUDED BACKGROUND

Same design as clouded ground. Can be folded up and carried about in the pocket or traveling bag.

Art. No.	Size, Ft.	Ship. Wt.	Price
62B7230	5x 6	6 lbs.	$1.25
62B7232	6x 8	7 lbs.	2.10
62B7234	8x10	10 lbs.	4.00

PLAIN BLUE WHITE GROUNDS

Produce clear, brilliant, almost white tones. Just dark enough to contrast with white draperies. Also used for reflecting screens.



Art. No.	Size, Ft.	Ship. Wt.	Price
162B7240	5x 6	6 lbs.	$1.00
162B7242	6x 8	7 lbs.	1.85
162B7244	8x10	10 lbs.	3.10

REMBRANDT BACKGROUNDS

Produce a perfect dead black tone. Used when making portraits with Rembrandt lighting, and as auxiliary grounds with scenic backgrounds.

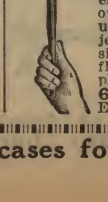
Art. No.	Size, Ft.	Ship. Wt.	Price
162B7250	5x 6	6 lbs.	$1.00
162B7252	6x 8	7 lbs.	1.85
162B7254	8x10	10 lbs.	3.10

AUTOMATIC DEPENDABLE FLASH LAMPS

With this device the flash can be produced at any desired instant when expressions and poses are at their best. Just pull the trigger and you get your flash. Sure fire every time. Ignition is produced by a paper cap. It is self-setting, simple, safe, reliable. Flash Lamp, price, includes 30 paper caps.

62B7260—10-inch pan. Weight, 8 oz. Each 60c
62B7262—15-inch pan. Weight, 11 oz. Each $1.00
62B7264—Extra Caps. Per box of 30. Price 5c

VICTOR FLASH POWDER

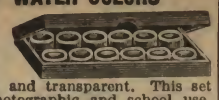


Furnishes a soft, powerful light, which you can regulate in volume and direction to exactly suit character and requirements of the work. For portraiture, interiors, groups, banquets, etc., it will produce negatives that equal and often surpass the best daylight work. Has extremely high illuminating quality. Absolute uniformity of speed. Minimum smoke and report. Perfect keeping quality. Must be shipped by express in a separate package only. Cannot go by mail. Shipping weights, 6 and 8 oz.

62B7270—½ oz. box. Price 30c
62B7272—2 oz. box. Price 98c

ACTINO FLASH CARTRIDGES

With these flash cartridges it is as easy to make good flashlights as it is to do good work out of doors. Each cartridge contains the correct quantity of powder for a designated size of room so you are always sure of the right exposure. Cartridges produce very little smoke and flash very fast, so that movement by subject will not spoil the picture. Slow burning fuses make cartridges safe and reliable. Just light the fuse and the cartridge does the rest. These cartridges can be shipped in separate packages by express only. Cannot go by mail. Shipping weights, 6 to 12 oz.



62B7274—No. 12 size. Illuminates fully a 12-ft. room. Per box of six. 21c
62B7276—No. 18 size. Illuminates fully a 18-ft. room. Per box of six. 39c
62B7278—No. 30 size. Illuminates fully a 30 ft. room. Per box of six. 42c

ACTINO CARTRIDGE HOLDER

No better, safer and more convenient device for holding flash cartridges. This holder helps get better results by enabling operator to place flash well overhead. Polished aluminum refractor utilizes all light. Cartridge fuse projects to back side of reflector out of sight so that subjects do not know when flash will occur, and thus have more pleasing expressions. Weight, 5 oz.

62B7285—Actino Cartridge Holder. Each 42c

TRANSPARENT WATER COLORS

62B7302— Especially prepared for coloring photographs, paints, etchings, and lantern slides. The colors are rich, snappy, and transparent. This set is very desirable for photographic and school use, as it contains all the colors commonly used. Weight, 3 oz. Price 20c

"SABLE" BRUSHES

Fine quality so-called Sable Brushes. For spotting and applying colors. Length of handle, 10 in. Weight, ¼ oz. each.

62B7305—Size 2 Brush. Each 6c
62B7307—Size 4 Brush. Each 7c
62B7309—Size 6 Brush. Each 8c
62B7311—Size 8 Brush. Each 9c

TITLE IT

62B7315—Consists of a font of 1,300 thin opaque letters and figures. Any title or number can be put on a plate or film negative, and neat white lettering will show on the print. Weight, 4 oz. Price 45c

10x14 SQUEEGEE PLATES

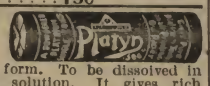
62B7320 — Extra Heavy Squeegee Ferrotype Plates. Have very fine, glossy enameled surface. No better grade squeegee plates made for producing a highly polished surface on post cards or prints. Size, 10x14 in. Shipping weight, 1 lb. each. Price, per dozen ..... $1.65 Each 15c

SQUEEGEE PLATE POLISH

62B7322—This polish is rubbed on the Squeegee Ferrotype Plate, and when properly used prevents prints from sticking to the plate. When prints dry, they will peel off without tear or blemish, and have a fine glaze polish. Weight, 2 oz. Price 10c

GOLD TONING SOLUTION

For Printing Out Paper Only



62B7325—Concentrated Gold Toning Solution. For separate toning bath. Used only with printing out paper, when prints are toned and fixed in separate solutions. The prints are immersed in the bath until they reach the desired color, and then transferred to a plain hypo bath. Prints so finished are more permanent than when finished by the combined toning and fixing process. Shipping weight, 2 lbs. Price, per 8 oz. bottle 27c

COMBINED TONING AND FIXING POWDER

62B7327—Combined Toning and Fixing Powder. Needs only to be dissolved in water to produce a most excellent combined bath. Suitable for use in toning and fixing Perfection and other printing out papers. Gives rich and beautiful tones on this kind of paper. It must not be used with any kind of developing paper, but with printing out paper only. Package makes 36 oz. solution. Weight, 5 oz. Price 15c

PLATINUM TONER

62B7330 — Platyn "Sec." A single platinum toner in crystaline form. To be dissolved in water to make a stock solution. It gives rich platinum tones without previous gold toning. This is a fine preparation and always produces satisfactory results. Weight, 2 oz. Per tube, making 60 oz. solution 42c

NEG-DRY

62B7332—Neg-Dry is a hardening solution for plates, films and printing out papers. With this preparation negatives can be dried in less than five minutes after they have been washed, by placing them in the solution and then drying them by artificial heat. Price, 4 oz. bottle (shipping weight, 20 oz.) 16c

LITMUS PAPER

62B7335—Red Litmus Paper. Turns blue if solution is alkaline. Shipping weight, 3 oz. Per vial 8c
62B7337—Blue Litmus Paper. Turns red if solution is acid. Shipping weight, 3 oz. Per vial 8c

SEPIA TONER, IN TABLET FORM

One of the finest Sepia Redevelopers on the market. In a form that is convenient and easy to use. Will change the black and white tone of Rexo, Argo, Velox, Cyko or any other developing paper to rich, warm sepia or light brown tones. The process is simple, fast and clean, the results pleasing and artistic. The desired tone is secured in a few minutes. After a thorough washing the print is permanent. Full directions with each package. Shipping weight, 10 oz.

62B7340—Sepia Toner (tablet form). Price . 22c

SOLINE

62B7342—Soline is a solution for sensitizing cloth, any kind of paper, post cards or visiting cards, etc. The color of the print is a pleasing reddish brown which is quite permanent without any treatment beyond a few minutes' washing in clear water, followed by a thorough washing in hot soap suds; but it can be toned in gold or in platinum, or in platinum single toner to a wide variety of beautiful and unchanging tones. Shipping weight, 10 oz. Price, per 2 oz. bottle (regular size) 35c

INTENSIFIER

62B7344—Intensifier. Dissolves readily in water, and its solution is a vigorous intensifier, for weak or thin negatives. Adds to the density of the negative and increases the contrast. One tube will intensify four or five dozen 4x5 in. plates. Weight, 1 oz. Per tube 13c

REDUCING POWDERS

62B7346—Negatives, which from over-development or other causes, are too dense, can be quickly reduced to the proper density for printing by the use of this preparation. These powders are put up in packages containing twelve powders and each powder makes 10 ounces of reducing solution. They are simply dissolved in water and a little hypo added just before the solution is used. Weight, 3 oz. Price, per box 16c

ANTI-FRICTION SODA

62B7350—A combination of sodium carbonate and sodium sulphite with certain secret ingredients. It prevents friction marks on prints when used instead of the ordinary sulphites and carbonates. Developers made with this soda produce good, clear, clean prints from paper too old to produce good prints with ordinary developers. Shipping weight, 1¼ lbs. Full instructions for preparing developers with this soda are enclosed with each package. Price, per pound 33c

62B7352 — Blue Print Powders. When the contents of this tube are dissolved in the stated quantity of water, it makes a blue print sensitizing solution which may be applied to any kind of cloth, paper or card, and the materials so coated may then be printed in an ordinary printing frame, the same as Blue Print Paper. Blue prints made with this powder may be toned to sepia or chocolate color. Weight, 2 oz. Price, per tube 9c

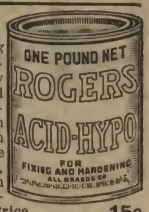
PROFESSIONAL PHOTOGRAPHERS' SCALE

62 B 7375

—This is one of the most accurate and perfectly constructed Photographer's Scales on the market. It is finely adjusted and is sensitive to about a grain. The beam is fitted with adjustment screws and indicator for accurate adjustment and quick weighing. Each scale is supplied with a full set of 14 brass and aluminum weights, from ½ grain to two ounces. Weight, 2 lbs. Price $2.40

SELF BALANCING SCALE

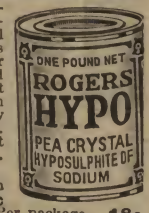
62B7380—A High Grade Scale, that will not get out of order. Weighs up to 12 grams (1½ oz.). Is accurate and satisfactory for weighing chemicals for ordinary formulae. Made of brass, with glass pan and adjustable set screw. Can be folded flat when not in use. Weight, 6 oz. Price 39c



ROGERS' PHOTOGRAPHIC CHEMICALS

The name Rogers on photographic goods is an assurance of quality. All Rogers' chemicals are carefully tested in our laboratory and only the finest and purest chemicals will pass our inspection. We solicit the business of the professional and commercial photographers. Our prices on chemicals mean big savings.

Any chemicals of a poisonous nature cannot be sent by mail.



Because of unsettled market conditions prices on chemicals are subject to change.

ROGERS' ACID HYPO

62B7500 — Acid hypo fixing salts. This is an absolute necessity for the proper fixing of dry plates, films, lantern slides, and developing papers. It is a carefully compounded preparation and contains just enough of each of the right chemicals to produce the best results. Gives cleaner, clearer and brighter prints than plain hypo. One pound package, making 64 oz. of bath. Price 15c

ROGERS' HYPO (SODIUM HYPOSULPHITE)

This is the very highest quality hypo. Clean and pure. Furnished in two forms—pea crystal and granular. The pea crystals are small crystals. The granular hypo is simply the pea crystal hypo, ground so that it is about like coarse granulated sugar. In this form the hypo dissolves very readily, and is convenient to use. The one pound packages are put up in air-tight, friction top cans.

Pea Crystal Hypo.

62B7520—In 1-lb. Friction Top Cans. Per pound 4c
62B7522— 5-lb. Packages. Per package .. 18c
62B7524— 10-lb. Packages. Per package .. 32c
162B7528—100-lb. Keg. Per Keg $1.85

Granular Hypo.

62B7531—In 1-lb. Friction top cans. Per lb . 5c
62B7533— 5-lb. Packages. Per package .. 20c
62B7535— 10-lb. Packages. Per package .. 35c
162B7539—100-lb. Keg. Per Keg $1.95

ROGERS' SODAS-SULPHITE AND CARBONATE

The very highest quality of high grade photographic pure, anhydrous sodas.

62B7545—One pound bottle Sodium Carbonate 18c
62B7547—Five pound can Sodium Carbonate 81c
62B7550—One pound bottle Sodium Sulphite. 24c
62B7552—Five pound can Sodium Sulphite $1.05

DEVELOPING AGENTS

62B7560—Pyrogallic Acid "Pyro." Pure. Resublimed. In tin cans. Price, oz., 18c; 4 oz., 54c; pound $1.90
62B7562—Pyrogallic Acid Crystals. Per oz., 17c; 4 oz., 51c; pound $1.85
62B7565—Hydrochinon. Best grade pure white Hydrochinon. Per oz., 13c; ¼ lb., 42c; 1 lb. $1.55
62B7570—Metol. Per oz., 45c; ¼ lb., $1.50; 1 lb. $5.25
62B7575—Glycin. Per oz 45c
62B7580—Ortol. Per oz 45c
62B7585—Amidol. Per oz 45c
62B7590—Elkonogen. Per oz 28c

MISCELLANEOUS CHEMICALS

62B7700—Acid Acetic, No. 8. Per 16 oz bottle 13c
62B7704—Acid Citric. Pure, 1 oz. bottle .. 12c
62B7708—Acid Muriatic (Hydrochloric) C. P. 2 oz. bottle, 12c; 16 oz. bottle 27c

COLLINS' WILDWOOD VIEW MOUNT

Wildwood is an exceptionally rich and effective View Mount. It is made of stiff, substantial stock with plain beveled edge. Has a fine linen surface and a delicately embossed, roll frame effect, with ornamental corners. The mounting space is bordered by a wide tinted frame, which is overlapped by the photograph. A thin line border, in the same tint, is printed just inside the edges of the mount. The originality, quality, and utility of this mount have made it a lasting favorite. Weight, per 25, 3¾ to 7½ lbs., according to size.

62B8460—Wildwood Mount. Gray.
62B8465—Wildwood Mount, Kromite (brown).
62B8470—Wildwood Mount. Umber.

Per package, 100 . 2.25
Oval opening, 2⅝x5⅛ inches.
Per package, 25 . $0.62
Per package, 100 . 2.30

DRY PLATES

The separate components that go to make up dry plates are nearly all imported. As prices on all imported goods are very unstable at the present time, the prices quoted on dry plates are subject to change.

ROGERS DRY PLATES

Rogers dry plates are of the finest quality in every respect, and allow for great latitude in exposure. They are made by one of the largest and most reliable dry plate factories in the country. You can depend on them at all times, as they run absolutely uniform in speed and quality. The emulsion is rich in silver, and is coated on imported glass, free from blisters, scratches, or other imperfections. Negatives made on Rogers plates, are perfect printers. Equally suited to either printing out paper, or developing papers. With an exposure anywhere near correct, the negative will be found to have graduations and brilliancy that cannot be excelled by any other brand of plates.

ROGERS' REGULAR DRY PLATES

These plates are designed to meet the requirements for general all-around photography, including the making of landscapes, general instantaneous work, portraits, architectural subjects, groups, etc. They are extremely rapid; Watkins Speed, 250, having about the same speed of such plates as Seed's No. 27, Cramer Crown, Hammer Special, Extra Fast, Stanley and Standard Extra.

PRICE LIST

Article Number	Size	Weight, Per Doz.	Price, Per Doz.
62B8602	3½x 3½	16 oz.	$0.22
62B8604	3¼x 4¼	18 oz.	.25
62B8606	3¼x 5½	24 oz.	.35
62B8608	4 x 5	24 oz.	.36
62B8610	4¼x 6½	32 oz.	.48
62B8612	5 x 7	45 oz.	.60
62B8614	6½x 8½	64 oz.	.88
62B8616	8 x10	96 oz.	1.25

ROGERS' ORTHOCHROMATIC DRY PLATES

These plates have a Watkins speed of 180. They require about the same length of exposure as such plates as Seed 26X, and Cramer Banner. They are especially sensitive to orange, yellow and green. Will give nearer correct color values than will the ordinary dry plate. These plates do not produce colored photographs, but they show the various colors of a subject in their true relation to each other. To get the best results, they should be used in conjunction with a ray-filter.

Article Number	Size	Weight, Per Doz.	Price, Per Doz.
62B8620	3¼x 4¼	18 oz.	$0.27
62B8622	3¼x 5½	24 oz.	.39

62B8630	6½x 8½	64 oz.	1.00
62B8632	8 x10	96 oz.	1.45

NON-HALATION PLATES DOUBLE-COATED

In this brand of plates are combined both Non-Halation and Orthochromatic qualities. The non-halation qualities permit their use in making exposures directly against the light, add greatly to the brilliancy in photographing white draperies, statuary, and all exposures where the high lights contract strongly with deep shadows. **The orthochromatic qualities give true color values in landscapes and portraits. That is, the various colors are shown in their true relation to each other although, of course, not in actual colors. Speed, Watkins 180.**

Article Number	Size	Weight, Per Doz.	Price, Per Doz.
62B8640	3¼x 4¼	18 oz.	$0.34
62B8642	3¼x 5½	24 oz.	.47

ROLL FILM

EASTMAN AND ANSCO

We list two of the best known brands of film at present on the American Market. The Vulcan film is made by the Eastman Kodak Co. It is one of the finest films made. We will replace with new film, or return the purchase price of any Vulcan film, found defective in any respect.

The Ansco film is claimed by the manufacturers to be superior in many respects to any other film. It is an orthochromatic film, of great rapidity. **Cartridge film weighs 1 to 4 oz. per roll.**

Roll Film, for Picture Size, 1⅝x2½ Inches. Fits Vest Pocket Kodak.

62B8810—Eastman Vulcan Film, 8 exp. Roll 17c
62B8911—Ansco Film, 8 exp. Roll 17c

Roll Film, for Picture Size, 2¼x2¼ Inches. Fits No. 1 Brownie; No. 1 Buster Brown.

62B8812—Eastman Vulcan Film, 6 exp. Roll, ... 12c
62B8913—Ansco Film, 6 exp. Roll 12c

Roll Film, for Picture Size, 2¼x3¼ Inches.

Spool size, 2 9/16 inches long, 1 in. diameter. Fits Rogers' Junior Folding; No. 2 Brownie; No. 2 Buster Brown; No. 2 Scout; No. 2 Cub.

62B8814 — Eastman Vulcan Film, 6 exp. Roll 17c
62B8915—Ansco Film, 6 exp. Roll 17c

Roll Film, for Picture Size, 2¼x3¼.

Spool size, 2 9/16 in. long, 1¼ in. diameter. Fits No. 1 F. P. K.; No. 1 R. F. Seneca; Panoram Kodak.

62B8816 — Eastman Vulcan Film, 6 exp. Roll 17c
62B8917—Ansco Film, 6 exp. Roll 17c

Roll Film, for Picture Size, 2½x4¼.

Spool size, 2⅞ in. long, 1¾ in. diameter. Fits all 2½x4¼ (2A) Cameras.

62B8818 — Eastman Vulcan Film, 6 exp. Roll 21c
62B8819 — Eastman Vulcan Film, 12 exp. Roll 42c
62B8920—Ansco Film, 6 exp. Roll 21c
62B8921—Ansco Film, 12 exp. Roll 42c

Roll Film, for Picture Size, 3¼x4¼ Inches.

Spool Length, 3½ inches. Fits No. 3 Rogers' Model K; No. 3 Rogers' Junior; No. 3 F. P. K.; No. 3 Ingentos; No. 3 Cub; No. 3 Folding Scout; No. 3 Senecas; No. 3, 4 and 6 Anscos; No. 3 Buster Brown; No. 3 and 5 Hawkeyes.

62B3822 — Eastman Vulcan Film, 6 exp. Each 30c
62B8823 — Eastman Vulcan Film, 12 exp. Roll 58c
62B8925—Ansco Film, 6 exp. Roll 30c
62B8926—Ansco Film, 12 exp. Roll 58c

Roll Film, for Picture Size, 3¼x4¼ Inches.

Spool length, 3¾ inches. Fits No. 3 Brownies; No. 3 Scout; No. 3 Bullseyes.

62B8828 — Eastman Vulcan Film, 6 exp. Roll 30c
62B8829 — Eastman Vulcan Film, 12 exp. Roll 58c
62B8930—Ansco Film, 6 exp. Roll 30c
62B8931—Ansco Film, 12 exp. Roll 58c

Roll Film, for Picture Size, 3½x3½ Inches.

Fits all 3½x3½ Roll Film Cameras.

62B8832 — Eastman Vulcan Film, 6 exp. Roll 25c
62B8833 — Eastman Vulcan Film, 12 exp. Roll 50c
62B8935—Ansco Film, 6 exp. Roll 25c
62B8936—Ansco Film, 12 exp. Roll 50c

Roll Film, for Picture Size, 3¼x5½ Inches.

Spool length, 3¾ inches. Fits 3A Rogers' Model K; 3A Rogers' Junior; 3A F. P. K.; 3A Folding, 9 and 10 Anscos; 3A Seneca R. F.; 3A Ingentos; 3A Cub; 3A Folding Brownie; 3A Hawkeye.

62B8838 — Eastman Vulcan Film, 6 exp. Roll 34c
62B8839 — Eastman Vulcan Film, 10 exp. Roll 58c
62B8941—Ansco Film, 6 exp. Roll 34c
62B8942—Ansco Film, 10 exp. Roll 58c

Roll Film, for Picture Size, 3¼x5½ Inches.

Spool length, 3 15/16 inches. Fits 3A Box Ansco; 3A Box Scout; 3B Quick Focus Kodak

62B8844 — Eastman Vulcan Film, 6 exp. Roll 34c
62B8845 — Eastman Vulcan Film, 10 exp. Roll 58c
62B8946—Ansco Film, 6 exp. Roll 34c
62B8947—Ansco Film, 10 exp. Roll 58c

Roll Film, for Picture Size, 4x5.

Spool length, 3 15/16 inches. Fits Nos. 5 and 7 Ansco; No. 4 Bullet; No. 4 Bull's-Eye; No. 4 Buckeye; No. 4 Weno; No. 4 Panoram Kodak.

62B8849—Eastman Vulcan Film, 6 exp. Roll. Price 38c
62B8851—Eastman Vulcan Film, 10 exp. Roll. Price 64c
62B8953—Ansco Film, 6 exp. Roll 38c
62B8955—Ansco Film, 10 exp. Roll 64c

PREMO FILM PACKS

The Daylight Loading Film Pack consists of twelve sheets of sensitized film, laid together in one package in such a way that it can be loaded direct into one of our regular film-pack cameras, or into any of our plate cameras, by using a film-pack adapter. Weight, 4 to 10 oz.

62B8960—Size, 2¼x3¼. Price 36c
62B8962—Size, 2½x4¼. Price 45c
62B8964—Size, 3¼x4¼. Price 63c
62B8966—Size, 3 x5¼. Fits all old model 3¼x5½ plate and film pack cameras. Price . . . 68c
62B8968—3¼x5½. Fits all new model 3¼x5½ plate and film pack cameras. Price 72c
62B8970—4x5. Price $0.81
62B8972—5x7. Price 1.44

LANTERN SLIDE PLATES

These plates have a slow, fine grain emulsion, coated on thin crystal glass. Shipping weight, 8 oz.

62B8730—Lantern Slide Plates. Size, 3¼x4 inches. Price, per dozen 39c

62B8735—Thin crystal glass of the finest quality. Shipping weight, 8 oz. Price, per dozen 20c
62B8737—Mats. Lantern Slide. 25 in package. State shape wanted. Shipping weight, 2 oz. Price, per package 12c
62B8739—Binding Strips, for binding lantern slides, 50 in package. Shipping weight, 2 oz. Price, per package 8c

For Parcel Post Shipments, add sufficient postage. See Page 4 for rates

PHOTOGRAPHIC PAPERS — PHOTOGRAPHIC DEVELOPERS

On this page you will find listed the foremost Independent brands of developing papers. Here again you have an opportunity of effecting a large saving. The profits that each of a number of distributing agents must realize in order to profitably handle this class of goods, are diverted to your own pocket through our system of direct purchase from the maker, and direct shipment to you. This saving ranges from 20 to 35 per cent, and is worth your consideration whether you buy in large or small quantities.

Any of the papers listed below are capable of making the finest of pictures, and are equally suited to amateur or professional negatives. The developing papers can be printed by subdued daylight, or by artificial light of any kind, such as electric, gas or kerosene light, etc. Developing paper is by far the easiest and quickest to handle. The prints are absolutely permanent, and of a uniform brilliance and quality, seldom equalled by other printing mediums. While the process of manipulating this paper is similar to that of the plate or film process, no darkroom is required. It produces fine black and white prints that can be re-developed to beautiful sepia tones with our sepia tablet developer.

Developing paper is supplied in three grades of contrast—Normal—Hard—Soft. Developing papers of any make possess but little flexibility of contrast or softness in any grade. To get the best prints from your negatives it is essential that you use the grade paper best suited to the negatives. As negatives are bound to vary in contrast and density it is advisable that you have on hand some of each grade of paper.

THE GRADE TO SELECT

Normal Grade—For printing from negatives of just the right density and contrast—those that are neither too thin, too dense, nor having too much contrast, we recommend Normal Paper. If your negative is just right, and shows neither under nor over timing, either in exposure or developing, Normal Paper will make the most satisfactory prints.

Contrast Paper—For printing from thin or weak negatives—those that are lacking in detail because of under exposure or under development, use Contrast Paper. This grade is especially intended to make up for the qualities lacking in the negative, and for such negatives is unexcelled, as it produces sharp, clean, snappy prints.

Soft Paper—For printing from contrasty negatives, under-exposed negatives, which have been forced in development, or to get soft effects from normal negatives, use Soft Paper. This grade is capable of producing wide graduations, between high lights and shadows. Cloud effects and landscape negatives made with ray filters usually require this paper. It is especially adapted to making soft prints from portraits.

SURFACES

The selection of a suitable surface is a matter of personal taste entirely. Generally speaking, the **Glossy surface**, which is smooth and highly polished, is used in making record pictures or where a snappy picture with minute detail is wanted. The **Argo Velours, Cyko Studio, and Rexo Semi-Matte** are all about the same surface, having a Semi-Glossy, finely grained Matte finish of a soft, velvety texture, neither Glossy nor Matte, but just between. This is the most popular surface and is used extensively on all classes of photographs. **The Argo Matte, Rexo Matte and Cyko Semi-Matte** have about the same dead Matte surface, without gloss or sheen. This surface is used mostly for portraiture, and for producing artistic pictures with very fine tone graduations.

REXO DEVELOPING PAPER

Rexo is a new, rapid, developing paper that meets the critical demands of the present day. It permits of great latitude in exposure, and produces rich, soft pictures in which the lights and shadows blend harmoniously through the full range of tone graduations from white to black.

REGULAR REXO

When ordering specify article number of grade and surface wanted.

PROFESSIONAL REXO

This paper meets every requirement of the present day professional photographer. It has a slow printing emulsion, being only one-sixth as fast as Regular Rexo. Professional Rexo will produce prints from portrait negatives, preserving detail and transparency even in the deepest shadows, prints having a long scale of tone graduations that blend harmoniously throughout the entire range of tones. Professional Rexo has great latitude both in exposure and development. Always uniform in speed and quality. Its texture and tone qualify it as a paper to be used on the highest grade work.

ENLARGING REXO

Enlarging Rexo is an extremely rapid developing paper. It is 35 times faster than Regular Rexo, and is perfectly adapted to enlarging from all classes of negatives, whether weak, normal or dense. It is far superior to the ordinary bromide paper, commonly used for enlarging, as it produces prints of superb quality, tone and gradation, such as are obtained on the regular grades of Rexo. It has great latitude, in both exposure and development, and produces prints rich in tone, with a full range of graduations from black to white. Can be easily toned to sepia by our sepia re-developer.

PRINTING-OUT PAPERS

With this paper the entire process of printing, toning, fixing and washing may be conducted in daylight, no dark room being required. Prints may be toned in an ordinary gold toning solution, or in a combined gold toning bath. Any desired shade, from a rich sepia to a deep purple, is obtainable, or it can be toned in a platinum solution, giving blue black and white tones. The emulsion is rich in silver and is coated on the best imported paper stock. Every sheet of this paper will be found perfect, as all are carefully sorted and thoroughly examined before being packed.

CYKO DEVELOPING PAPER

Cyko is one of the leading developing papers of the world. It is universally recognized as being capable of producing the best of results from all classes of negatives. The transparency and richness of its blacks, its power of bringing out details, and its simplicity of manipulation are the main features that account for its wonderful popularity.

When ordering specify our article number for grade and surface wanted.

EXCELSIOR BLUE PRINT PAPER

Making prints on blue print paper is the simplest process for producing a photographic print. It is not necessary to have any knowledge of photography to be able to use this paper, and no chemicals of any kind are required. The paper is printed in sunlight, the same as gelatin printing-out paper, and then washed in clear water, which completes the process. Artistic prints of brilliant blue and white are easily made in this way. Paper used is the best imported paper stock, and the prints possess a brilliancy and clearness in our opinion not equaled by any other blue print paper. The paper is packed in air tight cans, two dozen sheets to a can.

Shipping weight, 2 to 8 oz.

Article Number	Size, inches	Price

BLUE PRINT POST CARDS

62B9435—Regular photographic size (3½x5½ inches) post card. Double weight. Pure white stock printed on one side and sensitized on the other to make blue print pictures. Per can of 2 dozen, price **19c**

ROGERS DEVELOPERS
FOR ALL DEVELOPING PAPERS

Rogers Paper Developers are suitable for developing prints on Rexo, Argo, Cyko and all other developing papers. Put up in paraffin-lined, hermetically sealed tubes, six tubes to a box, each tube containing sufficient chemicals to make 5-oz. liquid developer. They are simple and easy to use, it only being necessary to dissolve the contents in 5 oz. of water, and the developer is ready for use. These developers are scientifically compounded in a careful manner, from the purest chemicals. The chemicals while in the tubes will keep indefinitely. Weight, 5 oz. per box of six tubes.

ANTI-FRICTION DEVELOPER

62B7805—Anti-Friction Developer. Hydro-Metol formula. Produces prints with fine olive black tones, free from dark lines or irregular markings, known as friction or abrasion marks, which often appear on glossy or semi-glossy papers, when other developers are used. Per box of six tubes, making 30 oz. developer. Price...**19c**

HYDRO-METOL DEVELOPER

62B7807—Hydro-Metol Developer. This is one of the best and most popular developers made. Produces prints with warm, black tones. Prepared after formula recommended by most paper manufacturers. Price, per box of six tubes.....**18c**

AMIDOL DEVELOPER

62B7809—Amidol Developer. Produces beautiful blue black tones. This is one of the finest paper developers, and is extensively used by high-class professional finishers.
Per box, of six tubes.....**18c**

EDINOL N. A. DEVELOPER
(NON-ABRASION)

62B7811—Edinol N. A. Developer. Produces soft, brilliant prints, with warm, olive black tones. Prevents friction marks on glossy paper. Also makes clear prints possible on old paper, which would produce fogged prints with ordinary developer.
Per box of six tubes.....**19c**

TANK DEVELOPER FOR PLATES OR FILMS

62B7840—Tank Developer, Twenty Minute Formula. Put up for use in automatic plate or film tanks, any size. Carefully compounded after the standard pyro formula. Produces best possible results in either plate or film tanks. Each package contains six powders, each making 36 oz. of twenty-minute developer. Weight, 3 oz. Price, per package.....**17c**

ARGO DEVELOPING PAPER

Argo is a developing paper of the best quality. It is easy to handle, uniform at all times, and produces beautiful prints with a wealth of detail and richness of tone. It is the original no trouble paper, and gives most satisfactory and pleasing results. **This is the same paper that we formerly listed as Perfecto and Rogers Chloride.**

When ordering specify our article number of grade, weight and surface wanted.

62B9002—Hard (Contrast) grade. Velours surface. Regular weight stock.
62B9004—Hard (Contrast) grade. Glossy surface. Regular weight stock.
62B9006—Hard (Contrast) grade. Velours surface. Double weight stock.
62B9008—Soft grade. Velours surface. Regular weight stock.
62B9010—Soft grade. Velours surface. Double weight stock.
62B9012—Normal grade. Velours surface. Regular weight stock.
62B9014—Normal grade. Matte surface. Regular weight stock.
62B9016—Normal grade. Glossy surface. Regular weight stock.
62B9018—Normal grade. Velours surface. Double weight stock.
62B9020—Normal grade. Glossy surface. Double weight stock.
62B9022—Normal grade. Matte surface. Double weight Buff tinted stock.
62B9024—Normal grade. Linen surface. Double weight Buff tinted stock.

PRICE LIST ON ALL ARGO PAPERS

Note that we make no extra charge for Argo paper in double weight, nor for Buff Matte and Buff Linen.

TABLET DEVELOPERS

For Plates, Films and Papers

The separate ingredients of these developers are compressed into two sets of tablets. The developer in this form, is very simple, and easy to handle. Mix as little or as much as you require. Each set makes a few ounces of developer. To mix a large batch simply take more tablets. Developers in this form are very economical. You can make a fresh, active solution each time, and better negatives and better prints result. Shipping weight, 10 oz.

62B7850—M. Q. (Metol-quinol, Hydro-metol) Tablet Developer. Package makes 48 oz. solution for paper; 72 oz. for plates or film; or 192 oz. for tank development. Per package.....**19c**
62B7852—Pyro Tablet Developer. Makes 48 to 96 oz. solution for plates or films for tray. Can be diluted for tank development. Per package **19c**

ROGERS DEVELOPERS
FOR DRY PLATES OR FILMS

Rogers Plate Developers are suitable for developing all makes of plates and films. They produce crilliant, clear negatives, full of detail. They are carefully compounded from the purest chemicals. Put up in paraffin-lined, hermetically sealed tubes, which are very simple and convenient to use. The chemicals in the tubes will keep indefinitely. Each box contains six tubes. Weight, per package of six tubes, 5 oz.

M. Q. DEVELOPER, CONTRAST FORMULA
FOR PLATES OR FILMS

62B7820—M. Q. (Hydro-Metol) Developer. Contrast Formula. Produces brilliant, snappy negatives, with considerable contrast. Recommended for use where negatives of this kind are required and where prints are to be made from printing-out paper. Per box of six tubes, making 60 oz. solution. Price.....**17c**

M. Q. DEVELOPER, SOFT FORMULA FOR PLATES OR FILMS

62B7822—M. Q. (Hydro-Metol) Developer. Soft Formula. Produces soft negatives, full of detail. Especially recommended where prints are to be made on developing papers. Per box of six tubes, making 60 oz. solution. Price.....**17c**

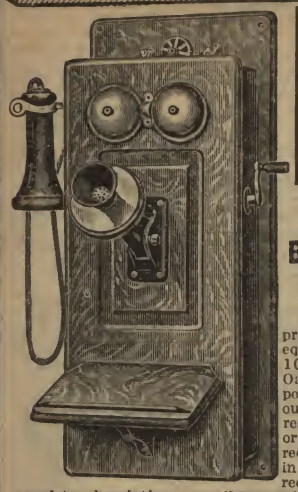
EIKO-HYDRO DEVELOPER FOR PLATES OR FILMS

62B7824—Eiko-Hydro Developer is a popular developer for all-around work. Produces bright, snappy negatives, which print well on either developing or P. O. paper. Per box of six tubes, making 60 oz. solution. Price **17c**

HYDROCHINON DEVELOPER
FOR PLATES, FILMS OR LANTERN SLIDES

62B7826—Hydrochinon Developer. Produces brilliant, contrasty negatives, free from stains. Develops image very slowly. Especially recommended for over exposures, and for developing lantern slide plates. Per box of six tubes, making 60 oz. solution. Price...**17c**

PYRO-METOL DEVELOPER FOR PLATES OR FILMS



62B7828—Pyro-Metol Developer. Is a good combination of two excellent developers. Preferred by many workers, because it combines the good qualities of both agents, yet works speedily and without fog. Per box of six tubes, making 60 oz. solution. Price.....**17c**

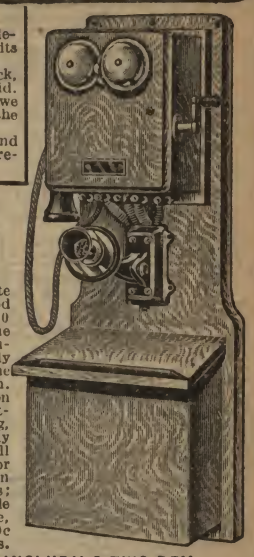
ORTOL DEVELOPER FOR PLATES OR FILMS

62B7830—Ortol Developer. This is a quick and powerful acting developer, producing negatives closely resembling those made by pyro. The graduations are excellent, with ample density. Per box of six tubes, making 30 oz. solution. Price.....**17c**

Shrewd shoe buyers will buy their footwear needs from our Shoe pages

TELEPHONES AND TELEPHONE MATERIALS

Our telephones are, without question, the equal of any telephones made. We know that their quality is unsurpassed and, in many distinctive features, unequaled. You are fully protected as regards their quality and serviceability by our guarantee. We take the risk. Our prices are right; they are the lowest at which telephones of quality can be sold. You cannot buy better phones—there are none better. Our telephones will give you the best of service and will continue to do so. They are made right and will stay right. When you buy from us you secure a telephone which you can depend on; one that has been carefully planned in every detail by expert, practical telephone men. Our telephone has proven to be of the best, and is **Guaranteed.**



OUR GUARANTEE

We guarantee that every telephone sold will be as illustrated and described in our Catalogue; will arrive in good condition; will serve its intended purpose, and will be satisfactory to you.

You may always exchange for other articles or have your money back, including, in either case, the transportation charges which you have paid.

If any part of the telephone you purchase from us proves defective, we will replace or repair it without charge. This guarantee applies to the complete instrument and all of its parts.

It is our desire to make trading with us so easy, so profitable, and so satisfactory, that you will be pleased not only with the goods received, but also with our service and our entire method of dealing.

COMPACT MODEL BRIDGING TELEPHONE

THE GUARANTEED TELEPHONE

For use on any bridging or private line of any length. Gives equally good service over lines of 100 feet or 1,000 miles length. Oak cabinet, finely varnished and polished. Will last a lifetime without attention or repairs other than renewing of batteries every year or so. Rings strong, talks plain, receives distinctly. Easily installed in a very few minutes. Full directions sent with each phone. For complete description see Construction Details below. Length, 26 inches; width, 9 inches. Note that our prices include condensers installed in the telephone. This is a very desirable feature for which you pay 40c to 50c extra usually. Shipping weight, 50 to 55 lbs.

COMPACT CABINET TELEPHONE, INCLUDING TWO DRY BATTERIES. PRICES:

163B1049	11.65	68.50	6-Bar	1000 ohm
163B1051	12.00	70.50	6-Bar	1600 ohm
163B1053	12.30	72.30	6-Bar	2000 ohm
163B1055	12.50	73.50	6-Bar	2500 ohm

The Generator of our telephone in our opinion is the most efficient made. It is constructed on strictly scientific lines and retains its power permanently without deterioration. Each bar of the generator is made up of three distinct magnets so that every 5-bar generator has 15 magnets, and every 6-bar generator has 18 magnets. This method of construction is superior to the solid bar construction, as the generator is enabled to supply more power and retain its efficiency longer. While this way of making the magnets is more expensive than any other, the superior results obtained justify the higher cost. The double sprocket gear of the generator is made of two pieces of cold-rolled, stamped steel, which are united. The teeth of each side are offset against each other, on the principle used in clothes wringer cogs, so there is no lost motion, no noise, and the least possible wear. The armature is laminated and wound with silk insulated wire. The automatic cut-in is of approved design, and has pure iridio platinum points. The entire generator is self-contained and mounted in the box in such manner that it may be removed instantly.

The 5-bar generator is standard, with power more than enough for any line of standard construction. It is fully the equal of any other 5-bar generator made. For all ordinary lines it will give perfect satisfaction. The 6-bar generator is in a class by itself. In our opinion there is no other that approaches it. It will ring through rusty joints and past eavesdropping subscribers. It is especially recomended for long, heavily-loaded lines, and will ring strongly where many other generators could not penetrate.

The Ringer Movement in our telephone is of the most improved form. It will ring loudly and clearly, and its construction is so planned and the parts so balanced that continued use will never decrease its efficiency. On account of the special construction of our ringer, it will ring clearly on a very weak current, which will hardly tingle the ringer of some telephones.

The Transmitter is of the long distance, solid back type and will give the best of service under any conditions. It will transmit the lowest articulate sounds distinctly over the longest lines, and through the highest resistance. It is built like a watch, and every part receives the utmost care in every process of production. The diaphragm is of frosted metal and will not break, as do the carbon diaphragms in the cheaper transmitters. The bridge and front are extra heavy, to prevent vibration. The carbon cup is of the most scientific design, so constructed that the carbon granules cannot become packed. This transmitter, if not tampered with, will last indefinitely, and requires no attention nor repairs.

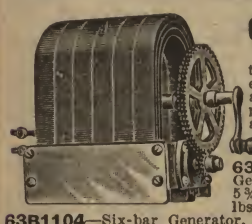
The Receiver is bipolar and equipped with laminated magnets, a distinctive feature which no other make possesses. This construction insures an absolutely permanent receiver, which can be relied upon at all times. The shell is extra heavy, the binding posts are concealed inside the case, the cord is heavy and will wear well. The whole receiver can be easily and quickly taken apart and again assembled if necessary.

The Receiver Hook has heavy German silver springs and pure platinum contacts. It is carefully insulated, so that all danger of an accidental shock is eliminated. The bearings are frictionless and absolutely permanent. All connections are carefully soldered. The superior construction of our switch eliminates all trouble from this source and insures positive quick contacts.

The Lightning Arrester, with which we equip our telephones, is most up-to-date in every respect. When properly connected it positively protects the telephone against lightning. It is enclosed in a metal casing, which prevents any accidental injury to it. So strong is our faith in this arrester that we agree to replace any parts of the telephone damaged by lightning, provided telephone has been properly installed.

Condensers—We equip all of our telephones with condensers, without additional charge. If all telephones on the line are equipped with condensers, and the party you wish to call has his receiver on the hook, you can easily call him, no matter how many other receivers are off the hook. In this way, condensers greatly improve the service on any line.

INFORMATION CONCERNING TELEPHONES



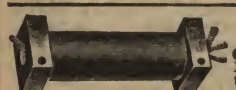
Bridging Telephones are recommended for any kind of telephone service (private exchange, or party line), and are specially designed for use on either long distance or short party lines. Outside of cities and large towns telephone service is usually secured by bridging telephone party lines, and the use of Bridging Telephones far exceeds the use of all other types and kinds in rural service.

If a line is already in operation in your neighborhood, and you wish to go in on it, no matter if the instruments already in use are not of our make you can use our telephones on that line. Our phones work equally well in connection with instruments of other makes and no one can legally bar them off any line.

IMPORTANT POINT TO REMEMBER

When constructing a bridging party line or when installing an instrument on a line already in operation: All of the telephones on any one line must have Ringer Movements wound to the same Resistance. Our Bridging Telephones are made with ringer movements of either 1000 ohms, 1600 ohms, 2000 ohms, or 2500 ohms resistance. **THEREFOR BEFORE ORDERING** your telephone, find out the resistance of those already installed on the line and order yours with ringer movement of the same resistance.

GENERATORS



In our opinion the strongest Generator made. Same as used on our telephones described above. Can be used in telephones of any make.

63B1102 — Five-bar Generator. Size, 6x5¾x5¾. Weight, 10 lbs. Price . . . **$3.90**

63B1104—Six-bar Generator. Size, 6½x5¾x3¾. Weight, 12 lbs. Price **$4.65**

INDUCTION COIL

63B1110 — Improved Model. In our opinion the most efficient made. Used on all our telephones. Can be used on any make bridging telephone. Weight, 7 oz. Price **35c**

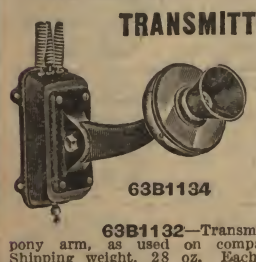
RINGER MOVEMENT

Same as used on our telephones. Ring stronger on less current. Can be used on any make of bridging telephone. Weight, 14 oz.

Prices Without Bells

63B1115—Series Ringer Movement, 80 ohm resistance. Price **90c**

63B1117 — Bridging Ringer Movement, 1000 ohm resistance. Price **$1.45**



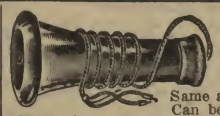
63B1119 — Bridging Ringer Movement, 1600 ohm resistance. Price **$1.85**

63B1121—Bridging Ringer Movement, 2000 ohm resistance. Price **$2.20**

63B1123—Bridging Ringer Movement, 2500 ohm resistance. Price **$2.60**

63B1125—Telephone Bells or Gongs. For use on Ringer movements of telephone. Weight, 5 oz. Per pair **19c**

TRANSMITTERS



63B1134

63B1130— Long Distance Solid Back Transmitter without arm. Transmits the lowest articulate sounds over long distances. Can be used on any make telephones. Weight, 18 oz. Price **$1.30**

63B1132—Transmitter. Mounted on pony arm, as used on compact cabinet phones. Shipping weight, 28 oz. Each **$1.75**

63B1134—Transmitter. Mounted on pony arm, with induction coil in base, as used on long cabinet phones. Shipping weight, 45 oz. Each **$2.15**

TELEPHONE RECEIVER

63B1140 — Standard Model Bipolar Telephone Receiver. Same as used on all our phones. Can be used on any make telephone. Weight, 16 oz. Price **90c**

RECEIVER CORD

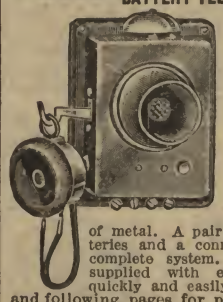
63B1142—Receiver Cord. 36 inches long. Same as used on our telephones. Ship. wt., 1 oz. Each **16c**

TRANSMITTER PARTS

63B1150—Black Composition Transmitter Mouthpiece. Shipping weight, 2 oz. Each **10c**

63B1152—Carbon Diaphragm. For old model transmitter. Shipping weight, 4 oz. Each . . . **15c**

63B1154—Carbon Granules. Shipping weight, 2 oz. Per charge **10c**



PRIVATE LINE TELEPHONES

A high-grade, compact Series Telephone, having a powerful series generator. For use on private lines of any length up to five miles. It frequently happens that a private telephone line is a much needed convenience. For instance, a merchant may want a private line to his residence; a physician may want such service from his office to the drug store; a farmer might wish to have a private line with his neighbor. For all of these purposes, and many other similar uses, these are ideal telephones. Easy to install and cost practically nothing to maintain. All parts are neatly mounted on compact cabinet, except the batteries, which can be placed in any convenient, out of the way place. Copper or iron wire or even fence wire can be used for the line wires. Can be wired for one (ground) or two (metallic) wire systems. As many as four phones can be used satisfactorily on one line. Shipping weight, 60 lbs. per pair.

163B1160—Per pair (two telephones), including four dry batteries **$9.80**

BATTERY TELEPHONES

The most useful and inexpensive telephones yet devised. Good use can be found for a set of these phones in many homes, and in office, store or shop. They save many steps and much time. A press of the button instantly calls the person you want to speak to. Will give satisfactory service at any distance not over 500 feet. Made entirely of metal. A pair of telephones, four batteries and a connecting wire, comprise a complete system. A wiring diagram is supplied with each set. Anyone can quickly and easily install them. See this and following pages for prices on batteries and wire not included in price below.

63B1165—Battery Telephones (two telephones) Without batteries. Without wires. Shipping wt., 6 lbs. Per pair **$3.50**

EXTENSION BELLS

These bells may be connected by wires with any telephone. Can be placed at any point away from phone, in another part of the house, or in some nearby building. When the telephone bell rings, the extension bell will likewise ring. The call will be heard wherever the extension bell is located; whether it is in some distant part of the house or in another building. The extension bell must have exactly the same ohm resistance as the ringer movement on telephones with which it is connected. Weight, 3½ lbs.

		Price
63B1170—	80 ohm. Extension Bell . . .	$1.55
63B1172—	1000 ohm. Extension Bell . . .	2.30
63B1174—	1600 ohm. Extension Bell . . .	2.75
63B1176—	2000 ohm. Extension Bell . . .	2.95
63B1178—	2500 ohm. Extension Bell . . .	3.10

ROEBLING TELEPHONE WIRE

Best Grade B. B. Galvanized Iron Telephone Wire. Put up in half-mile coils, all in one piece, without splice or joint, bearing genuine Roebling seal. Has extra heavy zinc covering, protecting wire from corrosion. No. 10 wire weighs about 260 lbs. to mile. No. 12, about 170 lbs. No. 14, about 96 lbs. We do not break the standard half-mile coils. Prices on this wire are subject to market change.

163B1201—No. 10 B. B. Galvanized Iron Wire. Per half mile coil, about 130 lbs **$5.04**

163B1203—No. 12 B. B. Galvanized Iron Wire. Per half mile coil, about 85 lbs **$3.40**

163B1205—No. 14 B. B. Galvanized Iron Wire. Per half mile coil, about 48 lbs **$2.16**

Sold only in full half-mile coils.

GROUND ROD

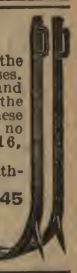
163B1210 — Iron Ground Rod; length, 6 ft. Heavily galvanized. A ground rod is necessary with every telephone to insure a perfect ground contact. Shipping weight, 4 lbs. Price, each **15c**

TWISTED PAIR COPPER WIRE

63B1215—Twisted Pair Telephone Wire. Covered with saturated braid. For connecting phone to line wire, etc. Will withstand weather and dampness. Price, per 100 ft. (weight, 2 lbs.) **68c**

OFFICE WIRE

63B1220—Office Wire; for inside wiring of telephones, door bells, etc.; one wire, double braided and saturated in paraffin; size No. 18, about 125 ft. to pound. Price, per lb. coil **31c**



63B1222—Duplex Office Wire; two wires each, insulated and then braided together and paraffined; about 65 ft. to pound. Price, per lb. coil **35c**

LINEMEN'S SPLICING CLAMP

63B1230—Best grade forged tool steel Clamp, with rounded handles. For splicing telephone wires. Very strong handles. Will not spring out of shape. Length, 10¾ inch. Weight, 18 oz. Each . . . **$1.10**

LINEMEN'S CLIMBERS

The safety of the lineman depends upon the quality and temper of the climbers he uses. These climbers are some of the strongest and safest on the market. They are made of the best tempered steel. Finely finished. These climbers will give satisfaction. There are no better of the kind made. Lengths, 15, 16, 17 or 18 inches. **State size wanted.**

63B1235—Climbers. Eastern pattern. Without straps. Shipping weight, 4 lbs. Per pair, price **$1.45**

63B1240—Set of four climber straps and two knee pads. Shipping weight, 1½ lbs. Price **95c**

LINEMEN'S TOOL BELTS and SAFETY STRAPS

63B1245— Lineman's Safety Tool Belt. Made of extra heavy harness leather. Six tool loops. Belt passes through heavy rings. Length, 40 in. Width, 2¼ in., with 2-inch roller buckle; weight, about 2 lbs Price **$1.30**

63B1250—Safety Strap. Made of extra heavy harness leather. Adjustable length. Heavy snap on each end. Length, 6 ft.; width, 1¾ in.; weight, about 1¾ lbs. Price **$1.25**

STANDARD NO. 400 LIGHTNING ARRESTER

63B1263—Used to protect telephone instruments from lightning. Suitable for either one or two wire lines. Ship. wt., 1 lb. Price, each . . **19c**

LIGHTNING ARRESTER

63B1255 — Single Pole Lightning Arrester, or line protector for grounded or single wire lines. Western Union pattern. Porcelain base. Length, 4⅜ in. Weight, 4 oz. Price, without fuse **17c**

63B1257—Double Pole Arrester, for metallic or two wire lines. Length, 4⅜ in. Weight, 8 oz. Price, without fuse **21c**

63B1260—Fuses for the above arresters. Shipping weight per doz., 2 oz. Price, per doz . . . **10c**

PONY GLASS INSULATORS

Pony Glass Insulators. For telephone and telegraph lines. Height, 3⅝ inches; diameter, 2⅜ inches. Packed 400 in a bbl. Weight, per bbl., about 300 lbs.

163B1265—Price, per bbl. **$6.10**

63B1267 — Price, each **1¾c**

OAK BRACKETS

Oak Brackets. For holding glass insulators. Painted and dipped. Can be fastened to side of pole or house. Length, 10 inches; weight, 50 lbs. per sack.

163B1275

Price, per sack of 100 . . . . . **90c**

63B1277—Less quantities, each **1c**

A complete line of wiring materials, porcelain insulators, tools, solder, etc., will be found on the following pages.

STANDARD ELECTRIC WIRING MATERIALS

Selected From the Foremost Lines on the Market. All Articles Listed, Will Meet the Latest Requirements, Set Forth by the National Board of Fire Underwriters Except the Few Articles Specified as Old Code.

NEW CODE, RUBBER-COVERED COPPER WIRE, SINGLE BRAID

Solid conductor wire, insulated with rubber compound over which is one cotton saturated braid. Recommended for any open wiring on cleats, tubes or knobs, and for loom and moulding wiring. Each unbroken coil bears Underwriters' inspection tag. Full coils contain 100 feet or 500 feet, or we will cut wire to any desired length.

Article Number	Size	Wt. per 100 ft.	Per ft.	Per 100 ft.	Per 1000 ft.
63B3015	14	3 lbs.	1c	$0.85	$ 7.95
63B3020	12	4½ lbs.	1½c	1.20	11.25
63B3025	10	6 lbs.	1¾c	1.65	16.00

New Code, Rubber-Covered Wire. Double Braid

Offers better protection than single braid wire. Must be used in all metallic conduits, flexible or rigid. Has one solid conductor, insulated with rubber compound over which are two saturated cotton braids.

Article Number	Size	Wt. per 100 ft.	Per ft.	Per 100 ft.	Per 1000 ft.
63B3040	14	4 lbs.	1¼c	$1.20	$10.25
63B3045	12	5½ lbs.	2c	1.65	15.20
63B3050	10	7 lbs.	2½c	2.10	19.50
63B3055	8	10 lbs.	3c	2.80	25.95
63B3060	6	13 lbs.	4½c	4.20	39.50
63B3065	4	18½ lbs.	6¼c	6.05	58.00

Duplex New Code Rubber Covered Wire

Consists of two solid conductors, each insulated with rubber compound over which is one saturated cotton braid. Conductors so insulated, are laid parallel and covered over all, with saturated cotton braid. Convenient for wiring in metallic and non-metallic conduits. Weight, per 100 ft., 7 to 12 lbs.

Article Number	Size	Per ft.	Per 100 ft.	Per 1000 ft.
63B3080	14	2½c	$2.00	$17.95
63B3085	12	3½c	3.00	28.15
63B3090	10	5c	4.10	37.75

NEW CODE ELECTRIC FIXTURE WIRE

For wiring Electrical Chandeliers, fixtures, brackets, lamps, etc. Solid copper conductors. No. 18 Size has 1/64-inch new code rubber covering. No. 16 Size, 1/32-inch new code rubber covering. Each is covered with saturated cotton braiding. Weight, per 100 ft., 1½ lbs.

Article Number	Size	Per ft.	Per 100 ft.	Per 1000 ft.
63B3102	18	¾c	62c	$5.85
63B3107	16	1c	85c	7.50

OLD CODE RUBBER COVERED COPPER WIRE

63B3115—This grade wire is extensively used by contractors and electricians. Not as high grade insulation used, as on code wire, but is suitable for cheap or temporary jobs. Will not pass Underwriters inspection. Size, Conductor No. 14. Rubber covered. Single braid over all. Weight, per 100 ft., about 3 lbs.

Per ft.	Per 100 ft.	Per 1000 ft.	Per 5000 ft.
1c	75c	$6.85	$32.50

WEATHER-PROOF COPPER WIRE

For use on outside work only. Not to be used indoors. Withstands weather better than rubber-covered wire. Conductor is of solid copper wire, covered with a triple braid of weather-proof insulating material.

Article Number	Size	Wt. per 100 ft.	Per ft.	Per 100 ft.	Per 1000 ft.
63B3125	14	2½ lbs.	1c	$0.70	$ 6.00
63B3130	12	3½ lbs.	1¼c	.85	7.40
63B3135	10	5¼ lbs.	1¾c	1.25	11.20
63B3140	8	7½ lbs.	2c	1.60	14.65
63B3145	6	11 lbs.	3c	2.60	24.75
63B3150	4	16½ lbs.	4¼c	3.80	36.50

NEW CODE TWISTED PAIR COTTON LAMP CORD

Two conductor, twisted, New Code Lamp Cord. Put up in 100-foot or 250-foot coils, or will cut to exact length of any required number of feet. Full coils tagged with Fire Underwriters' inspection stamp. Conductor consists of fine copper wire strands, twisted together. Covering is of fine quality, interwoven yellow and green cotton. This cord used for drop lights and extensions. Weight, per 100 feet, about 5 lbs.

Article Number	Size	Per ft.	Per 100 ft.	Per 1000 ft.
63B3175	18	1½c	$1.30	$12.40
63B3180	16	2c	1.70	15.70
63B3185	14	3c	2.40	22.75

NEW CODE TWISTED PAIR SILK LAMP CORD

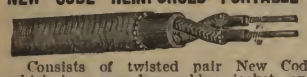
New Code Twisted Pair Lamp Cord. Covering is of high grade silk, in rich, fast colors. This cord is used for drop lights or portable lamps. Size, No. 18 only. Weight, per 100 ft., 5 lbs. Order color wanted by article number.

63B3190—Green. **63B3198**—Brown.
63B3192—Yellow. **63B3200**—Maroon.
63B3194—Old Gold. **63B3202**—White.
63B3196—Old Oak.

PRICE LIST

Per foot, **2½c**; per 100 ft., **$2.20**

NEW CODE PARALLEL SILK LAMP CORD



New Code Insulation Lamp Cord. Consists of two conductors laid parallel, and covered with braided silk. The neatest cord for portable lamps. Weight, per 100 feet, 5 lbs. Size, No. 18 only. Order color wanted by article number.

63B3210—Green. **63B3218**—Brown.
63B3212—Yellow. **63B3220**—Maroon.
63B3214—Old Gold. **63B3222**—White.
63B3216—Old Oak.

PRICE LIST

Per foot, **3c**; per 100 feet, **$2.55**

NEW CODE REINFORCED PORTABLE LAMP CORD

Consists of twisted pair New Code Cord, over which is a seamless rubber jacket, and outer braid of cotton. The best cord for portable extension lights and lamps. Stands wear well. Weight, per 100 ft., 9 lbs.

Article Number	Size	Price Per ft.	Price Per 100 ft
63B3250	18	3c	$2.60
63B3255	16	3½c	3.10
63B3260	14	4c	3.80

OLD CODE TWISTED PAIR LAMP CORD

Consists of two conductors, made up of fine copper strands, and insulated with old code rubber compound. Conductors are covered, and then twisted together. Silk covering is green. Cotton covering is mixed green and yellow. Size, No. 18 only. Weight, per 100 ft., 4 lbs.

Article Number	Covering	Per ft.	Per 100 ft.	Per 1000 ft.
63B3230	Cotton	1¼c	$1.10	$ 9.80
63B3235	Silk	2c	1.85	17.50

ELECTRIC HEATER CORD

Two conductor electric heater cord. For use on all kinds of domestic, and commercial heating devices. Each conductor is made up of a number of fine bare copper wires twisted together. Conductor is enclosed in a rubber compound over which is a covering of asbestos and cotton braid. Two conductors so insulated are twisted together, and covered with a mercerized black cotton braiding. Very flexible and durable. Approved by Underwriters.

Article Number	Size	Wt. per 100 ft.	Price per ft.	Price per 100 ft.
63B3265	18	5 lbs.	3½c	$2.95
63B3270	16	6 lbs.	4c	3.25
63B3275	14	8 lbs.	5c	4.10

ARMORED CABLE

Consists of two or three solid copper wire conductors, insulated with rubber, and two coverings of cotton braid, over which is a covering of flexible steel. Easier to install in many difficult places than any other kind of wire, especially in buildings already finished and in use. Weight, per 100 ft., about 44, 52 and 60 lbs., respectively.

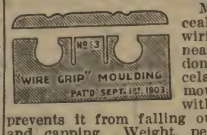
Article Number	No. of Conductors	Gauge B. & S.	Price Per ft.	Price Per 100 ft.	Price Per 1000 ft.
63B3305	Two	14	7c	$6.50	$60.00
63B3310	Two	12	10c	8.50	78.40
63B3315	Three	14	10c	8.70	80.00

DUPLEX LEAD COVERED CABLE

For underground or underwater use.

Consists of solid copper wire conductors, insulated with new code rubber compound over which is a saturated taping. Two conductors so insulated are laid parallel and enclosed in a continuous lead sheath which is protection against the action of gases, acids, and all other destructive elements.

Article Number	Size Conductor	Approx. Weight per 100 ft.	Price Foot	Price 100 ft.
63B3330	14	30 lbs.	5c	$4.20
63B3335	12	34 lbs.	5½c	4.90
63B3340	10	40 lbs.	6½c	5.90
63B3345	8	60 lbs.	9c	8.50



LOOM—FLEXIBLE NON-METALLIC CONDUIT

Circular Loom, Flexible Non-metallic Conduit. Moisture, and fire resisting. Used for various insulating purposes. If rubber covered wires are run between partitions, they are usually put inside either loom or conduit, to afford proper fire protection.

Article Number	Inside Diameter	Wt. per 100 ft.	Per ft.	Per 100 ft.	Per 1000 ft.
63B3380	¼ in.	7 lbs.	2c	$1.75	$15.00
63B3385	⅜ in.	11 lbs.	3c	2.65	22.50
63B3390	½ in.	12½ lbs.	4c	3.60	30.00
63B3395	¾ in.	20 lbs.	6c	5.40	45.00
63B3399	1 in.	27½ lbs.	8c	7.50	62.50

WIRE GRIP WOOD MOULDING

Moulding is used to conceal and hold wires. For wiring finished buildings, a neater and better job can be done with it, than with porcelain cleats. Our wire grip moulding is easy to work with, as it grips wire and prevents it from falling out. Price is for moulding and capping. Weight, per 100 ft., about 50 lbs.

163B3410—Moulding has ¼ in. grooves and holds two rubber covered wires; size, 12 or 14.

162B3415—Same as 163B3410, but takes three wires.

163B3420—Has ⅜ in. grooves and takes No. 10 or smaller wire.

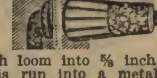
Article Number	Price Per 10 ft.	Price Per 100 ft.	Price Per 1000 ft.
163B3410	17c	$1.45	$14.00
163B3415	24c	1.95	18.55
163B3420	25c	1.97	18.60

RIGID IRON CONDUIT

Standard Enameled Wrought Pipe. Thoroughly cleaned, and covered with double coat of elastic enamel. Is weather, water, acid and alkali-proof. Non-corrosive. Easily bent, without injury to the enamel. Supplied in 10-foot lengths. Threaded on both ends, with coupling on one end. We recommend the use of iron conduit in all new buildings. Though more expensive the system is better and safer.

Article Number	Size	Wt. per 100 ft.	Per 10 ft.	Per 100 ft.	Per 1000 ft.
163B3430	½ in.	85 lbs.	42c	$3.90	$35.45
163B3435	¾ in.	113 lbs.	52c	4.90	44.00
163B3440	1 in.	168 lbs.	74c	7.05	62.00

STEEL CUT-OUT AND SWITCH BOX



An approved box is required for every cut-out switch or fused branch block. These boxes are National Electric Code Standard and meet all requirements. They are made of enameled sheet steel, with electro welded seams. Covers fit tight and open all the way. Boxes are strong, well made and neat in appearance. Are almost fire, water and dust proof. Have sufficient knockouts for making all connections.

Article Number	Price Each	Width In.	Length In.	Depth In.	Wt. about Lbs.

63B3619	Bushings	2	1	3c	2.38

BUSHING FOR NON-METALLIC CONDUIT

Holds loom to box securely and neatly. Eliminates possible friction and injury to insulation. Easy to install. Designed for bushing ¼ inch loom into ⅝ inch hole. Required wherever loom is run into a metal box. Weight, each, 1 oz. Cut shows bushing in position.

63B3625—Bushing for non-metallic conduit. Price, each, **2c**; Per 100 . . . . . **$1.25**

BOX CONNECTORS FOR ARMORED CABLE

Connector for securing armoured cable to cutout box, outlet box or push switch Wall Box. Angle connectors are required where cable cannot be brought in at right angles. They also make a more compact and neater job. Fit all three size cables listed. Require ½ in. knockout hole. Diam., ⅞ in. Weight, each, 1 to 5 oz.

Article Number	Style	Price each	Price Dozen	Price 100
63B3630	Straight	5c	54c	$4.05
63B3634	45° angle	9½c	88c	6.80
63B3638	90° angle	9½c	89c	6.85

PORCELAIN BUSHINGS

A porcelain bushing is required wherever a rubber covered wire passes through a metal wall, as on a steel cutout box, metal wall box, etc. Weight, each, about 1 oz.

63B3650—Bushing to fit ¼ in. loom hole (diam., ⅝ in.). Price, each, **3c**; per dozen, **33c**; per 100 . . . . . **$2.50**

63B3652—Bushing to fit ⅜ in. conduit hole (diam., ⅞ in.). Price, each, **3½c**; per dozen, **38c**; per 100 . . . . . **$2.95**

GROUND CLAMP

All metal boxes, conduits, etc., on a wiring system, must be permanently grounded. This clamp connects ground wire to pipe. Fits any pipe up to 2 in. diameter. Weight, each, 4 oz.

63B3660—Ground Clamp. Price, each **8c**

METAL WALL BOX FOR LOOM OR KNOB AND TUBE WIRING

A metal wall box must be used with every wall receptacle flush switch. One gang box is used where one switch is installed. Two gang box is used where two switches are installed together, etc. This type box is used with flexible non-metallic conduit loom. Depth, 2 in. Outlet holes, diameter, ⅞ in. for ¾-in. loom. Takes any standard push switch or wall receptacle. Weight, per gang, about 11 oz.

Article Number	Number Gangs	Price each	Price for Ten	Price 100
63B3670	One	14c	$1.30	$11.50
63B3672	Two	24c	2.20	19.25
63B3674	Three	32c	2.95	26.00

METAL WALL BOX FOR CONDUIT OR ARMORED CABLE

For push switches and wall receptacles. Has knockout holes for ½ in. conduit and armored cable. Any number of gangs required can be made by adding spacers to the two gang box. Size of single gang box, length 3 in., width 2 in., depth 2¾ in. Weight, per gang, about 14 oz.

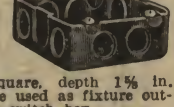
63B3680—Single gang box. Price, each **15c**
63B3682—Two gang box. Price, each **30c**
63B3684—Spacers. Price, each **14c**

OCTAGON OUTLET BOXES

Standard outlet boxes, at prices that mean a saving. Made of heavy stamped sheet metal. One of these boxes is required at each branch or outlet. Have knockouts for ½ inch conduit or armoured cable. Octagon shape, makes them easy to install and permits of a better job. Have lugs and screws for covers.

Art. No.	Diam.	Depth	Wt.	Each	Per 100
63B3690	3¾ in.	1⅝ in.	6 oz.	9c	$7.95
63B3695	4 in.	1⅝ in.	7 oz.	10c	8.85

COVERS FOR OCTAGON BOXES



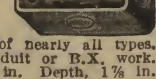
For Boxes, Diameter, 4 Inches
Weights, 2 to 6 oz.

63B3702—Open cover with ¾ in. crown, 2 15/16 in. opening. For Brackets. Price, each **4c**
63B3704—Raised closed cover. Price, each . **4c**
63B3706—Raised closed cover with ⅜ in. insulating Bushing in center. Price, each **7c**
63B3708—Closed Flat steel cover. Price, each **4c**
63B3710—Flat steel cover slotted to take any 5 or 10 ampere snap switch. Price, each **6c**

For Boxes, Diameter, 3¼ Inches

63B3714—Closed cover. Raised center. Price, each **2c**
63B3716—Flat steel closed cover. Price, each **2c**
63B3718—Raise cover to take outlet box receptacle. Can also be used on brackets. Hole, diameter 1½ in. Price, each **4c**
63B3720—Flat steel cover slotted to take any 5 or 10 ampere snap switch. Price, each **5c**

SQUARE OUTLET BOX



Made of heavy stamped sheet metal. Has knockouts inside and bottom for ½ in. conduit or armoured cable, also two knockouts for ½ in. gas pipe. Has lugs and screws for covers. 4 in. square, depth 1⅝ in. Weight, each, 12 oz. Can be used as fixture outlet box, junction box or push switch box.

63B3730—Each, **10c**; Per hundred **$9.10**

COVERS FOR SQUARE SWITCH BOX

63B3735—Open Bracket cover. Has ¾ in. crown. Price, each **5c**
63B3737—Closed raised cover with ⅜ in. insulating bushing. Price, each **7c**
63B3739—Flat closed cover. Price, each . . . **4c**
63B3741—Shallow cover ¾ in., for single standard, push button switch or wall receptacle. Price, each **7c**
63B3743—Shallow cover ¾ in., for two standard, push button switches or wall receptacles. Price, each **10c**

UNIVERSAL CONDUIT BOX

A box with many uses. Can be used as an outlet box, or branch box. Takes all makes of shallow push switches, and rectangular base flush receptacles. Can be substituted for Condulets, Taplets or Unilets of nearly all types. The ideal box for exposed conduit or B.X. work. Length, 4 in. Width, 2 5/16 in. Depth, 1⅞ in. Knockouts for ½ in. conduit or B.X. armoured cable.

63B3750—Price, **9c**; **63B3751**—Per 100. **$8.10**

COVERS FOR UNIVERSAL BOX

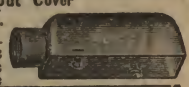
63B3755—Flat steel closed cover. Price, each . **3c**
63B3757—Steel cover with two porcelain bushings. Price, each **4c**
63B3759—Steel cover with three porcelain bushings. Price, each **5c**
63B3761—Steel cover slotted to take any 5 or 10 ampere snap switch. Price, each **4c**

SHALLOW CEILING BOX

Shallow ceiling outlet box without lugs. Used for fixture and bracket outlet. Has knockouts for ½ in. conduit or armoured cable. Diameter, 4 in. Depth, ½ in. Weight, each, 7 oz.

63B3770—Price, each, **6c**; Per hundred . . **$5.20**
63B3775—Same style box, but with ⅜ in. knockouts for non-metallic conduit. Price, each **6c**

CONDUIT FITTINGS — UNILETS



Similar in design to and serve the same purpose as Conduits and Taplets. Weight, each, 6 oz. to 14 oz.

PORCELAIN CLEATS

Glazed porcelain cleats. Take either 14, 12 or 10 wires. Two wire have 2½ in. wire centers. Three wire have 1¾ in. wire centers. Weight, per pair, 4 oz.

63B3920—Two wire. Price, per pair, **1½c**; per 100 pairs **$1.35**
63B3922—Three wire. Price, per pair, **1½c**; per 100 pairs **$1.37**

ROUND SOLID PORCELAIN KNOBS

63B3925—Old code No. 5½ solid porcelain Knob. Height, 1 9/16 in. Diameter, 1 in. Hole, ¼ in. Groove, 5/16 in. Weight, per 100, 8½ lbs. Price, each, ¾c; per 100, **48c**; per 1,000 . . . **$4.65**

63B3927—New code No. 5½ solid porcelain Knob. Height, 1 9/16 in. Diameter, 1⅛ in. Hole, ¼ in. Groove, 5/16 in. Weight, per 100, 11½ lbs. Price, each, **1c**; per 100, **68c**; per 1,000 . . . . . **$6.30**

63B3929—No. 4 solid porcelain Knob. Height, 1 11/16 in. Diameter, 1½ in. Hole, ⅜ in. Groove, ⅜ in. Weight, per 100, 20 lbs. Price, each, 1¼c; per 100, **93c**; per 1,000 . . . **$8.50**

63B3931—No. 4½ solid porcelain Knob. Height, 1⅞ in. Diameter, 1½ in. Hole, ⅜ in. Groove, 7/16 in. Weight, per 100, 21½ lbs. Price, each, **1½c**; per 100, **$1.05**; per 1000 . . . . . **$9.50**

ROUND SPLIT PORCELAIN KNOBS

63B3935—Old code No. 5½ porcelain split Knob. Height, 1¾ in. Diameter, 1 in. Hole, ¼ in. Grooved to take two No. 12 or 14 wires. Weight, per 100, 9½ lbs. Price, each, **1c**; per 100, **88c**; per 1,000 . . . . . **$7.95**

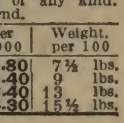
63B3937—New code No. 5½ porcelain split Knob. Height, 1¾ in. Diameter, 1⅛ in. Hole, ¼ in. Weight, per 100, 11 lbs. Price, each, **1c**; per 100, **97c**; per 1,000 . . . . . **$8.70**

REVERSIBLE PORCELAIN KNOBS

63B3940—Square Reversible split Knob. Top and bottom pieces are the same. Height, 1½ in. Width, 1⅛ in. Grooved for two No. 12 or 14 wires. Weight, per 100, 17 lbs. Price, each, **1½c**; per 100 . . . . . **$1.25**

63B3942—Round Reversible split Knob. Top and bottom pieces alike. Height, 1¼ in. Diameter, 1¼ in. Weight, per 100, 20 lbs. Price, each, **1½c**; per 100 . . . . . **$1.27**

NOTE.—Weights and measurements on all porcelain goods will vary slightly.

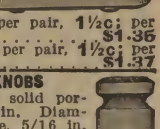


NAIL HEADS AND SCREWS

63B3950—Leather Nail Heads for use with any of above knobs or cleats. Weight, per package of about 100, 2 oz. Price **8c**

63B3952—Wood screws for use with any of above knobs or cleats. Length, 2¼ in. Size, 11. Round head, Blued. Weight, per gross, 2¾ lbs. Price, per dozen, **4c**; per gross **42c**

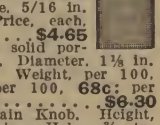
STANDARD FUSELESS ROSETTES



CONCEALED PORCELAIN ROSETTE

Used with concealed wiring. For installing drop lights. Base is fastened in position and wired. Easy to install. Cord fastened to cap, and then turned onto base. Weight, each, 8 oz.

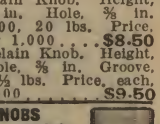
63B3960—Price, each, **9c**; ten for **75c**; per 100 . . . . . **$6.75**



PORCELAIN CLEAT ROSETTE

Used with cleat wiring. For installing drop cords. Easy to install. Cap turns onto base. Weight, each, 8 oz.

63B3965—Price, each **9c**; ten for **75c**; per 100 . **$6.75**



PORCELAIN MOULDING ROSETTE

Used with moulding system of wiring. For installing drop lights. Easy to install. Cap turns onto base. Weight, each, 9 oz.

63B3970—Price, each, **9c**; ten for **75c**; per 100 . **$6.50**

ONE PIECE ROSETTE

63B3980—One piece Rosette. For any style wiring. Weight, each, 5 oz. Price, each, **5c**; ten for **42c**; per 100 . **$3.50**

STANDARD ELECTRICAL WIRING GOODS AT MONEY-SAVING PRICES

ALL SOCKETS, PLUGS, BASES AND RECEPTACLES ARE FOR EDISON BASE UNLESS OTHERWISE SPECIFIED

SNAP (TURN BUTTON) SWITCHES

A high grade switch. In our estimation the equal of any made. Approved National Electric Code Standard. The three way switches listed can be arranged to control the same light from two different places.

125 volt 5 ampere; or 250 volt 3 ampere

63B4102—Non-Indicating Single Pole. Each **14c**; ten for **$1.26**; per hundred **$11.90.**

63B4104—Indicating Single Pole. Each **15c**; ten for **$1.40**; per hundred **$13.50.**

125 volt 3 ampere or 250 volt 1 ampere

63B4110—Three way. (Three Point.) Price, each **22c**; ten for **$2.05.** Wt., 4 oz. each.

125 volt 10 ampere; 250 volt 5 ampere

63B4114—Non-Indicating. Single Pole. Each **24c**; ten for **$2.15.**

63B4116—Indicating. Single Pole. Each **27c**; ten for **$2.35.**

63B4118—Three way. (Three point.) Each **33c**; ten for **$2.85.**

PORCELAIN SWITCH BASES

Required to be used with snap switches. Weight, about 3 oz.

63B4150—For concealed wiring. Takes 5 ampere switch. Each **2c**; per hundred **$1.60.**

63B4152—For concealed or cleat wiring. Takes any 5 or 10 ampere switch. Price, each **3c**; per hundred **$2.70.**

63B4154—For moulding or concealed wiring. Takes any 5 or 10 ampere switch. Price, each **3c**; per hundred **$2.70.**

PUSH BUTTON FLUSH SWITCH

A high grade switch. In our opinion equal in quality and durability to any switch made. Standard shallow type. Depth, 1⅝ inches. Weight, 6 oz. For 125 volt, 10 ampere current, 250 volt, 5 ampere current.

63B4160—Single Pole. Price, each **23c**; ten for **$2.10**; per hundred, **$18.95.**

63B4162—Double Pole. Price, each **35c**; ten for **$3.30**; per hundred **$31.50.**

63B4164—Three Way. Price, each **35c**; ten for **$3.30**; per hundred **$31.50.**

63B4166—Four Point. Price, each **$1.00**

PUSH BUTTON FLUSH SWITCH FACE PLATES

Made of heavy solid brass. The equal in every respect to any plate, regardless of price. Fit all standard Push Button Flush switches. Weight, about 2 oz. per gang.

Article Number	No. Gangs	Finish	Price, each	Ten for
63B4175	one	Brush Brass	8c	$0.72
63B4177	two		16c	1.40
63B4179	three		24c	2.05

63B4191	three		27c	2.40

FLUSH RECEPTACLE FOR EDISON BASE SCREW PLUG

Adapted to take any standard Edison Base Screw Attachment Plug. This receptacle is useful for connecting electric irons, toasters, table lamps, etc., to current. When not in use, is level and flush to surface, to which it is fastened. Price includes receptacle and plate. Weight, 10 oz.

Article Number	Ten for	Finish of plate	Price, each
63B4202	Brush Brass	35c	$3.20
63B4204	Ox. Copper	38c	3.45
63B4206	Nickel	38c	3.45

FLUSH RECEPTACLE, CHAPMAN TYPE

Known under various trade names as Chapman Receptacle, Manhattan Receptacle, etc. Now being extensively installed in new buildings, for supplying current to table lamps, heating devices, motors, etc. Can be fitted into base board ceiling or floor. When not in use is level and flush with surface, to which it is fastened.

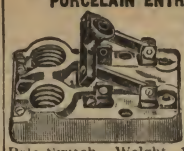
63B4210—Flush Receptable. Complete, with brush brass face plate and porcelain plug. Weight, 12 oz. Price, each, **55c**

63B4214—Extra Porcelain Plugs. Price, each **12c**

Note—Metal Boxes must be used with the above flush switches and receptacles, to properly install them. See 63B3670 and 63B3680, etc.

PENDANT SWITCH

63B4220—Pendant Switch, with brass shell. Attached to drop cord, to control lights out of reach. Also used in connection with heating devices, fans, etc. Pleasing in appearance. Just heavy enough to keep conducting cord straight. Wt., 4 oz. Price, each **30c**



HOUSE WIRING

An Instruction Book, describing and illustrating up-to-date methods of installing electric light wiring. Contains just the information needed for the successful wiring of a building. Only practical examples of work are included. Each step is explained and illustrated in a clear, non-technical manner. The advanced electrical worker will also find much of interest, as many labor and time-saving operations are illustrated and described.

63B4230—House Wiring. Weight, 4 oz. Publisher's price, 50c. Our price **38c**

PORCELAIN ENTRANCE SWITCH

National Electric Code Standard Porcelain Base Entrance Switch or main line cut-out switch. Takes plug fuses. Capacity, 125 volt, 30 amperes.

63B4305 — Two Pole Switch. Weight, 1½ lbs. Base, size, 3¼x5¼ in. Price, each, **37c**; ten for **$3.15.**

63B4307—Three Pole Switch. Weight, 2½ lbs. Base, size, 5x5½ in. Price, each **56c**

SLATE BASE ENTRANCE SWITCHES

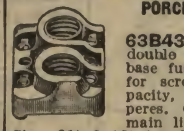
These switches are designed to meet the requirements of a main line cut-out switch, where the feed wires enter residences, stores, or small factories. Size of two pole switch, 3½x6½x1½ in. Size of three pole, 5x6½x1½ in. Capacity, 250 volts, 30 amperes.

63B4315—Slate Base Switch. Two Pole. For link fuses. Weight, 1½ lbs. Price, each **40c**

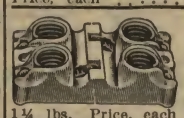
63B4317—Slate Base Switch. Three Pole. For link fuses. Weight, 2¼ lbs. Price, each **78c**

63B4319—Slate Base Switch. Two Pole. For cartridge fuses. Weight, 1½ lbs. Price, each **45c**

SLATE BASE CUT-OUT SWITCH



Approved new code switch. Blades of fine copper mounted on oiled slate base. Capacity, 250 volts, 30 amperes.



63B4325 — Two-pole switch. Size of base, 3⅝x6x⅞ in. Weight, 1 lb. Price, each **30c**

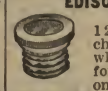
63B4327—Three-pole switch. Size of base, 3¾x5½x1½ in. Weight, 1½ lbs. Price, each **44c**

PORCELAIN BASE PLUG CUT-OUTS

63B4340 — Main line, double pole, porcelain base fuse block or cut-out for screw plug fuse. Capacity, 125 volts, 30 amperes. Can be used to fuse main line or branch lines. Size, 2½x3x1⅝ in. Weight, 8 oz. Price, each **12c**

63B4345— Two wire main, double branch, plug cut-out. Capacity, 125 volts, 30 amperes. Size, 3x5¼x1⅝ in. Wt., 1¼ lbs. Price, each **24c**

63B4347—Three wire main, double branch, plug cut-out. Capacity, 125 volts, 30 amperes. Size, 4½x7x1¾ in. Weight, 3¼ lbs. Price, each **25c**

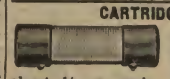


63B4352 — Two wire, single branch, plug cut-out. Capacity, 125 volts, 30 amperes. Size, base, 3x3½x1⅝ in. Weight, 13 oz. Price, each **13c**

PANEL BOX SWITCH

63B4360 — Panel Box Switch. For use in panel or steel switch box, where each circuit is to be controlled with a separate switch. Capacity, 125 volt, 30 amperes. Weight, 26 oz. Size, base, 3x6x1¾ in. Price, each **44c**

EDISON BASE PLUG FUSES

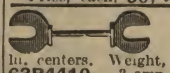


For use on currents up to 125 volts. In selecting plugs, choose the smallest size that will pass just enough current for line with maximum load on. Weight, 1 oz. each.

63B4370	3 amp.	63B4378	15 amp
63B4372	6 amp.	63B4380	20 amp
63B4374	10 amp.	63B4382	25 amp.
63B4376	12 amp.	63B4384	30 am.

Price, each, **3c**; ten for **27c.**

CARTRIDGE FUSES



National Electric Code size, Dimensions over all, 2x 9/16 in. Weight, about ½ oz. each. Select fuse that will pass just enough current for line with maximum load on.

63B4390	3 amp.	63B4398	15 amp.
63B4392	6 amp.	63B4400	20 amp.

CURRENT TAP

63B4480 — Screws in regular socket. A cord may be run from it to conduct current to a motor, electric iron, fan or other apparatus, in addition to having light at the socket tapped from. A very handy device. Porcelain body and cap. Wt., 6 oz. Price, each **26c**

PLUG CLUSTERS

Benjamin Multiple Plug Clusters. Screw into regular sockets. Used to increase number of lights or to take off connection to operate fan, electric sad iron or other devices. Weight, 7 and 10 oz. each.

63B4485—2-light. Price, each **55c**

63B4487—3-light. Price, each **75c**

BRASS SHELL KEY SOCKETS

National Electric Code Standard Sockets with key to turn current off and on. Brass shell fiber lined. ⅛-inch cap. Take any Edison base lamp. Weight, 3 oz. each. The brands we carry are of the best quality of their respective classes.

New Wrinkle Key Sockets

63B4501 — Brush Brass Finish. Price, each **16c**

63B4503—Polished Nickel Finish. Price, each **18c**

63B4505—Oxidized Copper Finish. Price, each **18c**

Independent Key Sockets

63B4511—Brush Brass Finish. Price, each **14c**

BRASS SHELL KEYLESS SOCKETS

National Electric Code Standard Sockets without keys. Brass shell, fiber lined. Have ⅛-inch cap. Weight, 3 oz. each. The brands we carry are of the best quality of their respective classes.

New Wrinkle Keyless Sockets

63B4520—Brush Brass Finish. Price, each **15c**

63B4522—Polished Nickel Finish. Price, each **17c**

63B4524—Oxidized Copper Finish. Price, each **17c**

Independent Keyless Sockets

63B4530—Brush Brass Finish. Price, each **13c**

PULL CHAIN SOCKET

New Wrinkle Pull Chain Socket. Brass shell, fiber lined. Has 8-inch chain, ⅛-inch cap. Wt., each, 3 oz.

63B4535 — Brush Brass Finish. Price, each **29c**

63B4537—Oxidized Copper Finish. Price, each **33c**

63B4539—Polished Nickel Finish. Price, each **33c**

PORCELAIN SOCKETS

National Electric Code Standard Sockets. White porcelain body and key. Threaded ⅛-inch brass cap, in satin (brush) finish. For use on fixtures, or drop cord. Wt., each, 5 and 7 oz.

63B4545 — Porcelain Key Socket. Each **18c**

63B4549—Porcelain Keyless Socket. Price, each **16c**

PENDANT CAP PORCELAIN SOCKET

Porcelain Key Socket. Has porcelain pendant cap. For use on drop cords, in damp places or basements. Wt., 6 oz.

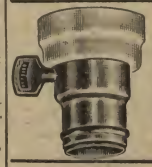
63B4554—Price, each **15c**

COMPOSITION BUSHINGS

63B4560 — Composition Bushings. Required in all sockets which are hung from drop cord. Fits any standard ⅛-inch cap socket. Weight, about 1 oz. per dozen. Price, each **1c**

Per hundred **25c**

WALL OR CEILING SOCKET



Used for beam or ceiling light. Edison base. Shell is of brass in brush (satin) finish. Bottom is insulated with porcelain. Diam, 3¾ in. Wt. 11 oz.

63B4565—Key Socket. Price, each **28c**

63B4567 — Pull chain Socket. Price, each **43c**

KEY WALL SOCKET

63B4570— Porcelain base wall socket. Brass shell brush (satin) finish. Key to turn current on and off. Wt., 5 oz. Price **21c**

KEYLESS WALL SOCKET

63B4575—Keyless porcelain base wall socket. Brass shell in brush (satin) finish. Weight, 3 oz. Price, each **12c**

PORCELAIN RECEPTACLE

63B4580 — Porcelain temporary receptacle. Used for temporary work in and out doors. Screw holes 2 in. on center. Weight, 4 oz. Price, each, **6c**; ten for **56c**; 100 for **$5.15.**

WEATHER-PROOF SOCKET

63B4582— Porcelain weather-proof socket. For outside wiring. Has 6-inch wire leads to connect onto supply line. Weight, each, 5 oz. Price, each, **8c**; ten for **73c**; 100 for **$6.95.**

OUTLET BOX RECEPTACLES

Outlet box receptacle with cover and wire leads. Weight, 8 oz.

63B4590—For 3¼-inch box. Price, each **17c**

63B4592—For 4-inch box. Price, each **18c**

LOCK SOCKET

63B4594—Key Lock Socket. Locks lamp securely so that it cannot be removed except with key. Prevents theft of lamps. Brush brass finish shell, ⅛-inch cap. Weight, 3 oz. Price, each **30c**

63B4596—Key to open socket. Price, each **35c**

MOGUL SOCKET

63B4598—Large socket to take mogul screw lamp. Keyless. Brushed brass shell. Length, 3½ in., ¾-in. cap. Weight, 1 lb. Price, each **49c**

FLEXO SOCKET ATTACHMENT

This attachment will fit on any standard key socket. Instantly making a pull chain socket out of a key socket. Strongly made. Snaps right over the key and sticks. Simple, practical, efficient. Socket not included. Weight, each, 1 oz.

63B4649—Price, each **10c**

PORCELAIN ATTACHMENT PLUG

63B4670—Separable Attachment Plug. Porcelain body and cap. A first-class plug in every respect. Holds together firmly and can be separated at any angle. Weight, each, 4 oz. Price, each **13c**

COMPOSITION ATTACHMENT PLUG

63B4672 — Separable black composition Edison base Attachment Plug. A neat and compact plug. Very strong and durable. Almost unbreakable. Weight, 3 oz. each. Price, each **15c**

BRASS CAP ATTACHMENT PLUG

63B4674—Solid Attachment Plug. Has fiber lined brass cap. Porcelain body. Fits any standard Edison base socket. Weight, each, 3 ounces. Price, each **9c**

TIN LAMP SHADE

Best quality finely finished Tin Lamp Shades. White enameled inside. Green enameled outside. Weight, about 6 oz. each.

63B4703—Deep Cone Shade. 10 in. diam. 2¼-in. holder. Price, each, **15c**; dozen, **$1.65**; hundred, **$13.50.**

63B4707—Half Cone Shade. 10 in. diam. 2¼-in. holder. Price, each, **12c**; dozen, **$1.20.**

63B4712—Flat Shade. 10 in. diam. 2¼-in. holder. Price, each, **12c**; dozen, **$1.18.**

WIRE LAMP GUARD

New Never Break Wire Lamp Guard. Protects lamp against accidental breakage. Slips over lamp without a holder. Weight, 2 oz. each.

63B4721—Lamp Guard to fit over 16 C. P. carbon, 40 Watt Tungsten or smaller lamps. Price, each, **12c**; doz., **$1.20**; hundred, **$8.95.**

63B4723—Lamp Guard to fit over 32 C. P. carbon, 60 Watt Tungsten or smaller lamps. Price, each, **14c**; dozen, **$1.40**; hundred, **$10.50.**

SHADE HOLDER

63B4730 — Electric Shade Holder, 2¼ inch size. Made of strong heavy brass. Always holds shade level. Brush (satin) brass finish. Weight, about ½ oz. each. Price, each, **4c**; per doz. **40c**

63B4732—Electric Shade Holder, 3¼ inch size. Price, each **5c**

UNO SHADE HOLDER

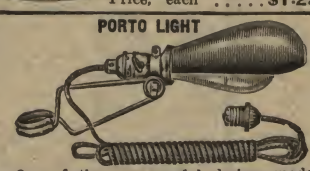
The latest and best shade holder made. Screws onto New Wrinkle Sockets. Firm and strong. Made of heavy brass. Weight, 1 oz. each.

Article Number	Price, each	Size Holder	Finish
63B4735	4c	2¼ in.	Br. Brass
63B4737	5c	2¼ in.	Nickel
63B4739	5c	2¼ in.	Ox. Cop.
63B4741	8c	3¼ in.	Br. Brass

ADJUSTABLE ELECTRIC DESK LAMP

Made of brass in brush (satin) finish. Height, as illustrated, 18 in. Weighted base. Felt-covered bottom. Adjustable at top and base. Fitted with key socket. Brush (satin) brass finish shade. Complete with 6 ft. of cord and attaching plug. Wired. Shipping weight, 10 lbs.

63B8380—Price, complete **$1.50**



PORTABLE ELECTRIC LAMP

A fine quality low priced lamp. For use on desk, table or any flat surface. Shade is adjustable so that light can be reflected at any angle. Height, 11 in. Weight, 1½ lbs. Has 6-ft. cord and attaching plug. key socket. Finished in brushed (satin) brass. Price does not include glass lamp.

63B8397—Price, each **$1.28**

PORTO LIGHT

One of the most useful devices made. Has strong springs so that light can be clamped onto almost anything from a ¼ inch rod to a 2 inch plank. Can be adjusted to throw light at any angle. Finished in brushed satin brass. Key socket. 8 foot cord and attaching plug. A large value for the money. Wt. 1lb.

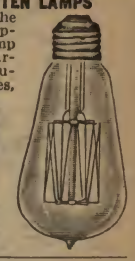
63B8398—Porto Light. Price, each **$1.10**

LAMP COLORING

Lamp Coloring for indoor use. A transparent, brilliant, glossy lacquer into which lamps are dipped. Lamps come out smoothly and cleanly covered. Dries in a few minutes. A dipping cup is supplied with each bottle. Shipping wt., 2 lbs.

63B4761—Red.

63B4763—Blue.



63B4765—Green.

63B4767—Canary.

63B4769—White Frosting.

Price, per 8 oz. bottle **33c**

DRAWN WIRE TUNGSTEN LAMPS

These lamps are the highest scientific development in the art of lamp making. They are marketed under various manufacturers' trade names, such as Mazda, U. S., Laco, etc. The lamps we supply are equal in efficiency, brilliancy and length of life to any lamps on the market, and we will replace any lamps that are defective. Produce three times as much light as the old type carbon lamps on the same amount of current.

HIGH GRADE CARBON LAMPS

Best quality new Class A Carbon Lamps. Guaranteed life. Made by one of the most reliable factories in the country. These being new lamps of the best quality, they are vastly superior to the refilled lamps usually offered at our prices.

63B4970—8 C. P. 110 volt. Price, each, **13c**; Per dozen **$1.40**

63B4972—16 C. P. 110 volt. Price, each, **13c**; Per dozen **$1.40**

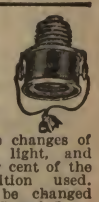
63B4974—32 C. P. 110 volt. Price, each, **20c**; Per dozen **$2.25**

Ship. wt. of lamps, about 1 lb. each.

HYLO LAMP

Two lights in one lamp. A bright light, a dim light or out with a pull of the string. Plenty of light to read or work by or a pilot light to show the way.

63B4980—Hylo Mazda Lamp 25 Watts, 110 volt, 20 C. P. HY; 3 C. P. LO. Price, each **33c**



63B4982—Hylo Mazda Lamp 40 Watts, 110 volt, 36 C. P. HY; 3 C. P. LO. Price, each **33c**

63B4984—Hylo Carbon Lamp, 16 C. P., 110 volt, C. P. HY; 1 C. P. LO. Price, each **54c**

63B4986—Hylo Mazda Lamp, 25 Watt, 30 volt, 20 C. P. HY.; 3 C. P. LO. Price, each **33c**

Shipping weight, about 1 lb. each.

DIM-A-LITE

The Dim-a-lite is an interchangeable attachment for dimming a single electric light. Remove lamp from the socket. Screw it into the Dim-a-lite. Place a Dim-a-lite in the socket. A pull of the cord produces five changes of light—full, dim, low, night light, and out. Saves from 25 to 75 per cent of the current, according to position used. Will last a lifetime. Can be changed from lamp to lamp. Weight, 5 and 7 oz. Brush (satin) brass finish. Can be used on any 40 Watt or smaller lamp.

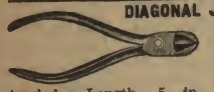
63B4990—Dim-a-lite. Price, each **87c**

63B4992—With Shade Holder Attachment. Price, each **$1.09**

For Parcel Post Shipments, add sufficient postage. See Page 4 for rates

WIRING TOOLS AND MATERIALS

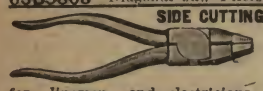
SHARP NOSE SIDE CUTTER PLIER



A high grade Hardened Steel Plier. Used a great deal on all electrical work. Handy around any work shop. Weight, 6 oz.

63B5802—5½-inch Sharp Nose Plier. Price, each **55c**

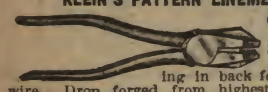
63B5804—7-inch Sharp Nose Plier. Price, each **70c**



DIAGONAL JAW PLIER

Best Hardened Tool Steel Diagonal Jaw Side-cutting Nipper. This tool will do perfectly the work for which it is intended. Length, 5 in. Weight, 4 oz.

63B5808—Diagonal Jaw Pliers. Price, each . **65c**



SIDE CUTTING PLIERS

Sidecutting Pliers. Forged from best quality steel. A good tool for linemen and electricians. Wt., 4 to 10 oz.

63B5810—5-inch Plier. Price, each **30c**
63B5812—6-inch Plier. Price, each **45c**
63B5814—7-inch Plier. Price, each **55c**

KLEIN'S PATTERN LINEMEN'S PLIERS

63B5818—Klien's Pattern. Side cutting Pliers. Have large opening in back for cutting insulated wire. Drop forged from highest quality of steel. Finely finished. Carefully tempered. Length, 8⅜ in. Shipping weight, 16 oz. A $1.25 value.

Our price **75c**

SOLDER

Prices on solder subject to market change.

63B5830—Rosin Core Wire Solder. Requires no flux. Indispensable for soldering electrical connections and extensively used on telephone work. Price, per lb. **45c**

63B5832—Plain Wire Solder. Half and Half. Very handy for all electrical soldering. Price, per lb. **38c**

SOLDERING PASTE

A Fine Flux, in a convenient form. Helps make a stronger and neater joint than possible with any other flux.

63B5836—Price, per 2-oz. can **9c**
63B5838—Price, per lb. can **47c**

SOLDERING SALTS

63B5840—A non-corrosive Salt which is dissolved in water. Makes a perfect flux. Replaces acids and will not injure hands.

Price, per half-lb. bottle **22c**

INSULATING TAPE AND SPLICING COMPOUND

For wrapping wires where insulation has been scraped off. In making joints on electric wires, joints must first be soldered, then wrapped with rubber splicing compound over which friction tape must be wrapped.

63B5848—Black Friction Tape, ¾ in. wide. A high grade tape. Price, half-pound package . . **15c**
63B5856—White Friction Tape. ¾ in. wide. Extra fine quality. Used on electrical work of various kinds. Also extensively used by stone masons and cornhuskers to protect fingers while working. Price, half-pound package **30c**
63B5854—Rubber Splicing Compound, ¾ in. wide. One of the best rubber splicing compounds on the market and is equal to many tapes sold at double the price. Price, quarter-pound package **18c**

GASOLINE BLOW TORCH

One of the finest and most popular Blow Torches on the market. Made of polished brass. Special bronze burner. Improved air pump. Produces a solid blue flame, generating about 1,500 degrees (Fahrenheit). Easily regulated. A fine torch for electricians and linemen. Also suitable for paint burning, thawing out pipes, and for plumbers, tinners, etc. Has an adjustable, removable solder iron holder. Each torch tested and is perfect.

63B5864—Blow Torch. Capacity, 1 pt. Weight, 3 lbs. Each **$1.95**
63B5866—Blow Torch. Capacity, 1 qt. Weight, 4 lbs. Each **$2.25**

BABY GASOLINE TORCH

For Difficult Work in a Tight Corner. The Smallest Practical Torch Made. Lights with a match. Perfect and powerful. Burns without air pressure. A simple automatic tool, with no movable parts, valves or pump to get out of order or to be replaced. Tank is only 2⅝ inches high and 1 13/16 inches in diameter. It requires no pumping and is always ready for use. Simply hold a lighted match to the burner; it lights quickly. Will burn steadily for two hours on one filling of gasoline. Wt., 5 oz.

63B5860—Baby Gasoline Torch. Price, each **75c**

VAN EXPANSION BOLT

For fastening insulators, pipe straps, moulding, boxes, brackets, sheet metal work, hinges, machinery, etc.; to plaster tile, marble slabs, concrete, stone, etc. To install, drill a hole in material of size to take the expansion unit. Then insert unit, place material in position, run bolt through material to unit and tighten. Material will then be securely fastened. Units are listed without bolts. See index for bolts. To find proper length of bolt or screw add length of unit to thickness of material you intend to use. Wt., ¼ to 1½ oz. each.

Article Number	Price, each Unit, Only	Length Unit In.	Diam. of Unit Inches	For Use With	Size Bolt or Screw Diam.	Threads

63B5874	5c	1½	5/8	stove bolts	5/16	18
63B5876	6c	1¾	3/4	mach. bolts	3/8	16
63B5878	8c	2¼	7/8	mach. bolts	1/2	13
63B5880	12c	3	1	mach. bolts	5/8	11

THORDARSON BELL RINGING TRANSFORMER

For use on alternating current, 100 to 120 volts, 60 to 133 cycles. Replaces dry batteries on door bells and signal systems. This Transformer is attached to the regular power current, and transforms the current down, so that it is suitable for operating door bells, buzzers and annunciators. Once installed, requires no further attention, as it is practically indestructible. Uses so little current it will not register on meter. Weight, 2½ lbs. Size, 3x5¾x2 in. Produces a 12-volt current.

63B5920—Bell Ringing Transformer. Price, each **$1.35**

FRACTIONAL HORSEPOWER INDUCTION MOTORS

For Use on 105 to 120 Volt Single Phase 60 Cycle Alternating Current. Guaranteed Motors at Prices that Mean a Saving from 20% to 40%.

Size	Article Number	Price Each	Speed at 110 V.	Net Weight
1/20 H.P.	163B6020	$11.80	1710	12 lbs.
1/12 H.P.	163B6023	12.75	1710	16 lbs.
1/8 H.P.	163B6026	13.50	1710	18 lbs.
1/6 H.P.	163B6029	14.95	1710	19 lbs.
1/4 H.P.	163B6031	16.60	1710	22 lbs.

Prices include motor, base and pulley.

These motors are designed for either continuous or intermittent service. They are of the very best design and construction and of the highest efficiency. Have extremely good starting torque and large overload capacity. Comparative tests have proven them to be equal to any small power motor in all things that are essential, and superior to most of the well known makes on the market today in power, efficiency, smooth and cool running, and overload capacity. They will give satisfactory service even under the most severe conditions. They represent the most skillful engineering in both electrical and mechanical construction, and at our prices they are by far the best motor values ever generally offered.

These motors are designed to meet the requirements of all users of small power units. For mechanics, printers, storekeepers, dentists, running washing machines, pumps, grinders, and for the many other applications of electrical power. They are compact, neat, clean, efficient smooth and quiet running, and have a very low temperature rise. Wherever there is a wheel to turn they will be found economical and money savers.

Strong base with four holes permit them to be easily set in place. All connections easily made on two binding posts on outside of motor.

DIMENSIONS AND WEIGHT

Size Motor Horse Power	Width Over All	Width Body	Diameter	Height	Shipping Weight

SPECIFICATIONS

Frame—Cast Iron, finished in dull black enamel

Stator—Built up of high grade steel punchings, riveted together and carefully ground to give uniform air gap and correct alignment. All windings are impregnated with a compound so that they are practically waterproof.

Rotor is built up of very thin Norway iron punchings which are electro-welded together by copper bars. There are no windings and no solder on this motor, nothing to fly loose or melt.

Shaft—Hardened high grade steel, ground and polished, perfectly aligned and perfect fit.

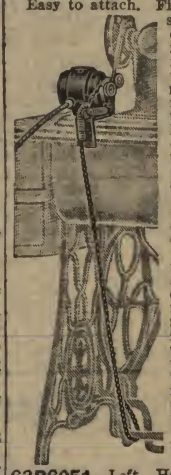
Bearings—Special phosphor bronze of the most durable kind. Extra large to insure a long life.

Lubrication—Bottom fed oil cup with wick oiler. Perfect lubrication all the time.

Operation—Will start under full load, have a starting torque of better than 150% of full load torque.

Efficiency—Motors are tested under 50% overload and will carry 100% overload momentarily without injury to motor.

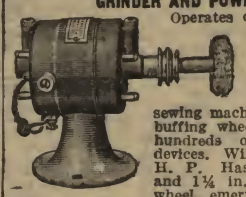
Pulley—Supplied with pulley 2 in. diameter, ½ in. wide, grooved to take ⅜ in. round belt. Other size pulleys supplied at low prices.



DAMASCUS SEWING MACHINE MOTOR

Just hook it on

If you have electric current in your home you can do your sewing by electricity with our Damascus Sewing Machine Motor. Just press lightly on the treadle with your foot. An automatic switch starts and stops the motor. You can regulate the speed of your machine to exactly suit your requirements.



Easy to attach. Fits any make or model standard sewing machine. Just hook it on. Anyone can put it in place in a few seconds. No tools necessary. Can be detached whenever you wish. You do not change, mar, or alter your machine in any way. Only the pitman rod is removed. No danger to either yourself or children. Uses any convenient electric socket just like any other electric household appliance.

The motor can only be used where your home is wired for electric current. Cannot be economically operated by batteries. Motor is fitted with a ten-foot cord and plug, which are attached to any incandescent lamp socket. Uses no more current than any ordinary lamp. Runs on either direct or alternating current 105 to 120 volts. We supply two types of motors—left and right. The left is for machines the fly wheel of which revolves toward operator (figuring from top), the right when wheel revolves away. Net weight of motors, 7 lbs. Shipping weight, 12 lbs.

63B6051—Left Hand Sewing Machine Motor. Price, each **$10.50**
63B6053—Right Hand Sewing Machine Motor. Price, each **$10.50**

GRINDER AND POWER MOTOR

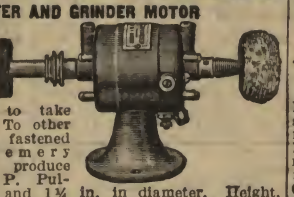
Operates on electric current of 110 to 130 volts, either direct or alternating. Has sufficient power to operate window displays, sign flashers, sewing machines, eight inch fans, buffing wheels, small lathes and hundreds of other mechanical devices. Will develop about 1/16 H. P. Has two pulleys, 1 in. and 1¼ in. Supplied with buff wheel, emery wheel, oil can and wax for buffing wheel. Fitted with a 3 foot cord and attaching plug. Height, 5 in. Length over all, 7 in. Net weight of motor, 3¾ lbs.

63B6057—Price, complete **$5.20**

MENOMINEE ELECTRIC FANS

Well designed and carefully made of the best materials. All bearings are of liberal proportions, producing a smooth even running motor of highest efficiency. Body finished in black enamel. Fan and guard made of polished brass. Each fan supplied with 6 foot cord and attaching plug.

163B6065 — Desk Type Universal Electric Fan. Runs on either direct or alternating current, of 100 to 115 volts. Four blade fan 8 inches diameter. Has three speeds. Shipping weight, 15 lbs. Price, each **$7.50**
163B6067—Universal Electric Fan. Same as above, but oscillates. Price, each **$11.00**
163B6069—Three speed Induction Type, 12 inch Electric Fan. Runs on 110 to 115 volt alternating current. Note that this is an induction, not brush type, fan. Runs smoothly with very little noise, which a brush type motor will not do for long. Shipping weight, 40 lbs. Price, each **$13.25**
163B6071—Three speed Induction Type, 12 inch Oscillating Electric Fan. Shipping weight, 42 lbs. Price, each **$16.50**



HIGH POWER ELECTRIC BUFFER AND GRINDER

Operates on either direct or alternating current 105 to 120 volts. Develops 1/12 H. P. Speed about 8,000 R. P. M. A strong brush type motor that can be applied to a great variety of uses by dentists, opticians, hotels, restaurants, mechanics, etc. Develops its full rated horse power. Equipped with rheostat giving different speeds. Height, 6½ in. Length over all, 10¼ in. Supplied with triple pulley, 1¼ in., 1 in. and ¾ in. diam., 2 in. emery wheel and flannel buffing wheel. Fitted with 3 foot cord and attaching plug. Weight, 12 lbs.

163B6075—Price, complete **$13.50**

BUFFER AND GRINDER MOTOR

Operates on 110 volt current either direct or alternating. Has spindle at one end of shaft to take buffing wheel. To other end of shaft is fastened pulleys and emery wheel. Will produce about 1/16 H. P. Pulleys are 1 in. and 1¼ in. in diameter. Height, 5 in. Length over all, 9 in. Supplied with buffing wheel, emery wheel, oil can, wax for buffer, 3 foot attaching cord and plug. Weight, 4¼ lbs.

63B6079—Price, complete **$5.65**

ELECTRIC DOOR BELL SET

63B5915 — Complete electric door bell outfit. Consists of 1 good grade electric Bell; 1 Dry Battery; 1 wood push - button; 50 feet Insulated wire; 1 package staples. All well made, reliable goods. Weight, about 3 lbs. Per set **58c**

DOOR SPRING

63B5930— Door Spring. Fastened into door frame and put in circuit with a dry battery and bell. When door opens, spring makes contact and bell rings. Weight, 1 oz. Price, each **13c**

INSULATED STAPLES

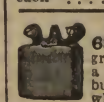
63B5932 — Insulated Saddle Staple. Height, ¾ in. Better and safer than plain staples for fastening wires. Weight, 3 oz.

Price, per package of 100 . . **13c**

PUSH BUTTONS

63B5935 — Nicely finished wood push button with porcelain centers. Weight, 1 oz. Price, each . **6c**

63B5937—Fine quality stamped metal push button. Oxidized copper finish. Very neat. Weight, 1 oz. Price, each **12c**



ELECTRIC BELL

Best grade electric signal bell. A reliable easy ringing bell. Can be operated on one cell battery. Has Japanned iron box and frame. Nickel plated gong. Not easy to get out of adjustment. Well constructed throughout. Weight, about 9 oz.

63B5945—2½ in. gong. Price, each **22c**
63B5947—3 in. gong. Price, each **24c**

IRON BOX BUZZER

63B5952—A high grade Buzzer, makes a comparatively low buzzing sound. Used where the loud ringing of a bell is not desirable. Weight, 6 oz. Price, each . **21c**

INSULATED BELL WIRE

Insulated Wire. For wiring door bell systems, annunciators, miniature lights, etc.

63B5960— Single Conductor Annunciator Wire. Size 18 about 150 ft. to the lb. Price, per pound **31c**
63B5962—Double Conductor Wire. Size 18, about 65 ft. to the pound. More easily and quickly installed than single wire. Price, per pound . . . **35c**

SPECIAL WET BATTERY

Long life battery. Will give good service on door bells, telephones, etc. Easily recharged. Battery consists of square glass jar with round carbon, pencil zinc and one charge of electro salts. Shipping Wt., 5 lbs.

63B5970—Special wet battery. Price, each **28c**
63B5972—Extra zinc. Wt., 3 oz. Price, each **4c**
63B5974—Extra Carbon. Wt., 1½ lbs. Price, each **15c**
63B5976—Extra Glass Jars. Shipping wt., 3 lbs. Price **10c**
63B5978—Electro-Salts. Wt., 6 oz. Price, per charge . . **3c**

GAS AND GASOLINE MANTLES

The quality of a mantle can only be determined by its length of service and the candle power light it gives on a given amount of gas. No one can tell by looking at a mantle what its quality is. Therefore it is better to purchase your mantles from a house that assures you satisfaction. In addition, our prices represent a big saving to you. These mantles are made specially for us by a manufacturer whose name is synonomous with gas mantles.

UPRIGHT OR CAP MANTLES

63B7030—High grade triple quality cap mantle. Retails as high as 30c each. Per half dozen **89c**
63B7035—Fine grade double quality cap mantle. Retails as high as 25c each. Price, per half doz. . **69c**
63B7040—Good grade good quality cap mantle. A regular 15c retail value. Price, per half dozen . . . **50c**
63B7045—Our leader Cap Mantle. A 15c retail value. Price, per half doz. **39c**

Shipping weight of above, about 1 lb. per half dozen in cartons.

INVERTED MANTLES ON MAGNESIA RINGS

63B7060—Our best grade Inverted Mantle. Triple quality. Retails as high as 30c each. Per half doz. **88c**
63B7065—Fine grade, Inverted Mantle. Double quality. Retails for 25c. Price, per half dozen . . . **68c**
63B7070—Good grade, Inverted Mantle. Good quality. Retails for 15c each. Price, per half doz. . **50c**
63B7075—Our Leader Inverted Mantle. A 15c retail value. Price, per half dozen **39c**
63B7078—Soft, self shaping Inverted Mantle. Extra heavy. Shapes itself perfectly after being put on lamp and burned. Regularly sold for 25c. Price, per half dozen **80c**

Shipping weight of above, about ½ lb. per half dozen in cartons.

GASOLINE PRESSURE SYSTEM MANTLE

A heavy Mantle. Made to withstand pressure in gasoline system lamps.

63B7080—Gasoline Pressure System Mantle, Length, 4½ in. with wire support. Price, per half dozen **89c**

Shipping weight, 1 lb. per half dozen.

63B7081—Gasoline Pressure System Mantle. Length, 4½ in. with magnesia center rod. Shipping weight, per half dozen, 1 lb. Price, per half dozen **89c**

GASOLINE GRAVITY LOOP MANTLES

63B7982—Gasoline Gravity Loop Mantle with wire support. For use on gravity pressure gasoline gas, hanging or table lamps. Length, 3½ in. Weight, 8 oz. per half dozen packed in carton. Price, per half dozen **62c**

SOFT INVERTED RAG GASOLINE MANTLE

63B7050—Regular size Soft Mantle. Can be crumpled without injury. Shapes perfectly, after being tied onto ring and burned. For use on gasoline systems. Half dozen for . . . **38c**

63B7055—Junior size, Soft Rag Mantle. For use on gasoline portable table lamps. A mantle that is giving satisfactory service to thousands of users. Price, per half dozen **29c**

Weight of above, 1 oz. per half dozen.

HIGRADE INVERTED GAS LIGHT

63B7020—A high grade inverted gas light. Screws onto any gas jet. Fine quality burner equipped with side screw gas and air regulator. Has half frosted, round, open bottom globe. High grade mantle. Shipping wt., 4 lbs. Price, complete **38c**

HOME GAS ARC LAMP

63B7002—Produces double the candle power, yet consumes no more gas than the ordinary inverted light. Burner is brass, in brush (satin) finish. Fitted with gooseneck, bypass, pilot light, gas and air regulator, magnesia mantle support and best quality inverted mantle. Opalescent glass shade. Shipping weight, 5 lbs. Price, complete **$1.15**

JUNIOR MANTLE LIGHT

63B7004—Can be screwed inside of any upright gas shade in place of regular jet, converting it into a mantle lamp. Produces three times as much light on one fourth as much gas. Brass gas regulator, mica chimney, good mantle. Price, each, complete **21c**

OUR SPECIAL INVERTED GAS LAMP

A highly efficient inverted gas lamp. Has a handsome glass shade in drapery and prism effect. Fitted with brass burner having side screw gas and air regulator. Fine quality inverted mantle. Shipping wt., 4 lbs.

63B7007—Price, complete, with frosted crystal shade **64c**
63B7005—Price, complete, with frosted green shade **68c**

COLONIAL INVERTED GAS LAMP

63B7001—Has fine quality alabaster white glass shade in colonial design. Gives a pure white, soft light. Equipped with fine brass burner with side screw gas and air regulator. Fine quality inverted mantle. Shipping weight, 4 lbs. Price, complete . . . **53c**

GASOLINE TABLE LAMP

163B7150—Price, complete **$5.45**
Retail value **$7.50**

The ideal light on farms and in small towns. Gives a very bright white light of 300 candlepower (as much as five center draft oil lamps). Perfectly safe. Costs only 1c for three hours' use. Capacity, 2 qts.; burns 25 hours on one filling. Quickly filled and lighted. A very clean lamp, no dirt, smoke or smell. Uses any standard shade. Ht., 20 in. Fitted with ten-inch opal ribbed glass shade. Finished in polished nickel. Cool fiber handle. Two mantle burner. Complete with air pump, 2 mantles, lighter, wrench, hanger and extra filter. Shipping weight, 10 lbs. Uses 63B7055 mantles.

A mechanic without a rule is lost. See the bargains we offer

Send for this New Catalogue of LIGHTING FIXTURES

WE CAN SAVE YOU 25 to 50% ON YOUR FIXTURES—ELECTRIC, GAS OR COMBINATION

We carry a complete line of lighting fixtures, ranging from the simplest low-priced fixture to the elaborate high-priced kind. We can save you money on any kind of a fixture, whether you want the lowest priced or the best. If you expect to buy lighting fixtures for any purpose whatever, you cannot afford to decide upon your selection without first seeing the new and attractive fixtures shown in our Catalogue. The selection of appropriate lighting fixtures that will harmonize with your home surroundings is a very important matter to consider, for nothing does more to make a room bright and cheerful than the right kind of chandelier, shower, dome, bracket or lamp.

From the hundreds of fixtures we show, you can easily make a selection. In this Catalogue we have grouped a complete line of fixtures—electric, gas, or combination, for every purpose—in a wide variety of designs and finishes. Many of the illustrations in this Catalogue are in colors, and show you the exact effect of the finish and decoration. The others are splendid half-tone photogravures, which bring out every detail clearly and sharply. The descriptions are complete and accurate and give you all the information necessary to make a selection. All our fixtures are made of carefully selected and tested materials. The workmanship and finish are of the very best. This catalogue will help you in the selection of your fixtures and show you how you can save money.

The workmanship and finish on our fixtures are of the very best quality.

We are prepared to ship our Electric Fixtures, wired and assembled—complete in every respect—ready to hang. Anyone, without electrical experience or special tools, can install any of our completely wired fixtures in a few minutes, with practically no trouble. We do all the intricate and technical work, and ship the fixture to you complete in one piece. All you have to do is attach the fixture to the wall or ceiling, and connect the two wires extending from the stem of the fixtures to your house wires.

If, after inspecting the lighting fixtures received from us, you are not entirely satisfied in every respect, you are at liberty to return all or any part of them to us at our expense. We will then exchange them for exactly what you want, without further cost to you, or refund the purchase price, if you so desire, together with any transportation charges you have paid.

WIRING ESTIMATES—If you are going to wire your property (new or old) for Electricity, let our experts estimate the cost, and help you select your wiring material. Send us a diagram of the house, showing plan of the rooms, with accurate dimensions (width, length and height of ceilings.) Indicate where you wish to install fixtures and where you wish switches placed to control them. In case you wish to provide wall plates, where portable table lamps, electric irons, etc., can be connected, indicate them on the diagram. Our Estimators will then prepare a wiring plan for you, without charge, and make out an itemized list of all necessary wiring material. We can save you money. Let us prove it.

LATEST STYLES IN ELECTRIC PORTABLE LAMPS

The lamps on this page are all of the very best quality and construction.

Lamps of the very latest styles and designs.

Our prices represent real savings to you.

Savings of from 25% to 50% over retail prices

In our Lighting Fixtures Catalogue, you will find a large assortment of lamps in beautiful and artistic designs.

163B8950 Price, complete, **$22.50**
Floor lamp. Genuine carved-wood base in rich Empire gold finish. Fine Hexagonal golden brown silk shade. Diam., 23 in., lined with white china silk. Trimmed with lace galloons and four-inch silk fringe. Two pull chain sockets. 10-ft. silk cord with attaching plug. Ht., 6 ft. Ship. wt., 60 lbs. This is a very handsome lamp that will add greatly to the beauty of any room. Usually retails at about $35.00

ELECTRIC FLASHLIGHTS AND HANDLAMPS

OUR FLASHLIGHTS ARE EVER READY, HANDY AND SAFE

These lights are fire and fool-proof; may be placed in the hands of a child; may be brought in direct contact with the highest explosives without danger. There is nothing to explode; no smoke and no odor. No matter how hard it blows or storms out of doors, they will continue to give a clear, strong light. By merely pressing the button they instantly give light, which can be turned off immediately or be kept burning as long as the battery lasts.

THE DRAWN WIRE TUNGSTEN LAMPS

with which we equip our Flashlights and Hand Lamps are the highest development of the lamp industry. This type of lamp is sold under various trade names such as "Mazda," "Watt" "Franco," etc. Because of their wonderful efficiency and economical current consumption they have done wonders in making flashlights and hand lamps practical and economical to operate. They give about five times as much light on the same current as any other type of lamp.

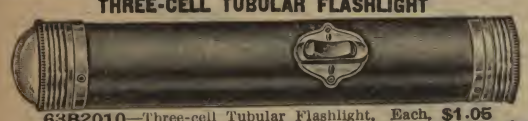
THE BATTERIES

with which we equip our flashlights are the result of years of scientific research. They give about three times the service of any other type of battery. This type of battery, known as the "Bag" type, is marketed under various trade names such as Tungsten, Radio, Mars-Bright, etc. The **Best Grade** batteries we supply are of this type, and equal or superior to any other brand on the market. They will give as much or more service than any other. There are no better batteries obtainable.

FIBER CASE TUBULAR FLASHLIGHTS

We believe this line of Flashlights is the best offered today. The fiber is of the best quality polished stock. The metal parts are all carefully made, of heavy nickel plated brass. Each part is perfect, and fits case snugly. There are no better lights than these in design, construction, appearance and durability.

BULL DOG FLASHLIGHT



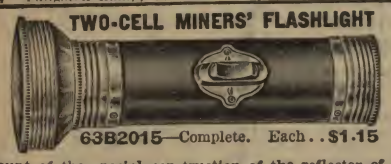
90c  90c

63B2005—Bull Dog Flashlight Complete. Each, **90c**
This is a handy size flashlight and one of the most practical. It is the size so much used by watchmen, inspectors, firemen, etc. It is dependable and ever ready. A slight pressure on the slide switch and you have a steady stream of light that will penetrate the darkness a great distance. Absolutely safe, no danger of fire even around gasoline or explosives. Switch for flash or continuous light. Size, 1⅛x6⅛ inches. Shipping weight, 18 oz. Fitted with **Best Grade** two-cell battery and 2.9-volt Tungsten lamp.

Price List—Renewals

63B2205—2-cell **Best Grade** Battery. Ship. wt., 10 oz. Each . **22c**
63B2306—Tungsten Lamp, 2.9 volts. Ship. wt., 2 oz. Each . . **13c**

THREE-CELL TUBULAR FLASHLIGHT



63B2010—Three-cell Tubular Flashlight. Each, **$1.05**
A very convenient form of flashlight. Gives a stronger light than the Bull Dog. Extensively used by oilmen, farmers, mechanics, etc. Convenient to carry in the buggy or tool kit. Switch for flash or continuous light. Size, 1⅛x8½ inches. Shipping weight, 27 oz. Fitted with three-cell **Best Grade** Battery and 3.8-volt Tungsten Lamp.

Price List—Renewals

63B2210—3-cell **Best Grade** Battery. Ship. wt., 15 oz. Each . **30c**
63B2311—Tungsten Lamp, 3.8 volt. Ship. wt., 2 oz. Each . . **13c**

TWO-CELL MINERS' FLASHLIGHT

$1.15  $1.15

63B2015—Complete. Each . . **$1.15**

On account of the special construction of the reflector of this light, it will throw a bright, broad light a very long distance. Handy for use around the house, shop, garage or barn. Has switch for flash or continuous light. Diameter of reflector, about 2½ in. Diameter of body of case, 1½ in. Length over all, 6¾ in. Shipping weight, 22 oz. Fitted with two-cell **Best Grade** Battery and 2.9-volt Tungsten Lamp.

Price List—Renewals

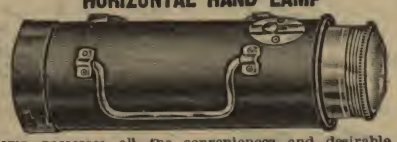
63B2205—2-cell **Best Grade** Battery. Ship. wt., 10 oz. Each . **22c**
63B2306—Tungsten Lamp, 2.9 volts. Ship. wt., 2 oz. Each . . **13c**

THREE-CELL MINERS' FLASHLIGHT

63B2020—Three-cell Miners' Flashlight complete . **$1.30**
Has specially constructed reflector, diameter, 2½ inches. Throws a stronger light than the two-section light. Has switch for flash or continuous light. Length, 9 inches, diameter of body, 1½ inches. Shipping weight, 26 ounces. Fitted with three-cell **Best Grade** battery and 3.8-volt Tungsten Lamp.

Price List—Renewals

63B2210—3-cell **Best Grade** battery. Ship. wt., 15 oz. Each . . **30c**
63B2311—Extra 3.8-volt Tungsten Lamp. Ship. wt., 2 oz. Each . **13c**



ELECTRIC HAND LAMP

The many uses to which this lamp can be put, its absolute safety, simplicity and economy of upkeep make it a most desirable lamp. It gives a strong light that will light up nearby objects brilliantly and illuminate sign posts, house numbers, buildings, etc. satisfactorily two or three hundred feet away. On the farm, around the hay in the barn; around the house, in closets, the attic or cellar; around oil houses; in the garage; in fact, wherever a good and safe light are needed this lamp is especially desirable. Always ready. Just turn the switch and you have light. Can't go out either in wind or rain. Burns continuously or intermittently as desired. Nothing to get out of order. With ordinary use one battery will last for months. Case is made of finely japanned metal. Has both handle and bail. Size of container, about 3x7½ inches. Uses 2½x6 inch battery, either round or square. Weight, 3 pounds. Shipping weight, 4½ pounds. We supply this lamp with either a 1½-volt lamp to take a regular No. 6 dry battery or a 2.9-volt lamp to take the wonderful Nitrogen battery. This latter equipment gives an extraordinary strong light and the battery lasts nearly twice as long as the ordinary battery.

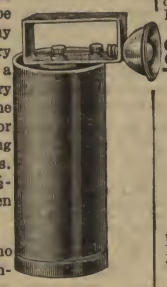
63B2025—With 1½-volt Lamp and Red Seal Battery. Each . **$1.10**
63B2027—With 2.9-volt Lamp and Nitrogen Battery. Each . **1.25**
63B2301—Extra 1½-volt Lamp. Ship. wt., 2 oz. Each **17c**
63B2307—Extra 2.9-volt Lamp. Ship. wt., 2 oz. Each **17c**
63B2509—Extra Red Seal Battery. Ship. wt., 3 lb. Each **25c**
63B2529—Extra Nitrogen Battery. Ship. wt., 3 lb. Each **40c**

HORIZONTAL HAND LAMP

This lamp possesses all the conveniences and desirable points of the above lamp, but is so arranged that it can be carried in a way that many people prefer. In our opinion it is the best lamp of its type on the market. It is especially convenient to carry in an automobile tool chest, in the bottom of a buggy, etc. Has switch for flash or continuous light. Length, 9 inches. Diameter, 2¾ inches. Weight, 3 pounds. Shipping weight, 4½ pounds.

63B2030—With 1½-volt Lamp and Red Seal Battery. Each . **$1.15**
63B2032—With 2.9-volt Lamp and Nitrogen Battery. Each . . **1.30**

FRANCO BATTERY ATTACHMENT

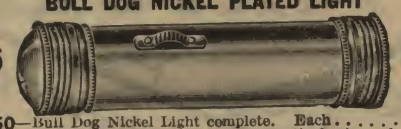


This attachment can be put on any ordinary dry cell battery. Has same general uses as hand lanterns. Equipped with fine reflector and large lens. Has contact for flash or continuous light. Shipping weight, 1 pound.

63B2040— With 1½-volt Tungsten Lamp for use on any ordinary battery. Attachment only, no battery. Each **48c**

63B2042— With 2.9-volt Tungsten Lamp for use on Nitrogen Battery. Ice without battery. Each **48c**

UNO BATTERY ATTACHMENT



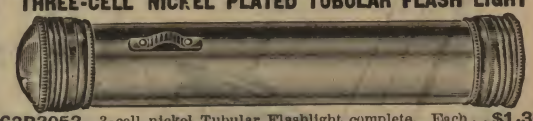
A handy little device that can be attached to any regular size dry battery. Gives a good light. Very useful around the house, barn or garage. Shipping weight, 6 ounces. Fitted with 1½-volt Tungsten Lamp.

63B2045 — Uno Attachment, without dry battery. Each **20c**

NICKEL PLATED TUBULAR FLASHLIGHTS

The cases of these flashlights are made of brass, finely nickel plated. They are extremely handsome lights. The design is perfect; the materials heavy and strong; the finish as fine as the silver plating on jewelry. These lights will not short circuit when brought in contact with metal. They are equipped with the best batteries and bulbs.

BULL DOG NICKEL PLATED LIGHT



$1.15  $1.15

63B2050—Bull Dog Nickel Light complete. Each **$1.15**
This is the most popular and most practical size of this very handsome series of flashlights. It fits the hand snugly and is very convenient to carry in the pocket. Cannot short circuit when brought in contact with metal. Leaky batteries won't hurt it. Switch for flash or continuous light. Very handy and useful to automobilists, watchmen, oilmen and for general use around the house. Size, 1½x6½ in. Ship. wt., 19 oz. Fitted with two cell **Best Grade** battery and 2.9-volt Tungsten Lamp.

Price List—Renewals

63B2205—2-cell **Best Grade** Battery. Ship. wt., 10 oz. Each . . **22c**
63B2306—Tungsten Lamp, 2.9 volts. Ship. wt., 2 oz. Each . . **13c**

THREE-CELL NICKEL PLATED TUBULAR FLASH LIGHT

63B2052—3-cell nickel Tubular Flashlight complete. Each . . **$1.35**
Same as the Bull Dog but longer, and gives a stronger light. This is the size most favored by oilmen, farmers, mechanics, etc. Convenient to carry in the buggy or tool kit. Switch for flash or continuous light. Size, 1½x8½ in. Ship. wt., 27 oz. Fitted with three cell **Best Grade** battery and 3.8-volt Tungsten Lamp.

Price List—Renewals

63B2210—3-cell **Best Grade** Battery. Ship. wt., 15 oz. Each . **30c**
63B2311—Tungsten Lamp 3.8 volt. Ship. wt., 2 oz. Each **13c**

TWO-CELL MINERS' NICKEL PLATED LIGHT

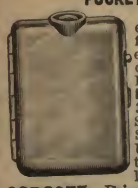
$1.50  $1.50

63B2055—Complete. Each . . **$1.50**
The specially constructed reflector of this light enables it to produce a broad, bright light that will light up the way for many feet. Very desirable for hunting, fishing and camping trips. Has switch for flash or continuous light. Diam. of reflector, about 2½ in. Diam. of body of case, 1½ in. Length over all, 6¾ in. Ship. wt., 22 oz. Fitted with two cell **Best Grade** battery and 2.9 volt Tungsten Lamp.

Price List—Renewals

63B2205—2-cell **Best Grade** battery. Ship. wt., 10 oz. Each . . **22c**
63B2306—Tungsten Lamp, 2.9 volts. Ship. wt., 2 oz. Each . . **13c**

THREE-CELL MINERS' NICKEL LIGHT



63B2057—Three Cell Miners' Nickel Light complete **$1.80**
Has specially constructed reflector. Throws a stronger light than the two section light. Has switch for flash or continuous light. Length, 9¾ in. Diam. of body, 1½ in. Ship. wt., 27 oz. Fitted with three cell **Best Grade** battery and 3.8 volt Tungsten Lamp.

Price List—Renewals

63B2210—3-cell **Best Grade** Battery. Ship. wt., 15 oz. Each . . **30c**
63B2311—Extra 3.8 volt Tungsten Lamp. Ship. wt., 2 oz. Each . **13c**

POCKET FLASHLIGHT

A new style nickel plated flashlight. Opens from the side. Battery easy to insert. Corners of case are rounded. Fitted with three cell **Best Grade** battery and 3.5 volt Tungsten lamp. Size, ¾x1⅞x3¼ in. Shipping weight, 8 oz. Uses No. 63B2234 battery; No. 63B2235 lamp.

63B2075—Price, complete **95c**

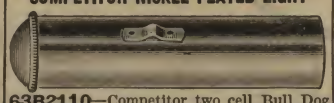
PISTOL FLASHLIGHT

This Flashlight is a perfect copy of an automatic Magazine pistol of the latest type. In the muzzle end is an opal back lamp, which lights the instant you press the trigger. Handy pocket size. Length over all, 3½ in. Gun metal finish. Fitted with 63B2232 two cell **Best Grade** battery and 63B2333 2.5 volt opal back Tungsten lamp. Shipping weight, 9 oz.

63B2080—Complete **98c**

ELECTRIC LANTERN

63B2085—Electric Lantern complete. Each **95c**
Suitable either as a practical light around the house, for decorative purposes or as a plaything for children. Safe and useful. Black Japan finish. Size, 3x6 in. Fitted with ball, two cell **Best Grade** battery and 2.7 volt Tungsten lamp. Shipping weight, 18 oz. Uses No. 63B2238 battery; No. 63B2306 Tungsten lamp.



METAL CONTAINER

Metal Container for either of our buggy light outfits. Holds two batteries. Prevents batteries from rolling around or becoming detached from wires and protects them from moisture. Made of tin plate. Japanned. Size, 7½x5¾ in. Shipping weight, 1½ lbs.

63B2107—Metal Container. Price **30c**

COMPETITOR NICKEL PLATED LIGHT

63B2110—Competitor two cell Bull Dog size Nickel Plated Flashlight, complete. Each **94c**
Case is of brass, nickel plated. Has switch for flash or continuous light. Strong and durable. Fitted with two cell battery and 2.9 volt Tungsten lamp. Size, 1½x6½ in. Shipping weight, 18 oz. Uses No. 63B2205 battery; No. 63B2306 lamp.

VICTOR ELECTRIC BUGGY LIGHT

A well-made lamp that will throw a spot light ahead for many feet. Has a bracket to fit on dash, seat arm or top bows. Can be used on either right or left side. Lamp is highly nickel plated with rear red lens and 4 inch flared front. Fitted with 4 ft. wire, switch, 6 volt Tungsten lamp, and two of the new Nitrogen batteries. These two batteries wired in series give a 6 volt current and will give service equivalent to about 8 ordinary dry batteries (4 in series, 2 in multiple).

63B2095—Outfit complete as described. Shipping weight, 8 lbs. Price **$2.05**

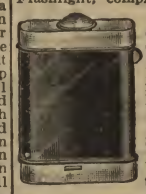
63B2097 — Outfit without batteries. Uses from regular dry cells. Ship. wt., 3 lbs. Price **$1.25**

DE LUXE BUGGY LIGHT

A handsome, highly nickel plated brass lamp mounted on bracket for either right or left side. Fits onto dash, seat arm or top bows. Reflector is silver dipped and polished, and throws light ahead for many yards. Red lens in rear to comply with law. Fitted with 6 volt Tungsten lamp, 4 ft. cord, switch and two of the new Nitrogen batteries. These two batteries wired in series give a 6 volt current and give service equal to about 8 ordinary dry cells (wired 4 in series, 2 in multiple). Shipping weight, 9 lbs.

63B2102—Outfit complete as described. Each **$2.80**

63B2104 — Outfit without batteries. Uses four regular dry cells. Ship. wt., 4 lbs. Each **$2.00**



COMPETITOR FIBER LIGHT

63B2070—Competitor Fiber Flashlight. Complete **69c**
Good quality flashlight in the popular Bull Dog size. Has switch for flash or continuous light. Fiber case with nickeled trimmings. Size, ½x6½ in. Shipping weight, 20 oz. Fitted with 63B2205 **Best Grade** two cell battery and 63B2306 2.9 volt Tungsten lamp.

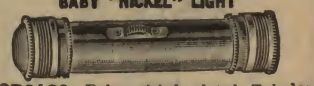
POCKET FLASHLIGHT

63B2115—Cloth covered flat pocket Flashlight, complete **65c**

Case is of metal, cloth covered. Convenient to carry in pocket and gives a strong bright light. Has improved switch for flash or continuous light. Fitted with three cell **Best Grade** battery and 3.8-volt Tungsten lamp. Size, 1x2⅝x3½ in. Shipping weight, 14 oz. Uses No. 63B2236 battery; No. 63B2309 lamp.

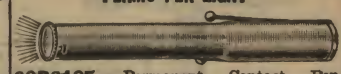
VEST POCKET NICKEL FLASHLIGHT

63B2093—Price, complete **57c**
A small compact light. Fits into the vest pocket or in a lady's purse. Throws a very bright light. Case is of brass, nickel plated. Size, ¾x1⅜x2 5/16 in. Shipping weight, 6 oz. Fitted with No. 63B2232 two cell **Best Grade** battery and No. 63B2333 2.5 volt opal back lamp.



HOUSE LAMP

63B2120—Electric House Lamp, complete **$1.48**
Convenient and safe at all times. Cannot blow out or explode. Gives a strong, bright light that you can throw into the darkest corner. Brass case, nickel plated and polished. Switch for flash or continuous light. Size, 2¾x2½x3¾ inches. Fitted with three cell **Best Grade** battery and 3.8-volt Tungsten lamp. Shipping weight, 20 oz. Uses 63B2236 battery; 63B2309 lamp.



BABY "NICKEL" LIGHT

63B2130—Baby nickel plated Tubular Flashlight, complete. Each **95c**
Of the same high quality as the above lights. Practical, handsome, durable. Has switch for flash or permanent light. Will not short circuit. Gives a bright light. Convenient to carry in pocket. Size, 1¼x5¼ in. Shipping weight, 16 oz. Fitted with No. 63B2202 two cell, **Best Grade** battery; 63B2303 Tungsten lamp, 2.7 volts.

PERMO PEN LIGHT

63B2135 — Permanent Contact Pen Light, complete **75c**
Light and compact. Clips into the vest pocket same as a fountain pen. Not in the way. Always ready. Case is of brass, beautifully nickel plated. Has switch for flash or permanent light. Especially desirable for doctors. A very practical light. Fitted with two cell battery and 2.5 volt opal back Tungsten lamp. Size, ⅞x5¼ in. Shipping weight, 7 oz. Uses 63B2207 battery; 63B2334 lamp.

RENEWAL BATTERIES FOR FLASH LIGHTS

These Renewal Batteries are to replace the original batteries when they become exhausted.

The **Best Grade** "Bag" Type, Flashlight Batteries we supply are of standard manufacture. This type battery is marketed under various trade names, such as, "Tungsten," "Radio," "Mars-Bright," etc. The brand supplied by us is equal to any other in quality and length of service. Will fit any make flashlights of proper size.

Our Leader batteries are not as high grade as our "Bag" type batteries, but where flashlight is used only a short time each day or only a short time with long intervals between they will give very good service. For continuous burning, of say, from 15 minutes to an hour or more at a time, we do not recommend them. For such service, use our **Best Grade** battery.

63B2335—3.5 volt Lamp for three cell lights. Each **13c**

We are making some remarkable savings on Standard Auto Supplies

ELECTRIC IGNITION AND LIGHTING EQUIPMENT

Owing to the shortage of raw material caused by the present European war, all manufacturers of Dry Batteries have advanced their prices. We have, therefore, been obliged to raise our prices slightly. However, we offer you a substantial saving on this line as our prices are still comparatively low, and our stock always fresh. As soon as the market is again on a normal basis, we will give you the advantage of former low prices.

EVEREADY DRY BATTERY

A battery combining high amperage and voltage with long life, extraordinary recuperation and absolute uniformity. Excellent for ignition work, operating small motors, or for lighting low voltage miniature lamps.

63B2501—Style J. Batteries measure 2½x6 in. Weight, each, 2¼ lbs. Test, 22 to 25 amperes. Each . . **26c** Per dozen **$2.85**

63B2503—Style K. 3x7 in. Weight, each, 4 lbs. Test, 27 to 30 amperes. Each . . . . . **48c** Per dozen **$5.40**

63B2505—Style L. 3½x8 in. Weight, each, 6 lbs. Test, 30 to 35 amperes. Per cell . . . . . **73c** Per dozen **$8.20**

RED SEAL DRY BATTERY

A battery designed especially for gas or gasoline ignition on stationary engines or motor boats; also gives the best of service on telephones and signaling devices, experimental apparatus, etc.

63B2509—Style A. 2½x6 in. Weight, each, 2 lbs. Amperage test, 20 to 25. Price, per cell, **25c** Per dozen, **$2.75**

63B2511—Style B, 3x7 in. Weight, each, 4 lbs. Amperage test, 25 to 30. Each . . . . **45c** Per dozen . . . **$4.95**

COLUMBIA IGNITOR DRY BATTERY

For gas or gasoline engine ignition. Develops a strong, heavy current. Very satisfactory for operating small motors, bells, annunciators, etc. Suitable for use wherever a dry battery is needed.

63B2514 — 2½x6-inch. Columbia Ignitor Dry Battery. Average initial amperage, 22 to 25 amperes. Weight, each, 2¼ lbs. Each . . . . . **$0.26** Price, per dozen **2.85**

HI-PO WATER-PROOF BATTERY

Waterproof casing. Protects the battery absolutely against moisture and water. This feature will save many batteries which would otherwise be short-circuited. The ideal battery for gas engines used in the open, motor boats or automobiles, where batteries are liable to become wet. The cell itself is high grade in every respect. Has a high initial amperage, heavy discharge, and unusually long life.

63B2519—Style B, Battery, 2½x6. in. Test, 24 to 27 amperes. Weight, each, 2 lbs. Price, each . . . . . **24c** Per dozen **$2.70**

63B2521—Style E Battery, 3¾x8 in. Test, 30 to 33 amperes. Weight, each, 6 lbs. Price, each . . . . . **72c** Per dozen **$8.05**

SPECIAL DRY BATTERY

Our special Dry Battery is suitable for use on telephones, door bells, small motors, medical batteries, signaling systems, etc. Owing to its high internal resistance it has unusual lasting qualities. Tests, 13 to 15 amperage. Wt., each, 2 lbs. Size, 2½x6 in.

63B2524—Each . . . . . **$0.16** Per dozen **1.90**

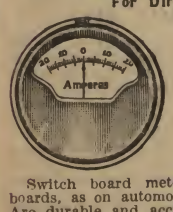
NITROGEN BATTERY

A wonderful new battery that is claimed by the manufacturers to do as much work as four ordinary batteries. Test, 3 volts, 10 to 15 amperes. While amperage test is not high, battery will do the work. Is equivalent to 4 ordinary batteries wired in 2 series, 2-in. multiple. For ignition, electric hand lamps, motors, lighting systems, etc. When used in hand lamps, a 2.9 volt bulb is required. Weight, each, 2 lbs. Size, 2½x6 in.

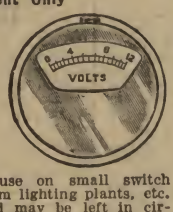
63B2529—Each . . . **40c** Per dozen **$4.20**

BATTERY METERS

We here offer a new line of battery meters, which we believe are without question the most accurate and durable battery meters made. They will last indefinitely and the volt readings will be within 1/10 volt accurate, ampere readings within 1 ampere accurate. We know of no other small meters that can approach them for accuracy and reliability. Weight, 4 oz. Diameter, 2 5/16 in. Case is of brass, nickel plated. Long flexible cord to connect to battery.



63B2540 — Ammeter for testing dry batteries. Reads 0 to 30 amperes. Each **63c**

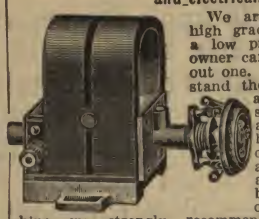


63B2544—Voltmeter for testing storage batteries. Reads 0 to 8 volts. Each **74c**

63B2548—Volt-ammeter. Tests both storage and dry batteries. Reads 0 to 8 volts, 0 to 30 amperes. Each **92c**

SWITCH BOARD METERS

For Direct Current Only



Switch board meters for use on small switch boards, as on automobiles, farm lighting plants, etc. Are durable and accurate and may be left in circuit continuously. Large, easily-read figures. Brass cases, nickel plated, diameter, 3½ in. Weight, 5 oz. Brass posts, 1¾ in. long project from back, so that meter can be fastened to dash or on a slate board.

63B2554—Ammeter scaled 0 in. center. Shows charge or discharge up to 20 amperes. Each. **$1.65**

63B2556—Voltmeter scaled 0 to 12 volts. Each **$1.65**

EVER READY IGNITION MAGNETO MAKE AND BREAK OR JUMP SPARK

One of the best magnetos made, both mechanically and electrically

We are offering this very high grade Magneto at such a low price that no engine owner can afford to be without one. It is constructed to stand the most rigid service and, with ordinary use, should last as long as any engine made. Requires no attention or repairs, other than an occasional oiling and renewal of brushes every year or so. It is a machine we strongly recommend. Thousands of them are in use and giving excellent service. Under another name many engine makers are selling this same machine, but usually at almost double our prices. Most engines can be started with this magneto without the aid of batteries. There are some engines, however, for which batteries are required for starting. After engine is started, Magneto will supply ample current to ignite any engine, even the largest, when properly installed. It is Ever Ready, when you want it. Magneto can be driven by friction of the pulley against the fly wheel, or by belt from pulley, as desired. Can be applied on any engine. Must be run at a speed of about 2,500 R. P. M. Diameter of friction pulley, 2½ in.; belt pulley, 2½ in. Both styles have an automatic governor, which prevents Magneto from running faster than necessary. Net weight, 9 lbs. Shipping weight, 11 lbs. With this Magneto the same coil now on your engine can be used, but be sure to order the correct magneto for your coil.

PRICE LIST EVER READY MAKE AND BREAK MAGNETO

163B2575—With friction drive pulley, without spark coil. Each **$5.60**

163B2577—With friction drive pulley, having make and break coil mounted in arch. Each **$6.65**

163B2580—With belt drive pulley, without spark coil. Each **$5.90**

163B2582—With belt drive pulley, with make and break coil mounted in arch. Each **$6.90**

PRICE LIST EVER READY JUMP SPARK MAGNETO

163B2585—With friction drive pulley, without spark coil. Each **$6.45**

163B2587—With belt drive pulley, without spark coil. Each **$6.75**

WOOD BASE SWITCHES

For use on telephones, bell systems, battery alarms, ignition and battery systems in general. Have hardwood base. Heavy stamped lever, with wood handle. Weight, 1 oz.

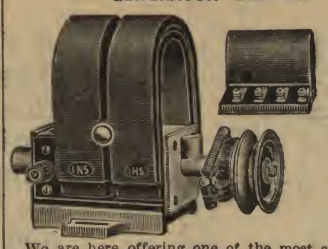
63B2700—1-point Switch. Price . **7c**
63B2702—2-point Switch. Price **8c**
63B2704—3-point Switch. Price **9c**
63B2706—4-point Switch. Price **11c**
63B2708—5-point Switch. Price **14c**

SOOT-PROOF SPARK PLUG

A high-grade, soot-proof Spark Plug. So constructed that the enclosed end is self cleaned at every pulse of the engine, making it impossible to short circuit or foul from soot. Specially designed for use with magneto, but equally effective when used with storage battery or dry cells. Strong and well made.

63B2720—Spark Plug. Standard ½-in. pipe thread. Porcelain core. Each **40c**

63B2722—Extra Porcelain Core. Each **20c**



63B2724—Spark Plug. Standard ½-in. pipe thread. Mica core. Each **45c**

63B2726—Spark Plug. A. L. A. M. thread. Mica core. Each **50c**

63B2728—Extra Mica cores. Each **25c**

Shipping weight of plugs, 5 oz.; of cores, 3 oz. each.

EVER READY STORAGE BATTERY CHARGER—GENERATOR LIGHTING

Can be installed on automobiles, motor boats, tractors, stationary engines.

We are here offering one of the most satisfactory, reasonably priced machines yet devised for producing current to light automobile or motor boats. Simply belt to your engine, and wire it to a storage battery of sufficient capacity, to which you wire your lights. You will then always have ample current for lighting your car, and for ignition, if you desire. This generator can also be attached to a farm, gas, or gasoline engine; to charge a storage battery from which current can be drawn, or to light a few lamps at night. In installing these generators on automobiles it is usually necessary to have a bracket made to hold the generator in position. This bracket can be cheaply made by your local blacksmith. Besides the bracket, a pulley to fasten onto the engine is usually required. The pulley listed below will be found adaptable to most cars. To secure the most positive drive we recommend the V pulley charger, together with the special V Battery listed. For Ford cars we can supply a complete equipment for installing, as listed below.

SPECIFICATIONS

Capacity—Generates 7 volts and 5 amperes, at 2,500 R. P. M.; 10 volts and 8 amperes at 2,700 R. P. M., against battery resistance. Width, 5 in. Height, 6 in. Length over all, 8 in. **Net weight,** 12 lbs. **Shipping weight,** 16 lbs. **Bearings,** Phosphor bronze, with dirt-proof oil cups. **Automatic pulley governor** prevents machine from running too fast. **Cast Metal Base,** with slotted ears, to allow liberal adjustment of position. **Automatic Electric Cutout,** controls current so that there is no danger of the battery discharging when generator is stationary or running at slow speed. Cutout is positive and depends entirely upon voltage for its action. **Pulley,** choice of pulleys. On automobiles, if possible, belt to fan shaft, using ⅝-in. round belt or our special V-shaped belt.

PRICE LIST

163B2590—Battery Charger. With 2¼-in. pulley, to take ⅝-in. round or ½-in. V-shapeed belt. Price **$15.00**

163B2592—Battery Charger. With 2¼-in. pulley, to take 1-in. flat belt. Price **$15.00**

163B2594—Battery Charger. With 2½-in. friction drive pulley. Price **$15.00**

163B2601—Special ½-in. V belting for use with above. Water and oil proof. Weight, about 1 oz. per foot. Price, per foot **21c**

63B2603—Special 6-in. pulley, to take ½-in. V belting. Weight, 1¾ lbs. Each **90c**

163B2605—Complete outfit, including bracket, pulleys, belting and bolts required to install generator on a **Ford** car. Ship. wt., 16 lbs. . . **$3.45**

THE AJAX SPARK PLUG

A high-grade plug in a popular model. Scientifically made. Will stand the hardest usage. The positive poles are fitted with non-corrosive meteor points that will not disintegrate with heat.

63B2730—Spark Plug. ½-in. pipe thread, porcelain core. Price **25c**

63B2732—Extra porcelain cores. Each **16c**

63B2734—Spark plug. ½-in. pipe thread. Mica core. Each **35c**

63B2736—Spark plug. A. L. A. M. ¾-in. thread. Mica core. Each **43c**

63B2738—Extra Mica cores. Each . **23c**

MAZDA TUNGSTEN AUTOMOBILE AND BATTERY LAMPS

Standard Quality Drawn Wire Tungsten Lamps. Highest efficiency. Long Life. We save you about 25 per cent of the regular retail price. The Regular Type Lamps have an efficiency of about one watt per candle power. The Nitrogen Filled Lamps, an efficiency of about .67 watt per C. P. On the same current they give 50 per cent more light than the regular type. Be careful to select your lamps having C. P., Voltage and Base to suit your needs. Illustrations show Ediswan type bases. The One-Point Ediswan base lamps are used on one wire lighting systems. Two-point on two wire systems. The Candelabra and Miniature base lamps have screw bases, the Candelabra 15/32 in. diam.; the Miniature ⅜ in. diam. All lamps formerly made in 6 and 7 volts are now replaced by the 6-7 volt lamps; 12 and 14 volt lamps by the 12-14 volt lamps. Shipping wt., 2 to 6 oz.

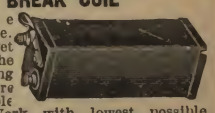
JUMP SPARK COILS

For Single or Double Cylinder Engines of any Horsepower



A coil of superior construction, and most improved model. Economical in battery consumption and positive in action. Construction of vibrator is such that it cannot be adjusted so as to stop engine from working, nor can it be adjusted to take too much current. The range of current consumption is from 2/10 to ¾ of an ampere. No tools necessary when adjusting. Coil windings, condensor and vibrator are perfectly balanced, therefore entirely eliminate sparking at the contact points. All energy is generated in the spark plug, where it belongs. Genuine Tungsten rivets are used for contact points. Coil windings will last indefinitely. Case is made of oak, highly finished, and small enough to fit into any ordinary battery box.

63B2625—Single Cylinder coil. Weight, about 3½ lbs. Price **$2.75**

63B2627—Double Cylinder coil. Weight, about 6½ lbs. Price **$5.50**

63B2629—Extra Tungsten Rivets for vibrator contact points. Shipping weight, 2 oz. Each **38c**

MAKE AND BREAK COIL

Steel Case Coil. The most efficient coil made. May be installed in wet places and exposed to the elements without affecting its efficiency. Coils are practically indestructible and moisture proof. Work with lowest possible current consumption. Weight, 2¾ lbs. Size over all, 2½x2½x6½ in.

63B2635—Make and Break Coil, without switch. Price **80c**

63B2637—Make and Break Coil, with switch for making and breaking circuit. Price **85c**

TUBULAR MAKE AND BREAK SPARK COIL

This coil is encased in an oxidized copper plated steel case, length 6¼ in., diameter 2½ in., the same size as a standard dry battery. It is absolutely water and moisture proof and will last a lifetime. It will produce a good, heavy spark, and is very economical in battery consumption. Suitable for use on gas engines of any size, or for electric gas ignition. Weight, 2¾ lbs.

63B2640—Tubular Make and Break Spark Coil **90c**

CABLE TERMINALS

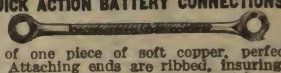
Well made, of heavy, stiff copper. Insure quick, solid connections. Weight, doz., 4 oz.

63B2650 — For 5/32 in. Cable. Price per dozen **6c**

63B2652—For 11/32 in. Cable. Price per dozen **9c**

63B2654—For 15/32 in. Cable. Price per dozen **10c**

IGNITION CABLE

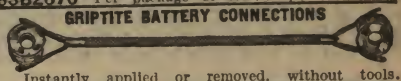


A very flexible cable, especially designed for wiring gas engines, launches, automobiles, etc. Is absolutely oil and water proof. The cable is built of fine copper strands covered with layers of rubber, over which are coverings of oil proof tape and waterproof braid. Weights, 1 to 2 oz. per foot.

63B2660—Primary wire, diameter 5/32 in., for low tension currents. Price, per foot **3c**

63B2662—Magneto wire, 11/32 in. over all, for low tension currents. Price, per foot **6c**

63B2664—Secondary wire, 15/32 in. over all, for high tension currents. Price, per foot **8c**



QUICK ACTION BATTERY CONNECTIONS

Made of one piece of soft copper, perfectly insulated. Attaching ends are ribbed, insuring a firm contact. Attachment to battery is quick and easy. Weight, 1 oz. per package.

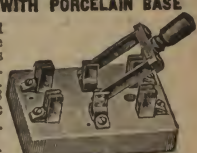
63B2670—Per package of ten **8c**

GRIPTITE BATTERY CONNECTIONS

Instantly applied or removed, without tools. Perfect contact always. Cable supported and unbreakable.

63B2672—Per package of ten. Weight, 2 oz. Price **30c**

BATTERY SWITCHES



Strongly made switches. Metal base not easily broken. Brass contacts and switch blade. Handle is insulated. Weight, 2 oz.

63B2680—Single Throw Switch. Each **10c**

63B2682—Double Throw Switch. Each **18c**

FINE KNIFE SWITCHES WITH PORCELAIN BASE

These switches are well made. Metal faces are nicely finished. Handles ebonized. Porcelain bases.

63B2687 — Double pole. Single throw. Weight, 8 oz. Price **20c**

63B2689 — Double pole. Double throw. Weight, 12 oz. Price **30c**

QUICK ACTION DOUBLE LAUNCH SWITCH

For two sets of batteries, or battery and magneto. The throw from one contact to the other is almost instantaneous, so as not to cause missfire. The lever is held at the neutral point by its own spring. Weight, 3 oz.

63B2694—Price **31c**

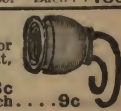
PORCELAIN SOCKETS

Can be screwed to any wood support. Weight, 1 oz.

63B2750 — Miniature base porcelain sockets. Each **4c**

63B2752 — Candelabra base porcelain sockets. Each **5c**

BRASS LAMP SOCKETS



Can be screwed upon any ⅛ in. standard, or can be hung by a flexible cord. Weight, 1½ oz.

63B2754—Miniature base. Each **15c**

63B2756—Candelabra base. Each **16c**

63B2758—Two-point Ediswan base. Each . . **18c**

PENDANT PORCELAIN SOCKET

Has wire leads. Can be used for drop-light or out-of-doors. Weight, 1 oz.

63B2762—Miniature base. Each. **8c**

63B2764—Candelabra base. Each **9c**

We Make Cozy Rooms and Comfortable Homes Easy for Anyone to Have

¶ **For thousands upon thousands, the realization of "Home, Sweet Home," has been made possible by the offerings on the furniture pages of our catalogue.** The home is the foundation of all those elements which make for contentment, happiness and good citizenship. It pleases us to feel that we have helped build so many homes—some of them simple and plain; others elaborate and luxurious.

¶ We know that our prices have enabled our customers to have better homes and more cozy furnishings than they could have expected elsewhere. Three to four dollars, spent here, go as far as five, almost anywhere else.

¶ **Our method of doing business is the only one which really gives the customer the full value for every dollar he spends.** Our immense volume gives us a big advantage in the world's furniture markets. We sell for cash only; thus we have nothing to add to our selling price to cover bad debts, difficult collections, etc. By selling thousands of pieces every day, we make money on a much smaller profit than almost anyone else could do business on.

¶ **Though our prices are remarkably low, our first consideration is quality, always.** It is this combination of low price and high quality that makes our prices so doubly attractive. We could, if we were willing to slight the quality, make some ridiculously low prices, such as you occasionally see, but that is not our way of doing business. Our furniture is built for service. You will receive from every piece the full use and satisfaction you have a right to expect.

¶ When we sell you a piece of furniture, it is our aim to so please and satisty you that you will have a friendly feeling toward us; that you will thereby be induced to order other goods from us, and that you will tell your friends.

¶ **Our business is built on the principle that, to continue to prosper and grow, we must sell most of our customers a second bill of goods.** Furniture is often the first purchases made from us; that often means the starting of a new home. That our furniture customers become regular buyers from other lines in our catalogues, is ample proof of the service and value our furniture department affords.

¶ **Buying furniture from this catalogue is easy, pleasant and profitable for you.** We guarantee every piece under the broadest, most liberal guarantee ever written. You take no risk. If you are not satisfied, your money is at your call.

A Timely Word Regarding —Veneers—

Veneering is a modern, up-to-date process, used to display to better advantage the handsome grain of various woods. Some of the most expensive furniture is veneered. For instance, the exquisite Grand Rapids made Louis XV Bedroom Suite, which took the grand prize at the World's Fair at St. Louis, and retails for over $2,200 is veneered. Veneering is not an imitation finish of any kind. A thin layer of the **Genuine Wood,** whether it be Oak, Mahogany, Circassian Walnut, or Bird's-Eye Maple, is so cut as to best show the natural, beautiful grain of the wood. It is carefully overlaid, on well-seasoned basic wood. Veneered surfaces can be finished the same as the solid piece, and the piece is less liable to warp, as the grain of the two pieces of wood is crossed at right angles. Our veneered furniture will give perfect satisfaction, and we cheerfully and promptly replace any piece which fails to come up to the requirements. Many times the pieces quoted in this Furniture Section could have been built for less money of solid pieces of some inferior wood; but following our policy of always securing the best for our customers, we have gone to the expense of having them veneered with choice cabinet woods of selected figure.

An Explanation of the Various Finishes Used on Furniture

Golden Oak Finish is the standard and accepted color for most oak furniture now being manufactured. It is rich in appearance, showing most beautifully the grain of the wood. Will give as good service as any finish that can be used. All Oak Furniture not otherwise specified will be shipped in the Golden Oak Finish.

Fumed Oak Finish has come into prominence the last few seasons. It has a dull, rich brown color, with a waxed surface. No varnish is used in this finish; hence it does not easily show mars or scratches. Dining rooms furnished complete in this finish are very artistic. It is also used extensively for dens and libraries.

Information That Will Aid You

In Making a Selection of Leathers and Upholsteries

No. 1 Genuine Leather used on our couches, davenports, or other pieces of furniture, is selected from stock of the best quality. Our No. 1 Leather will not peel or check. It will give satisfaction in every way and we will make good on any piece which fails, by any chance, to meet the requirements of No. 1 Genuine Leather.

No. 2 Leather. This is not so soft and pliable. It has an artificial grain, is susceptible to heat and cold, and is very likely to crack and lose its finish. This No. 2 grade is used by most dealers, and called genuine leather. We can furnish it if desired, but we advise you to pay a little more and get the best to be had.

No. 3 Split Leather. This is called split leather. It is soft and spongy, artificially grained, and cracks or peels very easily. It is almost worthless as an upholstering covering. We do not use it.

Spanish Leather is Genuine Leather, finished in a pleasing, mottled brown shade, which harmonizes especially well with Fumed finish. The term Spanish refers to the coloring only.

Imperial Leather and Chase Leather are the most perfect imitations of real leather. They look like leather, and with ordinary use will wear a **long time,** while the price is much less than for Genuine Leather, as may be seen by the quotations which follow. The back is of very heavy duck, with a heavy composition coating made in close imitation of Genuine Leather. We recommend Imperial and Chase Leather as being very satisfactory coverings.

Crushed Plush. The rare beauty and wearing quality of Crushed Plush is too generally known to need comment. We use only the best quality, carefully made from superfine material, handsomely crushed. The rich luster of this covering is enriched by the scintillating effect given by the crushing process, which causes the nap to lie in different directions. This covering can be furnished in red, green or brown, in solid colors only.

Plain Silk Plush. Plain silk plush is a very popular upholstering for odd pieces, such as chairs, rockers, divans, and looks well on three-piece parlor suites. It is especially attractive for loose-cushion suites. The nap of the cloth is made in the finest silk yarns, woven closely, and has a rich velvety sheen. The yarns are dyed before weaving, thus making the colors absolutely fast. We can furnish this in the dull green, dark green, red or brown.

This picture shows how the various grades of leather are obtained from a hide. The part marked No. 1 is the outside of the hide, and has a natural grain, and soft, pliable surface. It is the best leather, and the kind we quote as Genuine No. 1 leather. The part marked No. 2 is often sold by unscrupulous dealers as No. 1. It has an artificial grain, and will not wear as long as the best. No. 3 is "split" Leather, practically valueless for upholstering purposes. **We do not use it.** It takes from 10 to 15 days to complete orders for upholstered furniture, after order is received.

Samples

of any leather, upholstery fabric, or wood finish mailed on request to interested purchasers.

Mohair Car Plush. This covering has been used for years for upholstering seats in railroad cars, where constant and rough usage is expected. Nothing will outwear it, unless it be leather; and it is doubtful if leather will look as well after the same amount of use. It has a deep nap, or pile, and is soft and luxurious. It will look well until completely worn out. Can be furnished in standard colors, such as red, green, and brown.

Tapestry. This is a closely woven fabric, of great wearing merit. Its color is determined by the predominating background. It is furnished in all the popular shades. Handsome floral designs of varying and contrasting colors are woven into the background, and give it a pleasing and harmonious appearance.

Fancy Figured Velour. This fabric has a surface very similar to plush, but with a shorter nap. It is furnished in floral patterns, and can be had in almost any color (green, red, and brown). The figure varies, but in most cases the goods contain four or five colors, giving it a striking appearance.

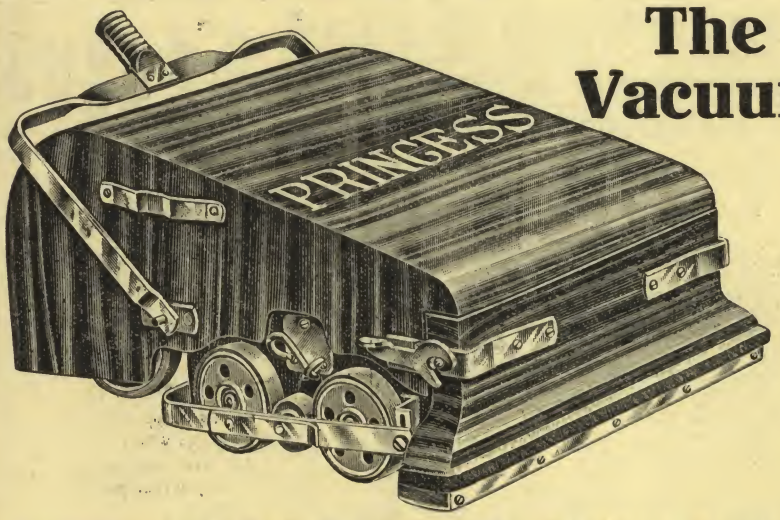
Brocaded Velour. This fabric is woven plain, and for decorative effect depends on the embossed figure. These figures vary greatly, but are usually in the form of blocks or squares. This covering is very durable, and makes up beautifully on a couch, davenport, or other large pieces of furniture. (Green, red and brown.)

Brocaded Verona Plush. This covering differs from the Velour in that the fancy floral designs are worked into a black background. The long nap of the goods produces the brocaded effect. Experience proves this to be one of the most durable medium grade coverings ever used.

Foreign Orders

Nearly every foreign order that we ship contains one or more articles of furniture. We are sometimes perplexed in filling these orders satisfactorily, because our foreign friends frequently order from old Catalogues, styles that are no longer made by the manufacturers. To avoid delay, we therefore ask that, when placing orders for furniture, you instruct us to substitute the latest pattern, in case we are unable to furnish the article ordered. You may depend upon us to look out for your interests, and to give you equal or better value in every case.

We suggest, in this connection, that you bear in mind the foreign freight and boxing charges, as explained in the introductory matter inserted in all Foreign Catalogues. We cannot furnish our furniture in the white, or send it completely taken apart. We also suggest that the boxing and freight on the better grades of goods will usually amount to very little, if any, more than on the lower priced furniture. We recommend the better grades of furniture as most suitable for export to hot countries.



Do As You Would Be Done By

This is a rule which we try to live up to, and upon which we have built our business. We are not trying to preach a sermon about our high principles.

We have adopted this policy because we firmly believe it is the only one on which a business can be built solidly. No other foundation would stand. If we did not give you full value for every dollar you spend with us, we could not expect you to stay with us.

We follow the Golden Rule because it is necessary; we realize that we must follow it. There can be no real satisfaction unless there is a mutual benefit to both parties in every transaction. We try to make you feel that you have gained, in many ways, every time you send us an order.

YOU wouldn't spade up a forty-acre field with a fire shovel—neither would you paint a house with a mucilage brush. Then why go to twenty places to buy the very things you can buy to better advantage from this catalogue? The CONVENIENCE of the mail order idea has been no small factor in its wonderful growth. You do the job in THE MOST EFFICIENT way when you buy from this book.

The Princess Vacuum Sweeper

This is but one value selected from our big complete House Furnishing section in this Book

186B449

Shipping Weight 15 Pounds

Regular $9.00 Value

Our Price $5.65

A Faithful Servant—Always at Your Service

Perhaps no other device for reducing woman's work in the home has been so quickly adopted as the Vacuum Sweeper. The real worth of a dependable Vacuum Sweeper is so self-evident that the house-wife readily overcame her prejudice against mechanical labor saving devices. Vacuum Sweepers are here to stay—they are not a temporary fad, but are really as necessary as the ordinary brush or broom.

Why a Vacuum Cleaner?

A good, reliable Vacuum Sweeper accomplishes what brush and broom or even a carpet sweeper cannot do—it removes the dust, dirt and germs in a most efficient manner without scattering it. It is used like a carpet sweeper, but accomplishes infinitely more.

A Foe to Dirt

It not only picks up the surface dirt by means of a revolving brush, but, by a continuous strong and even suction, the nozzle removes the fine dust and germs which are never touched by the carpet sweeper or broom.

Princess

Here is a real high grade, dependable combination vacuum sweeper at a price that means a big saving to you.

The outer case is made of genuine mahogany veneer, beautifully finished. The heavy steel nozzle is 11 inches wide, perfectly smooth, and fits snugly to the floor, insuring a perfect vacuum. Heavy buffers encircling the nozzle prevent marring of furniture. The brush is 8 inches wide, of best bristle stock, and can be adjusted to either long or short nap carpets. The bellows are of the best pipe organ bellows material.

The Princess is but 7 inches high, enabling you to clean underneath beds and other heavy pieces of furniture without moving them.

"TRIFLES make up perfection, but perfection is no trifle," said Michael Angelo. And Michael knew—for by taking care of the trifles he became the great artist of all time. By carefully looking after the little things when sending in your order—by seeing that COLORS and SIZES and NUMBERS are RIGHT—you will place yourself in a position to derive full benefit from the prompt and accurate service which, by the mastery of trifles, we have perfected.

Danger! Don't Judge by the Price Alone

Price is but one of the points you should consider when you are making a purchase.

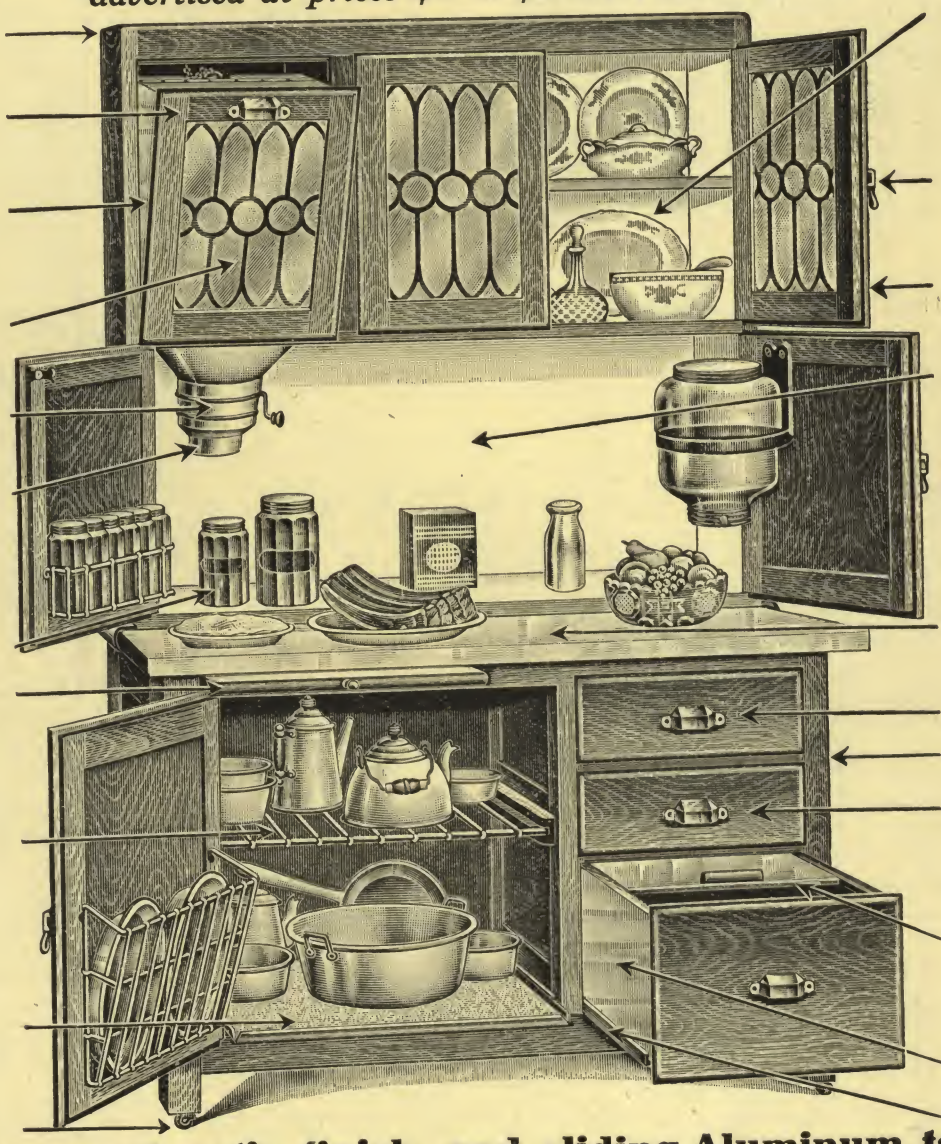
A low price means little or nothing when considered alone. If quality has been sacrificed, then the lowest price is a very dear price for you to pay. So be sure of your quality first and let the quality offered determine whether or not the price is attractive.

The surest way, in fact, the only way, to judge quality is to judge the firm back of the offer. If that firm has a long established reputation for square, fair dealing, you may rest assured that they will give the value they promise.

WHEN freight traveled on the backs of donkeys—transportation was expensive and progress was slow. But today there leaves our warehouses a caravan of "package" freight cars, traveling your way on fast freight schedule—AND CARRYING MERCHANDISE AT MINIMUM COST. This new freight system, coupled with our shipment schedule, brings you nearer the big city than ever before—and saves both money and time for you. That is REAL PROGRESS.

Bigger Value Indeed Hard to Find

An evidence of what you can save in our furniture section



Is strictly high grade in construction and finish and has every convenience of cabinets widely advertised at prices $5 to $8 more than we ask

$16.95

166B9039

$16.95

166B9039

Built with rounded corners and flush edges

Sanitary flour bin tilts for easy filling, and is removable

Flour bin has metal sides

Visible Queen Anne art glass front

Sifter is quickly detachable for cleaning

Dust-proof cap prevents flour dropping when not wanted

Five spice jars, and tea and coffee jars of crystal glass with screw tops are included

Removable hardwood cutting board cleated so it cannot warp

Sanitary sliding shelf of reinforced tinned wire

Handy rack for pans or covers

Mouse-proof metal bottom quickly removable for cleaning

High-grade easy rolling casters

Extra large cupboard with snow white interior

Queen Anne art glass doors

All trimmings are heavily nickel plated

Doors and drawers have dust-proof lip construction

This entire interior finished in washable white enamel

Sanitary glass sugar jar with automatic dispensing bottom, fills from top

Sliding extension table top is covered with sanitary aluminum, which will not rust or tarnish

Cutlery drawer

Ends, doors and back of top made of 3-ply built-up stock which will not warp

Utensil drawer

Sliding, automatic metal lid

Bread or cake drawer made of sanitary metal

Sliding support gives added strength when drawer is extended full length

Moisture-proof, satin finish, and sliding Aluminum table top

166B9039—With **Aluminum** covered extension table top.....**$16.95**
Height, over all, 70 inches. Size of table top, when closed, 40x25 inches; when extended, 40x35 inches. Capacity of elevated flour bin, about 40 pounds. Sugar jar holds about 10 pounds. **Five spice jars, one tea and one coffee jar are included.** Shipping weight, about 200 pounds.

This modern, step-saving cabinet gives you the practical conveniences of the widely advertised ones, at much lower cost. In addition it has valuable, exclusive features not found on other cabinets.

It is built of seasoned **Genuine Oak**, with three-ply built-up panels in ends, doors, and back of top. The workmanship is high grade in every respect. Special attention is given to the finish. **A moisture-proof** satin surfaced varnish, especially adapted for kitchen furniture, is used in a rich Golden color.

An important feature is that the interior of drawers and inside of doors are varnished, adding much to the durability and desirability of the cabinet.

The Queen Anne art glass used in the upper doors and front of the flour bin, is both attractive and durable. The design is ground into the glass itself, and can never wear off.

All the doors and drawers are made with a flanged edge, or lip, which closes tightly against the frame, excluding dust.

The flour bin is of the latest improved type. It can be quickly removed for cleaning, and the sifter bottom is also detachable.

Closes up tightly when not in use, excluding dust and dirt. Looks neat and attractive

A feature which will appeal to tidy housekeepers is the white enamel finish of the interior of the top part. This can be kept spotless, by merely wiping off with a damp cloth.

The sugar jar, of clear glass, has a metal top, and automatic dispensing bottom. The five crystal glass spice jars, also tea and coffee jar, are included.

One of the most desirable features is the sliding **aluminum covered** table top. This is not affected by acids or fruit juices, is non-tarnishable and rustproof. It is as durable as your expensive aluminum cooking utensils.

The kettle cupboard is extra large and has sliding shelf of heavy tinned wire. The mouse-proof bottom is galvanized iron, and slides out for easy cleaning. Door has large rack for pans and covers.

On the right are two handy drawers for cutlery, towels, etc., and an extra deep, metal drawer for bread or cakes. This drawer has an automatic metal cover which opens when you open the drawer.

The trimmings are brightly nickel plated, and high grade, easy rolling casters are supplied.

It is a cabinet that will delight you, and at our price it is a bargain worth while. Careful comparison will convince you that it would take $23 or more to buy equal value at retail.

Attractive, Comfortable, Genuine Oak Mission Furniture

Mission Furniture has become very popular because of its plain, artistic design, comfort, strength and durability. It derives its name from original pieces found in the old Spanish missions of Southern California. Our large sales of this type of furniture have enabled us to place contracts with manufacturers at prices which save you considerable over what you would usually pay.

Fumed Oak Finish — **This beautiful finish, which is a dark, rich, warm brown color,** has gained great favor with lovers of artistic things. It contains no varnish; has a dull, lustrous, wax-like surface that does not readily show scratches and will not become blurred by changes in temperature. Is very practical, and durable as well as attractive.

Furnish one room, two rooms, or your entire home with M. W. & Co.'s practical, long-wearing **Mission** Furniture. Pieces suitable for living room or parlor are shown on these two pages; and elsewhere we show Mission Dining Room Sets, Beds, Dressers, Chiffoniers, etc. We are confident that never before have you had the opportunity to get such well made, high grade Mission Furniture at such extremely low prices.

$3.95

166B1101—Genuine Oak, fumed finish . . **$3.95**
Size of seat, 20x20 in. Height of back from seat, 25½ in. Shipping weight, about 60 pounds. When you consider that this solid, substantial rocker is built of seasoned **Genuine Oak**, and has a comfortable spring seat, you must admit that our price means a considerable saving. The finish is the popular rich brown fumed shade. Upholstered in durable imitation Spanish Leather, both seat and back. This rocker is equal in durability and appearance to those costing $5.50 elsewhere.

$4.48

166B1105—Fumed brown finish **$4.48**
166B1107—Rich Golden finish **4.50**
Size of seat, 20x17 in. Height of back from seat, 22 in. Shipping weight, about 40 pounds. A large, massive rocker, with broad arms and high upholstered back. Made of choice **Genuine Oak** and finished in your choice of fumed or Golden shade. The seat has six sensitive spiral springs, set on steel foundation. Upholstered in durable imitation Spanish Leather. We have seen rockers no better selling elsewhere for $8.00 and even more.

$4.95

$2.95

166B1129—Fumed brown fin. **$3.95**
Size of seat, 20x20 in. Height of back from seat, 25½ in. Ship. wt., 57 lbs.
Extra large and comfortable. Solid and strong. Built of select **Genuine Oak** in the pleasing, fumed brown finish. Resilient spring seat, upholstered in imitation Spanish leather. A rocker that will give long service and satisfaction.

$4.55

166B1133—Fumed brown fin. **$4.55**
Size of seat, 20x20 in. Height of back from seat, 25½ in. Shipping weight, about 60 pounds. The painstaking manner in which this massive rocker is built insures long service. Made of choice **Genuine Oak**, in the durable fumed finish. Seat has six yielding spiral springs. Upholstered in long-wearing imitation Spanish Leather.

$4.98

166B1135—Fumed brown finish **$4.98**
Size of top, 36x24 in. Size of desk surface, 19x14 in. Shipping weight, about 60 pounds. Convenient desk-table. Made of select **Genuine Oak** in the rich fumed finish. Drawer has hinged lid, fitted with safety ink well and pen groove. May be used as desk without disturbing anything on table top. Rack for magazines on each end and handy shelf at bottom. Drawer trimmed with square Mission knobs. A practical, well-made table that is very inexpensive.

$5.98

166B1137—Fumed brown finish **$5.98**
Size of top, 36x24 in. Size of desk lid, 13½x18¾ in. Shipping weight, about 60 pounds. Another handy desk-table. Writing materials may be kept in the drawer, under the hinged desk lid, which is fitted with pen groove and safety ink well. Double book shelves on each end of table and shelf below in center. Serves purpose of table, desk and bookcase, at much less than usual cost of table alone. A most desirable table for the home. Built of **Genuine Oak.**

$5.95

166B1139—Fumed brown finish **$5.95**
Size of top, 36x24 in. Shipping weight, about 65 pounds. A distinctive Mission table. Has heavy legs which are mortised into top at each corner. Made of **Genuine Oak** in the fumed finish. Large drawer with wood knob. Each end has handy shelf for books, magazines, etc. Is well made and substantial and will prove a most satisfactory purchase. Your saving in price, if you purchase here, is self-evident.

$9.98

166B1141—With imitation Spanish Leather top **$9.98**
166B1143—With wood top **8.98**
Size of top, 48x30 in. Shipping weight, about 70 pounds. Artistic and unique. Made of **Genuine Oak**, fumed brown finish. Drawer trimmed with Artcraft knobs. Double book shelves on each end add greatly to its usefulness and appearance. Extra heavy legs, 2¼ inches square. This is a table that will delight you when you can carefully examine its superior construction and fine finish.

166B1145—Fumed finish **$2.70**
Octagonal top, 20x20 in. Shipping weight, about 40 pounds. General utility table. Height, 30 in. Legs, 1½ in. square. Useful for many purposes about the house. You should have one to go with your other Mission furniture. Made of **Genuine Oak.**

166B1147—Fumed finish **$1.45**
Height, 30 in. Legs, 1¾ in. square. Shipping weight, about 15 pounds. Strong umbrella holder, with brass drip pan in bottom. Made of **Genuine Oak**, fumed finish. A very desirable article for any home. Usual retail value about $2.50.

$13.75

166B1149—Fumed brown finish **$13.75**
Size of top, 48x30 in. Shipping weight, about 90 pounds. An unusual value in an extra massive Mission table. Made of choice **Genuine Oak**, top veneered with flaky **Quartered Oak.** Edges of top, 1¾ in. thick. Legs, 3½ in. square. Large drawer, trimmed with "Artcraft" knobs. Fitted with gliding casters. About $18 or $20 would be considered reasonable for a table of this size and quality in most retail stores.

What boy does not like a real Steam Engine? See those we offer

This Well-Made Mission Suite at Almost Wholesale

$10.98 For All Three Pieces — You Save About 1/3

166B1201

$3.95 Arm Chair
166B1203

Size of seat, 19½x19 inches. Height of back from seat, 24 inches. Front posts, 1¾ inches square. Arms of flaky **Quarteerd Oak**; width, 3½ inches. Legs fitted with gliding casters. Shipping weight, about 45 pounds.

Six highly tempered spiral springs, supported on sanitary crimped steel truss bars, make the seat extremely comfortable. The back is set at just the right angle to be very restful. Upholstered in extra heavy grade of mottled brown imitation Spanish leather, which looks and wears almost like real leather.

Genuine Oak in Fumed Brown Finish

We are very enthusiastic about the exceptional value we are able to offer you in this massive Mission suite. It is a quality article throughout, carefully built of select, well-seasoned wood, and finely finished. The upholstering material is worthy of special attention. It so closely resembles genuine Spanish leather that you probably will not be able to tell the difference by merely looking at it. Because it is so heavy it will give long and satisfactory service. You must not compare it with ordinary imitation leather, for it is far superior and more durable. We are confident that every one of these suites that we sell will bring orders for several more from friends, for in all our years of merchandising we have never seen a better furniture value.

$3.98 Arm Rocker
166B1207

Size of seat, 19½x19 inches. Height of back from seat, 24 inches. Front posts, 1¾ inches square. Arms, flaky **Quartered Oak**; width, 3½ inches. Shipping weight, about 45 pounds.

When you sit in this rocker you will declare it to be one of the most comfortable of any in your home. Six highly tempered spiral springs in seat, supported on crimped steel foundation. **Extra heavy** and durable mottled brown imitation Spanish leather upholstering on both back and seat. You would do well to find so good a rocker elsewhere for $6.00.

$3.97 This Library Table is Wonder Value $3.97
166B1205 — **166B1205**

Size of top, 34x23 inches. Height of top from floor, 30 inches. Corner posts, 1¾ inches square. Legs fitted with gliding casters. Shipping weight, about 45 pounds.

Distinctive Mission of exceptional quality, and very low price, are combined in this table. The book racks on each end will hold a considerable number of books or magazines, and will be found very convenient. The table is well made and finished throughout, and is strong and solid. The quality is superior to those usually sold elsewhere for even a third more. Dish not included.

$4.99 Three Pieces
166B1209

Each piece of this attractive Mission library or living room suite is made from choice **Genuine Oak**, in the popular rich brown fumed finish. The backs of the chair and rocker have pierced decoration which match that in table ends. They are well proportioned and comfortable. Upholstered in durable imitation black leather. There is no doubt about the big saving you make by purchasing this suite, would cost you considerably more elsewhere.

$1.98 Rocker
166B1211

Size of seat, 19x19 inches. Height of back from seat, 21 inches. Shipping weight, about 26 pounds. Comfortable broad arms. Seat frame glued and block braced. A low-priced rocker that is made right.

$2.25 Table
166B1213

Size of top, 34x24 inches. Legs, 1¾ inches square. Shipping weight, about 32 pounds. Just the right size for the ordinary room. Has handy drawer with wood knob. Shelf at bottom for books, papers, etc. Books not included.

76c Stool
166B1215

Size of top, 14½x11¾ inches. Height from floor, 9½ inches. Shipping weight, about 7 pounds. Made very strong, with double bracing all around base. Tufted top upholstering with imitation black leather. Big value.

Costumer 98c
166B1217—

Height, 66 inches. Pillar, 1¾ inches square. Shipping weight, about 14 pounds. Strong hooks, oxidized copper finish. Made of **Genuine Oak**, in brown fumed finish. Suitable for hall or bedroom use. A very desirable article.

$7.95 Three Pieces
166B1219

Can you imagine more value for the money than these three full size, practical, well-made pieces of **Genuine Oak** furniture? They are built strongly and substantially, and finely finished in the rich fumed brown shade. The upholstering is imitation black leather of a dependable quality, that both looks and wears well. We will accept orders for separate pieces but you should have the set.

$2.60 Chair
166B1221

Size of seat, 19x19 inches. Height of back from seat, 21 inches. Shipping weight, about 24 pounds. Strong, and durably constructed, with box style seat frames block braced and glued. Finely finished.

$2.75 Table
166B1223

Size of top, 34x23 inches. Legs, 1¾ inches square. Shipping weight, about 35 pounds. Has handy lower shelf, strongly braced. Will give you long and satisfactory service at low cost.

$2.75 Rocker
166B1225

Size of seat, 19x19 inches. Height of back from seat, 21 inches. Shipping weight, about 26 pounds. When you consider how well this rocker is made throughout, you will wonder how we can sell it for so little.

$6.99

66B1227—Genuine Spanish Leather
$6.99

Size of seat, 21x17 inches. Height of back from seat, 25½ inches. Shipping weight, about 40 pounds.

A roomy Mission rocker, strongly built of heavy **Genuine Oak**, and finished in the well-liked brown fumed shade. Large cushion seat has 12 sensitive spiral springs. Three wide, flat slats in comfortable back. Our price is about half of what you would pay ordinarily.

$5.65

66B1233—Imitation Spanish Leather
$5.65
66B1235—Genuine Spanish Leather
$6.75

Size of seat, 21x18 in. Height of back from seat, 23 in. Shipping weight, about 55 pounds. A very desirable Mission Fireside rocker. Made of **Genuine Oak** and finished brown fumed shade. Comfortable spring seat. Wing back and broad arms.

$8.90

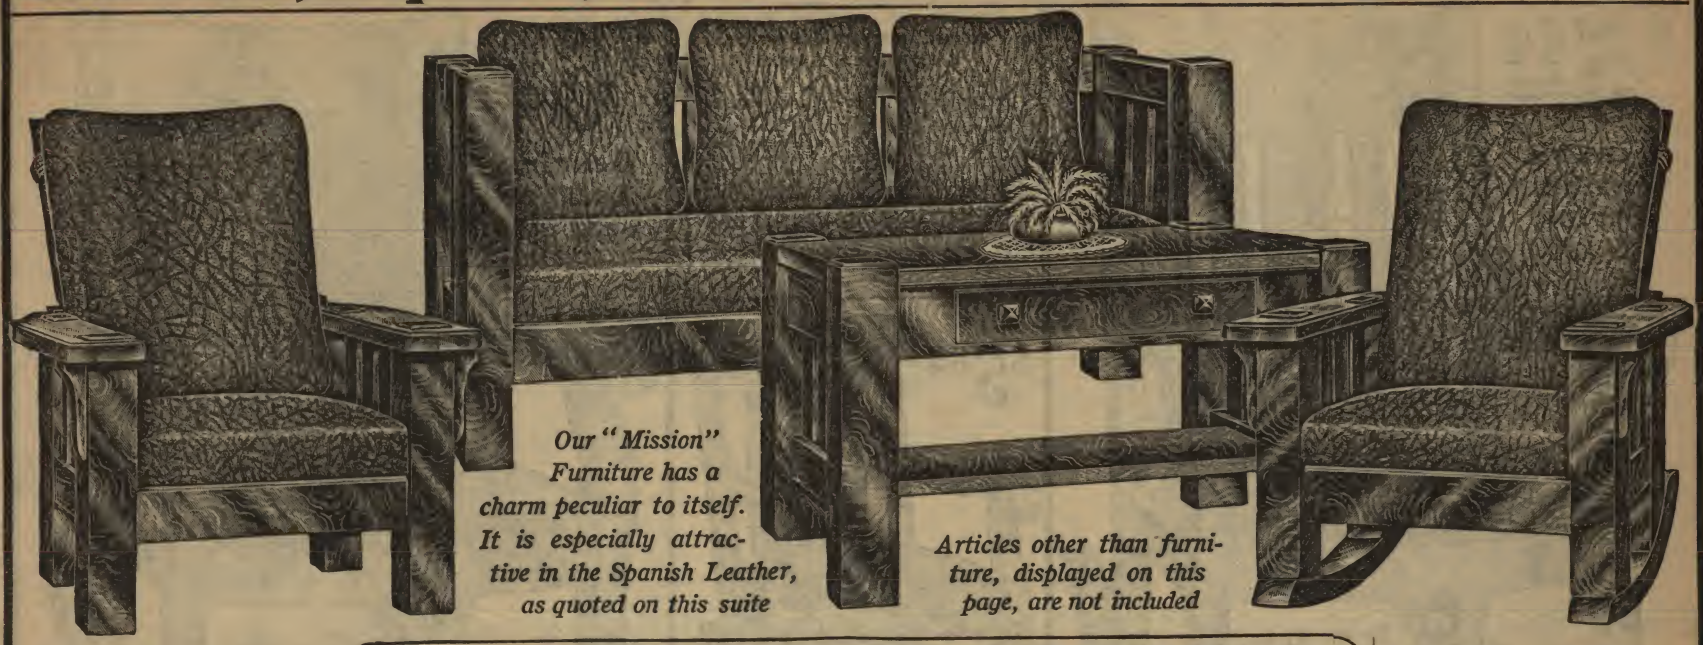
66B1237—Genuine Spanish Leather
$8.90

Size of seat, 21x17 inches. Height of back from seat, 25½ inches. Shipping weight, about 40 pounds. The conscientious manner in which this extra heavy **Genuine Oak** rocker is built, insures many years of service. Exceedingly comfortable, with 12 spiral springs in seat. Brown fumed finish. Broad arms. Back slanted just right for the most comfort. This is a very desirable rocker.

$8.95

66B1241—Genuine Spanish Leather
$8.95

Size of seat, 21x17 inches. Height of back from seat, 25½ inches. Shipping weight, about 45 pounds. A durable **Genuine Oak** rocker, with automobile style spring seat, and upholstered back, at a price several dollars under usual retail value. Seat has 12 sensitive springs. Frame is flaky **Quartered Oak**, in brown fumed finish, block braced, and glued for strength.



$9.50

66B1245—Genuine Spanish Leather
$9.50

Size of seat, 21x17 in. Height of back from seat, 25 in. Shipping weight, about 45 pounds. An extra massive rocker of generous size. Our picture can give you but little idea of its comfort. Strong **Genuine Oak** frame, fumed finish. Automobile style seat, with 12 spiral springs. Removable high back cushion. Broad arms. You can sink down into this luxurious rocker and enjoy real rest.

Durable, Popular, Mission Furniture at Big Savings

Our "Mission" Furniture has a charm peculiar to itself. It is especially attractive in the Spanish Leather, as quoted on this suite

Articles other than furniture, displayed on this page, are not included

$18.85 Chair 66B1301

Size of seat, 23x23 in. Height of back from seat, 26½ in. Shipping weight, about 65 pounds.

Reclining back, which may be adjusted to various angles. Automobile style seat, with 18 sensitive spiral springs 6½ inches deep. Pillow style back cushion. This chair is unusually large and massive, and is a revelation in comfort. Made of choice **Quartered Oak**, fumed finish, solidly block braced and glued. Retail value $25, or even more.

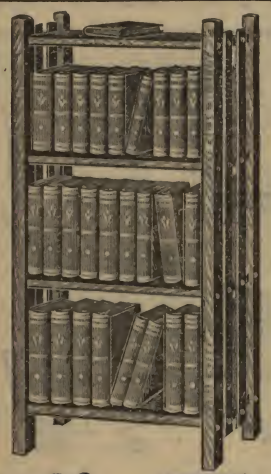
Genuine Oak, Fumed Finish, Upholstered in Genuine Brown Spanish Leather

Lovers of the artistic will find in this massive Suite all the charm of the original "Arts and Crafts" designs, at but a fraction of their cost. The warm brown shade of the Fumed finish, and the soft, mottled browns of the **Genuine Spanish Leather**, blend very harmoniously and add to the furnishings of a room that invitingly comfortable appearance so much sought after and so difficult to get. **No mere picture looks as good as this suite.** A glance at the illustration, and comparison of the measurements, will show you that extra heavy stock is used throughout. The workmanship and finish are of the best, and will please particular people. We recommend this Suite as exceptional value.

$18.95 Rocker 66B1314

Size of seat, 23x23 in. Height of back from seat, 26½ in. Shipping weight, about 65 pounds.

Balanced on its rockers so perfectly that no matter in what position you place the reclining, adjjustable back, it is extremely comfortable to sit in. Removable automobile style seat, with 18 spiral springs. Built of select **Genuine Quartered Oak**, in Fumed finish. A luxurious rocker, of generous proportions, that would retail for at least $25.



$15.95 Library Table 66B1303

Size of top, 48x28 in. Legs, 3½ in. square. Shipping weight, about 115 pounds. Legs are mortised through top in distinctive Mission manner. Large drawer, with square wood knobs. Convenient shelf at bottom. Legs fitted with gliding casters. Made of choice **Genuine Oak**, in the durable, pleasing fumed brown finish. Retail value easily $22.50.

Davenport Without Pillows 66B1305 $28.75

66B1305—Davenport, without pillows $28.75
66B1307—Pillows, each, extra 3.95

Size of seat, 69x26 in. Height of back from seat, 15½ in. Shipping weight, about 160 pounds. Frame made of choice **Quartered Oak**, fumed brown finish. Block braced and glued. Seat has 55 tempered, resilient spiral springs. **Genuine Spanish Leather** upholstering on both seat and pillows.

$1.30 166B1343

Height over all, 39 in. Width over all, 16 in. Ship. wt., about 20 lbs. Strong and substantial.

Built of seasoned **Genuine Oak** in the pleasing Fumed brown finish. Has four shelves for books, magazines, etc. This magazine rack is built of heavier stock and is more solidly put together than many which are sold elsewhere for considerably more. One of the most convenient articles you could have in the house.

$2.98 166B1341

Height over all, 41 in. Width over all, 24¾ in. Desk lid, 22½x12 in. Ship. Wt., about 45 lbs.

Substantially built of **Genuine Oak**, and finished Fumed brown shade. Desk lid supported by strong brass folding brace when in use. Interior handily arranged. Roomy drawer, with wood knobs. A well made house desk that will prove very convenient for keeping papers, etc., where you can have them when you want them, yet out of the way. Big value.

$5.98 166B1345

Shipped promptly from stock at Chicago

Height over all, 56 in. Width over all, 28 in. Shipping wt., about 100 pounds. Made of selected **Genuine Oak** with entire front of case, **Quartered Oak**. Rich fumed brown finish. Adjustable shelves. Door of clear glass, with lattice work at top. Has good casters. Distinctive Mission style. We are confident that you will be delighted with it when it is in your home.

$5.95 166B1352

Height over all, 41 in. Width over all, 28½ in. Desk lid, 26x14 in. Ship. wt., about 60 lbs.

A better than the ordinary Mission Desk, made of a heavy **Genuine Oak**, and finely finished Fumed brown. Shelf at bottom for books, etc. Handy drawer below desk lid. Interior has pigeonholes. Desk lid supported by strong brass folding braces. Dependable construction and fine finish. Equal to usual $9.00 retail value.

Desirable Rockers that combine high quality with low cost

$5.44

Genuine Leather Spring Seat

Big enough and strong enough for "father"—yet comfortable for the "little Miss"

66B1401—Golden Oak **$5.44**
66B1403—Mahogany finish **5.44**

Size of seat, 20x19½ inches. Height of back from seat, 27 inches. Shipping weight, about 55 pounds.

You must sit in this comfortable Rocker to fully appreciate its rest giving qualities. The sturdy frame is built of **Genuine Oak**, with curved top panel veneered with flaky **Quartered Oak**, and all finished Golden shade. Or, you may have it in seasoned birchwood, mahogany finish, with curved top panel of figured **Genuine Mahogany** (veneer). Highly hand polished to a mirror like surface. The seat is upholstered with **Genuine Leather** (black) over six sensitive spiral springs, which are set on a sanitary steel foundation. We have never before been able to offer such an attractive value as this Rocker, and we feel confident $8.50 couldn't buy better elsewhere.

We would quit business if we could not sell most men and women a second bill of goods

This is our only way of proving the correctness of our prices and methods. No good business can be lasting and enduring unless it can hold its customers. We have lost something more than money if we do not make you feel after each purchase that you want to come back again. We want you to have a friendly feeling for us and for our house; to continue to deal with us, and tell your friends about us. Many of our customers have been with us since we started business forty-three years ago, and the'r children are following in their footsteps.

$5.95

66B1519—Mahogany finish 3.68
Size of seat, 19x17¾ in. Height of back from seat, 28 in. Shipping weight, about 20 pounds.

Extra high back rocker, with artistically embossed top panel. Comfortable veneer roll seat, and roll arms. It is built of choice **Genuine Oak** in the Golden finish, or of select birchwood, in Mahogany finish. Doubly braced base, with fancy turned legs and stretchers. Thousands have proven by purchasing that this rocker is extra value.

$3.95

66B1521—Fumed finish $3.95
66B1523—Golden finish 3.95
Size of seat, 21¼x18½ in. Height of back from seat, 26¾ in. Shipping weight, about 28 lbs.

Mission design comfort rocker. Large and massive. Solidly built of hardwood in the durable fumed brown or pleasing Golden finish. For a rocker of this type we advise the fumed finish. Broad arms and shaped back with deep panels. Saddle wood seat. Well made, and will last for years. Plain and easy to keep clean. About the most that can possibly be produced for the money. We recommend it.

$3.98

66B1525—Golden Oak $3.98
66B1527—Mahogany finish 3.98
Size of seat, 18⅝x17 in. Height of back from seat, 29½ in. Shipping weight, about 22 lbs.

A most desirable rocker. Built of **Genuine Oak,** with seat and shaped panel back made of **Quartered Oak** veneer. Finely finished Golden color. Or you may have it made of birchwood, in rich Mahogany finish. It is a rocker of extreme comfort, and the back is high enough to rest the head. Doubly braced base and shaped arms with four turned spindles under each. Its purchase is an investment in satisfaction.

$4.48

66B1530—Our price only.....$4.48
Size of seat, 19½x18 in. Height of back from seat, 27 in. Shipping weight, about 21 pounds.

A large, heavy, high grade rocker of pleasing appearance, with veneer roll seat and shaped back of flaky **Quartered Oak.** Frame is of straight grain **Oak.** All Golden finish. Well braced throughout. Shaped arms. Very attractive, comfortable, and well made. At our price it is surely exceptional value and worthy of careful consideration.

$4.80

66B1534—Our price only.....$4.80
Size of seat, 19x17¾ in. Height of back from seat, 29 in. Shipping weight, about 22 pounds.

The rich Golden finish of this rocker brings out to advantage the flaky natural figure of the **Quartered Oak** veneer used in the roll seat and shaped back. Roll arms, with five turned spindles under each. Base doubly braced, and has turned posts and stretchers. This is a rocker that will please the most particular customer, for the quality is first-class.

$4.95

66B1539—Our price only.....$4.95
Size of seat, 19x17¾ in. Height of back from seat, 24 in. Shipping weight, about 22 pounds.

This rocker will make a strong appeal to those who prefer plain furniture, as its chief ornamentation is the flaky natural grain of the **Quartered Oak** in the double roll seat and back. Rich Golden finish. High shaped arms. It is so balanced on its rockers that you can take a lot of comfort in it. Seat and back are improved veneer construction. Extra strong and serviceable.

$7.88

66B1544—Our price only.....$7.88
Size of seat, 22x19 in. Height of back from seat, 27 in. Shipping weight about 26 pounds.

This big comfort rocker is made with a solid frame of **Genuine Oak,** in Golden finish. The back is plenty high enough to rest the head, and has seven flat upright spindles shaped to fit the form. Roll arms. **Genuine Leather** seat, color black. Made of extra heavy stock throughout, with seat frame carefully block braced and glued. If you could see it you would call it a $10.00 value.

166B1675—Our price, only.....**$2.98**
Si e of seat, 20x17 in. Height of back from seat, 29 in. Shipping weight, about 13 pounds.

A solid-comfort reed rocker, with back high enough to rest the head. The frame is made of straight grained hardwood, and the rockers are cut from clear quality white maple. It is carefully woven by hand from selected reeds. Large roll forms front posts and arms, and strengthens back. Seat has full roll front and back. Base is rigidly braced. Finished all over in the natural color with shellac. This rocker is very pleasing in design, exceptionally comfortable, and durably built. When you purchase it at our price you are making an investment in sat'sfaction.

166B1677—Our price, only.....**$3.25**
Size of seat, 19x19 in. Height of back from seat, 26 inches. Shipping weight, about 16 pounds.

An exceptionally desirable rocker, from the standpoint of both comfort and appearance. The frame is strongly built of hard maple, with fancy turned legs and cross stretcher. Closely woven cane seat. The high back is ornamented with artistic scroll work. A large roll extends around the entire back and arms, and forms a rounded apron front. The entire rocker is finished in the natural light, clean-looking color with shellac. You will be delighted with this rocker when you have it in your home, and you will also find our price represents a substantial saving.

166B1680—Price, without cushions.....**$4.62**
166B1682—With seat and back cushions. **5.85**
Size of seat, 19½x18 inches. Height of back from seat, 21 inches. Ship. wt., about 25 lbs.

Sewing or Nurse Rocker. Woven of selected reeds over a foundation frame of hard maple, and finished in either the pleasing brown or forest green shade. One side has a wide, flat arm and the other side is made with a pocket for sewing materials, magazines, etc. Durable cushions in designs and soft colorings which harmonize with the finish of the rocker. They add much to its comfort and appearance, and we strongly advise that you get it with the cushions. Be sure to mention finish desired; otherwise we send brown.

166B1684—Our price only.....**$4.25**
Size of seat, 20x17 inches. Height of back from seat, 27 inches. Ship. wt., about 14 lbs.

This large, comfortable reed rocker has proven one of our most popular numbers. It combines strength with lightness. Solidly built maple frame over which the reed is woven. Large roll extends around entire shaped back and arms. Scroll work under arms and in front. The back is woven in a very pleasing design. All finished in the natural light color with shellac. The broad back is high enough to rest the head. Careful comparison will convince you that this rocker is exceptionally big value at the low price we ask for it.

166B1688—Our price, only...**$1.75**
Size of seat, 18x14 inches. Height of back from seat, 26 inches. Shipping weight, about 9 pounds.

Just the right size for woman's sewing rocker, and is nice for bedrooms. Strong hard maple frame, light shellac finish. Very artistic fancy back. Roll seat. Light but substantial. The best low-priced rocker we know of.

Fancy cane seat reception chair. Very artistic and comfortable. Maple frame, base wound with rattan. Light color shellac finish. This has proven a very popular chair and is in thousands of homes.

Make your toast right at the table with our Electric Toasters

Bar Harbor Reed Suite

The chair and rocker to this suite, have been in our catalogue several years, and we have sold thousands of them. In fact, they have been among our most popular sellers. This year we have added the settee, so that you may purchase the entire matched suite.

Reed furniture of this type is now considered quite the thing for up-to-date homes, and it possesses many advantages over any other. It is strong, yet flexible enough to be more than ordinarily comfortable. It does not easily scratch or mar, is light and inexpensive.

The frames of the pieces in this Suite are made of select hard maple, strongly braced. Choice reeds are woven by hand to form the symmetrical, pleasing design. Chair and settee have sockets on legs.

166B1775—Chair, without cushions $3.98
166B1777—Chair, with seat and back cushions 5.85
Size of seat, 19½x18 in. Height of back, from seat, 20 in. Shipping weight, about 30 pounds, with cushions.
This Chair has become immensely popular at fashionable seaside resorts, as well as with thousands of comfort-loving home people. Brown or green finish. **Be sure to state which you want.**

166B1780—Settee, without cushions ..... $ 8.90
166B1782—Settee, with seat and back cushions 12.55
Size of seat, 38x18 in. Height of back, from seat, 20 in. Shipping weight, about 33 pounds, with cushions.
A Settee that is both attractive in appearance, and comfortable to sit in. With the chair and rocker, it makes a parlor or living room suite you may be proud to own. **Mention finish.**

Stylish and comfortable

The Finish of these pieces is carefully applied, and you may have your choice of a rich brown, or forest green shade. We recommend the brown, as most suitable for either home, porch, or cottage, and it is the finish we sell the most.

The Cushions are covered with cretonne and filled with clean, new, **Genuine Cotton.** Especially desirable patterns, which harmonize artistically with the finish you select, are used. These cushions add so much, both to the appearance and comfort, that you should by all means, order them in this way.

The Prices we offer you are exceptionally low, and are only made possible by the large quantity we sell. You would pay considerably more for equal quality at most stores.

166B1784—Rocker, without cushions $3.98
166B1787—Rocker, with seat and back cushions 5.85
Size of seat, 19½x18 in. Height of back, from seat, 20 in. Shipping weight, about 22 pounds, with cushions.
Especially desirable, durable, and artistic. Just the right size and proportions to correctly fit the form, and is one of the most restful rockers of its kind we know of. **Mention finish wanted.**

Without Cushions $6.35

166B1789—Without cushions $6.35
166B1791—With seat and back cushions 7.75
Size of seat, 20x19 in. Height of back, from seat, 31 in. Shipping weight, about 25 pounds.
Extra high wing back reading chair, with pocket arm for magazines, etc. Strongly braced maple frame. Finished in pleasing brown, or forest green shade. **Mention which you want.** Exceptional value.

Without Cushions $6.75

166B1793—Without cushions $6.75
166B1795—With seat and back cushions. 7.80
Size of seat, 20x19 in. Height of back, from seat, 31 in. Shipping weight, about 27 pounds.
Reading rocker, with pocket arm for magazines, and wing back, which is high enough to rest the head. Woven of imported reeds, over strong maple frame. Brown or green finish, **mention which you want.** This big comfort rocker is usually sold at $10.00 to $12.00.

Without Cushions $6.95

166B1797—Without cushions $6.95
166B1799—With seat cushion 7.55
Size of seat, 20x19 in. Height of back, from seat, 31 in. Shipping weight, about 19 pounds.
Large, high grade rocker. High back, with wings. Broad, flat arms, with pockets under each. Maple frame. Pleasing brown or forest green finish. Cotton filled, cretonne covered cushion in harmonizing colors. A rocker for particular people. **Mention finish.**

With Cushions $8.95

166B1802—With seat and back cushions $8.95
Size of seat, 21x20 in. Height of back, from seat, 29 in. Shipping weight, about 26 pounds. Rest rocker, with curved form fitting back, and broad arms. Woven apron front. Woven of choice reeds over strong maple frame. Rich brown finish. Cotton filled, cretonne cushions in harmonizing colors. This big rocker will satisfy you perfectly and is extra big value at our price.

Very attractive design

A most attractive, high grade reed suite, for parlor, living room, porch or cottage. It is hand woven, from choice imported reeds, over a strongly braced frame of hard maple. Heavy roll around back and arms. Large and roomy, with shaped back, set at just the right angle to be most restful. Closely woven cane seats. Finely finished in shellac, natural light color.

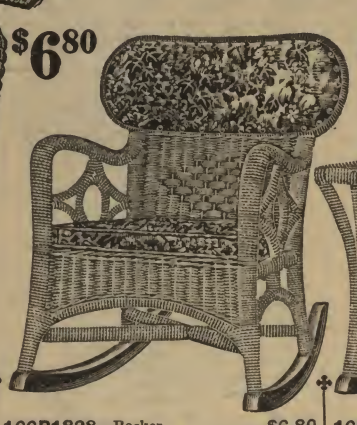
You would find it indeed difficult to combine more desirable features in furniture than those possessed by this suite. It is light, but strong and durable, pleasing in appearance, comfortable, yet very inexpensive. It is furniture such as you will find in the best homes, and our prices represent a considerable saving.

166B1806—Chair, without cushions $6.35
166B1809—Chair, with seat cushion 7.98
Size of seat, 20x19 in. Height of back, from seat, 21 in. Shipping weight, about 23 pounds.
Entire back and sides woven diamond mesh. Woven apron around all sides. Frame of hard maple, wrapped with rattan. Legs fitted with metal sockets. Big roll arms and back.

166B1811—Settee, without cushion $12.95
166B1813—Settee, with seat cushion 14.45
Size of seat, 35x17½ in. Height of back, from seat, 22 in. Shipping weight, about 35 pounds.
Please notice the extra strong bracing of the base, which has six legs, with diagonally placed braces. Frame of hard maple, wrapped with rattan. Legs fitted with metal sockets.

Big value at our price

You should, by all means, order these pieces with the cushions, as they look much more attractive in this way, and cost but a trifle more. The cushions are filled with **Genuine Cotton,** and covered with cretonne in designs and soft colorings, which harmonize perfectly with the rockers, and with other furnishings of the room, in which they may be placed.



Reed furniture of this type, is suitable for any room in the house, and probably no furniture you could buy for the same amount of money, will give as much in comfort, durability, and satisfactory service from every standpoint. This suite is especially big value, as you will agree when you see it.

166B1815—Rocker, without cushion $6.25
166B1817—Rocker, with seat cushion 7.88
Size of seat, 20x19 in. Height of back, from seat, 21 in. Shipping weight, about 23 pounds.
Balanced just right on its rockers to be very pleasing to sit in. Strongly built, with hard maple frame, wrapped with rattan. Closely woven cane seat. A splendid rocker that costs little.

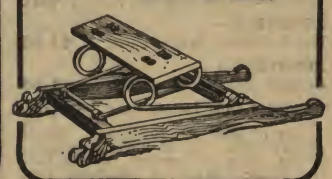
Size of seat, 20x19 in. Height of back from seat, 28 in. Shipping weight, about 70 pounds.



Designed after an expensive English Club Rocker. Gracefully proportioned. Has a stylish, distinctive air that makes it appeal to people of good taste. Exceptionally strong hardwood frame. Heavy runners finished either Golden Oak or Imitation Mahogany. Nicely tufted back. Deep side wings and comfortable roll arms tastily ornamented with rosettes. Large spring seat. You should order this Rocker in the Genuine Spanish Leather. Your own good judgment will tell you that this is an unequaled bargain.

Every Rocker on this page is stylish, up-to-date, and distinctive in design, sturdy and durable in construction, and a revelation in comfort. Never before has our line of over-stuffed Rockers been so full of big values. No matter which one it is on this page that you like best, it will far exceed your expectations when you receive it, and you will derive a world of solid comfort while resting in its luxurious depths.

Following the general custom, outside arms and backs of Genuine Leather, upholstered Rockers, where no wear comes, are covered with Imitation Leather that matches perfectly. This is also true of goods sold in retail stores.

The "Seng" Spring

The Celebrated Seng Spring, illustrated below, is a wonderful improvement which adds immensely to the comfort of a Turkish Rocker. It supports the entire Rocker on a resilient foundation, so that it gives with your body, no matter which way you lean, having a sidewise motion, as well as the backward and forward motion. We strongly recommend that you give preference in selecting a Rocker, to one that has this **Seng Spring.** You will appreciate our advice when you sit in the Rocker and observe its vastly increased comfort. Rockers which can be furnished with this Spring are so quoted in the description. One party writes us that her **Seng Spring** equipped Rocker is **"The Easiest Easy Chair Ever Made."**

Shipped from factory near Chicago.

Size of seat, 21x20 inches. Height of back from seat, 27 inches. Shipping weight, about 70 pounds. State finish desired.

While comfort and durability have been the first considerations in building this rocker, it is also exceptionally attractive in appearance. Large, massive frame, made of choice **Genuine Golden Oak**, or of hardwood in the mahogany **finish. Highly Hand Polished.** Note the graceful curving of the arms, back, and front posts, and the carved claw feet. Roomy seat has highly tempered long coil springs. Shaped, diamond tufted back is finished with roll top. Balanced on its rockers so that it is exceedingly comfortable. Altogether it is a rocker you will be proud to have your friends see and use. Our price is very low for such high quality.

These splendid rockers combine comfort with handsome, attractive appearance and very low prices. However, quality has not been sacrificed just to make the price appear low. No matter which one you select, you will receive full value for every dollar you pay, and you are protected by our liberal methods which always assure satisfaction.

Outside arms and back of Genuine Leather rockers, where there is no wear, are covered with Imitation Leather that matches perfectly. This has been the custom of manufacturers for many years, and is also true of goods sold in retail stores.

The plain surfaces of this English Club Style rocker are easy to keep clean, and very pleasing in appearance. The durable imitation Spanish leather upholstering is a mottled brown shade. Broad, roomy spring seat, and high arms. **Back is Adjustable** to various angles by simply turning the small wheel on side of rocker. Strong frame, built of seasoned hardwood, with exposed wood parts finished in rich Mahogany shade. This restful rocker will please you better the longer you have it. We are confident so good a one would cost you a third more if purchased in the ordinary way.

$5.90=

166B2080

166B2080—Imitation Black Leather $5.90
Size of seat, 21x21 in. Height of back from seat, 28 in.
Shipping weight, about 65 pounds.

The exceptional comfort of this fine reclining chair can only be fully realized when you have sat in it yourself, with the back adjusted to the angle that best suits you. Then you will know how very restful it is. The back is curved and shaped to fit the body, and diamond tufted and ruffled. The seat is upholstered over sensitive spiral springs. Strong frame made of kiln dried **Genuine Oak**, and finely finished Golden. Front posts embossed in pleasing design. Easy rolling casters are supplied. The disappearing foot rest is upholstered in the same durable imitation black leather as the chair. When you consider how much you can enjoy reading your favorite magazine or book, with your feet on the foot rest, and the back partially reclined, our price seems low indeed. And it is low, for equal quality sells for about $8.50 at retail.

$6.75=

166B2082

166B2082—Fumed Brown Finish, Imitation Spanish Leather $6.75
Size of seat, 20x20 in. Height of back from seat, 27 in.
Shipping weight, about 70 pounds.

The constantly increasing number of people who prefer the rich-looking plain designs, will be delighted with this rocker. And it not only looks well, but is made for comfort and service. The frame is of select **Genuine Oak**, thoroughly seasoned and kiln dried, and finished in the popular and durable Fumed brown shade. This finish, being made without varnish, is not easily scratched or marred. It has come to be about the best liked of all wood finishes, and looks very nice with the brown imitation Spanish leather upholstering. The seat has spiral springs six inches deep, and the back reclines to several positions. Broad arms, with roll fronts. Disappearing foot rest slides back out of the way when not in use. This rocker is one that you will be proud to have in your home, and will be much appreciated by the entire family. You save considerable at our price.

An extra high back "English" style rocker of generous proportions. Strong hardwood frame that will stand hard service, with exposed wood parts finished imitation Mahogany. Pleasing diamond tufted and ruffled back. High shaped arms. Upholstered in good quality imitation Spanish Leather. Resilient spring seat. A great big rocker that will prove a most desirable addition to any home in which it may be placed.

$8.75

166B2098—Imitation Spanish Leather . . $8.75
Size of seat, 20x20 in. Height of back from seat, 28 in. Shipping weight, about 75 pounds.

Our picture does not do this rocker justice, for it is large and roomy, roll arms of the receding type and rounded back which is diamond tufted and ruffled. Frame made of hardwood, with exposed wood parts in Mahogany finish. Long spiral springs in seat. If you want a rocker above the ordinary in attractive design, comfort and durability, yet for little money, this one will meet every requirement. Imitation Spanish leather upholstering.

A Kerosene Oil Heater is ready for use the minute you want to use it

Latest Improved, Self-adjusting, Reclining Back Morris Chairs

"Just Lean Back and Rest"

With these latest Improved Reclining Chairs, the back automatically and instantly adjusts itself to any desired position, simply by the weight of your body leaning against it. No buttons to push—no ratchets to operate—nothing to get out of order. When you get up from the chair, the back will return to its original position. In our opinion, nothing has ever been devised in Reclining Chairs that would equal these for durability, ease of operation, and greatest comfort. The shaped reclining backs support the body at just the angle that best suits you, and each chair has a concealed foot rest, which is a splendid feature for solid comfort.

A Chair for Comfort

266B2129—Imitation Spanish Leather... 12.98
266B2131—Genuine Spanish Leather.... 18.95

Shipped from factory in Western New York.

Size of seat, 20x20 inches.
Height of back from seat, 27 inches.
Shipping weight, about 80 lbs.

Heavy Mission "Hemco," Chair, made of flaky **Quartered Oak,** finished either Golden color, or a rich Fumed brown. Has a patent, self-adjusting back, which responds to slightest pressure. Spring seat, with plenty of springs to make it comfortable. Broad arms, and disappearing footrest. Good casters. When in a semi-reclining position, the weight of the body holds the chair where it is the most comfortable, without any mechanical devices, rods, push buttons, catches, etc. Nothing about the action that can get out of order, or wear out. You just lean back and rest.

This is the Famous "Hemco Chair" with full leg rest $14.75

266B2151

Embodies all the Latest Improvements in up-to-date Reclining Chair Construction

266B2151—Imitation Spanish Leather.$14.75 | 266B2153—Gen. Spanish Leather.$19.95

Shipped from Factory in Western New York.

Size of seat, 21x20 inches. Height of back from seat, 27 inches. Shipping weight, about 85 lbs.

The sturdy frame is made of well seasoned **Genuine Oak,** with broad arms, and front posts of flaky **Quartered Oak,** finished in the rich, warm, brown, Fumed shade that is now so popular. This finish has a dull, satiny surface, and as it is made entirely without varnish, it is not easily scratched or marred. It would be difficult to find any chair more restful than this special "Hemco." The roomy seat is upholstered over highly tempered spiral springs, and the comfortable back reclines to any desired position by merely leaning back against it. There are no ratchets to bother with, no buttons to push—**simply lean back and rest.** The action is positive, and cannot get out of order. A small wheel underneath the chair at the back, permits instant adjustment for persons of varying weight. Notice the new leg rest, which supports not only the feet, but every portion of the legs. A strong disappearing frame holds it in place when in use, and pushes back out of sight when not in use. Good casters.

It is a chair that will give rest to every part of your tired body when the day's work is done.

Our quotation on this well known, high grade chair is simply another instance of giving our customers the benefit of our ability to force down prices by our large contracts.

"The best rest since your mother's arms"

Whether you purchase it from us, or from some one else, you will receive the same "Hemco" quality in a chair. But you might as well save the difference between our price, and what you would pay in a store, for you receive the same article.

About Low Prices

Low price really means nothing unless quality be considered. There is a vast difference between "cheapness" and "low price." It never pays to buy anything "cheap." If price were the only factor, we could sell you Morris chairs for much less than the ones on this page; but it has always been the policy of Montgomery Ward & Co. to insist on so high a quality that we could unhesitatingly offer them with the assurance that you would be highly pleased with your purchase. High quality considered, you will find these chairs to be priced extremely low—in fact, about one-third under usual retail value.

Splendidly Constructed

266B2177—Imitation Spanish Leather...$15.95
266B2179—Genuine Spanish Leather.... 22.95

Shipped from factory in Western New York.

Massive and well made; has spring seat

Extreme length, 44 in. Size of seat, 41x19 in. Height of back from seat, 21 in. Shipping weight, about 90 pounds.

We consider this attractive Divan or Sofa one of the very best values we have ever seen. It is made of choice **Genuine Oak,** finish Golden, or of seasoned birchwood, finished a rich Mahogany shade. **Highly hand polished.** Extra heavy stock is used. The seat frame is solidly block braced and glued, making it very strong and durable. The shapely front posts terminate in carved claw feet. Three broad, artistically shaped panels in back. Top rail of back, and shaped arms are continuous. Seat is upholstered over 12 sensitive spiral springs, which are securely fastened on a sanitary, strong, steel band foundation. Fitted with easy rolling, wood wheel casters. A high grade piece of furniture, refined in design, and comfortable. Matches perfectly with the 266B2293 Rocker shown at top of page.

Very popular for fine homes

266B2343—Black Imitation Leather. Price....$6.95
266B2346—Black Genuine Leather. Price.... 8.75

Shipped from factory near Chicago

Size of seat, 21x19 in. Height of back from seat, 21 in. Shipping weight, about 55 lbs.

An unusually massive Rocker. Made of choice **Genuine Oak,** Golden finish; or of seasoned birchwood, Mahogany finish. **Highly hand polished.** Tufted with steel prong tufting buttons, which cannot pull out. Six resilient spiral springs in seat, securely fastened on a sanitary steel band foundation. Shaped front posts, with carved claw feet. Roll arms, continuous with back. We recommend this comfortable Rocker to those who desire something especially nice.

Large Arm Chair and Platform Rocker

Size of seat, 20x19 in. Height of back from seat, 23 in. Arm Rocker is attached by springs to substantial platform base. Seats are made comfortable by spiral springs, 5½ in. deep, set on sanitary steel foundation. Good casters.

Parlor Chairs Without Arms

Size of seat, 17x17 in. Height of back from seat, 23 in. Strongly braced frames, with low arms. Sensitive spiral springs in seats. Solid and substantial.

In selecting a Parlor Suite you naturally want one that will lend an air of elegance to the room and be substantial enough to be serviceable. This Suite fills the bill and costs but little. The frames are made of choice birchwood, in rich Mahogany finish. Seats glued and block braced. Very massive. A splendid suite for this low price.

You will find it hard to beat this value, no matter where you look. Packed by experienced men so that it will reach you safely.

$19.95

Complete, in Velour Plush

The fine finish of the strong birchwood frames of this massive Suite is such a perfect imitation of Mahogany that few would ever detect it from the **Genuine Mahogany** (veneer) which is used for the back panels. **Highly hand polished** to a mirror-like surface. The frames are so shaped that the backs and arms are continuous in design, which terminate in graceful scrolls. Built and finished in a high grade manner throughout.

Upholstered over plenty of oil tempered spiral springs to insure comfort. You will be delighted, when you can see it in your home, with the rugs on the floor and the draperies at the windows.

ARM CHAIR AND ROCKER

Size of seats, 21½x19 in. Height of backs from seats, 23 in. From these measurements you can see that these pieces are extra large and roomy, and this feature, together with their correct proportions, and the 5 inch spiral springs, makes them very comfortable. Chair has casters.

SOFA OR DIVAN

Size of seat, 42x20 in. Height of back from seat, 23 in. Yielding spring seat, with ten 5-inch springs. Comfortable upholstered back. Easy rolling wood wheel casters. Carved claw feet. Extra large and massive.

You can get a Windsor Range or Heater for any size household

Furniture Values Like These Are Seldom Found

Arm Chair and Rocker

Size of seats, 21½x22 in. Height of back from seat, 23 in. Seat frames solidly glued and block braced. 6 spiral springs, 10 in. deep in each seat, set on sanitary steel foundation. Chair has easy rolling casters. Backs nicely diamond tufted. You will notice by the measurements that these pieces are extra large. This feature, together with the correctly proportioned backs and the sweeping roll arms, make them exceptionally comfortable, as well as very attractive to look at.

The originality of design in this extra heavy suite is apparent at a glance. It has beautiful, plain, artistic lines, with roll top back, veneered with genuine mahogany, or flaky **Quartered Oak.** The balance of the frames are selected birchwood, finished mahogany shade, or choice genuine oak, finished in the popular golden color. **Highly hand polished.** It is just the right height and depth, and the backs have just the right pitch to afford extreme comfort. Seats have swell-shaped fronts, and are filled with oil-tempered spiral springs set on a rigid steel foundation. Every detail of construction and finish of this splendid suite is attended to in a strictly first class manner. The result is: furniture which will last and give you increasing satisfaction the longer you have it in your home. **Be sure to mention finish, otherwise we send Golden Oak.**

Sofa or Divan

Size of seat, 46x22 in. Height of back from seat, 27 in. Seat is upholstered over 18 highly tempered spiral springs which are 10 in. deep. These springs are set on a strong, sanitary, steel foundation, securely tied with flexible steel wires. The upholstering is done by experienced workmen who know how to make a piece that will give the longest possible service in whatever grade of covering you select. It is rest-giving, very massive and attractive in appearance. Shaped legs and carved claw feet, fitted with good, wood wheel casters.

Arm Chair and Rocker

Size of seats, 22x20 in. Height of backs from seats, 35 in. 9 extra deep spiral springs (11 in.) in seat, and 9 more in back securely tied in place. You can imagine how comfortable these many sensitive springs will make a chair. The wing backs and roll arms also add to its rest-giving qualities. Chair has brass ferrules on legs and metal wheel casters.

Luxurious Longfellow Fireside Suite. An all-over upholstered design that has proven extremely popular. A distinctive feature is the wing backs and roll arms. The frames are solidly constructed of hardwood, blocked and braced at the corners so that they will withstand more than the usual amount of wear and tear. The exposed wood parts are richly finished in dull satin mahogany shade. You can sink down into the comfortable spring seats of this suite and really rest. We strongly recommend that you select so good a suite in the Genuine Spanish Leather.

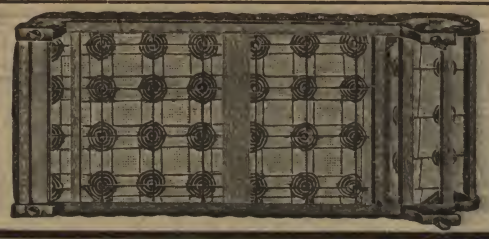
266B2743—Sofa or Divan 11.90

Shipped from factory in Western New York.

Shipping weight of chair and rocker, about 75 pounds each; of sofa, about 140 pounds.



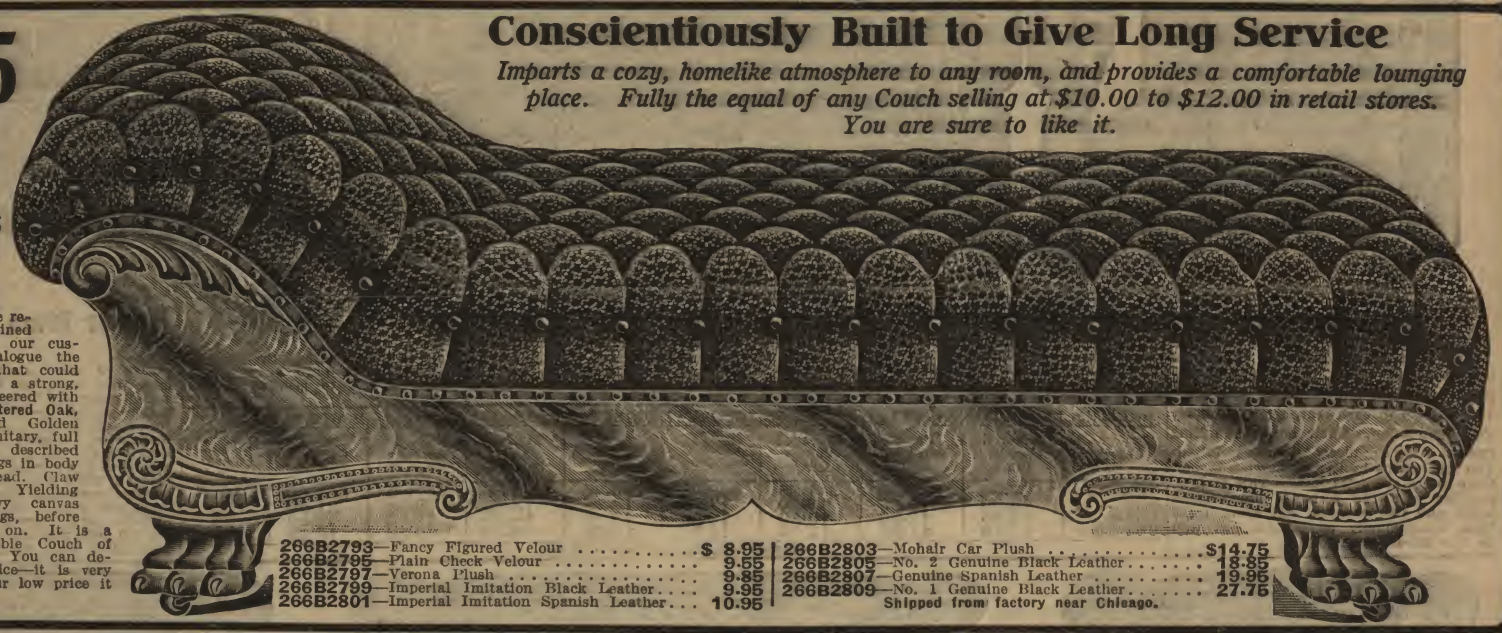
A new, refined design that will surely appeal strongly to lovers of comfortably furnished homes. Massive frames made of kiln dried hardwood, with seat frames solidly glued and block braced. Exposed wood parts are finished in the pleasing fumed brown shade that is now so popular. This finish is made without varnish and is exceptionally durable. It cannot be easily marred or scratched. The seats and backs are filled with highly tempered springs, and no matter which way you sit, your body strikes a soft, yielding surface. Nothing has been left undone that would add to the comfort and attractive appearance of this suite, yet our prices are astonishingly low.

Sofa or Divan

Size of seat, 45x19 in. Height of back from seat, 22 in. Thirty 9 in. springs are used to make this piece comfortable; 15 of them in the back and 15 in the seat. The upholstering material is carefully put on over a filling of springy vegetable fibre and genuine cotton. Wood wheel casters are used, which are best for polished floors. If you purchase this suite you will not only receive exceptional value for your money, but furniture that will answer every requirement of comfort and appearance.

The Superior Construction Makes Our Couches Supreme in Comfort and Durability

All of our Couches, except 266B2813, are made with an improved all steel, indestructible spring construction, as shown in this illustration. The highly tempered spiral coils are supported on steel truss bars, and interlocked to prevent working loose. The tops are woven together with flexible wire running crosswise and lengthwise, making it impossible for any spring to ever get out of position. Over this resilient, sensitive, spring foundation, heavy duck canvas is securely fastened. Above this canvas is placed high-grade upholstering fibers, and a Genuine Cotton felt top layer. Over all is tightly stretched the upholstering material, with which the couch is to be covered. This is firmly stitched, or tufted into place. The springs in the heads of the couches are set on slats and hand tied, as it is impossible to fit the steel construction to the shape of the head. When tufted top couches are ordered in plush coverings, they will be square tufted.



The illustration on the right shows how the various grades of leather are obtained from the hide. **No. 1** is the best leather, and has a natural grain. It is soft and pliable and very durable. Although its first cost is more, it will be far more economical in the end. **No. 2** has an artificial grain, and is not so soft and pliable as No. 1. It is used by many as Genuine No. 1 leather. We can furnish it, if desired, but strongly advise that you get the No. 1 grade. **No. 3** is known as "split leather." It is soft and spongy, cracks or peels easily, and is practically worthless as an upholstering covering. **We do not use it on our goods.**

$8.95 Conscientiously Built to Give Long Service

Imparts a cozy, homelike atmosphere to any room, and provides a comfortable lounging place. Fully the equal of any Couch selling at $10.00 to $12.00 in retail stores. You are sure to like it.

Extreme length, 75 in. Extreme width, 27 in. Shipping weight, about 110 pounds.

This fine Couch and the low price we have put on it are the result of a determined effort to present to our customers in this catalogue the very biggest value that could be produced. It has a strong, hardwood frame, veneered with flaky, **Genuine Quartered Oak**, and richly finished Golden color. It has the sanitary, full steel construction described above, with 24 springs in body and 4 springs in head. Claw feet. Good casters. Yielding spring edge. Heavy canvas stretched over springs, before upholstering is put on. It is a reliably made, durable Couch of exceptional comfort. You can depend on it for service—it is very attractive—and at our low price it is unequalled value.

The lowest priced Couch you will find dependable

$3.60 Extreme length, 72 inches. Extreme width, 25 inches. Shipping weight, about 75 pounds.

This comfortable Couch, which is the lowest priced of any in our line, is an exceptional value at the price quoted. Made of choice hardwood throughout, with richly embossed sides, and finished in the pleasing Golden color. Has ten highly tempered springs set on slats, securely tied together with twine. Heavy burlap covering over the springs. Tough wood fibre and cotton filling. This Couch has very graceful lines and comfortable head rest. Furnished only in Boston leather. Claw feet. Good casters. While this is a value that is unsurpassed at the price, we strongly recommend that you purchase one of our better Couches.

266B2813—Upholstered in Boston Imitation Black Leather $3.60

Extra good quality finish

$7.95 Extreme length, 74 inches. Extreme width, 27 inches. Shipping weight, about 95 pounds.

This splendid Couch combines excellent style and luxurious comfort, at a low price. The rigid frame is of well seasoned hardwood, carefully veneered with beautifully figured, flaky Quarter-Sawed Oak, in the rich Golden color. Highly finished. Big claw feet have easy rolling casters. Made with full steel construction, described at the top of page. Has 24 highly tempered steel coil springs in the body, and 4 springs in the head, making 28 in all. The springs are covered with heavy duck canvas, forming a firm, yet flexible foundation for the fibre and cotton filling. The upholstering material, is put on in a most careful manner, and securely stitched, assuring the longest possible wear.

Luxuriously comfortable Couches at worth-while savings

$9.95 Velour Plush

266B2902

Length over all, 75 in. Extreme width, 27 in. Shipping weight, about 100 pounds. Although offered at a very low price, this attractive, durable Couch is far above the average in every detail of construction and finish. Frame is strongly built of choice, flaky, quartered oak (veneer), braced and blocked in all corners, and finely finished in the rich, golden shade. It is particularly graceful in outline. Massive feet have easy rolling casters. Body has 24 long spiral springs and head 4 extra springs. Flexible, sanitary steel spring construction with spring edge, as explained at top of preceding page. Leathers and imitation leathers are diamond tufted. All plush coverings are square tufted, with double prong, steel clinch, tufting buttons which will not come loose. You can make no mistake by taking advantage of our special price on this couch.

This is a "quality first" couch

$11.85

Length over all, 76 in. Extreme width, 30 in. Shipping weight, about 100 lbs.

When you receive this high grade couch in your home and have a chance to examine it carefully, we are confident you will agree that equal quality would cost at least a third more at retail. It is extra large and massive. The substantial frame is well braced and glued at all corners where the strain comes. Frame is carefully veneered with exquisitely figured **Genuine Quartered Oak** and finished a rich Golden shade. Made with the improved steel tied spring construction described in detail at the top of the preceding page. Has 28 springs in body and 6 in head. Is especially graceful in design and has heavy feet. Easy rolling casters. Yielding spring edge. Heavy duck canvas over springs. Extra fine flax fibre and **Cotton Felt** filling. Your choice of five good coverings.

Will give lasting satisfaction

$12.15

Length over all, 76 in. Extreme width, 27 in. Shipping weight, about 110 pounds.

Here is a well made, new couch, designed especially to list in this catalogue. Has a very massive frame, substantially braced and glued, of **Quartered Oak** (veneer) of choice, flaky figure. Highly finished in pleasing Golden color. Has the improved steel spring construction, fully described at top of preceding page. Is neatly diamond tufted and ruffled. Double prong steel tufting buttons are used. These can never pull out. Body of couch has 24 oil tempered springs, and head 4 more, making 28 springs in all. Spring edge. Heavy duck canvas over springs and fine fibre and **Felted Cotton** filling. We recommend this without hesitation as a couch that will give perfect satisfaction. Our picture gives but a faint idea of its real beauty. It must be seen to be fully appreciated.

Unique "Mission" design

$11.95

Length over all, 74 in. Extreme width, 27 in. Shipping weight, about 100 pounds.

A distinctive, unique "Mission" couch. The massive, strong frame is seasoned hardwood, carefully veneered with flaky **Quartered Oak.** It is finished in the rich, warm Fumed brown shade so well liked. This finish is particularly appropriate for this type of furniture. Has the all-steel spring construction, with spring edge, described fully at the top of second preceding page. There are 24 long coil springs in body of couch, and 6 more in head, making 30 springs in all. Beautiful plain top, upholstered in your choice of three good coverings. To prevent all possibility of the filling ever getting out of place, this couch is double stuffed and double stitched. The tasty decorations are of wood, finished same as the frame of the couch, and are very pleasing. This is an exclusive design which you will not find in stores. The retailer's price would probably be at least a third more than ours.

266B2958—Imperial Imitation Spanish Leather $11.95
266B2962—No. 2 Genuine Black Leather 19.95

A triumph in big value giving

$11.95

Length over all, 75 in. Extreme width, 27 in. Shipping weight, about 110 pounds.

When you see this couch, you will be as enthusiastic over its artistic design, fine finish and exceptional comfort as we are. There are 24 long spiral springs in the body, supported on steel trusses, and 4 extra springs in the head. It has the improved, all-steel, sanitary spring construction, described in detail at the top of the second page preceding this one. The deep diamond tufting and these 28 highly tempered springs give it a firm, yet yielding surface, that is very comfortable, whether you wish to sit or recline on the couch. The frame is flaky **Quartered Oak** (veneer), all nicely finished Golden. The carvings are clean cut and in good taste. The massive feet have easy rolling casters. Our low price on any of the five coverings quoted below is away under usual retail price.

Extra large and massive

$13.90

Length over all, 78 in. Extreme width, 30 in. Shipping weight, about 115 pounds.

This couch is extra large and massive, as you will see by the measurements. The strong frame is solidly blocked and braced at all corners. Made of choice, flaky **Quartered Oak** (veneer) and richly finished Golden—the most popular color. Ornamented with handsome carvings. Large claw feet have easy rolling casters. Has 28 long spiral springs in body, set on steel trusses, and with flexible steel tied tops, as fully described at top of second page preceding this. Has 9 extra springs in head, making 37 springs in all. Yielding spring edge. The deep diamond tufting is securely fastened by double prong, steel clinch tufting buttons that can never come loose. This couch is built as well as years of experience and improvement can teach us to make it. We are confident you will consider it an exceptional value when you have it in your home.

Hard to beat for comfort

$15.95

Length over all, 78 in. Extreme width, 30 in. Shipping weight, about 115 pounds.

An innovation in high grade couch design. This sumptuous Turkish couch is a masterpiece. Luxuriously comfortable. Extra large. Has 28 highly tempered steel springs in the body and 9 extra springs in the head, 37 in all. The spring work has very flexible steel tied top and spring edge, as fully explained at top of preceding page. Deep diamond tufting. Wide plaited ruffle at bottom and pretty rosette on each side of head. Made of choice, flaky **Quartered Oak** (veneer) and finished rich Golden color. Fine flax fibre and **Felted Cotton** filling. A couch with which the most critical purchaser can find no fault. Our low price is far below ordinary retail value.

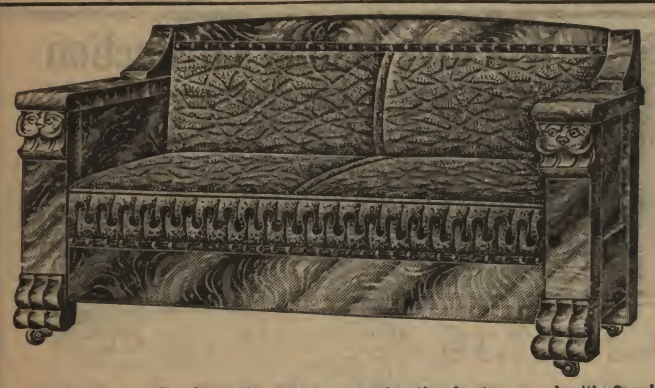
How it Operates

The Duofold Sofa Bed or Divanette, takes only about 5 ft. of wall space, yet it can be instantly transformed into a comfortable bed, 72x48 in. You do not sleep on the upholstering, but on a separate mattress, which is supported by a resilient, sanitary, fabric spring, of the latest improved type. This spring is attached to strong angle steel frame by highly tempered helical springs at both ends. It is simple and practical. Nothing to get out of order. Plenty of room for bedding inside when closed. One easy pull on strap at back of seat exposes folded bed; one more pull unfolds it into full length bed. Small picture shows how it looks when a bed. You will find Duofolds a revelation in fine finish and construction.

$20.95



Length over all, 62 in. Size of seat, 52x23 in. Opens into double bed, 72x48 in., as explained at left. Shipping weight, about 250 pounds.

Exceptionally massive Mission frame, of distinctive design. Made of **Genuine Oak**, Golden finish. Can also be had in Fumed brown finish at same price. Seat and back upholstered in the new, stylish pillow effect. Full set of springs in seat and back. Seat springs set on heavy crimped wire foundation, which is fastened to frame by helical springs, giving double resiliency. Particularly handsome for library or living room, and because it takes so little space, can be used even in small apartments. Our price saves you considerable money.

Special Low Price

$22.50

Length over all, 61 in. Size of seat, 52x22 in. Opens into double bed 72x48 in., as explained above. Shipping weight, about 260 pounds.

Made of select **Genuine Oak**. Top, arms and entire front veneered with **Genuine Quartered Oak** of flaky figured grain. Extra fine finish, rich Golden shade. Full steel spring seat and back, upholstered in new "pillow effect." Front of seat nicely plaited. Easily and quickly unfolded into large double bed, with sanitary steel frame bed spring, entirely separate from springs, used for the upholstering. Very rigid, durable construction. The spiral springs used and the angle at which the back is placed, make this exceptionally comfortable. Front posts artistically carved. Claw feet, with easy rolling casters. A very high grade article at an unusually low price. You can depend on it for service and appearance.

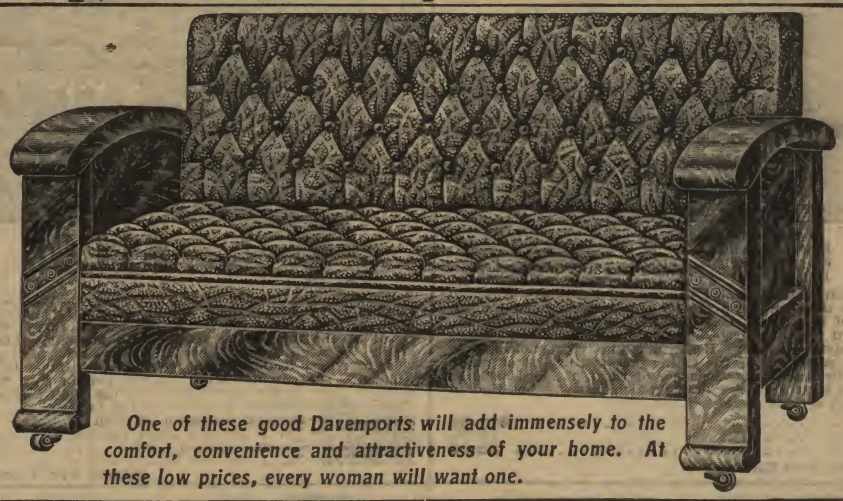
Automatic Davenport Beds—Operation Sure and Simple—Price Low



$14.95 Imitation Black Leather

266B3096

Shipped from factory near Chicago.

Length over all, 79½ in. Size of seat, 71x20 in. Opens into double bed, 72x42 in., as explained below. Shipping weight, about 165 pounds.

Our best Automatic Davenport Bed. Particularly graceful in design. Has serpentine swell front to seat. Back has curved top. The arms are veneered with flaky figured **Quartered Oak**. Front posts and end panels are of straight grained **Genuine Oak**. Highly finished in popular Golden shade. Seat and back have full set of double cone spiral springs, 30 in all, securely fastened. Convenient wardrobe underneath entire seat, provides place not only for bedding but for extra clothing. Upholstered in a very durable grade of imitation leather, either black or brown mottled Spanish. Surprisingly comfortable. Well made and can be depended on for long service.

One of these good Davenports will add immensely to the comfort, convenience and attractiveness of your home. At these low prices, every woman will want one.

Imitation Spanish Leather $16.95

266B3098

Shipped from factory near Chicago.

A Bed Davenport is one of the most economical pieces of furniture you can buy, for it adds the convenience of another bedroom to your home without additional room, and provides a comfortable place for the unexpected guest to sleep. There is also a money saving to be considered, for one of our Davenports with a comfortable bed concealed inside, costs even less than a Davenport of equal grade without the bed feature, when purchased elsewhere.

If you had planned on spending no more than $15 for a Davenport, we are confident you cannot find bigger value anywhere than these Automatics. They are durably built to give service, and will please you as well as any you could buy for a quarter to a third more elsewhere. It is only because of the large quantities we sell that we can make these prices so low. Our large volume of business, with a small profit on each item, is more desirable than the long profit plan, and also makes it more economical for you to purchase here.

$12.45

How They Operate

By merely raising the seat a little at the front, both back and seat are unlocked and will lower to the level of a bed, at the same time automatically moving forward so that it is perfectly centered and balanced. Spacious wardrobe is provided underneath entire seat for storing bedding, pillows, etc., so they will be handy at a moment's notice. It is but the work of a moment to change the Automatic from a comfortable Davenport to a large bed, 72x42 in. Bedding and pillows displayed are of course not included.

$13.90

266B3104—Upholstered in dependable Boston Imitation Black Leather. **$12.45**
Shipped from factory near Chicago.

Length over all, 80 in. Size of seat, 71x21 in. Opens into double bed, 72x42 in., as explained at right. Shipping weight, about 150 pounds.

Plain, rich looking and comfortable. Well made, durable and convenient. An exceptional value, in every sense of the word. Arms and front legs made of **Genuine Oak**; balance of frame seasoned hardwood. All nicely finished Golden color. Ends grained in imitation flaky **Quartered Oak** effect. The Boston imitation leather is deep black in color, and will not fade. It looks almost exactly like the Genuine Leather and will give dependable service. We have never before known of such a good, well made Davenport to sell for so little money.

266B3110—Upholstered in dependable Boston Imitation Black Leather. **$13.90**
Shipped from factory near Chicago.

Length over all, 80 in. Size of seat, 71x21 in. Opens into double bed, 72x42 in., as explained at left. Shipping weight, about 150 pounds.

This elaborately ornamented design will make a strong appeal to those who favor richly carved furniture. The front posts are shaped to form the outline of the carved heads, and have claw feet. The raised carvings are smoothly cut. Arms and front posts are **Genuine Oak**, balance of frame is seasoned hardwood, finished in perfect imitation of **Quartered Oak**, all in Golden color. Full set of tempered cone springs in seat and back. Plain upholstering does not catch dust. Front of seat nicely plaited. Roomy wardrobe under seat.

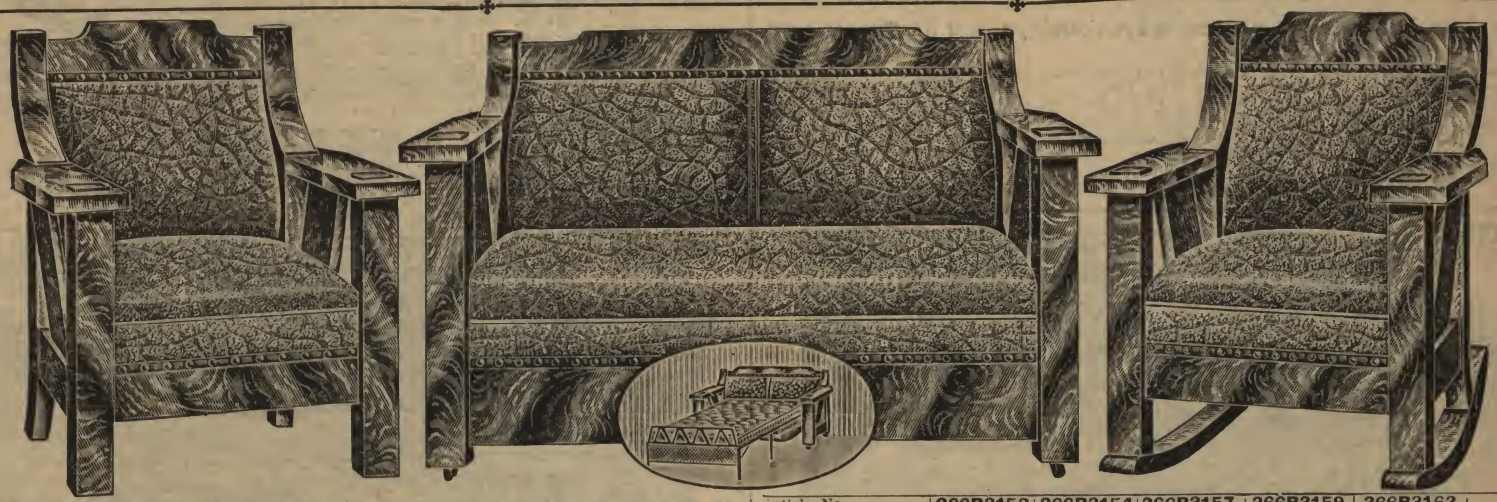
Luxurious, Stylish Matched Suites with Bed Davenports

These up-to-date Living Room Suites, consisting of Chair and Rocker with Bed Davenport to match, are very desirable for comfortable, well furnished homes.

They do away with the frequent objection that the Davenport Bed does not match the rest of the furniture in the room, and make possible, at small cost, a room with matched furnishings, such as is found in the homes of the wealthy.

No one, who enjoys these comfortable Suites in your living room by day, need know that there is concealed in the Davenport a double bed, unless you wish them to. There is nothing in the appearance of the piece of furniture to tell them.

The designs are plain and massive, easy to keep clean, and will always be in good taste. The workmanship is dependable in every respect, and the finish is the product of experienced workmen.



With one of these Bed Davenport Suites in your home you will never fear the arrival of an unexpected guest. You know that you have ready at a moment's notice, a comfortable, double bed, with sanitary steel frame spring and separate mattress—a bed that needs no apologies.

You simply give a slight pull on the concealed strap at the back of the seat of your Davenport, and the seat will turn over, exposing the bed. If it is a Unifold (long) Davenport, this is all that is necessary; if it is a Duofold (short) Davenport, you will give it one more pull to open it into double bed.

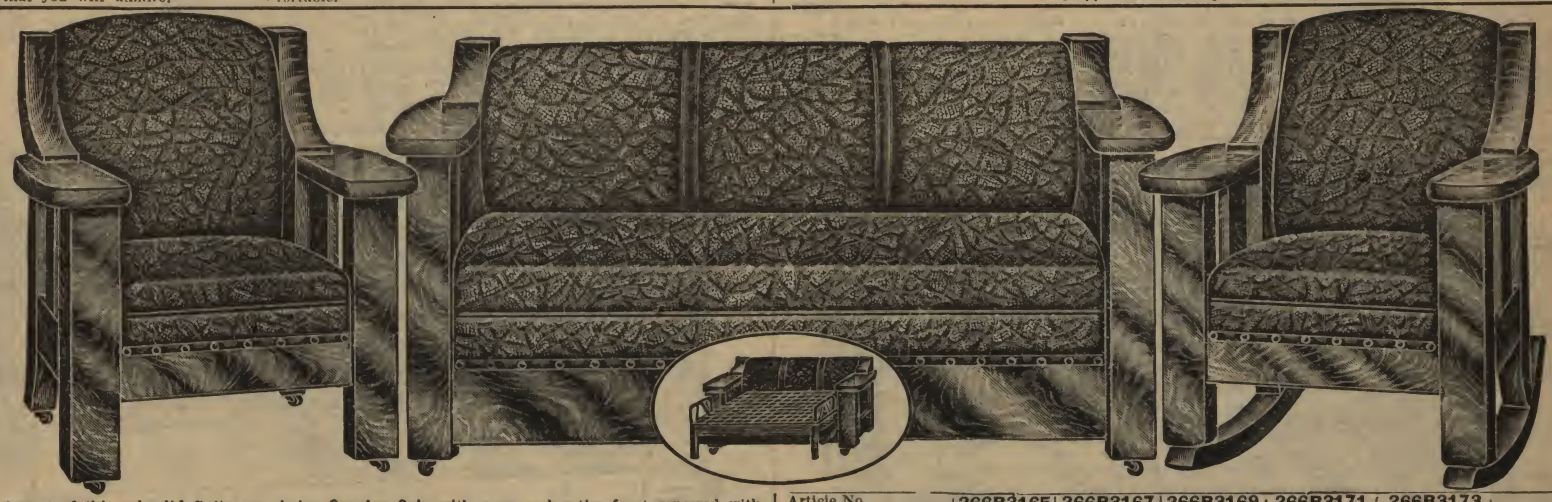
It is so simple and easy in operation that a child can make the change from Davenport to Bed or back to Davenport again.

About the Mattress. The prices quoted are for Davenports only, without mattresses. To insure a proper fit you should order the mattress for your Davenport at the same time, using the article number as quoted under the regular table of prices of the Davenport you select.

Owners of modern homes will appreciate the convenience and comfort afforded by this Suite. By day it is a stylish, attractive three-piece living room suite. At night, the Davenport can be quickly converted into big, comfortable double bed, with separate spring and mattress. Made of select **Genuine Oak**, in either Golden or Fumed brown finish. Comparison of our prices will convince you of the saving we offer.

ARM CHAIR AND ROCKER

Size of seat, 20x20½ in. Height of backs from seats, 20 in. Seats have plenty of spiral steel springs to make them comfortable. Massive, well made pieces that you will admire.



THE DUOFOLD SHORT LENGTH DAVENPORT

Length over all, 60½ in. Size of seat, 52x23¼ in. Height of back from seat, 18½ in. Opens into double bed, 72x48 in. as shown in small picture. Seat has 18 tempered spiral springs set on sanitary steel foundation, which is fastened to frame by helical springs on ends. Takes but little space; comfortable.

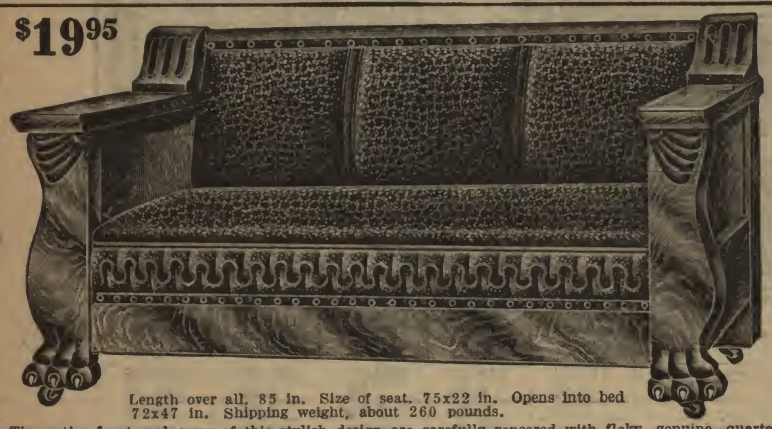
The Famous "Unifold" Davenport Bed



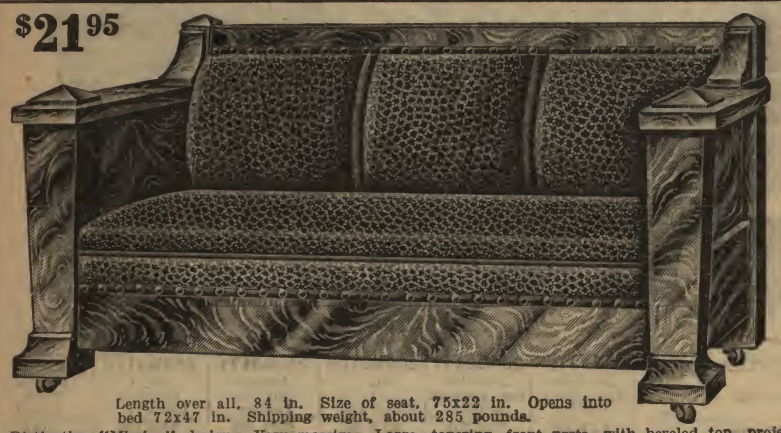
Opening of the "Unifold" 1st operation

The "Unifold" as a comfortable bed

One of the most convenient, practical, and serviceable pieces of furniture you could possibly own.

As a Davenport, it is perfect. Has spring back and seat, and being 76 inches between the arms, may be used as a lounging couch, if you wish. As a Bed, it leaves nothing to be desired. Regular sanitary fabric bed spring is attached at each end by oil tempered helical coils, to strong angle steel frame. You do not sleep on the upholstering, but on a removable mattress. Size of bed, when open, 72x47 inches. One easy pull on the strap at the back of the seat makes the instant change from Davenport to Bed. The patented steel bed frame unfolds easily and quietly. Plenty of room for mattress and bedding to fold in when closed. When in use as a Davenport, nothing indicates the presence of the Bed concealed within. Not necessary to pull Davenport from the wall to change to bed. These small illustrations show the operation; but you must have one in your home to fully appreciate the superior construction and fine finish.

$19.95



Length over all, 85 in. Size of seat, 75x22 in. Opens into bed 72x47 in. Shipping weight, about 260 pounds.

The entire front and arms of this stylish design are carefully veneered with flaky, genuine, quartered oak. Other exposed wood parts are choice hardwood, finished perfect imitation of Quartered Oak. All finished rich Golden. Just enough fine carving to add to its beauty. Shaped front posts and claw feet. Plain seat, with front nicely plaited. "Pillow effect" back. Seat and back have full set highly tempered springs. A wonderful bargain at our low price. A well made article that will delight you.

Length over all, 84 in. Size of seat, 75x22 in. Opens into bed 72x47 in. Shipping weight, about 285 pounds.

Distinctive "Mission" design. Very massive. Large, tapering, front posts, with beveled top, project through arms. Entire frame made of seasoned and kiln-dried, select **Genuine Oak.** Extra heavy stock throughout. Finished in the popular Fumed brown shade. This finish is made without varnish and does not easily scratch or mar. Highly tempered spiral springs in seat and back make it very yielding and restful. Opens into bed, as explained at top of page. Pillow effect back. Plain seat. We recommend the Spanish Leather or Tapestry for this piece.

Binding Five-Year Guarantee Goes With Every Montgomery Ward & Company Revolving Seat Bed Davenport

It conclusively proves our own confidence in the superiority of material and construction of this strictly high grade Bed Davenport. Read these reasons why you should have one for your home:

These Montgomery Ward & Co. revolving seat Davenport Beds are the latest improved, most convenient combination of Davenport and Bed. When used as a Davenport, no one would ever guess that a large double bed, complete with regular style spring and mattress, was concealed within. The action is simplicity itself. There is nothing about it to get out of order. The small pictures below clearly show how easy it is to transform your luxurious spring seat and back Davenport into a comfortable, restful bed. There is plenty of room for a reasonable amount of bedding inside when you want to change it back to Davenport again. Frames are made of select, well seasoned wood and finished with painstaking care. Plain, dignified designs suitable for finest homes. The low prices demonstrate forcibly the big savings you can make by sending your furniture orders to us.

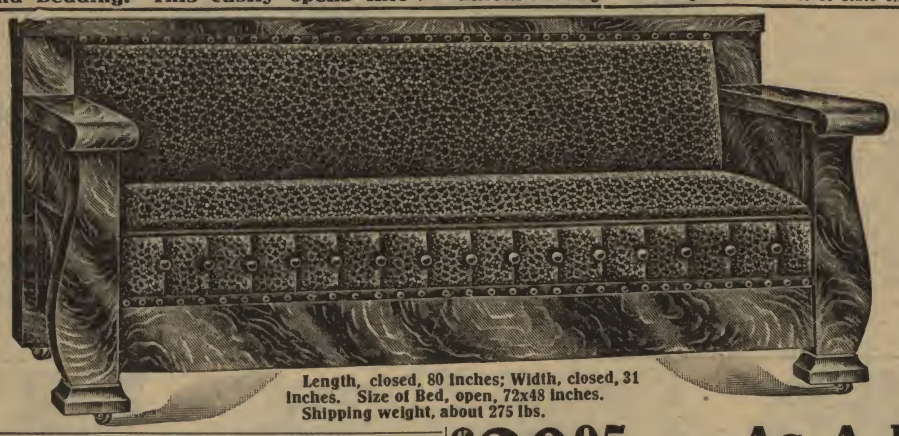
MONTGOMERY WARD & CO.
NEW YORK CHICAGO KANSAS CITY FORT WORTH PORTLAND

GUARANTEE

This Montgomery Ward & Co. Revolving Seat Bed Davenport is guaranteed to be made of the best material of each and every grade used in its construction, and guaranteed to operate perfectly and give satisfaction.

Montgomery Ward & Co. will, within a period of five years, replace free of charge, any part found defective through faulty mechanism or workmanship.



This Guarantee must be returned if there be any claim.

Important!

Any article on this page can be supplied as a Divanette (short length Davenport), seat length 56 in. between arms and opening into a bed 54x74 in. The price in any covering is the same as for the long Davenport. People with limited space will find the Divanette a wonderful convenience. If Divanette is desired, be sure to so state on your order, otherwise we ship as illustrated.

Plain, Attractive Design

The price of this high grade, revolving seat Bed Davenport is well within the reach of a man of even ordinary means. It costs but little more in the first outlay, and will prove far more economical in the end than one of the inferior kind. Good judges have said of this five year guaranteed Davenport that such a high grade article could not be sold for so little money—here is our answer: Our enormous sales is the important factor that enables us to bring the price down. No need to worry where the unexpected guest shall sleep when you have this convenient Davenport Bed in your home. It practically adds an extra bedroom. The evening can be enjoyably spent in the living room. When ready to retire, it takes but a moment to transform the Davenport into a bed so comfortable that it needs no apologies.

Length, closed, 80 inches; Width, closed, 31 inches. Size of Bed, open, 72x48 inches.
Shipping weight, about 275 lbs.

Convenient and Well Made

The well built frame is made from choice Quartered Sawed Oak (veneer), selected to show the flaky, natural grain of the wood. It is regularly finished in a rich golden color, and **Highly Hand Polished**, but you may have it in Fumed Brown finish, or imitation Mahogany, by special order, at the same price, if you prefer. The construction and the finish will pass the most critical inspection. The upholstering is done in a thoroughly first class manner, in any of the materials you select. Both seat and back are filled with resilient, oil tempered, spiral springs, making it unusually comfortable. Rolling casters. Rich looking, plain design that will harmonize well with any other kind of furniture.

Ornamental, comfortable, adjustable end Davenports

Important! About the Upholstering

All pieces on this page can be furnished in upholstering as follows: Plush coverings in green, red or brown. Genuine leather, either grade, in black, green, red or brown. Chase imitation leather in black only.

We recommend our No. 1 Genuine Leather because it looks better and wears better than any other upholstering material. Our No. 2 Leather is a better quality than is usually sold for this grade, but of course it cannot be expected to give the same amount of service as the No. 1, which is the best to be had, and the least expensive in the long run for you to buy.

$9.25

266B3702

All pieces on this page are made this way

Foundation frames made of seasoned hardwood, strongly blocked and braced where the most strain comes. Highly tempered, very resilient spiral coil springs are used. Simple, positive mechanism permits you to instantly adjust either end to any one of seven different positions. Can always be depended on. Very comfortable. These adjustable davenports are shipped with legs and back detached, to save you freight, and to insure safe delivery. Easily and quickly set up by anyone. Our prices save you money.

Gives advantages of two practical pieces of furniture in one article.

Make your parlor comfortable as well as attractive

Length over all with arms raised, 52 inches. Length with arms lowered, 77 inches. Depth of seat, front to back, 25 inches. Height of back from seat, 22 inches. Shipping weight, about 110 pounds. **Mention color of covering desired.**

Frame made of seasoned hardwood, with exposed wood parts richly finished in Golden Oak color. Front artistically embossed. Shapely claw feet. Easy rolling casters. Seat is upholstered over sensitive spiral springs, which are set on a sanitary crimped steel foundation, and securely tied so they will always remain in position. Seat and arms deeply tufted with square, biscuit-shaped tufts. Back is plain, except for the roll at top and the rosette trimming in center. A comfortable, well made, and attractive piece of parlor furniture, at a money saving price.

Convenient, practical Combination Bookcases, priced low

$7.95 Genuine Golden Oak Solidly built

166B3901 With plain glass door. Price $7.95
166B3903 With "Queen Anne" Art glass door. Price 8.95

Shipped promptly from stock at Chicago

Height over all, 71½ in. Extreme width, 39 in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 12x12 in. Shipping weight, about 160 pounds.

This well made Combination Bookcase-Desk is built of **Genuine Oak.** Highly finished a rich Golden shade. The upper back, drawer front, door to compartment, and the shelves are made of built-up veneer stock and cannot warp. The desk lid is veneered with flaky figured **Quartered Oak.** Shelves in bookcase are quickly adjusted for books of various sizes. Interior of desk handily arranged, as illustrated. Underneath is a **roomy drawer** (not usually found in cases at this price), and handy compartment. Ornamented with artistic carvings. Fitted with easy rolling casters. This is an exceptional value. The usual retail price would be about $12 or more.

$10.98 You can't beat this for big value

166B3907 Genuine Golden Oak. Price $10.98

Shipped promptly from stock at Chicago

Height over all, 76 in. Extreme width, 37 in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 12x12 in. Shipping weight, about 170 pounds.

Solidly constructed of seasoned Genuine Oak. Finely finished popular Golden color. Entire top back, front of drawer, shelves, and cupboard door, made of built-up veneer stock, which cannot warp. Shelves of bookcase are adjustable. Graceful "Colonial" scrolls, and clean cut carvings are used for ornamentation. Under Mirror is handy bracket shelf, for vase of flowers, etc. Lid of desk veneered with flaky **Genuine Quartered Oak.** Trimmings are heavily brass plated. Easy rolling casters. The low price at which we sell this high grade article means a worth while saving for you. We are confident that you will be better pleased with it than though you had paid the usual retail price of about $15.00.

$12.35 Artistic design Exceptional value

166B3911 With plain glass in doors. Price $12.35
166B3913 With "Queen Anne" Art glass in doors. Price 13.35

Shipped promptly from stock at Chicago

Height over all, 69 in. Extreme width, 37¾ in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 14x10 in. Shipping weight, about 170 pounds.

This plain, refined design is our latest creation in a combination Bookcase-Desk. It is built of kiln dried **Genuine Oak,** and highly finished in the pleasing Golden color. Although it costs more to do so, we build the entire top back and fronts to the three drawers, also the adjustable shelves, of built-up veneer stock. This makes warping impossible. Desk lid is veneered with flaky **Quartered Oak,** and ornamented with artistic "Craftstyle" carving. Drawers have wood knobs. The drawers, bookcase, and the desk have good locks. Easy rolling casters. This is a massive, well made article of very attractive design, and low price that will appeal strongly to you.

$9.95 Well made Very low price

166B3917 Golden finish. Price $9.95
166B3919 Fumed finish. Price 9.95

Shipped promptly from stock at Chicago

Height over all, 67½ in. Extreme width, 38 in. Width of Bookcase inside, 16⅝ in. French Bevel Plate Mirror, 14x10 in. Shipping weight, about 160 pounds. **Mention finish.**

It would be difficult indeed to find bigger value for the money than this number represents. Built of seasoned **Genuine Oak,** and carefully finished in your choice of Golden or Fumed brown shade. Front of desk lid flaky **Quartered Oak** (veneer) with ornamentation like that on door of lower compartment. Drawer has wood knobs. Shelves are adjustable. Good locks and casters. Back and shelves made of built-up veneer stock to prevent warping. You will be agreeably surprised when you can carefully examine it and note how every little detail of construction and finish has been looked after, making a durable, attractive, practical piece of furniture.

$10.95 A pleasing new design

166B3921 Genuine Golden Oak $10.95

Shipped promptly from stock at Chicago

Height over all, 74½ in. Extreme width, 38 in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 16x8 in. Shipping weight, about 170 pounds.

A very attractive, practical, yet inexpensive piece. Built of **Genuine Oak** in the much liked Golden finish. Built-up veneer stock, which will not warp, used for entire upper back, shelves, and drawer fronts. Desk lid of **Genuine Quartered Oak** (veneer), supported by strong brass fittings. Top has oval mirror of fine quality, and at right is bracket shelf. Bookcase shelves are adjustable. Fitted with wood knobs, good locks, and silent casters. You will save several dollars if you decide on this number.

$11.98 Retail Value about ⅓ more

166B3929 With plain glass in door. Price $11.98
166B3931 With "Queen Anne" Art glass in door 13.95

Shipped promptly from stock at Chicago

Height over all, 70½ in. Extreme width, 39 in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 14x10 in. Shipping weight, about 170 pounds.

Built of choice Genuine Oak. Richly finished Golden color. Swell shaped door, with curved glass. The adjustable shelves, entire upper back and door to cupboard, made of built-up veneer stock. Desk lid, and swell front of drawer veneered with flaky **Quartered Oak.** Ornamented with artistic carvings. Claw feet. Good casters and locks. Adjustable shelves. A high grade article at a big saving in price, made possible by the very large number we sell. Usual retail value, about $17.50.

$12.95 Extra value at this price

166B3936 Genuine Golden Oak. Price $12.95

Shipped promptly from stock at Chicago

Height over all, 76 in. Extreme width, 38 in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 16x8 in. Shipping weight, about 170 pounds.

A very attractive design, with just enough refined carving to enhance its appearance. Built of seasoned **Genuine Oak.** Highly finished rich Golden color. We use built-up stock, which cannot warp, for the shelves, entire top back, and drawer fronts. Swell shaped door has curved glass. Desk lid **Genuine Quartered Oak** (veneer). Trimmed with wood knobs, dependable locks, and good casters. This is a Bookcase-Desk for fine homes, priced remarkably low. You will be highly pleased with it.

A talking machine in the home satisfies every musical longing

New Designs in Quality Bookcase-Desks

At Big Savings

Are You Saving Money?

Every man owes it to himself and his family to save. One of the ways to save money and a good one at that, is to trade with Montgomery Ward & Co. There is an old and very true saying—"Save the pennies and the dollars will take care of themselves." If you save a few cents on every purchase, it soon mounts up into dollars. Those dollars in turn make others. So, once you have started the ball rolling, your savings will multiply fast. Right now, today is the time to start. Our catalogue is just full of opportunities to save.

Be sure to look carefully for keys and casters before throwing away packing. All shelves are fastened to bottom inside bookcases for safe shipment. All measurements are extreme ones unless otherwise stated. Drop leaf writing surface of all combination desks is 17⅛x15⅛ inches. Books and other articles displayed are not included. This note refers to bookcases on this and other pages. Do not overlook the big values in our Mission furniture line, shown on other pages.

Service

Our constant efforts are devoted to producing and securing the best things possible for the needs of man, woman and child.

It makes a big difference to you, whether you can place your confidence in the completeness of the stocks from which you make your selections. You are entitled to the widest choice in goods and you always get it here. With all of these we always give you the most careful and intelligent service possible. The absolute satisfaction of our customers is our aim at all times.

$11.95 Every Inch of Space Utilized

166B3951 Genuine Oak, Golden finish $11.95
166B3953 Genuine Oak, Fumed brown finish 11.95

Shipped promptly from stock at Chicago

Height over all, 57½ in. Extreme width, 37¾ in. Bookcase, width inside, 17 in. French Bevel Plate Mirror, 14x6 in. Shipping weight, about 165 pounds.

Made of choice Genuine Oak, with entire front of flaky **Quartered Oak,** desk lid, drawer front, and door to lower cupboard being veneered so they cannot warp. Extra thick top. "Colonial" feet, with good casters. All compartments have locks, with heavily brass plated fittings. A feature of this bookcase is the handy cupboard at top, with mirror door, which uses, to good advantage, space ordinarily wasted. The plain, refined design is one that will delight discriminating, particular people. The workmanship and finish are worthy of a much more expensive article. It looks especially nice in the rich Fumed brown finish.

$17.95 Extra Large and Roomy Pleasing "Mission" Design

166B3956 Genuine Oak, Golden finish. Price $17.95
166B3958 Genuine Oak, Fumed Brown finish. Price 17.95

Shipped promptly from stock at Chicago

Height over all, 57½ in. Extreme width, 58¼ in. Width of each bookcase inside, 18 in. French Bevel Plate Mirror, 14x6 in. Shipping weight, about 215 pounds.

For those who desire an abundance of book space, this practical, high grade piece is ideal. Built of select **Genuine Oak** with entire front of flaky figured **Quartered Oak.** Desk lid, door to lower cupboard, and front of drawer are veneered, to prevent warping. Shelves, which are adjustable, are made of built-up stock. Top is extra heavy. Directly above desk is handy compartment, with mirror door. The desk lid has strong brass plated support, and interior is very conveniently arranged. Both bookcases, desk, drawer, and both compartments, have good locks, with brass plated keyhole trimmings. Although a large, massive piece, it is easily moved about on its casters. This well made Combination Case gives you the conveniences of both desk and bookcase, besides plenty of storage space, in one attractive piece of furniture, and at a price which means a big saving to you.

$15.95 "Colonial" Style Very Popular

166B3962 Genuine Oak, Golden finish Price $15.95
166B3964 Genuine Oak, Fumed brown finish. Price 15.95

Shipped promptly from stock at Chicago

Height over all, 61 in. Extreme width, 40½ in. Width of Bookcase inside, 16¾ in. French Bevel Plate Mirror, 14x10 in. Shipping weight, about 175 pounds.

An exceptionally massive "Colonial" style, with graceful scroll columns at sides, and scroll feet. Built of **Genuine Oak,** with entire front of figured **Quartered Oak.** Lid to desk, and fronts of drawers veneered to prevent warping. Shelves are adjustable, and made of built-up stock. Trimmed with wood knobs, dependable locks, and easy rolling casters. When you can carefully examine this article, and note its fine finish and the serviceable manner in which it is built, you will realize that our low price saves you about a third of the usual retail value. The plain, rich looking design is such as will be found in homes of good taste everywhere.

Here are Four Convincing Values for Particular People

$12.95 Has Many Fine Carvings

166B3966 With plain glass door $12.95
166B3968 With "Queen Anne" glass door 15.95

Shipped promptly from stock at Chicago

Height over all, 75½ in. Extreme width, 39¾ in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 12x12 in. Shipping weight, about 170 pounds.

A very desirable fancy piece, at a low price. Built of **Genuine Oak,** with entire front of flaky **Quartered Oak** (veneer). Rich Golden finish. Swell shaped door, with curved glass, and swell front drawer. The top is artistically shaped, and both top, desk lid, and door to compartment are ornamented with clean cut carvings. Fitted with good locks and casters. Carved claw feet. The construction and finish are of superior quality, and will please you. The "Queen Anne" glass door adds greatly to the appearance. This decoration is ground into the glass itself, and can never wear off.

$16.85 Attractive New Design

166B3972 Genuine Golden Oak $16.85

Shipped promptly from stock at Chicago

Height over all, 74 in. Extreme width, 38 in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 14x10 in. Shipping weight, about 170 pounds.

This splendid new design is one of the best of the season's new creations. It has just enough ornamentation to enhance its attractiveness, yet is conservative enough to be in good taste. Built of choice **Genuine Oak** with front veneered in **Quartered Oak** of flaky figure. Highly finished Golden color. Swell shaped door, with curved glass. Three spacious drawers, trimmed with wood knobs. Good locks and casters. Adjustable shelves of three-ply built-up stock. The fluted decoration of the top is particularly pleasing, and must be seen on the case itself to be fully appreciated. Usual retail value about $21.50.

$16.95 Retail Stores Get ⅓ More

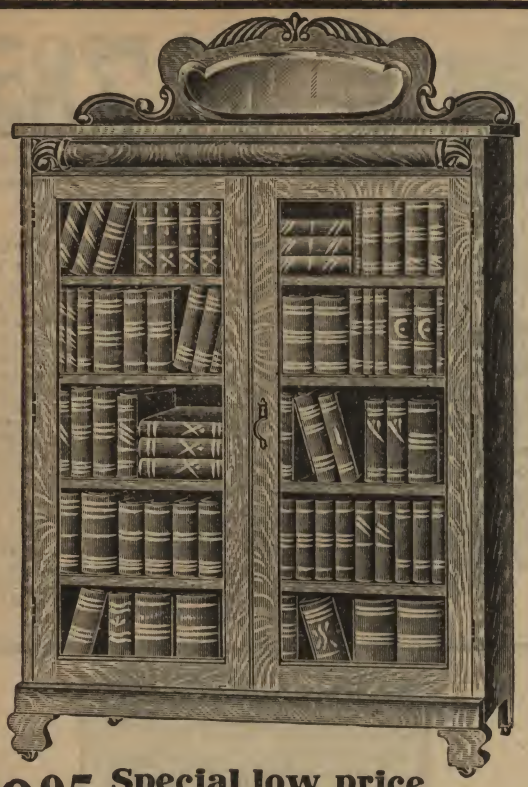
166B3976 Genuine Oak. Golden finish. Price $16.95
166B3978 Genuine Oak. Fumed finish. Price 16.95

Shipped promptly from stock at Chicago

Height over all, 61 in. Extreme width, 40½ in. Width of Bookcase inside, 16¾ in. French Bevel Plate Mirror, 14x10 in. Shipping weight, about 175 pounds.

For pleasing, refined design, this modified "Jacobean" Bookcase-Desk cannot be excelled. It is built of seasoned **Genuine Oak,** with front of flaky **Quartered Oak,** desk lid and drawers being veneered to prevent warping. Four adjustable shelves, made of built-up stock. Very handy compartment, with mirror door above desk. Good locks, with brass plated keyhole trimmings. Scroll feet, with easy rolling casters. The rope turned columns give it a distinctively different and attractive appearance. This number is very nice in the Fumed brown finish. Usual retail value, about $22.00.

$17.98 Would Grace the Finest home



166B3982 Genuine Golden Oak $17.98

Shipped promptly from stock at Chicago

Height over all, 76 in. Extreme width, 39 in. Width of Bookcase inside, 16½ in. French Bevel Plate Mirror, 16x8 in. Shipping weight, about 175 pounds.

Our small illustration does not do justice to the high grade appearance of this splendid Bookcase-Desk. It is built of select **Genuine Oak** and finely finished in rich Golden color. Front is **Quartered Oak** of flaky figure, improved veneer construction. Swell shaped door, with curved glass, and three swell front drawers. Adjustable shelves. Carved claw feet. Just a touch of fine carving on top and desk lid. Dependable locks, good casters, and wood knobs. Very massive, and solidly built. We recommend it to careful buyers as one of our best values. Usual retail value, about $25.00.

Good Bookcases; designs you will like — at right prices

$9.95 **Special low price**

166B4001—Genuine Golden Oak.....**$9.95**
Shipped promptly from stock at Chicago
Height over all, 67½ inches. Extreme width, 37½ inches. Shipping weight, about 140 pounds.

Built of **Genuine Oak,** with front of flaky **Quartered Oak.** Finely finished in Golden shade. Two doors, fitted with clear glass, and good lock. Each door has three hinges to insure its remaining true and plumb. Mirror top ornamented with tasty carvings, and there is pretty roll with carvings directly above doors. Four adjustable shelves, made of three ply built up stock, will not warp. We doubt very much if you could equal this value at retail for less than $15, so you can see your saving is worth while.

It is the business of our freight clerks to quote rates on anything to any place. Ask them what you want to know.

Our big Transportation Department is here to tell our customers anything they want to know about rates, shipments, etc. If you are planning on an order, and there is something about the shipment that you don't fully understand, write us for full information. It is the business of our expert rate and information men to help you so arrange the shipment of your orders, especially your freight orders, that they will reach you most quickly, in the best condition, and cost you least for shipping charges.

With "Queen Anne" Glass Doors

166B4096

Shipped promptly from stock at Chicago.

Height over all, 67½ inches; extreme width, 59½ inches; French Bevel Plate Mirror, 28x6 inches. Shipping weight, about 180 pounds.

Made of choice **Genuine Oak,** with entire front of case and top ornament of flaky **Quartered Oak,** richly finished Golden color. To give additional strength, case is divided by upright partitions into three compartments, each of which has four adjustable shelves. The entire back and shelves made of three-ply, built-up stock, to prevent warping. Doors fit snugly, to exclude dust, and each one is hung on three hinges, insuring a permanent fit. Trimmed with brass-plated finger pulls, and good locks. Claw feet, and easy rolling casters. This dependably made Bookcase will prove a welcome addition to any well furnished home. It is exceptional value, and our price is low.

Shipped promptly from stock at Chicago.

A high grade Bookcase with worlds of room. Will hold about 400 ordinary size books. Especially designed for a man with a library—the preacher, teacher, lawyer, student or reader. It is our exclusive design, and will not be found in local stores. We furnish doors of either plain, clear glass, or "Queen Anne" art glass, as desired. For the small difference in price we strongly advise the "Queen Anne" glass, as it adds greatly to the artistic appearance of the case, and gives you a distinctive piece of furniture different from that your neighbors have. This new, attractive decoration will never wear off, as it is ground right into the glass itself. If you appreciate artistic, well-made furniture, this case is sure to delight you when you have it in your home, and will provide a fitting place for your best books. Comes packed in a good solid crate, and will reach you in perfect condition.

$13.85

Plain but Artistic

166B4098

Shipped promptly from stock at Chicago.

Height over all, 61½ in. Extreme width, 60 in. Shipping weight, about 200 pounds. **Mention finish.**

Built of seasoned **Genuine Oak,** with front and top back of **Quartered Oak.** Supplied regularly in popular **Golden** finish, but may be had in Fumed brown by special order (ten days additional) at same price. Three separate compartments, each with close fitting glass door and four adjustable shelves. Each door has lock, finger pull, and three hinges. Claw feet, with casters. Back and shelves of three-ply, built-up stock. A well made, roomy Bookcase for little money.

$15.85

New "Mission" Design

166B4108

Shipped promptly from stock at Chicago.

Height over all, 61 in. Extreme width, 60 in. Shipping weight, about 200 pounds. **Mention finish.**

Made of **Genuine Oak,** with flaky **Quartered Oak** front. Finished in Golden or Fumed brown shade, as you desire. Three doors, each with clear glass, finger pull and good lock, are ornamented at top with artistic wood grill work. Distinctive, pleasing design. Easy rolling casters. Back and adjustable shelves made of three-ply, built-up stock. Upright partitions divide case into three separate compartments. Durable and attractive, at a low price.

Has Two Drawers

Shipped promptly from stock at Chicago.

Height over all, 73 in. Extreme width, 41 in. French Bevel Plate Mirror, 18x6 in. Shipping weight, about 150 pounds. **Mention finish.**

A remarkably convenient, well made Bookcase. Built of **Genuine Oak,** with entire front of **Quartered Oak.** Finely finished in your choice of Golden, or Fumed brown shade. Mirror top ornament artistically shaped and has touch of fine carvings. Two doors, with clear glass. Good lock and finger pull. Two convenient drawers at bottom, trimmed with wood knobs. Heavy ends and shaped feet, with good casters. Four adjustable shelves and back made of three-ply, built-up stock. Our low price means a considerable saving.

166B4119—Same as above, but without Mirror top ornament. Height over all, 67 in. **$12.45**

Revolving Bookcase

$3.15

166B4124—Our price only. . . . **$3.15**

Shipped promptly from stock at Chicago.

Height over all, 34½ in. Size of top, 19x19 inches. Shipping weight, about 30 pounds. **Mention finish.**

Our improved method of construction makes this Revolving Bookcase greatly superior to similar appearing articles offered elsewhere. It is solidly and substantially built of **Genuine Oak.** You may have your choice of Golden or Fumed brown finish. An exclusive feature is the steel tubing center post, which supports all the weight from the under side of the top. This insures that the shelves will revolve easily and freely, no matter how heavily they may be loaded with books. And because this steel center tube passes entirely through the two lower shelves into a socket under the top shelf, it cannot get wobbly. Very convenient for office or home. Holds about 50 average size books. At our low price it is big value.

266B4148

Shipped from factory near Chicago.

We consider this an exceptional Sectional Bookcase value. Only after months of negotiating with the manufacturers were we able to secure these Sectionals at the low price we paid. Made of choice **Genuine Golden Oak,** or in Mahogany finish, in the standard sizes. Outside width, 34 inches. Have removable doors of clear glass, which can be taken off for washing without disturbing books. Shipped set up, ready to place in your home, and so carefully packed that we guarantee it to reach you in perfect condition. An ideal Sectional Bookcase at a very low price. Made specially for us. If sold in retail stores, would probably bring at least one-half more than we ask. Desirable for the well furnished home. Because of their low price, especially suitable for doctors', dentists' and lawyers' offices, and for displaying sample goods in tailor shops. Shipping weight of stack, as pictured, about 90 lbs. Average shipping weight, per section, 18 pounds.

Yale lock furnished on any section door of any case, for 40c extra.

Convenient Secretary

$13.90

166B4160—Price only **$13.90**

Shipped promptly from stock at Chicago.

Height over all, 68 in. Extreme width, 30 in. Shipping weight, about 175 lbs.

An exceptionally roomy and practical combination Bookcase-Desk. Made of **Genuine Oak,** richly finished Golden color. Above desk is spacious bookcase, with two glass doors, with spring catches. Desk lid has two strong brass plated supports. Interior of desk unusually convenient. Base has one long drawer, and two shorter, deep drawers, each with wood knobs, and good lock. Compartment at right has private drawer, with flat key Yale lock. Two letter files, complete with indexes, are included. This piece is dependably made in every way, and nicely finished. It answers the purpose of both Desk and Bookcase, and has plenty of drawer room besides. Usual retail value about $22.00.

Practical conveniences for well furnished homes

166B4288 — Top, 15x3¾x15¾ in. **$5.75**
Height, 34½ in. Shipping weight, 55 lbs. Top of suitable size for Lakeside Gold Medal, Lakeside Queen, or Victrola IV. Interior has indexed wood rack, also index card and needle box on door. Will hold 110, either 10 or 12 inch disc records. Door has secure fastener. Made of **Genuine Oak**, in Golden finish or choice birchwood in mahogany finish. A dependably made, low-priced cabinet.

166B4290—Top 18½x21¾ in... **$8.90**
Height, 35¾ in. Shipping weight, 75 lbs. Same design as above, but larger, being of proper size for Lakeside Cabinola Grand, Victrolas VI, VIII and IX, or other machines of similar size. Made of **Genuine Golden Oak**, or birchwood, in Mahogany finish. Veneered door which will not warp, has lock. Highly polished. Will hold 160 ten or twelve-inch disc records, in wood racks. Has index on door, and needle box.

Capacity of cabinets as quoted above refers only to records of the thickness of Victor records.

$5.60

166B4282—Fumed Finish **$5.60**
166B4284—Golden Finish **5.65**
166B4286—Mahogany Finish **5.70**
Height, over all, 30 in. Size of top tray, 26¼x17¾ in. Size of lower tray, 24¾x15 in. Diameter of large wheels, 10 in., fitted with ⅜ in. rubber tires. Shipping weight, about 42 lbs.

These Serving wagons are no longer regarded as a novelty, but are recognized as a practical, step-saving convenience. This one has a strong steel frame, and the trays are made of flaky **Quartered Oak**, finished either Golden or Fumed shade, or of seasoned hardwood, finished Mahogany. The wood parts have a **Waterproof Finish**, which is a very important feature in an article of this kind. The metal parts are finished to harmonize with the wood.

Another exclusive feature of this Serving Wagon is that it can be quickly folded to occupy small space, and set out of the way when not in use. Unless you have used a Serving Wagon you have no idea of the thousands of steps it will save you. An entire meal can be carried to the table on it, and the dishes can all be taken to the kitchen at one trip when the meal is done. Makes an ideal present. Usual retail value, $8.50.

$7.95

166B4297—Pleasing brown finish..... **$7.95**

Height, over all, 28 in. Length, over all, 36 in. Size of top tray, 21x14 in. Size of lower shelf, 24x16 in. Size of each end shelf, 17x6 in. Diameter of large wheels, 14 in., with rubber tires ⅝ in. thick. Shipping weight, about 55 pounds.

Strong, practical Serving Wagon, built of select reeds. Top tray is removable, and has glass bottom with pretty cretonne, which looks like rare tapestry under the glass. More than the usual amount of room is provided, as there are two end shelves in addition to the others. Fine for serving refreshments on the porch or at afternoon luncheons. It runs easily and silently on its rubber-tired wheels. Get one for your home and you will not be willing to get along without it after a little while. Its use will save countless trips each day from dining room to kitchen, and back again. Aside from the practical step-saving convenience of a Serving Wagon, they are considered quite the thing in the best homes, but until now the prices have been higher than those of ordinary means cared to pay. At these low prices every woman will want one of them.

166B4292—For Player Piano rolls or sheet music. Oak, Golden finish. **$10.50**
166B4293—For Player Piano rolls or sheet music. Mahogany finish... **$10.75**
166B4294—Equipped to hold 150 records for cylinder talking machines. Mention finish desired..... **$11.70**
Height, 33½ in. Size of top, 19½x17½ in. Shipping weight, about 78 lbs. Made of **Genuine Oak**, with door veneered with flaky **Quartered Oak**, all finished Golden color; or of birchwood, in Mahogany finish, with door veneered with **Genuine Mahogany.** Massive "Colonial" style. Highly hand polished. When made for player rolls or sheet music, has 10 compartments, and will hold 75 rolls. When made for cylinder records, will hold 150, each record on separate wood peg, on sliding trays. This is a very fine Cabinet, and is worth considerably more than our low price might indicate.

166B4302—
Mirror top as shown..... **$6.25**
166B4306—
Without mirror top..... **$5.35**

Height, with mirror, top, 43 in. Size of top, 14x19 in. French bevel mirror, 16x4 in. Shipping weight, about 55 pounds.

Made of **Genuine Oak**, with door and top of flaky **Quartered Oak**, all finished Golden shade; or of birchwood in rich Mahogany finish. Door has dependable lock. Interior is divided into six compartments for sheet music. This Cabinet, although very inexpensive, is well made and finished. We know of nothing else that will equal it for the money.

166B4308—
Mirror top as shown..... **$7.85**
166B4311—
Without mirror top..... **$6.90**

Height, with mirror top, 41½ in. Size of top, 14½x19 in. French bevel mirror, 14x4 in. Shipping weight, about 60 pounds.

Built of **Genuine Oak**, with door and top of flaky **Quartered Oak** veneer, all finished Golden; or may be had in birchwood, Mahogany finish. Hand rubbed to a high polish. Roomy drawer at top, with ogee shaped front and fancy metal knobs. Door has lock. Shapely French legs. Interior has five compartments for sheet music. Careful comparison will show you that this cabinet at our price is extra big value.

Lakeside Talking Machines are superior in tone quality and low in price. See index

$8.95

166B4315—With wood racks to hold 96. records **$8.95**
166B4318—With individual felt lined compartments for holding 52 records..... **$9.95**
Height, 30½ in. Size of top, 25x20 in. Shipping weight, about 50 pounds.

A most desirable Record Cabinet, of unique design. It is very pleasing in appearance and high grade in construction. Made of five-ply built up stock, which will not warp, with outer layer of **Genuine Quartered Oak** in Golden finish, or of **Genuine Mahogany.** Our finishes match the standard machines. The French legs are made of one piece, top to bottom, and are therefore very strong. Front of Cabinet drops down like desk leaf, and is held by strong brass supports. May be used to lay records on when desired. Door has good lock. The wood rack interior holds four records to each compartment, but the felt lined interior has an individual place for each record, and is far more desirable, as it protects the records from injury, and makes them more readily accessible. The top of this Cabinet is large enough for any make of machine.

166B4322—
Mention finish desired..... **$8.98**

Height, 39½ in. Size of top, 19x15 in. Shipping weight, about 60 pounds.

A high quality cabinet of refined appearance. A feature of this cabinet is the oval shaped front door, which is veneered with flaky **Quartered Oak** or figured **Mahogany.** Balance of Cabinet **Genuine Oak** finished Golden, or birchwood, Mahogany finish. Hand rubbed to a mirror like polish. Graceful French legs. Door has dependable lock. Interior fitted with six compartments for sheet music. This cabinet is of a design and quality to make it prove a welcome addition to any home. It makes an ideal gift that will be long appreciated.

166B4325—
Mention finish desired..... **$16.95**

Height, 41 in. Size of top, 23x20 in. Shipping weight, about 90 pounds.

Our finest Cabinet. For player Piano rolls or sheet music. Will hold over 90 player rolls. Oval faced front sides and back, veneered with selected flaky **Quartered Oak** or figured **Genuine Mahogany.** Top is solid quartered oak, or genuine mahogany. Oak is finished rich Golden shade. Highly hand polished. As this cabinet is finished on all sides, it may be used in center of room. Tasty hand carving on door. Massive French legs and carved claw feet. Good lock on door. Interior has twelve compartments. Fitted with sliding casters.

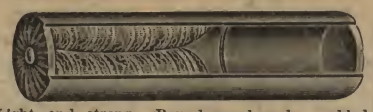
We show a complete line of flesh builders and tonics for invalids

Sanitary, substantial Metal Beds at money saving low prices



Any bed on this or the following four pages can be supplied in white or any plain color of washable enamel. We always send white when no color is mentioned. All colors other than white are special, and require delay of ten days to manufacture. **Bedding displayed is not included.**

What Is Vernis Martin?

Vernis Martin is the most durable finish applied to metal beds. In appearance it is the nearest approach to genuine brass that has yet been devised. It is washable and does not easily mar or chip. Under ordinary conditions of usage, Vernis Martin finish will give almost indefinite service. **It will Never Tarnish or Turn Color.** After being applied, it is baked hard in ovens, heated to a high temperature. You will never regret the purchase of a bed finished in **genuine** Vernis Martin, as ours are. Beds finished this way are so quoted.

$1.89

Bolster

166B5253—Light and strong. Round wood ends, padded on outside. Body made of fibre board, reinforced with wood strip and coppered rods. Covered outside with good quality sateen, in white, pink, or blue. Inside covered with cambric to match. Holds two pillows. Used in up-to-date homes to make beds look more attractive. Supplied for beds 3 ft., 3½ ft. 4 ft., or 4½ ft. width. **Be sure to mention color and size wanted.**

Our metal beds are made of drawn steel tubing and rods, which are rigidly joined together. After considerable experimenting we have perfected a type of metal side rail that is practically trouble proof. It is adapted for metal bed springs, the hooks of which set on top of the edge of the rail, and by the use of ordinary slats, regular wood bed springs may be used.

About Enamel Finishes

In producing the enamel finishes, both white and colors, several coats of high grade enamel are used. Each coat is baked about 3½ hours in an oven heated to 150 degrees. This gives a hard, washable surface which is not affected by soap or water. This real enamel finish is far superior to the white paint finish sold by some persons and firms as white enamel. The reputation for reliability gained by this firm through 43 years of honest merchandising, is your assurance that you will be entirely satisfied—yes, delighted with your purchases here.

Mattress, Bed, and Spring $7.98

66B5257

66B5256 — Bed $3.10

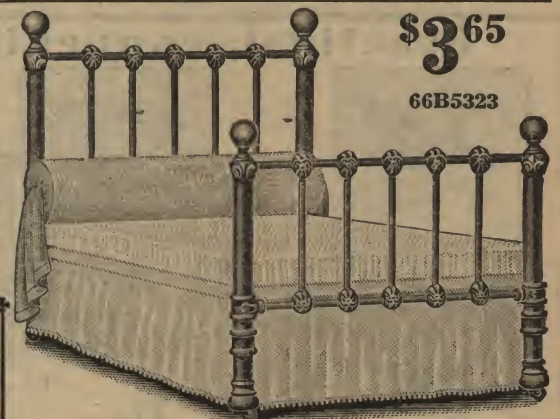
Diameter of main posts and top rod, ⅞ inch. Upright filling rods, 5/16 inch thick. Height of head, 51 inches. Height of foot, 41 inches. Shipping weight, about 60 pounds.

A very neat, well made steel bed of plain design, with just enough ornamentation to enhance its attractiveness. It is the equal in every way of beds ordinarily retailing at $4.50.

$3.15



66B5313

A really good Bed, priced low

66B5313—Enamel finish, mention size desired $3.15
66B5316—Vernis Martin (looks like brass) mention size desired 3.60

Made in 3½ ft. or 4½ ft. widths. Main posts, ⅞ inch diameter. Upright filling rods, ¼ inch thick. Cross rods, 5/16 inch thick. Height of head, 55 inches. Height of foot, 38 inches. Shipping weight, about 100 pounds.

We think our buyer did a big thing when he secured this fine bed to sell at the low price we are quoting. We consider it one of the best beds we have ever seen for the money, and recommend it highly to those who desire an artistic bed at about this price.

$3.65

66B5323

Staple design at a saving

66B5323—Enamel finish. Be sure to state size desired .. $3.65

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. widths. Diameter of main posts, 1⅛ inches. Upright filling rods, 5/16 inch. Cross rods, ⅜ inch thick. Height of head, 55 inches. Height of foot, 41 inches. Shipping weight, about 75 pounds.

This is a well known, much liked design that you will find in thousands of homes. The corner posts on our bed are heavier, however, than those usually used by others on beds of this type. It is plain and substantial, will go well with almost any kind of furniture, and represents the utmost in value for the price you pay.

Our Corsets are worn and recommended by thousands of women.

The washable finish on these Beds is very durable

66B5366—Finished in Vernis Martin (looks like brass), bed and spring complete..... 6.45

Made only in full size, width 4½ ft. Spring not sold alone. Diameter of main posts, ⅞ inch. Curved top rods, ⅜ inch **Square**. Upright filling rods ¼ inch thick. Height of head, 55 inches. Height of foot, 38 inches. Shipping weight, about 105 pounds.

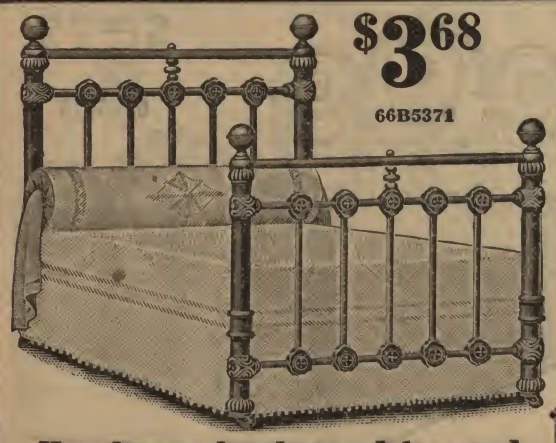
A feature of this bed is the **Square** top rods, which are formed in three graceful curves at both head and foot. The use of the **Square** stock gives a decidedly novel and pleasing appearance. We originated the idea last year in our Summer Sale Book, and so many people liked a bed made this way that we have added this new design to our regular line.

THE SPRING—The side rails of the spring are also the side rails of the bed, and fit securely into castings on the corner posts. They are of the improved underslung type, which permits you to sit on the edge of the bed without having the spring fabric strike the rail. The famous "Diamond" link fabric, made of heavily tinned, rust resisting spring wire, is used, and is fastened to the frame at each end by tempered, helical springs. This spring is very comfortable, perfectly sanitary, and remarkably durable. Our low price for the bed and spring complete is but little more than you would usually pay for bed alone.

Bed and Spring Complete $5.45

66B5367

Improved underslung side rail prevents spring top from striking when you sit on edge of bed



Be sure to mention size you want, otherwise we always send full size, width 4½ ft.

66B5367—Finished in white enamel, bed and spring complete.....$5.45
66B5369—Finished in Vernis Martin (looks like brass), bed and spring complete..... 5.90

Made only in full size, 4½ ft. wide. Spring not sold alone. Diameter of continuous main posts, ⅞ inch. Upright filling rods, 5/16 and ¼ inch thick. Top and bottom cross rods, ¼ inch thick. Height of head, 56 inches. Height of foot, 39 inches. Shipping weight, about 110 pounds.

A particularly attractive new design that has just enough ornamentation to make it appeal strongly to discriminating people. The heavy ornamental castings also add greatly to the strength of the bed. It stands square and solid on its easy-rolling casters. It is a bed that will go well with any kind of furniture, and is remarkable quality at our low price.

THE SPRING is fitted with the celebrated "Diamond" link fabric, which distributes the weight evenly to the tempered, helical springs by which it is connected at each end to the frame. The underslung side rails are a real advantage, as they prevent the top of the spring striking when you sit on the edge of the bed. These side rails are also the side rails of the bed, making it complete in three units—head, foot, and spring. You will find this a durable, comfortable bed at a price almost a third less than retail.

$3.68

66B5371

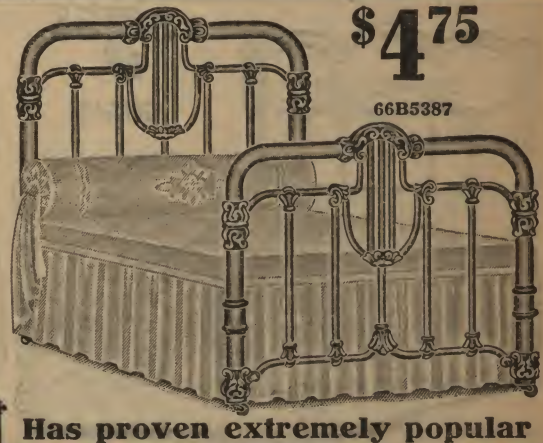
Has brass knobs and top rod

66B5371—White enamel. Mention size desired.....$3.68
66B5373—Vernis Martin (looks like brass). Mention size desired..... 4.10

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. widths. Diameter of main posts, 1¼ inch. Upright filling rods, 5/16 inch thick. **Genuine Brass** top rods, ½ inch in diameter. Height of head, 60 inches. Height of foot, 36 inches. Shipping weight, about 82 pounds.

Both head and foot of this bed have a **Genuine Brass** top rail, which is strengthened in the center by a turned brass connecting husk. All four corner posts are capped with big brass knobs. This brass trimming lends a tone of refinement to the design. The brass is protected from tarnishing by a colorless lacquer. Those familiar with bed values will recognize this bed as one which retail stores all over the country ask $5.50 to $6.25 for. The difference between this amount and our low price is **Your Saving**—made possible by an economical, one profit method of merchandising.

$3.88



66B5381

Neat, artistic new design

66B5381—White enamel. Mention size desired.....$3.88
66B5383—Vernis Martin (looks like brass). Mention size desired..... 4.35

Made in 3 ft., 3½ ft., 4 ft. and 4½ ft. widths. Diameter of main posts, ⅞ inch. Upright filling rods, 5/16 inch thick. Top cross rods, ⅞ inch thick. Bottom cross rods, ⅜ inch thick. Height of head, 57 inches. Height of foot, 42 inches. Shipping weight, about 90 pounds.

The upright filling rods in this bed are joined to the top rods with extra large castings of attractive design. The corner posts are also decorated with large cast caps. The bed is made very strong and substantial. Side rails fit securely into the castings on the corner posts. Easy rolling casters are supplied. It looks especially nice in the Vernis Martin finish, and we sell most of them in this way. Either finish you select is durable, and may be washed without injury. At the price asked, this bed is surely a remarkably good value for you.

$4.75

66B5387

Has proven extremely popular

66B5387—White enamel. Mention size desired.....$4.75
66B5389—Vernis Martin (looks like brass). Mention size desired..... 5.25

Made in 3½ ft., 4 ft. and 4½ ft. widths. Diameter of continuous main posts, ⅞ inch. Upright filling rods, 5/16 and ¼ inch thick. Three ⅜ inch **Square** rods in center panel, head and foot. Cross rods, 5/16 inch thick. Height of head, 56 inches. Height of foot, 39 inches. Shipping weight, about 100 pounds.

This is a bed we have already sold to hundreds of satisfied customers. A novel and pleasing feature of the design is the group of three **Square** rods used in the panel at head and at foot. Aside from the pleasing appearance of the bed, it is well made and finished—solidly built to give long service. Much heavier stock is used than is usually put into beds at this price. It is fitted with easy rolling casters, which enable a woman to readily move it about even when it is fully dressed. You can make no mistake in deciding on this bed, which has already been the choice of so many particular people.

$4.78

66B5393

This bed is extra good value

66B5393—White enamel. Mention size desired.....$4.78
66B5395—Vernis Martin (looks like brass). Mention size desired..... 4.95

Made in 3½ and 4½ ft. widths. Diameter of continuous main posts, 1¼ inch. Upright filling rods, 5/16 inch thick. Bottom cross rods, ⅜ inch thick. Height of head, 60 inches. Height of foot, 42 inches. Shipping weight, about 100 pounds.

A continuous post bed that is simple in design, but very dignified and pleasing in appearance. Probably no style of bed we could offer would meet with the approval of more refined people than this plain "Colonial" bed. There is just enough ornamentation in the shape of the smoothly finished castings to add to its attractiveness. It looks especially nice in the Vernis Martin—the finish that looks like brass and wears like iron. Usual retail value, about $7.00.

$4.85

66B5398

Comes complete with spring

66B5398—White enamel. Mention size desired.....$4.85
66B5400—Vernis Martin (looks like brass). Mention size desired..... 5.35

Made in 3½ and 4½ ft. widths. Diameter of continuous main posts, ⅞ inch. Upright filling rods, 5/16 inch thick. Cross rods, ⅜ inch thick. Height of head, 56 inches. Height of foot, 39 inches. Shipping weight, about 100 pounds. Spring not sold alone.

Thousands have proven, by purchasing, that this is exceptional bed value. Our price is for bed and spring complete as shown. The spring has the famous "Diamond" link fabric of rust resisting, tinned wire, and is fastened to frame at both ends with tempered, helical springs. The latest improved type of underslung side rails prevents top of spring striking when you sit on edge of bed. Strong and sturdy. Equal value would cost you about $7.50 at retail.

$4.95

66B5408

Has massive 2 inch posts

66B5408—White enamel. Mention size desired.....$4.95
66B5410—Vernis Martin (looks like brass). Mention size desired..... 5.45

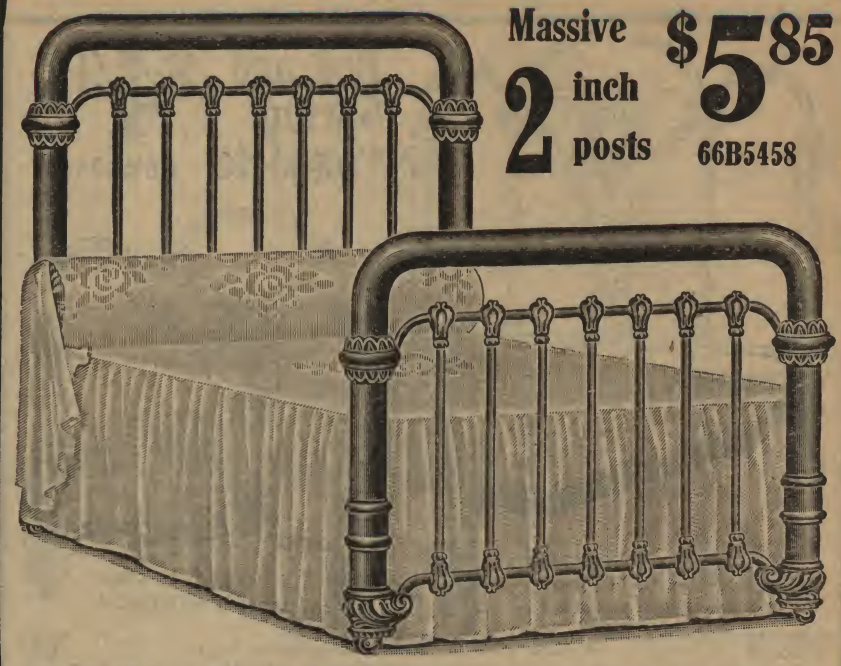
Made in 3 ft., 3½ ft., 4 ft. and 4½ ft. widths. Diameter of continuous main posts, 2 inches. Upright filling rods, 5/16 inch thick. Cross rods, ¼ inch thick. Height of head, 54 inches. Height of foot, 36 inches. Shipping weight, about 100 pounds.

If you want a very massive bed, it would be difficult to find bigger value for your money than this one, which has large two inch main posts. The top and bottom rods are gracefully curved, and joined to each other by artistic, smoothly finished castings. Special, easy rolling casters are provided, which allow a woman to move the bed about with little effort. Your saving in price on this bed is considerable, and your satisfaction with it is assured.

Inexpensive Metal Beds that combine strength and attractive design

This price saves you money

$3.98



66B5452

Exceptional value in an elaborate Bed

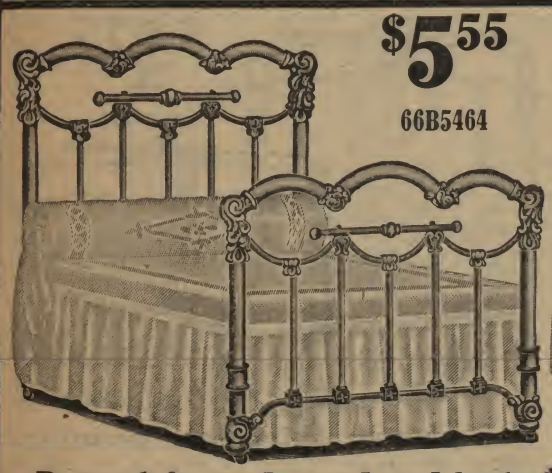
66B5452—Enamel finish, mention size desired $3.98
66B5454—Vernis Martin (looks like brass), mention size desired 4.50

Made in 3½ ft. and 4½ ft. widths. Diameter of main posts, 1⅛ inch. Upright filling rods, 5/16 inch thick. Top cross rods, ⅞ inch thick. Bottom cross rods, ⅝ inch thick. Height of head, 62 inches. Height of foot, 42 inches. Shipping weight, about 120 pounds.

This bed is a masterpiece in attractive design and will appeal strongly to those who like fancy beds. Both head and foot made with oval panel effect, with a group of five rods, joined by large, smoothly finished castings of artistic shape. This bed has been a very popular one with us, and our large sales of it have enabled us to reduce our price this year, so that you now make even a larger saving than previously. This particular design looks especially fine in the Vernis Martin finish.

Massive 2 inch posts

$5.85



66B5458

Solid and substantial; very low price

66B5458—Enamel finish, mention size desired $5.85
66B5460—Vernis Martin (looks like brass), mention size desired 6.25

Made in 3½ ft., 4 ft., or 4½ ft. widths. Diameter of main posts, 2 inches. Upright filling rods, 5/16 inch thick. Cross rods, ⅜ inch thick. Height of head, 58 inches. Height of foot, 38 inches. Shipping weight, about 140 pounds.

This "Colonial" bed is extra heavy and massive. It is much heavier and higher than similar beds sold elsewhere at a much higher price. The finish is thoroughly baked and hardened, and can be cleaned by soap and water without injury. It is a plain, sensible design that will always be in good taste, and it looks well with almost any kind of furniture. Our favorable contract on this bed makes possible a selling price which is actually less than many dealers must pay at the factory.

$5.55

66B5464

Brass trimmed, head and foot

66B5464—Enamel finish, full size only, 4½ ft. wide $5.55
66B5466—Vernis Martin (looks like brass), full size only .. 6.95

Made only in full size, width, 4½ ft. Diameter of main posts and curved top rods, 1⅛ inches. Upright filling rods, 5/16 inch thick. Bottom cross rods, ⅝ inch thick. Height of head, 59 inches. Height of foot, 41 inches. Shipping weight, about 100 lbs.

For graceful design, substantial construction, and big value, you will find this bed hard to excel anywhere. Both head and foot are trimmed with a **brass** rod, which is protected from tarnishing by a colorless lacquer. The finish of the bed itself is washable, and very durable. The picture can give you but little idea of how nicely this bed looks when placed in a room.

$5.65

66B5470

Big 2-inch continuous posts

66B5470—Enamel finish, mention size desired $5.65
66B5472—Vernis Martin (looks like brass), mention size .. 6.15

Made in 3½ ft., 4 ft., or 4½ ft. widths. Diameter of continuous main posts, 2 inches. Upright filling rods, ¼-inch thick. Cross rods, ⅝ inch thick. Height of head, 54 inches. Height, of foot, 36 inches. Shipping weight, about 120 pounds.

A very massive bed in the ever popular "Colonial" style. Without a doubt this type of bed will appeal to more people of good taste than any other one kind, for it is plain enough for the most conservative, yet fancy enough not to be severe looking. It stands square and solid on the floor, and is a bed you will be proud to have in your home. Our price saves you about $2.25.

$5.75

66B5476

Brass trimmed fancy Bed

66B5476—Enamel finish, full size only, 4½ ft. wide $5.75
66B5478—Vernis Martin (looks like brass), full size only .. 6.25

Made only in full size, width, 4½ ft. Diameter of main posts, 1⅛ inch. Upright filling rods, 5/16 inch thick. Curved top rods, ⅞ inch thick. Bottom cross rods, ⅝ inch thick. Height of head, 68 inches. Height of foot, 46 inches. Shipping weight, about 105 pounds.

This is another bed which has proven very popular with great numbers of our particular customers. If you care for a bed which is quite fancy, this one is sure to please you. There is a large brass knob in the center of the circular panel in both head and foot. The castings which join the rods together are well shaped and smoothly finished. Our price is considerably under retail value.

$5.85

66B5484

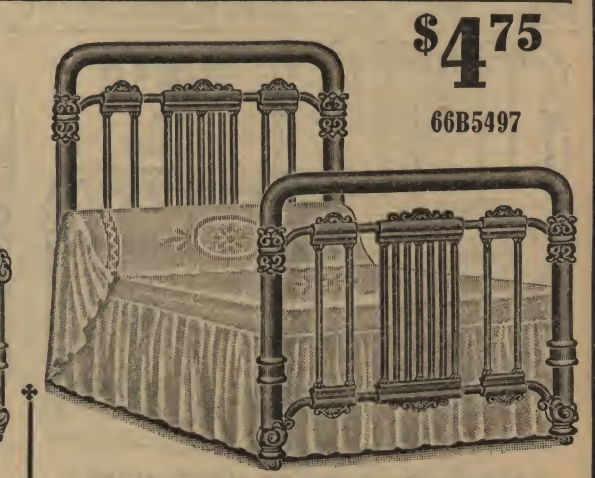
Original design; very popular

66B5484—Enamel finish, mention size desired $5.85
66B5486—Vernis Martin (looks like brass), mention size. 6.35

Made in 4 ft. and 4½ ft. widths. Diameter of continuous main posts, 1⅛ inch. Upright filling rods, ⅞ and 5/16 inch thick. Cross rods, ⅝ inch thick. Height of head, 57 inches. Height of foot, 39 inches. Shipping weight, about 110 pounds.

A new idea in bed design. The artist has succeeded admirably in producing, in this one, a bed that is exceptionally attractive, yet reasonable in price. If you could see this splendid bed, we are quite sure you would guess the price to be several dollars more than we have made it. It looks especially nice in the Vernis Martin finish.

$5.35



66B5493

Thousands have this Bed

66B5493—Enamel finish, mention size desired $5.35
66B5495—Vernis Martin (looks like brass), mention size desired $5.85

Made in 3½ ft. and 4½ ft. widths. Diameter of main posts, 1⅛ inches. Diameter of tubing which forms circle, ⅞ inch. Upright filling rods, 5/16 inch thick. Height of head, 64 inches. Height of foot, 45 inches. Shipping weight, about 117 pounds.

A bed of unusual, out-of-the-ordinary design which is one of the most successful sellers we have ever had. As you will see from the measurements, it is extra large and heavy. It is a bed good enough for your guest chamber. Most stores would ask about $8.00 for similar design and equal quality, so your saving through buying here is evident.

$4.75

66B5497

Unique and attractive Bed

66B5497—Enamel finish, mention size desired $4.75
66B5499—Vernis Martin (looks like brass), mention size .. 5.25

Made in 3½ ft., 4 ft., or 4½ ft. widths. Diameter of main posts, 1⅛ inches. Upright filling rods, ¼ inch thick. Cross rods, ⅝ inch thick. Height of head, 60 inches. Height of foot, 41 inches. Shipping weight, about 110 pounds.

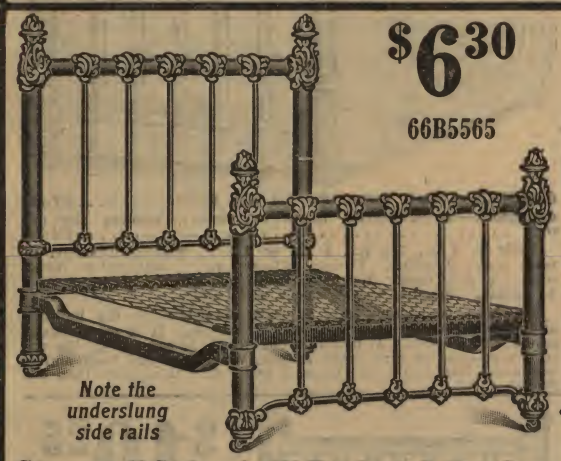
A bed that will at once impress you as far above the ordinary in desirability. Eleven upright rods in both head and foot, grouped as shown in picture, and securely fastened by smoothly finished castings. This bed will give you years of highly satisfactory service, and the longer you have it the better you will like it. $8.00 would not buy a better one in the ordinary store.

Values that will save dollars for thrifty home lovers

$8.90 66B5553 Bed and Spring

Bedding displayed on beds is not included

66B5557—Mattress only, for beds, width 4½ ft. **$5.25**
Shipping weight, about 48 pounds.
Full net weight, 45 pounds.



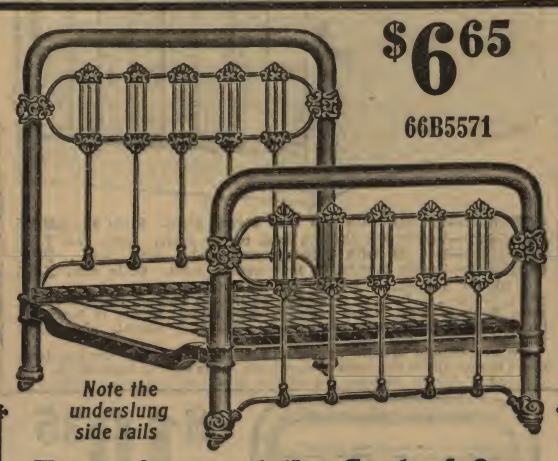
Made of **Genuine Felted Cotton**, laid evenly in sheets of uniform thickness. It is covered with a durable tick in a pretty, fancy Art design, and deeply tufted with Italian twine. Handles on both sides make it easy to lift about. Welted edges, sewed with French seam to prevent ripping. Sides closely stitched. This is a good mattress at a very low price. It is soft and comfortable, and will remain so even after much use. You will find it the equal of mattresses which sell ordinarily at about $7.50.

66B5559—Bed alone, enamel finish, full size only (width 4½ ft.) . . **$6.35**
66B5561—Bed alone, Vernis Martin (looks like brass), full size only **6.85**
Made only in full size, width, 4½ ft. Diameter of main posts, 2 in. Upright filling rods, ¼ inch thick. Cross rods, ⅜ inch thick. Height of head, 58 inches. Height of foot, 38 inches. Shipping weight, about 130 pounds.

Here is a massive bed that is above the ordinary in attractive design, dependable construction, and fine finish. Both head and foot have sixteen upright filling rods, which are joined by smoothly finished castings to top and bottom rods, in groups of four. The manner of grouping the filling rods gives a distinctive, pleasing appearance. Our price on this fine bed is remarkably low. Its purchase will mean an investment in satisfaction, aside from your saving in money.

66B5563—Spring only, for metal beds 4½ ft. wide **$2.55**
Shipping weight, about 45 pounds.

Frame made of angle steel side rails, rigidly fastened to metal covered end bars of wood. Finished in rust resisting, black japan. Spring fabric is closely woven, tinned mattress wire. This spring is reinforced by a support of 18 spiral springs, which are securely fastened on a foundation of heavy cable wires. Helical springs fasten the foundation wires to the frame at one end. This spring requires no slats, and will be found very comfortable and durable.



$6.30 66B5565

Strong "Colonial" Bed and Spring

66B5565—Enamel finish. Mention size desired **$6.30**
66B5567—Vernis Martin (looks like brass). Mention size desired **$6.80**

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. widths. Spring not sold alone. Diameter of main posts, 1⅛ inch. Upright filling rods, 5/16 inch thick. Cross top rod, ⅞ inch thick. Bottom cross rod, ¾ inch thick. Height of head, 62 inches. Height of foot, 43 inches. Shipping weight, about 105 pounds.

We offer you here bed and spring complete for about what the bed alone would cost in many places. The spring fabric is the famous "Diamond" link, made of heavily tinned, rust resisting wire, and fastened to the frame at both ends by many tempered, helical springs. The side rails are of the underslung type, which prevent the spring top striking when you sit on the edge of the bed. Large, smoothly finished castings of artistic design securely join together the various parts of the bed, making it very strong. Only the large number of these beds we sell makes possible the very low price.

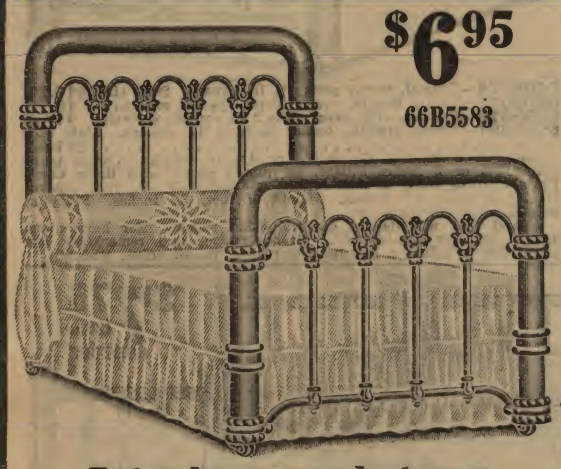
$6.65 66B5571

Two pieces at the Cost of One

66B5571—Enamel finish **$6.65**
66B5573—Vernis Martin (looks like brass) **6.95**

Made only in full size, 4½ ft. wide. Spring not sold alone. Diameter of continuous main posts, 1⅛ inch. Upright filling rods, ¼ and 5/16 inch thick. Cross rods, ⅜ inch thick. Height of head, 59 inches. Height of foot, 40 inches. Shipping weight, about 105 pounds.

A particularly pleasing, new design. The panel in both head and foot has fifteen filling rods, grouped by threes, below which are five rods running to the bottom cross rods. The spring has the well known "Diamond" fabric, made of rust resisting, tinned wire. This spring is exceptionally comfortable and perfectly sanitary. The fabric is attached to the frame at each end by many resilient, helical springs. The underslung side rails, which are also the side rails of the bed, make the edge of the spring as comfortable as the center. Considering everything, this bed at our price is a very economical purchase.



$6.95 66B5577

Rare value; pleasing design

66B5577—Enamel finish. Mention size desired **$6.95**
66B5579—Vernis Martin (looks like brass). Mention size desired **$7.45**

Made in 3½ ft., 4 ft., or 4½ ft. widths. Spring not sold alone. Diameter of continuous main posts, 1⅛ inch. Upright filling rods, 5/16 inch thick. Cross rods, 5/16 inch thick. Height of head, 61 inches. Height of foot, 42 inches. Shipping weight, about 135 pounds.

A new and symmetrical pattern that is sure to please you when you see it. Gracefully curved head and foot, ornamented with smoothly finished castings. Comfortable, durable spring which will not sag. "Diamond" link spring fabric, of heavily tinned, rust resisting wire. Sensitive, helical springs fasten fabric to frame at both ends. The underslung side rails are a valuable improvement and add much to the comfort of the bed, as they keep the spring top from striking when heavy weight is put on the edge. You get much for little when you buy this bed.

$6.95 66B5583

Extra heavy and strong

66B5583—Enamel finish, full size only, 4½ ft. wide **$6.95**
66B5585—Vernis Martin (looks like brass), full size only . . **7.40**

Made only in full size, width 4½ ft. Diameter of continuous main posts, 2 inches. Upright filling rods, ⅝ inch thick. Cross rods, ⅞ inch thick. Height of head, 59 inches. Height of foot, 39 inches. Shipping weight, about 140 pounds.

A solidly built, extra massive bed, yet dainty and graceful. The top cross rods are formed in a pleasing, draped effect, and joined to the upright rods by large fancy castings. Please remember that the main posts on this bed are full **Two Inches** in diameter. This is the largest size tubing in general use on any steel bed. You find by fair comparison that our price is considerably less than others ask for equal size and quality.

$7.15 66B5589

Dainty, graceful pattern

66B5589—Enamel finish, full size only, 4½ ft. wide **$7.15**
66B5591—Vernis Martin (looks like brass), full size only . . **7.65**

Made only in full size, width 4½ ft. Diameter of continuous main posts, 2 inches. Upright filling rods, 5/16 and ¼ inch thick. Cross rods, ⅜ inch thick. Height of head, 58 inches. Height of foot, 39 inches. Shipping weight, about 160 pounds.

We are proud to offer you this splendid Bed. It embodies distinctive style, sterling worth, and low price, quality considered. The filling rods in both head and foot are grouped together in a unique and pleasing manner, and joined by large panel shaped castings. Everything about this bed is high grade and you may order it with the same assurance of being pleased as you would have if you visited our salesrooms and inspected it.

$10.55 66B5595

Richly trimmed with brass

66B5595—Enamel finish. Mention size desired **$10.55**
66B5597—Vernis Martin (looks like brass) mention size desired **$10.95**

Made in 3½ ft., 4 ft., or 4½ ft. widths. Diameter of corner posts, 1⅜ inch. Upright filling rods, ⅞ inch thick. Lower cross rods, ⅞ inch thick. Top rod of Brass, ¾ inch thick. Height of head, 65 inches. Height of foot, 42 inches. Shipping weight, about 150 pounds.

We have sold hundreds of these beds to satisfied customers for more money than we are now asking you. Our sales on this pattern were so large last year that we were able to make a very favorable new contract, and we give you the benefit, by a considerable reduction from last year's price. The brass top rail on both head and foot is connected to the bed by four turned brass husks, and each corner post has a large brass cap.

Save time and stitches by buying our wide 60-inch Bed Ticking

Flush Jointed, Porcelain-Finished Metal Beds without Cast Ornaments

Extra Smooth Finish. The Highest Grade Metal Beds at Lowest Prices

$3.85

66B5602

66B5602—Enamel finish, mention size desired $3.85

66B5[illegible]58—Enamel finish. Mention size desired $9.75
66B[illegible]60—Vernis Martin (looks like brass). Mention size desired $9.95

[illegible]e in 3 ft., 3½ ft., 4 ft., or 4½ ft. widths. Corner posts, 1½ inch square, with brass caps. Upright filling tubes, ⅝ inch square. Cross rods, 1 inch square. Height of head, 57 inches. Height of foot, 37 inches. Shipping weight, about 100 pounds.

Although preferred by many because of their plain, artistic lines, and the ease with which they are kept clean, these stylish **Square Tubing** beds have hitherto been too high priced for many people. We have brought the price down to where the man of moderate means can own one. Equal quality and similar design to this bed retail at $14.50.

$10.35

66B5667

66B5667—Enamel finish, full size only, 4½ ft. wide . . . $10.35
66B5669—Vernis Martin (looks like brass), full size only, 4½ ft. wide $10.45

Made only in full size, width, 4½ ft. Continuous main posts 2 inches in diameter. Upright filling rods, ⅞ inch thick. Cross rods, 1⅝ inch thick. Height of head, 60 inches. Height of foot, 40 inches. Shipping weight, about 140 pounds.

This bed is unusually massive. Nine filling rods which are as large as the main posts on some beds, are used in both head and foot. If you want a bed your friends will all admire, at a price far less than you would be asked to pay elsewhere, decide on this one. Particularly smooth porcelain like finish.

$10.25

66B5674

66B5674—Enamel, corner posts 1½ in. square. State size . $10.25
66B5676—Vernis Martin, corner posts 1½ in. square . . 10.75
66B5678—Enamel, with corner posts 2 in. square. State size 11.35
66B5681—Vernis Martin, corner posts 2 in. square. State size $11.45

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. widths. Corner posts either 1½ or 2 inches square, as quoted above, with **Brass Caps.** Upright filling rods, ¾ inch square. Bottom rods, 1¼ inch square. Height of head, 57 inches. Height of foot, 37 inches. Shipping weight, about 105 pounds.

A bed that will delight discriminating people. For harmonious design, superior construction, durable finish, and remarkably low price, this is indeed a bed hard to equal. Retail value, $15.50.

$5.95 Each

66B5686

66B5686—Enamel finish. Our low price for each bed $5.95
66B5689—Vernis Martin (looks like brass). Our price for each . . 6.50

Made only in one size, 3 ft. width. Diameter of main posts, 1⅝ inch. Upright filling rods, ⅝ inch. Cross rods, 1⅛ inch. Height of head, 41 inch. Height of foot, 31 inch. Shipping weight, about 65 pounds.

Brass caps on corner posts. Make ideal companion beds, or nice for use separately as single bed. These new Bungalow Beds are considered quite the proper thing for up-to-date homes, and cost elsewhere much more than we ask. You will surely like them.

Bungalow Beds

Every up-to-date housewife will welcome these brass trimmed twin Bungalow Beds, and appreciate their many advantages as compared with the double bed. They are convenient for the housekeeper to handle, as the mattresses for this size weigh considerably less than the double mattresses. Very suitable for bedrooms with sloping ceilings, as they are built low. Generally used in pairs. The patterns we show are very attractive, and perfectly sanitary, having no crevices where dirt can accumulate. They may be ordered in white, black, pea green, olive green, or sky blue at the same price. We recommend the pure white or Vernis Martin, however. The Vernis Martin is the finish that looks like brass and wears like iron. Special colors other than white or Vernis Martin require delay of ten days.

You Would Enjoy One of Our Luxurious Box Springs

The construction of our box springs is fully described on another page of this book. The box spring and mattress quoted below are of the same quality as 66B6745 and 66B6747 there quoted.

66B5692—Box Spring, for beds, width 3 ft. Cotton Felt top. Imperial roll edge. Heavy stripe tick **$9.25**
66B5694—Mattress in ticking to match above. Genuine Cotton Felt, plain sewed edge, weight, 30 lbs. **$5.35**

$7.75 Each

66B5695

66B5695—Enamel finish. Our low price for each bed $7.75
66B5697—Vernis Martin (looks like brass). Our price for each 7.95

Made only in one size, 3 ft. width. Diameter of main posts, 2 inches. Upright filling tubes, ⅞ inch. Cross tubes, 1⅜ inch. Height of head, 41 inches. Height of foot, 31 inches. Shipping weight, about 88 pounds.

Massive and admiration-compelling. Corner posts trimmed with **Brass Caps.** A bed that cannot fail to delight the most exacting housewife. Has all the sanitary features demanded by modern hygiene. Our price saves you a worth-while amount.

$11.85 Genuine Brass
Retail Value Easily $18

66B5052—Polished finish $11.85
66B5054—Satin finish 11.95

Made in 3 ft., 3½ ft., 4 ft. or 4½ ft. widths. Diameter of main posts, 2 in. Upright filling tubes, ⅝ in. Cross tubes, ¾ in. Height of head, 58 in. Height of foot, 37 in. Shipping weight, about 150 lbs. A truly advantageous offer for the high quality brass bed here shown. Notice carefully the artistically shaped brass trimmings which surmount the corner posts of this bed, and which are exactly reproduced in the full size illustration at the right. Nothing but the highest grade, steel reinforced brass tubing, is used, and it is turned into the finished product by skilled brass bed builders. The natural lustre of the brass is preserved and prevented from tarnishing by several coats of high grade colorless lacquer. The upright filling and cross tubes are fitted with large ball-shaped connections, which add materially to the attractive appearance of the bed. We feel sure that no one can make lower prices on a similar bed; high quality, durable construction, and fine finish being taken into consideration. We recommend the satin finish as most desirable, and it is the finish we sell the most of.

This sketch shows actual size and shape of the Brass Vases which surmount the massive two-inch corner posts of this handsome Bed. It is our exclusive design.

Corner posts of all beds illustrated on this page are this size

Narrow Beds do not have quite so many spindles as the large size. Length of beds, 6 ft. 4 in.

$1.89 We can furnish Day Rolls (Bolsters), for any iron, wood or brass bed, with opening for pillows, at $1.89 each. Article No. 166B5253, fully described and illustrated on the first iron bed page.

Our large sales explain these low prices on quality goods

$7.90 An unusually low price for a genuine brass bed
66B5058

66B5058—Polished finish $7.90
66B5060—Satin finish 8.25

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. widths. Diameter of main posts, 2 in. Upright filling tubes, ½ in. Cross tubes, ⅝ in. Shipping weight, about 135 lbs. A splendid, genuine brass bed at a price which will make every woman want one. Built strong and sturdy, and has made records as a big seller. Is superior in every respect to brass beds offered elsewhere at about this price, and if you feel that this is all you want to spend, you will receive big value for your money, but we recommend that you select one of our better beds.

Why not one of these dainty Brass Beds for YOUR home?

$9.98 Stylish yet very inexpensive
66B5064

66B5064—Polished finish .....$ 9.98
66B5066—Satin finish 10.20

Made in 3 ft., 3½ ft., 4 ft., or 4½ ft. widths. Diameter of main posts, 2 in. Upright filling tubes, ⅝ in. Top cross tubes, ¾ in. Bottom cross tubes, ⅝ in. Height of head, 48 in. Height of foot, 37 in. Shipping weight, about 135 lbs. One of our best values in an inexpensive, genuine brass bed. The same high grade material, and labor, are used to produce this bed, as the more costly patterns, and it is finished in the same durable manner. You will like it as well as any ordinarily retailing at from $13.00 to $15.00.

$12.85 Colonial four-post design
66B5073

66B5073—Polished finish $12.85
66B5075—Satin finish 12.95

Made in 3 ft., 3½ ft., 4 ft. or 4½ ft. widths. Diameter of main posts, 2 in. Upright filling tubes, ⅝ in. Top cross tubes, ¾ in. Bottom cross tubes, ⅝ in. Height of head, 58 in. Height of foot, 37 in. Shipping weight, about 140 lbs. A bed that is very popular in homes of good taste. This is an out of the ordinary design which will appeal strongly to you. Corner posts are capped with large acorn shape trimmings. The cross tubes, and upright tubes, are joined with large brass turnings. This bed is very attractive and artistic, and represents unusual value at our price.

$13.80 This very low price saves you at least a $5.00 bill
66B5079

66B5079—Polished finish $13.80
66B5081—Satin finish 13.95

Made in 3 ft., 3½ ft., 4 ft. or 4½ ft. widths. Diameter of continuous main post, 2 in. Upright filling tubes, ⅝ in. Bottom cross tubes, ⅝ in. Height of head, 61 in. Height of foot, 37 in. Shipping weight, about 150 lbs. A new and novel design. Gracefully curved brass tubes or elbows form the bends of the continuous post. This is a new idea in brass bedstead building, and because of its plain, dignified appearance, is bound to prove very popular. Our price on this bed is very low, when you consider that it has massive, 2-inch continuous main post, and is full size and high grade in every way.

$14.25 A masterpiece in design
66B5084

66B5084—Polished finish $14.25
66B5086—Satin finish 14.40

Made in 3 ft., 3½ ft., 4 ft. or 4½ ft. widths. Diameter of continuous main post, 2 in. Upright filling tubes and bottom cross tubes, ⅝ in. Height of head 57 in. Height of foot, 37 in. Shipping weight, about 150 lbs. Another aristocratic design in our line of exceptional values, which will lend a tone of refinement to your bedroom. The massive main posts are ornamented with large brass turnings, and the upright filling tubes have classy, ball-shaped connection at each end. We have seen similar beds no better than this, sell as high as $20, so you can see that your saving by purchasing here is worth while.

$17.80 Very massive in appearance
66B5088

66B5088—Polished finish $17.80
66B5090—Satin finish 17.95

Made in 3½ ft., 4 ft. or 4½ ft. widths. Diameter of continuous main post, 2 in. Upright filling tubes and bottom cross tubes, ⅝ in. Height of head, 57 in. Height of foot, 37 in. Shipping weight, about 160 lbs. Twenty-two upright filling tubes, with artistically shaped brass turnings at each end, place this bed in a class by itself for attractive design. It is rich looking, and will appeal to your good taste. We are confident that a bed of this size and style, with this extra large number of filling tubes, would cost you in the neighborhood of $25 in the ordinary store, and in addition to the price saved, it is a bed you may be proud to own.

See the two pages of Blankets printed in original colors. Priced low

$15.85 Worth double our low price

66B5151

This sketch shows actual size and shape of brass vases which surmount corner posts in this magnificent bed. All two-inch posts are this size.

Made in 3 ft., 3½ ft., 4 ft. or 4½ ft. widths. Diameter of main posts, 2 in. Upright filling tubes, ⅝ in. Top cross tubes, 1 in. Bottom cross tubes, ⅝ in. Height of head, 58 in. Height of foot, 37 in. Shipping weight, about 150 lbs. A splendid bed at an unusually low price. Designed exclusively for us, after a very expensive bed. In order that you may gain an idea of how massive the corner posts on this bed are, we print at the left a full size illustration of the brass trimming which is used on each post. More than the usual number of upright filling tubes are used, there being eleven in both head and foot.

Look at this bed carefully, and try to imagine how attractive it would look standing in your bedroom with your own dainty bed linen on it. It is superbly finished, either polished, or satin, as you prefer, and the natural luster of the brass is preserved by an extraordinary heavy coat of the best colorless lacquer. Fitted with steel wheel ball-bearing casters. This, as well as all of our other brass beds, is constructed of high grade, steel reinforced, brass tubing, which makes the beds very strong.

Special Guarantee

All our Brass Beds are guaranteed perfect in material and workmanship. The finish is preserved with our highest grade lacquer and with reasonable care is guaranteed for ten years.

Montgomery Ward & Co.

A Bed that will lend a tone of refinement to any bedroom.

To own a Brass Bed is every woman's proper ambition. Have one for your own room and one for the guest chamber. There is nothing nicer or more sanitary, nothing that adds the appearance of real refinement to a bedroom like a genuine brass bed. Used with a first class box spring and a good mattress, you have one of the finest beds to sleep on that money can buy. And at our price you can afford a brass bed. Our offerings are not cheap beds, but are **first-class, genuine, full size, well made, brass beds sold at low prices.** The perfect casters enable them to be moved about easily.

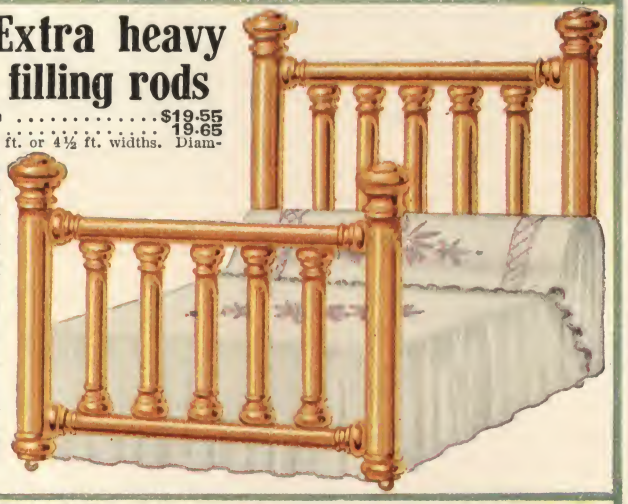
66B5151—Bright Polished finish.....$15.85
66B5153—Dull Satin finish.....15.95

$17.80 Would retail at about $25

66B5157

66B5157—Polished finish.....$17.80
66B5159—Satin finish.....17.90

Made in 3 ft., 3½ ft., 4 ft or 4½ ft. widths. Diameter of main posts, 2 in. Upright filling tubes, 1 in. Cross tubes, 1 in. Height of head, 60 in. Height of foot, 39 in. Shipping weight, about 150 lbs. A stunning design and the very last word in brass bedsteads. The longer you see this bed, the better you will like it. It is very massive in appearance, and the corner posts are capped with beautifully shaped trimmings of exclusive design. Notice the unusually large number of large brass turnings used to connect the filling tubes to each other. It is a bed you will like, at a money-saving price.



$19.55 Extra heavy filling rods

66B5163

66B5163—Polished finish.....$19.55
66B5165—Satin finish.....19.65

Made in 3 ft., 3½ ft., 4 ft. or 4½ ft. widths. Diameter of main posts, 2 in. Upright filling tubes, and cross tubes, 1½ in. Height of head, 60 in. Height of foot, 40 in. Shipping weight, about 140 lbs. A pleasing design, and a very rich looking bed. Extra massive. Built along straight lines, and is universally popular. Same style and size of corner posts used on this bed as is shown in the large picture above. It is hard to show the difference in quality by pictures, but when you have this bed in your home, you will realize that it is far superior to those ordinarily sold at about this price.

$18.75 One of our very best sellers

66B5169

66B5169—Polished finish.....$18.75
66B5171—Satin finish.....18.95

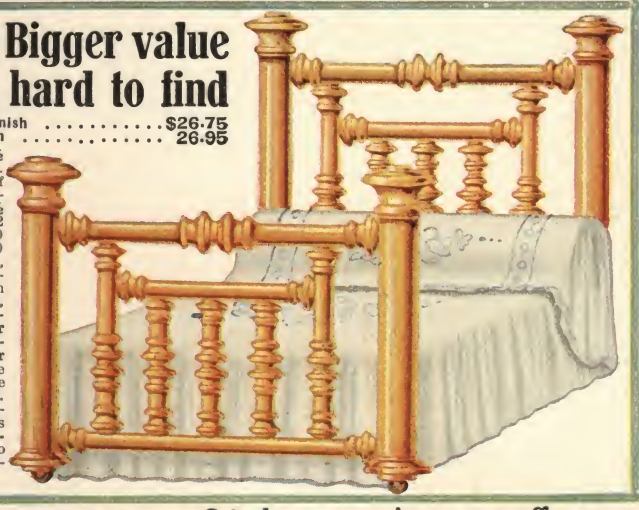
Made in 3 ft., 3½ ft., 4 ft or 4½ ft. widths. Diameter of continuous main posts, 2 in. Upright filling tubes and bottom cross tubes, 1 in. Height of head, 61 in. Height of foot, 37 in. Shipping weight, about 140 lbs. A plain, sensible bed of the popular continuous post style, for little money. Solidly built throughout, and is a value you cannot afford to overlook. Notice the acorn shape brass trimmings which connect the upright tubes to the rest of the bed at each end, and the large brass turnings which ornament the main posts at the beginning of the bend. Has easy rolling brass casters.

$19.50 Must be seen to be appreciated

66B5175

66B5175—Polished finish.....$19.50
66B5177—Satin finish.....19.75

Made in 3 ft., 3½ ft., 4 ft. or 4½ ft. widths. Diameter of main posts, 2½ in. Upright filling tubes, and cross tubes, 1 in. Height of head, 58 in. Height of foot, 37 in. Shipping weight, about 155 lbs. Large 2½ in. main posts are used in this superb bed, and are capped with the same style of trimmings as shown in the large illustration above, except they are ½ in. larger in proportion. The 1 in. filling tubes are arranged to give a panel effect. Center of top tubes decorated with large brass turnings. We are positive that you will be delighted with this bed in every respect.



$26.75 Bigger value hard to find

66B5181

66B5181—Polished finish.....$26.75
66B5183—Satin finish.....26.95

Made in 3 ft., 3½ ft., 4 ft. or 4½ ft. widths. Diameter of main posts, 2 in. Upright filling tubes, 1½ in. Top cross tubes, 2 in. Height of head, 60 in. Height of foot, 40 in. Shipping weight, about 160 lbs. A distinctly different design from any other shown, and one which will certainly beautify your bedroom. Tall brass ornaments cap the corner posts, and harmonize most artistically with the other trimmings used. The upright tubes are extra large. This bed is adapted from the **Colonial** four-poster style, so much in demand for up-to-date homes.

$28.75 For particular people

66B5187

66B5187—Polished finish.....$28.75
66B5189—Satin finish.....28.90

Made in 3½-ft., 4-ft. and 4½-ft. widths. Main posts, 2 in. square. Top cross tubes, 1¼ in. square. Bottom cross tubes, 1½ in. square. Upright filling tubes, ¾ in. square. Height of head, 55 in. Height of foot, 39 in. Shipping weight, about 135 lbs. A modern design. Made entirely of steel, reinforced, square brass tubes. Is large and massive. This type of bed has become very popular and is sold by exclusive city stores at prices fully one-third more than we ask. You will find the quality, finish and durability all that could be desired.

"Ward's Triumph" The perfect Kitchen Cabinet

Equipped with sliding extension, Aluminum Table Top and mouse-proof removable metal bottom

You will never fully realize what a time and effort saver this Cabinet is until you have one in your own kitchen. And besides making your work easier to do, the number of hours which you must daily spend in the kitchen will be greatly lessened by its use. Everything about it is high grade. The material used is thoroughly seasoned **Genuine Oak.** The rich, velvet Golden finish, is not affected by steam or water. The entire interior of the upper part is clean looking, washable, white enamel. The inside of the lower cupboard, and the wood drawers, are carefully varnished. All the trimmings are heavily nickel plated. With this Cabinet in your kitchen, practically everything you need to get a meal or to bake with is within your reach, as you stand or sit at the cabinet. A valuable feature is the three drawers directly below the top cupboard. Placing these drawers in this position permits opening the lower doors without knocking articles off the table top. The sliding metal bottom is another practical improvement, and is vastly superior to the ordinary veneer bottom used on most Cabinets. We are anxious to have you compare this splendid Cabinet with the widely advertised ones that sell at much higher prices, because you, the consumer, must pay the cost of their advertising in expensive magazines, and other unnecessary expenses incidental to the way they are sold. We are confident that you will decide that this **Ward's Triumph** is the Cabinet **You** want, because it looks better, is built better, and has more **practical** conveniences than any other, yet costs less. The groceries displayed are from our pure food Grocery List, and the aluminum ware was selected from the kitchenware pages in this book. (Of the articles displayed, only the 7-piece glass set, as mentioned above, is included with cabinet.)

Height, over all, 68 inches. Size of table top, 40 x 27 inches. Capacity of flour bin, about 40 pounds. Capacity of sugar jar, about 10 pounds. Shipping weight, about 230 lbs.

THIS BED HAS THE DURABLE POPULAR "VERNIS" MARTIN FINISH

Very massive. Distinctive, new design that combines strength with attractiveness. Easy to keep clean. A bed for particular people.

$7.44
66B8906
For this fine Colonial Bed alone

The Bed

66B8906— **Bed alone** **$7.44**

Made only in 4½ ft. width. Diameter of main posts, 2 in. Diameter of upright filling tubes, ½ inch. Height of head, 54 in. Height of foot, 35 in. Ship. wt., 130 lbs.

Finished in **Vernis Martin**, which is the finish that looks like brass and wears like iron. Twelve big filling tubes in both head and foot, grouped in a pleasing manner. Has easy-rolling casters. Very high grade, and desirable for the best homes.

The Spring

66B8910— **Spring alone** **$3.35**

For metal beds 4½ ft. wide only. Shipping weight, about 50 pounds.

Strong steel frame, with tubing sides, thickness, 1 5-16 inches, finished in gilt. Diamond link wire spring fabric is heavily tinned to prevent rust, and attached at both ends to frame by sensitive, helical springs. Iron corner blocks raise the top of spring 5 inches above side rail of bed, making it very comfortable. Sanitary and sag proof.

The Mattress

66B8914— **Mattress alone** **$4.98**

Net weight, 45 pounds. Made of fluffy, buoyant, **Genuine Cotton Felt**, in evenly laid layers. Covered with durable ticking in pleasing, fancy art design, blue color. Deeply biscuit tufted. Welted edges. Handles on sides for lifting about. Sanitary, comfortable and attractive. A sun bath once in a while gives it new life and resiliency. Usual retail value, about $7.50.

Purchase the complete outfit—you will gain both in money-saving and satisfaction

66B8918—Outfit complete, Bed, Spring, and Mattress $14.98

Shipping weight, about 230 pounds.

By taking advantage of this special offer, you can secure a bed outfit that you will be proud of, at about the usual cost of bed and spring alone. You will be agreeably surprised by the superior quality of every item. Opportunities like this, offering big savings on dependable merchandise, should interest all thrifty people.

Bigger value than this, would be hard to find.

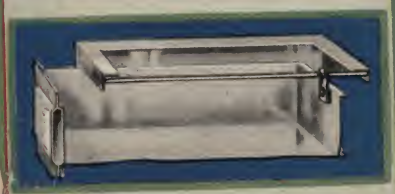
Snow White Sanitary Steel

$26.75

166B8926

Shipped promptly from stock at Chicago

Hard Baked, Washable White Enamel



Height over all, 69 inches. Extreme width, 40½ inches. Shipping weight, 290 pounds. This all steel **Snow White** Cabinet is immensely superior to any wood cabinet, both in durability, sanitary features, and cleanly, attractive appearance. Yet our sale price is considerably less than is asked for ordinary wood cabinets of similar size. In fact, the big city department stores sell this same cabinet under another name at $37.50, and smaller retail stores must get $40.00 or more. It is practically indestructible. Mice or troublesome insects cannot enter it. Every part is readily accessible and may be washed like a dish.

The Base

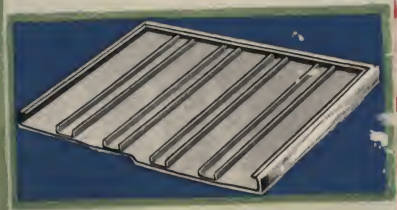
has a full extension sliding table top, covered with **Nickeloid** metal. Size, when closed, 40½x26 inches. Size, when extended, 40½x37 inches. Extra deep divided drawer has lifting lid, for bread, cakes, or pastry. Two drawers for cutlery, etc., top one with partitions. Large cupboard has removable steel shelf, and door is fitted with hardwood cutting board in holder, and rack for covers. Fitted with ball bearing casters.

We can supply this cabinet with sliding table top of real porcelain, which is not affected by acids or fruit juices.

166B8928—With porcelain table top $27.75

Drawers Cannot Stick or Bind

As shown in this picture, the back end of the drawers are fitted with a steel collar, which slides on a round bar placed above the drawer. This simple, but efficient device insures that the drawers will always slide smoothly and noiselessly. Every woman will appreciate this valuable feature.



Eight-Piece Spice Set Included Free

Five spice jars, coffee jar and tea jar with non-rustible aluminum screw caps, a measuring cup, all of crystal glass. The spice jars just fit in the rack under the and the measuring cup hangs on a hook them.

In structural strength, the **Snow W** differs from and excels all other steel cabi because it has a perfectly rigid, **sag** foundation frame of heavy angle iron, like a modern steel building. The joints smoothly welded by the latest improved esses, so that the frame is solid as one To this frame the sheet steel is electri welded. The doors are of double thick and paneled, with a reinforcing hinge whole length, made similar to a piano The trimmings are heavy nickel plated.

The Top

is equipped with an extra large sifting bin, which holds about 50 pounds, ha visible front, and dust cap. Tilts forw for easy filling. The roomy cupboard on right has two shelves, which can be quic removed for washing. The doors fit sn when closed. Just inside is a swinging, sugar jar of about 10 pounds capacity, with automatic feed bottom. Underneath is sanitary wire rack for spice jars, etc. **Please notice** that the top compartments are elevated far enough above the table top so that the full working space may be used.

Why the Top Cannot Warp

A sheet of heavy gauge steel is electrically welded to a rigid frame of angle steel which is reinforced with **four double angle** steel trusses across the center. The whole top is then covered with shining **Nickeloid** metal and the under side is enameled. It is instantly removable for cleaning.

$1.25 Enameled Steel

166B8934

Height over all, 24 in. Round top, 11 in. in diam. Ship. wt., about 20 lbs.

Made entirely of unbreakable steel. Finished in hard baked, washable white enamel. Parts electrically welded together, and cannot come loose, as no bolts, rivets, or screws are used. Seat is ventilated. Just the right height to use with a kitchen cabinet, and you will find it saves your strength greatly to sit at your work whenever possible.

$19.85 Very Spacious and Convenient

166B8930

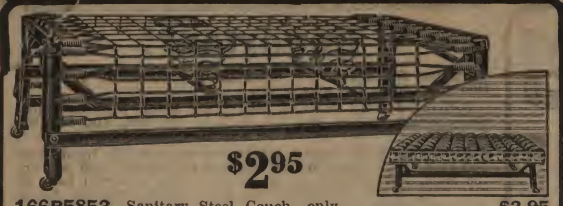
Shipped promptly from stock at Chicago

Height, over all, 71 in. Size of table top, 41x26 in. when closed. Size when extended, 41x35 in. Shipping weight, about 250 lbs.

Built of thoroughly seasoned **Genuine Oak,** finished rich **Golden color.** The sliding extension table top gives abundance of working space, and provides knee room, enabling you to sit comfortably while working, on stool described above. Covered with sanitary **Nickeloid** metal. The white enamel interior finish of top section is a feature ordinarily found only on much higher priced cabinets. The metal tilting flour bin, with sifter, has **Queen Anne** art glass front, and holds 48 lbs. We furnish with each cabinet five crystal glass spice jars, and one tea and one coffee jar with metal screw tops. The swinging glass sugar container, holding 10 lbs., has automatic dispensing bottom. Base has roomy kettle cupboard, with metal rack on door for covers, etc. Two drawers for cutlery and linens, and one deep metal lined drawer with ventilated slide cover, for bread or cakes. Removable hardwood cutting board underneath top. Has easy rolling casters, wood knobs and pulls. Closes up tightly, as shown in small picture, excluding all dust. Usual retail value of this cabinet would be from $22.00 to $25.00.

Has New Disappearing Roll Front

$24.90



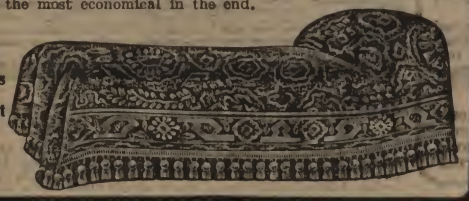
166B8940

Shipped promptly from stock at Chicago

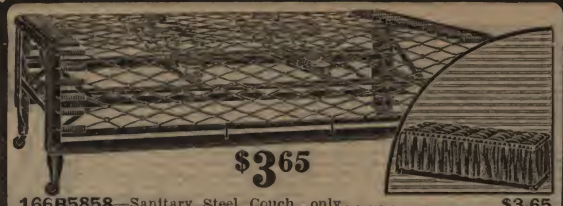
Height over all, 72 in. Size of table top when closed, 40x27 in. Size when extended, 40x36 in. Shipping weight, about 245 lbs.

Made of choice, seasoned hardwood with **Genuine Oak** front, all nicely finished **Golden color.** The top is equipped with metal flour bin with visible front and sifting bottom. Capacity about 32 lbs. Upper cupboard is fitted with artistic **Queen Anne** glass door. The lower compartment has disappearing roll curtain front, a late convenience to be put on kitchen cabinets. Many advertised at higher prices do not have this feature. Swinging glass sugar container, with dispensing bottom, holds 10 lbs. Racks on left door and at back of cabinet, holds crystal glass tea and coffee jars, 3 large and 3 small spice jars and square salt dish. Top section white enameled lined. Kettle cupboard in base has sliding shelf and rack on door for covers, etc. Deep drawer on right for bread or cakes, is metal lined, and has sliding metal cover. Removable cutting board under extension top, which is covered with sanitary **Nickeloid** metal. Trimmed with brushed copper fittings, and wood wheel casters. This cabinet is high grade in construction and finish, and its conveniences will thoroughly satisfy you.

Comfortable, Sanitary Couch-Beds, Davenport-Beds, and Cots



$2.95

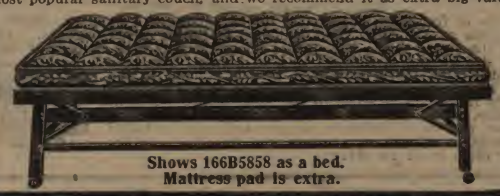


166B5853—Sanitary Steel Couch, only $2.95
166B5855—Elastic Cotton Mattress Pad, to fit; green denim 2.75

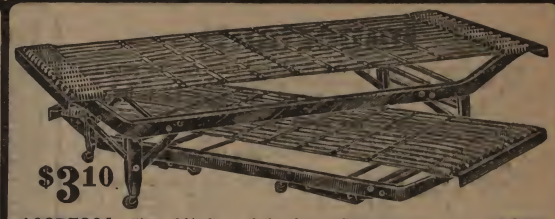
Size as couch, 71x26 in. Size, open as bed, 71x46 in.
Shipping weight, about 60 pounds.

Strong, angle steel frame, finished in gold bronze. Easy rolling steel wheel casters. The two drop sides are securely locked in place by braces when in use as bed. The spring fabric is made of rust resisting steel wire, fastened to frame at both ends by tempered helical springs. Center is reinforced by two rows of spiral springs underneath. Is very strong and comfortable, either as bed or couch. Perfectly sanitary. You will hardly equal this couch-bed in quality for less than $5.00 at retail. It will give exceptional service, considering the small amount you pay for it, but, of course, cannot be expected to last as long as our better couches. You know the best is always the most economical in the end.

Shows 166B5853 dressed as couch. We do not supply couch cover or pillows.



$3.65



166B5858—Sanitary Steel Couch, only $3.65
166B5860—Elastic Cotton Mattress Pad, to fit; green denim 2.95

Size as spring edge couch, 71x26½ in. Size, opened as bed, 71x47½ in. Shipping weight, about 60 pounds.

Frame made of extra heavy 1¼ in. angle steel, finished in gold bronze. **Smooth corners** that will not catch or tear the bedding. Good steel wheel casters. Fitted with the famous Diamond link fabric spring of rust resisting wire, attached to frame at both ends with sensitive helical springs. Center is reinforced by tempered coil springs underneath, double braced corners, which give extra strength. Automatic positive lock securely drops sides into position when being used as bed. The spring is the most comfortable manufactured, and will not sag. Absolutely sanitary. Takes but small space in the room, and when covered with a pretty spread and some sofa pillows, makes a pleasing appearance. This is our most popular sanitary couch, and we recommend it as extra big value.

Shows 166B5858 as a bed. Mattress pad is extra.

$3.10

166B5864—Size, 2½ ft. x 6 ft. 2 in. Cot, only $3.10
166B5867—Size, 3 ft. x 6 ft. 2 in. Cot, only 3.25
166B5869—Elastic Cotton Mattress Pad in green denim, with ruffle as pictured, to fit either size. Pillows not included $2.75

Shipping weight, about 40 pounds.

Strong truss-shaped steel frame, with underslung side rails, which keep spring fabric from striking frame. Braced at every point where strain comes. Folding steel legs, with easy rolling steel wheel casters. Yielding fabric spring attached to frame by helical coil springs at both ends. Perfectly sanitary. Folds in small space when not in use. It makes a comfortable single bed, or when dressed as couch as suggested by the picture below, is very desirable for den or living room. Our price for mattress pad does not include pillows pictured. Just the thing for a small bedroom for one person. Will last for years, and is very inexpensive.

The Famous Englander Convertible Couch-Bed, $12.75 to $19.50

As a couch, drapery not included.

Partly open.

$19.50

As a bed

The Englander is probably the largest selling couch-bed in the world today. It is the article so widely advertised in all the leading magazines, at prices considerably higher than ours. There is a reason for the large sales, and that reason is that the Englander is the most comfortable and desirable article of its kind that is manufactured. It serves you twenty-four hours of the day. Closed for the day and covered with a pretty couch spread it makes a roomy, rest-giving, spring edge couch, and will add much to the attractive appearance of any room. A single motion is all that is needed to transform it into a luxurious double bed. It is sanitary, and noiseless in operation. It has the celebrated National link fabric spring, secured to the frame by steel helical springs at each end. The frame is heavy gauge steel angles, braced at corners, and finished in gold bronze. Equipped with steel wheel and ball bearing casters.

It is only sold complete with special mattress, which is filled with selected **Genuine White Cotton**, and covered with green denim on the outside, and good quality bed ticking on the inside.

Quality, comfort, dependability and ease of operation have made the Englander the best known couch-bed in the world. Whether you purchase from us or elsewhere you will receive the same high grade article, but if you purchase from us you will save money.

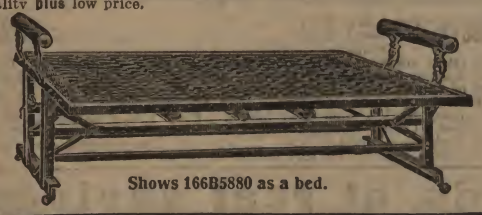
66B5871—Style A. Size as couch, 74x26 in. Size as bed, 74x48 in. Has no wardrobe box. Our price, complete, with Elastic Cotton Mattress; weight, 25 pounds **$12.75**

66B5873—Style B. Size as couch, 74x30 in. Size as bed, 74x54 in. Extra large, making full size double bed. Very heavy and substantial. Has no wardrobe box. Complete, with Elastic Cotton Mattress; weight, 32 pounds **$15.75**

66B5878—Style C. Size as couch, 74x26 in. Size as bed, 74x48 in. Shipping weight, about 135 pounds. Fitted with dust-proof wardrobe box of California redwood; length, 67¾ in.; width, 24½ in.; depth, 6½ in. This wardrobe is a very desirable feature. Our price, complete, with Elastic Cotton Mattress; weight, 30 pounds **$19.50**

$5.95

166B5880—Steel Davenport-Couch alone, with arms as shown $5.95
166B5882—Steel Davenport-Couch alone, without arms . . . 5.15
166B5886—Elastic Cotton Mattress Pad, in green denim, ruffled 3.15
166B5889—Elastic Cotton Mattress Pad, in denim, without ruffle 2.95



Size of seat as Davenport or Couch, 71½x21¼ in.
Size as bed, 71½x49½ in.
Shipping weight, about 70 pounds.

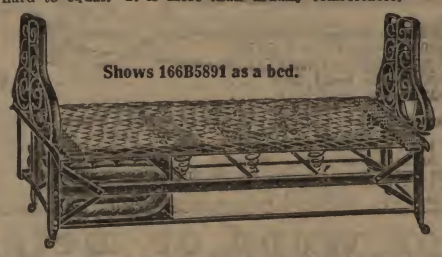
This combination Davenport-Couch can be quickly converted into single or double bed. The frame is made of 1¼-inch angle steel, double braced, and finished in gold bronze.

The spring fabric is the famous Diamond link, made of rust-resisting wire, and fastened to frame at each end by tempered helical springs. The center is reinforced underneath by nine spiral coil springs, which add greatly to the comfort, and prevent sagging.

The arms are made of **Oak** in the Golden finish. May be used as a spring edge couch by dropping back to same position as front wing. Has easy rolling steel wheel casters.

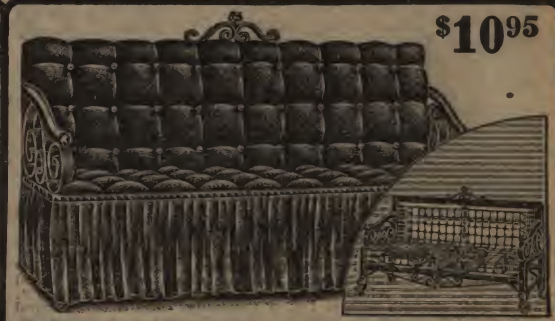
This is an exceedingly useful, comfortable article, and when fitted with ruffle pad and pretty sofa pillows, looks very nice in a room. It is simple in construction, and very strong and durable. We know of no better value anywhere; by good value we mean high quality **plus** low price.

Shows 166B5880 as a bed.



$7.40

166B5891—Gold bronze dull black finish, with clothes holder $7.90
166B5893—Without clothes holder (**mention finish**) 7.40
166B5896—Cotton Mattress Pad, in denim, with ruffle . . . 3.15
166B5898—Cotton Mattress Pad, in denim, without ruffle . 2.95



Length over all, 74 in. Size of seat as Davenport, 72½x24 in.
Size as bed, 72½x49 in. Shipping weight, about 80 pounds.

This steel sanitary Davenport Bed, when transformed into a bed, has head and foot entirely across each end, which are formed by the arms. This is a very desirable feature.

The frame is made of 1¼-inch heavy angle steel, finished either gold bronze or dull black. We send gold bronze unless you mention otherwise. Good casters. Fitted with the Diamond link fabric, attached to each end by helical coil springs. Nine sensitive spiral springs underneath support center of bed. Made with or without clothes holder pictured. You will find this holder very convenient for holding the bedding during the day. Considering size and the dependable construction, this modern Davenport Bed is a value hard to equal. It is more than usually comfortable.

Shows 166B5891 as a bed.

$10.95

166B5901—Steel Davenport Bed only, without mattress pad $10.95
166B5903—Elastic Cotton Mattress, in denim, with ruffle. 3.15
166B5905—Elastic Cotton Mattress, in denim, without ruffle 2.95

Length over all, 74 in. Size of seat as Davenport, 72x27 in.
Size as Bed, 72x48 in. Shipping weight, about 85 pounds.

This is the best sanitary steel Davenport Bed we know of. It has heavy arms, made of heavy **Genuine Brass** tubing, supported by gilded steel scrolls. The frame is made of heavy angle steel, with ornamental scrolls at top of back, and in front, and lion head castings on the legs, which are fitted with easy rolling casters. It has the well known National link fabric spring, attached to each end by helical coil springs. The center is supported by 12 tempered coil springs. You may have it with the frame finished oxidized or gold bronze, as you desire, but **be sure to mention finish** wanted, otherwise we send the oxidized. A very important feature of this Davenport Bed is that it has full spring edge and back when in use as a Davenport, and is also very comfortable as a bed. It will stand the test of constant usage, presents a very attractive appearance, and is economical, when you consider its durability.

Shows 166B5901 as a bed.

$1.19

166B5907—Size, 2½x6 ft. $1.19

Shipping weight, about 60 pounds.

Extra strong angle steel frame, with braced legs which fold flat. Height of head, 24 in. Sanitary link fabric spring, attached to frame with oil tempered helical springs. Comfortable and almost indestructible. This all steel cot costs but a trifle more than wood and will give several times the service.

Ideal Camp Cot

166B5944—Price, complete, only **$2.25**

Shipping weight, about 15 pounds.

This is an ideal cot for camp or home use, because it combines strength with lightness and durability. When opened makes bed 2 ft. 4 in. wide and 6 ft. 5 in. long. Has three sets of supporting legs of strong hardwood, reinforced with pressed steel fittings. Covered with heavy duck canvas. Pillow head is not filled but can be stuffed with moss or grass. Folds, without any separation of parts, into small bundle, 36x4x5 inches.

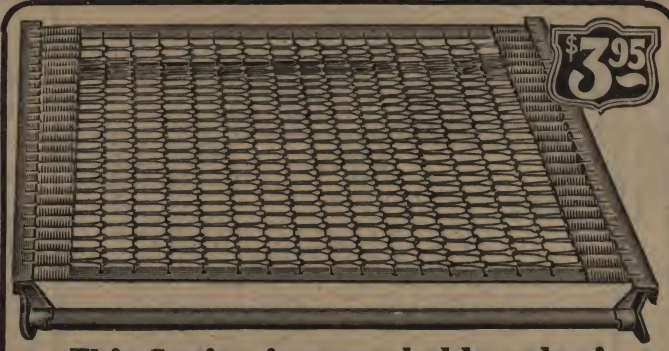
Note our very reasonable prices on high grade Body Brussels Rugs

Sanitary, comfortable, steel frame Springs for me... wood be...

Important!

Any spring on this or the following page can be supplied to fit beds in the four standard widths, viz.: 4½ ft., 4 ft., 3½ ft., or 3 ft., unless stated otherwise in individual descriptions.

In ordering springs for metal beds, give us the extreme OUTSIDE width, in inches, from rail to rail.

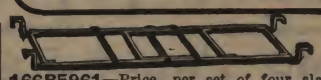


In ordering springs for wood beds, give us the length of the bed slats, in inches.

Standard beds, of whatever width, are 76 inches long. If your bed is standard in length, you need not mention this dimension. For special length beds, give **inside** measurement, from head to foot, in inches.

66B5951—For metal beds **$2.28**
66B5953—For wood beds **2.28**
Shipping weight, about 45 pounds.

Strong angle steel frame, reinforced at corners, and finished in black Japan. Spring fabric is patented straight link style, made of rust resisting wire, and fastened to frame at each end by 28 sensitive steel helical springs. This spring has strength, comfort, and equal distribution of weight. Durable and very inexpensive. Perfectly sanitary. Usual retail value about $4.00.



This Spring is remarkable value!

66B5957—For metal beds **$3.95**
66B5959—For wood beds **3.95**
Shipping weight, about 60 pounds.

Pipe sides of frame are heavy steel tubing, diameter 1½ inches, firmly attached to heavy angle steel ends by stout, patented malleable corner castings. These castings raise the spring fabric SIX inches above the side rails of bed. Frame is very rigid and strong, and is finished in gold bronze. The patented straight link fabric of tinned wire is secured to the frame by 28 oil tempered helical springs at each end. The sides of the fabric are attached to flat steel bands, reinforcing the edge, where the most strain comes. This spring is adapted for persons of different weights and will be found very comfortable as well as sanitary and durable. Springs no better often retail for $7.00.

Shows improved corner

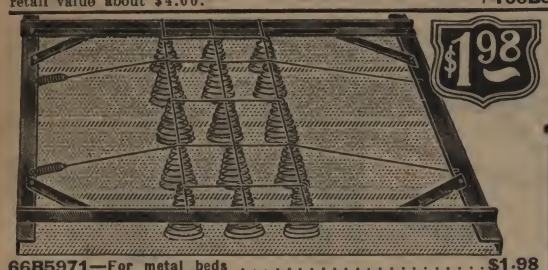
166B5961—Price, per set of four slats **$1.45**

Adjustable metal slats, for supporting wood bed springs in metal beds. Can be adjusted to fit any metal bed. Well made and strong. Shipping weight, about 30 pounds.

Important!

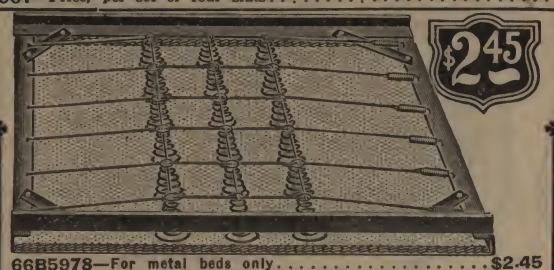
Springs for metal beds are slightly different in construction than those for wood beds.

SPRINGS FOR METAL BEDS are made with extended ends, which rest on the side rails of the bed, and require no slats.



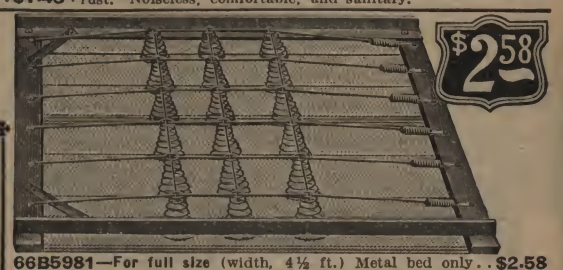
SPRINGS FOR WOOD BEDS are made to fit inside the bed rails (with space to tuck bedding all around) and rest on the slats. Wood bed springs may be used on metal beds if you have a set of adjustable metal slats, such as those described below.

All Springs Shipped from Chicago



66B5965—For metal beds **$3.95**
66B5967—For wood beds **3.95**
Shipping weight, about 43 pounds.

Side rails are 1 5/16 inch steel tubing. Ends are 2 inch angle steel bars. Corner castings raise spring top 4½ inches above side rails. Frame finished in gold bronze. Improved spring fabric, made up of heavy gauge steel wires, and round edged flat steel bands ⅝ inch wide. Each edge has two flat steel bands, riveted to the crosswise bands, forming a truss-brace construction that greatly strengthens edges. 25 helical springs at each end. Fabric heavily galvanized to prevent rust. Noiseless, comfortable, and sanitary.

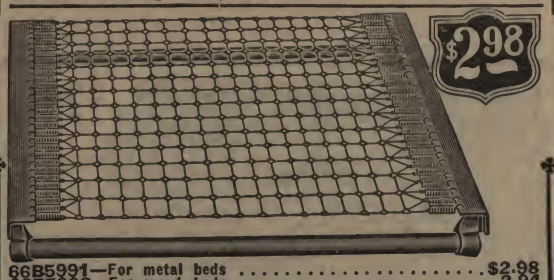


66B5971—For metal beds **$1.98**
66B5973—For wood beds **1.98**
Shipping weight, about 37 pounds.

An all steel, sanitary spring at less than the usual price of the old style, wood frame kind. Angle steel frame, strongly braced at corners and finished in black Japan. Spring fabric is alternate single and double pencil woven wire, tinned to resist rust, with heavy cable wire edges. Reinforced by support of 15 cone-shaped spirals of coppered wire, held in place by strong wire cables, with helical springs at one end. Retail value about $3.50.

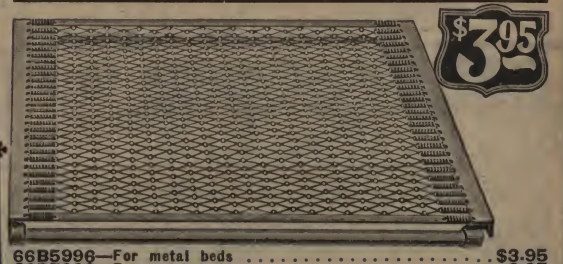
66B5978—For metal beds only **$2.45**
Shipping weight, about 45 pounds.

Strong, sanitary frame, constructed entirely of angle steel. Firmly braced at corners, and finished in black Japan. Spring fabric is heavily tinned, rust resisting mattress wire, alternate single and double weave, with cable edge. Support consists of 18 spiral coils, locked in place by three crosswise and three lengthwise wires, and fastened to frame with helical springs at one end. Strong, yet elastic. Cannot sag. Exceptional value.



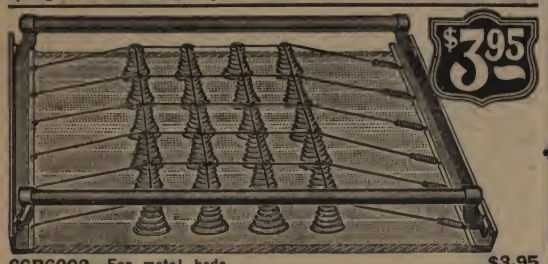
66B5981—For full size (width, 4½ ft.) Metal bed only .. **$2.58**
Shipping weight, about 45 pounds.

Angle steel side rails, solidly bolted to wood end bars which are covered with sheet metal, and braced at two corners. Frame finished in black Japan. Fabric is fine quality mattress wire, closely woven, and securely fastened to ends with metal strips. Reinforced by support of 18 spiral coils, which are locked in position by 6 lengthwise and 3 crosswise heavy cable wires. Support attached to frame at one end by helical springs. Strong and comfortable.



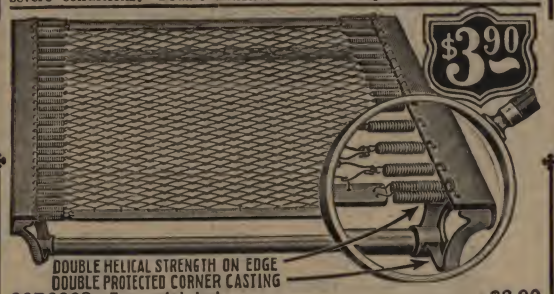
66B5987—For metal beds only **$3.20**
Shipping weight about 50 pounds.

Heavy steel tubing side rails, diameter 1 5/16 inches, locked in strong corner castings which are riveted to angle steel end rails. Frame finished in rust resisting black Japan. Fabric is fine quality of heavily tinned mattress wire, alternate single and double pencil weave, with edges reinforced by heavy woven cable. The support, which adds strength without loss of flexibility, consists of 18 spiral coils securely locked in position on heavy cable wire foundation, and fastened to frame at one end by six helical springs. A splendid spring at a real saving in price.



66B5991—For metal beds **$2.98**
66B5993—For wood beds **2.94**
Shipping weight, about 45 pounds.

This spring has the celebrated NATIONAL LINK FABRIC. This fabric has a heavily retinned finish to prevent rust, and retains its color indefinitely under ordinary conditions. Twenty-nine sensitive oil tempered springs at each end attach the fabric to the frame. Steel tubing sides, diameter 1¼ inches, are locked in corner castings which are rigidly riveted to angle iron end bars, making a frame that will remain serviceable and sanitary for years, even under severe conditions. Frame finished in black Japan.



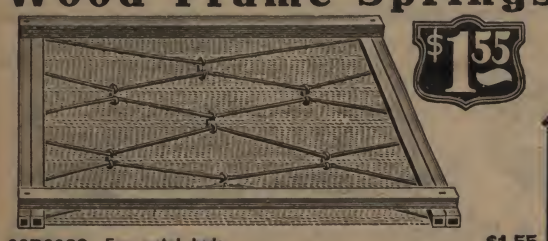
66B5996—For metal beds **$3.95**
66B5998—For wood beds **3.95**
Shipping weight, about 46 pounds.

The diamond-shaped "Wishbone" fabric used in this spring is non-sagging and noiseless. The shape of the wire links distributes weight evenly to the sensitive helical springs on each end, and makes a soft, pliable, level, and restful bed. This fabric is heavily tinned to prevent rust. The frame is made up of steel tubing side rails, diameter, 1 5/16 inches, fastened by corner castings to angle steel end bars. The frame is finely finished in gold bronze. This is the genuine "Diamond" spring advertised widely at a much higher price.

66B6002—For metal beds **$3.95**
66B6004—For wood beds **3.97**
Shipping weight, about 52 pounds.

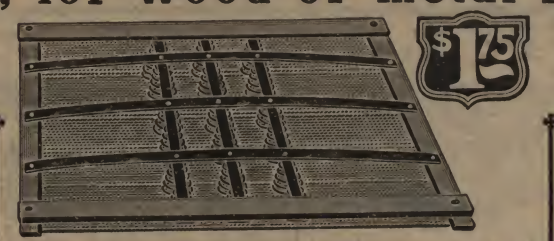
This comfort spring has an improved corner casting which elevates the top of the fabric six inches above the side rails, giving box spring advantages. Side tubing, diameter, 1 5/16 inches. Heavy angle iron ends. Frame finished in gold bronze. The spring fabric has a heavily tinned, rust resisting finish, and is double weave pencil woven wire, with woven cable edge. Supports consists of 24 spiral coils, firmly locked in place on strong foundation wires, which are fastened to frame at one end with six helical springs, which tend to relieve extra strain. Usual retail value about $6.50.

66B6008—For metal beds **$3.90**
66B6010—For wood beds **3.95**
Shipping weight, about 54 pounds.



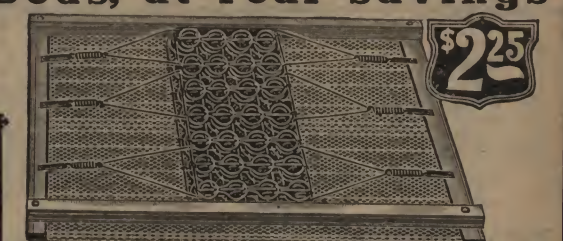
Enlarged portion of illustration clearly shows details of construction. Heavily tinned "Wishbone" spring fabric, with 1½ inch metal band attached to double helicals, to strengthen each edge. Extra heavy tubing sides, diameter, 1½ inches. Improved corner castings which elevate spring top six inches above side rails. Frame finished in gold bronze. Cannot sag. Very comfortable. Absolutely sanitary. 29 helical springs on each end.

66B6012—For metal beds **$4.75**
66B6014—For wood beds **4.90**
Shipping weight, about 55 pounds.



The latest achievement in comfortable bedspring construction! This spring has an exceptionally flexible, strong top, made up of twisted cables of tinned wire. Bound together at intervals with metal clips, and fastened at each end to sensitive helical springs. Edges made extra strong by 1½ inch steel bands. Steel tubing sides, diameter 1½ inches. Corner castings, height 6 inches. Angle iron end bars. Frame finished in gold bronze. A light and heavy person can sleep together with comfort on this spring, and not roll to the center.

Wood Frame Springs, for wood or metal Beds, at real savings



66B6022—For metal beds **$1.55**
66B6024—For wood beds **1.55**
66B6026—Same as above except without cable support .... **.98**
Shipping weight, about 37 pounds.

Frame of strong, hard maple, bolted at corners. Varnish finish. Spring fabric single weave tinned mattress wire. Support consists of six solid wire cables, locked together in diamond shape by steel clips. Very elastic, comfortable, and durable, considering the low price, but we think it real economy to pay a little more and get one of our better steel frame springs.

66B6030—For metal beds **$1.75**
66B6032—For wood beds **1.75**
Shipping weight, about 41 pounds.

Frame made of select hard maple, varnish finish, with securely bolted corners. Fabric is tinned finish single weave mattress wire, fastened by improved method which insures that it will always stay tight. Reinforced by support of 15 spiral springs, which rest on foundation of wood cross slats and steel bands. The best, most serviceable and comfortable low priced spring we know of.

66B6036—For metal beds **$2.25**
66B6038—For wood beds **2.25**
Shipping weight, about 43 pounds.

A first class wood frame spring. Frame of choice hard maple in varnish finish, with bolted corners. Spring fabric is fine quality single weave tinned mattress wire, securely fastened between improved two-piece end rails. Support has 28 spiral coils, black Japan finish, and is secured to frame by helical springs at both ends, as illustrated. Makes a non-sagging, yet soft and pliable bed.

Save the most money by buying your Brass Bed from our color pages

Strong, durable Coil Bed Springs at very low prices

Low priced, but good

66B6040—For wood beds only.....$1.45
Shipping weight, about 23 pounds.
Made of double cone springs of medium weight steel spring wire, held in position at top and bottom by interlaced wires running lengthwise and crosswise. Black japan finish. Full size has 120 spirals, other sizes in proportion. Can be used either side up. A very satisfactory spring for persons of light and medium weight. If desired for use on metal beds, you should have a set of adjustable metal slats, such as 166B5961, shown on preceding page.

66B6042—For wood beds only.....$2.50
Shipping weight, about 30 pounds.
Made in same style as 66B6040, listed above, but heavier, better spring wire is used, making it stronger and more comfortable for general use. Black Japan finish. Can be used on metal beds if you have adjustable metal slats.

Solid Comfort Steel Coil Spring

$3.48

66B6045—For Metal Beds....$3.48 **66B6047—For Wood Beds....$3.48**
Shipping weight, about 55 pounds.
This spring is made with a strong steel truss bar foundation, on which the highly tempered spiral coils are locked in position. The tops of the springs are interlaced and locked together with flexible wires running lengthwise and crosswise. Full size has 120 spirals, other sizes in proportion. The method of fastening the coils makes a durable, comfortable spring bed. Black enamel finish. Designed for use on metal beds without slats. For wood beds, ordinary wood slats are used. Retail value, about $6.00.

Exceptional value

66B6049—For metal beds.....$5.65
Shipping weight, about 50 pounds.
No slats required. Overhanging, hookless, security rail of steel bands supports spring by resting on side rails of bed. Tops of the spiral springs held firmly and permanently in place by stout steel clasps and dented, lengthwise tie wires. This makes very flexible, noiseless hinge joint, and adapts spring for persons of greatly varying weights. Steel truss bar foundation. Black Japan finish.

66B6051—For wood beds.....$4.40
Shipping weight, about 23 pounds.
Reversible, flexible coil spring, similar to above, with "Wish Bone" shaped bracing, for wood beds. Either side may be used. Requires slats. Black finish.

66B6053—For metal beds.....$6.55
Shipping weight, about 70 pounds.
A real double deck spring, made with two sets of spiral steel coil springs, one above the other, and a strong steel truss bar foundation. Steel hooks riveted to the foundation, rest on side rails of bed, to support spring, and hold it in place. No slats are needed. Top is very flexible, yet firm. Suitable for persons of any weight. Durable and comfortable. Black Japan finish.

66B6055—For wood beds.....$4.95
Shipping weight, about 45 pounds.
The same double deck spring, but made without the steel cross bars and hooks, so that it may be used on wood beds, with ordinary wood slats.

66B6057—For Metal Beds, no slats required.....$6.88
66B6059—For Wood Beds, requires ordinary wood slats.. 6.88
Shipping weight, about 65 pounds.
The most important feature of this **"King of Bed Springs"** is the cross helical springs which connect the top coils, enabling two people of greatly varying weight to occupy the same bed without rolling to the center. Full size has 99 highly tempered spirals, with heavy wire cable on edge to prevent bumping side rails, when sitting on edge of bed. Absolutely noiseless. Japan finish. All the comfort of a box spring at half the cost. Small illustration shows details of construction.

66B6061—For Metal Beds, no slats needed.....$4.90
Shipping weight, about 48 pounds.
A very superior single-deck spring for people of light and medium weights. Has the link-faced, hinge-joint surface, and overhanging security rail with steel truss bar foundation, absolutely preventing falling through the bed. Many improvements not found in others of its class. Black Japan finish. Remarkable value for the money. Ordinarily sells in retail stores for about $7.00.

66B6063—For Wood Beds, requires wood slats.....$3.65
Shipping weight, about 25 pounds.
The same spring as above, but made without steel slats or overhanging edge, so that it is adapted for wood beds.

Imperial Brand Feather Pillows and Bulk Feathers

Down Cushions

Size, inches	16x16	18x18	20x20	22x22	24x24
Price, each	70c	75c	$1.20	$1.40	$1.75

Our feathers, both in the bulk and those in the pillows, are clean, sweet, pure, odorless and dustless.

Feathers, when plucked from the fowl contain more or less impurities. The fibres are full of dirt, dust and sand. The hollow of the quill is filled with living animal matter, and a certain amount of oil naturally adheres to the quill when plucked from the fowl. Unless these substances are removed and sterilized, they develop germs, making such feathers unsanitary and giving off an unhealthy odor.

Our method of curing and purifying feathers removes all animal matter and impurities and consequently we can and do assure you our feathers are absolutely sanitary and odorless.

Two pounds of feathers cured and prepared by our process make a fuller, fluffier and more comfortable pillow than the same amount of feathers prepared by other methods.

The buoyancy and springiness, the sanitary preparation, and the quality of the ticking and workmanship of our pillows are essential features in which we excel. Yet these **good** pillows are priced very low.

The Process by Which Our Feathers are Cured, Assures Satisfaction to our Customers

Our feathers and pillows contain no shoddy, cotton or other substitutes, and we positively use no feathers in the raw state. Our lower grades of feathers and pillows are subjected to the same sterilizing, deodorizing process as our best grades.

Bulk Down

166B6073—A choice, mixed, light and dark gray Duck Down. Sweet, clean, odorless. Price, per lb.....88c

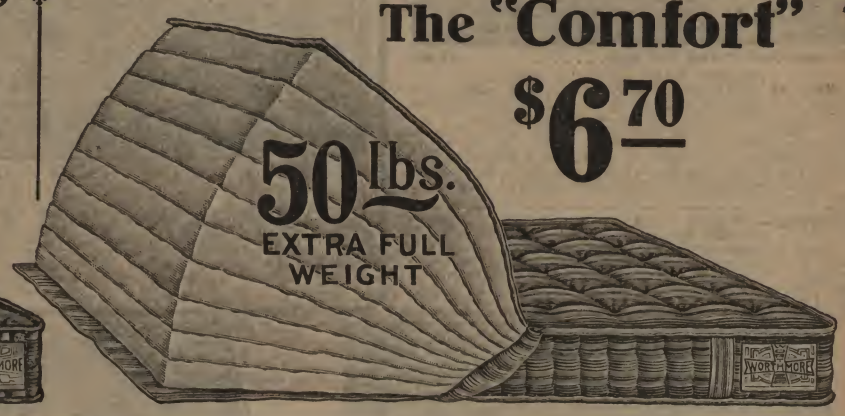
Sanitary—Clean—Durable

Cotton Felt Mattresses

"Worthmore" in name and reality



The "Elmore"

$5.70

The "Comfort"

$6.70

Attractive floral Art tick

The "Elmore" Mattress is a quality mattress for little money. It is made of sanitary, unbleached **Genuine Cotton Felt**, laid in uniform layers. The ticking is a dependable quality, in a pretty floral art stripe design that you will like. It has firmly stitched edges. Biscuit tufted. Handles on both sides for easy lifting. An important point that should not be overlooked is that in the full size it is 50 pounds, extra full weight, which is five more than a standard weight mattress. It will not lump up, and will give exceptional service, considering the low price at which it is sold. In fact, it is in every respect the equal of mattresses ordinarily retailing elsewhere at $8.00 and even $10.00. Perfectly sanitary. Packed for shipment in heavy paper and new burlap, so that it will reach you safely.

This label is an assurance that the Mattress it is on, is "Worthmore" in name and reality.

Will give dependable service

In making the "Comfort," nothing is used but 100 per cent pure **Genuine Cotton Felt**, of a good, unbleached grade. The cotton is picked into loose shreds, then carded and felted in sheets of uniform thickness, by improved machinery. The mattress is then built by piling these layers evenly one above the other, compressing them to a fraction of their original thickness, and encasing them in the tick. As the fibers of the cotton are interwoven in every layer over the entire mattress, each tiny fiber adding its share of buoyancy to the whole, you are assured of a billowy mattress that cannot lump up, spread out, or mat. The ticking used is an extra fine quality, closely woven, in a pleasing stripe design. Biscuit tufted. Stitched edges. Round corners. Handles on sides for lifting about. 50 pounds, extra full weight. All the mattress value you could buy for $10.00, or more elsewhere.

Any Mattress made in two parts, divided crosswise, for 35c extra

"Peerless"

$7.65

"Purity"

$9.65

Imperial Roll Edges and heavy tick

We invite the closest comparison of quality and workmanship on this "Peerless" mattress. **We know** that nothing but select quality materials are used in making it. After you have slept on it awhile **you will know** that there is a big difference in mattresses, in favor of the "Peerless." Or, you might ask your neighbor what they think of their "Peerless." We have sold so many thousands of this mattress in every nook and corner of the country, that it is more than likely that one or more of your neighbors are among the large number of enthusiastically pleased customers who have purchased one.

This label is an assurance that the Mattress it is on, is "Worthmore" in name and reality.

A quality Mattress at a saving

Sleeping on a "Purity" mattress means refreshing rest. Soft and yielding, it supports every part of the body like a big pillow. And it will remain soft and comfortable, even after long service. It will not mat nor lump up. It can't. By the use of improved machinery, the tough, springy fibers of the cotton are fleeced and felted into layers. As all the fibers are interlaced with each other, and the sheets of cotton compressed to uniform thickness, the mattress cannot spread or pull apart in places.

A very high grade of cotton, sanitary, and pure white, is used for the "Purity." Fifty pounds of it—five pounds more than is used for the standard weight mattress—gives the "Purity" extra thickness and durability. It is covered with an exceptionally durable, closely woven tick, which has stripes of blue and tan in alternating groups. Made with full IMPERIAL ROLL EDGES on both top and bottom, and round corners. Evenly biscuit tufted, and securely tied. Handles on both sides for lifting.

You will find, as thousands of others have, that the "Purity" is every bit as luxurious, attractive, and durable as mattresses which are widely advertised elsewhere for $15.00. You save the difference in price, that's all.

The "Peerless" mattress is built of clean, new, sanitary natural white cotton, which is felted into many springy, uniform layers. The ticking is a superior quality, tan and gray stripe design. IMPERIAL ROLL EDGES and round corners add much both to the appearance and durability of the mattress, as they help to keep it in shape. The sides are closely stitched and handles for lifting are provided on both sides. The box style edge is full 4 inches thick. The 50 pounds, extra full weight, makes an extra thick mattress. You will like the "Peerless" so much that, after you have slept on it six months, you would rather have the mattress than the money you paid for it. $12.50 would not buy bigger value in the ordinary store.

You will really rest

If you sleep on either the "Waldorf" or "Snowdrift."
Sanitary, comfortable, attractive. Desirable for the best homes

13 Fluffy Layers

Soft and Buoyant

$10.45

The "Waldorf"

This is the same good mattress that we have sold to thousands of delighted customers for $11.95. Cotton costs less now than then, and you get the benefit.

50 Pounds

Extra Full Weight

This splendid "Waldorf" Mattress will give you years of service

Sleep is one of the prime necessities of life. If we would live long, we must be sure that our sleep be restful, healthful, and invigorating. This "Waldorf" Cotton Felt mattress has been proven by many thousands of our customers to supply these essential conditions. It is sanitary, non-absorbent, comfortable, and will never get lumpy. When you have a "Waldorf" on your bed, you will be as proud of it as we are, for it looks as restful and inviting as it really is. The filling is 100% pure felted cotton, and we guarantee it to comply with the pure bedding laws of all states.

Price	$10.45	$9.80	$9.15	$8.35	$5.10	$6.55	$8.55

The "Waldorf" is built up of 50 pounds of pure white, fluffy, felted **Genuine Cotton,** laid in layers of uniform thickness. This is 5 pounds heavier than the standard mattress, and this extra weight means extra service you will get. It is encased in a French Art design ticking of extra fine quality, very closely woven. It is evenly diamond tufted, has round corners, and is finished with an **Imperial Roll** edge all around, both top and bottom. This style edge keeps the mattress in shape.

Two handles on each side make it easy to lift about. Being made of long fibre, springy, **Genuine Felted Cotton,** the "Waldorf" never requires any remaking, and it positively will not lump up. It should have a good sun bath occasionally; this will give it new life and freshness. It will remain soft and elastic, and a night's sleep on it will give real rest to tired bodies. All of our mattresses are packed in heavy paper and new burlap, to insure reaching you safely.

Any Mattress made in two parts, divided crosswise, for 35 cents extra

Aside from the exceptional comfort you gain from the possession of a "Waldorf," it is really one of the most economical mattresses you can buy. The first cost is but a few dollars more than the cheaper grades, while you will receive several times the service from it. We sell thousands of the "Waldorf" every year, and because we do sell thousands of this one mattress, we can give you for $10.45 the same quality that other places ordinarily sell for $15.00. The "Waldorf" really costs so little that hardly a family can afford to do without one.

"Snowdrift"

$11.95

Equal quality sold in retail stores as high as $18.00

50 Pounds

Extra Full Weight

This "Snowdrift" Mattress is luxuriously soft and downy

What it is made of

Pure white cotton, fleeced, felted, and drawn into fluffy, downy layers, is used for the filling of the "Snowdrift." These buoyant layers are evenly laid one above the other, then the whole pile of springy, layer cotton, several times higher than the thickness of the finished mattress, is compressed and encased in the ticking. We have given the matter of ticking special attention, and have selected for the "Snowdrift" one of the finest ticks we could secure. It is extra heavy and durable, of an unusually close weave, and is made in a pleasing French Art design, with blue color predominating. In making up the tick, it is sewed on special mattress machines in a manner that prevents ripping. The box style edges of this mattress are full five inches wide, making the mattress extra thick. As explained above, the "Snowdrift" is five pounds heavier than the standard weight mattress.

Size Bed, ft.	4½x6½	4x6½	3½x6½	3x6½
Weight, lbs.	50	45	38	33
Price	$11.95	$11.30	$10.65	$9.85

Any Mattress made in two parts, divided crosswise for 35c extra

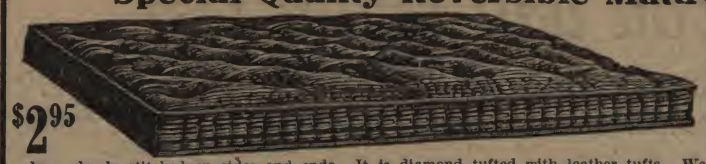
When you purchase the "Snowdrift," you are buying real comfort for that large portion of your life which you spend in bed. It is healthful to sleep on, sanitary, non-absorbent, and extremely comfortable. It never requires remaking, but a sun bath once in a while will give it added life and buoyancy. No cotton felt mattress can be made with greater care, or of better materials than the "Snowdrift," so why pay anybody more than we ask for it. You are practicing real economy when you buy a "Snowdrift," for it will give several times the service of the cheaper grades and be more comfortable and attractive in appearance all the time you have it. It is the most comfortable, durable mattress that years of experience have taught us how to make.

How it is made

One of the important features which insures that the "Snowdrift" will give long service, is the extra layers put into the center of the mattress. With some mattresses, the center flattens soon after the mattress is used. In building the "Snowdrift" the center is made thicker than the edges, so that after use it will make a level, comfortable bed. This one feature alone is worth a great deal. None but the most experienced mattress makers work on the "Snowdrift." It is evenly and deeply tufted, and the tufts securely tied so they will always remain in place. The **Imperial Roll Edge,** which keeps the mattress in shape, is made by hand sewing a part of the fibrous cotton into a roll around both edges. **The Round Corners** greatly improve the appearance and durability of the mattress, and make it easier to make up the bed. **Handles** on both sides are a great convenience when lifting the mattress.

Look up our line of Mattress Protectors. Furniture pages

"Perfection" Brand Guaranteed Quality Mattresses



Absolutely clean, new materials, and nothing else, are used for these mattresses. The ticks are of dependable quality, sewed with **French Seams** so they cannot rip. The layers of cotton are made from 100% clean, new, unbleached stock, thoroughly sterilized, and felted by improved machinery into uniform layers. Our enormous volume of business is the only thing that makes possible such low prices as we quote on quality goods.

Imperial Roll Edge. We recommend the selection of mattresses made with this style edge, as they are heavier, will keep their shape better, and make a better looking bed when it is dressed.

Our Guarantee. Every one of these mattresses is sold under our liberal guarantee as printed in the front of this book. We could not afford to make such a guarantee if we did not have confidence that you will be pleased.

Special Quality Reversible Mattress

$2.95

The center filling is best white basswood excelsior and the top and bottom are overlaid with thick sheets of clean new cotton and the ticking used is of good quality. It has the welted edges, closely stitched on sides and ends. It is diamond tufted with leather tufts. We consider it one of the best values we have at the price.

Important—All mattresses appear a little short when first unpacked, on account of having been rolled, but they will lengthen to proper size after a little use.

Sea Moss—This is a springy, resilient, pure vegetable fibre that grows at the bottom of the sea. The name "Canadian Sea Moss" means the best grade procurable. It is absolutely sanitary.

Packing—All our mattresses are first wrapped in heavy new express paper, then covered with new heavy burlap, insuring delivery to you in clean and perfect condition.

In ordering be sure to give size of bed. We will furnish any mattress on this page in two parts, divided crosswise, for 25c extra. They are much more convenient to handle in this way. We also charge 25c extra for hinged mattresses, for use in folding beds.

Our "Montgomery Ward" Special

$3.65

45 pounds, full weight, in full size. Stripe twill tick. Diamond tufted. Stitched edges. Tufted ends and sides. Center is filled with selected springy, curled, hand cleaned, Tennessee corn husks, absolutely free from cobs. Above and below the center is a layer of fibrous fine excelsior. The outer layer on both top and bottom is a thick sheet of clean, new **Genuine Felted Cotton.** This makes the mattress reversible, so that either side may be used, thus doubling its value. The ticking is of a strong quality, carefully sewed. Deeply diamond tufted on both sides, with **Genuine Leather** tufts. Usual retail value about $4.25.

Money-Saving Values in Sanitary Mattresses and Box Springs

"Dreamland" Cotton Felt $4.95

Full size weighs 45 pounds. French pattern Art Ticking. Welted edges. Biscuit tufting. Stitched sides.

We have succeeded in closing a large contract for several thousand Mattresses at the lowest price we ever paid for such a good quality. You benefit by our lucky purchase, as our price is probably only a little over half what you would be asked to pay elsewhere for equal value. The mattress is soft and comfortable, built up of twelve uniform layers of fluffy unbleached **Cotton Felt**, covered with a dependable grade of Floral Art design, drill ticking. Biscuit tufted, with high grade Italian twine and wool tufts. Sides are firmly secured with two rows of stitching. Handles make it easy to lift about. It will not lump up, and is both attractive and durable.

66B6651—For bed 4½ ft. wide; weight, 45 lbs. Price $4.95
66B6667—For bed 4 ft. wide; weight, 40 lbs. Price 4.70
66B6668—For bed 3½ ft. wide; weight, 35 lbs. Price 4.35
66B6675—For bed 3 ft. wide; weight, 30 lbs. Price 4.35

"Restwell" Cotton Felt $5.45

Full size weighs 45 lbs. French pattern Art Ticking. Welted edges. Stitched sides. Biscuit tufting. Round corners.

This mattress is filled with a select grade of long fiber, new, unbleached cotton felt, which is laid in uniform layers from end to end, and side to side. It will not lump up. The ticking is a durable quality, closely woven, and a very pretty, fancy Art design. It is evenly and deeply tufted with strong Italian twine and cotton tufts. The ticking is sewed with French seams, making it impossible to rip, and two rows of stitching on the sides help greatly to keep the mattress in shape, and give it longer life. Handles for lifting are provided on both sides. Many mattresses no better bring from $8 to $10 at retail.

66B6689—For bed 4½ ft. wide; weight, 45 lbs. Price $5.45
66B6691—For bed 4 ft. wide; weight, 40 lbs. Price 5.40
66B6693—For bed 3½ ft. wide; weight, 35 lbs. Price 5.35
66B6697—For bed 3 ft. wide; weight, 30 lbs. Price 5.30

The "Pilsen" Cotton Felt $5.80

Full size weighs 47 lbs. Durable stripe ticking. Welted edges. Stitched sides. Biscuit tufting.

Nothing but new, sanitary, unbleached **genuine Cotton Felt,** in even, fluffy layers, is used for this mattress. The long, strong fibers of the **Cotton Felt** gives buoyancy and comfort to the mattress, and will not lump. The ticking will give good service, and is also very attractive and clean looking. The biscuit tufts are evenly laid, and secured with strong Italian twine, and cotton tufts. Ticking being sewed with French seams, cannot rip. Two rows of stitching on the edges are a valuable help in making the mattress give long service. This is an exceptional mattress value, and one that will please you in every way. Usually retails from $8.50 to $10.00.

66B6706—For bed 4½ ft. wide; weight, 47 lbs. Price $5.80
66B6708—For bed 4 ft. wide; weight, 40 lbs. Price 5.60

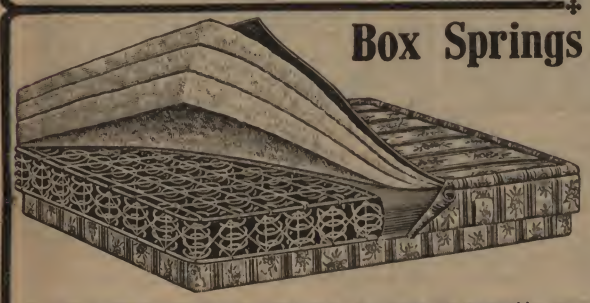
66B6712—For bed 3 ft. wide; weight, 30 lbs. Price 5.00



"Comfort King" Cotton Felt $7.55

Full size weighs 50 lbs. Extra heavy fancy Art ticking. **Imperial roll edges. Closely stitched sides.** Biscuit tufting.

This mattress has sixteen fluffy layers of clean, sanitary, new, unbleached **Cotton Felt,** evenly laid. The ticking is extra durable quality, closely woven, heavy drill. It is made in a very pretty stripe, and Fancy Art design. The Imperial roll edge with which this mattress is made, keeps it in shape, and adds greatly to its serviceability. In addition to this roll edge, sides are closely stitched. Handles are provided for lifting about. We are sure that you will be delighted with the exceptional value given you in this mattress. You would ordinarily pay about $12 or more, for one as good.

66B6732—For bed 4½ ft. wide, weight, 50 lbs. Price $7.55
66B6734—For bed 4 ft. wide, weight, 45 lbs. Price 7.25
66B6736—For bed 3½ ft. wide, weight, 38 lbs. Price 7.00
66B6741—For bed 3 ft. wide, weight, 33 lbs. Price 6.75

Box Springs

The strong frames of our box springs are made of thoroughly seasoned hardwood. At the corners one strip overlaps the others, forming a reinforcement of great value in resisting unusual strain, or a fall on the corners.

The springs used are resilient, sensitive, cone shaped and oil tempered steel. They are securely stapled to bottom boards, which in turn rest on a strip attached to the heavy sides. Each spring is then tied to each other in several directions, with high grade Italian hemp twine, insuring that they will always remain in proper position. Strong, yet flexible, rattan edge fastened to each spring. On top of the spring foundation thus secured, is spread new burlap, and over this a layer of wood wool. Lastly, a thick layer of genuine **Cotton Felt.** The wood wool prevents the springs working up into the top layer.

Hair Top Box Springs are made in the same substantial way, except that above the burlap is spread sanitary Southern Moss instead of wood wool, and above this, the layer of hair. **Box Springs for Metal Beds** are made with overlapping edges, which rest on the rails, and require no slats. Measurements for box springs for metal beds are always the same as the **outside** measure from rail to rail. **Box Springs for Wood Beds** are made with straight sides, and set inside of rails, resting on the slats. Measurements for box springs for wood beds should be the **inside** measure between the rails, and **we will allow** one inch all around for space to tuck the bedding. Box springs should never be used without mattresses, but a full weight mattress is not necessary.

Crib Mattresses

These Crib Mattresses are comfortable, sanitary, hygienic, and inexpensive. They provide for your child as healthful and restful a bed as you, yourself enjoy. The same care is used in building them as our larger mattresses.

"Princess." Made of layers of sanitary, genuine **Cotton Felt,** with box style edges 2 inches thick. Durable, fancy, floral Art ticking in a pretty blue color.

66B6777—Size, 30x54 in., weight, 12 lbs. Price $1.95
66B6781—Size, 36x60 in., weight, 16 lbs. Price 2.25

"Cupid" filled with uniform layers of long fibre, genuine **Cotton Felt,** made with box style edges 2½ in. thick. Extra heavy quality, fancy floral Art ticking, delicate pink color.

66B6783—Size, 30x54 in., weight, 14 lbs. Price $2.50
66B6785—Size, 36x60 in., weight, 18 lbs. Price 2.90

"Kapok" or **silk floss,** is an imported vegetable fibre which is strictly sanitary, non-absorbent, and extremely downy and luxuriant. It makes the best possible Crib Mattress, and is the best to buy from a point of durability, as well as comfort. Made with box style edges 3 in. thick, covered with extra closely woven, floral Art ticking, color tan and blue.

66B6787—Size, 30x54 in., weight, 10 lbs. Price $4.75
66B6789—Size, 36x60 in., weight, 12 lbs. Price 5.25

Hair Mattresses

A noteworthy feature of our Hair Mattresses is that they contain 100% curled hair, even in the lowest priced number, and **do not** contain any tampico, or other vegetable fibre, which is so often used. The ticking is also a much better grade than you will find on mattresses selling elsewhere at similar, and even higher prices. The difference in the price of hair mattresses comes principally in the grade of the hair, the longest hair being the best. The small illustration above shows how our hair is curled. It is tightly twisted into a rope, and allowed to remain for months, until it is needed to make up the mattress. The ropes are then untwisted, and the hair thoroughly picked loose, making a permanently springy, elastic filling. We guarantee the weight, quality and cleanliness of every hair mattress we sell. **Any Hair Mattress Made with Imperial Roll Edge for $1.00 in addition to price quoted.**

"Specialty" Full weight, 40 lbs. Standard quality A. C. A., stripe ticking. Our lowest priced hair mattress. While you will find the better mattresses which we quote, the most economical in the end, this one is exceptional value, considering the price we ask. It is filled with 100% curled hair, a medium short grade.

66B6795—For beds 4½ ft. wide, weight, 40 lbs. Price ... $14.50
66B6797—For beds 4 ft. wide, weight, 35 lbs. Price ... 13.50
66B6799—For beds 3½ ft. wide, weight, 30 lbs. Price ... 11.00

"Eureka" Full weight, 40 lbs. Extra quality, closely woven, fancy stripe ticking. This mattress contains a better grade of curled hair than the one above and has a large percentage of long hair. Usual retail value about $22.00.

66B6805—For beds 4½ ft. wide, weight, 40 lbs $16.90
66B6811—For beds 4 ft. wide, weight, 35 lbs 14.90
66B6820—For beds 3½ ft. wide, weight, 30 lbs 12.75

"Sanito" Full weight, 40 lbs. Very heavy, fancy stripe ticking. This hair is a select grade, well curled, thoroughly seasoned. This is the grade usually sold to hotels, hospitals, and other public institutions. Ordinary retail value not less than $30.00.

66B6822—For beds 4½ ft. wide, weight, 40 lbs $24.50

Attractive values in Wood beds, well made and finished

$6.88

166B6864

Don't throw away the crate to your bed, as it is the slats for the bed.

166B6864—Our price, only $6.88
Shipped promptly from stock at Chicago.
Height of head, 55 in. Height of foot, 41 in. Made only in full size, 4½ ft. wide. Shipping weight, about 100 lbs.

This splendid bed is of the heavy **Napoleon** type, so popular at the present time. It will always be in good taste. Probably more of this style of wood beds are sold than any other kind. Plain and rich looking, and perfectly proportioned.

Solid, strong, the right height to make it look well. Heavy roll at head and foot. Carved claw feet. Plain panels, which show off the quartered effect to excellent advantage. Made of well seasoned hardwood.

Finished in so perfect an imitation of **golden quartered oak** of flaky grain, that it is difficult to tell it from the genuine. Make careful comparison of this bed with others, and you will be convinced that it is a remarkable bargain. We are sure it will please you.

$11.95

166B6866

Economize space with a good Folding Bed

You cannot overestimate the convenience of these good folding beds. When closed, they are a most attractive article of furniture, and an ornament to the room in which they are placed. When open as a bed, they have regular, resilient, woven wire springs, and are as comfortable as any bed. They can be opened in just a moment; are very simple in operation; have nothing about them to get out of order. Considering the superior quality of the beds we quote here, the prices are extremely low.

Under each number you will find quoted a cotton mattress to fit these beds. (For hair, and other mattresses, please refer to mattress pages.) In order to insure your getting a mattress that will just fit your bed, we advise that you order the bed and mattress at the same time.

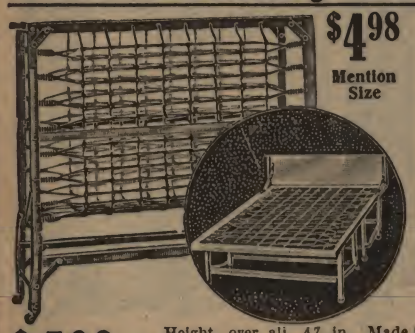
Design is plain and rich looking, with just a few tasty carvings. Has resilient woven wire spring, with cable support. Very massive and heavy. Has easy-rolling casters.



$28.95

Height, over all, 82 in. Extreme width, 57 in. Opens into bed, 73x51 in. French bevel mirror, 36x18 in. Shipping weight, about 500 lbs.

166B6903—Our price only . . **$28.95**
166B6928—25-lb. Cotton Mattress to fit. Price **$3.50**
Shipped promptly from stock at Chicago

Splendid, attractive design in an up-to-date, Upright Folding Bed, Made of **Genuine Golden Oak,** with flaky quarter sawed (veneer) front. It is a bed which will please the most exacting, discriminating purchaser. We doubt if you could equal it at retail for less than half more than we ask. Every detail of construction and finish is given careful attention. Comfortable woven wire spring with cable support.

Sanitary Folding Beds of unbreakable Steel, priced very low

$4.98
Mention Size

$4.98

Height, over all, 47 in. Made in 3-ft., 3½-ft. and 4-ft. widths. Opens into bed, 74 in. long. Shipping weight, about 60 lbs.

66B6905—State width desired.
Price **$4.98**
66B6893—37-lb. Cotton Felt Mattress to fit **$4.75**

One of the best steel Folding Beds ever offered for the money. Frame is carbon steel, bronze finish, fitted with comfortable link fabric spring, secured to sides with tempered helical coils. Designed so as not to take up much floor space, yet affords ample room for bedding when closed. Has large wheel, easy rolling casters. Makes a comfortable bed, and is ideal for small rooms. Made in 3, 3½ and 4-ft. widths. Is very strong and substantial, and has positive, easy action, which does not get out of order.

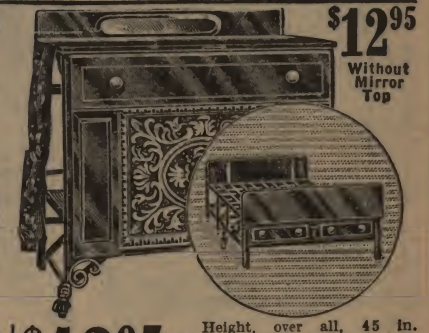
$6.85
Without Curtains

$6.85

Height, over all, 45 in. Made in 3½ and 4-ft. widths. Opens into bed, 74 in. long. Shipping weight, about 70 lbs.

66B6907 — Without curtains, state size **$6.85**
66B6909 — Figured Cretonne curtains, extra **90c**
66B6893—37-lb. Cotton Felt Mattress to fit. Price **$4.75**

A better Folding Bed than 66B6905, with **Oak top,** and finished in either **Gold Bronze or White Enamel.** No springs, weights or pulleys, but simple automatic action. Can not fall down when closed, or close up when opened. A high grade article. Weighs less, but is fully as strong as any folding bed made. Celebrated National fabric spring. Furnished with or without curtain. Looks best with the curtain, and costs but a trifle more.



$11.95
Without Curtains

$11.95

Height, over all, 51 in. Made in 3½-ft. and 4-ft. widths. Opens into bed, 74 in. long. Shipping weight, about 175 lbs.

66B6911—Without curtains, state size **$11.95**
66B6927—Heavy cretonne curtains, extra. **.95**
66B6893—37-lb. Cotton Felt Mattress to fit. Price **$4.75**

Mantel Steel Folding Bed, with fine woven wire spring, supported by 32 highly tempered coil springs. Oak top remains stationary, and can be used for ornaments. Curtains need not be disturbed in opening or closing bed. Has mattress clamps and curtain fixtures. Curtains extra. Finished in **Oak or White Enamel.** A good bed at a low price. You will find it so comfortable that it needs no apology.

$12.95
Without Mirror Top

$12.95

Height, over all, 45 in. Made in 3½-ft. or 4-ft. widths. Opens into bed, 74 in. long. French bevel mirror, 27x5 in. Shipping weight, about 120 lbs.

66B6937—Without Mirror top; state size **$12.95**
66B6939—With Mirror top; state size . . **13.95**
66B6893—37-lb. Cotton Felt Mattress to fit. Price **$4.75**

Mantel Steel Folding Bed. With embossed steel front, finished imitation oxidized, or imitation **Golden oak.** Large claw feet and fancy scroll legs. Hardwood top; width, 27x5 in. French bevel mirror. National fabric spring. Will not sag. Can also be had with plain wood top, without mirror. Prices include heavy cretonne curtains at ends.

Practical, Convenient Wardrobes and Wardrobe-Chiffoniers

$14.85 Two values that combine high quality and low price $15.85

166B6951—Our price only....**$14.85**
Shipped promptly from stock at Chicago.
Height over all, 62 in. Extreme width, 45 in. Shipping weight, about 175 pounds. An ideal piece of furniture. It combines conveniences of desk, chiffonier and wardrobe in one compact article, which takes but little room and costs far less than the three articles would if purchased separately. Substantially built of seasoned hardwood and finished in a perfect imitation of Golden Quartered Oak.

The wardrobe compartment is fitted with sliding extension bar and five coat hangers. Garments may be hung full length, and, by pulling out the sliding bar, any garment may be removed without disturbing any other. The door is fitted with an improved trouser hanger. At the left is compartment for hats, etc. Underneath is desk, with conveniently arranged interior. Three drawers, with good locks and wood knobs. Easy rolling casters.

This is an extra large, well made piece of furniture that you may depend on for long service. Your price saving is considerable, but it amounts to little compared with your real satisfaction with the article.

166B6955—Our price only....**$15.85**
Shipped promptly from stock at Chicago.
Height over all, 70½ in. Extreme width, 45½ in. Bevel mirror, 24x14 in. Shipping weight, about 215 pounds. This very attractive Chiffonier-Wardrobe is plain in design and easy to keep clean. It is carefully built of seasoned hardwood and has the popular Golden Quartered Oak finish. Only kiln dried stock is used. The construction is first class, so that you may depend on it for long service.

The wardrobe compartment is equipped with sliding extension bar and three coat hangers. This extension bar allows the removal of any garment without disturbing any other. Additional coat hangers may be used if desired. On the door is an improved trousers hanger, which will keep the garments shaped for wearing. Four roomy drawers give abundant storage space. Has good locks and wood knobs. Easy rolling casters are provided.

A most desirable piece of furniture for any bedroom. It gives the practical uses of dresser and wardrobe in the space of one. Equal value would cost you about a third more at retail.

$12.95

166B6959—
Our price only....**$13.95**
Shipped promptly from stock at Chicago.
Height over all, 62 in. Extreme width, 45 in. Shipping weight, about 175 pounds. A wardrobe-chiffonier with more than the usual amount of drawer room. Built of seasoned hardwood and highly finished in the flaky imitation Golden Quartered Oak. This finish is so nearly like the genuine that an ordinary observer will not detect the difference. Wardrobe has sliding extension rod, with three coat hangers, and there is new style trousers hanger on door. Compartment for hats, etc. Panel door. Trimmed with wood knobs, good locks, and easy rolling casters. This is a remarkably well made, convenient economical article.

$15.95

166B6963—Wood panel door....**$15.95**
166B6965—Mirror door....**19.85**
Shipped promptly from stock at Chicago.
Height over all, 58½ in. Extreme width, 42½ in. Made with or without 40x16 in. bevel mirror in door. Shipping weight, about 225 pounds. Made of select **Genuine Oak**, with front of **Quartered Oak** (veneer), all finely finished Golden shade. Has either wood panel door or full length dressing mirror, 40x16 in. Sliding extension bar with three coat hangers, also trouser hanger and shoe rack, all heavily nickel-plated. Hat cupboard is extra deep and has two doors. Five drawers of varying depth. Wood knobs and dependable locks. Good casters. **Colonial** scroll feet. An article of superior construction which will please you.

$19.98

166B6967—
Our price only....**$19.98**
Shipped promptly from stock at Chicago.
Height over all, 67 in. Extreme width, 42½ in. Bevel mirror, 24x16 in. Shipping weight, about 225 pounds. An attractive, practical design. Made of select **Genuine Oak**, with flaky **Quartered Oak (veneer)** front and top to drawer section. Rich Golden finish. Fitted with nickel-plated extension bar, improved trousers hanger, and shoe rack. Three coat hangers are furnished. Wood knobs and good locks. Scroll feet, with easy rolling casters. Every detail of construction and finish is given careful attention, and the result is a high grade article you will be proud to own.

$21.95

166B6971—
Our price only....**$21.95**
Shipped promptly from stock at Chicago.
Height over all, 73 in. Extreme width, 43½ in. French bevel mirror, 40x16 in. Shipping weight, about 225 pounds. A new **Colonial** design and our best value in a Chiffo-robe. Extra large mirror, with shaped top. Entire front made of choice **Genuine Oak.** Top of drawer section of flaky **Quartered Oak.** Fine Golden finish. Wardrobe fitted with modern nickel-plated extension bar, trousers hanger and shoe rack. We include three coat hangers. Wood knobs and good locks, also easy rolling casters. We are confident that you save one-third of the usual retail price by purchasing from us.

Lined with birdseye maple and has aromatic cedar shelves. Suitable for the finest home.

You'll find ours are real money saving prices on high grade portieres

Answer this question for yourself

Why should you pay from one-quarter to one-half more than these prices for a good Chiffonier? Retailers must usually get that much more in order to make a living profit. Our enormous sales enable us to make very favorable contracts with manufacturers, and often we can add our one small profit and sell to you for about what the small dealer must pay at the factory. When you make your selections from this book, you get merchandise exactly as described in the Catalogue, and you are the judge of quality after you have the goods in your own home. Obviously it is to your distinct advantage to buy from Montgomery Ward & Co.

Special Note—For safety in shipping, some of the Chiffoniers on this and the following page are packed with the mirror or top back on the inside of back, behind the drawers. Be sure to look for knobs and casters before throwing away packing.

$8.75

166B7003—Our price, only.....**$8.75**
Shipped promptly from stock at Chicago.
Size of top, 30x18 inches. Bevel mirror, 20x12 inches. Shipping weight, about 115 pounds.

This is a well made **Colonial** Chiffonier of liberal size and excellent quality. Made of choice hardwood, finely finished imitation **Golden Quartered Oak.** You save nearly half by taking advantage of this bargain. Four large drawers and two smaller ones, all with wood knobs and locks. The large amount of drawer space makes a chiffonier unusually attractive for a man's bedroom, and it is a most satisfactory piece of furniture to purchase. A piece that is not only very useful, but will prove an ornament to any bedroom. Sure to please you in every way.

Artistic, Well Made Dressers at Economy Prices

$8.95

166B7165—Price, only **$8.95**
Shipped promptly from stock at Chicago.
Size of top, 38x18¼ inches. Bevel mirror, 24x20 inches.
Shipping weight, about 115 pounds.

Here is a very popular style Dresser. Made with the carved claw feet, because many of our customers prefer it that way. Exceptionally massive, with thick top. Two large drawers with good locks, and two smaller ones, all with wood knobs. Dove-tailed drawer construction. Made of choice kiln-dried hardwood. Finished in a perfect imitation of **Golden Quarter Sawed Oak**, of flaky grain. Casters. You won't be disappointed in this dresser, and the retail value is almost double the price we ask.

$10.95

166B7168—Price, only **$10.95**
Shipped promptly from stock at Chicago.

Size of top, 40x20 inches. Bevel mirror, 30x24 inches.
Shipping weight, about 120 pounds.

Substantial, massive **Colonial** Dresser. Made of thoroughly seasoned hardwood, and finished in so perfect an imitation of **Golden Quartered Oak** that it is difficult to distinguish it from the genuine. Has two big drawers and two smaller ones of dove-tail construction, all fitted with stylish wood knobs and good locks. Mirror is extra large, being 30x24 inches. Heavy plank style top. Graceful scroll-shaped mirror supports and feet. Casters. Design is adapted from a very exclusive, expensive piece. Drawers work easily.

$11.95

166B7172—Price, only **$11.95**
Shipped promptly from stock at Chicago.
Size of base, 42x20 inches. French bevel mirror, 24x20 inches.
Shipping weight, about 130 pounds.

This Dresser is made entirely of oak, in the rich Golden finish. Has shaped serpentine **Quartered Oak** (veneer) front. Is richly ornamented with artistic carvings. All parts are made of heavy stock. Has carved claw feet. Casters. Dovetailed drawers, which slide easily. Pattern French bevel mirror in handsome frame, supported by graceful standards. Our contract for an extra large quantity of this number enables us to sell it at a price probably less than your local dealer would pay for it at the factory. Would readily retail at $16.00 to $18.00 in most stores. We consider it one of the best values that has ever been offered in a Dresser of this size.

$6.75

166B7174—Price, only **$6.75**
Shipped promptly from stock at Chicago.
Size of top, 38x18 inches. Bevel mirror, 20x16 inches. Shipping weight, about 110 pounds.

Made of hardwood. Finished in imitation Golden Quartered Oak. Has nicely ornamented frame. Made as good as many Dressers selling for much more at retail. Two large drawers and two smaller ones, all with locks and wood knobs. Dovetail drawers construction. Good casters.

$7.90

166B7177—Price, only **$7.90**
Shipped promptly from stock at Chicago.
Size of top, 38x19 inches. Bevel mirror, 24x18 inches. Shipping weight, about 110 pounds.

Plain refined design, easy to keep clean. Made of choice **Genuine Oak** with swell front top drawer veneered with flaky **Quartered Oak.** Highly finished Golden color. Stylish oval mirror of fine quality. Drawers have locks and wood knobs. Good casters. Usual retail value at least $12.00.

$7.90

166B7179—Price, only **$7.90**
Shipped promptly from stock at Chicago.
Size of top, 38x18 inches. Bevel mirror, 24x14 inches. Shipping weight, about 110 pounds.

Unusually stylish design for Dresser at this low price. Made of hardwood. Finely finished imitation **Quartered Golden Oak.** Four easy-sliding drawers of dovetailed construction, with wood knobs and good locks. Casters. You save nearly a third over retail price by purchasing here.

$8.90

166B7183—Price, only **$8.90**
Shipped promptly from stock at Chicago.
Size of top, 38x18 inches. Bevel mirror, 20x16 inches. Shipping weight, about 115 pounds.

Built of seasoned hardwood, finely finished in imitation **Golden Quartered Oak.** Top two of the four dovetailed drawers have ogee shaped fronts. Good locks, casters, and wood knobs. Claw feet. A serviceable dresser that costs little.

$8.95

166B7185—Price, only **$8.95**
Shipped promptly from stock at Chicago.
Size of top, 38x18 inches. Bevel mirror, 24x14 inches. Shipping weight, about 110 pounds.

A different design from the ordinary, that will appeal to your good taste. Made of seasoned hardwood, in correct imitation **Golden Quartered Oak** finish. Four easy-sliding drawers of dovetail construction. Casters. Careful comparison will show you this is big value.

$8.98

166B7188—Price, only **$8.98**
Shipped promptly from stock at Chicago.
Size of top, 38x18 inches. French bevel mirror, 22x20 inches. Shipping weight, about 110 pounds.

Trim and artistic. Made of Genuine Golden Oak. Highly finished. Three drawers with locks and wood knobs. Pattern French bevel mirror, with ornamented frame. Superior workmanship. Good casters. Usually retails at about one-third more than our price.

$9.75

166B7192—Price, only **$9.75**
Shipped promptly from stock at Chicago.
Size of top, 38x18 inches. Bevel mirror, 24x20 inches. Shipping weight, about 115 pounds.

A particularly attractive, well made dresser. Built of choice hardwood, highly finished in imitation of flaky **Quartered Golden Oak.** Mirror and standards gracefully shaped. Dovetailed drawer construction. Wood knobs, locks and wood wheel casters.

$9.95

166B7195—Price, only **$9.95**
Shipped promptly from stock at Chicago.
Size of top, 38x18 inches. Bevel mirror, 24x20 inches. Shipping weight, about 115 pounds.

Here is a beauty at a low price. Made of hardwood. Highly finished imitation **Golden Quartered** Oak. Dovetailed drawers, with locks and wood knobs. Richly ornamented with carvings. Good casters. Big contract makes low price possible.

$9.95

166B7197—Price **$9.95**
Shipped promptly from stock at Chicago.
Size of top, 38x18 inches. Bevel mirror, 24x14 inches. Shipping weight, about 115 pounds.

A new design that has real merit. Built of select **Genuine Oak** in pleasing Golden finish. Dovetailed, easy-sliding drawers. Shaped mirror with graceful supports. Good casters. Superior in finish and construction. Extra value for this price.

$10.95

166B7200—Price, only **$10.95**
Shipped promptly from stock at Chicago.
Size of top, 40x18 inches. Bevel mirror, 24x20 inches. Shipping weight, about 135 pounds.

This desirable dresser has serpentine swell-shaped front, and perfectly fitted dovetailed drawers. Made of kiln-dried hardwood, in imitation **Golden Quartered Oak finish.** Wood wheel casters, good locks and wood knobs. Artistic carvings. Retail value about $14.50.

$11.98

Genuine Golden Oak

Pretty Swell Front

One of Our Best Values

166B7212

Price, only, **$11.98**
Shipped promptly from stock at Chicago.
Size of top, 42x20 inches. Bevel mirror, 24x20 inches. Shipping weight, about 140 pounds.

A Genuine **Golden Oak** Dresser of more than ordinary merit. Has shaped veneered swell front, of quartered oak of flaky figure. It is an exceedingly attractive design, sure to please you in every way. Made of heavy stock. Large French bevel mirror, in richly ornamented frame. Claw feet. Four easy-sliding drawers of dovetail construction. Wood knobs. Good locks and casters. Would probably bring about $18.00 or more at retail. A high grade piece at a very low price. This Dresser proved so popular last season that we decided to run it again in this Catalogue.

Big and Massive $13.95

166B7216

Price, only **$13.95**
Shipped promptly from stock at Chicago.

Size of top, 42 x 20 in. French plain plate mirror, 28x 22 in. Shipping weight, about 165 pounds. Here is a stylish Dresser at a price but little above usual factory cost. It is of the plain **Colonial** style now popular and is very massive and graceful. Built of **Genuine Oak**, with front and top of flaky figured **Quartered Oak**. Rich Golden finish. Four drawers, with dovetailed corners, locks, and wood knobs. Pleasing scrolls support mirror and ornament front. Fitted with our special easy rolling wood wheel casters. This is a most desirable Dresser, from the standpoint of attractiveness, durability and low price. You would consider equal quality reasonable, in a retail store at $18.50. The difference is your saving.

$10.90

166B7219—Price, only **$10.90**
Shipped promptly from stock at Chicago.
Size of top, 40x19 in. Bevel mirror, 28x22 in.
Shipping weight, about 115 pounds.

It is seldom indeed that you find a dresser of this style and quality for so little money. Built of seasoned hardwood, and highly finished in imitation **Golden Quartered Oak**. Attractively shaped mirror of fine quality, supported by graceful scroll standards. Dovetailed drawers, with locks and wood knobs. Scroll feet. Casters. A big value.

$10.75

166B7224—Price, only **$10.75**
Shipped promptly from stock at Chicago.
Size of top, 38x19 in. Bevel mirror, 24x16 in.
Shipping weight, about 120 pounds.

When you see the fine finish, select wood, and superior construction of this dresser you will be highly pleased. Built of **Genuine Oak**, with serpentine swell shaped front veneered with **Quartered Oak**. Dovetailed, easy sliding drawers. French legs, with wood wheel casters. Good locks and wood knobs.

$11.95

166B7227—
Price, only **$11.95**
Shipped promptly from stock at Chicago.
Size of top, 42x20 in. Bevel mirror, 24x16 in.
Shipping weight, about 130 pounds.

For those who prefer richly ornamented designs this dresser is ideal. Made of **Genuine Oak**, with serpentine swell shaped front of **Quartered Oak**. Pleasing golden finish. Mirror frame and standards have elaborate carvings. Dovetailed drawers, which fit perfectly, trimmed with locks and brass handles. Claw feet and easy rolling casters. Big value.

$10.95

166B7232—
Price, only **$10.95**
Shipped promptly from stock at Chicago.
Size of top, 38x19 in. Bevel mirror, 24x20 in.
Shipping weight, about 125 pounds.

There are just enough artistic carvings on this dresser to increase its attractiveness. Built of seasoned **Genuine Oak**, with serpentine swell shaped front veneered with **Quartered Oak**. Highly finished golden color. Easy sliding drawers, with dovetailed corners, locks and wood knobs. Wood wheel casters. A dresser you will appreciate, at a price much less than retail.

$14.90

266B7237—Quartered Golden Oak (veneer) **$14.90**

266B7240—Genuine Mahogany (veneer) . **14.95**
266B7244—Bird's Eye Maple (veneer) . **15.50**
Shipped from factory in Pennsylvania.
Size of top, 42x21 in. Bevel mirror, 28x22 in.
Shipping weight, about 150 pounds.

A strictly high grade Dresser, in your choice of three woods. Shaped serpentine swell front. Heavy fluted posts. Four easy-working drawers. Good casters. Pattern French bevel mirror. We doubt if you could equal the high quality of this Dresser for less than a third more at retail than our price.

$14.90

266B7269—Quartered Golden Oak (veneer) **$14.90**

266B7271—Genuine Mahogany (veneer) . **14.95**
266B7273—Bird's Eye Maple (veneer) . **15.50**
Shipped from factory in Pennsylvania.
Size of top, 42x21 in. Bevel mirror, 28x22 in.
Shipping weight, about 150 pounds.

A well made Dresser, sure to please those preferring the oval mirror. Made in three choice woods, and finished in a superior manner. Richly shaped serpentine swell front. Four roomy drawers, trimmed with wood knobs and good locks. Heavy fluted posts. Casters.

$14.98

166B7277—Price, only **$14.98**
Shipped promptly from stock at Chicago.
Size of top 42x20 in. Bevel mirror, 28x22 in.
Shipping weight, about 140 pounds.

Made of **Genuine Golden Oak**, with flaky quartered shaped serpentine swell veneered front. Dovetailed drawers, fitted with cast brass handles and locks. Extra large French bevel mirror. Heavy frame elaborately ornamented with carvings. Carved claw feet. Casters. One of the best Dressers to be had at our price.

$16.85

166B7279—
Price, only **$16.85**
Shipped promptly from stock at Chicago.
Size of top, 42x20 in. French plain plate mirror, 30x24 in. Shipping weight, about 165 pounds.

Very massive, dignified design, that will appeal to those who like plain, rich looking **Colonial** style. Made of **Genuine Golden Oak**, with flaky quartered top and front (veneered). Heavy scroll posts, feet and mirror supports. Pattern shaped French plain plate mirror. Four easy working drawers of dovetail construction, with locks and wood knobs. Good casters. Richly finished. You will like it.

The Pride of a Woman's Bed Room—Graceful, Practical, Princess Dressers

$9.95

166B7292—Price, only $9.95
Shipped promptly from stock at Chicago.
Size of base, 34x18 inches. Bevel mirror, 30x18 inches. Shipping weight, about 100 pounds.

A most desirable Princess Dresser for little money. It is very pleasing in appearance and substantial in construction. Built of seasoned hardwood, and finely finished in a perfect imitation of **Golden Quartered Oak** of flaky grain. The large mirror is set in an artistically shaped and ornamented frame, and supported by graceful standards. The top drawer has ogee ,haped front. Dovetail drawers. Good casters.

$14.75

166B7294—Price, only $14.75
Shipped promptly from stock at Chicago.
Size of top, 42x20 inches. French plain plate mirror, 36x18 inches. Shipping weight, about 145 pounds.

You get the benefit in this low price of a very fortunate purchase. **Colonial** style. Very heavy and massive. Made of **Genuine Golden Oak,** with veneered front and top of choice flaky **Quartered** stock. Has three roomy drawers of dovetail construction fitted with wood knobs, and good locks. Artistically shaped French plain plate mirror. Harmonious in outline and exceptionally well made.

$13.95

166B7296—Price, only $13.95
Shipped promptly from stock at Chicago.
Size of top, 42x20 inches, French bevel mirror, 36x18 inches. Shipping weight, about 130 pounds.

Attractive, high grade Princess Dresser. Made of **Genuine Golden Oak,** with veneered serpentine swell front, of flaky **Quartered** stock, richly finished. The base is large and roomy. Frame of oval French mirror has dainty carving at top, and graceful standards have the new French cut-out effect, which is very pleasing. Dovetailed drawers, with wood knobs and locks. Good casters. It is one of the most artistic designs we have ever seen. The low price at which it is offered makes it a real value which you can hardly afford to miss.

$7.95

166B7298—Price, only, $7.95
Shipped promptly from stock at Chicago.
Size of top, 40x19 inches. Bevel mirror, 20x16 inches. Shipping weight, about 90 pounds.

Notice the trim, neat, artistic lines of this pretty Dresser. Made of thoroughly seasoned hardwood, finished in correct imitation of **Golden Quartered Oak,** of flaky grain. Extra large mirror makes it very suitable for girls' room, as low base permits dressing the hair while sitting. Ornamented with neat carvings. Good casters.

Drawers work easily, have dovetailed corners and are fitted with stylish wood knobs and good locks. We believe this to be far the lowest price ever quoted on so well made a Dresser.

$9.50

166B7300—Price, only $9.50
Shipped promptly from stock at Chicago.

Size of top, 40x19 inches. Bevel mirror, 30x18 inches. Shipping weight, about 100 pounds.

Colonial style. Built of kiln-dried hardwood, and highly finished in imitation **Golden Quartered Oak.** It is dependable in construction, with dovetailed drawers, very attractive in design, and surprisingly low in price. Reliable locks and wood knobs. Wood wheel casters. This dresser will prove a desirable addition to your home.

$11.90

166B7304—Price $11.90
Shipped promptly from stock at Chicago.
Size of top, 34x19 inches. Bevel mirror, 32x18 inches. Shipping weight, about 115 pounds.

This Princess Dresser is constructed in a high grade manner. Made of flaky **Quartered Golden Oak** (veneered), and finely finished. Has serpentine swell front with two dovetailed drawers and large French bevel mirror. Good casters. This piece is strictly high grade. Very neat design and superior in construction and finish. Would retail for about one-third more than we ask.

$11.95

166B7313—Price, only $11.95
Shipped promptly from stock at Chicago.
Size of top, 38x19 inches. Bevel mirror, 30x18 inches. Shipping weight, about 105 pounds.

Those who prefer rich ornamented designs will find real merit in this dresser. The carvings are in good taste. Built of **Genuine Oak** with serpentine swell-shaped front of built-up veneer stock. Finely finished Golden color. Three perfectly fitting drawers, with dovetailed corners, locks and wood knobs. Good casters. This dresser is remarkable value and will give long service and satisfaction.

$14.95

166B7316—Price, only $14.95
Shipped promptly from stock at Chicago.
Size of top, 42x20 inches. Bevel mirror, 36x18 inches. Shipping weight, about 130 pounds.

A well made dresser that is above the ordinary in attractive design and finish. Built of **Genuine Oak,** with serpentine swell shaped front of flaky **Quartered Oak** veneer. Rich Golden finish. Smoothly working dovetailed drawers, with locks and wood knobs. Claw feet and wood wheel casters. Equal quality would cost you about $18.50 at retail.

$13.95

166B7319—Price, only $13.95
Shipped promptly from stock at Chicago.
Size of top, 42x20 inches. Bevel mirror, 36x18 inches. Shipping weight, about 130 pounds.

You will be enthusiastic over this big value when you see it. Made of choice **Quartered Golden Oak** (veneer), with shaped serpentine swell front. Has stylish oval French bevel mirror. Well made throughout. Has perfect fitting dovetailed drawers. Good locks. Wood knobs. Casters. Will please the most exacting purchaser.

$13.95

266B7328—Quartered Golden Oak $13.95
266B7331—Genuine Mahogany 14.95
266B7334—Bird's Eye Maple 15.95
Shipped from factory in Pennsylvania.
Size of top, 42x21 inches. Bevel mirror, 36x18 inches. Shipping weight, about 100 pounds.

Improved veneer construction. Has pattern French bevel mirror, in rounded frame. Serpentine swell front and fluted corner posts. Superior drawer construction, and mirror-like finish. A good value at our low price, as you will agree when you have it in your home.

$14.98

266B7351—Genuine Quartered Oak $14.98
266B7353—Genuine Mahogany 14.98
266B7355—Bird's Eye Maple 15.90
Shipped from factory in Pennsylvania.
Size of top, 42x21 inches. Bevel mirror, 36x18 inches. Shipping weight, about 100 pounds.

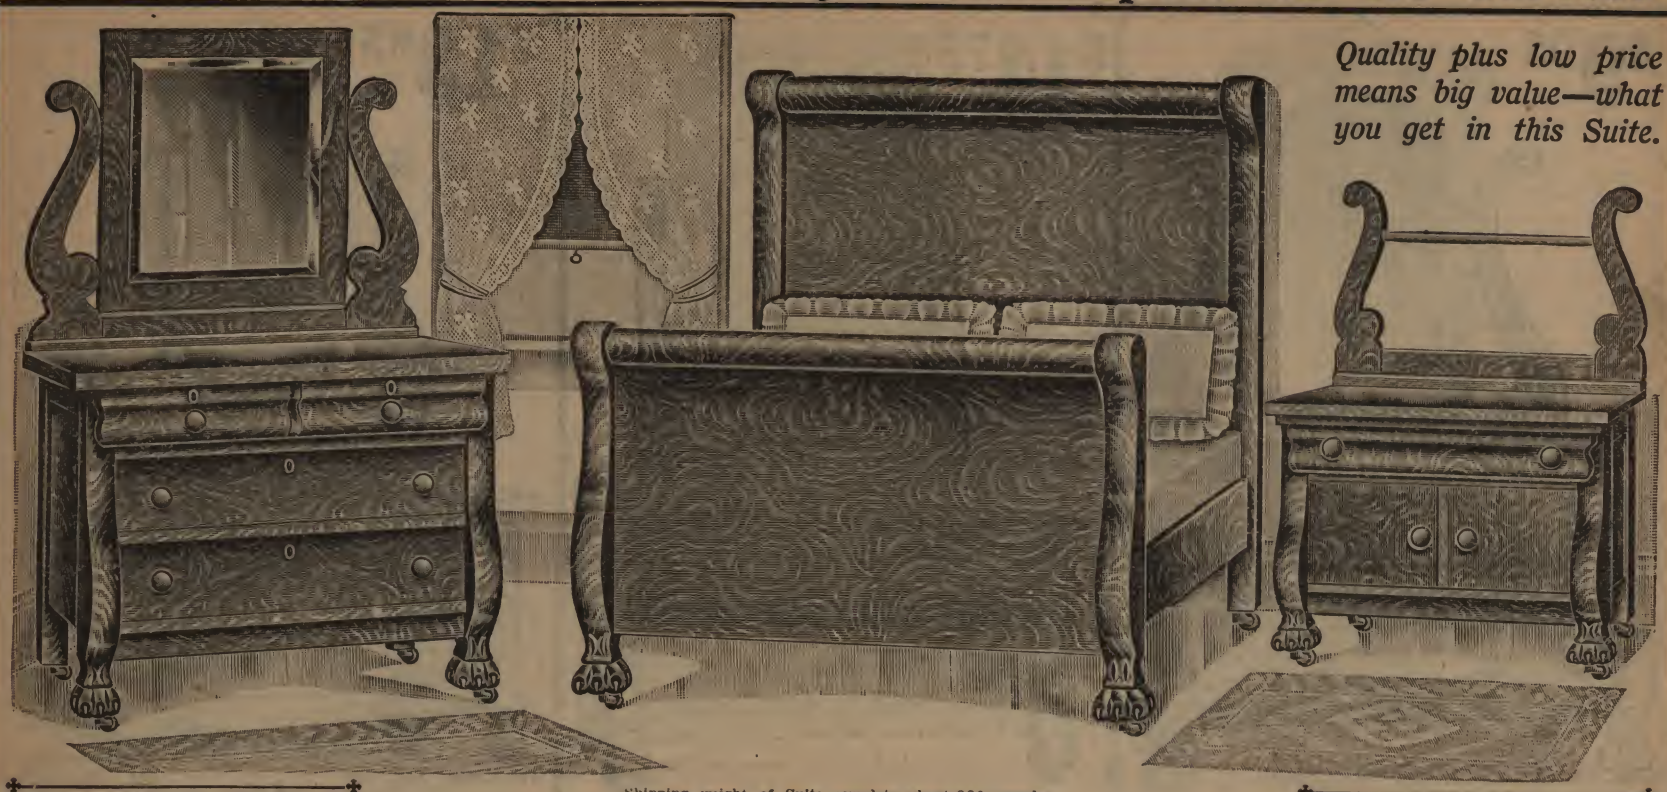
A splendid oval mirror Princess Dresser, in your choice of three woods. Improved veneer construction. Has fine French bevel mirror. Highly finished. One large and two small drawers with dovetailed corners. Casters. For a piece of superior quality, this is a very low price.

$15.80

166B7362—Quartered Golden Oak $15.80
166B7364—Genuine Mahogany 16.80
Shipped promptly from stock at Chicago.
Size of top, 42x20 inches. Bevel mirror, 36x18 inches. Shipping weight, about 155 pounds.

A correctly proportioned **Colonial** Princess Dresser of choice material, construction and finish. The veneers used are especially selected to show their beautiful grain. Highly finished. Has extra large French bevel mirror. A piece that will delight lovers of fine furniture.

$18.95



166B7371—Price, only $18.95
Shipped promptly from stock at Chicago.
Size of top, 42x20 inches. Bevel mirror, 40x24 inches. Shipping weight, about 140 pounds.

Plain, rich, dignified design. Made by skilled artisans, in superior manner of flaky **Quartered Oak** and highly finished Golden. Has an artistically shaped veneered serpentine swell front. Easy sliding drawers with dovetailed corners. Good casters. Extra big French bevel mirror. You must see this piece to fully appreciate the extra value at this low price.

Our delightful fragrant massage cream—should be on every dresser

This is inexpensive furniture you can depend on for service

Quality plus low price means big value—what you get in this Suite.

$20.95 Suite complete
166B7377
Shipped promptly from stock at Chicago

Shipping weight of Suite complete, about 330 pounds.

This attractive Suite is made of seasoned hardwood, and carefully finished in a correct imitation of flaky figured **Quartered Golden Oak.** This finish so closely resembles the genuine wood in both grain and color that many people cannot tell one from the other without close examination. It is built in a dependable manner. Many dealers would pay as much for this at the factory as we ask you for it, but because of our large sales we can buy for less, and consequently sell for less. **You Save the Difference** when you purchase here.

$20.95 Suite complete
166B7377
Shipped promptly from stock at Chicago

THE DRESSER Size of top, 38x18 in. Bevel mirror, 24x20 in. Two large drawers, and two smaller ones with shaped fronts, all dovetail construction, with locks and wood knobs. Large mirror supported by graceful scroll standards. Carved claw feet, with easy rolling casters. Roomy and commodious, and is especially good quality for the money.

BED Height of head, 55 in. Height of foot, 41 in. Width, 4½ ft. only. Both head and foot have heavy roll at top. The graceful scroll shaped posts on the foot terminate in claw feet. Easy rolling wood wheel casters. The plain panels display to advantage the flaky figure of the finish. This bed is full size and strongly built, attractive in appearance and finish.

THE COMMODE Size of top, 29½x15½ in. Large drawer at top, with ogee shaped front. Spacious compartment, with two doors. Front posts are scroll shaped and have claw feet, to match other pieces. Good casters, and wood knobs. Towel bar supported by scroll standards. It is made with same care as the other pieces of the suite, and is very convenient and useful.

$19.95 Careful Comparison will Reveal Big Value in this Suite

Suite complete with plain Commode (no mirror)
166B7381
Shipped promptly from stock at Chicago

Shipping weight of Suite complete about 300 pounds.

For those who prefer an elaborately ornamented suite, it would be hard to find one more artistic and in good taste than this one, for the price we ask. Built in first class manner, of seasoned hardwood, and finished in a perfect imitation of flaky **Quartered Golden Oak.** If you had dainty muslin curtains at the windows, and one of your snowy white spreads on the bed, one would hardly guess this suite to cost less than double what we ask. We consider it exceptional value, and would recommend that you purchase it with the mirror commode.

$21.95 Suite complete with Mirror Commode (as pictured)
166B7383
Shipped promptly from stock at Chicago

COMMODE Size of top, 29½x15½ in. When fitted with mirror, size of mirror is 17x10 in. Has dovetail drawer, with ogee shaped front, and compartment with two doors. Claw feet. Casters.

BED Height of head, 59 in. Height of foot, 37 in. Width, 4½ ft. only. Both head and foot are gracefully shaped and ornamented with carvings. Panel construction. Casters.

DRESSER Size of top, 38x18 in. Bevel mirror, 20x16 in. Especially artistic mirror frame. Top drawers have ogee shaped fronts. All drawers dovetailed. Good casters, wood knobs, and locks.

Unequaled value at this special low price

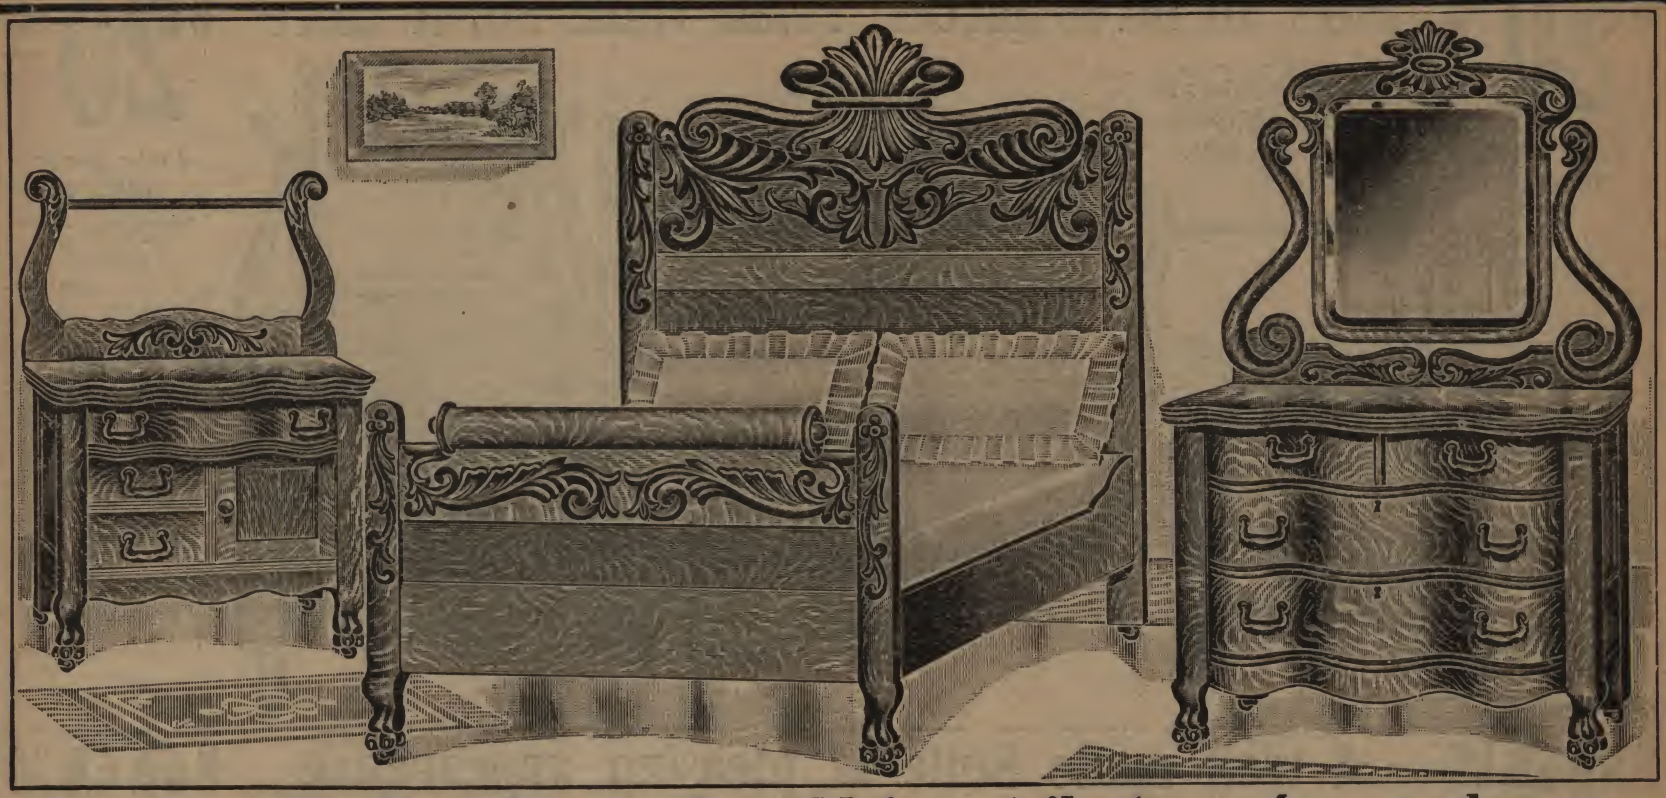
$14.85 Suite complete
166B7387
Shipped promptly from stock at Chicago

Shipping weight of suite complete, about 325 pounds.

Although almost unbelievably low in price, this three piece suite is substantially built and well finished. Made of choice kiln dried hardwood, in imitation **Golden Quartered Oak** finish. This finish very closely recembles the genuine wood. A glance at the illustration will convince you that it is not necessary to spend a large amount to have bedrooms look cozy and homelike, provided you purchase your furnishings here.

We never sacrifice quality to quote a seemingly low price. You can depend on getting serviceable merchandise for every dollar you spend with us.

$14.85 Suite complete
166B7387
Shipped promptly from stock at Chicago



THE BED Height of head, 59 in. Height of foot, 37 in. Width, 4½ ft. only. Gracefully shaped and ornamented with carvings. Has good casters. Very strong and solid.

COMMODE Size of top, 29½x15½ in. Has one dovetailed drawer, and spacious compartment. Wood knobs and easy rolling casters. Big value.

DRESSER Size of top, 38x18 in. Bevel mirror, 20x16 in. Plain, practical design, with just enough carvings at top of mirror frame to make it more attractive. Dovetailed drawers, with locks and wood knobs. Good casters.

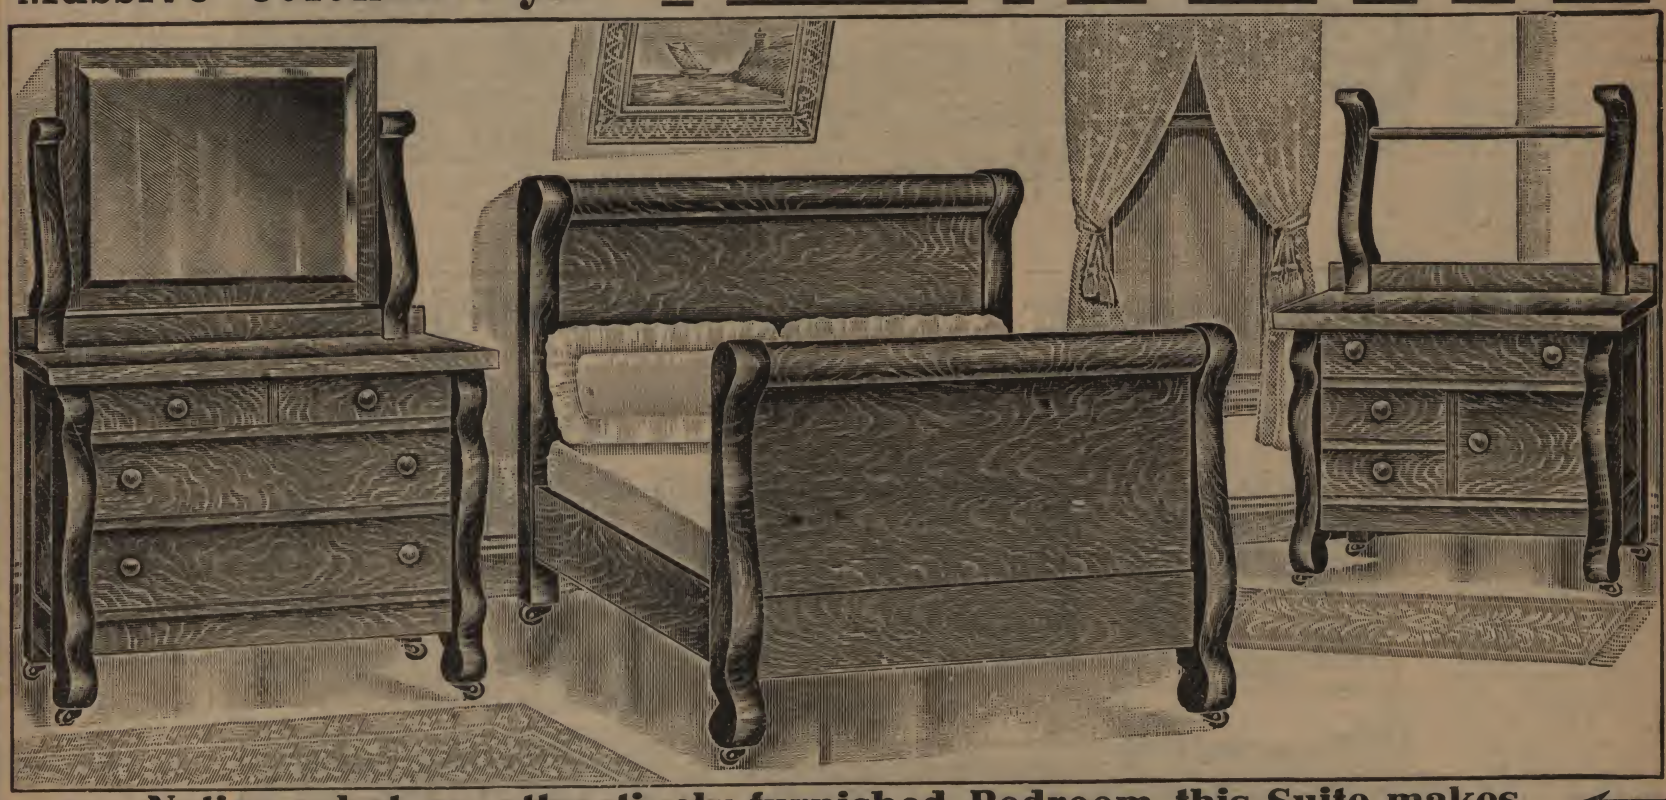
$22.95 Suite Complete. You Save Nearly One-half
166B7403
Shipped promptly from stock at Chicago.

This splendid, elaborately decorated Suite is one of the best ever put on the market at the price. It is very large and heavy. Made of choice **Genuine Oak**, improved veneer construction, in the rich **Golden finish**. A Suite of this superior construction, splendid finish and design, would sell in a great many retail stores for $35.00 to $40.00. It is carefully made throughout, in a first class manner, to give long service and satisfaction. If you are looking for a fancy Suite, this will surely delight you.

Shipping weight, complete, about 375 pounds.



$22.95 Suite Complete. Genuine Oak
166B7403
Shipped promptly from stock at Chicago.

COMMODE Size of top, 34x19. Quite large and roomy. Has shaped serpentine front top drawer, two other drawers, and spacious compartment with door. Claw feet and good casters. Towel bar supported by graceful standards, ornamented with tasty carvings. A very convenient piece of furniture, and well made.

BED Height of head, 76 in. Height of foot, 36 in. Width, 4½ ft. only. Artistically shaped, and heavily ornamented with neat, clean-cut carvings. Foot has heavy roll of **Genuine Quartered Oak** (veneer), rich carvings, and carved claw feet. Fitted with easy rolling casters.

DRESSER Size of top, 42x20 in. French bevel mirror, 24x16 in. Top is shaped to conform to the serpentine swell front. Dovetailed drawers, which fit perfectly and run smoothly. Cast brass handles. Carved claw feet. Good casters.

Massive Colonial style — A combination of high quality and low price

Notice what an attractively furnished Bedroom this Suite makes

Our buyer did a big thing when he secured this dandy Suite at a figure low enough to sell it to you at the prices quoted. As far as we know, such extremely low prices have never before been made by anyone on a Suite of this style and quality. Note how massive and well proportioned it is. Our price is actually **Less** than many small dealers would pay at wholesale. Made of choice **hardwood**. Finely finished in perfect imitation **Quartered Golden Oak.**

THE BED is of the **Napoleon** type, now so popular. With heavy roll at head and foot. Height of head, 64 inches; width, 4½ ft. only. Heavy scroll legs and feet. Good casters. The plain surfaces bring out the flaky figure of the finish to advantage. Shipping weight of bed, about 125 lbs.

166B7409—Suite complete with 30x24 mirror in dresser **$23.15**

An elegant Bedroom Suite that will please people of good taste. Made of **Genuine Oak**, in the pleasing, rich Golden finish. It is clever in design, and especially made for this Catalogue by one of the largest factories in the business, which has the reputation of turning out only perfect goods. The suite is very massive and well made, and distinctly different from any you will find in stores. If dealers could sell it, they would have to get about one-third more than our price. We contract for them in large quantities, and secure a substantial reduction in price; you get the benefit. If the design pleases, order the Suite with our assurance that the construction and finish will delight you.

$20.95

Three pieces
166B7452

Shipped promptly from stock at Chicago.

DRESSER

Size of top, 38x18 in. Bevel mirror, 20x18 in.

The Dresser is a serviceable, attractive piece. It has just enough carving to enhance its beauty. The French bevel mirror is of pleasing shape. There are four carefully fitted drawers, of dovetail construction with locks. Stylish wood knobs. Massive claw feet, fitted with casters.

BED

Height of head, 64 in. Height of foot, 34 in. Width, 4½ ft. only.

The Bed will really do credit to any bedroom in which it is placed, combining, as it does, the elements of artistic design and dignity, with massive, durable construction.

COMMODE

Size of top, 30x17 in.

Roomy drawer and large compartment with two panel doors. Towel bar. French legs, with casters. Wood knobs. Very well made and finished.

$22.95 A well made Suite of pleasing appearance

Three pieces
166B7458

Shipped promptly from stock at Chicago.

Shipping weight, suite complete, about 275 lbs.

Another attractive value, in an up-to-date bedroom suite. Carefully constructed of **Genuine Oak**, in the Golden finish, by skilled workmen who thoroughly understand their business, and have the reputation of turning out nothing but perfect work. We have sold thousands of this Suite, and they have given satisfaction. We recommend it to all our friends whom we wish to keep for steady customers. Local dealers would doubtless have to pay almost, if not quite as much as our price to you; you are saving this large profit. Remember, this suite is made of genuine oak and not of cheaper hard woods, with an oak finish. We are sure you will be pleased with this choice.

$22.95

166B7458
Three pieces

Shipped promptly from stock at Chicago.

DRESSER

Size of top, 38x19 in. Bevel mirror, 24x16 in.

Mirror of unique design, and fine quality. Has an artistically ornamented frame, supported by graceful standards. The top is shaped to conform to the veneered serpentine swell **Quartered** front. There are four drawers of dovetail construction with good locks and wood knobs. It is highly finished, and well made throughout.

BED

Height of head, 67 in. Height of foot, 34 in. Width, 4½ ft. only.

While it is generously ornamented with carvings, there are not too many to be in good taste. The head end is prettily carved, and shaped to harmonize with the carvings. Foot has roll ornament, veneered with **Quartered Oak.** Has heavy carved claw feet, fitted with casters.

COMMODE

Size of top, 30x17 in.

Roomy drawer and large compartment, with two panel doors. Towel bar. French legs, with casters. Wood knobs. Very well made and finished.

$21.95 A very popular elaborately ornamented Suite $24.95

With plain commode (no mirror)

With mirror commode (as shown)

166B7464

Shipped promptly from stock at Chicago.

Shipping weight, suite complete, about 300 lbs.

One of our new, heavy, carved Suites, especially designed for us. It is offered at the lowest price we ever knew of for a Suite of this character. Made by skilled cabinet makers, in a factory equipped with the most modern machinery, which not only means, that all parts are machined properly, but makes possible better goods, for less money. Made of **Genuine Oak**, in the rich Golden finish, with veneered serpentine front of Dresser in flaky **Quartered Oak.** We consider this one of the very best values we ever offered.

DRESSER

Size of top, 42x20 in. Bevel mirror, 24x16 in.

A good, practical size. Beautifully veneered shaped serpentine swell front, of **Quartered Oak**, with two large drawers and two smaller ones. Both mirror supports and the frame of the mirror are heavily decorated with carvings, all drawers of dovetail construction.

166B7468

Shipped promptly from stock at Chicago.

BED

Height of head, 80 in. Height of foot, 37 in. Width, 4½ ft. only.

A fine specimen of the designer's art; almost entirely covered with gorgeous carvings, which are clean-cut and handsome. Has large claw feet, and good casters. Note the massive **Quartered Oak** (veneered) roll on the foot, which gives it a very finished appearance.

COMMODE

Size of top, 34x18¾ in. Bevel mirror, 20x18 in.

Can be had either with plain toilet, with towel bar, or with the mirror, as pictured. Top drawer has shaped serpentine front, to match Dresser; also two other drawers, and roomy cupboard, with door. Carved claw feet. The Suite complete, will make a very pretty bedroom.

Here Are Money Saving Values in Good Bedroom Suites

$23.95

Suite Complete

166B7472

Shipped Promptly from Stock At Chicago

This big value bedroom suite is built of seasoned **Genuine Oak**, and richly finished in the **Golden color.** The drawers fit perfectly, slide smoothly, and have dovetailed corners. All pieces have easy rolling casters.

The design will please the most conservative taste, for it has only enough artistic carvings to enhance its pleasing appearance.

The quality of construction and finish is such, that we recommend this suite to our particular friends, whom we wish to keep for steady customers. We are confident that it will please perfectly.

The price quoted above is for all three pieces, bed, dresser, and commode. This price is the result of our large sales, and our economical, one small profit plan of merchandising. It is very much less than you would pay elsewhere for equal quality.

This may be rightly termed good furniture, for it is substantially built, of choice material, and nicely finished. It is indeed much better than our low price might lead you to expect.

Bedding displayed on beds is, of course, not included.

Shipping Weight of Suite Complete, About 350 Lbs.

The Bed — Height of head, 67 in. Height of foot, 35 in. Width, 4½ ft. only. Full panel construction. Tops of both head and foot board shaped and ornamented with a touch of carving. Good casters.

Dresser—Size of top, 38x19 in. French bevel mirror, 24x20 in. Has serpentine swell shaped front. Two large drawers, and two smaller ones. Entire front is veneered with flaky-figured **Quartered Oak.** Easy rolling casters, wood knobs, good locks.

Attractive in Appearance, and Reliably Built for Service

$24.95

Suite Complete

166B7476

Shipped promptly from stock at Chicago.

An elaborately ornamented suite of sterling worth. Last year many customers proved by purchasing, that this suite is highly satisfactory in every respect. It is built of select kiln dried **Genuine Oak**, and finished in the well liked **Golden shade.** Nothing has been omitted in the design or manufacture, that would add to its durability or desirability. Our large business makes possible large contracts with manufacturers that keep their plants running during the dull season, and this explains our very low prices. If you like a fancy suite, it would be difficult to find one nicer than this, for less than a third more than we ask.

The values we give you in our furniture section are no greater than those we offer in other lines. You can profit by buying from any and all of our lines. Our catalogue and our methods are worth studying carefully.

Shipping Weight of Suite Complete, About 325 Lbs.

$24.95

Suite Complete

166B7476

Shipped promptly from stock at Chicago.

The Dresser — Size of top, 42x20 in. French bevel plate mirror, 24x20 in. Serpentine swell shaped front, veneered with flaky **Quartered Oak.** Four dovetailed drawers, with brass pulls, and good locks. Wood wheel casters.

The Bed — Height of head, 75 in. Height of foot, 37 in. Width, 4½ ft. only. Roll on foot is flaky **Quartered Oak.** Panels are three-ply, built up veneer stock, to prevent warping. Solid and strong. Has good casters.

Commode—Size of top, 34x18¾. Top is shaped to conform to serpentine swell shaped top drawer, which is veneered with **Quartered Oak.** Two other drawers, and compartment with panel door. Standards which support towel bar have artistic carvings.

Real White Enamel, Strictly High Grade, Yet Very Inexpensive

This real White Enamel is vastly different than the ordinary white paint, which is often sold as enamel to unwary purchasers. When soiled, it can be wiped off with a moist cloth, without injury.

Our popular household remedies are fresh and the prices are right

Money-saving values in low priced Bedroom Suites with sanitary Iron Beds

The Suites illustrated on this page are artistic and ornamental, as well as economical. We have found that many prefer an Iron Bed in place of a wooden one, on account of its being more sanitary. We are selling hundreds of these combinations, and they are highly satisfactory. We are confident you will be pleased with any one of them, but of course advise that you select one of the better suites, as it is well worth the small difference in price.

Take your choice of these well made pieces at prices near to wholesale cost

Bedding displayed on Beds is of course not included

$15.85 for Bed, Dresser, and Commode
166B7517

Shipped promptly from stock at Chicago.

Here is a group of bedroom pieces that have real merit, as well as low price to commend them to you. They are built from the standpoint of service and durability, but their attractive appearance is also a distinctive feature. You may purchase any piece separately, but the three pieces make a very nicely furnished bedroom, and you will appreciate getting them all at once.

66B7519—Bed alone.....$3.15

Made in 3½ ft., or 4½ ft. width. Diameter of main posts, ⅞ inch. Upright filling rods, ¼ inch thick. Height of head, 55 inches. Height of foot, 38 inches. Shipping weight, about 100 pounds.

We think our buyer did a big thing when he secured this fine bed to sell at the low price we are quoting. Made of steel, in washable white enamel finish. Artistic, and extra value.

166B7524—Dresser.....$9.75

Shipped promptly from stock at Chicago.

Size of top, 38x18 in. Bevel mirror, 24x20 in. Shipping weight, about 110 pounds. Made of seasoned hardwood, in perfect imitation of **golden quartered oak,** highly finished. Has just enough fine carving to increase its attractiveness. Dovetail drawer construction. Good locks, wood knobs, and casters.

166B7527—Commode.....$3.25

Shipped promptly from stock at Chicago.

Size of top, 29½x15½ in. Shipping weight, about 65 pounds. Pictured above in center, and matches either dresser. Built of kiln-dried hardwood, in imitation **golden quartered oak** finish. Has one drawer, and big compartment with two doors. Casters.

This Bed, Dresser, and Commode $18.25
166B7529

Shipped promptly from stock at Chicago.

No wonder these suites with iron beds are so popular, when you can secure such big values as we show in this group. Every piece is up to date and pleasing in design, and of such a quality that in many stores you would pay for the dresser and commode alone almost as much as we ask for all three pieces. But the price saving is not all that makes them desirable—they look well and will wear well.

66B7532—Bed alone.....$4.75

Made in 3½ ft., 4 ft., or 4½ ft. width. Diameter of main posts, ⅞ inch. Upright filling rods, 5/16 and ¼ inch thick. Three ⅝ inch **Square** rods in center panel. Height of head, 56 inches. Height of foot, 39 inches. Shipping weight, about 100 pounds. This is a bed we have already sold to hundreds of satisfied customers. Solidly built of steel, and finished in washable white enamel. You will be delightfully surprised when you receive it.

166B7533—Dresser.....$10.95

Shipped promptly from stock at Chicago.

Size of top, 40x18¾ in. Bevel mirror, 24x20 in. Shipping weight, about 135 lbs. Has artistically shaped mirror, in ornamented frame, and serpentine swell shaped front. Made of choice hardwood, and finished imitation **Golden Quartered Oak.** Drawers are dovetail construction, slide easily, and have good locks and wood knobs. Wood wheel casters.

One of our rope portieres in your home will add a touch of elegance

This offer sets a new record in big value giving

$11.90

Extra large, width 40-in.

166B7565—Price only $11.90

Shipped promptly from stock at Chicago.
Shipping weight, about 125 pounds.

Size of base, 40x20 inches. Bevel plate mirror, 24x16 inches. Built of choice, well-seasoned hardwood, and richly finished in a perfect imitation of flaky Golden Quartered Oak. Being extra large, more than the usual amount of room is provided. The drawers are dovetailed, and all well fitted, so they slide easily. Each has a good lock and wood knobs. Two top drawers have ogee swell fronts. Easy-rolling casters. Very massive. Usual retail value, about $16.00.

Modern in design, high grade in material and construction

Even though the prices on these pieces are remarkably low, the quality is unusually good.

We may never be able to duplicate this offer, and you will do well to purchase now, while the money-saving prices are in effect.

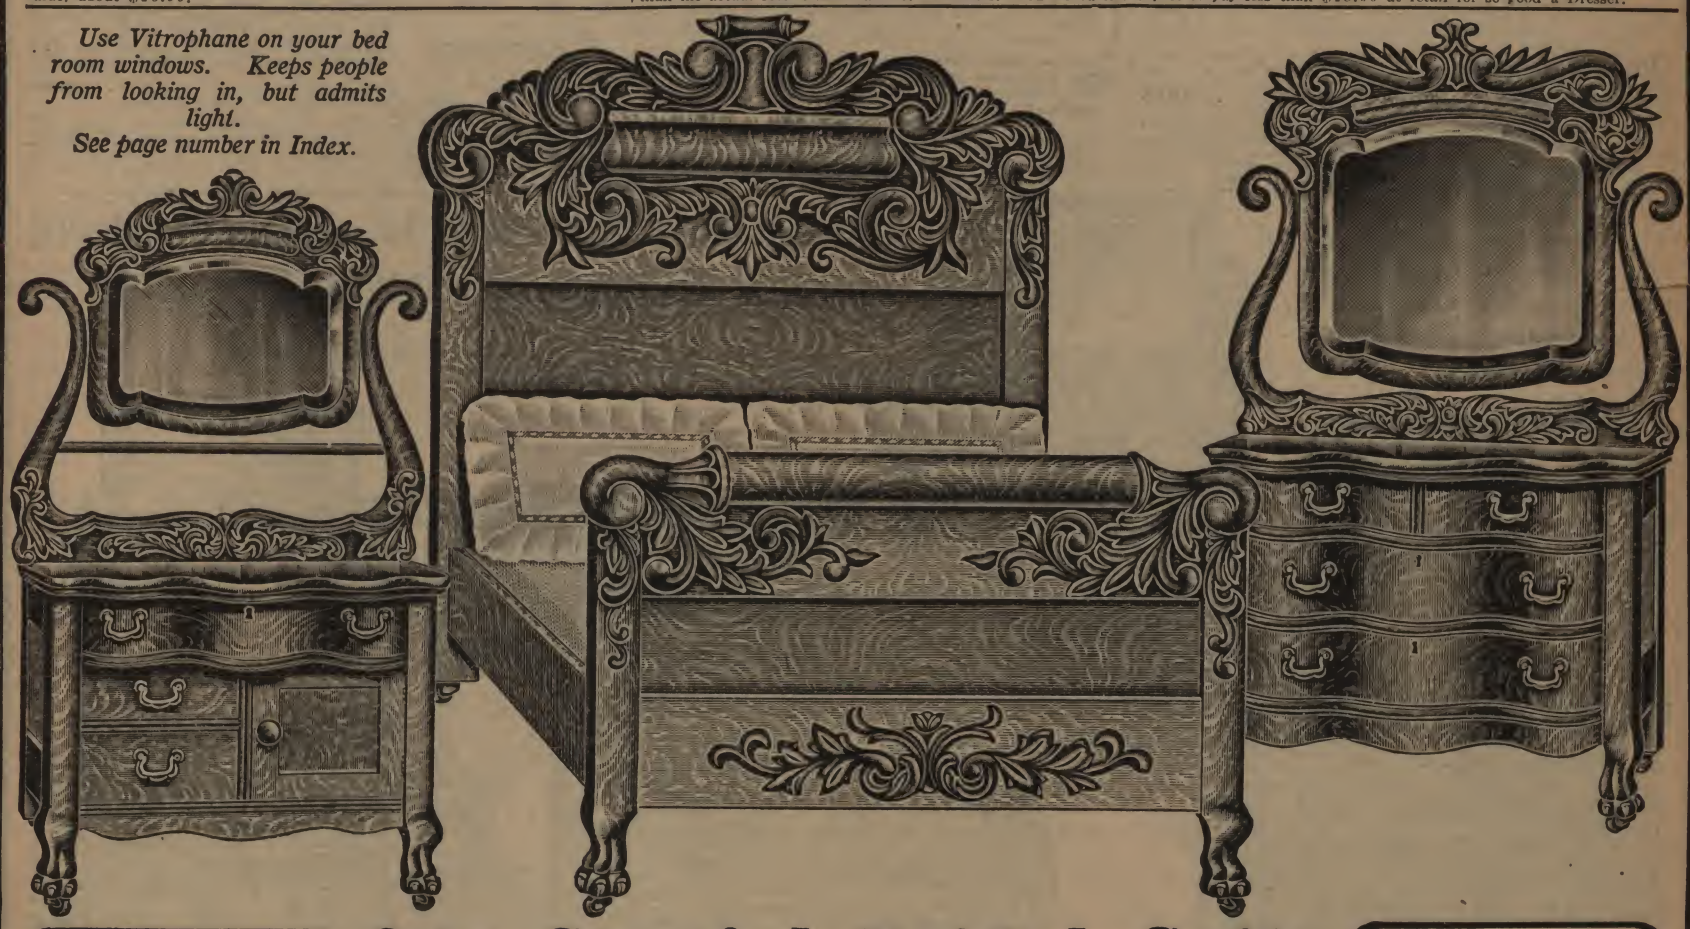
These two pieces, a massive **Colonial** Dresser and Chiffonier, are extremely desirable, well made pieces of bedroom furniture. They are in a plain, harmonious design, that will always be in good taste, and look well with any brass or iron bed. You will be pleased with their fine appearance when you see them.

You Benefit by This

We have been trying for some time to get the manufacturer to make up these pieces at a figure low enough to permit us to sell them to you at the big savings now quoted. He said it was not possible to make them as good as we insisted on having them made, at the price we wanted to pay. So we filled our space with other good values. After the book was ready to go to the printer, the manufacturer changed his mind and met our price. We then omitted something else and put these two pieces on this page, because we felt that thousands of our customers would recognize them as values too good to pass by. So you have here an opportunity seldom found—dependable quality, pleasing design, splendid finish—all for little more than the actual cost of manufacture.

$12.90

Extra large, width 45-in.



166B7575—Price only $12.90

Shipped promptly from stock at Chicago.
Shipping weight, about 135 pounds.

Size of base, 45x21 inches. Bevel plate mirror, 30x24 inches. Made of select kiln dried hardwood, highly finished in faithful imitation of Golden Quartered Oak of flaky figure. Top drawers have ogee shape fronts. All drawers are dovetailed, fit snugly and slide smoothly; have locks and wood knobs. Mirror is extra large, and of fine quality. Fitted with good casters. You would not expect to pay less than $18.00 at retail for so good a Dresser.

Use Vitrophane on your bed room windows. Keeps people from looking in, but admits light.
See page number in Index.

$28.95

Three pieces with plain commode (no mirror)

Shipped promptly from Stock at Chicago

Our Special Bridal Suite

Makes a wedding gift that will be appreciated for many years

A high grade Bedroom Suite. Made by skilled artisans, who are each experts in their line. Every detail of construction and finish is taken care of in the most thorough workmanlike manner. It is made of **Genuine Golden Oak.** The Dresser has a flaky **Quartered Veneered front.** Finished in the popular shade of Golden, which is so generally admired. We are offering you what is probably the largest and best suite quoted at anywhere near this price, and advise you to select this number if you desire a suite of this character.

When you get this suite you not only save a considerable amount on the price, but you may be sure of having furniture in your home that is well made and attractive in design, of a quality which usually sells for about one-third more than we ask. Every one who sees this handsome suite will admire its artistic design and superior finish and compliment you on its possession.

Shipping weight, about 375 pounds.

THE BED Height of head, 77 in. Height of foot, 34 in. Width, 4½ ft. only.
It is richly shaped, and heavily ornamented with fine carvings. The foot is finished at top with massive roll of flaky **Quartered** stock. Has large, carved claw feet, fitted with casters.

THE DRESSER Size of top, 42x20 in. French bevel mirror, 28x22 in. Has shaped top, with molded edge, which conforms to the artistic curves of the serpentine swell front. Two large and two smaller drawers, with good locks. Frame has heavy, deep carvings.

THE COMMODE Size of top, 34x18¾ in. French bevel mirror, 18x12 in. Top drawer has serpentine front, and there are two other drawers, and a roomy compartment. Heavy carvings to match dresser; claw feet.

$32.75

Three pieces with mirror commode as pictured

166B7557

Shipped promptly from Stock at Chicago

An exceptional value in a massive Colonial Suite for little money

Perfectly proportioned and finely finished

Montgomery Ward & Co. never sacrifices quality to quote a seemingly low price. You can depend on anything you get from this book satisfying you perfectly. Isn't it worth something to you to deal with a firm that lives up to such high standards?

A splendidly built suite that will make your best Bedroom the envy of all who see it.

PRINCESS DRESSER Size of top, 42x20 inches. French plain plate mirror, 36x18 inches. Shipping weight, about 145 pounds.
166B7623—Price, only **$14.95**
Shipped promptly from stock at Chicago.
This is a very massive, yet graceful dresser that will be highly appreciated by women, as the low base and extra long mirror are great conveniences for dressing. Three dovetailed drawers with locks and wood knobs. Heavy Colonial scroll ornamentation. Easy rolling casters. It is seldom you find such an attractive, well made dresser for so low a price.

TOILET COMMODE Size of top, 34x18½ inches. French plain plate mirror, 20x16 inches. Shipping weight, about 135 pounds.
166B7628—Price, only **$10.85**
Shipped promptly from stock at Chicago.
This practical piece gives conveniences of both dresser and commode. Has one large drawer, two smaller ones, and roomy compartment with panel door. Towel bar below mirror. Really more massive and attractive in appearance than our picture shows. Drawers have dovetailed construction. Wood knobs and easy rolling casters.

Are you interested in saving money?

If you are, this massive **Genuine Oak** Colonial suite will appeal to you. It is carefully finished in the rich Golden color, and has fronts and tops of flaky figured **Genuine Quartered Oak** improved veneer construction. We sell so many of these suites that the manufacturer can keep a force of men busy making them the year round—right through the dull summer months. This enables us to buy them for much less than retailers would ordinarily pay, and we pass the saving on to you in a lowered selling price. Made in a high grade manner by expert workmen, and carefully inspected before shipping.

BED Height of head, 56 inches. Height of foot, 38 inches. Width, 4½ feet only. Shipping weight, about 120 pounds.
166B7631—Price, only **$11.95**
Shipped promptly from stock at Chicago.
Has very heavy roll at head and foot, and massive Colonial scroll ornamentation on foot. Easy rolling wood wheel casters. Beds of this style, size and finish are considered reasonable in retail stores at $18.00 to $20.00.

DRESSER A Size of top, 42x20 inches. French plain plate mirror, 28x22 inches. Shipping weight, about 165 pounds.
166B7634—Price, only **$13.95**
Shipped promptly from stock at Chicago.
Special attention is given to the fitting of the dovetailed drawers of this dresser, so that they work smoothly and easily. Each is fitted with a reliable lock and wood knobs. A very massive dresser that is worthy a place in the finest homes. Plain, rich and dignified in appearance. Our price saves you a worth while amount.

CHIFFONIER Size of top, 33x20 inches. French plain plate mirror, 20x16 inches. Shipping weight, about 155 pounds.
166B7636—Price, only **$14.85**
Shipped promptly from stock at Chicago.
Abundance of room is provided by the four large drawers, and two smaller ones. These all have dovetailed corners, good locks, wood knobs, and slide easily. Very massive and graceful Colonial scrolls ornament front and support mirror. Good casters. The secret of our low price is in our large sales which lowers the cost of manufacture.

You can have this Suite in choice Quartered Oak, Mahogany or Circassian Walnut

Improved Veneer Construction

We invite comparison on this Suite. A careful examination will convince you that it leaves nothing to be desired as regards correctly proportioned design, skillful workmanship, or superior finish.

Princess Dresser

DRESSER Size of top, 45x22 inches. French bevel mirror, 36x24 inches. Shipping weight, about 215 pounds.
166B7638—Quartered Oak... **$24.95** | **166B7642**—Circassian Walnut **$29.90**
166B7640—Genuine Mahogany **26.95** | **Shipped promptly from stock at Chicago.**
Lovers of fine furniture will be enthusiastically pleased with this dresser. It is built with the one idea of making it better than the ordinary. Three long drawers (one more than usual) and three top drawers with roll fronts. **Dust-proof construction.** Good locks and wood knobs. Very massive and graceful. Wood wheel casters.

CHIFFONIER Size of top, 20x42 inches. French bevel mirror, 16x28 inches. Shipping weight, about 175 pounds.
166B7644—Quartered Oak... **$18.95** | **166B7648**—Circassian Walnut **$22.95**
166B7646—Genuine Mahogany **20.95** | **Shipped promptly from stock at Chicago.**
Unusually large and roomy. **Dust-proof drawers** which keep your linens snowy white. Three roll front drawers at top, and four other large ones. The beautiful figure of the choice woods is displayed to advantage in this rich looking, most desirable chiffonier.

A Really High Grade Suite

Correct Colonial style. Very massive. Made in your choice of flaky Quartered Oak, figured Genuine Mahogany or imported Circassian Walnut, all improved veneer construction. Very finely finished. The high quality of the workmanship will far exceed your highest expectations. It is fit for the finest home. Aside from your saving in price, if you purchase this suite, you will have the satisfaction of knowing that you possess bedroom furniture that is correct in style, and strictly high grade in every respect.

BED Height of head, 58 inches. Height of foot, 46 inches. Width, 4½ feet only. Shipping weight, about 150 pounds.
166B7651—Quartered Oak... **$18.95** | **166B7655**—Circassian Walnut **$21.90**
166B7653—Genuine Mahogany **17.95** | **Shipped promptly from stock at Chicago.**
Massive Napoleon bed with heavy roll at both head and foot. Large scroll posts of symmetrical proportions terminate in scroll feet, and are fitted with easy rolling casters. You must see this bed to fully appreciate its superiority to those ordinarily sold at about this price.

PRINCESS DRESSER Size of top, 45x22 inches. French bevel mirror, 36x30 inches. Ship. wt., about 215 lbs.
166B7657—Quartered Oak... **$23.90** | **166B7661**—Circassian Walnut **$27.90**
166B7659—Genuine Mahogany **24.90** | **Shipped promptly from stock at Chicago.**
As you will notice, this dresser has more room than is usually provided in dressers of this type. There are two long drawers and three top drawers with roll fronts, all with **dust-proof construction.** The extra large mirror gives nearly a full length reflection, and will be greatly appreciated for a dressing mirror. Your satisfaction is assured.

You can have one piece or the Complete Suite at the same saving

Designed after a very expensive Suite and offered at a price well within the reach of the man of even ordinary means.

There is a vast amount of genuine satisfaction in showing your fastidious guest to a Bedroom you know is correctly furnished. If this Suite is in the room you may be sure your guest's most careful inspection will incite only favorable comment.

We can furnish this Suite in either the Circassian Walnut, Genuine Mahogany (veneer construction), or Imitation Quarter Sawed Oak. We recommend that you select the Circassian Walnut, as this wood looks the best, takes the finest finish and has a velvety, waxlike surface, that does not easily show mars or scratches.

Prices that Mean Big Savings

Why not buy your favorite Perfumes here—refined, delicate odors

This is real Heirloom Furniture—the kind that will last for generations and improve with age

DRESSER Size of top, 45x22 in. French bevel mirror, 34x28 in. Shipping weight, about 250 lbs.

166B7689—Quartered Oak **$26.90**
166B7691—Genuine Mahogany **27.90**
166B7693—Circassian Walnut **29.95**

Shipped promptly from stock at Chicago

Very massive Colonial scroll style, with double thick top. Two long drawers, with full swell fronts. Three smaller drawers, with ogee shaped fronts. Made with improved **dust proof** construction. Has wood knobs, reliable locks, and high grade casters. An extra large dresser in the plain rich looking design which displays to advantage the beautifully figured woods with which it is veneered.

It is difficult to show with a printed illustration, the real difference between this high quality suite and the ordinary kind. If you could see it, and judge for yourself, you would undoubtedly pronounce it superior in style, construction, and finish to nearly anything offered elsewhere for a third more money. Rare Circassian Walnut is perhaps the most valuable cabinet wood in use today. It is all imported from the foothills of the Caucausus mountains in Europe. No other wood equals it for beauty of natural grain. If you wish a suite similar to those sold to the Smart Set by exclusive Department Stores at prices double ours, **get this one.** Can be furnished in Quartered Oak or Genuine Mahogany, but we by all means advise the beautiful Circassian Walnut. Improved veneer construction.

BED Height of head, 58 in. Height of foot, 46 in. Width, 4½ feet only. Shipping weight, about 150 pounds.

166B7695—Quartered Oak **$17.90**
166B7697—Genuine Mahogany **18.90**
166B7699—Circassian Walnut **22.95**

Shipped promptly from stock at Chicago

This massive bed is exceptionally graceful and symmetrical in design, and has a big roll at head and foot. The plain panels and heavy scrolls have no other ornamentation than the fantastically figured woods. When selecting the veneers for each individual piece, expert workmen match the grain of these woods to show the most pleasing effect. Easy rolling casters.

CHIFFONIER Size of top, 36x20 in. French bevel mirror, 24x16 in. Shipping weight, about 200 pounds.

166B7701—Quartered Oak **$20.95**
166B7703—Genuine Mahogany **21.95**
166B7705—Circassian Walnut **23.95**

Shipped promptly from stock at Chicago

A glance at the measurements and shipping weight will tell you that this chiffonier is unusually large and massive. The quality is all that the picture and our description may lead you to expect, in fact we think you will be delightfully surpriced when you can examine the high grade **dust proof** construction, and feel the smooth hand rubbed finish. Four big drawers with full swell fronts. Three top drawers, with ogee front. Fine quality locks, wood knobs, and casters.

Exquisitely figured woods, superbly finished, for fine homes

These dignified pieces will impress your guest with your good taste in selecting them. They are unsurpassed in construction and finish

For those who are satisfied with nothing but the best, we heartily recommend these splendid pieces. They will meet every requirement of high grade construction, superb finish, and correct design.

Be sure to look carefully for knobs, keys, and casters before throwing away packing

CHIFFONIER Size of top, 36x20 in. French bevel plate mirror, 24x18 in. Shipping weight, about 185 lbs.

266B7709—Oak or Mahogany **$27.50**
266B7710—Imported Circassian Walnut **31.50**

Shipped from factory in Indiana.

Three overhanging invisible drawers directly under the double thick top. Also four large drawers. Made with improved dust proof construction, making an ideal place to store fine lingerie and linens. The beauty of this piece can only be appreciated when you see it. Hand rubbed finish. Reliable locks, wood knobs, and high grade casters.

DRESSER 'B" size of top, 50x24 in. French bevel mirror, 38x30 in. Shipping weight, about 265 pounds.

266B7711—Oak or Mahogany **$39.90**
266B7713—Imported Circassian Walnut **45.90**

Shipped from factory in Indiana.

Please note the large size. You will be delighted if you select this piece, and it will win the admiration of all who see it. Top drawers, three in number, have roll fronts. Three long drawers, one more than the usual number. Wood knobs and good locks.

The highest grade Suite we have ever sold

The constantly increasing demand from thousands of our customers, for furniture of a grade a little finer than we have usually sold, has led us to quote this Suite, which is one of the finest obtainable. Only expert Cabinet Makers, with years of experience, aided in their efforts by the most modern machinery, in a well equipped factory, could build a Suite as this one is built. The result is a Suite that we are glad to ship to the most critical, and best informed furniture buyers in the country, feeling confident that when it is carefully examined they can find no fault with it. Made of either choice **Golden Quartered Oak,** selected **Genuine Mahogany,** or imported **Circassian Walnut,** latest improved veneer construction. The splendid finish, equal to that on your piano, serves to bring out to the best advantage the natural figure of the wood. Correct Colonial design, very heavy and massive.

BED Height of head, 57 in. Height, of foot, 42 in. Width, 4½ feet. Shipping weight, about 155 pounds.

266B7715—Oak or Mahogany **$24.75**
266B7717—Imported Circassian Walnut **29.50**

Shipped from factory in Indiana

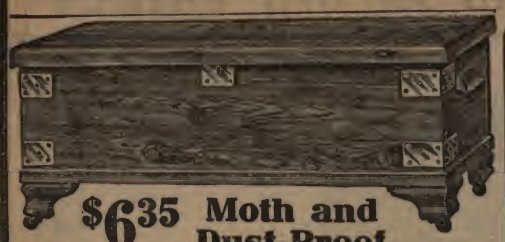
This is a bed that will delight lovers of fine furniture. Of the Napoleon type, with large roll at head and foot. The handiwork of nature is displayed in the fantastically figured woods, the grain of which is matched by skilled artisans. We have seen beds no better sell elsewhere for almost twice our price.

CHIFFOROBE Height over all, 72 in. Extreme width, 48 in. Two French bevel mirrors, one 42x14 in. and one 16x12 in. Shipping weight, about 310 pounds.

266B7719—Oak or Mahogany **$38.95**
266B7721—Imported Circassian Walnut **44.50**

Shipped from factory in Indiana.

A magnificent piece of furniture. Interior lined with Bird's Eye Maple. Sliding extension rod with coat hangers. Seven drawers of various sizes under hat compartment, and long drawer with roll front at bottom. So much superior to the ordinary kind that it is not to be compared with them.



DRESSER "A" Size of top, 48x24 in. French bevel mirror, 34x28 in. Shipping weight, about 185 pounds.

266B7723—Oak or Mahogany **$33.90**
266B7725—Imported Circassian Walnut **37.90**

Shipped from factory in Indiana.

Extra large mirror of fine quality, which is hung in roll front frame. Two unusually deep, large linen drawers, and three overhanging drawers at top. Dust proof construction, so your linen will keep snowy white. Very massive scroll ends and feet. Wood knobs, locks, and special casters. The quality is superb.

The Buffets on this page are revelations in big values

$11.75

A big Colonial Buffet specially priced.

Usual retail value about $17.50

166B7851—Our special low price, only **$11.75**
Shipped promptly from stock at Chicago.
Size of top, 42x20¾ in. Height over all, 58 in. French bevel mirror, 34x10 in.
Shipping weight, about 145 pounds.

A massive buffet, with symmetrical Colonial scrolls. It is built of choice seasoned hardwood, and highly finished in a perfect imitation of flaky figured **Quartered Golden Oak.** The plain surfaces are easy to keep clean and afford opportunity to show an especially attractive graining. Dovetailed, perfectly fitting drawers, with wood knobs. Top drawers have roll fronts and one is lined for silver. Very spacious cupboard across entire buffet, has two doors, with scroll ornament between. This is a buffet that will appeal strongly to your good taste. It will look well in your dining room and add much to its convenience. We sell so many that we have been able to buy on a very favorable basis, and you get the benefit when you purchase of us.

$15.50

Pretty French style.

Extra roomy.

Big value at our low price.

166B7854—Our special low price **$15.50**
Shipped promptly from stock at Chicago.
Size of top, 42x20 in. Height over all, 56½ in. French bevel mirror, 36x10 in.
Shipping weight, about 160 pounds.

Those who prefer a departure from plain design will find merit in this original and attractive buffet. It has only enough ornamentation to increase its appeal to your good taste. Well proportioned, graceful and convenient. Built of choice, flaky **Quartered Oak,** improved veneer construction, and richly finished in the Golden color. Center top drawer is lined for silver. Large cupboard has three doors, with half-round columns on each side of center door. French legs and good casters. You can sweep under this buffet without moving it, an important feature. Shelf above the mirror is supported by round columns. You will find this to be a well made, dependable piece of furniture, up to your expectations in every way, so you might as well purchase it here and save money.

$9.90

166B7857—Our price, only **$9.90**
Shipped promptly from stock at Chicago.
Size of top, 45x20¾ in. Height over all, 56 in. French bevel mirror, 34x10 in. Shipping weight, about 140 pounds.

A low priced buffet that is very similar in design to some very expensive ones. Made to fit the average man's purse. Carefully constructed of seasoned hardwood and finished in a perfect imitation of **Golden Quartered Oak.** One of the top drawers is lined for silver. All drawers dovetail construction. Trimmed with wood knobs, good locks and casters. A splendid buffet for the low price quoted.

$10.75

Shipped promptly from stock at Chicago.
Size of top, 42x20 in. Height over all, 55½ in. French bevel mirror, 32x10 in. Shipping weight, about 140 pounds.

Large and massive. Made of kiln dried hardwood, in the flaky, imitation **Quartered Golden Oak** finish. One of the top drawers lined for silver. Large linen drawer is above cupboard, where it is handy to get at. Dovetail drawer construction. Wood knobs, good locks and casters. Plain and refined in appearance. This buffet, although very low in price, can be depended on for long and satisfactory service.

$14.75

166B7861—Our price, only **$14.75**
Shipped promptly from stock at Chicago.
Size of top, 44x18 in. Height over all, 56 in. French bevel mirror, 28x10 in. Shipping weight, about 175 pounds.

This pleasing Colonial buffet has proven so very popular with our customers during the past two years that we have decided to continue it another season. It is built of **Genuine Oak,** highly finished Golden color. Two drawers at top, one lined, and linen drawer at bottom. Large cupboard, with two panel doors of veneer stock. Massive scroll ends and feet; also scroll supports for shelf above mirror. You will be delighted with it.

$15.90

166B7863—Our price, only **$15.90**
Shipped promptly from stock at Chicago.
Size of top, 48x16 in. Height over all, 54 in. French bevel mirror, 36x10 in. Shipping weight, about 200 pounds.

A new design that is very attractive. Built of seasoned **Genuine Oak,** in rich Golden finish. Dovetailed drawer construction. One of top drawers plush-lined for silver. Round cornered mirror has shelf above and handy bracket shelves on each side. Please note by the measurements that this is extra large size for a buffet at this price. Your own good judgment will tell you that this is an exceptional value.

$15.95

166B7865—Our price, only **$15.95**
Shipped promptly from stock at Chicago.
Size of top, 48x20¾ in. Height over all, 58 in. French bevel mirror, 34x10 in. Shipping weight, about 150 pounds.

A very desirable feature of this massive Colonial buffet is the heavy, graceful scrolls which support the shelf above the mirror and with which the front is ornamented. Roll front top drawers, one lined for silver. Carefully constructed of choice hardwood, in the flaky figured, imitation **Golden Quartered Oak** finish. This is a buffet that will add materially to the attractive appearance of your dining room, and costs but little.

$15.95

166B7867—Our price, only **$15.95**
Shipped promptly from stock at Chicago.
Size of top, 44x17 in. Height over all, 55 in. French bevel mirror, 32x12 in. Shipping weight, about 175 pounds.

A Colonial buffet that is different from the ordinary and superior in construction and finish. Built of choice **Genuine Oak.** Highly finished in the much liked Golden color. Pattern shaped mirror, with shelf above, and bracket shelves on each side. Very massive. Perfectly fitting drawers of dovetailed construction, with one of the top drawers lined for silver. You will find this a high grade article that would cost you about a third more elsewhere.

Popular priced Buffets that will delight particular people

$18.95

166B7876

When you see this Buffet you will guess the price nearer $30 than the price we ask.

166B7876—Special price, only **$18.95**
Shipped promptly from stock at Chicago.
Extreme length, 48 in. Extreme depth, 22 in. Height over all, 59 in. French bevel mirror, 36x10 in. Shipping weight, about 175 pounds.

It would be difficult to find a better proportioned, nicer appearing buffet for the money than this one. Built of choice flaky **Genuine Quartered Oak** (veneer), except the ends, which are straight grained **Genuine Oak.** Highly finished in the rich Golden shade. Notice the unique arrangement of the base, which provides abundance of room. There are three drawers below in the center, and two cupboards with oval panel doors, and large linen drawer. Shaped legs and fancy carved claw feet. Easy rolling casters. Oval French bevel mirror of fine quality, with shelf above, which is supported by massive Colonial brackets. To secure equal size and quality you would pay $30 at most dealers'. You can make no mistake by deciding on this number.

$19.90

166B7878

A clever design that combines useful features of both Buffet and China Cabinet at a very low price.

166B7878—Special price, only **$19.90**
Shipped promptly from stock at Chicago.
Extreme length, 44 in. Extreme depth, 15 in. Height over all, 58 in. French bevel mirror, 38x8 in. Shipping weight, about 170 pounds.

Attractive, practical China Buffet. Made of choice, thoroughly seasoned **Genuine Quartered Oak** of flaky figure. Richly finished Golden color and hand rubbed to a **high polish.** A distinctive design of more than usual merit. Long shelf above the mirror is supported by graceful Colonial scrolls. Doors to end compartments have bent glass, and both these and door to front cupboard are fitted with artistic wood grille work. Two drawers, top one plush-lined for silver. Carved claw feet with good wood wheel casters. Has advantages of both Buffet and China Cabinet. Imagine how nice it would look in your own dining room. Our price is surprisingly low for such a well made, well finished article.

$16.95

166B7880—Our price, only **$16.95**
Shipped promptly from stock at Chicago.
Size of top, 44x17 in. Height over all, 55 in. Three French bevel mirrors, two 10x6 in. and one 22x10 in. Shipping weight, about 175 pounds.

High grade Colonial Buffet of **Genuine Oak,** in Golden finish. Free from carvings and easy to keep clean. You will be delighted with it, as it is convenient and well made. Massive scroll ends and feet; also supports for shelf above mirror. One large linen drawer and two of medium size. The top drawer lined for silver. Spacious cupboard with two doors. Trimmed with wood knobs and good locks. Three mirrors in top produce a pleasing effect. Our price means a real saving.

$16.75

166B7882—Our price, only **$16.75**
Shipped promptly from stock at Chicago.
Size of top, 44x16¼ in. Height over all, 54 in. Oval French bevel mirror, 32x10 in. Shipping weight, about 175 pounds.

A distinctive new pattern that is very desirable. Made of choice flaky **Genuine Quartered Oak,** with end panels of straight grain **Genuine Oak.** All highly finished Golden color. Base has large cupboard with two doors with veneered panels; long, deep linen drawer, and two smaller drawers, one of which is plush lined for silver. Dovetailed drawer construction. Wood knobs. Finished with care. Many stores would probably charge you half more than we ask.

$17.75

166B7884—Our price, only **$17.75**
Shipped promptly from stock at Chicago.
Size of top, 44x16 in. Height over all, 55 in. French bevel mirror, 32x10 in. Shipping weight, about 175 pounds.

Massive, rich looking Colonial Buffet. Built of seasoned **Genuine Quartered Oak,** with end panels of straight grain **Oak.** Popular Golden finish. Two top drawers have ogee shaped fronts, and one is plush-lined for silver. Large linen drawer. Spacious cupboard, with two doors, which have veneered panels that will not warp. Graceful scrolls ornament front and support shelf above mirror. Dovetailed drawer construction. Dependably built for satisfactory service, and price extremely low.

166B7886—Our price, only **$16.85**
Shipped promptly from stock at Chicago.
Size of top, 48x24 in. Height over all, 54 in. French bevel mirror, 34x10 in. Shipping weight, about 210 pounds.

A large, extra deep Colonial Buffet that you will like. Built of seasoned hardwood and finely finished in so perfect an imitation of flaky **Quartered Golden Oak** that you will hardly know the difference. Three top drawers, with roll fronts, one lined for silver. Two more drawers in center, beside the long linen drawer. Two cupboards. Trimmed with wood knobs, locks and good casters. Many dealers ask $25.00 for a buffet of this size and quality.

$19.95

166B7888—With leaded glass in doors and ends, as shown. **$19.95**
166B7890—With plain glass in ends and doors **16.95**
Shipped promptly from stock at Chicago.
Size of top, 44x15 in. Height over all, 56 in. French bevel mirror, 38x8 in. Shipping weight, about 140 pounds.

A very fine quality China-Buffet. Made of choice flaky figured **Quartered Oak,** in the Golden finish. **Highly Hand Polished.** One of the top drawers is plush-lined for silver. Plenty of room for dishes in the cupboards, on ends and lower center. French legs and carved claw feet, with easy rolling casters. Brass knobs and good locks. A splendid buffet that will prove a welcome addition to your dining room.

Refined designs in well-made Buffets, at big savings

$19.65

166B7902—Our special price, only **$19.65**
Shipped promptly from stock at Chicago.
Size of top, 48x22 in. Height over all, 59½ in. French bevel mirror, 36x12 in.
Shipping weight, about 175 pounds.

An unusually massive Colonial Buffet of distinctive pleasing design. Built of thoroughly seasoned **Genuine Oak** by experienced workmen, and highly finished in the much liked Golden shade. If you will notice carefully the picture, you will agree that the arrangement is particularly convenient. At the top are three drawers, one lined for silver. Below is a big cupboard extending across entire buffet, with two curved doors, which are veneered so they will not warp. At bottom is a large, deep linen drawer. The fine quality mirror has a curved top, above which is a shelf, supported by scroll brackets. Especially large scroll ends and feet. We doubt very much if you could equal this value in size, design and quality elsewhere for less than a third more than we ask.

$28.90

266B7905—Our special price, only **$28.90**
Shipped from factory in Illinois.
Extreme length, 53 in. Height over all, 57 in. French bevel mirror, 18x14 in.
Shipping weight, about 225 pounds.

A practical, roomy combination China Cabinet and Buffet, of the highest grade construction and finish. It is made of select, flaky figured **Quartered Oak**, improved veneer construction, with ends of straight-grain **Oak**. Finished in Golden color and hand rubbed to a **Piano Polish**. Roomy cupboards on each end have glass doors and ends and three shelves. Three drawers in center, top two with swell shaped fronts, one velvet lined for silver. Below is large linen drawer across entire piece. Carved claw feet, with lignum vitae casters. Good locks and wood knobs. This article is far above the average in construction and finish and will please you as well as others ordinarily costing about $37.50.

$17.95

166B7907—Our price, only **$17.95**
Shipped promptly from stock at Chicago.
Size of top, 48x22 in. Height over all, 54 in. French bevel mirror, 36x12 in. Shipping weight, about 175 pounds.

This extra massive Colonial buffet is really worth more than our low price might indicate. It is made of select **Genuine Oak**, with front and top veneered with flaky **Quartered Oak**. Pleasing Golden or rich brown fumed finish. Extra deep linen drawer, roomy cupboard with two doors and two top drawers, one lined for silver. Very heavy scrolls support shelf above mirror and ornament front. Dovetailed drawer construction. Good locks, wood knobs and wood wheel casters. A durable, well made article at a money saving price.

Some splendid values in German China in our Crockery section

Dress up your dining room with one of these useful China Cabinets

12.95 Two Specially Attractive Values 15.65

Height over all, 68¼. Extreme width, 35¾ in. Extreme depth, 14 in. French Bevel Plate Mirror, 20x6 in. Shipping weight, about 140 lbs.

A massive, "Colonial," scroll foot China Cabinet. Made of Genuine Oak, with front of Quartered Oak. Finely finished a pleasing Golden shade. Plain, refined design that will appeal to discriminating people. Extra quality, clear, bent glass in door and ends. Dependable lock, and brass plated finger pull. Four adjustable shelves, grooved for plates. The outside back of this China Cabinet is made of three-ply, built-up stock, to prevent warping. We recommend that you purchase this Cabinet with the "Queen Anne" Art glass, as it is by far the most attractive in this way. This decoration is ground into the glass itself, and can never wear off. It is fully as attractive as Leaded glass, much stronger, and far less expensive. This China Cabinet being of conservative design, will always be in good taste, and will look well with almost any style Golden Oak furniture which you might have in the same room with it. When you can examine it carefully, you will be agreeably surprised by the careful construction, the superior finish. Equal quality would cost you about $20.00 purchased in the ordinary way.

166B7972—With plain glass in doors and ends..... **$12.95**
166B7974—With "Queen Anne" Art glass, as illustrated..... **15.75**
Shipped promptly from stock at Chicago.
266B7976—Mirror sections for back of shelves, each..... **1.60**

Height over all, 69 in. Extreme width, 36 in. Extreme depth, 15 in. French Bevel Plate Mirror, 24x6 in. Shipping weight, about 135 pounds.

A high grade China Cabinet, of unusually attractive design. Built of select Genuine Oak, with entire front of flaky figured Quartered Oak. Both ends and the snug fitting door fitted with bent glass. Door has finger pull and good catch. On both sides of the door is a round column, 2 in. thick, veneered with Quartered Oak. Shapely legs and carved claw feet, fitted with easy rolling casters. Top ornament has artistic, clean cut carvings, and large mirror of fine quality. The four shelves are grooved so that pretty plates may be stood upright at back of cabinet. Back is made of built-up stock, to prevent warping. This China Cabinet is built and finished in such a manner that you will be proud to have it in your home. We are confident that equal quality would cost you $22.50 at retail. This Cabinet is made specially for us, in large quantities, and we buy it at a very low price, and pass the most of the saving on to you.

Height over all, 74 in. Size of top, 42x20 in. French bevel mirror, 20x12 in. Shipping weight, about 160 pounds.

We offer this as the very lowest priced sideboard which has merit. Made of choice hardwood, in the imitation Quartered Golden Oak finish. Shelf above mirror, and bracket shelves on both sides. Base is handily arranged, and one of top drawers is lined for silverware. Both base and top richly ornamented with carvings. Although this is a big value for the money, we recommend that you select one of our better sideboards.

$29.95

166B8031—Our special low price, ... **$29.95**

Shipped Promptly from Stock at Chicago.

Size of top, 56x21 in. Height, over all, 54 in. French bevel mirror, 48x12 in. Shipping weight, about 247 pounds.

This magnificent **Colonial** Buffet is one of the highest grade pieces we sell, and is of a quality lovers of fine furniture will appreciate. Made of **Genuine Quartered Oak** of selected flaky figure, with improved veneer construction. The finish is a rich Golden color, and is hand rubbed to a **Piano Polish.**

One of the desirable features of this modern buffet is the long, shallow drawer, which extends across the entire piece, directly under the top drawers. This drawer provides a place for the asbestos table mats now found in almost every home where there is a fine table. It is also useful for table cloths, doilies, and many other things. All drawers have full dovetail construction and one of the top drawers is lined for silver. Heavy, but graceful scrolls support shelf above mirror, and ornament front.

It is a refined design that will appeal to your good taste, the beautiful natural grain of the choice wood being the chief ornamentation.

We cannot recommend this buffet too highly, for it will enthusiastically delight you when you can see it in your own dining room, with your dainty linen and shining cut glass reflected in the mirror. You would do well to get equal value elsewhere for less than $40.00.

This page of up-to-date, well made sideboards shows designs to please every taste and fit every purse. Every one is a bargain, yet none is so cheap that we cannot assure you perfect satisfaction from it. Low price means nothing unless the quality is considered. Take advantage of one of these extraordinary values.

We supply thousands in fine tapestry fabrics, velours and plushes

Genuine Oak Extension Tables; reliable improved construction

This picture shows the Invincible leg fastener, used on all five-leg extension tables shown on this page. It consists of a metal socket, securely fastened to the under side of the table top in the correct place, and a threaded steel pin on the upper end of the table legs. This is the most rigid, simple, and durable construction we have ever seen. You simply screw the legs in place, an operation which takes but a few moments.

$6.95 Strongly built of seasoned Oak, and finely finished

166B8062—Extends to 6 feet, shipping weight, about 140 pounds..... **$ 6.95**
166B8065—Extends to 8 feet, shipping weight, about 160 pounds..... **7.95**
166B8067—Extends to 10 feet, shipping weight, about 180 pounds..... **10.50**
166B8069—Extends to 12 feet, shipping weight, about 200 pounds..... **11.85**

Shipped promptly from stock at Chicago.

Top, 42 inches square. Largest diameter of legs, each 4 inches.

This table is built for service, and although it is very inexpensive, you will find it satisfactory in every essential detail. It is constructed of seasoned **genuine oak**, and finely finished in the popular **golden shade.** The top has a deep molded rim, and the legs are fancy turned. The top opens easily on perfectly fitted slides. Each of the five legs is fitted with good wood-wheel casters. The legs are fastened to the top with our Invincible fastener, as described and pictured above. When you consider how very low our price is, this table is big value.

The leaves of our tables are made of straight grain OAK and are not as highly finished as the tops. This is a rule adopted by all manufacturers, for the reason that when in use they are covered by the table cloth.

Look for casters before throwing away packing.

One of our most popular round top Extension Tables $9.75

166B8073—Extends to 6 feet, shipping weight, about 150 pounds..... **$ 9.75**
166B8075—Extends to 8 feet, shipping weight, about 165 pounds..... **10.95**

166B8079—Extends to 12 feet, shipping weight, about 225 pounds..... **13.95**

Shipped promptly from stock at Chicago.

Diameter of round top, 42 in. Largest diameter of legs, 4½ in.

Here is a five-leg extension table that is a distinct departure from ordinary design. It has already proven very popular with our customers. Built of select **genuine oak**, and finished in the pleasing **golden color.** The legs have fluted ornamentation at the top, and are square in the middle, with a round foot. The gracefully curved pieces which connect the outer legs to the center leg, are ornamented with a touch of artistic carving. Good casters and easy running slides are details, which help to make this table very desirable. Careful comparison will show you that our price saves you several dollars.

$5.95

166B8081—Size 6 ft., shipping wt., about 120 pounds.. **$5.95**

Diameter of top, 45 in. Largest diameter of pedestal, 7 in. Shipping weight of six foot size, about 165 pounds.

The ladies' favorite. A design that is above the ordinary in desirability. It has proven very popular with our customers. Built of select **Genuine Oak**, in the rich Golden finish. The carved claw feet are 4 in. wide, and the gracefully shaped legs 2½ in. thick. Dividing pedestal opens when table is extended. Good casters, and special easy running slides. You will be pleased with your choice, if you decide on this table at our low price.

Safety first—For your dining-room table get an Asbestos Pad

Pedestal Extension Tables that combine utility and attractiveness

$10.65 6-foot Size

45-inch top

THE LEAVES of our extension tables are made of plain oak, and are not as highly finished as the top, this being a rule adopted by all manufacturers for the reason that when in use they are covered by the table cloth.

6 and 8-ft. divided pedestal tables do not have a center leg, as it is not needed in these lengths.

Look for casters before throwing away packing

$13.95 6-foot Size

42-inch top

With 45 in. top of straight grain oak		With 48 in. top of quartered oak	
166B8252—Extends to 6 ft.	$10.65	166B8256—Extends to 6 ft.	$13.90

Shipped promptly from stock at Chicago.

Diameter of top, either 45 in. or 48 in., as quoted above. Diameter of pedestal, 8 in. Shipping weight, 6 of six foot size, 48-in. top, about 160 pounds; other sizes in proportion.

A massive, **Colonial** Table of refined, dignified appearance. Plain, modern and up-to-date in both design and construction. Solidly built of **Genuine Oak**, with top of either straight grain or **Quartered Oak**, as quoted above. The finish is given special attention, and you may have your choice of the rich Golden color, or Fumed brown. We send Golden unless you order otherwise.

The platform base has graceful, sweeping curves in its design, and the scroll feet are fitted with special quality casters. The top opens easily on properly fitted slides and when table is longer than eight foot size, is fitted with concealed drop legs to support ends. Non-dividing pedestal. Halves of top held together when closed by our "Perfection" lock. This is a table of the style that is most in demand for modern homes, and it will add much to the attractive appearance of your dining room. By purchasing here, you save a considerable amount.

166B8267—Extends to 12 ft.	Shipping weight, about 230 pounds	17.50

Shipped promptly from stock at Chicago.

Diameter of top, 42 in. Diameter of center pedestal, 7 in. Thickness of legs, 2½ in.

A massive and attractive high grade table that has been one of our best sellers. It has a non-dividing center pedestal, which remains stationary when the top is opened, the four legs, two on each side, sliding out with the top to rigidly support the ends. It is built of selected, thoroughly seasoned **Genuine Oak**, with top of flaky figured **Quartered Oak**. The finish is a rich Golden color, and the table is **Highly Hand Polished**, giving a mirror-like surface. The legs are very massive and gracefully shaped, and have only enough artistic carving to increase their artistic appearance. Good casters are used, so that it is easily moved about, although quite a heavy table. Every table is carefully inspected before it comes to you, and each leaf will fit as it should. Improved slides insure that the halves of the top will open freely. Altogether, this is a very desirable table for your home and our price is so much less than the usual retail value that every woman will want one.

Durability and low price are characteristic qualities of these Tables

$15.50 6-foot Size

48-inch top

166B8269—Extends to 6 ft.	Shipping wt., about 180 lbs.	$15.50
166B8271—Extends to 8 ft.	Shipping wt., about 205 lbs.	17.75
166B8273—Extends to 10 ft.	Shipping wt., about 225 lbs.	19.95
166B8275—Extends to 12 ft.	Shipping wt., about 235 lbs.	22.90

Shipped promptly from stock at Chicago.

Diameter of top, 48 in. Diameter of octagonal pedestal, 8 in. Width of feet, 3 in.

Plain, dignified **Mission** table, with extra large top. Built just as solidly and substantially as it looks, from seasoned **Genuine Oak**, and finished in the much-liked Fumed brown shade. This finish is made without varnish, with a dull, wax-like surface, and is very durable. Dividing pedestal is fitted with improved lock, which keeps it securely together when closed. Good wood wheel casters, which are best for polished floors. We highly recommend this table as being equal in every respect to those ordinarily selling for a quarter to a third more in retail stores.

$14.95 6-foot Size

45-inch top

166B8277—Extends to 6 ft.	Shipping wt., about 150 lbs.	$14.95
166B8279—Extends to 8 ft.	Shipping wt., about 180 lbs.	17.75
166P8281—Extends to 10 ft.	Shipping wt., about 205 lbs.	19.50
166B8283—Extends to 12 ft.	Shipping wt., about 230 lbs.	20.75

Shipped promptly from stock at Chicago.

Diameter of top, 45 in. Largest diameter of pedestal, 8 in. Diameter of ball feet, 3½ in.

This well-made **Colonial** table will appeal strongly to those who appreciate artistic curves and plain scrolls in furniture design. It is built of seasoned and kiln-dried **Genuine Oak**, and highly finished in the popular Golden color. The large center pillar rests on a platform base, and has scroll brackets of graceful shape. The ball-shaped feet have extra quality casters. A very important feature of this table is the perfectly fitted, easy running slides, which make it convenient for a woman to open the table whenever necessary. Your own good judgment will tell you that this table is worth more elsewhere than we ask.

$16.95 6-foot Size

45-inch top

166B8285—Extends to 6 ft.	Shipping wt., about 155 lbs.	$16.95
166B8287—Extends to 8 ft.	Shipping wt., about 180 lbs.	18.95

166B8291—Extends to 12 ft.	Shipping wt., about 225 lbs.	22.95

Shipped promptly from stock at Chicago.

Diameter of top, 45 in. Largest diameter of pedestal, 11 in. Extreme width of claw feet, 4 in.

If you want refinement in a good, heavy table, you will find it in this design, which has only enough carving to make it more desirable. Constructed of air-seasoned and kiln-dried **Genuine Oak**, which is smoothly finished in Golden shade. The easy running slides are worthy of special attention, as they make the table easy for a woman to open. Good wood wheel casters, which do not easily mar polished floors.

This is a table that will delight the most critical purchaser. It is correct in design, superior in construction, and finely finished, yet costs you less here than elsewhere.

$16.75 6-foot Size

45 or 48-inch top

With 45-inch Top		With 48 inch Top	
166B8293—Size, 6 ft.	$16.75	166B8301—Size, 6 ft.	$18.95

166B8299—Size, 12 ft.	22.75	166B8307—Size, 12 ft.	24.75

Shipped promptly from stock at Chicago.

Diameter of top, either 45 or 48 in., as quoted above. Largest diameter of pedestal, 11 in. Shipping weight of 6 ft. size, about 175 pounds, with 45 in. top, and 190 pounds with 48 in. top.

Here is a table we can heartily recommend to you. It is very high grade in every respect. Built of choice **Genuine Oak**, with a highly polished Golden finish. An exclusive feature is the improved double action slides which are furnished when table is longer than 6 ft. With these improved slides you simply pull slightly on one half of the top, and the other half also moves out an equal distance on the other side, keeping the non-dividing pedestal always in the center. 10 foot and 12 foot sizes have concealed drop legs. Good casters. Would be good value at a third more.

$16.75 6-foot Size

48-inch top

166B8311—Extends to 6 ft.	Shipping wt., about 170 lbs.	$16.75
166B8313—Extends to 8 ft.	Shipping wt., about 200 lbs.	18.00
166B8315—Extends to 10 ft.	Shipping wt., about 230 lbs.	19.90
166B8317—Extends to 12 ft.	Shipping wt., about 245 lbs.	21.50

Shipped promptly from stock at Chicago.

Diameter of top, 48 in. Largest diameter of center pedestal, 9 in. Extreme width of claw feet, 4 in.

This massive table is made of **Genuine Oak**, with a highly hand polished top of flaky figured **Quartered Oak**. All finished rich Golden color. The center pedestal is stationary and supports the center of the table rigidly when the top is extended, the four legs sliding out with the top to support the ends. Smoothly running slides, and good wood wheel casters. You will find this a table that will grace your dining room, and fit in well with your other nice furnishings. We buy and sell so many of this one design that we can save you a good deal on it.

$19.75 6-foot Size

48-inch top

166P8319—Size, 6 ft.	Shipping wt., about 190 lbs.	$19.75
166B8321—Size, 8 ft.	Shipping wt., about 220 lbs.	20.90
166B8323—Size, 10 ft.	Shipping wt., about 240 lbs.	22.80
166B8325—Size, 12 ft.	Shipping wt., about 270 lbs.	24.75

Shipped promptly from stock at Chicago.

Diameter of top, 48 in. Largest diameter of center pedestal, 9 in. Diameter of smaller columns, 3½ in.

If you want an unusually massive table that will give you years of highly satisfactory service, this one will meet these requirements at a very low cost per year of service. Built of specially selected **Genuine Oak**, with a highly polished top of flaky **Quartered Oak**. All finely finished, Golden. Very suitable for spacious dining rooms, because of its massive appearance. Improved pedestal lock holds table securely together when closed. Fitted with easy rolling wood wheel casters. Everyone who sees it in your dining room will admire it.

Pedestal Extension Tables of Sterling Worth, at Low Prices

The leaves of our extension tables, except those with 54-inch tops, are made of straight grain Oak, and are not as highly finished as the tops, this being a rule adopted by all manufacturers.

All tables on this page, in other than Golden finish, require ten days extra to ship.

Look for casters before throwing away packing.

166B8352—Extends to 6 ft. Shipping weight, about 180 pounds **$17.95**
166B8354—Extends to 8 ft. Shipping weight, about 210 pounds **19.95**
166B8356—Extends to 10 ft. Shipping weight, about 246 pounds **21.95**
166B8358—Extends to 12 ft. Shipping weight, about 286 pounds **24.95**

Can be supplied in any size, with highly polished top of flaky **Quartered Oak**, 54 inches in diameter, for $5.00 more than prices above.

Polished finish. Shipped promptly from stock at Chicago.
Satin finish. Shipped from factory near Chicago.

Diameter of top, 48 inches. Largest diameter of pedestal, 11½ in.

This massive **Colonial** table is strictly modern and up-to-date in original design, and dependable construction. It depends entirely upon the graceful, correctly proportioned lines of the design, and the pleasing figure of the wood, for its attractiveness. Built of selected, thoroughly seasoned **Genuine Oak**, and finished either in the Golden shade and highly polished, or in the warm Fumed brown color.

The massive pedestal does not divide when the top is extended, but the ends of the table, when longer than eight feet, are supported by concealed drop legs. The top has a molded rim 3¼ inches deep, and the halves of the top are held together when closed by our Perfection lock.

This is a table for particular people, who will appreciate its desirability in design, finish, and construction. As for price, you may be sure of saving at least a third of what you would ordinarily pay, when you purchase this table of us.

166B8360—Extends to 6 ft. Shipping weight, about 170 pounds **$18.50**
166B8362—Extends to 8 ft. Shipping weight, about 200 pounds **20.50**
166B8364—Extends to 10 ft. Shipping weight, about 236 pounds **22.50**
166B8366—Extends to 12 ft. Shipping weight, about 276 pounds **25.50**

May be had with same size (48 in.) in any length, **Quartered Oak** top for $2.50 more than price quoted above.

Polished finish. Shipped promptly from stock at Chicago.
Satin finish. Shipped from factory near Chicago.

Diameter of top, 48 inches. Largest diameter of octagonal pedestal, 11 inches.

Symmetrical and pleasing in design, high grade in construction and finish, this splendid table is so far superior to those ordinarily sold for about this price, that it is in a class by itself. It is built to our own specifications, of seasoned and kiln dried **Genuine Oak**. Regularly finished in the popular Golden color, but may be had in Fumed brown at same price, by special order. Non-dividing pedestal gives strength and rigidity. When made longer than eight feet, is fitted with concealed drop legs to support ends of table when extended. The slides are so perfectly fitted that a woman can usually open the table with ease, and all sizes larger than eight feet have improved equalizer slides, which cause both halves of top to automatically move out the same distance from center, keeping pedestal always in the middle. Good casters. You are buying a quality table at a bargain price when you purchase this one.

These Are Values That Make Your Dollars Buy More

166B8368—Size, 8 ft. Shipping wt., about 195 lbs **$20.75**
166B8370—Size, 10 ft. Shipping wt., about 215 lbs **22.75**
166B8372—Size, 12 ft. Shipping wt., about 245 lbs **24.75**

Shipped promptly from stock at Chicago.

Diameter of top, 48 inches. Largest diameter of center pedestal, 8 inches. Extreme width of claw feet, 3½ inches.

This fine Table is very heavy and massive, and the carved ornamentations are very carefully done. It is built of **Genuine Oak**, with highly polished top of **Quartered Oak** of flaky figure, and all nicely finished Golden color. The center pedestal does not divide when the table is opened, but the outer legs, two on each end, slide out with the top to support the ends, leaving the center pedestal to support the center. The slides work smoothly and freely, and table is fitted with easy rolling casters. The leaves are fitted to the table before being shipped, thus insuring a perfect fit. Altogether, it is a table that will satisfy you from every standpoint of quality, service, and cost. We recommend it to careful buyers.

166B8374—Size 8 ft. Shipping wt., about 220 lbs **$21.95**
166B8376—Size 10 ft. Shipping wt., about 245 lbs **24.95**
166B8378—Size 12 ft. Shipping wt., about 275 lbs **26.95**

Shipped promptly from stock at Chicago.

Diameter of top, 48 inches. Largest diameter of pedestal, 12 inches. Extreme width of claw feet, 4 inches.

There is about this Table that indefinable something, commonly called good style, that makes a strong appeal to people of refinement. It is solidly built, of seasoned **Genuine Oak**, with a highly hand polished top of flaky figured **Quartered Oak**, and all finished in the pleasing Golden color. The turned round pedestal has a fluted ornament, and the shapely legs have just a touch of carving. Large carved claw feet, with easy rolling casters. An improved construction allows you to extend the top to 8-ft. length before the pedestal divides. Halves of pedestal securely held together by locking device. When you purchase this table you get the result of special care and attention of experts, from the selection of the raw material to the finished product.

166B8382—Size 8 ft. Shipping wt., about 220 lbs **$22.75**
166B8384—Size 10 ft. Shipping wt., about 250 lbs **25.50**
166B8386—Size 12 ft. Shipping wt., about 265 lbs **26.50**

Shipped promptly from stock at Chicago.

Diameter of top, 48 inches. Largest diameter of center pedestal, 8 inches. Extreme width of claw feet, 4 inches.

For a table of this type, we consider this exceptional value, and the quality is such that you can depend on it for years of satisfactory service. Built of choice seasoned **Genuine Oak** with rubbed and polished top of flaky, figured **Quartered Oak**. The finish is the much-liked Golden shade. Because of the improved construction, this table is just as solid when it is extended full length as when the top is closed. The center pillar remains stationary, and does not divide, the outer legs, two on each end, sliding out with the top when it is extended. You will find this table fully up to your expectations in every way, in fact, we think it will delightfully surprise you.

166B8388—Size 8 ft. Shipping wt., about 215 lbs **$23.90**
166B8390—Size 10 ft. Shipping wt., about 240 lbs **25.90**
166B8392—Size 12 ft. Shipping wt., about 275 lbs **28.90**

Shipped promptly from stock at Chicago.

Diameter of top, 48 inches. Largest diameter of pedestal, 13 inches. Extreme width of claw feet, 3½ inches.

Our small picture does not do justice to the attractive appearance of this big, massive table. It is built of select **Genuine Oak**, and the entire top is flaky figured **Quartered Oak**, and highly polished. You will like the rich Golden finish. The heavy turned pedestal has swell-shaped fluted ornamentation, and the graceful legs, which terminate in claw feet, have a touch of fine carving. Easy rolling casters are supplied. The pedestal is fitted with improved lock, which permits the top to be extended to 8 feet in length before the pedestal divides. Perfectly fitted slides of superior quality, assure a smoothly running top that is easy to open. This table will prove a credit to any well-furnished dining room, and become a prized possession of any woman fortunate enough to own one.

166B8396—Size 8 ft. Shipping wt., about 250 lbs **$32.75**
166B8398—Size 10 ft. Shipping wt., about 275 lbs **35.75**
166B8400—Size 12 ft. Shipping wt., about 300 lbs **38.75**

Shipped promptly from stock at Chicago.

Diameter of top, 54 inches. Largest diameter of pedestal, 14 inches. Extreme width of claw feet, 3 inches.

An exceptionally fine table, which must be seen to be fully appreciated. Built of **Quartered Oak**, which is selected for its flaky figure, and finished in rich Golden color, hand rubbed to a piano polish. The very massive pedestal has artistic fluted ornamentation, and the heavy, shaped legs, a touch of carving. Special easy rolling casters. Please do not overlook the extra large size of the top, when making your comparisons. This table has non-dividing pedestal and is fitted with concealed drop legs when longer than 8 ft., which give additional strength to the ends of the table when it is extended. When you see this fine table in your dining room, and rub your hands over its mirror-like surface, you will agree with us that it is a value which increases the buying power of your dollars.

166B8404—Size 8 ft. Shipping wt., about 290 lbs **$36.00**
166B8406—Size 10 ft. Shipping wt., about 315 lbs **39.00**
166B8408—Size 12 ft. Shipping wt., about 350 lbs **42.00**

Polished finish. Shipped promptly from stock at Chicago.
Satin finish. Shipped from factory in Indiana.

Diameter of top, 54 inches. Largest diameter of pedestal, 16 inches. Extreme width of claw feet, 4½ inches.

This is our special **Banquet** Table, skilfully built of the richest flaky **Quartered Oak**, in Golden finish, and highly hand polished to a mirror-like surface. You may have it in the dull satin surface, by special order, if you desire, but when ordered in this way, shipment will be delayed about ten days. The pedestal is fitted with our reliable locking device, which allows the top to be extended to 8 feet, without the pedestal dividing. Easy running slides and good casters are supplied. The price at which we offer this quality table, offers an opportunity for thrifty people who are satisfied with nothing but the best. It is a table that will give years of service and still be very desirable.

We will cut and match linoleums to fit your rooms, from your diagrams

Well Made, Attractive, Dining Chairs at Very Low Prices

Splendid Quality at this Low Price

$1.22 Each — Strong and Durable

Get a set of six for only $7.32

These chairs will help you in the furnishing of your dining room. Do not fail to turn to our showing of rugs, curtains, wall paper, tableware, etc. to complete the dining room equipment.

66B8452—Each $1.22

Shipping weight, about 15 pounds each.

A new design in a richly ornamented Dining-Room Chair. Has shaped saddle wood seat. When you sit in them, you will realize how much more comfortable they are than the ordinary scooped seat, which is often called a saddle seat by others. Double stretchers all around give extra strength to the base of the chair. The two bent arms, which are screwed to seat and back posts, give rigidity where most needed. Legs and posts nicely turned, from heavy stock. Made in a workmanlike manner, from select hardwood, and highly finished Golden. Big full size chairs, at a small price. Our aim to give you such values as cannot be duplicated elsewhere, has been realized in this chair. Most retailers would ask about one-half more than our price for this chair.

Backs Richly Ornamented in Unique Design

Get a set of six for only $7.74

Worth Half More — **$1.29 Each**

66B8454—Each $1.29

Shipping weight, about 15 pounds each.

You will like this Chair. The elaborate embossing is done in a very pleasing design. Notice how strongly the plain center in the top back panel stands out, in contrast to the rich ornamentation around it. Back posts are braced to seat with bent arms, which are solidly screwed fast. Wood seats are saddle shaped. Base of chair has double stretchers all around, for extra strength. Front legs and stretchers, also back posts, nicely turned, made from heavy hardwood stock, and finished in the popular Golden shade. This low price is only made possbile by our enormous sales, which enable us to secure very favorable contracts from manufacturers. You will do well to take advantage of this offer now, if you want a good chair of this type.

Extraordinary values in seven-piece Dining Room Suites

Substantially Built

We think this one of the most attractive and serviceable Dining Sets it is possible to produce for so little money. Selected, well seasoned material is used, and the finish is the popular Golden shade.

You not only save money when you purchase this set of us, but you will receive dependable furniture that will give you long service, and look well all the time you have it.

The Chairs

$1.35 Each — 166B8652 Set of six $8.10

Shipping weight, per set of six, about 90 pounds

Strong and solid. Built of choice hardwood in Golden Oak finish. One piece bent back posts, braced to seat with bent arms. Doubly braced base. Shapely top panels richly embossed. Saddle shaped wood seat. This chair will stand up under the severe strain which a dining chair receives. It is built of seasoned material, and carefully finished. Usual retail price, each, about $1.90.

$15.75 Six Chairs and Table

166B8654 **Shipping weight, 240 pounds**

Carefully Finished

The policy of this house for over 43 years has been to quote money-saving prices on QUALITY GOODS. This dining set is a good example. Our ability to buy for less than retailers—our large volume of CASH business, which permits smaller profits and lower expenses, are factors which operate to make these low prices possible. You gain both in money saving and satisfaction when you take advantage of these bargain offers.

The Table

166B8655 6 ft. size **$7.95**

Shipping weight, about 150 lbs.

Can also be furnished in 8 ft., 10 ft., or 12 ft. length at an additional charge of $1.50 for each two feet. Diameter of top, 42 in. Largest diameter of pedestal, 7 in. Made of GENUINE OAK, in Golden finish. Carved claw feet. Wood wheel casters. Top opens on easy running slides. Is graceful and attractive in appearance, and solid and substantial in construction. Exceptional value for the money.

Mission Design

Here is dining room furniture that answers every requirement of stylish design, durable construction, and pleasing finish. We know that it seems like a strong statement to make but it is an absolute fact that dining sets of similar appearance often bring $35 in retail stores. This big difference in price is made possible by our economical, one-small-profit method of merchandising, which makes you the gainer.

The Chairs

$1.69 Each — 166B8660 Set of six $10.14

State finish wanted
Shipping weight, per set of six, about 90 pounds

Plain and rich looking, strong and serviceable. Built of GENUINE OAK, and finished either Golden shade or the rich Fumed brown, to match the table. Bent square back posts. Saddle wood seat. Broad back panels. Strongly glued and braced. A very desirable chair at a considerable saving in price.

$18.85 Six Chairs and Table

166B8662 **Shipping weight, 240 pound**

Solid and Massive

You will be pleasantly surprised when you can examine these pieces carefully and note their workmanlike construction and fine finish. We especially recommend that you select this suite in the Fumed brown finish, as this finish is not only very popular for furniture of this type, but it is more than ordinarily durable. Our buffet pages show many big values that match this and the other suites on this page.

The Table

166B8664 6 ft. size **$8.95**

State finish wanted

Shipping weight, about 150 lbs.

Can also be supplied in 8 ft., 10 ft., or 12 ft. size at additional charge of $1.50 for each two feet. Diameter of top, 42 in. Largest diameter of octagonal pedestal, 7 in. Fitted with easy running slides and Perfection top lock. When longer than 8 feet has concealed drop legs to support ends when extended. Non-dividing pedestal. Massive and high grade.

Made of Genuine Oak, Golden or Fumed Finish

Built to last

No matter what dining set you select from this page you will receive big value for every dollar you spend. But this one is especially attractive and desirable. It will prove a credit to any well furnished home, and the visitors who admire its correct proportions and fine finish will never guess that it cost you such a small amount of money. You may depend on it for years of service.

The Chairs

$1.75 Each — 166B8668 Set of six $10.50

Shipping weight, per set of six, about 90 pounds

Full size and comfortable. Built of select GENUINE OAK, in Golden finish, with shapely back panels of figured wood. Strong, one-piece bent back posts of square stock. French legs, with carved claw feet. Saddle shaped wood seat. A high grade chair that you will like. Matches the table perfectly.

$22.25 Six Chairs and Table

166B8670 **Shipping weight, 240 pounds**

Made of Genuine Oak

Golden or Fumed Finish

Real satisfaction is all your money can purchase anywhere, but you will receive satisfaction for a smaller expenditure when you trade here. Such exceptional values as this dining set are proof positive of this statement. Probably half more than we ask would not buy better quality or more attractive design in the average retail store. This is true because we can buy for less and are content with a smaller profit. The difference is your saving.

The Table

166B8672 6 ft. size **$12.50**

Shipping weight, about 150 lbs.

Can also be furnished in 8 ft., 10 ft., or 12 ft. size at an additional charge of $1.75 for each two feet. Diameter of top, 45 in. Largest diameter of pedestal, 9 in. Built of kiln dried GENUINE OAK and finished Golden color. Turned pedestal. Graceful legs, with carved claw feet. A table that will please you in every way.

Extra big value

It is only by contracting for large quantities of these pieces that we are able to quote you such attractive prices. The quality is above the average, and this dining set is one you will be proud to own. We recommend it without reserve, and feel sure that you could not duplicate the quality and design in the ordinary retail store for much less than half more. Let your search for big values end here.

The Chairs

$2.06 Each — 166B8676 Set of six $12.36

Shipping weight, per set of six, about 90 pounds

These chairs have full box seat frames, and are upholstered with GENUINE LEATHER; color, black. One-piece bent back posts. Heavy stock is used throughout, and they are solidly put together. Built of GENUINE OAK in the Golden finish. French legs. Shaped back panels. A mighty good chair for little money.

$25.75 Six Chairs and Table

166B8678 **Shipping weight, 240 pounds**

Strong and Durable

Newly married couples will find it distinctly to their advantage to inform themselves of the big furniture values we offer on these pages, before purchasing elsewhere. The saving you make by furnishing a complete home from this book is a tidy sum, and well worth saving. This dining set is a striking example of how you can make your dollars buy more by spending them with us when getting goods of dependable quality.

The Table

166B8680 6 ft. size **$13.50**

Shipping weight, about 150 lbs.

Can also be supplied in 8 ft., 10 ft., and 12 ft. lengths at additional charge of $1.75 for each two feet. Diameter of top, 45 in. Largest diameter of pedestal, 11 in. Built of seasoned GENUINE OAK and richly finished Golden shade. Has good casters and easy running slides. Carved claw feet and shapely legs. Extra value.

Safety first—For your dining-room table get an Asbestos Pad

Attractive, for little money

Made of choice **Genuine Oak** and finely finished in the popular golden shade. This nine piece dining room suite is artistic, attractive and durable, yet very inexpensive. Each piece correctly matches the other, and the whole suite equips a dining room for your home that you will be proud of. The workmanship and finish are the product of skilled artisans, and after examination you will pronounce this suite the equal in quality to those selling for at least half more in retail stores. We consider it an exceptional value for the price, and it will give satisfaction in every way.

Jacobean Style

Here is a suite that is strictly up to the minute in design, and one that will appeal strongly to your good taste. It is **Jacobean** style, with rope twist turnings. Made of select **Genuine Oak** and finished in the rich fumed brown shade which is so well adapted to this type of furniture. This finish is very durable as it is made without varnish, yet brings out to advantage the natural grain of the wood.

$65.75 Nine Piece Suite with 45 in. Table 166B8730
Shipped promptly from stock at Chicago

Genuine Oak

It would be difficult for you to find a more stylish, dependable dining room suite than this in a retail store for less than $100.00. This is the type of furniture which is now so eagerly sought for by owners of correctly furnished homes. If you decide on it for your dining room, you will possess a suite different from the ordinary, and very desirable from every standpoint of appearance and durability. A velvety red rug on the floor, with perhaps a touch of green in it, will harmonize very nicely with the rich brown shade of the fumed finish Our price for the suite complete includes buffet, china cabinet, extension table in the six foot length, and six dining chairs, but dishes, etc. displayed on furniture are not included.

$16.75 Buffet 166B8732

Height over all, 51 inches. Size of top, 46x14 inches. French bevel mirror, 24x8 inches. Shipping weight, about 165 pounds. One drawer lined for silver, and all drawers dovetailed. Wood knobs, good locks and wood wheel casters. Very artistic, roomy and practical.

$15.75 China Cabinet 166B8734

Height over all, 68¼ inches. Extreme width, 37 inches. French bevel mirror, 16x6 inches. Shipping weight, about 155 pounds. Four adjustable shelves which are grooved for plates. Brass plated lock on door, and finger pull. Good casters. Extra strength clear glass in door and end.

$15.65 Table, 45 in. top, 6 ft. length 166B8736
$16.95 Table, 48 in. top, 6 ft. length 166B8737

Can also be supplied in 8 ft., 10 ft. or 12 ft. lengths at $1.75 additional for each two feet. Center pedestal, 8 inches square. Non-dividing pedestal, with concealed drop legs to support ends on 10 and 12 ft. sizes. Ball bearing casters. Dependable top lock. Very high grade table of distinctive style.

$2.98 Chair, each 166B8738

Shipping weight, about 15 pounds. Full box seat frame, with removable slip seat of Genuine Spanish Leather (Brown). Mortised construction. Round legs, rope turned. Easily worth $3.50 at retail.

Make your toast right at the table with our Electric Toasters

Correct Colonial Design

If you were to pick individually the pieces which comprise this most desirable dining suite, from the sales floor of some large city store, you could not secure a suite more perfectly matched in design and if you bought it in this way instead of from us, the price you would pay would be nearer $100 than the amount we ask. It is of select **genuine oak**, with the fronts of the buffet and china cabinet of flaky figured **quartered oak**. The finish is the rich golden shade that is so well liked.

$67.95 Nine Piece Suite 166B8752

Shipped promptly from stock at Chicago.

Very High Grade

There is something particularly pleasing to people of good taste about Colonial furniture. It is massive, impressing one with its solidity and durability. You will find it in the best homes. This suite is an excellent example of the Colonial type, and it is carefully built and finished in a superior manner. Our low price for the suite complete, includes the buffet, china cabinet, extension table in the six foot length, and six chairs. The dishes and other articles displayed are not included.

$18.75 Buffet 166B8754

Heavy and massive. Box frame seats. One piece bent back posts. Seats upholstered in **genuine leather**. Strong and comfortable. These are chairs you would find it hard to equal for less than $3.25 each.

Extra Value

Consider the exceptionally low price which we have put on this fine dining suite, together with its dependable construction and pleasing appearance and we are confident that you will agree with us that it is big value, something far above the ordinary. Each piece is built of seasoned and kiln dried hardwood, and finely finished in such a perfect imitation of **golden quartered** oak of flaky figure, that few could tell it from the genuine without careful examination.

$42.75 Nine Piece Suite 166B8770

Shipped promptly from stock at Chicago.

Reliable Quality

Somehow food seems to taste better when served in a nicely furnished dining room, such as you will have if you decide on this suite. The workmanship and finish are such that you can depend on each piece for satisfactory service; in fact you will find it the equal in every respect of furniture costing considerable more elsewhere. Buy the complete suite at our low price, and we ship the buffet, china cabinet, dining table in the six foot size, and six chairs. Dishes and other articles displayed, however, are not included.

$11.75 Buffet 166B8772

Shipping weight, about 15 pounds.

Matches balance of suite perfectly in both design and finish. Doubly braced base, with strong, one-piece back posts. Saddle shaped wood seat. Artistic back. A chair you will like.

Sturdy Mission Suite

Your dining room furnished with this perfectly matched suite will cost no more, indeed not nearly so much as would odd pieces purchased at retail, and it is much more attractive and durable. This pleasing Mission suite is built of select **genuine oak**, put together in a first class, workmanlike manner, and finished in the rich fumed brown shade that is so well adapted to dining room furniture. This finish is made without varnish, and has a dull, lustrous surface which does not easily scratch or mar. It is pleasing to look at and very serviceable.

$66.25 Nine Piece Suite 166B8784

Shipped promptly from stock at Chicago.

Dishes and other articles displayed are not included.

Very Well Liked

Please notice carefully the extra large sizes of the pieces included in this suite. The buffet especially is considerably larger than you will ordinarily find offered in combination suites at this price. With this perfectly matched Mission furniture in your home, you will have a dining room that will win the admiration of all who see it, and besides being more than usually attractive, you save a worthwhile sum on the purchase price. Our price for the suite complete, includes buffet, china cabinet, extension table in 45 inch, 6 foot size, and 6 chairs.

$23.25 Buffet 166B8786

Height over all, 54 inches. Size of top, 54x23 inches. French bevel plate mirror, 42x10 inches. Shipping weight, about 250 pounds. One top drawer velvet lined for silver. Spacious cupboard and large linen drawer. Wood knobs. Good locks and wood wheel casters. Extra large.

$14.50 China Cabinet 166B8788

Height over all, 64 inches. Extreme width, 44 inches. Shipping weight, about 200 pounds. Three shelves which are grooved at the back so that plates may be stood upright. Doors and ends fitted with clear glass; have wood lattice work at top. Easy rolling casters. Doors have secure fasteners. Dishes not included.

$14.95 Table, 45 in. Top, 6 ft. size 166B8790

166B8791—Table, 48 in. top, 6 ft. size..... $16.95

Can also be supplied in 8 ft., 10 ft., or 12 ft. lengths at additional charge of $2.00 for each two feet. Non-dividing pedestal. Perfection top lock. Concealed drop legs on 10 ft. and 12 ft. tables, which support ends of top when extended.

$13.95 Chairs, Set of Six 166B8792

Shipping weight, about 96 pounds.

Saddle wood seats. Unusually strong bracing in base. One piece bent back posts. A rigidly constructed chair that will stand up under years of hard service.

One dollar often goes as far as two in our great Bedding Section

Genuine Oak

In this Mission dining suite you get the charm of the original Arts and Crafts design, the reliable workmanship and pleasing finish, and at a much lower price than you would pay in retail stores. Seasoned **genuine oak** is used for this suite, and the finish is the popular fumed brown shade made without varnish, and especially durable. It is plain in outline and easy to keep clean. The longer you have it the better you will like it.

$73.95 Nine Piece Suite 166B8802

Shipped promptly from stock at Chicago.

Fumed Finish

When you purchase this suite complete at one time, you not only save considerable on the price, but have the satisfaction of knowing that your dining room is furnished in good taste, with furniture which is perfectly matched, and of a quality that will give you long and satisfactory service. This is worth considerable to you, for one does not purchase dining room furniture very often. The complete suite includes the buffet, extension table in the six-foot length, china cabinet, and six leather seated chairs, but the dishes and other articles shown are not included.

$23.95 Buffet 166B8804

Height over all, 57 inches. Size of top, 50x23 inches. French bevel mirror, 44x10 inches. Shipping weight, about 250 pounds. Perfectly fitting drawers, top one lined for silver. Two spacious cupboards. Wood wheel casters. Wood knobs and good locks. Front veneered with flaky quartered oak.

$17.95 China Cabinet 166B8806

Height, over all, 68 inches. Extreme width, 42 inches. Shipping weight, about 200 pounds. Four shelves grooved for plates. Secure fastener on door. Good casters. Top has plate rail, a desirable feature. Dishes not included.

$15.95 Table, 6 ft. size 166B8808

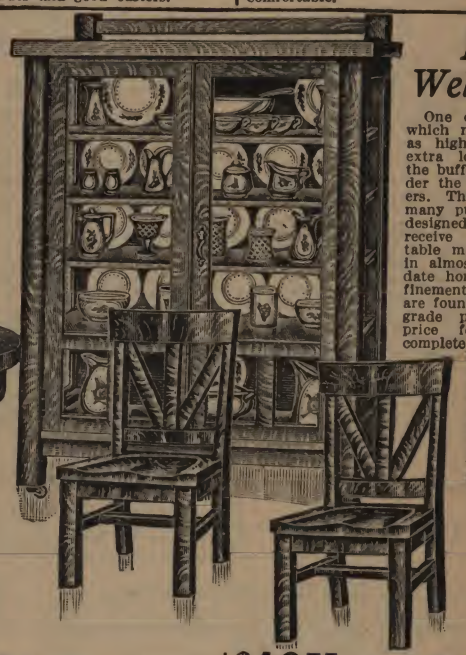
Shipping weight, about 180 pounds.

Can also be furnished in 8 ft., 10 ft. or 12 ft. lengths at additional charge of $2.00 for each two feet. Diameter of top, 48 inches. Largest diameter of pedestal, 8 inches. Very massive. Easy running slides and good casters.

$17.90 Chairs, Set of Six 166B8810

Shipping weight, about 90 pounds.

Made of extra heavy oak, with mortised square stretchers. Box seat frames, upholstered in **genuine leather.** Strong and comfortable.



Plain Refined Design

This suite is distinctive Mission design that is different from the ordinary. It is built by experienced workmen from selected, seasoned **genuine oak,** and finely finished in the rich, dull, fumed brown shade. It is exceptional value for the money, and is indeed the equal in every respect of dining suites for which you would pay $125 in retail stores. The difference in price, made possible by our large sales and methods of merchandising, is your saving.

$84.90 Nine Piece Suite 166B8802

Shipped promptly from stock at Chicago.

Massive Well Made

One of the features which mark this suite as high grade is the extra long drawer in the buffet, directly under the two top drawers. This is handy for many purposes, but designed especially to receive the asbestos table mats now found in almost every up-to-date home. Little refinements of this kind are found only on high grade pieces. Our price for the suite complete includes the buffet, extension table in six foot length, china cabinet, and six dining chairs. Dishes and other articles displayed are not included.

$29.90 Buffet 166B8820

Height, over all, 57 inches. Size of top, 54x23 inches. French bevel mirror, 42x10 inches. Shipping weight, about 250 pounds. Entire front is veneered with flaky figured **quartered oak.** One top drawer lined for silver. Good locks, casters and wood knobs.

$17.95 China Cabinet 166B8822

Height over all, 67 inches. Extreme width, 42 inches. Shipping weight, about 200 pounds. Has four shelves grooved so that plates may be stood upright. Dependable door fastener and finger pull. Good casters. Extra thick clear glass. Plate rail at back of top.

$17.75 Table, 6 ft. size 166B8824

Shipping weight, about 170 pounds.

Can also be furnished in 8 ft., 10 ft. and 12 ft. lengths at additional charge of $2.00 for each two feet. Diameter of top, 48 inches. Largest diameter of pedestal, 9 inches. Easy rolling casters, and slides that allow a woman to open the top with little effort.

$19.75 Chairs, Set of Six 166B8826

Shipping weight, about 90 pounds.

Notice the novel treatment of backs. Box seat frames. Saddle shaped seats. One-piece bent back posts. Strongly braced and glued. Extra heavy. Usual retail value a third more.

Our Best Suite

This very massive, high grade Colonial dining room suite is made of **genuine oak,** and the fronts of the buffet and china cabinet, also the backs of the chairs, are of flaky **quarter sawed oak.** Improved veneer construction. You may have your choice of golden or fumed brown finish. We always ship golden when no other finish is mention. This refined suite would grace the most exclusive home, and at our low price is surely an economical purchase.

$94.95 Nine Piece Suite 166B8834

Shipped promptly from stock at Chicago

For Modern Homes

You can pay as high as $150 in retail stores for furniture which will not please you any better than this in appearance or durability. There is a reason for this big difference in price; because of our large sales we can buy for less, and then we do not require as large a profit. We have no losses from bad accounts, our cost of selling is low, and the net result of all these economies is the lowered price which you pay for this quality furniture, a worth-while saving, indeed.

$33.25 Buffet 166B8836

Height over all, 54 inches. Size of top, 54x23 inches. French bevel mirror, 42x10 inches. Shipping weight, about 275 pounds. Dovetailed drawers. **Dustproof** construction throughout. One top drawer lined for silver. Extra quality casters. Wood knobs and good locks. Wonderful value.

$22.95 China Cabinet 166B8838

Height over all, 61 inches. Extreme width, 42 inches. Shipping weight, about 200 pounds. Heavy and massive. Four shelves, grooved for plates. Clear, extra quality glass in doors and ends. Reliable fastener and finger pull. Scroll feet, with good casters. Splendid finish. Dishes not included.

$19.95 Table, 6 ft. size 166B8840

Shipping weight, about 180 pounds.

Can also be furnished in 8 ft., 10 ft. and 12 ft. lengths at additional charge of $2.00 for each two feet. Diameter of top, 45 inches. Largest diameter of pedestal, 13 inches. Non-dividing pedestal, 10 ft. and 12 ft. tables have concealed drop legs which support ends rigidly when extended. Perfection top lock. Easy running slides, and ball bearing casters.

$19.80 Chairs, Set of Six 166B8842

Shipping weight, about 90 pounds.

Full box seat frames, glued and block braced. Seats upholstered in **genuine leather,** color black. Scroll front posts and shapely back panels. Built extra strong for hard service. Selected figured wood, finely finished.

Look up those unbeatable values we offer in tapestry table covers

Time and labor-saving Kitchen Cabinets priced low

$11.65 Large Elevated Flour Bin

166B8976—Our low price only.....**$11.65**
Shipped promptly from stock at Chicago.
Height over all, 67 in. Size of table top, 41x26 in. Capacity of flour bin, about 45 pounds. Shipping weight, about 175 pounds.

This practical kitchen cabinet is built of seasoned hardwood in rich Golden Oak finish. A most desirable feature, seldom found in cabinets at this price, is the elevated metal flour bin, which tilts forward for easy filling, and has sifter bottom. Spacious cupboard at right of flour bin has shelf. Both of the doors to this cupboard, and the front to the flour bin, are fitted with pretty art glass. The design is ground into the glass itself and will never wear off. Under the top cupboard is shelf which will be found very convenient for spice canisters, etc.
The base has large kettle cupboard, with two doors, also deep drawer and one smaller drawer. A removable cutting board of hardwood, cleated so that it cannot warp, is kept under the table top.
This cabinet is made with the sanitary style base, which permits easy sweeping and cleaning underneath without moving the cabinet.
If you will bear in mind that the construction and finish of this cabinet are above the average in quality, you will find that our low price means a real money-saving opportunity for you. We are confident that as good a cabinet, with equal number of conveniences, would cost you about $16.50 in the average retail store.

Little Things for the Home

Some homes make you feel so cozy and comfortable because they seem so complete, so well arranged, so thoroughly equipped. Often it's the little things that account for it. The knickknacks, the bits of china and glass; a pretty table service; something for music; a handsome lamp—these and hundreds of other things are what makes home bright and attractive. We urge you to study our showings of goods for the home; our homefurnishing needs; our jewelry and china pages—they show everything for "home, sweet home."

Dishes, utensils, and other articles displayed on cabinets not included unless stated in description

$6.35

166B8978—Our price only **$6.35**
Shipped promptly from stock at Chicago.
Height over all, 53 in. Size of table top, 41x26 in. Capacity of bin drawers, each, about 48 lbs.
Shipping weight, about 125 pounds.

This kitchen cabinet is exceptional value for the money. It is built of choice hardwood in the Golden finish, and is solid and substantial.
The top has three handy compartments, one with panel door. The extreme top may also be used as a shelf, and the rim around back and ends prevents articles from being accidentally pushed off.
The base has two round bottom bin drawers which slide easily, even when loaded with flour or meal. Two other drawers for cutlery, kitchen linen, etc. Removable hardwood cutting board under top is cleated so that it cannot warp. Fitted with wood knobs and pulls.
This cabinet is dependable in every respect and will be found very convenient. It is worth considerably more at retail than we ask. If you only want to spend about this amount for a kitchen cabinet, this one is a value hard to equal, but, of course, you will find that one of our better cabinets has more step-saving conveniences.

Roomy and Convenient $12.75

166B8980—Our price only.....**$12.75**
Shipped promptly from stock at Chicago.
Height over all, 71 in. Size of table top, 41x26 in. Capacity of tilting flour bin, about 47 pounds.
Shipping weight, about 200 pounds.

This is an up-to-date cabinet that will delight housewives. It is built of seasoned hardwood, and carefully finished in the Golden Oak shade.
The top has extra large cupboard with two glass doors and two shelves. The convenience of this large cupboard will be greatly appreciated, for the dishes which are most often used can be kept here, as well as spice cans, etc., and thus many steps will be saved. The extreme top of the cabinet may also be used as a shelf.
The top of the base is covered with shining, sanitary Nickeloid metal. The large tilting flour bin is self-balancing, and above this is a drawer. The kettle compartment on the left is fitted with a shelf, and the door has handy rack for covers, pie tins, etc. Removable hardwood cutting board, cleated to prevent warping, is kept just under the table top.
In this cabinet you can store in a convenient way practically all the dishes, utensils, etc., needed for the preparation of meals, having everything where they will be handy to get at, yet out of the way when not in use.
It will add greatly to the appearance of your kitchen, as well as being very convenient, and is the equal of most cabinets selling for $18.00 at retail.

Three low priced Cabinets that are built for long service

$7.75

166B8982—Our price. only.....**$7.75**
Shipped promptly from stock at Chicago.
Height over all, 60 in. Size of table top, 41x26 in. Capacity of bin drawers, each, about 48 lbs.
Shipping weight, about 100 pounds.

This durable, inexpensive cabinet is made of kiln dried hardwood, in the pleasing Golden Oak finish.
The top has a large cupboard extending entirely across the cabinet, with two panel doors. Below this is a shelf.
The base has two easy-sliding bin drawers, with round bottoms, and two other drawers. Removable, cleated, hardwood cutting board under table top.
You can sweep or clean the floor under this cabinet without moving it, as the base is of the sanitary type. If you have never owned a kitchen cabinet, you probably have not realized what a real step-saving convenience it is. Now that we have brought the prices down to such a low figure by our large sales, practically every woman will want one. You would pay about a third more at the average retail store to duplicate these values.

$8.45

166B8984—Our price, only.....**$8.45**
Shipped promptly from stock at Chicago.
Height over all, 60 in. Size of table top, 41x26 in. Capacity of bin drawers, each, about 47 lbs.
Shipping weight, about 175 pounds.

This cabinet is new in design, and has the improved sanitary type of base, which is high from the floor so you can sweep and clean under it readily. Built of choice, seasoned hardwood, in rich Golden Oak finish.
The top has large compartment, with two glass doors of artistic design. Underneath are two handy drawers. The top section is elevated high enough above the table top so that the entire surface may be used for working. The base has an extra deep drawer on each end, these being designed for use as bins for holding flour or meal. Besides these there is another deep drawer, and a smaller one. Removable hardwood cutting board, cleated so that it will not warp, right under table top.
This cabinet is substantially built and nicely finished so that you may depend on it for long service. Our price is very low.

$9.45

166B8986—Our price, only.....**$9.45**
Shipped promptly from stock at Chicago.
Height over all, 60 in. Size of table top, 41x20 in. Capacity of bin drawers, each, about 47 pounds.
Shipping weight, about 175 pounds.

A most desirable cabinet for one that costs so little. It is built of select seasoned hardwood, and finely finished Golden Oak color.
The top has spacious cupboard, which is enclosed by two glass doors with lattice work of wood. Below are two round bottom drawers which are just the thing for sugar and salt; three small drawers for spices.
The base has four easy-sliding drawers of various sizes, the one on each end being intended for flour or meal. Underneath the table top is a removable hardwood cutting board which is so cleated that it will not warp.
You will find this cabinet the equal of those ordinarily retailing at $13 or more. It is built for service and convenience, but is also very attractive in appearance.

We show a very extensive line of supplies for fancy work

The big values explain why so many buy from this pag

Articles displayed on cabinets not included unless mentioned in description

$1.25

166B9009

Enameled Steel

Height over all, 24 inches. Round top, 11 inches in diameter.

Shipping wt., about 20 lbs.

Made entirely of unbreakable steel. Finished in hard baked, washable white enamel. Parts electrically welded together, and cannot come loose, as no bolts, rivets, or screws are used. Seat is ventilated. This is an ideal stool. It is just the right height to use with a kitchen cabinet, and you will find it saves your strength greatly to sit at your work whenever possible. Our price is actually less than many dealers must pay for this article at the factory.

$12.85 Table Top of Sanitary "Nickeloid"

166B9001—Our low price only **$12.85**

Shipped Promptly from Stock at Chicago

Height over all, 68½ in. Size of table top, 41x26 in. Capacity of tilting flour bin, about 47 lbs. Shipping weight, about 200 lbs.

This fine Cabinet is built of seasoned **Genuine Oak** and choice hardwood, all finished in the much liked Golden shade.

The top has an extra large compartment, with shelf, and two glass doors which are fitted with lattice work. Below are two handy drawers.

The base has a roomy compartment with a shelf for kettles and other utensils. The door to this has a rack for pot covers, pie tins, etc. At the right is a self balancing tilting flour or meal bin, and a drawer for cutlery, etc. The table top is covered with **Shining Sanitary NICKELOID Metal** which is kept spotless by just wiping off with a moist cloth. A removable hardwood cutting board, which is cleated to prevent warping, is just below the table top. Fitted with easy rolling wood wheel casters.

You will find this cabinet a great help in doing your kitchen work as it will save countless steps each day. It presents a very attractive appearance in any kitchen. The sanitary metal covered table top is a valuable feature seldom found on cabinets at this price, and is one that will be greatly appreciated by tidy housewives.

To duplicate this cabinet in durable construction and convenience, you would pay at least $18.00 in the ordinary retail store.

Both Ornamental and Practical $14.95

166B9014—Our low price, only **$14.95**

Shipped Promptly from Stock at Chicago

Height over all, 68½ in. Size of table top, 41x26 in. Capacity of elevated flour bin, about 45 pounds. Shipping weight, about 200 pounds.

Solidly built of choice kiln dried **Genuine Oak** and select hardwood, all in the pleasing Golden Oak finish. A cabinet that is very attractive in appearance as well as convenient and well made.

The top section of this cabinet has an elevated flour bin, with conical metal sifter bottom. It tilts forward for easy filling. The two doors to the cupboard, and the front to this bin, are fitted with artistic **Art** Glass, with the design ground in so it will never wear off. The interior of the cupboard is finished in washable **White Enamel.** A round bottom drawer bin that will hold about 10 pounds of sugar, and a handy small drawer, are placed just under the cupboard.

The Table Top of this Cabinet is Covered with Sanitary Nickeloid Metal, which is easily kept clean. The big kettle cupboard has a shelf, and the door a cover for flat tins, covers, etc. Extra deep drawer on right, for bread or cakes, and two other drawers. Removable cutting board of hardwood. Fitted with easy rolling wood wheel casters.

The excellence of the materials and workmanship used in building this cabinet, make it superior in durability and service to many sold at a higher price.

$9.95

166B9018—With wood table top.....$ 9.95

166B9022—With Nickeloid metal covered top 11.35

Shipped Promptly from Stock at Chicago

Height over all, 65 in. Size of table top, 42x25 in. Capacity of bin drawers, each, about 50 pounds.

Shipping weight, about 160 pounds.

A most convenient cabinet for a little money. We especially recommend it with the metal covered table top. Built of seasoned hardwood, and varnished in clean looking natural light color.

The top section has a cupboard, enclosed with glass door, five handy shelves, and two drawers. The entire top of the cabinet may also be used as a shelf, and the rim around back and ends prevents articles being pushed off.

The base is very roomy and has two easy sliding bin drawers, and two other drawers. One removable cutting board of hardwood. This base is made with double bracing between the legs, so that it is very strong. Trimmed with brass knobs and pulls.

The very low price which we ask for this dependable step saving cabinet is the result of a fortunate contract with a manufacturer who was anxious to sell to us. He sells this same cabinet to dealers, for little less money than **you** pay us for it.

$13.90

166B9025—With Nickeloid metal covered top $13.90

Shipped Promptly from Stock at Chicago

Height over all, 68½ in. Size of table top, 41x26 in. Capacity of tilting flour bin, about 47 pounds.

Shipping weight, about 200 pounds.

A real step saver that you will appreciate more every day you use it. Built of **Genuine Oak** and choice hardwood, in the pleasing Golden Oak finish.

The top section has an extra large cupboard, with shelf, and two glass doors which are fitted with artistic wood grille work. There are two round bottom tilting bin drawers, for sugar and salt. They are of a size to hold about 10 pounds of sugar each. Another handy drawer is placed between the two.

The base has table top covered with **Nickeloid** metal, and there is a hardwood cutting board. Shelf in kettle cupboard is so placed that smaller articles may be placed on it and under it, and larger articles in front. Door has convenient rack. The large tilting flour bin is self balancing. Above it is drawer for cutlery. Fitted with easy rolling wood wheel casters.

You will take a lot of comfort with this cabinet in your kitchen, and will find it worth to you much more than its cost in the steps it will save you.

$12.95

166B9027—With wood table top. **$12.95**

166B9029—Nickeloid metal covered table top **13.95**

Shipped Promptly from Stock at Chicago

Height over all, 71½ inches. Size of table top, 42x25 inches. Capacity of elevated flour bin, about 39 pounds.

Shipping weight, about 190 pounds.

Here is a cabinet you will feel proud to display to admiring friends and neighbors. It is a big value. Built of **Genuine Oak,** and carefully finished Golden color.

The top section has a flour bin with conical metal sifter bottom, with dust cap. The sifter is removable for cleaning and the bin tilts forward for easy filling. The dish cupboard is white enamel lined inside, and the doors to this and the front of flour bin are fitted with artistic, durable **Queen Anne** art glass. Three small drawers. The enameled metal spice canisters (five) which are shown on the shelf in the top section are included.

The base is especially convenient, and has three compartments, all with doors, and arranged as shown. One door has rack for covers. Three drawers in front of base and one extra drawer which opens on right end. Removable hardwood cutting board. Trimmed with brass knobs and pulls, and fitted with good casters. A real high grade cabinet at a money saving price.

CLOSES UP TIGHTLY WHEN NOT IN USE

$16.95

166B9039—With **ALUMINUM** covered extension table top **$16.95**
Shipped promptly from stock at Chicago.
Height, over all, 70 in. Size of table top, when closed, 40x25 in.; when extended, 40x35 in. Capacity of elevated flour bin, about 40 pounds. Shipping weight, about 200 pounds.
This is a modern step-saving cabinet that gives you most of the conveniences of the widely advertised ones, at much lower cost. It is built of **GENUINE OAK** and choice hardwood, in Golden Oak finish.
The top section closes up tightly when not in use, excluding all dust and dirt and giving to your kitchen a neat, orderly appearance. The two upper doors, and the front to the flour bin are of artistic **QUEEN ANNE** art glass. The flour bin tilts forward for easy filling, and has a conical metal bottom, with removable sifter and dust protecting cap. The entire interior of the top section is finished in washable **WHITE ENAMEL**. The left one of the lower doors is fitted with a wire rack for spice canisters, and the five crystal glass canisters, also a tea and coffee jar, with metal screw tops, are **included with each cabinet.** Swinging sugar jar holds 10 lbs.
You can sit to do a great deal of your work by using the sliding extension table top, which is covered with **ALUMINUM.** This top gives extra large working space, and plenty of knee room. See the special steel kitchen stool on preceding page. Large kettle cupboard has shelf, and door has wire rack. Metal lined deep bread drawer, with sliding metal cover. Two other drawers. Removable hardwood cutting board. Easy rolling wood wheel casters make this heavy cabinet easy to move about.
Keeping in mind the durable construction and finish, compare this cabinet point for point with those retailing at $22.50 and even more. We feel sure that you will like this one.

ONE OF OUR MOST POPULAR CABINETS

$15.98

166B9032—With **NICKELOID** metal covered extension table top . . . **$15.98**
Shipped promptly from stock at Chicago.
Height over all, 73 in. Size of table top, when closed, 41x26 in., when extended, 41x35 in. Capacity of elevated flour bin, about 50 pounds. Shipping weight, about 250 pounds.
This cabinet is one of the best-liked that we have ever sold at this price, for the very good reason that it is unequalled value. Built of **GENUINE OAK** and choice hardwoods, in Golden Oak finish.
The extra large flour bin has conical metal bottom, with removable sifter and dust cap. It tilts forward for easy filling. The dish cupboard has a **WHITE ENAMEL** lined interior, and glass door with artistic wood lattice work. Below is round bottom sugar bin of 10 pounds capacity, and handy drawer.
The extension sliding table top, covered with **NICKELOID** metal, gives greater working space and permits sitting at the cabinet without striking the knees. It is a valuable feature seldom found on cabinets at this price. The kettle cupboard has shelf, and the door is fitted with a rack for covers. Deep bread or cake drawer at the right is metal lined, and has sliding metal cover. Two other drawers provide plenty of room for cutlery, towels, etc. Directly under table top is a removable cutting board of hardwood, cleated so that it cannot warp. Fitted with easy-rolling wood wheel casters.
You will find this cabinet a wonderful labor saver, and a very attractive piece of furniture besides. It is carefully built to give service and satisfaction, and is fully the equal in every respect of those ordinarily retailing at $20 to $22. Its purchase is an investment you will never regret.

Three Cabinets worthy of a place in any up-to-date home

$13.75

166B9042—With wood top . . . **$13.75**
166B9046—**NICKELOID** metal covered top **$14.75**
Shipped promptly from stock at Chicago.
Height over all, 72 in. Size of table top, 42x25 in. Capacity of elevated flour bin, about 39 pounds. Shipping weight, about 185 pounds.
Built of **GENUINE OAK** in the Golden finish. The top section has large flour bin, with automatic sifter bottom. Roomy cupboard, with shelf, is **WHITE ENAMEL** lined. Below cupboard are two drawers, and shelf to hold six spice canisters of lithographed metal, which are included. The artistic **QUEEN ANNE** art glass doors and front of flour bin will not wear off, as the design is ground right into the glass itself.
A feature of the base which will appeal to many is the TWO cupboards, one with shelf. One door has rack for covers, etc. There are also three drawers, and removable cutting board of hardwood. Trimmed with brass knobs and easy-rolling casters.
Special attention is given to every detail of construction and finish, thus assuring a cabinet that is durable as well as attractive. We strongly advise that you order it with the **NICKELOID** covered table top, as it costs but a trifle more in this way, and far more satisfactory. We believe that our price saves you at least a $5 bill.

$14.95

166B9049—**NICKELOID** metal covered table top **$14.95**
Shipped promptly from stock at Chicago.
Height over all, 73½ in. Size of table top, 42x25 in. Capacity of sliding bin drawer, about 50 pounds. Shipping weight, about 185 pounds.
The arrangement of this cabinet is especially convenient. It is built of hardwood, in the natural light finish.
The top has three enclosed cupboards, with shelves, and two of these cupboard doors are fitted with **QUEEN ANNE** art glass. There are also two handy drawers, and a convenient shelf.
The base gives more than the usual amount of drawer room. Flour bin slides back in kettle cupboard, which is enclosed by door, thus giving added protection from dust. Hardwood cutting board, which is removable. Table top is covered with shining **NICKELOID METAL**, which is sanitary and non-absorbent. Trimmed with brass knobs and handles, and easy rolling casters.
When you have this cabinet in your home, and appreciate its step-saving advantages, you will consider it worth much more than we ask.

$17.95

166B9056—With wood table top. **$17.95**
166B9059—**NICKELOID** metal covered top **$18.95**
Shipped promptly from stock at Chicago.
Height over all, 72 in. Size of table top, 42x27 in. Capacity of bin drawer, about 66 pounds flour. Shipping weight, about 240 pounds.
Substantially built of **GENUINE OAK** and choice hardwoods, and finely finished Golden shade. It would do credit to the most modernly appointed kitchen.
The top has an extra large cupboard, with two doors of frosted glass, two round bottom bins that will hold about 15 pounds of sugar, each, and handy shelf. The five crystal glass spice jars, and tea and coffee jar are **included with every cabinet.**
The base has three drawers at the top, and an extra deep bin drawer. The kettle cupboard has two doors, one of which has rack for covers, etc., and **SLIDING** shelf. The trimmings are of brushed copper, and easy-rolling casters are furnished.
This cabinet is built with care so that you may depend on it for years of service. You will like it better with the **NICKELOID** metal-covered table top.

These Cabinets Have the Latest Labor Saving Improvements

Bride's Bonanza Set

This splendid Kitchen Set contains the following articles of highest quality: Rolling pin, potato masher, 3 glass spice jars, glass tea jar, glass coffee jar, one large salt and one pepper jar with patent sifting tops, measuring cup, bread knife, butcher knife, paring knife, can opener, whetstone, saw, cleaver, meat fork. **Blue, white-lined granite wares as follows:** Two cups, 2 pie plates, dipper, ladle, large spoon, mixing bowl, 2 qt. milk pan, covered pail, tea pot, coffee pot, large dish pan, lipped sauce pan, stew pan, open kettle, and covered kettle; **also** includes 25-lb. platform scale, and Universal bread mixer—36 articles in all, included with any Kitchen Cabinet, or sold alone, at this special price. Retail value, about $10.00.

166B9069—Price, . . **$6.48**

Articles displayed on Cabinets not included except as stated in descriptions

$20.95

$23.85

Entire Top is White Enameled

166B9064—Our special low price is only **$20.95**

Shipped promptly from stock at Chicago.

Height over all, 71½ in. Size of table top when closed, 41½x25 in. Greatest depth of top when extended, 33 in. Capacity of elevated flour bin, about 39 pounds. Shipping weight, about 210 pounds.

The interior of the entire top section of this fine Cabinet is finished in washable **White Enamel.** This is a feature that will be greatly appreciated. The doors to the dish cupboard and the front to the flour bin are fitted with pretty **Queen Anne** art glass, which is both artistic and durable. Five crystal glass spice jars, and a tea and coffee jar, all with metal screw tops, are **Given Free with Each Cabinet** and are kept in the wire racks provided on the left lower door and at the back of cabinet. The swinging glass sugar container holds about 10 pounds, and has automatic dispenser bottom. Flour bin has sifter bottom, with dust cap, and is removable for cleaning.

The sliding extension table top is of an improved type, which carries the three top drawers out with it so they are easy to get into when top is extended. It is covered with shining **Nickeloid Metal.** The large kettle cupboard has sliding shelf, and door has wire rack for covers, etc. Deep metal bread drawer, with metal cover. Removable hardwood cutting board.

Built of select, **Genuine Oak** and carefully finished in Golden shade. Has good casters. Up to date in every detail and surely big value at this low price.

Disappearing Roll Curtain Front

166B9074—Our low price is only **$23.85**

Shipped promptly from stock at Chicago.

Height over all, 70 in. Size of table top when closed, 40x27 in. Size when extended, 40x36 in. Capacity of tilting flour bin, about 54 pounds. Shipping weight, about 235 pounds.

A very high grade Cabinet, built of seasoned **Genuine Oak** and hardwood, in rich Golden finish. The top section is all **White Enameled** inside, and has the latest improvement on the market; the disappearing roll curtain front. The upper dish cupboard is extra large, and has two doors fitted with **Queen Anne** art glass in diamond design. The **Free Equipment** which we furnish with this cabinet is of the best quality, and latest design, and comprises three large and three smaller spice jars, one tea and one coffee jar, and a large salt dish. These are all kept on a shelf at the back of the top section. This shelf has a nickel plated safety edge to keep them from being pushed off.

The extension table top is covered with **Nickeloid** metal, and just below it is a removable hardwood cutting board. Roomy kettle cupboard, with rack for tins on door. Self balancing flour bin; cutlery drawer. Easy rolling casters.

Closes up tightly when not in use, as shown in small picture. The roll curtain permits opening lower part of top without disturbing anything that may be on table top. Equal to $30.00 retail value.

$1.25

166B9087

Enameled Steel

Height over all, 24 inches. Round top, 11 inches in diameter. Shipping weight, about 20 lbs.

Made entirely of unbreakable steel. Finished in hard baked, washable white enamel. Parts electrically welded together, and cannot come loose, as **no** bolts, rivets, or screws are used. Seat is ventilated. This is an ideal stool. It is just the right height to use with a kitchen cabinet, and you will find it saves your strength greatly to sit at your work whenever possible. Our price is actually less than many dealers must pay for this article at the factory.

$17.95

$24.85

166B9077—Our low price is only **$17.95**

Shipped promptly from stock at Chicago.

Height over all, 70 in. Size of table top when closed, 40x27 in. Size when extended, 40x36½ in. Capacity of tilting flour bin, about 54 pounds. Shipping weight, about 240 pounds.

Built in a manner befitting a high grade article, of select **Genuine Oak** and seasoned hardwood. Finished in pleasing Golden color. This is a cabinet which has proven very popular with our customers, because of its extra good construction, and very convenient arrangement.

The interior of the dish cupboard is **White Enameled,** and has doors of diamond design **Queen Anne** art glass. Directly below are two round bottom tilting bins which hold about 15 pounds of sugar each, and two other handy drawers. The five piece crystal glass spice set, and the tea and coffee jar which you see on the cabinet are **Included Free.**

The table top extends to give larger working space, and is covered with sanitary **Nickeloid** metal. Removable cutting board of hardwood, cleated so that it will not warp, is kept under the top. Kettle cupboard has shelf and door is fitted with rack for tins. The flour bin is of the improved self balancing type, and above it is a cutlery drawer. Easy rolling casters complete a good cabinet. Trimmed with brushed copper fittings.

In this desirable cabinet your kitchen necessities are kept where quickly accessible, yet out of the way. It will save numberless trips for you each day and pay big dividends on its cost in satisfaction. You save enough on the purchase price to buy a pretty good new hat.

166B9083—Our low price is only **$24.85**

Shipped promptly from stock at Chicago.

Height over all, 72 in. Size of table top when closed, 40x27 in.; when extended, 40x36 in. Capacity of elevated flour bin, about 44 pounds. Shipping weight, about 240 pounds.

If you want to buy a cabinet but once in a lifetime, you can make no mistake by deciding on this one. It is built of **Genuine Oak** and seasoned hardwoods, and all finished Golden color.

The flour bin has a conical metal bottom, with sifter which is removable for cleaning. Dust cap protects contents. Door which closes space under flour bin has racks to hold five round spice jars, one tea and one coffee jar, and these are **Included Free with Each Cabinet.** The dish cupboard on the right has shelf and is closed by large door of **Queen Anne** art glass. The two round bottom tilting bins will hold about 17 pounds of sugar each, and are designed for sugar and salt.

The extension table top, which is covered with **Nickeloid** metal, makes it possible for you to sit to do a great many things, and the stool described at the left is ideal for this purpose. Kettle cupboard has sliding shelf, and door has rack for packages or tins. The deep bread drawer on the right is metal, except the front, and has hinged metal cover. Two other drawers above. One removable cutting board instead of two as pictured. Easy rolling casters. Altogether a most desirable cabinet at a price which means a big saving over retail.

Well Built Kitchen Necessities

Every Woman Should Take Pride in Her Table

What woman's eye doesn't shine with pride and pleasure to be able to set a really dainty table? The linens, the china, the silver service, the little quaint touches here and there—all these help make up the welcome which a hostess wants her guests to feel. Putting out her best is every woman's first thought, when company comes.

You can make a remarkably fine selection from the pages of this book. Go over our Dry Goods Section; our Jewelry Department; our china and cut glass displays. See how far your money will reach; you'll be surprised at what low prices we make on the daintiest table needs.

Office Desks at Near Wholesale Prices

$13.95 Seldom Equaled at this low price

Extreme length, 48 inches. Height over all, 46 inches. Extreme depth, 30 inches. Width between pedestals, 22½ inches. Shipping weight, without safe, about 210 pounds. With safe, about 300 pounds.

166B9201—Desk only, without pigeon hole boxes $13.95
166B9203—Desk only, with six pigeon hole boxes 14.95
166B9205—Desk, with steel safe in right pedestal, but without pigeon hole boxes $20.75

Shipped promptly from stock at Chicago.

Made of select, well seasoned Genuine Oak. Carefully finished in the standard light Golden color used for office furniture. The top is conveniently arranged with pigeon holes, drawers, pen racks, blotter holders, etc. It is closed by a dust-proof, flexible roller curtain, which works easily. This curtain is fitted with a Yale lock and automatically locks the drawers in the base when closed. The writing surface is considerably increased by two sliding Oak arm or book rests, one over each pedestal.

Left pedestal has four drawers which are extra long and roomy. Right pedestal has drawer and handy compartment, which may be fitted with safe, as illustrated. We advise the purchase of the desk complete with safe, as it provides a convenient, readily accessible, and secure place for valuable papers, mortgages, insurance policies, etc.

This desk is fully the equal in every respect of those selling elsewhere at from $18 to $20. It is well made and finished throughout, with full paneled construction, closed back, and perfectly fitting, mortised drawers, which slide easily. We pack it carefully so it will reach you in perfect condition.

Any desk can be had in Fumed or Early English finish at extra charge of $1.00. All specially finished desks shipped from factory with three weeks' delay.

You will sleep better at night if you have one of our safes

These special prices mean savings on quality articles

Only $3.75

166B9401—Couch Hammock, with steel spring and cotton mattress **$3.75**
Length over all, 70 inches. Width over all, 26 inches.
Shipping weight, about 35 pounds.

Strong, steel frame, finished in black Japan. Rust resisting spring, made up of steel wire and flat steel bands, attached to frame at one end, with highly tempered helical springs. Deeply tufted cotton filled mattress, heavy duck ends.

New style wind shield, with back support attached to ends with thumb screws. A steel bar inserted in hem at top of ends, evenly distributes weight and prevents tearing. Furnished in tan color only. An unequalled value at our price. Almost indispensable for the porch in summer, and nice for the living-room in the winter.

A Better Couch Hammock, 166B9405 $5.98

166B9405—Couch Hammock, with Mattress **$5.98**
Length, 74 in. Width, 30 in. Shipping weight, about 60 lbs.

Another very popular Couch Hammock, larger, and made of heavier, more durable materials. Steel frame and resilient fabric spring attached at both ends by highly tempered coils. Ends are heavy duck, with 1¼ in. steel bar inserted in hems. Ropes are attached to this bar for strength, making it impossible for the hem to tear out. High wind shield, with back support which is attached to ends with thumb screws and can be let down if desired. Deeply tufted cotton mattress with valance in front, covered with durable drill. Tan color only. This quality usually brings about $8.50 at retail. A few good books, and this comfortable couch hammock will add materially to your enjoyment this summer. Packed in strong paper and good burlap.

Complete with Chains $3.78

Here Is a Real Comfort Swing

166B9408—Automatic Comfort Swing, complete with chains for hanging . . **$3.78**
Size of seat, 20x44 inches. Height of back from seat, 19½ inches.
Shipping weight, about 42 pounds.

A new idea in a porch or lawn swing. The foot rest is hinged, and so arranged, that a slight push on it, when sitting in the swing, keeps it in motion. It is built of heavy, **Genuine Oak** stock, and finished in the durable, pleasing, fumed-brown shade, that is so well liked.

The back is filled with wide panels of fancy shape, and the back itself is set at the angle which is most restful. Hours of enjoyment can be spent in this swing, with your favorite book or magazine. It is plenty strong enough to hold all the people that can sit in it, and comes to you complete with chains for hanging.

The swing is built specially for us in large quantities, and this explains its remarkably low price. It is superior in construction and finish to similar swings, selling elsewhere at as much as half more than our price. Get one for your porch or lawn, and enjoy the health-giving fresh air.

166B9412—Complete as shown above **$11.00**
166B9414—Hammock, alone, without stand or canopy **7.25**
166B9416—Stand alone, without hammock or canopy **2.10**
166B9418—Canopy alone, without stand or hammock **2.20**

Height to top of canopy, 72 inches. Base of stand occupies space 48x87 inches. Extreme length of hammock, 74 inches. Extreme depth of hammock, 28 inches. Shipping weight of hammock, 51 pounds. Hammock furnished in tan color only. Shipping weight of canopy, 8 pounds. Shipping weight of stand, 48 pounds.

A very high grade Couch-Hammock, with adjustable head rest. Strong steel frame with underslung side rails. Sanitary fabric spring made of rust-resisting wire, interwoven with flat steel bands, attached to frame by highly tempered helical coil springs.

Mattress is filled with cotton felt, deeply tufted, and is covered with heavy drill.

Stand is made of 1½-inch angle iron, bolted together and strongly braced at corners. Nicely painted in green.

Canopy is of heavy blue and white awning stripe, with scalloped edge. Is fitted over steel frame. Either or both sides of the canopy may be raised when desired, as frame is hinged in the middle.

A desirable feature of this Couch-Hammock is the steel bar, which is fastened in the hem, at the top of the ends. This evenly distributes the weight; prevents any possibility of tearing, and forms a rigid support for the back bar of the wind shield, which is fastened to it by the thumb nuts. If you want the most comfortable Couch-Hammock possible to buy and one that will give long and satisfactory service, we strongly recommend this one.

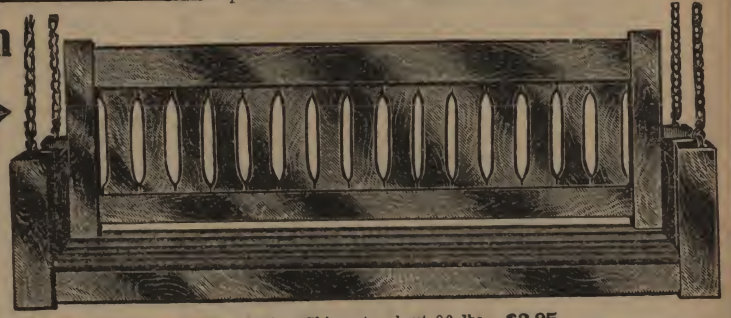
166B9425—Extreme length, 72 in.
Ship. wt., about 75 lbs **3.98**



Large, strong, porch swing. A very popular, low priced offering. Made of **Genuine Oak**, in the durable, fumed-brown finish, which is not easily scratched or marred. Can be had in three different lengths. Extra strong and solid, and bolted together. Prices include galvanized chains, hooks, and screw eyes complete, to suspend 13 feet or less, from ceiling. This swing is an exceptional value at our price, but if you want the best to be had order the big, massive swing described at the right on this page.

Porch Cushion

66B9427
Price **29c**
Size, 13x13 inches.

Shipping weight, about 4 pounds. Made of imitation leather on one side, and plush on the other side. Strongly sewed, so that it will not rip. Just the thing to take with you on an automobile, canoe, or pleasure trip. Very handy and comfortable for use on the porch, or in the porch or lawn swing. You should have several. Their cost is trifling compared to the use and comfort you will get out of them.

166B9429—Extreme length, 60 in. Ship. wt., about 80 lbs . . **$3.95**
166B9431—Extreme length, 72 in. Ship. wt., about 90 lbs . . **4.98**

A strictly high grade swing, for porch, veranda, lawn, or den. Very massive, with corner posts, width, 2¼ inches, and 2½-inch back posts. Artistically shaped flat panels in back. Made of **Genuine Oak**, and smoothly finished in the rich fumed-brown shade. Has shaped seat. Back is set at just the right angle to be very comfortable. Comes complete with galvanized chains, hooks and eyes, for hanging. Splendidly made, and not to be compared with light, cheaply constructed swings sold elsewhere at about the same price.

$3.95

98c

66B9435—Rocker **98c**
Shipping weight, about 18 pounds.

Strong maple frame, natural light finish. Double woven reed seat. Will stand a lot of hard service. At this price you should have several.

$1.98

66B9439—Rocker **$1.98**
66B9441—Chair **1.85**
Shipping weight, about 21 pounds.

Heavy frame of maple, natural light finish. Strongly braced, double woven reed seat. Broad arms. Very comfortable and durable.

Swinging Hammock Chair

166B9443
Resteasy Swing Chair **$3.48**

Size of seat, 21x19 inches. Height of back from seat, 34 inches. Height over all, 56 inches. Occupies floor space, 30x30 inches. Shipping weight, about 45 pounds.

The frame is made entirely of steel, finished in black enamel. The seat, back, and **Leg Rest** are strong blue and white canvas. You can recline in this chair by simply leaning back, and every portion of your body, limbs, and feet will be supported in a restful position. Or you can sit in any other position you like best. The **Resteasy** chair will automatically adjust itself to your position.

There are no ratchets, buttons, levers or anything else to get out of order. The **Resteasy** is perfectly automatic. Can easily be moved about.

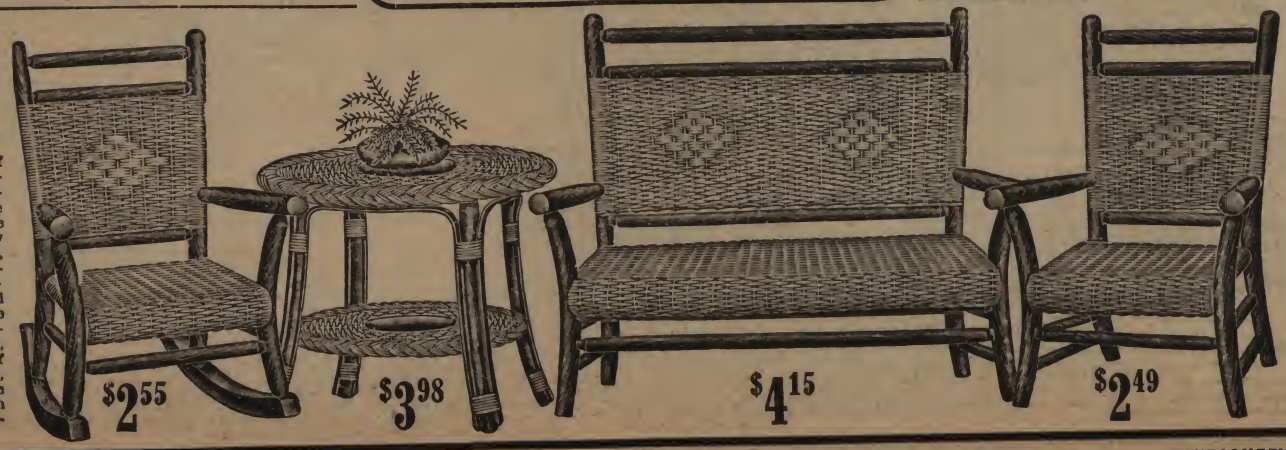
Suitable for home, porch, or lawn. Folds into comparatively small, flat package when not in use. At our low price you should have several of these **Resteasy** chairs for yourself, and the friends who visit you.

$2.28

66B9451
Rocker **$2.28**
Shipping weight, about 24 pounds.

Natural color varnish finish maple frame. Reed seat. Extra high back and roomy seat.

$2.55



66B9455
Rocker **$2.55**
Shipping weight, about 24 pounds.

Reed back and seat. Maple frame, natural light finish. Extra high back. Exceptional value.

Artistic and Durable

This suite is one of the most desirable combinations we ever offered. It is suitable for any room in the house and especially adapted for the porch, as it has a weatherproof, non-fading finish and is light, cool and comfortable. The frame is made of extra quality Rock Maple, and the reeds are of the best imported stock, finished in forest green or brown shade. Fern and fern dish not included.

We quote interesting prices on Silk Dresses, stylishly designed

Genuine Old Hickory Furniture, for Porch, Lawn or Cottage

These pieces are built of hickory, the strongest of the native woods. The bottoms and backs are plaited by hand, of the inner growth hickory bark, which is stripped from the tree. Hickory bark is of far greater strength than any other seating material, and for this reason these pieces will last almost a lifetime. Will also stand all sorts of weather. The most durable and inexpensive furniture made. Get some for your porch.

$2.35

166B9501—Rocker **$2.35**
166B9503—Chair . **1.75**
Size of seat, 17x16 in. Height of back from seat, 24 in. Shipping weight, about 24 lbs. Made of rustic Old Hickory with bent one-piece front and back posts and flaring arms. Seat woven of hickory splints. Back has 7 spindles. Base strongly braced. You will find it difficult to buy a chair that will give you more service for the amount expended, than this one.

$3.43

166B9505—Price, each, **$3.43**
Diameter of top, 24 in. Height from floor, 29 inches. Shipping weight, about 26 lbs. Handy table of Old Hickory. Legs have double bracing all around. Top is of flaky, Quartered Oak, built-up veneer stock, and finished in fumed brown shade, which harmonizes perfectly with the rustic hickory base. A table you will find useful for many purposes, and one that is a big value at the price we quote.

Legs are fitted with wheels so that when lowered to half position can be used as push cart, so you really get three dependable articles in one.

BEDS·CRIBS·BASSINETTES

A bassinette is the first luxury for the new-born babe. It increases the baby's comfort and economizes the mother's energy. Low stooping is avoided. Safety is insured. Cribs and little beds, while suitable for babies, are more adapted to the older child. We offer here superlative values in beds, cribs and bassinettes. We have selected them very carefully and have seen to it that they are all strong and well made. Each one is nicely finished and will add to the attractiveness of any bedroom. Expectant mothers should remember that the first thought for the baby should be to provide a fitting place for it to comfortably spend three quarters of its first year. This can be done at little expense by making a selection from the items displayed on this page.

$7.50

166B9809
Bassinette and stand, complete with crook for holding drapery, as pictured, but without drapery or bedding.
$7.50
Shipping wt., about 15 pounds.

$7.50

Height from floor to top of crook, 64 in. Outside size of basket, 19x38⅜ in. Height of top of basket from floor, 30 in.

Practical and convenient. A comfort for mother and baby. Made of strong white willow. Stand has casters. Basket can be lifted out and used separately if desired. These bassinettes are hand woven from select stock, and are high grade in every respect.

Our Matchless Safety Crib

$5.75

This is the most popular Crib we have ever sold. It is safe for the child. The extra high sides prevent baby from climbing out, and the upright rods are placed close together so it cannot put its head through. There are no sharp points to injure baby or tear the clothing. Made entirely of smoothly finished steel. The knowledge that your baby is safe and will not fall out of bed is worth more to you than this crib costs you.

$5.75

Height over all, 44 in. Diameter of main post, 1 1/16 in. Upright filling rods, 5/16 and ¼ in. Cross rods, ⅜ and ⅝ in. Shipping weight, about 85 lbs. Made with an improved sagless spring bottom, sanitary and comfortable. Good casters. An important feature of this crib is the sliding drop side with patented foot release. Baby cannot unfasten it, but a slight touch of your foot on the bar at the bottom releases it to slide downward, leaving both of your hands free. Finished in washable white enamel.

166B9801—Size, 2½x4½ ft., finished in white enamel. Our price **$5.75**
166B9805—Size, 3x5 ft., finished in white enamel. Our price only **$6.30**

Artistic Framed Pictures Fit for the Finest Homes

69c **66B9880**

Outside size, 12½x10½ in. Shipping weight, about 2 pounds. A high quality framed motto that will make a strong appeal to all lovers of the beautiful. Artistic hand tinted lettering. The wording of this motto has become famous as a tribute to motherhood, and should be in every home. Frame is of molded steel; width, ¾ in., finely finished in imitation of Mahogany. Fitted with clear glass. Our price on this splendid picture is about half what you would be asked to pay in the average art store.

78c **66B9882**

Outside size, 12½x10½ in. Shipping weight, about 2 pounds. A most desirable picture for the home. Hand tinted. Molded metal frame, width, ¾ in., in light blue enamel finish. Good clear glass. This picture has proven very popular in the big department stores, and we are introducing it to our customers at less than usual prices.

21c **66B9884**

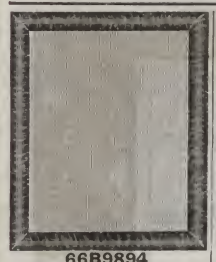
Outside size, 8x10 in. Shipping weight, 2 pounds. A very fine reproduction of the well known picture, "Cupid Awake." Oval frame of molded steel, in fine Circassian Walnut finish. Has glass. You should purchase with this the companion picture, "Cupid Asleep."

$1.19 **66B9886**—Price, only

Outside size, 19½x10 in. Shipping weight, about 2 pounds. Molded steel frame, width ½ in., in rich Mahogany finish. Upper picture is "Moonlight Madonna" in beautiful colorings. Lower motto is hand tinted, and has the same wording as 66B9880. Fitted with clear glass. This is strictly high grade and makes an ideal gift.

69c **66B9888**

Outside size, 12½x10½ in. Shipping weight, about 2 pounds. "Wedding and New Love." Has two scenes in actual colors, from Harrison Fisher's drawings, and "Cupid Awake" and "Cupid Asleep" in heart-shaped cut-out. Molded steel frame, width, ¾ in., in Mahogany finish. Big value.



21c **66B9890**

Outside size, 8x10 in. Shipping weight, 2 pounds. "Cupid Asleep" in sepia tints. Frame is molded steel, width, ½ in., fine Circassian Walnut finish. This high quality picture should not be compared with the cheaply made substitutes sold elsewhere at even higher prices.

98c **66B9892**

Outside size, 10½x12½ in. Shipping weight, about 2 pounds. This picture is the famous "Colorado Madonna," pronounced by eminent artists to be the most wonderful mother picture ever made. It is delicately hand tinted in natural colors, and framed in a molded steel oval frame, width ¾ inch. Frame is finished in fine imitation of Circassian Walnut, which harmonizes perfectly with the tone shadings of the picture. You must see this picture to appreciate it. Our illustration can give you but a faint idea of its beauty. Fitted with clear glass.

New process carved effect frame, width, ½ in. Design finished in burnished gold with background of dark brown tint. Very high grade. Average shipping weight, about 2 pounds.

166B9968—For picture 14x20 inches **$2.49**

166B9970—For picture 16x20 inches **$2.68**

Shipping weight, about 12 pounds. The convex (oval face) glass used with this frame serves to bring out every detail of the picture behind it. This frame must be seen to be fully appreciated. Frame made of 2 inch molding, finished in rich satin gilt. Hand laid, rose leaf border, width, ½ inch at outer edge. Inner edge has bright burnished line, width, ¼ inch, making a very pleasing contrast. This is a frame for particular people.

WINDSOR CLEANABLE SANITARY REFRIGERATORS

Seamless White Porcelain Lined

In buying a refrigerator, the thought that should be foremost in your mind is to secure one that is truly sanitary, a refrigerator that will keep your food pure and free from germs.

The trouble with the average ice box is that it cannot be easily cleaned, so it is a veritable breeding place for germs and diseases. How very different are the

Windsor Cleanable Sanitary Refrigerators

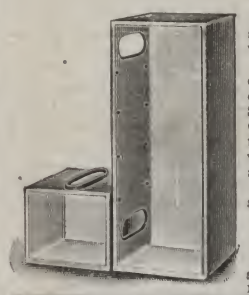
lined with seamless, white Porcelain provision chambers, that have no sharp corners, cracks, or crevices to collect and hold grease or dirt. They are truly sanitary because they can be cleaned quickly and thoroughly and as easily as a china dish.

The Windsor seamless, white Porcelain-lined Refrigerators represent the highest achievement in refrigerator construction. This year's models have been further improved by the elimination of all woodwork from the interior of the refrigerator. The doors also have been changed by bringing the porcelain right up to the outside piece of the door, thus doing away with wooden mouldings.

Economy in Ice Consumption

Windsor Refrigerators are most economical in the consumption of ice. Careful tests have demonstrated that they will reach the lowest average temperature more quickly, maintain it longer and use less ice than most others. Windsor refrigerators are perfectly insulated, a most important feature in refrigerator construction, having 8 separate and distinct walls (see description below).

Cold Dry Air Refrigerators



The air circulating in the provision chambers is perfectly dry, thus preventing food from becoming mouldy. Our refrigerators will keep crackers, ginger snaps, etc., crisp and dry.

Ice Capacities

In selecting a refrigerator it is better policy to choose one that is somewhat larger than what you actually require. In other words, if you need a box that will hold 100 lbs. of ice, it should have an actual capacity of at least 115 lbs. The capacity, in pounds, given in our description represents the weight of a block of ice cut the exact dimensions of the ice chamber. In addition we give the size of opening to the ice chamber, enabling you to quickly select the size you need. The average size of a 100-pound block of ice is 11x11x22 in.

Our Prices

Our Windsor Refrigerators are manufactured by one of the foremost manufacturers in the country. Our prices are fully one-third lower than what the identical refrigerators under a different, well known name are sold for elsewhere. In buying from us you do not pay for the name, but are assured of the highest quality and perfect satisfaction under the terms of our ironclad guarantee which covers all of the merchandise we handle.

Seamless White Porcelain Lining

The inner lining of the provision chambers is made of one piece of sheet steel, without any seams or rivets, and covered with a triple coat of pure, white, porcelain enamel.

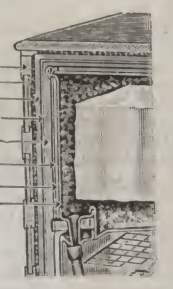
Our white porcelain lining is a Genuine Porcelain that will never wear off, and is as easily cleaned as a china plate. It is much preferable to crockery tiles, which are apt to craze, or opal glass, which is easily broken. Such linings also have many joints that soon become filled with impurities. Ours is the real porcelain enamel, fused on heavy sheet steel at a temperature of 2,500 degrees Fahrenheit. It is the same porcelain that is used on white enameled cooking utensils, and is proof against corrosion, or the action of grease or acid. It is a uniform, snow-white color.

The corners are rounded, free from seams and rivets, making it perfectly sanitary, and very easy to keep clean. **Nothing better made at any price.**

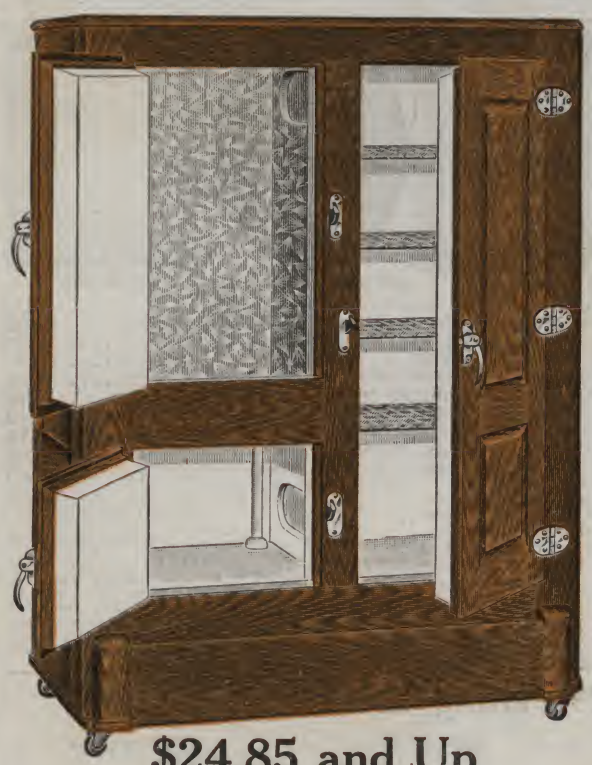
Wire Shelves

Windsor refrigerators are provided with wire shelves that are strongly constructed, but light in weight and that permit free circulation of air. Heavily retinned, to prevent rusting. Can be easily removed.

The Ice Rack



is made of strong, galvanized iron, and so constructed as to properly drain off the water.



Insulation

Windsor Refrigerators are scientifically insulated, having 8 separate and distinct walls, 3 inches deep, as shown in the illustration. The outer case is made of selected air-seasoned kiln-dried hardwood. All joints are properly fitted and matched, so that it is almost impossible to detect the connections. Next comes a heavy layer of wool felt, which is considered by experts the best non-conductor of heat. A positive dead air space comes next, followed by another layer of wool felt. Then there is the inner wooden wall, ⅞ inch thick, lined on both sides with charcoal sheathing, followed by the metal lining on the inside of the box.

The Ice Compartment

is lined with heavy galvanized iron. The strongly constructed ice rack and the nickel plated brass drain pipe can be removed for thorough cleaning.

$24.85 and Up

Windsor Seamless White Porcelain Lined Refrigerators

Cabinet

The outside case is constructed of air-seasoned, kiln-dried, solid northern ash; with heavy round corners and raised front panels, attractively finished in a dark, golden oak color, with high grade varnish that will give excellent wear.

We also furnish the 3-door Refrigerator with a genuine solid oak case. This box has two extra layers of cocoa fibre insulation and, in our opinion, is the best refrigerator made.

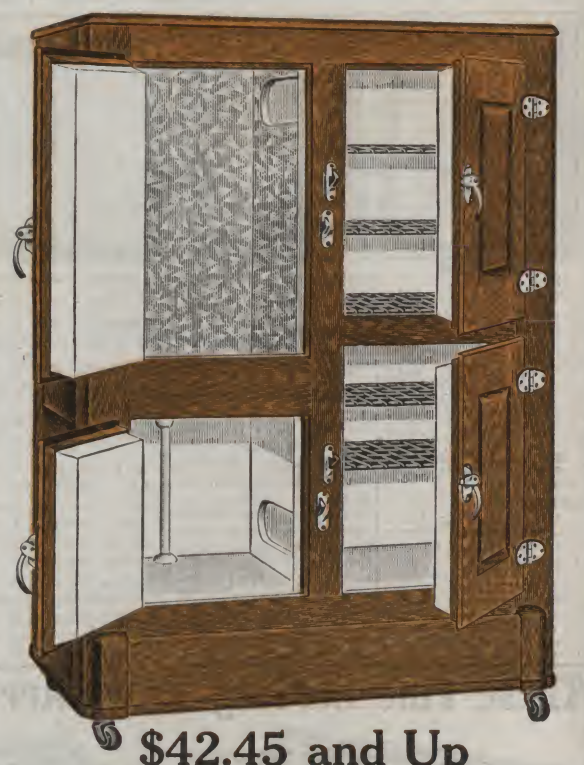
Lining

The Provision Chambers are lined with seamless white porcelain (as described above), the ice compartment, with galvanized iron.

Insulation

Scientifically insulated with wool felt and charcoal sheathing. There are 8 separate and distinct sections, making the walls full 3 inches thick, insuring a low temperature and economy in the use of ice.

Trimmings



The locks and hinges are made of solid brass, heavily nickel plated. The ice rack is of corrugated galvanized iron; insures proper drainage of water. Tinned wire racks, with open mesh, allow free circulation of cold air. Ice rack, nickel plated drain pipe and trap, and wire shelves are removable for thorough cleaning.

Ice Chamber

Widths and heights given are sizes of door openings. The chamber itself is somewhat larger. Please bear this in mind when making comparisons, as the dimensions of ice compartments generally given are inside measurements.

Our Prices

Quality and capacity considered, no lower prices can be obtained anywhere. They are fully one-third lower than those asked for the identical refrigerators under a different brand.

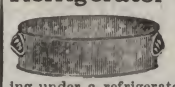
WINDSOR REFRIGERATORS WITH REAR ICING DOOR

We can furnish any one of our refrigerators, fitted with a door in the back or side of ice chamber, for outside icing, at a small additional charge. We can also supply sanitary water coolers with all of our refrigerators. Write for special quotations.

Our Low Priced Leader



Windsor Seamless White Porcelain Lined $14.75

Solid Ash Cabinet
Golden Oak Finish

Although offered at an extremely low price, this refrigerator is the equal in every respect of our higher priced models. By this we mean that it has the same high grade material and construction. It is only smaller, but that makes it especially desirable for use in small families, or where little space is available.

Ash case, with rounded corners, raised front panels, golden oak finish. Insulated with wool felt and charcoal sheathing. Provision chamber is lined with seamless white porcelain; ice compartment, with galvanized steel. Brass locks and hinges are heavily nickel plated. Tinned wire shelves afford free circulation of cold air.

Refrigerator Pans, 29c

86B51—Has a very slim, high quality 6 in. steel needle. Same pattern used by icemen. Weight, ½ lb. Usual 25c value. Each **12c**

Ice Chisel

86B52—Wood handle. Has iron cap for breaking ice. Heavy toothed blade. Nicely nickel plated. Weight, ¾ lb. 15c value. Each **10c**

Ice Shave

86B53 — Tinned, malleable iron case, with hinged cover. Tempered, adjustable steel cutter. Operates like a plane. Weight, 2½ lbs. Each **25c**

Windsor Porcelain Lined Front Icer $23.70

Here is another high-grade refrigerator, a little smaller and with less compartments than those above, and therefore lower-priced, but it has the same superior quality, as the description below explains.

Cabinet is made of solid ash, with round corners and raised front panels, in golden oak finish. The walls are **scientifically insulated** with wool felt and charcoal sheathing, insuring a low temperature with a minimum ice consumption.

Provision chamber is lined with **seamless white porcelain,** ice compartment, with galvanized iron.

Tinned wire shelves, with open mesh, afford free circulation of cold air. The locks and hinges are of solid brass, nickel plated. Waste pipe and trap, made of nickel plated brass, ice rack, flues and shelves are removable for thorough cleaning. Ice rack is properly constructed to insure free drainage of water.

Our Ever-Ready Oil Stoves are all their name implies, and more, too

WINDSOR CLEANABLE SANITARY REFRIGERATORS

WHITE ENAMELED, STEEL LINED

For a low-priced refrigerator you cannot buy a better than one of our Windsor White Enameled, Steel lined Refrigerators. We have sold many thousands of them to satisfied users and we recommend them as thoroughly reliable and economical in the use of ice. They are built with the same care as our higher priced models, the only difference is that the provision chambers are lined with white enameled steel, instead of seamless, white Porcelain.

These refrigerators are made with eight walls of insulation, including two layers of heavy wool felt, which cover all the joints and panel cracks of the outside and inside cases. They also have a dead air space between the walls, which helps to maintain the cold.

The outside cases are of hardwood with raised front panels, finished in golden oak color. The hinges and locks are of solid brass, nickel plated. Locks are self-closing, and air-tight.

The provision chamber is lined with steel, covered with three coats of baked-on enamel that is pure white in color and has a gloss like porcelain. It is a lining superior to most on the market, odorless, and guaranteed not to peel off. The ice chamber is lined with galvanized iron. Retinned wire shelves permit free circulation of air. Ice racks, wire shelves, drain pipe and trap are removable for cleaning.

Our prices are extremely low and can hardly be matched anywhere.

Galvanized Iron and White Enameled Steel Lined Refrigerator

Our lowest-priced Refrigerators—exceptional values at our prices. Furnished in two styles: provision chamber lined with galvanized iron or with white enameled steel.

Hardwood case with round corners, finished in golden oak color. Promptly insulated with Charcoal sheathing and wool felt. Locks and hinges are brass, nickel plated.

Retinned wire shelves permit free circulation of air. Shelves, drain pipe and trap can be removed for cleaning.

For a low-priced refrigerator you cannot buy a better one. It is large enough for a small family and can be relied upon to give satisfactory service.

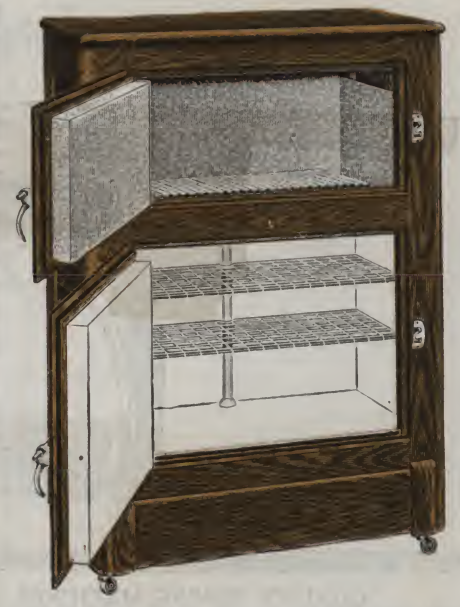
Windsor White Enameled Steel Lined Refrigerator

The Windsor 3 Door White Enameled, steel lined front icer is one of our most popular sellers. **Priced very low—sold elsewhere for from $25.00 to $30.00.**

The outer case is constructed of selected hardwood, with round corners and raised front panels, handsomely finished in golden oak color. Scientifically insulated (8 walls) with wool felt and charcoal sheathing, insuring a low temperature and economy in the use of ice. Locks and hinges are of brass, nickel plated.

The provision chambers are lined with white enameled steel, the ice compartment, with galvanized iron.

Retinned wire shelves allow free circulation of air. Ice rack, shelves, drain pipe and trap can be readily removed for cleaning.



Shipping weights, 192, 195, 233 and 243 pounds, respectively.

White Enameled, Steel Lined Refrigerators

Though these refrigerators have large capacities for both ice and provisions, they do not occupy very large space. The prices we quote are certainly low, but the quality we have gained a reputation for, has been maintained.

The outer case is constructed of selected hardwood with round corners and raised front panels, attractively finished in golden oak color. The insulation consists of 8 separate and distinct walls. Lined with wool felt and charcoal sheathing, insuring a low temperature and economy in ice consumption. Locks and hinges are of brass, nickel plated. Locks are self-locking and air-tight.

The provision chamber is lined with white enameled steel, the ice compartment, with galvanized iron. Retinned wire shelves allow free circulation of air.

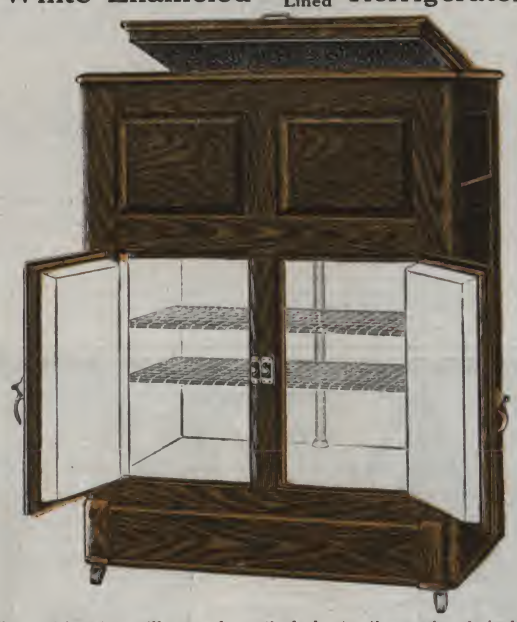
Hardwood Ice Chest Galvanized Iron Lining $5.20



Excellent for cooling bottled goods, for packing fresh fish in crushed ice, and for storing ice in general. An economical means of preserving perishable foods in summer, though not as desirable as our regular Refrigerators, as these Chests lack interior circulation of cold dry air. They have a double wall, with a lining of charcoal sheathing under the galvanized iron lining. Small opening in the back for ventilation. Total ice capacity as follows: 49, 94, 136, 179, 224 lbs. No shelves.

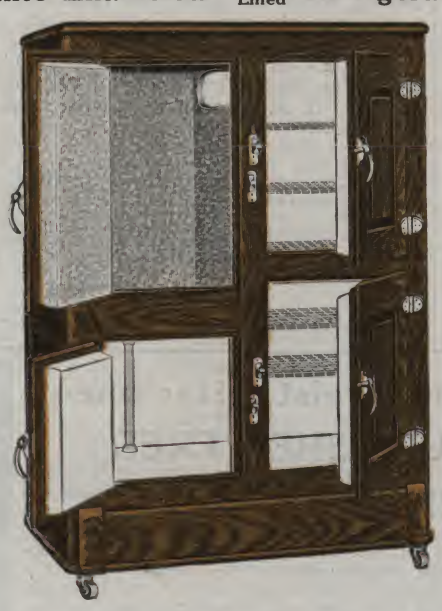
White Enameled Steel Lined Refrigerator

This refrigerator will appeal particularly to those who desired an extra large size box at a moderate price. You will notice that the two provision chambers are not separated by a wall, thus giving plenty of room. The dimensions of each provision chamber are 30x16⅝x22 inches.



The solid hardwood case with its rounded corners and raised front panels is attractively finished in golden oak color. Eight separate walls, including several of wood felt and charcoal sheathing, insure a minimum consumption of ice. Provision chamber lined with white enameled steel, ice chamber, with galvanized iron. Retinned wire shelves. **Shipping weight, 290 lbs.**

Quality Sewing Machines

Special Sewing Machine Guarantee

THIS Sewing Machine No._____ is guaranteed as to mechanism and materials. It has been accurately adjusted, carefully inspected, thoroughly tested with both silk and cotton thread, and we guarantee it to operate perfectly when managed according to printed instructions enclosed. This machine has been carefully packed, delivered to the transportation company in perfect condition, and we guarantee that it will reach your railroad station in good order. We mean by this, that if it is damaged in transit it may be returned to us, and we will immediately send you a new machine, and pay all the expenses of the transaction.

We agree to make good any defects which may develop in either material or workmanship for a period of twenty years from this date. If it becomes necessary, on account of defectiveness, at any time during the life of this guarantee, to send the machine to us for repairs, we will put it in perfect running order without cost to owner, and pay the freight charges both ways.

The natural wear and tear of any of the parts is not considered a defect in material or workmanship. This guarantee does not apply to attachments, or the breaking of needles, shuttles, bobbins or belts.

Dated at Chicago this_____ day of_____ 19____

MONTGOMERY WARD & CO.

OUR THREE MONTHS' TRIAL OFFER

This Sewing Machine is sold by us with the understanding and agreement that if for any reason it does not prove entirely satisfactory, it may be returned at our expense at any time within three months from date it is received, and we will immediately refund purchase price together with freight charges paid by purchaser.

MONTGOMERY WARD & CO.

Every one of our machines—with the single exception of the Oakland—is sold to you on a 90-days' Trial, and under our ironclad 20-year guarantee. The purchase of a sewing machine is largely a question of confidence in the seller. We have more "old-time" customers on our books than any other similar merchandise institution in the world. This striking fact offers the best evidence of the reputation we enjoy among our customers.

QUALITY SEWING MACHINES

Almost 50 years ago Montgomery Ward & Co. originated the direct selling plan. We were the first to offer dependable sewing machines at prices that were in proportion to their true value. Prior to that time practically all sewing machines in this country were sold through agents, at prices ranging from $75.00 to $150.00. Owing to the high prices, a sewing machine—the greatest labor-saving device ever invented—was considered a luxury in those days. True, the majority of these machines were well built and gave good satisfaction, but the prices demanded for them were grossly inflated, due largely to the method of selling them through agents.

Our method of selling machines direct from the factory to the consumer, thereby eliminating all unnecessary handling and selling expenses, enabled us to offer the very highest grade of machines made at less than half the prices that were then universally demanded throughout the country.

Our machines cost no less to build than those offered by agents. They are made by one of the largest and best known manufacturers, in a factory equipped with the latest improved automatic machinery, operated by experts. The agents' price represents factory cost, plus the profits and expenses of an antiquated, round-about sales system. Our price represents factory cost, plus one small additional profit for us, hence the decided difference in the two selling prices.

QUALITY OUR SLOGAN

We are one of the largest distributors of sewing machines in the world, and our success in this line is solely due to the fact that we have at all times offered quality machines at the lowest possible prices, but have never sacrificed quality in order to quote low prices. We are continually striving to improve our machines, and we can truthfully state that every one of our machines is modern and up-to-date in every particular.

In the Damascus—Vibrating shuttle or Rotary—we offer a machine that is positively in a class by itself. It is not only the equal in every way of the highest priced and highest grade machine, bar none, but it is the only machine which is equipped with an Automatic Tension, unquestionably the most useful invention pertaining to sewing machines in recent years.

It is a striking and most gratifying fact that we sell far more Damascus Machines than all our other models combined. Our customers were quick to realize the advantages this machine has over all others, although our prices are no higher; every machine of this type we send out sells others for us.

SELECTING A SEWING MACHINE

In selecting a sewing machine you should bear in mind that "the best is always the cheapest." It is always the best policy to consider quality first, when making purchases of any kind, but particularly so when you buy a sewing machine, because you expect it to give continued good service for years to come.

A good sewing machine—a quality machine, built on merit—will be a source of constant pleasure and help to you. You cannot afford to experiment with cheaply built machines that cannot and will not render you the service that you have a right to expect.

Quality does not necessarily mean high prices; neither are high prices always a guarantee of high quality. It all depends upon where you buy your machine.

When you purchase your machine from us, you are assured of getting a quality machine, no matter whether you select our low priced Brunswick, or our best grade machine, the Damascus. This does not mean that the Brunswick is equal in workmanship or finish to the Damascus, because we are frank in saying that it is not; neither is the woodwork as high grade, nor is it equipped with the improvements that distinguish the Damascus. We do assure you, however, that our Brunswick is a strictly high grade machine as far as sewing qualities are concerned, and that you will not be disappointed if you choose this model.

SHOPPING BY MAIL

Stop to consider the advantages of shopping by mail. When you select a sewing machine from the pages of this Catalogue you depend on your own judgment, follow your individual taste, and, above all, you have our positive assurance of getting entire satisfaction. Instead of being influenced and persuaded by the alluring talk of agents or representatives, we submit to you a careful and detailed description of the various machines we handle, a statement of plain facts, free from exaggerations, and absolutely reliable. You choose a machine which, you believe, will please you, but you are under no obligation to keep it, unless it is just what you want, and is exactly as described and illustrated on these pages.

OUR 90 DAYS' TRIAL OFFER

We know that you cannot buy a better machine than ours; we know that quality considered, our machines are lowest in price, but we do not ask you to accept our statements unconditionally. In order to prove to you that our claims of superiority, both in quality and price, are based on facts, we inaugurated our 90 days' Trial Offer. Every one of our machines is sold subject to this liberal offer if you reside in any part of the United States proper.

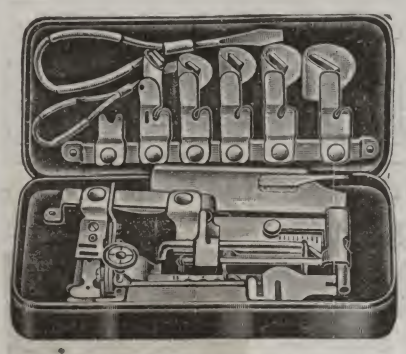
It stands to reason that we could not possibly afford to sell our machines under these liberal terms unless we were fully convinced that they will stand the test. They must speak for themselves; we must rely on their superior quality, and our exceedingly low prices, to convince you that it is to your advantage to buy from us.

Our trial offer gives you every opportunity to test our machines most thoroughly, and to verify the claims made for them. Order any one of our machines, test it in any way you like, put it alongside any other machine, regardless of name or make; test them side by side, ask the opinion of your neighbors and friends. If our machine does not prove superior, if you do not find it a striking value at our price, or if you are not fully satisfied for any reason whatsoever, return it at our expense and we will promptly refund the purchase price, including all transportation charges. Could anything be fairer? We assume all the risk, while you place yourself under no obligation whatever.

OUR 20 YEARS' GUARANTEE

We do not stop at this trial offer, but guarantee our sewing machines for 20 years from date of purchase. (See guarantee printed above).

This guarantee applies to every one of our machines with the exception of the Oakland, which we guarantee for 5 years.



This broad guarantee fully protects you in the future. It means that the machine you purchase from us must give you almost a lifetime of service. It means, also, that you will, if it should become necessary, at all times be able to secure repairs or extra parts for machines purchased from us.

OUR INSTRUCTION BOOK

An argument frequently offered by sewing machine agents is that it is impossible to learn to operate a machine, except with the assistance of a demonstrator. Let us reassure you on that point. Our machines are easy to operate. You will have no difficulty whatever in learning to operate them successfully with the aid of our instruction book. It explains every operation in plain language. We can furnish these books in any language. It also teaches you how to use the various attachments. Please remember that if you are unable to operate the machine successfully, you are at liberty to return it to us at our expense.

THE IDEAL WAY TO BUY

No machines, quality considered, are lower in price. A trial test is worth more to you than a thousand testimonials, hence our 90 Day Trial Offer. Our machines will give a lifetime of satisfaction—our 20 Year Guarantee secures it for you. Could anything be fairer? In dealing with us you take no chance. You are the judge of the merit of our machines. The decision rests entirely with you, and we cheerfully abide by it.

Our Greist Attachments are made of nickeled steel. They are put up in neat, velvet-lined metal boxes. The complete set comprises Ruffler or Gatherer, Tucker, Braider, Quilter, Five Hemmers (assorted widths), Under Braider, and Shirring Slide. For work that can be done with these attachments see illustration on this page.

Genuine Greist Attachments FURNISHED FREE

When comparing prices, please bear in mind that we furnish with every one of our machines, except the Oakland, a set of the best Genuine Greist Attachments, without extra cost. No machine is complete without these attachments. They enable you to do an endless variety of work with your machine. The illustrations shown here are but a few examples of the beautiful work you can accomplish. Work of this kind, if done by hand, is not only tedious, but most difficult; with the aid of the Greist Attachments it is quite as easy as plain sewing. With every set of attachments we furnish an illustrated booklet of instruction, teaching you how to use the various attachments.

With all Damascus Grand Rotary Sewing Machines, we now supply the new patented five-stitch Ruffler. It is one of the most perfect working attachments ever invented. Ordinary narrow ruffling, or the wide ruffle or plait can be made with this attachment. An adjusting screw determines the size. Piping can also be made with this attachment.

With every machine we also furnish free, a complete set of the usual accessories, consisting of 12 assorted needles, 6 bobbins, thread cutter, 2 screw drivers, gauge, hemmer foot, quilter, filled oil can, and illustrated Instruction Book.

FIGURE 1. Fancy Collar, Ruffling and Tucking.
FIGURE 2. Braided Collar and Cuff Set.
FIGURE 3. Child's Dress, on which all the fancy stitching is done with Greist attachments. This dress is a remarkable example of fancy machine sewing.
FIGURE 4. Sailor Collar. Narrow Puffing and Scant Ruffling.
FIGURE 5. Fancy Collar and Cuff Set, showing narrow tucking, sewing on lace, and hemming, in one operation. Also full ruffling.
Complete directions for using these attachments are included with each set.

Damascus Grand

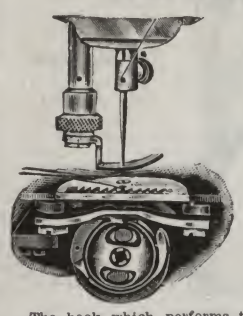
The Peer of All Rotary Sewing Machines

The rotary principle has always been acknowledged as the correct and logical one in the construction of sewing machines, because machines of this type sew faster, run easier and more quietly than any vibrating machine.

Notwithstanding these facts, there are but comparatively few rotary machines in use, mainly because the prices asked for this type of machine were higher than the average family cared to pay. Besides, most rotary machines were so complicated in construction that they would easily get out of order, clog, break threads, and were difficult to operate.

Realizing the superior sewing qualities of the rotary machine, and the increasing popular demand for machines of this type, we worked for years to bring out a rotary machine that we could conscientiously offer to our customers as truly reliable and worthy of our guarantee: a machine that would do the very highest grade of work without any trouble, such as clogging, breaking threads, skipping stitches, etc., and that could be operated easily and without the assistance of a personal demonstrator. In the

DAMASCUS GRAND ROTARY



we have brought out a machine that possesses all these qualities; and best of all, the price we ask for this model is no higher than that asked by agents for machines similar to our lowest priced vibrating shuttle machines.

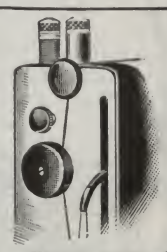
The Damascus Grand Rotary is not only the easiest working, most trouble-proof rotary machine made, but it has several features that are exclusive to this machine, and place it in a class by itself.

From the very first, the Damascus Grand Rotary has proven a decided success. It is one of our most popular sellers. The unsolicited testimonials from satisfied customers offer the best proof that our machine is exactly what we claim for it—**the peer of sewing machines.**

The Rotary Movement

The Damascus Grand Rotary, as its name indicates, embodies the rotary principle of construction throughout. It makes the double-lock stitch, but, unlike vibrating machines, the lower stitch-forming mechanism has a continuous rotary motion, entirely free from vibration.

The hook which performs the function of a shuttle, rotates on the outer side of the steel chamber containing bobbin and case, the thread being drawn off once in every revolution to form the stitch.



HIGH SPEED MACHINE—The Damascus Grand Rotary is geared to produce four and one-half stitches to each revolution of the belt wheel. It is much faster than vibrating machines, and no slower than any other sewing machine of its type.

LOCK-STITCH TYPE—The Damascus Grand Rotary produces the popular double lock-stitch, a stitch that is always smooth, even, and perfect. The double-lock stitch is formed by a revolving hook, which takes the place of the shuttle in the vibrating shuttle machine. As the needle descends to the lowest point forming a loop, the rotary hook catches the loop, throwing one half on the back of the shuttle race, and the other half over the front of the bobbin case, forming a complete lock-stitch as the take-up reaches its highest point.

It is absolutely impossible to clog our machine, no matter what conditions may be. In this respect, the Damascus is a vast improvement over other rotary machines.

ANOTHER SPLENDID FEATURE is the ease with which the bobbin can be removed and replaced from above, by opening the large hinged plate, which allows ample room for the insertion of one's fingers. The method of fastening and removing of the bobbin case is so simple, and so easily understood, that a wholly inexperienced person can master it in a few moments' time.

CONVENIENCE IN OILING—The Damascus Grand Rotary is so constructed that all oiling is done from above. It is, therefore, unnecessary for the user to go to the trouble of turning back the sewing head when oiling. This feature is exclusive to our machine. If, for cleaning and other purposes, it is desired to gain access to the under parts, it can be done instantly by means of the Automatic Spring Latch.

Automatic Tension.

The mismatching of tensions has for years been the occasion for more than 90 per cent of all sewing machine troubles and difficulties. The regulation of the tensions is the one function in connection with machine sewing that experience alone will teach.

Yet the proper adjustment of the tensions is of the utmost importance; in fact, it is utterly impossible to form a good stitch, no matter how well the machine may be constructed, unless the tensions are "just right."

THE DAMASCUS GRAND ROTARY is equipped with an automatic tension, unquestionably the most important sewing machine invention in recent years. It means the entire absence of the tension troubles common to the ordinary machine. It assures a perfect and even stitch at all times, and on all classes of goods. The Damascus Grand Rotary is the only machine of its type equipped with this valuable improvement, which places it in a class by itself.

THE AUTOMATIC TENSION is entirely self-acting, requiring no attention nor skill on the part of the operator in adjusting the tension, on either the upper or lower threads, no matter what the nature of the fabric may be, or what size or kind of thread is being used.

Dressmakers and housewives who have considerable sewing to do will readily appreciate this truly wonderful device. Think of it—you can change from the lightest silk to the heaviest woolens without changing the tension one particle, and yet be assured of a perfect stitch. The only change necessary is that of needles suitable for the size of thread to be used.

Every machine—before being sent out—is carefully tested at the factory, on a very wide range of thread and fabric.

Don't be misled by the term "automatic," used in connection with the tension release. Most high grade machines are equipped with an automatic tension release, but the disc tension of these types requires adjustment whenever the work or thread is changed. In other words, they **are not** automatic. **The Damascus is the only machine equipped with the Automatic Tension, and also the Automatic Tension release.**

The Automatic Tension release is a most desirable feature. It is brought into action automatically, whenever the presser bar is lifted, and permits you to remove the work without danger of breaking the thread, or damaging the needle.

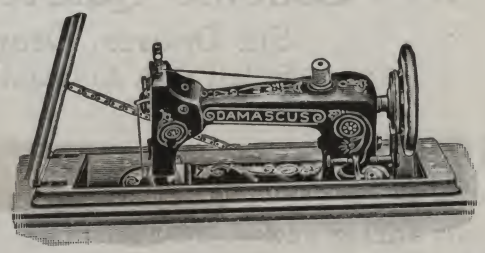
THE SIMPLICITY OF CONSTRUCTION

of the Damascus Grand Rotary is one of its strongest features. In this respect it excels any other machine on the market. The more complicated the mechanism, the greater the likelihood of the machine getting out of order. In simplicity and ease of operation, the Damascus Grand Rotary has no equal. On this account, it is bound to appeal to those who heretofore have been unable to successfully use a Rotary machine because of its complicated construction.

All working parts are made of case-hardened steel, fully nickel plated, carefully tested and adjusted, and fit perfectly. All parts and interchangeable, which means that you will be able to replace any damaged or defective part of the machine without difficulty and trouble.

The Woodwork.

The same high standard of quality maintained throughout in the construction of the sewing parts applies also to the woodwork furnished with the Damascus Grand Rotary Machine.



Only the choicest grades of carefully selected, quarter-sawed oak, air-seasoned and kiln-dried, are utilized throughout in the construction of the Damascus Grand Rotary cabinets. The woodwork is finished in an attractive golden oak color. The surface is treated with a hand-rubbed piano finish, which brings out the natural grain of the wood, producing a magnificent piece of woodwork that even the most critical will be proud to have in their home.

Built-up stock is used extensively in the making of the Damascus Grand Rotary. This method of construction is used in the manufacture of the highest grade pianos and furniture, as it insures against warping, cracking, or splitting. The individual layers of wood are glued together in such a manner that the grain of one piece runs crosswise to that of the layer above.

We have just added a number of entire new designs, and our selection of sewing machines today is without a doubt the most complete ever offered by anyone.

All designs illustrated in this Catalogue are controlled by us exclusively.

Automatic Head Lifting Device

Every Damascus Machine is equipped with a Lifting Device, which automatically raises or lowers the machine head. As the folding leaf is opened, the head is raised. When the leaf is lowered, the sewing head automatically disappears into the body of the machine table. No springs are used in the operation, and the device cannot easily get out of order.

The Sewing Arm

The Sewing Arm of the Damascus Grand Rotary is full size, extra high, neat and symmetrical in design, and massive in construction. It affords ample working space underneath the arm for convenient handling of even the bulkiest materials.

Height, from bed plate to underside of Arm, 5¼ inches. Distance from needle point to base of arm, 8½ inches. Size of bed plate, 7¼x15 inches.

The Sewing Arm is made of the highest quality of gray iron, ground and polished smoothly, and covered with three coats of black lustre enamel. Each coat is baked on separately, and rubbed down by hand. The arm is then decorated tastefully with a design worked out in gold and colors, and covered with a final coat of high grade, hard, transparent varnish. The latter is baked on at a high temperature, producing a smooth and glossy surface, that will resist wear for years, will not check or peel off. The bright parts of the Sewing Head, such as face plate, needle plate, shuttle slide, rim of hand wheel, etc., are heavily nickel plated.

All working parts are made of the highest grade of tool steel, carefully hardened in oil, and nickel plated to prevent rusting. All bearings are carefully adjusted, and properly tempered to minimize friction.

The Hand Wheel is perfectly balanced, and equipped with a friction clutch, or brake button, operated by a knurled nut at the end of the main shaft. A half turn of this nut releases the hand wheel from the sewing mechanism, enabling the operator to wind the bobbin while the sewing parts of the machine stand still.

The Damascus Rotary Sewing Head is fitted with two spool pins. This is a most desirable feature, which makes it unnecessary to remove the spool with which the machine is threaded, when it becomes necessary to wind the bobbin. The spool pin used for winding bobbins is fitted with a guard, making it impossible for the spool to "jump" the pin.

The Needle Bar is round, smoothly polished, and carefully hardened. The round shape of bar insures uniform wear at all points, and perfect lubrication. It is equally rigid in every direction, and covered on the upper end by a stationary nickel plated screw cap, so that when the machine is running, the up and down motion of the needle bar is invisible. It also protects the working mechanism from dust and dirt.

The Needle is short, and sharp pointed, and does not bend or break easily. It is absolutely self-setting, being made with an enlarged shank flattened on one side, which fits in a corresponding opening of the needle clamp.

The Presser Bar is automatic in action, being controlled by two springs (covered by a nickel plated steel cap), and adjusts itself instantaneously to any kind of material, holding it firmly in place and insuring proper feeding.

The Improved Presser Foot is so constructed that you can feed over the thickest seams with ease.

The Roller-Bearing Feed, a very essential part of the sewing head, is of the four-motion drop type. Positive in action under all circumstances, being controlled by levers connected to the main shaft. It is the most reliable feed that has ever been applied to a sewing machine, and will feed with certainty all classes of work.

The feed point is triple, a row of teeth extending not only on each side of the needle, but back of the needle as well, thus assuring positive feeding when using attachments.

The Take-Up is positive and automatic in action, being operated by a cam on the main shaft of the machine, and will control perfectly any kind or size of thread, either silk, cotton, or linen. The positive movement of the take-up insures a perfect, even stitch at all times.

The Bobbin Case is made of the finest tool steel. The bobbin, which carries the thread, is of ample size, made of polished steel, and when placed in bobbin case runs easily and smoothly.

The Automatic Bobbin Winder is simple and strong. It is fitted with a throw-off device, which acts automatically when the proper amount of thread has been wound on the bobbin, preventing the overwinding of bobbins, and the trouble caused thereby.

The Stitch Regulator is located on the bed plate at the base of Sewing Arm. It is provided with an indicator for regulating the length of the stitch. Indicator automatically locks itself at all points, doing away with screws and lever used for locking on other machines.

The Ball-Bearing Stand of the Damascus Grand Rotary is attractive in design, strong in construction, easy and quiet in operation. Made of the finest quality of gray iron, well braced, finished in black enamel, and fitted with easy-rolling casters.

The Fly Wheel is made extra heavy, and fitted with improved, noiseless Ball Bearings, causing the machine to run easily. The balls are encased in accurately ground steel cones, where they revolve independently of each other.

The Pitman is made of polished steel, with ball and socket non-binding bearings.

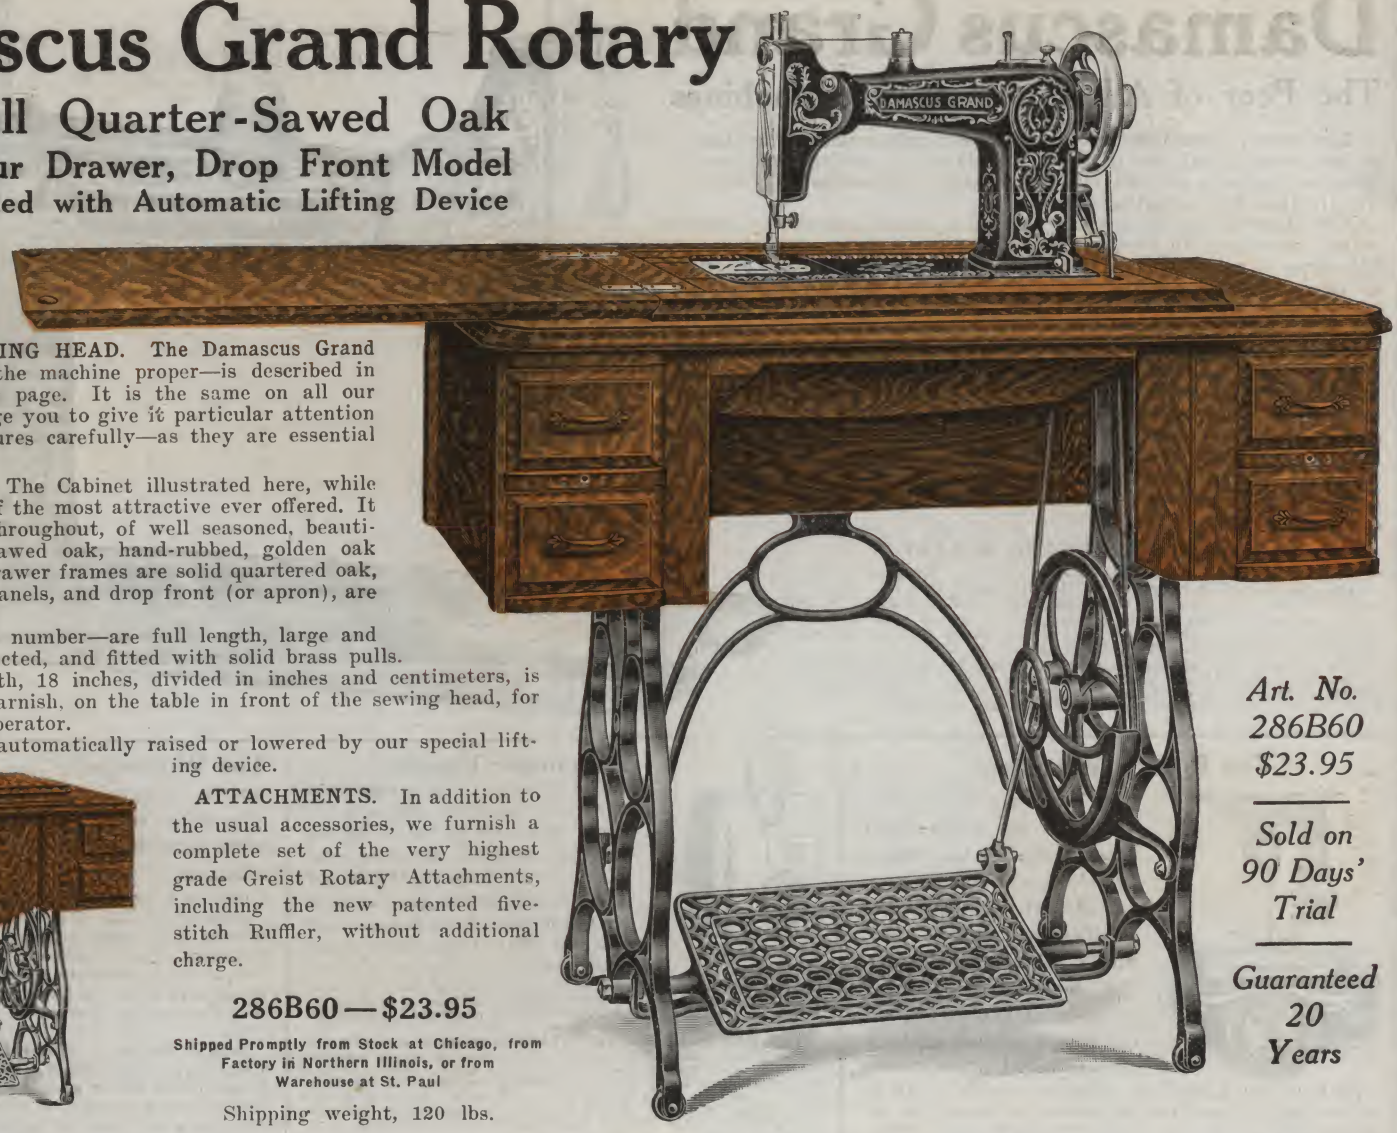
The Treadle is a broad pattern, strongly constructed. It is accurately balanced, being hung on adjustable steel bearings.

A belt-retaining Dress Guard is also provided, which prevents the machine from becoming unbelted when it is closed.

Attachments—In addition to the usual accessories, which include 12 needles, 6 bobbins, thread cutter, screw driver, gauge, filled oil can, and illustrated Instruction Book, we furnish, without extra charge, a complete set of the highest grade Greist Attachments, as follows: Ruffler, tucker, braider, 5 hemmers, special foot, under braider, and shirring slide.

We further include with all Rotary Machines the new patented 5-stitch ruffler. It is one of the most perfect working attachments ever invented. Ordinary narrow ruffling, or the wide ruffle or plait and piping can be made with this attachment.

Send us your name, we will send you our Grocery List every 60 days



Damascus Grand Rotary

Full Quarter-Sawed Oak

Four Drawer, Drop Front Model

Fitted with Automatic Lifting Device

$23.95

THE ROTARY SEWING HEAD. The Damascus Grand Rotary Sewing Head—the machine proper—is described in detail on the preceding page. It is the same on all our Rotary Models. We urge you to give it particular attention—study its strong features carefully—as they are essential to good sewing.

THE WOODWORK. The Cabinet illustrated here, while plain in design, is one of the most attractive ever offered. It is substantially built throughout, of well seasoned, beautifully figured, quarter-sawed oak, hand-rubbed, golden oak finish. The table and drawer frames are solid quartered oak, while the top lid, side panels, and drop front (or apron), are made of built-up stock.

The drawers—four in number—are full length, large and roomy, strongly constructed, and fitted with solid brass pulls.

A tape measure, length, 18 inches, divided in inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

The Sewing Head is automatically raised or lowered by our special lifting device.

ATTACHMENTS. In addition to the usual accessories, we furnish a complete set of the very highest grade Greist Rotary Attachments, including the new patented five-stitch Ruffler, without additional charge.

Damascus Grand Rotary

Genuine Quarter-Sawed Oak

Six Drawer, Drop Front Model

Fitted with Automatic Lifting Device

$25.95

THE ROTARY SEWING HEAD is described in detail on the preceding page.

THE WOODWORK—Only the choicest grades of cross-banded, quarter-sawed oak are utilized in the construction of the woodwork. The table, top lid, drawer front, panels, and drop front (or apron), are made of built-up quarter-sawed oak; and the drawer frames, pilasters and brackets are of solid quartered oak. The surface is treated with a hand-rubbed, mirror finish, in golden oak color. The carved ornamentations on the drop front, top of pilasters and sides of drawer frame, greatly add to the appearance of the cabinet.

Two secret top drawers are a novel feature of this Cabinet. To all appearances there are but four drawers, two on each side. The two upper drawers form part of the ornamentation of the drawer frame, and can be opened only by pressing a secret spring, which is located on the outside of the frame. Although comparatively shallow, they can be utilized for keeping accessories and other small articles that you wish to conceal from meddlesome fingers.

The four side-drawers are large size, strongly constructed, and fitted with solid brass bar pulls.

A tape measure, length 18 inches, divided in inches and centimeters, is transferred under the varnish, on the table in front of the sewing head, for convenient use of the operator.

The Sewing Head is automatically raised or lowered by a special lifting device.

ATTACHMENTS—In addition to the usual accessories, we furnish, without additional charge, a complete set of the very highest grade Greist Rotary Attachments, including the new patented five-stitch Ruffler.

Damascus Grand Rotary

Highest Grade Quarter-Sawed Oak Six Drawer, Drop Front Model

Equipped with Automatic Lifting Device

$27.95

The Rotary Sewing Head

The Damascus Grand Rotary Sewing Head—the machine proper—is described in detail on the preceding page. The head is identically the same on all our Rotary Models. We urge you to give it particular attention, study its strong features carefully, as they are essential to good sewing.

The Woodwork

Our latest model—a masterpiece of the wood craftsman's art.

While this illustration is a photographic reproduction of the machine, it does not do justice to the beauty and elegance of the design. If you could see the machine, you would readily agree that it is one of the finest specimens of woodwork ever offered by anyone.

The cabinet is constructed throughout of the choicest grades of built-up quarter-sawed oak, beautifully figured, and treated with a hand-rubbed mirror finish, golden oak color.

The six side drawers are extra large and roomy, substsantially constructed, and fitted with fancy brass pulls.

If you desire the best sewing head that money can buy, mounted on a cabinet that will harmonize with the highest grade furniture made, then order this model on 90 days' trial. We will cheerfully abide by your decision.

A tape measure, length, 18 inches, divided in inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for the convenient use of the operator.

The Sewing Head is automatically raised or lowered by a special lifting device.

Attachments

In addition to the usual accessories, we furnish a complete set of the very highest grade Greist Rotary Attachments, including the new patented 5-stitch ruffler without additional charge.

Damascus Grand Rotary

Highest Grade Parlor Cabinet Sewing Machine $28.95

In order to supply the demand for a Parlor Cabinet of the very highest grade, equipped with best sewing head that money can buy, we offer the Damascus Grand Rotary Machine, illustrated here. No matter how much money you are asked to pay elsewhere, you cannot buy a parlor cabinet style sewing machine of quality, workmanship, or finish superior to this. The Damascus Grand Rotary—the king of all sewing machines—is fully described on a preceding page.

THE WOODWORK. The cabinet is constructed throughout of the choicest grade of cross-banded, matched, quarter-sawed oak, beautifully finished in a rich golden oak color, hand-rubbed piano finish. The table, door, frame, drawer, and pockets (for accessories, etc.) are constructed of solid stock. The balance of the woodwork is made of built up stock. The design is one of the most artistic and refined ever brought out. The cabinet is fitted with a single, full width door, with sunken center panel, ornamented with carved moulding. The sides are made to match front of cabinet. Sides are trimmed with heavy, square shaped pillars. Inside of door is fitted with large quartered oak box, with three pockets and one drawer for holding attachments, patterns, etc.

Dimensions of cabinet closed are as follows: Width, 23¾ inches. Depth, 17¾ inches. Height, 29½ inches.

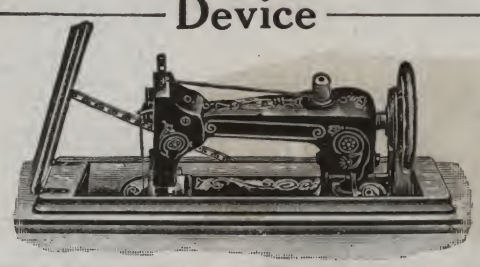
A tape measure, length, 18 inches, divided in inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for the convenient use of the operator.

THE DRIVE WHEEL runs on improved noiseless ball-bearings. The castings are securely anchored to the woodwork, and will not become shaky. There is practically no vibration when the machine is running.

THE TREADLE is accurately balanced, mounted on adjustable steel centers. The frame is securely bolted to bottom of cabinet. Ample space is provided for the knees of the operator while sewing.

Attachments

In addition to the usual accessories, we furnish, without additional charge, a complete set of the very highest grade Greist Rotary Attachments, including the new patented 5-stitch ruffler.



286B63—Price . . . $28.95

Shipment

Shipped promptly from stock at Chicago, from factory in Northern Illinois, or from warehouse at St. Paul.

Shipping weight, 130 lbs.

Automatic Chain Lifting Device

The Damascus Grand Rotary Machine is fitted with an automatic lifting device. This desirable attachment automatically places the sewing head in position whenever the top lid is lifted. When the lid is closed, the head drops into the cabinet.

DAMASCUS

Highest Grade Vibrating Shuttle Sewing Machine

The Damascus Sewing Machine, illustrated here and on the following pages, represents the highest achievement in the manufacture of vibrating shuttle machines. No matter what price you pay elsewhere, you cannot buy a better constructed, or more durable machine.

Our Damascus Model is the equal, in every respect, of machines sold by agents for $40.00 to $60.00. It is—with the exception of the Damascus Grand Rotary Model—the easiest working machine that we know of. No expense has been spared to construct the Damascus as nearly mechanically perfect as is possible. Every part entering into the construction is tested and gauged, and fits perfectly. All parts are interchangeable. You will always be able to secure extra parts should you require them.

EASY TO OPERATE—You do not have to be an expert to use a Damascus. It is easy to operate. We furnish a complete Book of Instructions, which explains every operation, and tells you how to use the different attachments.

LOCK-STITCH TYPE—The Damascus makes the popular lock-stitch, formed from double threads. The upper thread feeds from the needle, and the lower one from the bobbin, enclosed in the shuttle.

The Simplicity of Construction

Of our Damascus Model is a most important feature. The more complicated the mechanism, the greater the likelihood of the machine getting out of order. Every machine we send out is carefully inspected and tested by experts. It is not necessary for you to adjust or regulate the Damascus in any way.

In selecting your sewing machine, you should pay particular attention to the sewing head, as it is the part which does your work. The selection of the cabinet is a matter of taste, and of secondary consideration.

We urge you to read our description of the Damascus Vibrating Sewing Head carefully, and call your special attention to the exclusive feature of the Damascus—the **Automatic tension**, which is fully described on a preceding page in connection with the Damascus Grand Rotary Machine.

THE SEWING ARM of the Damascus is full size, extra high, neat and symmetrical in design, and massive in construction. It affords ample working space underneath the arm for convenient handling of even the bulkiest materials. Height, from bed plate to underside of arm, 5¼ inches. Distance from needle point to base of arm, 8½ inches. Size of bed plate, 7¼x15 inches.

The Sewing Arm is made of the highest quality of gray iron, ground and polished smoothly, and covered with three coats of black luster enamel. Each coat is baked on separately, and rubbed down by hand. The arm is then decorated tastefully with a design worked out in gold and colors, and covered with a final coat of high grade, hard transparent varnish. The latter is baked on at a high temperature, producing a smooth and glossy surface that will resist wear for years, and will not check and peel off.

All working parts are made of the highest grade tool steel, carefully hardened in oil and nickel plated, to prevent rusting. All bearings are carefully adjusted and properly tempered, to minimize friction.

THE NEEDLE BAR is round, smoothly polished, and carefully hardened. The round shape of bar insures uniform wear at all points, and perfect lubrication. It is equally rigid in every direction, and covered on the upper end by a stationary nickel plated screw cap, so that when the machine is running, the up and down motion of the needle bar is invisible. It also protects the working mechanism from dust and dirt.

THE NEEDLE is short and sharp pointed, and does not bend or break easily. It is self-setting, being made with an enlarged shank flattened on one side, which fits in a corresponding opening of the needle clamp.

THE PRESSER BAR is automatic in action, being controlled by two springs (covered by a nickel plated steel cap), and adjusts itself instantaneously to any kind of material, holding it firmly in place and insuring proper feeding.

The Improved Presser Foot is so constructed that you can feed over the thickest seams with ease, yet it will not pucker or mar the finest silk or chiffon. Both prongs extend an equal distance from the needle, as does the roller-bearing feed.

THE ROLLER-BEARING FEED is a very essential part of the sewing head. It is the four-motion drop type. Positive in action under all circumstances, as no springs govern its movement. Controlled by levers connected to the main shaft. The most reliable feed ever applied to a sewing machine, and will feed with certainty all classes of work.

The feed point is double, a row of teeth extending on each side of the needle, assuring positive feeding when using attachments.

THE TAKE-UP is positive and automatic in its action, being operated directly by a cam on the main shaft of the machine. It will control perfectly any kind or size of thread, either silk, cotton, or linen. The positive movement of the take-up insures a perfect, even stitch at all times.

The Shuttle is large size. It is cylindrical in shape, made of the finest quality tool steel, nickel plated. Fitted with an adjustable steel spring, for regulating the lower tension. Is positively self-threading.

THE STITCH REGULATOR, controlling the length of the stitch, is operated by a thumb screw sliding in the bed of the machine, near the base of the arm. It is provided with an indicator, to show the length of the stitch being made.

THE AUTOMATIC BOBBIN WINDER, with cam-driven guide, winds the bobbin perfectly and evenly.

THE WOODWORK—The same high standard of quality maintained throughout in the construction of the sewing parts, applies also to the woodwork furnished with the Damascus Machines.

Only the choicest grades of carefully selected quarter-sawed oak, air-seasoned and kiln-dried, are utilized throughout in the construction of the Damascus cabinets. The surface is finished in an attractive golden oak color. It is treated with a hand-rubbed piano finish, which brings out the beautiful natural grain of the wood, producing a magnificent piece of woodwork that even the most critical will be proud to have in their home. Built-up stock is used extensively in the making of the Damascus. This method of construction is used in the manufacture of the highest grade pianos and furniture, as it insures against warping, cracking, or splitting. The individual layers of wood are glued together in such a manner that the grain of one piece runs crosswise to that of the layer above.

THE BALL-BEARING STAND of the Damascus is attractive in design, strong in construction, easy and quiet in operation. Made of the finest quality of gray iron, well braced. Finished in black enamel. Fitted with easy-rolling casters.

THE FLY WHEEL is made extra heavy, and fitted with improved, noiseless ball-bearings, causing the machine to run easily. The balls are encased in accurately ground steel cones, where they revolve independently of each other.

The Pitman is of polished steel with ball and socket, non-binding bearings.

The treadle is of a broad pattern, strongly constructed, accurately balanced, hung on adjustable steel bearings.

A belt-retaining dress guard is also provided, which prevents the machine from becoming unbelted when it is closed.

ATTACHMENTS. In addition to the usual accessories, which include 12 needles, 6 bobbins, thread cutter, screw driver, gauge, filled oil can, and an illustrated Instruction Book, we furnish without extra charge, a complete set of the highest grade Greist Attachments, as follows: Ruffler, tucker, braider, 5 hemmers, special foot, under braider, and shirring slide.

DAMASCUS

Five or Seven Drawer Sewing Machine
Full Quarter-Sawed Oak Cabinet
Fitted with Automatic Lifting Device

$18.45

The Damascus Vibrating Shuttle Sewing Head is fully described above. It is identically the same on all Damascus Models.

The Woodwork

The cabinet—one of our latest models—is constructed throughout of cross-banded, quarter-sawed oak. The table, top lid, side drawers, and apron are constructed of built-up stock; and the drawer frames, drawer fronts and brackets are of solid oak. The surface is treated with a hand-rubbed mirror finish, in golden oak color. The design is most attractive. The table and folding leaf have scalloped edges. The drawer fronts are slightly curved, and ornamented with raised designs.

The cabinet is fitted with strongly constructed drawers; two or three large drawers on each side, and a center drawer, which swings on a pivot. They are fitted with carved wood pulls.

A tape measure, length, 18 inches, divided in inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

A most desirable feature is the Lifting Device, which automatically raises or lowers the sewing head whenever the top lid is opened or closed.

ATTACHMENTS

With every Damascus Model we furnish—without additional charge—the usual accessories, and a full set of the very highest grade Greist Attachments.

$19.65

THE SEWING HEAD. The Damascus Vibrating Shuttle Sewing Head is described in detail on a preceding page.

THE WOODWORK. The cabinet illustrated here has been a favorite with our customers for a number of years. It is not only one of the best values we offer, but the design of the woodwork is so tasteful and out of the ordinary, that it appeals particularly to those who appreciate fine cabinet work in a sewing machine.

Like all Damascus Cabinets, it is substantially constructed throughout, of beautifully figured quarter-sawed oak, treated with a hand-rubbed piano finish, in golden oak color. The table, folding leaf, side panels, and apron are constructed of built-up stock, and the balance of the woodwork is solid quartered oak.

The ends of the table are rounded and finished in a pretty scroll pattern. The side panels are gracefully curved. They are strongly built, will not check or split. The front of apron and drawer frames are ornamented with tasteful carvings.

Six side drawers are provided—four extra large, and two smaller ones—all strongly constructed, fitted with carved wood pulls. One of the drawers is fitted with a spool and pin tray—a convenient and most desirable attachment.

The Sewing Head is automatically raised or lowered by a special lifting device.

ATTACHMENTS—With every Damascus Model we furnish—without additional charge—the usual accessories, and a full set of the very highest grade Greist Attachments.

DAMASCUS

Genuine Quarter-Sawed Oak — Seven Drawer Sewing Machine — Equipped with Automatic Lifting Device

$20.95

THE SEWING HEAD. The Damascus Vibrating Shuttle Sewing Head is fully described on a preceding page. It is identically the same on all Damascus Models. Before you select your machine, be sure to study the important features of the sewing head; the selection of the woodwork is purely a matter of choice.

THE WOODWORK. The cabinet is massive in construction, substantially built of the choicest grades of beautifully figured quarter-sawed oak, hand-rubbed piano finish, golden oak color. The table folding leaf, and stationary drum, are made of built-up stock, and the balance of the woodwork is solid quarter-sawed oak. The design is most artistic—it is one of the most beautiful cabinets we offer.

Seven exceptionally strong constructed drawers are provided. The four extra large and roomy side drawers have slightly curved fronts. The center top drawer swings on a pivot. All are fitted with fancy solid brass pulls.

A tape measure, 18 inches long, divided in inches and centimeters, is transferred under the varnish, on the table in front of the sewing head, for convenient use of the operator.

A most desirable feature is the lifting device, which automatically raises or lowers the sewing head whenever the top lid is opened or closed. The sewing head is protected from dust by a stationary drum.

ATTACHMENTS—With every Damascus Model we furnish, without additional charge, the usual accessories, and a full set of the very highest grade Greist Attachments.

Art. No. 286B70 $22.35

Sold on 90 Days' Trial

THE SEWING HEAD. The Damascus Vibrating Shuttle Sewing Head is fully described on preceding page. It is identically the same on all Damascus Models. Before you select your machine, be sure to study the important features of the sewing head; the selection of the woodwork is purely a matter of choice.

THE WOODWORK. Our latest model, a truly magnificent set of woodwork that must be seen to be appreciated. We will be glad to send it to your home under the liberal terms of our trial offer, which does not obligate you in any way.

The entire cabinet is constructed of built-up stock. On a preceding page we have explained this method of construction. It insures against warping, splitting and checking. Only the choicest grades of beautifully figured quarter-sawed oak enter into the construction of the woodwork. The outer surface is treated with a hand-rubbed piano finish, in a rich golden oak color.

The six drawers are exceptionally strong, large, and roomy, fitted with solid brass bar pulls.

The drop front and drawer frames are ornamented with carvings.

A tape measure, length, 18 inches, divided into inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

A most desirable feature is the lifting device, which automatically raises or lowers the sewing head whenever the top lid is opened or closed.

DAMASCUS

Full Quartered Oak Parlor Cabinet

$23.95

If you desire the highest grade shuttle machine, mounted on a choice parlor cabinet, you will find the machine illustrated here an unusual combination of quality and attractiveness. It is a cabinet that will readily harmonize with the most select furniture. Is so constructed that it will insure perfect comfort when sewing.

The Damascus Vibrating Shuttle Sewing Head is fully described on a preceding page.

The Woodwork. This cabinet is one of the most beautiful—both in design and finish—we have ever offered. It is a two-door, compact, full quarter-sawed oak cabinet, equipped with chain and lever automatic lifting device.

The door panels, sides and top lid of cabinet are constructed of built-up stock, the balance of the woodwork is of solid quarter-sawed oak.

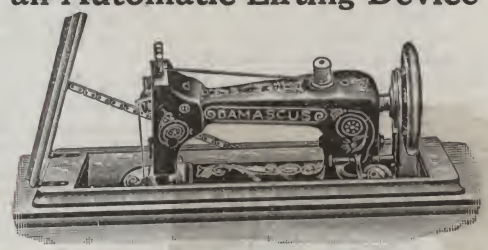
The two-corner pilaster and the overlapping molding where the doors meet are ornamented with a beaded carving. There is a handsomely designed embossed ornament in the center of each panel as well as on the top rail of each door. On the inner side of each door is a pocket for holding attachments and accessories. The sides and back of cabinet are of a panel design.

The cabinet is finished in a dark golden oak rubbed piano finish. The top lid is particularly highly polished.

A tape measure, length, 18 inches, divided into inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

The drive wheel runs on improved, noiseless ball-bearings. The castings are all securely anchored to the woodwork, and will not become shaky. There is practically no vibration while the machine is in operation.

The treadle is accurately balanced, hung on adjustable steel centers. Ample space is provided for the knees of the operator while sewing.



Attachments—With every Damascus Model we furnish, without additional charge, the usual accessories, and a full set of the very highest grade Greist Attachments, described on another page.

Shipping weight, 150 pounds.

286B71 — $23.95

Shipped promptly from stock at Chicago, from factory in Northern Illinois, or from warehouse at St. Paul.

This Cabinet is fitted with an Automatic Lifting Device

The Damascus Vibrating Shuttle Parlor Cabinet Machine is fitted with an automatic lifting device. This convenient attachment automatically places the sewing head in position whenever the top lid is lifted. When the lid is closed, the head drops down into the cabinet. There is no extra charge for this attachment.

The WINDSOR "B"

Vibrating Shuttle

High Arm Sewing Machine

We take more than usual pride in offering to our customers our Windsor "B" Machine, as it represents a most unusual combination of quality, high efficiency and low price.

For more than 30 years the Windsor (M. W. & Co. Improved High Arm) has been one of our most popular sellers. It has always been a quality machine, built for satisfaction, offered at the lowest possible price.

Our Windsor "B" Model is built along the same lines. We have added several new and desirable features which will strongly appeal to those who have operated a sewing machine.

If you are looking for a medium-priced machine, equipped with the most modern improvements, you cannot make a better choice than the Windsor "B." **A strictly high grade,** easy-running machine, equal in every way to those offered by agents for $30.00 or more.

Read our description carefully. Note the desirable features of this model. Then make comparisons with machines offered elsewhere at considerably higher prices, and you will readily see why it is to your advantage to place your order with us.

In comparing prices, please bear in mind that our price includes not only the usual accessories, but a full set of high grade Greist Attachments as well; also, that most of our cabinets are equipped with an automatic lifting device—a most convenient feature.

What the heart is to the human body, the head is to the Sewing Machine. It is that part of the machine which produces the work. Unless it is properly constructed, and the working parts are of superior quality, carefully made and properly adjusted, you have an inferior machine, no matter how attractive it may be in appearance, or how strongly recommended.

THE SEWING ARM is extra high and massive in construction and, by reducing the vibration to a minimum, causes the machine to run steadily. Ample working space is provided (5½x8 inches) which insures easy handling of bulky materials. The bed plate measures 6¾x14½ inches. The arm is finished with three coats of baked-on black enamel, tastefully decorated. It is covered with a final coat of high grade varnish, producing a smooth, brilliant surface, that will not check. All bright parts of the machine (rim of hand wheel, face plate, etc.) are heavily nickel-plated, to prevent rusting.

THE DISC TENSION is of the latest improved type, and can be quickly and easily adjusted.

THE AUTOMATIC TENSION RELEASE is a most convenient and desirable feature. By raising the presser foot, the tension on the thread is released automatically, and you can draw the work from under the presser foot without breaking the threads or damaging the needle.

THE TAKE-UP is positive. It is operated by a cam on the main shaft. No springs are used in its construction and operation. It controls the thread perfectly on all classes of work, and insures even and perfect stitches.

THE NEEDLE BAR is round in shape. Made of the highest grade tool steel, properly tempered. Fits perfectly. It is positive in action. There are no springs to weaken, or cause trouble.

THE NEEDLES are self-setting. The shank is flattened on one side and fits snugly into a groove in the needle bar.

THE PRESSER BAR is round. It is fitted with a cap-covered spring, and is quickly and easily adjustable to different thicknesses of materials.

THE PRESSER FOOT extends on both sides of the needle. It holds the goods firmly in place.

THE FEED is positive in action, being operated and controlled by the main shaft. Cannot get out of order, as no springs are used.

THE SHUTTLE is of large size. Cylindrical in shape, made of the finest quality tool steel, nickel plated. Fitted with an adjustable steel spring, for regulating the lower tension. Is positively self-threading.

THE SHUTTLE CARRIER is fitted with a spring steel lining, which counterbalances the weight of the shuttle, holding it firmly in place while the machine is in operation, and preventing it from rattling.

THE BOBBIN WINDER is automatic in action, and insures a perfectly wound bobbin at all times.

THE STITCH REGULATOR, controlling the length of the stitch, is operated by a thumb screw sliding in the base of the arm. With it the machine can be adjusted to make from seven to twenty-six stitches to the inch. It is provided with an indicator, to show the length of the stitch being made.

THE STAND is made of cast iron, well braced, of pleasing design, black enameled, and fitted with easy-rolling casters. The Drive Wheel is made extra heavy, and is fitted with improved noiseless Ball Bearings, causing the machine to run easily. It is equipped with belt-retaining guard, which prevents the machine from becoming unbelted when it is closed.

THE TREADLE is of a broad pattern, strongly constructed, hung on adjustable steel bearings.

EVERY WORKING PART of the Windsor Model "B" is mechanically perfect. Only the very best materials are used in construction. All bearing surfaces are carefully hardened to prevent wear.

ATTACHMENTS—With each Windsor Machine we furnish a complete set of Greist Attachments, as well as the usual accessories. You find both illustrated on another page. An Instruction Book comes with each machine, telling in plain language how to use the machine and attachments.

A Striking Value

WINDSOR "B"

Five Drawer Sewing Machine

$16.45

Our Windsor Leader, equipped with the New Model "B" Sewing Head, represents a fair example of the exceptional values we offer in Sewing Machines. At our extremely low price, everyone can afford to own a truly high grade, easy-running machine, equipped with modern improvements. We want you to compare this machine with those offered by competitors at similar prices. You will readily see what a splendid value we offer.

OUR 90 DAYS' TRIAL OFFER gives you a splendid opportunity to investigate every claim we make for this machine, without any obligation on your part. Let us send you one of the Windsor Model "B" machines. You will be delighted with the work it does, and wonder how we can afford to sell it to you at our price.

THE SEWING HEAD is described in detail at the top of page.

THE WOODWORK is of a pleasing design. It is well made, of genuine oak, nicely finished in golden oak. The five large drawers are well constructed, have medium oval fronts, and fancy brass pulls. The

Drawer Frames are substantially built, with the side pieces mortised in and secured to the side of the legs with iron clamps. The Folding Top is made of heavy **quarter sawed oak veneer,** and does not warp.

A tape measure, length, 18 inches, divided into inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

ATTACHMENTS—In addition to the usual accessories, we furnish with every Windsor "B" machine a full set of genuine Greist Attachments, without additional charge.

Windsor "B" Machine

Genuine Quarter-Sawed Oak — Six Drawer — Drop Front Model—Equipped with Automatic Lifting Device

$17.95

We take particular pride in offering this truly high grade Cabinet, equipped with our new Windsor "B" Head.

The Sewing Head

or machine proper, is fully described on a preceding page. Please remember that the Sewing Head does the work, hence it is to your advantage to read our description carefully.

The Woodwork

The Cabinet is of an attractive design, that will please the most critical. It is substantially built throughout of beautifully figured quarter-sawed oak, hand-rubbed piano finish, golden oak color. The top lid and drop front are constructed of built-up stock. The latter is slightly curved, and ornamented with carved designs.

The drawers, six in number, are strongly made of quarter-sawed oak, and extend the full depth of the cabinet. The drawer fronts are slightly curved, and fitted with carved wood pulls.

A tape measure, length, 18 inches, divided into inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

This cabinet is equipped with the automatic Lifting Device which raises or lowers the sewing head whenever the folding leaf is opened or closed.

Attachments

In addition to the usual accessories, we furnish, with every Windsor "B" Machine, a full set of genuine Greist Attachments, without additional charge.

Windsor "B" Machine

Full Quarter-Sawed Oak—Four and Six Drawer—Drop Front Model—Fitted with Automatic Lifting Device

$18.95

The Sewing Head

The Windsor "B" Vibrating Shuttle Sewing Head is fully described on the preceding page.

The Woodwork

The cabinet illustrated here is our very latest design. It is one of the most attractive patterns ever brought out, and will strongly appeal to true lovers of high grade furniture. The crescent style, gracefully curved drawers are most pleasing to the eye. Only the choicest pieces of beautifully figured quarter-sawed oak, finished in a rich dark golden oak color, are used in the construction. The table (with curved front), table frame, drawer frame, and head frame, are made of solid stock. The top lid is constructed of 5-ply, built-up stock, with quarter-sawed oak veneer on the inside and outside. The drawers and drop front, or apron, are also of built-up stock, veneered with quartered oak on the outside. The drop front is decorated with an embossed border. The drawers are exceptionally large and roomy, strongly constructed, and fitted with solid brass pulls.

A tape measure, length, 18 inches, divided into inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

This cabinet is equipped with the automatic lifting device, which raises or lowers the sewing head whenever the folding leaf is opened or closed.

WINDSOR B

Parlor Cabinet Machine

Quartered Oak Cabinet **$20.75** **Automatic Lifting Device**

The Parlor Cabinet, illustrated here, is one of the most attractive, in design, we have to offer. The exceedingly low price we ask for this full quarter-sawed oak cabinet, fitted with our high grade Windsor B Sewing Head, will be hard to duplicate anywhere.

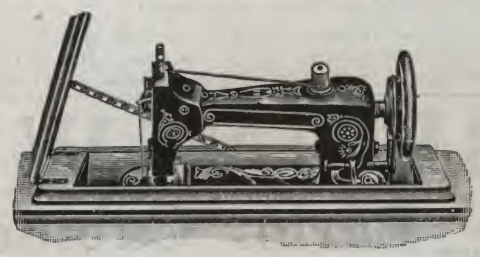
Parlor cabinet style sewing machines are very desirable. They not only offer better protection for the sewing head, but when closed do not resemble a sewing machine, and can be used as a desk. The quality, workmanship and finish of our Windsor Cabinet is equal to that of high grade furniture.

The Windsor B **Sewing Head** is described in detail on a preceding page.

THE WOODWORK. The entire cabinet is constructed of beautifully figured, quarter-sawed oak, finished in an attractive, golden oak color, hand-rubbed finish. The top lid, front, and side panels are constructed of built-up quartered oak, and the balance of the woodwork is solid stock. The door and side panels are ornamented with attractive carvings. A quartered oak pocket for holding attachments, etc., is fitted to the inside of door.

A Tape measure, length, 18 inches, divided in inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

The Drive wheel runs on improved, noiseless ball bearings. The treadle is accurately balanced, mounted on adjustable steel centers. All castings are securely anchored to the woodwork, and will not become shaky. There is practically no vibration while machine is in operation. Ample space is provided for the knees of operator while sewing.



ATTACHMENTS. In addition to the usual accessories, we furnish a complete set of high grade Greist Attachments (described on another page), without additional charge. Please bear this in mind when comparing prices.

286B79 ..... **$20.75**

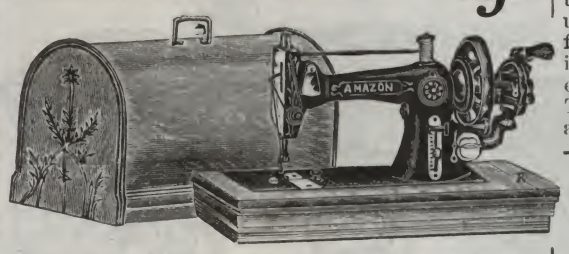
Shipped promptly from stock at Chicago, from factory in Northern Illinois, or from warehouse at St. Paul.

Shipping weight, 140 lbs.

Fitted with Automatic Lifting Device

The Windsor Parlor Cabinet Machine is fitted with an automatic lifting device. This convenient attachment automatically places the sewing head in position whenever the top lid is lifted. When the lid is closed, the head drops down into the cabinet. There is no extra charge for this attachment.

Juvenile Chain Stitch Sewing Machine



For Little Women

The Machine illustrated here is a perfect miniature Sewing Machine that within its limitations will sew satisfactorily and well. The dimensions are as follows: Base, 5¾ x 3¼ inches; height of arm, 4½ inches; length of arm, 4¾ inches. It is finished in black enamel with handsome decorations done in three colors. **It makes the Elastic Chain Stitch, which may, if it is desired, be instantly unraveled.** It uses but one thread; it has **No Shuttle.** It is adjusted to one size of stitch and to one set degree of tension. It is equipped with two **Self-setting** needles, one cloth guide, one enameled clamp and screw for fastening machine to table. Packed in substantial wood box with **Handy Sliding Cover.** Weight, ready for shipment, 6½ pounds.

S6B92—Juvenile Sewing Machine, as described above. Each..... **$2.75**

Amazon Hand Sewing Machine **$9.75**

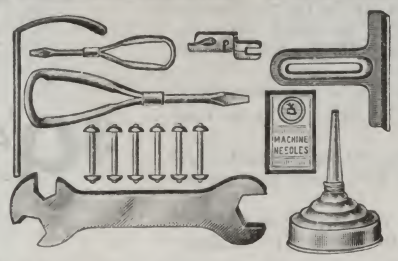
The Hand Sewing Machine is intended for those who for various reasons are unable to use a foot power machine, also for convenience in moving from place to place. Our machine is one of the best made, constructed of the finest materials and well finished. It has a high arm, is fitted with modern improvements, including automatic bobbin winder, self-setting needle and self-threading cylinder shuttle. The mechanical construction of this machine is similar to our regular foot power Windsor B quoted on another page, to which please refer for detailed description. **It is fitted and geared for running by hand power and makes three stitches with one revolution of handle.**

186B91—Amazon Hand Sewing Machine as described above, fitted with wood base and bent oak cover, complete with attachments. Shipping weight, 40 pounds. Each **$9.75**

Sewing Machine Supplies and Repairs

We can furnish extra parts and supplies for not only every sewing machine we have sold in the past, but for any other make, provided it is still being manufactured.

In ordering parts for any one of our machines, it is absolutely necessary for us to have the name and number of the machine. By number we mean not only the number of the article in our catalogue, but also the machine number. The latter you will find on your guarantee, also underneath the front shuttle slide of all vibrating shuttle machines or on the base of the sewing arm of our rotary models.



In the instruction book, which we furnish with all of our machines, you will find complete lists of the various parts and their prices.

When ordering repair parts for machines other than ours, we require the name of the machine and sample of the broken parts. You will find our charges to be very reasonable and much lower than those made by agents.

Sewing Machine Needles

No machine can do good work unless you use the proper needle. There is no such thing as a universal needle. If you do not use a needle **made for your machine,** the machine **cannot** do good sewing. Our needles are of the highest quality, properly tempered and pointed, and of superior finish. They are especially made for the machines they are to be used with.

Accessories FREE!

With every one of our machines we supply the following accessories free of charge: Twelve assorted needles; six bobbins; one large nickel-plated screw driver; one small nickel-plated screw driver; one quilter; one cloth guide; one wrench; one hemmer foot; filled oil can; and complete Book of Instructions.

Montgomery Ward & Co. Needles

All vibrating shuttle machines bought from us since 1890 use the same flat shank needles. We do not require a sample when an additional supply is needed. When ordering needles for machines bought prior to 1890, be sure to send sample (pinned to a piece of cardboard or cloth to prevent loss in transit), to insure proper match.

On orders for our Rotary machine needles, we also must have a sample, as we carry two styles of needles for this machine.

We also furnish needles for machines of all other makes but must have samples and name of machine to fill orders correctly.

We always prefer to have you give us the name and number of machine, when you place an order for needles, as we are then enabled to send exactly what is wanted.

S6B100—Sewing Machine Needles (all makes). Per dozen (postage, 2c per dozen) 15c

BRUNSWICK

High Arm Sewing Machine

In the Brunswick Model we offer a dependable and, so far as sewing qualities are concerned, strictly high grade, full-sized sewing machine, that will more than hold its own with machines sold by agents at double our price. It will meet the requirements of those who desire a reliable, low priced machine, that will handle all kinds of work—light or heavy—equally well, and give general satisfaction. True, it is not equal in workmanship, finish, and material, to our higher priced models, but any of our Brunswick machines will do excellent work, and satisfy you in every particular.

The Brunswick runs quietly and easily, and makes the double lock stitch—a stitch that is always smooth, even, and perfect.

All working parts are made of fine quality steel, which—with proper care—will last a lifetime. Each machine is carefully inspected before it leaves the factory, and will reach you perfectly adjusted.

Below you find a detailed description of the Brunswick Sewing Head—the vital part of the Sewing Machine. We urge you to read it carefully. The sewing head is identically the same on all of our Brunswick cabinets. The price of the latter depends upon the woodwork you select.

In comparing prices, please bear in mind that our price includes not only the usual accessories, but a full set of high grade Greist Attachments.

THE SEWING HEAD, on all Brunswick Models, is the High Arm Pattern. It is well proportioned, and so constructed as to allow easy handling of bulky materials. Height of Arm, from bed plate to underside of arm, 5¾ inches. Distance from needle point to base of arm, 7¾ inches. Size of bed plate, 6¾x14½ inches. The arm is finished with three coats of baked-on enamel, attractively decorated. The rim of the balance wheel, face plate, shuttle slides, presser bar, etc., are heavily nickel-plated.

THE NEEDLE BAR is round in shape. Made of the highest grade tool steel, properly tempered. Fits perfectly. Positive in action. There are no springs to weaken, or cause trouble.

THE NEEDLES are self-setting. The shank is flattened on one side. It fits snugly into a groove in the needle bar.

THE PRESSER BAR is round. It is fitted with a cap-covered spring, and is quickly and easily adjustable to different thicknesses of materials.

THE PRESSER FOOT extends on both sides of the needle. It holds the goods firmly in place.

THE FEED is positive in action. It is operated and controlled by the main shaft. Cannot get out of order, as no springs are used.

THE TAKE-UP will control the thread perfectly. Never allows skipped or uneven stitches.

THE SHUTTLE is self-threading, cylindrical in shape. Made of the highest grade tool steel. It is easily removed from the carrier for inserting the bobbin.

THE SHUTTLE CARRIER holds the shuttle firmly in place by means of a spring lining, and prevents it from rattling when the machine is in operation.

THE TENSION, with convenient release, is placed on top of the sewing arm, and is simple in construction. The pressure on the thread can be regulated by means of a thumb screw.

OTHER FEATURES of our Brunswick Model are the automatic Bobbin Winder and Stitch Regulator. All bearings are made of hardened steel, properly fitted, to minimize friction.

THE STAND is made of cast iron. It is well braced, and of pleasing design. Finished in black enamel. Fitted with easy-rolling casters. The Drive Wheel is made extra heavy, and fitted with improved, noiseless Ball Bearings, causing the machine to run easily. It is equipped with belt-retaining wheel, or dress guard, which prevents the machine from becoming unbelted when it is closed.

THE TREADLE is made in a broad pattern, strongly constructed, and hung on adjustable steel bearings.

ATTACHMENTS—In addition to the usual accessories, which include 12 needles, 6 bobbins, thread cutter, screw driver, gauge, oil can (filled), and illustrated Instruction Book, we furnish, without charge, a complete set of Greist Attachments, as follows: Ruffler, tucker, braider, 5 hemmers, special foot, under-braider, and shirring slide. Put up in a polished black japanned metal box.

BRUNSWICK $17.85

Fitted with Automatic Lifting Device

Parlor Cabinet Model

Full cabinet machines are very desirable. They not only afford better protection for the Sewing Head, but when closed they have the appearance of an ordinary piece of furniture.

The Brunswick Sewing Head, the machine proper, is fully described at top of page.

THE WOODWORK. This cabinet is one of the most attractive designs made, regardless of our very low price. It is substantially built, of genuine oak, beautifully finished in a bright golden oak color, hand rubbed finish. The double doors, top lid, and top rail, are constructed of built-up quarter-sawed oak. The balance of the woodwork is plain oak. The double doors are made in an oval or swell front pattern. Top, center, and side pieces are ornamented with fancy mouldings. Two solid oak pockets are provided on the inside of cabinet for holding accessories, attachments, etc. Cabinet is fitted with casters.

The Folding Top automatically raises and lowers the sewing head whenever cabinet is opened or closed.

A tape measure, length, 18 inches, divided into inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

The Ball Bearing Wheel and the Treadle are securely attached to the frame of the cabinet, and will not become shaky.

ATTACHMENTS. A complete set of genuine Greist Attachments, as well as the usual accessories, are included with every machine.

286B86 Shipping weight, 135 lbs. **$17.85**

Shipped promptly from stock at Chicago, from factory in Northern Illinois, or from warehouse at St. Paul.

Our Low Priced Machine

THE OAKLAND

$9.45

For the benefit of those who do not care to pay the prices we ask for our Brunswick or Windsor Models, or who desire a machine for temporary use, we offer our Oakland Machine.

While this machine will do good work, and is a far better value than you could reasonably expect at this price, naturally it is not as well constructed as our Brunswick model; neither does it run as easily.

If you can possibly do so, we urge you to buy one of our higher priced models, because we know you will be far better pleased. The difference in price is so small that, considering the greater satisfaction they will give you, it is not worth mentioning.

In choosing a machine, you should bear in mind that it must give continuous good service in order to satisfy you. As a sewing machine, in most cases, is bought but once in a lifetime, the best policy is always to buy the highest grade, because it really is the cheapest in the long run.

However, if you do not care to spend more than $10.00 for a machine, then order the Oakland, which we guarantee against defects in workmanship or material, for 5 years from date of purchase.

The sewing head of the Oakland is substantially built. It is enameled in black, nicely decorated. The automatic bobbin-winder is of the same mechanical construction as that on our high priced sewing machines.

The stand is made of round iron, black enameled. The woodwork is finished in oak. There are five drawers. The machine is fitted with self-setting needle, and self-threading shuttle.

286B89 —Oakland Sewing Machine. Guaranteed for 5 years. Shipping weight, 105 lbs. Price..... **$ 9.45**

286B90 —Same as above. With complete set of Greist Attachments. Price **10.20**

Shipped only from factory in Northern Illinois.

Art No. 286B83 $13.20

If you are looking for a reliable, low priced machine, you cannot possibly make a better choice than this model. There is no greater value for your money.

Don't get the impression that this machine, on account of our extremely low price, must be of inferior quality and workmanship. It is the equal in every way to machines offered by agents for $25.00, or even more. It stands to reason that we could not afford to send this machine to your home on 90 days' trial and guarantee it for 20 years, unless it were a strictly dependable and reliable machine, one that will give a much better account of itself than you would reasonably expect.

THE SEWING HEAD of the Brunswick model is fully described on the preceding page.

THE WOODWORK is of a most attractive design, one that is generally used only on high priced machines. Solid, plain oak is used in the construction of the frame, and the top lid is built of heavy, built-up quarter-sawed oak, handsomely finished in a dark golden oak color. The table has a scalloped front. The drawers are large and roomy, ornamented with attractive carvings, and fitted with wood pulls.

ATTACHMENTS—A full set of genuine Greist Attachments, as well as the usual accessories, is furnished, without additional charge, with this machine.

286B83 Brunswick 7-Drawer Machine. Shipping weight, 120 lbs..... **$13.20**

286B84 Brunswick 5-Drawer Machine. Shipping weight, 110 lbs..... **$12.30**

Shipped promptly from stock at Chicago, from factory in Northern Illinois, or from warehouse at St. Paul.

A Most Popular Seller

THE BRUNSWICK

Five Drawer Sewing Machine
Fitted with Automatic Lifting Device

$15.70

Art. No. 286B85 $15.70

Sold on 90 Days' Trial

The machine illustrated here is another splendid value that cannot be matched elsewhere. For years this model has been a favorite with our customers. It is one of the most pleasing designs ever brought out, and the very low price we ask makes this machine a ready seller.

THE BRUNSWICK SEWING HEAD is described in detail on the preceding page.

The Woodwork. The cabinet is handsomely finished in a rich golden oak color. The table and drawer frame are of solid oak, and the drum and curved side panels are made of built-up oak. The top lid, drawer fronts, and bracket are constructed of genuine quarter-sawed oak veneer (built-up stock). The four side drawers are strongly constructed, large and roomy, fitted with carved wood pulls. The table is finished in a neat scroll pattern; carved ornamentations add greatly to the appearance of the cabinet. The general design of this model gives a most pleasing effect, and will satisfy the most critical.

This cabinet is also fitted with an automatic lifting device, which raises or lowers the sewing head whenever the top lid is opened or closed.

A tape measure, length, 18 inches, divided into inches and centimeters, is transferred, under the varnish, on the table in front of the sewing head, for convenient use of the operator.

ATTACHMENTS—In addition to the usual accessories, we furnish, without additional charge, a complete set of high grade Greist Attachments.

286B85—$15.70

Shipping weight, 120 lbs.

Shipped promptly from stock at Chicago, from factory in Northern Illinois, or from warehouse at St. Paul.

The Choicest of All Hand Power Washers

It is hardly necessary to argue at length the worth of a good washing machine. The housewife, at first disinclined to use machinery of any kind, has come to realize that there are a number of devices that will greatly reduce her work, thus giving her more time for recreation and pleasure.

The washing machine is unquestionably one of the greatest labor saving devices ever invented. A properly constructed machine not only eliminates practically all of the meanest kind of drudgery and back-breaking toil, but it will wash your clothes cleaner, quicker and in a more sanitary way than it can be done by hand.

Be fair to yourself—can you afford to stick to the old tub and washboard method, when a few dollars invested in a good washing machine will bring you relief from this hard work and household slavery? Certainly not. You do need a machine. The only question is: which machine is most suitable for your requirements?

If ever there was a washing machine worthy of its name, here it is, our very latest model, the Triumph Roller-Bearing High Speed Washer.

The Best Washing Machine

We do not say to you that the Triumph is the best or most wonderful machine on the market, because the mere assertion means nothing. We honestly believe, however, that in the Triumph we have a washer that will more than hold its own with any hand power washer on the market, regardless of price. Before offering the Triumph to our customers, we put it to the most severe tests, gave it a much harder trial than it will ever receive in your home, and as a result we do not hesitate to call it a sure winner.

Sold on Trial

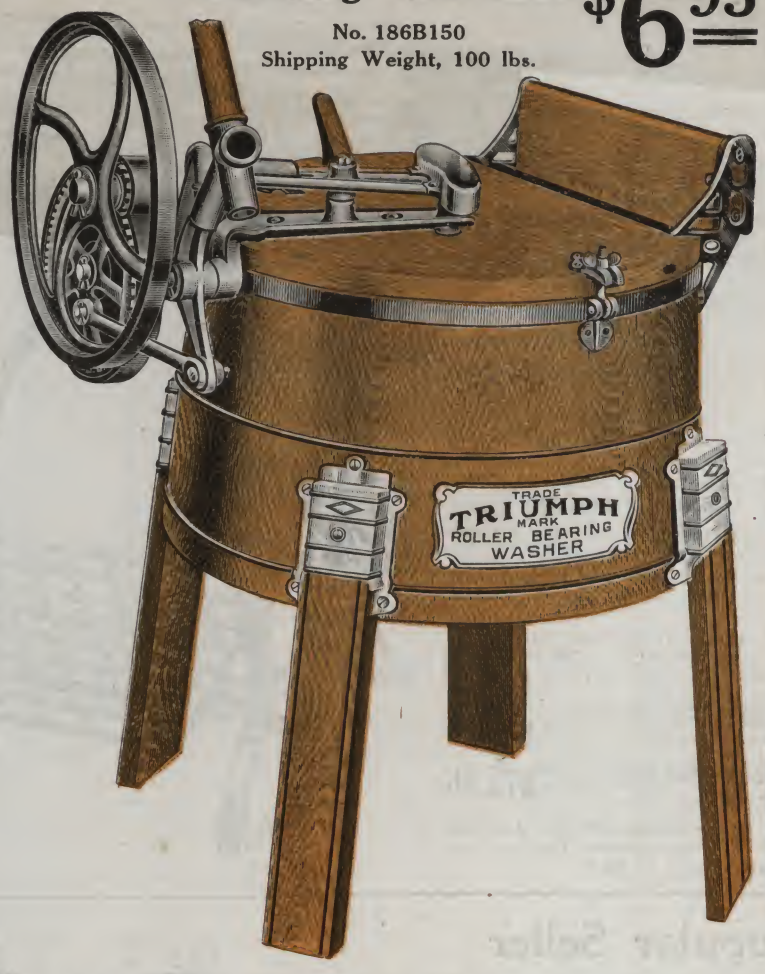
We believe the best way to convince you of the superior merit of this washer is by giving you the privilege of using it in your own home. We have every reason to believe that you will be more than pleased with this machine after you have used it a number of times. We will gladly let you be the judge of its merit and will cheerfully abide by your decision. If you are not entirely satisfied, the trial will not cost you a single penny.

High Speed Washing Machines

Practically all high grade and modern washing machines of the dasher type work on the high speed principle. The cogwheels are so geared that they cause the heavy flywheel to revolve at great speed, which reduces the strain on the lever, and as a result makes washing very much easier.

Simple, Safe and Noiseless

Roller Bearing Fly Wheel



The Triumph is constructed with the least possible number of working parts, so that there is the very smallest possibility of its getting out of order. All cogwheels and gears are enclosed, a feature that will be appreciated by every woman. The lever is so placed that the operator is never in danger of coming in contact with moving parts. The cogwheels are machined and properly fitted in order to reduce friction to a minimum. All working parts are supported by one strong casting, which, being of metal, can never be affected by shrinkage. This keeps the mechanism perfectly true. The noiseless feature is the result of the efficient Roller Bearing Fly Wheel.

The New Triumph

Roller Bearing, High Speed Washing Machine $6.95

No. 186B150

Shipping Weight, 100 lbs.

Roller Bearings

It is to the Roller Bearings that the machine's easy running qualities are also largely due. For washing machines, these bearings have been found to be even superior to ball-bearings, as they run still more easily, yet make no noise. The large, heavy flywheel, running on these bearings, almost works the machine by itself. The very lightest push on the lever is all that is necessary to keep it going.

The Superior Tub

The tub is exceptionally strong and durable, made of selected Virginia White Cedar, the best wood known to man for resisting the action of water. It is corrugated inside, giving the proper rubbing surface, and finished with a good, heavy varnish on the outside. Held together by electric-welded galvanized wire hoops which cannot break. They are imbedded in grooves in the staves, so that they cannot slip off.

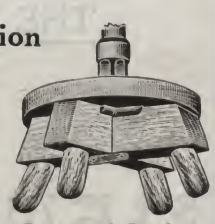
Inside diameter of tub, 22¾ inches at bottom, 21¼ inches at top. Height, 12 inches.

The lid fits tightly and has a special lock which makes the tub steam-tight, shutting in all odors. The metal parts above the tub are so placed that practically none of their weight is lifted in raising the lid. The flywheel, the heaviest part, is not lifted at all. All the metal parts are coated with non-rusting aluminum paint. The wringer board is exceptionally strong, placed in the proper position to insure free drainage of water.

The Dasher

The patented dolly, or dasher, is in a class by itself. It is of a special strong construction that insures it against splitting. Automatically adjusts itself to the amount of clothes in the tub, and takes a firm hold of them without injury to them. The pegs are topped by paddles which create a great rush of water as the pegs move the clothes. This double action is an unusual feature which helps wash more quickly and more thoroughly. It will wash the heaviest quilts and blankets or the daintiest lace curtains without injuring them in any way.

Guaranteed for Five Years



All of our high speed washing machines as well as the Daisy, Apex and Pilot Rotary Models are fully guaranteed for 5 years. This means that we will make good any part that proves defective within 5 years from date of purchase, free of charge and expense.

It stands to reason that we could not afford to do this unless we had the fullest confidence in our machine.

All of our machines are also sent on 30 days' trial, giving you an opportunity to judge their merit without any risk whatsoever.

Method of Operation

The Triumph is fitted with a double socket, thus enabling you to operate it in a sitting as well as standing position.

Patented Dasher

No. 186B150 — Triumph Washing Machine. Shipping wt., 100 lbs.
Price **$6.95**

Shipped Promptly from Stock at Chicago

High Speed Roller-Bearing Dandee Washer $6.95

No. 186B151

Shipped Promptly from Stock at Chicago
Shipping weight, 115 pounds

The Dandee is the easiest running machine we know of. While it does not wash quite as fast as some of our other high speed washers, this machine beats them all for easy washing qualities with the smallest possible effort. Besides, it is able to carry a much heavier load than any of its type, without increasing the work.

Guaranteed Five Years

You do not have to take our word for the above statements, as you can prove their truth in your own home without any expense or risk. We send the Dandee on 30 days' trial, and it may be returned at our expense within that time if you do not find it all we have said and more.

The lever is geared direct to the mechanism, avoiding lost motion. The gears are machine cut, making them accurate, smooth running and noiseless. The heavy flywheel runs on roller bearings. All gears and cogs fully enclosed.

The Tub is made of the everlasting Virginia White Cedar, hooped with electric welded wire hoops at center and bottom, and flat steel hoop at top. Hoops are galvanized, to withstand rust, and cannot fall off the tub. Inside diameter of tub, 22¾ inches at bottom; 21¼ inches at top. Height, 12 inches. The tub is corrugated on the inside. The most delicate garments can be washed by the Dandee without injury. The cover is steam-tight and allows no foul odors to escape. The dolly, or dasher (see illustration), is made extra strong and automatically adjusts itself to the amount of clothes being washed.

Daisy Ball-bearing Washer $5.45

Although not of the high speed type, the Daisy is an exceptionally easy running machine that will enable you to do your washing quickly and with the least possible exertion. The simplicity of construction is one of the strong features of the Daisy. There are no complicated gears or cogwheels to get out of order. Yet, on account of the great leverage, the dolly, or dasher, which does the washing, is turned very easily.

Ball-bearing Washer

The dolly, or dasher, shaft runs on steel ball bearings, eliminating friction. The top pitman which turns the cogwheel, fastened to the dolly shaft, is guided and held in mesh by a roller guard instead of a stationary brace, avoiding unnecessary friction. You will be surprised at the easy running qualities of this machine. The extremely low price we ask is sure to appeal to those who do not care to buy one of our higher priced high speed machines.

The **Daisy** is exceptionally strongly constructed, guaranteed by ourselves for 5 years, but with only ordinary care will last much longer for family use. The top pitman and side lever are of malleable iron, therefore practically unbreakable. All other castings are made of high grade gray iron, properly fitted.

The tub is made of genuine Virginia White Cedar, the wood best suited for washing machines. Corrugated on the inside, nicely varnished outside. Inside dimensions: 22¼ inches at bottom, 19¾ inches at top; height, 12¼ inches.

The dolly, or dasher, automatically adjusts itself to the clothes being washed.

No. 186B152—Daisy Ball Bearing Washer.
Shipping weight, 70 lbs. Price **$5.45**

Shipped Promptly from Stock at Chicago

Water Power Washing Machines $11.75

The Water Does It All

After a most thorough investigation and numerous tests, we have decided to list two machines which we can conscientiously recommend to our customers as absolutely reliable washers. Either machine will run on 20 pounds' pressure (a flow of 4 gallons of water per minute). Fitted with two sections of rubber hose with standard coupling, which can be connected to any threaded faucet.

186B153—Windsor Water Power Washer. Fitted with gearless brass motor, as illustrated. Guaranteed unconditionally for two years. Best Virginia White Cedar tub. Regularly sold at $18.00. Weight, 75 pounds.
Price **$11.75**

186B154—Speedy Water Power Washer. Fitted with piston type, springless brass motor. Guaranteed for two years. Best Virginia White Cedar tub. Weight, 80 lbs.
An $18.00 value. Price **$11.75**

Shipped Promptly from Stock at Chicago

Hand-Power Washers That Stand the Test

Water Queen High Speed Washer $7.10

186B156

Ship. Wt., 85 Lbs. **Sold on 30 Days' Trial**

Shipped Promptly from Stock at Chicago

The Water Queen can be operated in two distinct ways, by the lever or by the crank. Either way, it runs so easily that very little effort is required to keep it going. It is constructed with the idea of saving all a woman's strength possible, and the possibility of changing from one motion to another helps toward this end. You can operate it as easily while sitting down as while standing.

On starting the machine, you set the fly wheel in motion, causing it to revolve six and one-half times to each turn of the crank or each forward and backward motion of the lever. The tremendous power gained through the momentum of the fly-wheel, greatly lessens the strain on the lever or the crank, so that after the machine is started, very little effort is required to keep it going. The mechanism turns the dasher, inside, which does the washing for you. Very few machines, at any price, develop the speed and power of the Water Queen. We recommend it strongly.

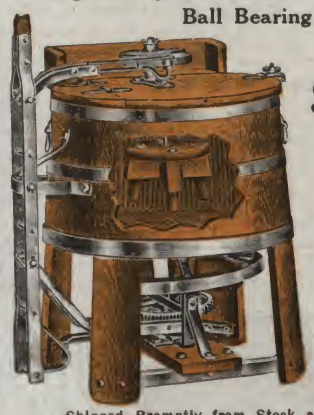
Furthermore, to prove our confidence in it, we send it to you on **30 days' trial.** Try it for 30 days, and if you do not think you have obtained something you would not be without, return it at our expense, and we will exchange for other articles or promptly refund the purchase price, including in either case the transportation charges you have paid.

The tub is made of thoroughly kiln-dried, clear Virginia white cedar, the wood best suited for washing machines. It is corrugated on the inside. Inside measurements, 22¼ inches at bottom; 19¾ inches at top. Height, 12¼ inches. The Dasher, or Dolly, is strongly constructed, and automatically adjusts itself to the amount of clothes being washed. **All gears are enclosed for protection.** Metal parts subject to strain are made of malleable iron, and the rest, of the best quality gray iron.

The Water Queen is made to sell for not less than $10.00. Note our special introductory price.

Why not make your wash days easier and more comfortable by using a machine that will save you the hardest kind of labor and drudgery, time, patience, and needless fatigue? Why should you continue to dread wash day, when a few dollars invested in a good, reliable washer will buy you freedom from the hard work, and insure better, quicker, and more satisfactory results?

The thousands of machines that we sell are proof that women are awakening to the advantages of labor-saving machinery. The old way is being discarded for the new because it is far superior, both for the saving of labor and for the better results.



The machines illustrated here represent the choicest of all hand power models on the market. Thorough tests have proven their worth, and we offer them to you in full confidence that you will be more than pleased with them.

Sold on 30 Day's Trial

Every Washing Machine we handle (hand or power) is sold to you on 30 days' trial if you reside in any part of the United States proper. In other words, it must prove its worth, and fully satisfy you before you decide to keep it. Could anything be fairer?

Lightning Windsor Washer

Ball Bearing

$8.45

186B157
Shipping Weight 115 Pounds

Shipped Promptly from Stock at Chicago

This excellent machine has a new action that goes far toward making it run with the least possible effort. The driving mechanism is placed underneath the tub, entirely out of the way. As the lever is moved the balance wheel rocks over an axis, while the gears and gear frame swing back and forth like a pendulum. By this swaying motion a tremendous momentum is secured, which greatly lessens the effort needed to operate the machine. A great labor-saver.

We stand back of every Lightning Windsor Washer. It is sent on **30 days' trial,** and must please you or we expect it to be returned at our expense.

The heavy fly-wheel runs on **ball bearings.** All gears are machine-cut, and run practically noiselessly. The gears on top of tub are fully enclosed.

The tub is made of clear Virginia white cedar, the wood best suited for washing machines. It is corrugater on the inside. Has heavy galvanized steel hoops, and is fitted with steam tight lid. The stave legs are braced in pairs with angle iron, and fastened together with a heavy piece of hardwood, making it practically impossible to break or split the legs.

You can operate the "Lightning-Windsor" as easily while sitting down as while standing.

The Speedlight-Clean Ball Bearing Washer $8.45

Sold on 30 Days' Trial

186B158
Wt., 100 Lbs.

Shipped Promptly from Stock at Chicago

For years the Clean Ball Bearing Washer has been one of our best sellers—every one sold has sold others for us. The washer is so easy to operate, and produces such excellent results that it makes friends at once.

Notice the fact that the fly-wheel and gearing are placed underneath the tub, out of the way entirely. In this machine every convenience and advantage that mechanical skill could produce have been brought into service, yet it is simple in construction. It is so built and the efficient ball bearings make it so easy running, that it can be operated while you sit as well as when you are standing.

Because we believe in this machine, we send it on **30 days' trial.** You are at liberty to put it to every test for 30 days. If you are not perfectly satisfied with it at the end of that time, we want you to return it; we will exchange for other articles or we will at once send back the purchase price, including in either case, the freight charges you have paid.

Ball Bearing

The tub is made of the best kiln-dried, selected Southern Cypress—the wood everlasting—nicely finished, with good quality varnish. Legs of tub are strongly braced by cross-pieces of hardwood, and steel rods. Inside dimensions of tub, 22 inches at bottom; 20 inches at top. Height, 12¼ inches.

All gearing and mechanism are placed underneath the tub. The flywheel runs on the simplest but most effective ball bearing ever devised. It is so constructed that it will wear for years without oiling or adjustment. All metal parts are finished by the electric galvanizing process—an attractive finish that will not wear off, and cannot rust.

Other machines of this particular type must be sold at a restricted price of $10.00. Note our special low price.

The Lone Star Washer

$5.10

186B159
Shipping Weight, 100 Lbs.

Shipped Promptly from Stock at Chicago

The "Lone Star" Washer has many friends who recommend it highly. A crank, which turns very easily, works the mechanism.

Inside, two rubbing cylinders, running in opposite directions, rub, squeeze, and turn the clothes between them, just as they are rubbed on a washboard. The rubbing surface is rounded and smooth, and will not tear the clothes.

The tub is made of selected lumber and will not leak. It is finished in bright natural colors, with gold enameled metal parts. The lower cylinder can be removed for cleaning. The bottom of the outside case is of galvanized iron.

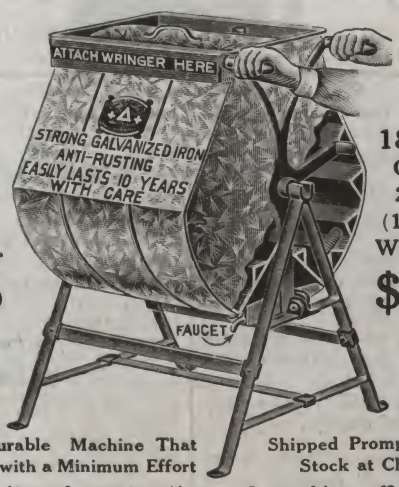
This is a low-priced machine that gives excellent service. Our offer of 30 days' trial should convince you, for we could not afford to make the offer if the machine were not all we say of it.

Whirl Double Rubber Washer

$2.10

186B160
Shipping Weight, 47 Lbs.

Shipped Promptly from Stock at Chicago



A machine that will do all kinds of washing, at a price that has made it popular. It will wash anything from lace curtains to quilts, and do it well.

All you have to do is to work the handles back and forth, which is much easier and more pleasant than using a washboard. There is no necessity for aching arms and back, or rough hands either, when a machine like this can be had to do the work, and costs so little.

The sides and legs are of neatly painted wood, the bottom of galvanized iron. The bottom rubber is flexible, and can readily be removed for cleaning. Width of washer, 17½ inches. Length, 28 inches; depth, 13 inches. A well made machine that will give great satisfaction.

Remember you can give it a thorough trial of 30 days.

The Apex All Metal Gravity Washer

No. 186B161
Capacity, 16 Shirts (6 Sheets)
Wt., 55 Lbs.
$7.25

A Simple, Durable Machine That Washes Clean with a Minimum Effort

No. 186B162
Capacity, 25 Shirts (10 Sheets)
Wt., 68 Lbs.
$8.75

Shipped Promptly From Stock at Chicago

In simplicity of construction and washing efficiency the Apex is in a class by itself. There are no gears or other mechanical devices to get out of order. A gentle, swinging motion of the tub is all that is required to do the washing. The Apex will wash your clothes spotlessly clean, including wrist and collar bands, and bottoms of skirts, without the aid of a washboard, and without injuring the clothes in any way.

Note the inner construction of the tub. As you swing it back and forth the suds and the clothes are lifted over the corrugated raised center, and the soapy water is forced through the mesh of the clothes, cleaning them thoroughly. With every motion of tub the position of the clothes is changed; thus, every particle is exposed to the suds.

The tub of the Apex is built of galvanized iron, strongly braced, and is practically indestructible. The stand is made of heavy steel.

It is the opinion of many that the Apex is the best and easiest washer that money can buy. Many letters from our customers tell us how well pleased they are with this machine. However, a trial in your own home, with your own work means more to you, we know, than anything anyone can say. You can get the machine to try for 30 days, and give it every test you can think of. We know it will come through them all with satisfaction to you or we should not make such an offer.

Why not let us send it to you at our risk? You may return it and get all your money back at the end of 30 days, but we do not think you will want to.

The Pilot Rotary Washer $5.25

186B163
Wt., 80 Lbs.

Shipped Promptly from Stock at Chicago.

The "Pilot" is one of the best, most durable, and lightest running Rotary Washing Machines made. The large fly-wheel, and the roller bearings make the Pilot so easy to run that you can do an entire washing without becoming tired out.

The tub is made of the best Virginia White Cedar. Note the extra heavy dolly. Inside dimentions of tub: Width, at bottom, 22¾ inches; at top, 21¼ inches. Height, 12 inches. Electric-welded wire hoops at bottom and center. Flat steel hoops at top of tub.

The castings are made of high grade material, machined, and fitted correctly.

We know you will be well pleased with this machine. No lower price can be obtained anywhere, taking into consideration the quality and ease of operation.

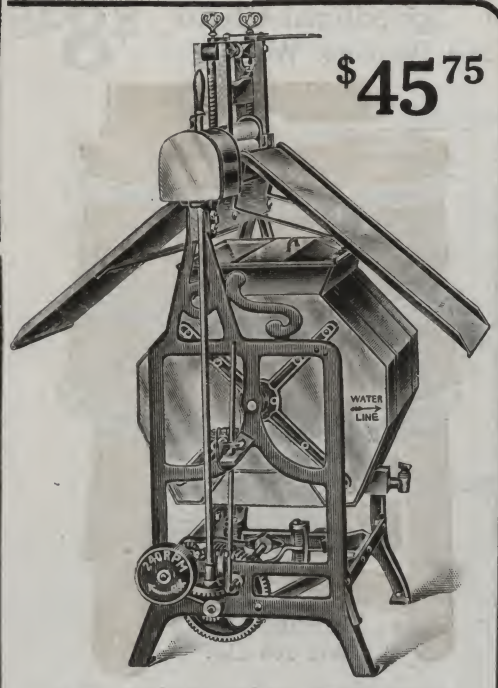
Remember our offer to send the machine to you for 30 days' trial. We handle none but quality machines, which we know will give satisfaction. That is why we can make this offer on all of them. You may exchange for other articles or your money will be cheerfully returned, if you are dissatisfied for any reason whatever.

Reliable Washing Machine

$2.95

Here is a machine that has certainly stood the test, as it has been favorably known for years. It has a lever type rotary movement that runs with great ease, and has given splendid satisfaction to thousands.

As with our other machines, we send it on **30 days' trial.**



It is well made throughout. Tub is made of the best cypress. Inside diameters: 23 inches at bottom; 20¾ inches at top. Height, 12½ inches. Note our exceedingly low price. It places this washer within the reach of all.

186B164—Weight, 55 pounds.....**$2.95**

Minnehaha

Power Washing Machines

The laundering problem confronts you every week. Washday is dreaded by every woman, no matter whether she does her own washing or employs help to do the work for her, as long as she is sticking to old-fashioned methods. But why should you continue the old tub and washboard method when you can secure a machine that will do all this work for you and relieve you of all worry?

Minnehaha Power Washer

will wash your clothes better, cleaner, quicker, and in a more sanitary way than it can be done by hand. Eliminates practically all work, as it does both washing and wringing at the same time by power, without any effort whatever on your part. Washing becomes a pleasure. The average family washing can be finished in an hour to an hour and a half. No back-breaking rubbing, or strain of turning the wringer. The "Minnehaha" does it all for you.

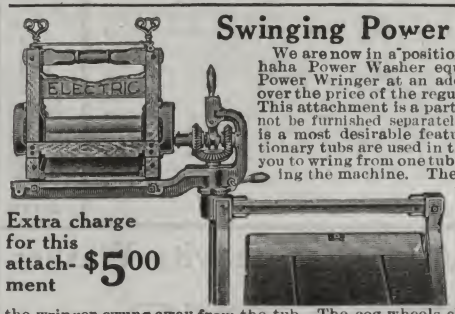
Every time you have your laundry work done by the old method, you are meeting an excess expense that will pay for the "Minnehaha" in a short time; in other words, you are really paying for the "Minnehaha" without receiving any of the benefits derived from its use.

HARD ON DIRT—EASY ON CLOTHES

Note the inner construction of the "Minnehaha." There are no mechanical contrivances to ruin the clothes, no dasher or cylinder; yet a greater force and action is created by the "Minnehaha" than by any other type of machine. As the body of the machine swings from side to side, the water and clothes are lifted over the corrugated raised center of the lower part of the tub, and the soapy water is forced through the mesh of the clothes. The result is that the clothes are washed in half the time required by any other machine, spotlessly clean, including wrist and collar bands, bottom of skirts, etc. The "Minnehaha" will not injure the most delicate fabrics. It will wash anything from a lace curtain to a quilt.

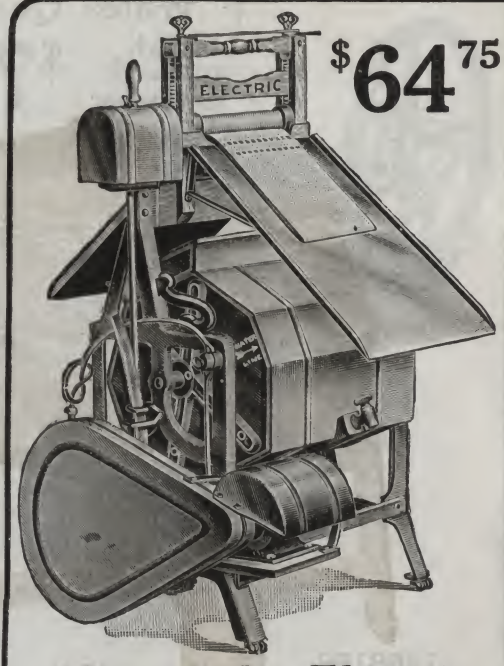
The simplicity of construction is one of the strongest features of the Minnehaha. It has few mechanical parts, none of them exposed.

Two levers operate the machine, one the body, and the other the gear-driven, reversible wringer. The machine is practically noiseless in operation.



We consider the "Minnehaha" the best Washer made, irrespective of price. If, after a thorough trial, you are not completely satisfied, you may return it at our expense.

For further details, and complete description of the Minnehaha **Washer, write for our special illustrated circular.**



We can supply motors for any current, voltage, or cycles. When ordering, be sure to state if your connection (for lighting purposes) is direct or alternating current, its voltage, and, if alternating current, the number of cycles. You can get this information from your electric light company.

Swinging Power Wringer

Extra charge for this attachment $5.00

We are now in a position to furnish the Minnehaha Power Washer equipped with a Swinging Power Wringer at an additional charge of $5.00 over the price of the regular or stationary wringer. This attachment is a part of the machine and cannot be furnished separately. The Swinging Wringer is a most desirable feature, especially where stationary tubs are used in the laundry, as it enables you to wring from one tub to the other without moving the machine. The wringer is fitted with a reversible drain board. The Wringer is strongly constructed, well braced and very rigid. Can be adjusted to three different positions. Very simple in construction—nothing to get out of order. Illustration shows the wringer swung away from the tub. The cog wheels shown in illustration, are fully covered.

$64.75

Minnehaha Electric Washer

Capacity, 16 shirts (6 sheets), or their equivalent. Fitted with 11-inch, reversible, guaranteed power wringer, and one-eighth horse-power, guaranteed motor. Shipping weight, 250 lbs.

The Water Queen Electric Machine only, shipped from factory in Chicago.

Note—When ordering an Electric Washing Machine, be sure to state what electric current you use in your lighting system. You can get this information from your electric light company. We can furnish motors for any current, voltage or cycles.

Make washing a pleasure by using the Windsor Power Washer. With this machine your washing and wringing can be done quickly, easily, and with very little expense. It is easily operated, and can be attached direct to a motor or engine, or run from a countershaft. An engine of one horsepower will run the machine satisfactorily.

THE SWINGING POWER WRINGER

This is a feature that will strongly appeal to every practical housewife. The wringer can be adjusted to three different positions for use at washer, tubs, and baskets, and is always operated by power. Wringer can be started, reversed, or stopped instantly by means of a lever. Both washer and wringer can be operated at the same time. Wringer is fitted with 10-inch, highest grade guaranteed rubber rolls.

ENCLOSED GEARS

The gear-driving mechanism is entirely enclosed, to prevent injury to fingers or clothes. When the lid is lowered, the washer starts; when lid is raised, the washer stops.

We furnish the Windsor Power Washer in three styles. On the two and three tub sizes, the wash tub is mounted on a strongly constructed platform. Length, 4 feet. Width, 24 inches. Height, 16 inches. The frame is constructed of angle iron with a heavy wooden top, making it strong and rigid. The three tub size washer is fitted with a steel folding rack (see illustration), which slides under the platform when not in use.

The capacity of the wash tub on all three styles is the same. Inside measurements of tub: Width, at bottom, 22 inches. Top, 19¾ inches. Height, 12½ inches. Capacity, 18 gallons. Tub is made of best Southern Cypress.

Machines are fitted for engine drive with 2¼x10 inch pulley, which must be driven at 175 revolutions per minute. Grooved pulley for electric motor drive, diameter, 17 inches.

Our prices are far below those usually asked for similar machines.

SOLD ON TRIAL

Like all of our machines—hand or power—the Windsor will be sent to you on trial, and must prove its worth before you decide to keep it.

Shipped Promptly from Stock at Chicago

Note—We can supply any one of the Windsor Power Washing machines, fitted with a one-fourth horse power guaranteed electric motor, at an additional charge of $24.00.

When ordering machine equipped with motor be sure to state whether you use (for lighting purposes) direct or alternating current, its voltage, and its alternating current, the number of cycles. You can get this information from your electric light company. We can supply motors for any current.

$19.70 186B184

Important

In order to get proper results from our Power Washers, it is absolutely necessary that they be driven at the speed given in our description.

When ordering, be sure to state whether machine is to be driven from engine or countershaft, also give size and speed of driving pulley.

The amount we can save you on Linoleums will be a pleasant surprise

Quality Wringers at Money Saving Prices

The clothers wringers illustrated on this page represent what we consider the best made and most complete assortment ever offered for family use. No matter what your requirements may be, you are sure to find here the very wringer you need at a price that means a big saving to you. Everyone of our wringers is fully guaranteed (one, three or five years), and in the event of any part proving defective within the guarantee period, the necessary parts will be renewed by us free of charge and expense.

We strongly recommend the purchase of our best wringer—the Thornward. The difference in price is so small that, considering the better and longer service they will give, they will prove the cheapest in the long run. A wringer of this grade, with ordinary care, will last much longer than five years and produces the best possible results in wringing clothes.

Extra High Grade Solid Copper Wash Boilers

Every woman knows that a well made solid copper boiler is by far the most satisfactory. It will not only outlast several of the other kind, but gives better results as well. Being tinned on the inside, it cannot soil the clothes in any way.

We are one of the largest distributors of wash boilers—wash boilers that are made to last and give the best service. We do not handle trash—every one of our boilers is made to stand the test.

Our copper boilers are made of heavy material, full weight and large size. We do not handle the light-weight boilers, as they are unsatisfactory. Double seamed and leak proof.

Our prices speak for themselves. They are considerably lower than the prices others ask for light-weight boilers.

No. 186B218—Made from extra heavy, high grade charcoal tin, with full weight copper bottom. Heavy wire rim and corrugations on sides make boiler extra strong. Double seamed and soldered; leak-proof. Stationary wood grip handles. Size No. 9, flat bottom, 11⅝x22½ inches. Worth $2.50. Shipping weight, 15½ lbs. Price..... **$1.95**

No. 186B219—Excellent low priced boiler. The body is heavy tin, with seams securely soldered. Heavy copper bottom and rim, tinned on the inside. Drop metal handles, securely riveted to body. Flat bottom. Size No. 9, bottom measure, 11¼x22 inches. Shipping weight, 12 lbs. Regular $1.75 value. Each..... **$1.25**

Here is a boiler that will satisfy the most exacting housewife. Made extra large of extra heavy copper, the best that money can buy. Size of bottom, 23½x13 inches, polished copper on the outside, heavily tinned inside. Cannot discolor clothes. Top edge is reinforced by a steel wire rod. Sides are corrugated, adding strength to the boiler. Double seamed and soldered; leak-proof. Cover is made seamless of retinned steel. Stationary wood grips on sides and cover.

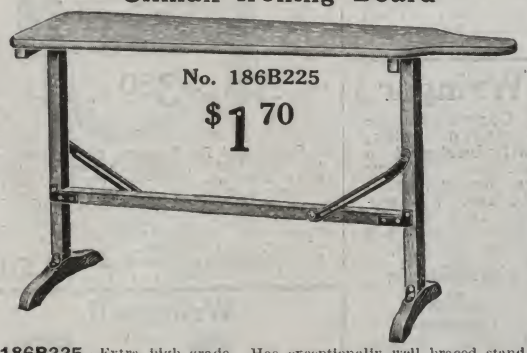
No. 186B215—Shipping weight, 19 lbs. Retail value, $5.00. Our price..... **$3.60**

These boilers, at our prices, are most unusual values. Made of heavy solid copper, polished outside, tinned inside. Will not discolor clothes. Steel wire rods and corrugations on the sides add to strength of boiler. Double seamed and soldered; leak-proof. Have stationary wood grip handles.

No. 186B216—Size No. 8, bottom, 10¾x20¾ inches. Shipping weight, 12 lbs. Price..... **$2.45**

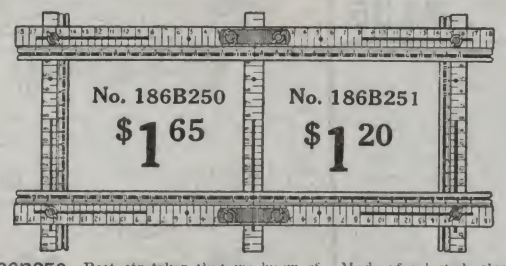
No. 186B217—Size No. 9, bottom, 11¼x22½ inches. Shipping weight, 14 lbs. Price..... **$2.70**

No. 186B220—A heavy, substantial boiler that will give good service. Made of heavy galvanized iron. Has rigid handles with wood grips. Strong tin cover. Full size, No. 9. Length, 22 in. Width, 11½ in. Shipping wt., 13 lbs. Each..... **98c**



No. 186B221—A well made, low priced, medium weight wash boiler. Made of No. IX Tin. Securely double seamed and leak-proof. Fitted with copper bottom, tinned on inside. Size, No. 8, bottom measure, 10⅝x20¼ in. Weight, 12 lbs. Usual $1.00 value. Each..... **82c**

There is no argument about it—our Windsor Stoves ARE good

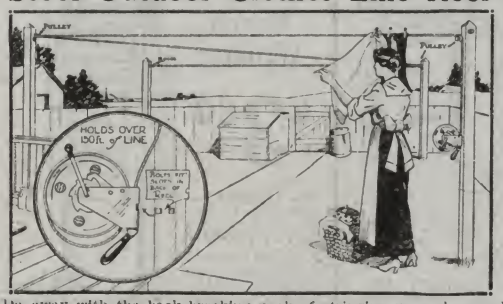


Quality Laundry Supplies—Attractively Priced

Climax Ironing Board

186B225—Extra high grade. Has exceptionally well braced stand, making it firm and rigid. The method of opening and closing stand is very simple but most substantial. Length of board 58 inches. Width, 15 inches at one end, tapered down at the other end for ironing sleeves. Made of clear, high grade lumber. Sold regularly for $2.50. Shipping weight, 24 lbs.
Price **$1.70**

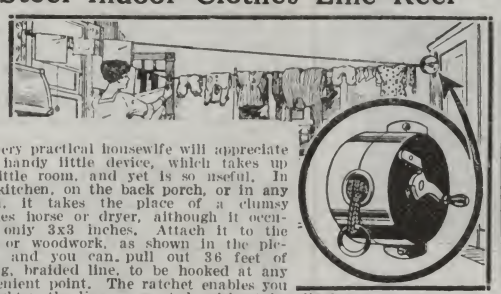
Climax Folding Curtain Stretcher



186B250—Best stretcher that we know of. Made of selected, clear basswood. Width, 2¼ inches. Extends to 6x12 feet. Frame and center-brace have burnt-in measuring rule. Strongly reinforced in center, making it very strong and rigid. Can be adjusted to all size curtains; for sash curtains only half of stretcher is required. Pins adjust to any size scallops, and are rustproof. Made of brass, nickel plated. Folds completely, with pins protected. Shipping weight, 13 pounds.
Price **$1.65**
186B251—Similar to above, but width of frame is only 1¾ inches, size 6x12 feet, with adjustable brass, nickel-plated pins. Shipping weight, 10 lbs. Price **$1.20**
186B252—Folding Curtain Stretcher, size 6x12 feet. Made of 1½-in. basswood with stationary pins, 1 in. apart. Folds Completely. Shipping weight, 9 pounds.
Price **75c**

Quilting Frame Clamps

86B254—**Exceedingly Useful. Malleable iron,** japanned. Open 2¼ in. Set of 4 clamps. Weight, set, 13 oz.
Price per set **9c**



Steel Outdoor Clothes Line Reel

Do away with the back-breaking work of stringing up and properly tightening a clothesline! The reel illustrated does the real work, and all that is necessary, after fastening the end of the line, is to walk between your posts unwinding the reel and slipping the line over the pulleys. We include three pulleys and all bolts and screws to set up, as pictured. When reel is in place, you simply wind the line as tightly as you wish. A ratchet prevents it from unwinding. When through using, just detach reel and wind up as you walk. Keeps line always clean and free from kinks.

Holds over 150 feet of line, but weighs only 4 pounds. Agents ask $1.50.
86B256—Outdoor Reel, complete with pulleys and hook; weight, 4 pounds.
Price **85c**
86B257—Same as above, fitted with 100 feet of high grade cotton clothesline; weight, 5 pounds.
Price **$1.15**

Steel Indoor Clothes Line Reel

Every practical housewife will appreciate this handy little device, which takes up so little room, and yet is so useful. In the kitchen, on the back porch, or in any room, it takes the place of a clumsy clothes horse or dryer, although it occupies only 3x3 inches. Attach it to the wall or woodwork, as shown in the picture, and you can pull out 36 feet of strong, braided line, to be hooked at any convenient point. The ratchet enables you to tighten the line as wanted, without its slipping back.

The reel keeps the line clean and free from twists. It is furnished complete with screws and hooks. Agents ask 50c.
86B258—Weight, 14 ounces. Price **32c**

186B259—Revolving cast iron reel. Japanned. Fastens on top of a post and has sockets for 4 wooden bars to take clothes line. Post socket, 4¾ in. square. Bar Sockets, 2x2¼ inches. No bars or posts furnished. 85c value. Weight, 13¾ lbs. Reel, only **55c**

New Heat Retaining Sad Iron Set

186B230 **98c** 186B231 **79c**

This new iron has a detachable, pressed steel hood that keeps the heat in much longer than usual. Hood fitted with enameled wooden handle. Ironing surface (in blued finish) is very smooth, slightly convex and with rounded edges to prevent shirring. Has improved lock on wedge principle that holds iron rigid and secure. In this set everything has been thought of to make for easy, quick and comfortable ironing.

It consists of 3 oval irons, weighing with hood attached, 5½ lbs. each; and one asbestos covered stand, 6x6 inches. Shipping weight per set, 18 pounds.
186B230—Heavily nickel plated. Price **98c**
186B231—Smoothly polished.
Price **79c**

Asbestos Lined Sad Iron Set

Why Not Try Ironing with a Mangle?

$5.75

Saves Time, Labor and Discomfort

Any unstarched wash without buttons is neatly ironed by this machine much more quickly and easily than by hand, and without the expense and discomfort of a hot stove. All the large wash, like sheets, towels and underwear, and much of the small wash is thus taken quickly off your hands. There is much less wear on the wash—no danger of scorching. The hundreds of these machines that we have sold and which have been tried out, have proved their worth.

Strong iron frame with water-proofed, hardwood rolls. Clamps on any table. Heavy, adjustable pressure springs adjust to heavy or light goods. Long, easy-turning crank. Total height, 12 in. Width, 28 in.
186B275—Shipping weight, 55 lbs. Price **$5.75**

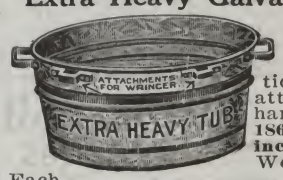
Famous Cyclone Washers



These genuine "Cyclone" Washers are well and favorably known, both for their good washing qualities and their great ease of operation. You do not need a washboard if you have one of these. They do away with that back-breaking work. You will be surprised at the ease with which they accomplish such excellent results. "Cyclone" Washers take the dirt out of any kind of wash, heavy or light materials. They clean by suction. You simply work them up and down on the clothes in the suds and they do the rest, and do it quickly, too. No hard rubbing to ruin your hands and tire your muscles. The simple directions come with the washer.

The two we quote each have a 27-inch wooden handle. The washer itself is of good, non-rusting tin.
No. 86B299 — Genuine "Cyclone" Washer. We have sold many thousands of these, and they have always given great satisfaction. There are none better made. Weight, 1 pound. Price..... **63c**
No. 86B300—Vacuum Washer. Simpler construction than above but very effective. Strong and durable. Weight, 1 pound. Price..... **35c**

186B293—Diameter, 25⅝ inches. Depth, 12½ inches. Each..... **1.25**

Every Housewife Should Have The New Ezy-Slip-On Mop

$1.19 2 MOPS FOR THE PRICE OF 1

Would you think it possible to get two mops (an oil mop and a dust mop), with handles for even less than the price of one, besides a can of oil for the oil mop thrown in for good measure? It may not sound reasonable, but that is just what we are now able to offer you. A new idea makes it possible.

These new mops have been out for only a short time, but long enough to have attained an enviable reputation for efficiency and economy. They are being widely advertised, and every good housewife will soon have a set because they do such good work, and yet represent such a great saving.

Easy to Use, Wash and Renew

The secret of the Ezy-Slip-On Mops is a triangular steel head onto which the mop filler is slipped as you would put a drawing string through it. When the mop is dirty, it can easily be slipped off again, and washed out. When it is worn, a new mop filler can be substituted at a few cents' cost, and you have a brand new mop. This means that the Ezy-Slip-On will last about twice as long and still cost less than the ordinary mop. The triangular head gets into all the corners, and the adjustable handles keep the mop always flat on the floor, even when cleaning under furniture.

Keeps Floors Clean, Shiny and New

If you use the polish mop once a week and the dry dust mop daily, your floors will always look bright and new—the way you like to see them. These mops do the work as perfectly as an expert floor finisher could.

86B363—Ezy-Slip-On Mop Set: 1 oil mop, 1 dust mop, 2 handles, and one 8-oz. can, O-So-Ezy Cedar Oil Polish. Packed in neat, triangular metal box. Weight, about 6 lbs.
Our price..... **$1.19**

Steel Outdoor Clothes Line Reel

Away with the back-breaking work of stringing up and properly tightening a clothesline! The reel illustrated does the "real" work, and all that is necessary, after fastening the end of the line, is to walk between the posts, unwinding the reel and slipping the line over the pulleys. We include three pulleys and all bolts and screws to set up, as pictured. When reel is in place, you simply wind the line as tightly as you wish. A ratchet prevents it from unwinding. When through using, just detach reel, and wind up as you walk. Keeps line always clean and free from kinks.

Holds over 150 feet of line, but weighs only 4 lbs.
186B256—Outdoor Reel, complete with pulleys and hook; weight, 4 lbs. Agents ask $1.50. Our price.. **85c**

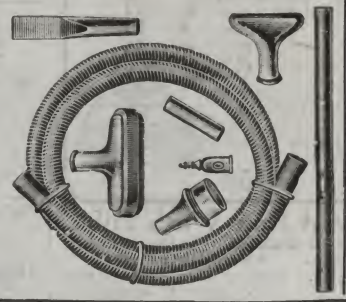
Why Be a Slave to Dirt? Look at These Vacuum Cleaners

Electric Portable Vacuum Cleaner

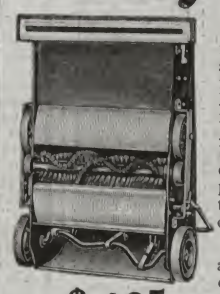


You will no longer dread housecleaning if you use one of our Windsor Cleaners. Instead of cleaning twice a year, upsetting the entire household—use the Windsor Electric every week and always have your home in a clean and sanitary condition. No moving of heavy furniture—no raising of dust—no tired feeling—it's a pleasure to use a Windsor.

The Windsor Electric is an efficient, durable, light and economical cleaner. Nozzle, width, 10 inches, fitted with revolving brush for picking up threads, lint, etc. The working parts are enclosed in a case of solid aluminum. The **Motor** is one of the best made, and has a world wide reputation. Each machine is fitted with 20 feet of electric cord. The handle is adjustable to any position. A switch is conveniently located on the upper part of handle. Full directions with each machine. **Always state current and number of volts when ordering.** You can get this information from your electric light company.

186B450—Shipping weight, 12 lbs. Price **$19.45**

Extra Attachments



186B451—**Set of attachments for above machine consisting of 9 feet of covered hose fitted with soft rubber nipples,** nozzle for cleaning furniture, brush for cleaning clothes, woodwork, etc., extension handle and tool, for cleaning books, radiators, etc. Shipping weight, 4 lbs. Price **$5.95**

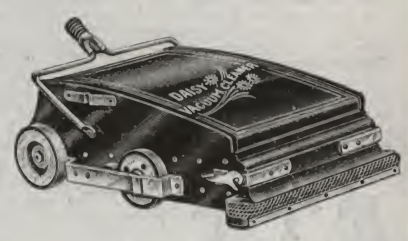
Vacuum Cleaners are here to stay. Their worth has been proven beyond the shadow of a doubt. A good vacuum cleaner will accomplish infinitely more than the best carpet sweeper. It not only takes up the surface dirt, but, by means of a continuous even suction, removes the fine dust and germs that are imbedded in your rugs and carpets.

Now that you are enabled to buy a good, dependable vacuum cleaner at a price that is generally asked for a high grade carpet sweeper, can you afford to continue the old fashioned unsanitary method of cleaning house and endanger the lives of those dear to you?

The vacuum cleaners illustrated on this page are a selection of the best on the market. You will incur a big saving in price if you place your order with us.

Daisy Roller Bearing Vacuum Cleaner

$4.85



The Daisy Combination Sweeper is used like an ordinary carpet sweeper. The vacuum (suction) is created by three powerful bellows connected by levers to the rear wheels and axle. As you move the Sweeper forward or backward, the bellows draw the dirt through the nozzle, and deposit it in the Dust Bag. The latter is easily removed for thorough cleaning.

The Daisy is but 6 inches high and enables the housewife to clean under beds and other heavy pieces of furniture without moving them.

The top case of the Daisy is built of heavy sheet steel, handsomely finished in mahogany color. The Bellows, the most important part of any Cleaner, are of the triple pump type, and insure a continuous, even suction. They are made of a double thickness of pipe organ bellows material rubber lined, and are practically indestructible. The nozzle is made of cold rolled steel, width 12 inches, and perfectly smooth; fits snugly to the rug, insuring a perfect vacuum. Heavy braided cord prevents marring of furniture or woodwork. The wheels are of stamped steel, with tires of extra quality rubber, insuring long wear. The rear wheels are fitted with roller bearings, causing the Daisy to run easily.

The brush, width 9 inches, is made of pure bristle stock. Can be instantly adjusted to long or short nap carpet, or can be put out of action entirely, converting the machine into a plain vacuum sweeper.

Don't pay the high prices asked by agents. Place your order with us, it means money in your pocket. Our cleaners are sold under the broad guarantee which covers all of our merchandise.

No. 186B453—Daisy Vacuum Sweeper. Shipping weight, 18 lbs. Price.... **$4.85**

Lakeside Vacuum Cleaner

Do Your House Work With Our Modern Lakeside Suction Cleaner and Keep Your Lungs Free From Flying Dust and Dirt

Will clean your carpets, rugs, furniture, draperies, mattresses, etc., without raising a particle of dust. The Lakeside cleaner is easy to use, easy to clean, light, compact and noiseless. It can readily be carried from room to room. Its frequent use will keep your home clean and sanitary with but little effort.

The Lakeside Vacuum Cleaner has **double suction pumps,** produces a strong, continuous suction, and collects all the dirt in a bag, which is easily emptied.

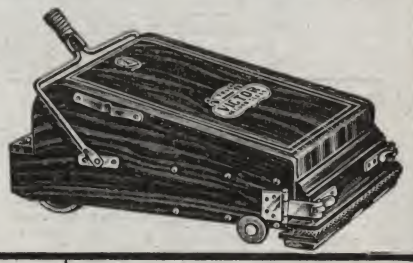
Has a top observation glass so you can see the dirt enter the collector chamber, which is a distinct advantage over most other machines.

A strong efficient hand machine, free from defects in material or manufacture. Many thousands of them are now in daily use. We include with each machine, 9 ft. of flexible hose, one carpet nozzle, and one upholstering nozzle. Weight of machine, 16 lbs. Shipping weight, 25 lbs.

186B452 "Lakeside" Vacuum Cleaner. Price **$10.25**

Victor Ball Bearing Combination Vacuum Cleaner

186B454 Shipping Wt., 20 lbs. **$5.65**



In the Victor we offer a combination Vacuum Sweeper that is without a rival. Illustration shows the construction of the machine. It is the three-bellows type, insuring a strong, even and continuous suction, which draws the dirt through the nozzle, and deposits it in the dust bag. **The rotary brush attachment is adjustable** for long or short nap rugs and carpets. The Front supporting wheels cause the machine to run easy, and prevent the nozzle from tearing or scraping the nap of the rugs.

The **Victor** Vacuum Sweeper is **made of the best material throughout.** It is a "quality" machine in the fullest sense of the word. The top case and sides are of sheet steel, finished in a rich mahogany color. The Woodwork is constructed of three-ply, built-up stock, and does not warp. The bellows—the vital part of the cleaner—are made of the best pipe organ bellows material. The nozzle, width 10 inches, is perfectly smooth, and extra strong. Note the heavy locks which hold the nozzle in position. A heavy felt pad over the front and sides of the nozzle prevents it from marring furniture and woodwork.

The Victor is but 7 inches high, enabling the operator to clean underneath beds, dressers, etc., without moving them.

$9.75 or more is the price asked by retail stores for this machine. You save fully $4.00 in placing your order with us.

186B454 — Victor Vacuum Sweeper. Shipping weight, 20 lbs. Price **$5.65**

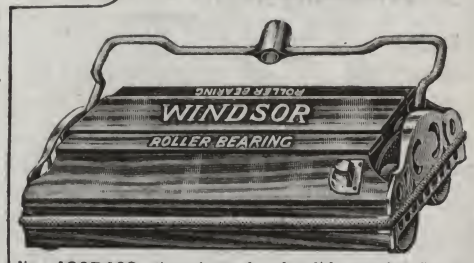
Genuine Bissell's Carpet Sweepers

Bissell's carpet sweepers are known the world over for their superior quality, excellent workmanship and high efficiency. We carry a most complete assortment and you will find our prices particularly interesting.

De Luxe

No. 186B462—An exceedingly attractive sweeper; a $4.00 value. Built exclusively for us of genuine tupelo wood, mahoganized. The curved case is made of solid stock. End plates and fittings are neat in design, all nickel-plated. Fitted with easy running roller bearings. Brush has high grade bristle stock. Can be adjusted to long or short nap carpets by pressure on handle. Wheels fitted with high grade rubber tires. Heavy braided cord encircling sweeper prevents marring of furniture. Shipping weight, 6 lbs. Price **$2.70**

Bissell's "Cyco" Bearing Sweeper $2.50



186B461—**"Bissell's Cyco" Bearing "Universal" Sweeper is one of the most popular sweepers on the market.** Has all the latest improvements. The patent "Cyco" bearings produce a perfect broom action, and the dust-proof axle tubes prevent hair and ravelings from winding around the axles. Has a reversible ball spring which prevents the sweeper from tipping when drawn quickly over the carpet. Brush is made of the best quality imported hog bristles. Both dust pans dump at the one operation. **The case is made of the choicest cabinet woods, handsomely finished. Metal parts, japanned finish.** Weight, 6 lbs. Each **$2.50**

Bissell's "Grand Rapids" Ball Bearing $3.25

186B460 — Bissell's "Cyco" Bearing "Grand Rapids" Sweeper. Fitted with patent ball bearings and all the latest improvements. There is no better corpet sweeper at anywhere near the price. Has a handsome appearing case that any housewife can be proud of. The wood parts have a fine piano polish, and all metal parts are heavily nickel-plated. The sweeper is self-adjusting to all thicknesses of carpets or rugs. Exceptionally easy running, noiseless, and reliable. This is a handsome, durable machine that will give satisfaction. Weight, 6 lbs. Our low price ... **$3.25**

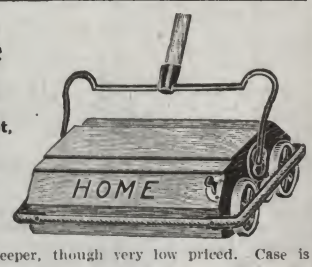
Windsor

No. 186B463—Case is made of solid, genuine Tupelo wood, mahoganized, beautifully finished. Fitted with roller bearings, which insure easy running. Brush has high grade bristle stock. Can be adjusted to long or short nap carpets by pressure on hande. End plates and trimmings are heavily nickel-plated. Wheels fitted with high grade rubber tires. Heavy braided cord encircling sweeper prevents marring of furniture. Unexcelled for service. Shipping weight, 6 lbs. $3.25 value. Price **$2.30**

$1.80 Lakeside Sweeper

No. 186B464 — Case is of birch, finished in mahogany. Brush is of extra quality bristles. Both dust pans are dumped with one operation. Can be adjusted to any kind of carpet by pressure on handle. An easy running machine that will give splendid service. Shipping weight, 6 lbs. Price **$1.80**

Rapid Carpet Stretcher

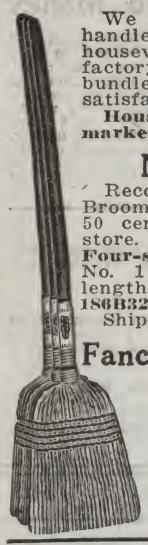


86B466—An efficient little device that fills a want you have often felt. It is very simple and easily handled. You tap the hook of the steel bar into the floor close to the wall, and press the prongs of the cross-bar into the carpet. Turn the crank and the carpet will be stretched as desired, without any back-breaking work. Weight, 1½ lbs. 50c value. Our price **35c**

Home

186B465

Shipping weight, 6 pounds



$1.50

A well made sweeper, though very low priced. Case is finished in antique oak. Equipped with dumping device and broom action for adjusting brush to long or short nap rugs. Brush has good quality bristles. A splendid value at our price. Each **$1.50**

Mops, Brooms and Brushes at Attractive Prices

House Brooms

We especially recommend our long-handled House Brooms to the critical housewife. Every one will give satisfactory service. Put up three in a bundle, each bundle wrapped to insure satisfactory shipping.

House Brooms are quoted subject to market changes.

No. 1 House Brooms

Recognized as the standard House Brooms. Usually sell for from 40 to 50 cents each in an ordinary retail store. Made of selected sound corn. **Four-sewed** with strong orange twine. No. 1 maple handles. Broom part, length, about 14½ inches.

186B320—Three Brooms **87c**

Shipping weight, 6 lbs.

Fancy Carpet Parlor Brooms

For sweeping carpets and rugs. Retail value 50 to 60 cents each. Made of first quality, selected corn. Broom part, length, about 16 inches. Five-sewed, with durable twine; maple handles, fancy mahogany enameled finish.

186B321—Three Brooms **$1.15**

Shipping weight, 7 pounds.

The Blanchard Economy Broom

The Blanchard Economy Broom is made with a detachable holder, and is the most practical idea yet invented in broom manufacture. Because of its scientific construction will last one-third longer, and cost about one-half what the old style broom costs. After once buying a complete broom, it is only necessary to buy a new filler when the old one is worn out.

We can furnish the holders in two finishes—nickel plate or galvanized, and the fillers in two grades. We advise ordering an extra filler or two with every broom. The fillers will fit either holder.

Brooms Complete

186B322—No. 1. Has nickel plated holder. Filler is made of best quality broom corn. Weight, 35 ounces. Each..**48c**

186B324—No. 2 Has galvanized holder. Filler is high grade house broom stock. Weight, 35 ounces. Each...**42c**

Fillers (Broom Straw)

A Boon to the Housewife

M. W. & Co.'s Triangle Polishing Mop

With 54-In. Adjustable Handle. Same size and shape as Mops that retail at $1.25 and $1.50

Made with an adjustable handle that works in all directions, and reaches into remote corners, under beds, to top of moldings. Made of absorbent long-fibre cotton, the cord fingers pick up all the dust and dirt and renew the original floor lustre as the mop goes along. Light, strong and durable.

Gives a brand newness to all varnished and painted surfaces, linoleum and oil cloth. The dust can easily be shaken out. The mop can be washed and renewed with polish. Directions given on every can. All parts of the mop coming in contact with the furnishings are padded so that it will not scratch or mar.

Mop can be stood in any out of the way corner in the handy can in which it comes. No muss. No fuss whatever. Shipping weight, about 3 pounds.

86B360—Each **69c**

Windsor Flat Oil Mop

Without Handle

Oil Mops are known to improve the finish of a floor, while water often spoils it. The Windsor Flat Oil Mop cleans and polishes like new, all hardwood, linoleum, painted or waxed floors, with absolutely no dust. Made of absorbent cotton. Can be used with any mop stick, and can be washed and oil renewed. Each mop put up in tin can in which to keep it. Full directions on can. Weight, about 1¼ pounds.

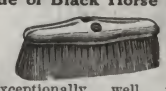
Floor Brushes

Made of Prepared Fibre Stock



Our number 86B399 and 86B400 floor brushes are made of prepared fibre stock. Hardwood backs, oiled finish. They are, we believe, one of the most satisfactory low-priced floor brushes on the market. Double socket, which makes it possible to use brush either side. Complete, with 54-inch handle. **We can furnish in two sizes only,** 12 and 14 inch.

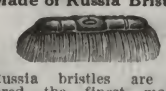
86B399—12-inch brush **$0.45**
Shipping weight, 2½ pounds.

86B400—14-inch brush ..... **.70**
Shipping weight, 2¾ pounds.

Floor Brushes

Made of Black Horse Hair

Exceptionally well made floor brush of black horse hair. Especially desirable for use on varnished or oiled floors. Have oiled finish, hardwood blocks with double socket, so brush can be used on both sides. Complete, with 54-inch handles. Can only furnish sizes listed.



86B402—12-inch brush **$0.78**
Shipping weight, 2¼ pounds.

86B403—14-inch brush **$0.92**
Shipping weight, 2½ pounds.

86B404—16-inch brush **$1.10**
Shipping weight, 2¾ pounds

Floor Brushes

Made of Russia Bristles

Russia bristles are considered the finest material used for floor brushes. They are becoming scarce, but owing to early purchases, we still offer brushes made of selected quality long Russia Bristles. Strong, hardwood block, well filled, double socket. A fine broom for any floor, especially when varnished, oiled or waxed. Complete with 54-inch handle. Can only furnish sizes listed.

86B407—12-inch Brush **$1.75**
Shipping weight, 2¾ pounds.

86B408—16-inch brush **$2.25**
Shipping weight, 3 pounds.

Window Brush, 35 cents

86B413—Window Brush. Much superior to cloth for washing windows. Solid 8-inch back, well filled with 2¼-inch soft bristles. Shipping weight, 10 ounces. Each **$0.35**

We do not furnish handle with window brush.

Panel Brush, $1.25

86B411—Floor, Panel and Window Brush; width, 14 inches. Made of good quality bristles, very full on ends, as illustrated. The best made for getting dust out of corners. Also, a first-class window brush. Shipping weight, 14 ounces. Complete with 54-inch handle.

Each **$1.25**

Furniture Brush, 29 cents

86B414—Made of good quality bristles. Pointed center, that will remove dust from corners and around buttons in upholstered furniture. Length, 11½ inches. Shipping weight, 3 ounces.

Each **$0.29**

Sink Brush

Made of tough Palmyra fibre. For cleaning sinks, pots and kettles. Made good and full with strong wire handle. Saves the hands. About 9 inches long. Weight, each, 4 ounces.

86B418—1 brush..**9c** **86B419**—3 brushes..**25c**

Pot Brushes for Cleaning Pots and Pans

Made of strong palmyra fibre, on durable, twisted wire frame. Has 4-inch ebonoid handle. Brush part length, about 5 inches. Shipping weight, 3 ounces.

86B416—Each **$0.09**

China–Crockery–Glassware–Lamps

Finest Quality Dinnerware Newest Patterns

There is no one that can offer you better crockery values than we do in this catalogue. Our assortment is complete and comprises the very latest styles, shapes, patterns and decorations, and a wide range of prices to suit every pocketbook. The china itself, whether American or imported, is strictly first quality. No seconds are listed in this catalogue. The decorations are the finest and most artistic it is possible for us to procure, and represent the best ideas of the leading potteries of the United States and Europe.

On our color insert we reproduce plates from most of our decorated dinner sets in their actual colors and decorations. Refer to this page when making your selection.

Our Guarantee

We guarantee that every article sold will be as illustrated and described in our catalogue; will arrive in good condition; will serve its intended purpose; and will be satisfactory to you.

You may always exchange for other articles or have your money back, including, in either case, the transportation charges which you have paid.

It is our desire to make trading with us so easy, so profitable and so satisactory that you will be pleased not only with the goods received, but also with our service and our entire method of dealing.

Our Prices Will Save You Money

If you will compare our prices on dinnerware, fancy china and glassware with those charged by dealers, you will find that in every case you can make a substantial saving by sending your order to us. Buying as we do in such enormous quantities, direct from the manufacturer, we secure the very lowest prices. Thus we are able to sell far below the usual retail prices, and make a big worthwhile saving for our customers. So, in buying here you have a threefold advantage: First, you are always sure of receiving first quality, selected dinnerware. Second, you secure the best and newest decorations and patterns. Third, you save a substantial amount on your purchase, and are assured safe delivery and satisfactory goods. You run no risk whatever in buying from these pages.

Composition of Our American Semi-Porcelain Dinner Sets

We offer only first quality selected American semi-Porcelain china, made by the most famous potteries in this country. It is snowy white in color, with a rich glaze, light in weight, strong and durable, and will not craze or surface crack. In the sizes given the measurement is from edge to edge (actual size). Please read carefully the list of pieces making up these sets. Each piece counts one, sugar and cover two pieces. It is made in the newest and most popular shapes and the decorations are all very pleasing.

Here is a Dinnerware Pattern, copied from chinaware used during our country's "Colonial Days," when all necessities were simple in design, of good appearance, and very substantial. Made of high grade Semi-Porcelain. Decorated with band of dark blue, shading to light under the glaze, and bright gold lace design over the glaze, which blends perfectly with the white body. Also inner band of light blue hair line on each piece. See color page, showing actual appearance of this set.

For list of pieces in these sets, see introduction to Crockery.

Your own initial on every piece in genuine gold. The decoration is exceedingly pretty and artistic and consists of sprays of trailing arbutus, in natural pink, with green leaves and stems. Daintily embossed around the edge. All handles are traced with bright gold. The initial we use on this set is an exact copy of the initial used on the finest imported china. Is of old English design, surrounded by a wreath of gold. Bear in mind that every initial is put on to order. State plainly the initial you want.

For list of pieces in these sets, see introduction to Crockery.
One of our most attractive decorated border pattern Dinner Sets. Made of the finest quality of Semi-China. White in color; light in weight; plain edge shape. The decoration consists of a narrow golden yellow band, on which a black line forms the Greek key. Entwined with this band at intervals is a garland of dainty pink rosebuds, with green leaves and stems. Outside of the border, on the edge of every piece, is a narrow band of rich, yellow gold. The handles are traced with gold. See color page for actual decoration.

Corona Pink Rose Border Dinner Set

150B303—100-Piece Corona Pink Rose Border Dinner Set. Shipping weight, 90 lbs. Price . . . **$16.98**
This set is made of the finest quality of Austrian China, in a new, plain edge shape. The decoration consists of an exquisite border of assorted flowers and foliage. Outside of this border is an edge of bright gold. The handles are half covered with matte gold. The graceful shapes and pleasing colors of the decoration, makes this an exceptionally handsome set.
For list of pieces, see top of page.

Gold Band China Dinner Set

150B305—100-Piece Gold Band China Dinner Set. Shipping weight, 90 lbs. Price **$17.95**
A handsome White and Gold Dinner Set. Made of the finest quality of White translucent China, with a brilliant glaze. New plain edge shape. The decorations consist of a broad band of bright gold around edge of each piece, with an inner hair-line of bright gold. The handles are heavily clouded with a dull gold.

Rose Garland Border Dinner Set

150B307—100-Piece Garland Border Dinner Set. Shipping weight, 90 lbs. Price **$20.45**
The decoration consists of a full border, composed of Garlands of dainty pink roses with green leaves, extending completely around each piece. On the outside of the border are two bright gold lines. Plain edge shape. All handles are traced with bright gold. Made of the finest quality of translucent Bavarian China. Perfectly modeled. Light in weight, white in color. With a rich glaze. See colored page for a dinner plate showing actual appearance of this set.

Narona Floral Border Dinner Set

150B309—100-Piece Narona Floral Border Dinner Set. Shipping weight, 90 lbs. Price **$23.98**
Made of the best quality of thin translucent China, in a new plain edge shape. The decoration of this set consists of a border of assorted flowers in delicate shades. The edges of all pieces have a narrow band of bright gold; the handles are traced with bright gold. A very neat and attractive set that will harmonize well with any table furnishings.
For list of pieces, see top of page.

White and Gold Bavarian China Dinner Set

150B315—100-Piece White and Gold Dinner Set. Shipping weight, 90 lbs. Price **$29.35**
For list of pieces in this set, see introduction to German China.
White and gold Chinaware. Modeled after one of the famous Haviland shapes. Each piece is decorated around the edge with a wide band of yellow Roman gold, which follows the outline of the dainty embossing. The body is made of white China, light in weight, richly glazed. See dinner plate of this set, shown on colored page, for actual decoration.

150B326—100-Piece Sparona Rose Border Dinner Set. Shipping weight, 90 lbs. Price **$29.98**
A new and pleasing design in a genuine Bavarian Dinner Set. Made by the foremost manufacturers of Bavarian China. White in color, light and thin, and modeled in a new panel shape. The decoration consists of an Oriental scroll border in sepia brown, with French green and brown medallions. Suspended from this border at regular intervals are garlands of delicate pink rose buds, with green foliage. The handles are half covered with matte gold. See colored page for dinner plate, showing actual decoration of this set.

Haviland France — Each piece has this stamp in green

Genuine Haviland China

None Genuine Without These Stamps

Decorated China this additional stamp in red — Haviland & Co. Limoges

We sell the Genuine Haviland China

Haviland China has long been famous for its excellent shapes, its durability, and the beauty and daintiness of its decorations.

It is Dinnerware of the finest quality. Every piece of china that we represent as Haviland, bears the registered trade mark "Haviland, France," in green under the glaze.

The decorated china has this additional stamp, "Haviland & Co., Limoges," in red on the glaze. This signifies that our china is made and decorated at the Haviland factory in France. None genuine without these stamps. This is the China known as Haviland China since 1840.

150B419 — 100-Piece "Lorraine" Dinner Set, $39.98

Shipping Weight, 90 Pounds

This attractive border floral Pattern Dinner Set is modeled on Haviland & Co.'s famous Silver Shape. Made of the finest quality of Genuine Haviland China. Light in weight, thin, and translucent, yet very strong and durable. The decoration consists of large and small sprays of pink arbutus flowers, with delicately tinted, green foliage. The coloring is particularly soft and pleasing. The edge of every piece is embossed in an exceedingly dainty design. Outside of the embossing is a broad band of matte yellow gold, of best quality. The handles are half covered with a rich matte, yellow gold. See colored page for Dinner Plate, showing actual decoration of this set.

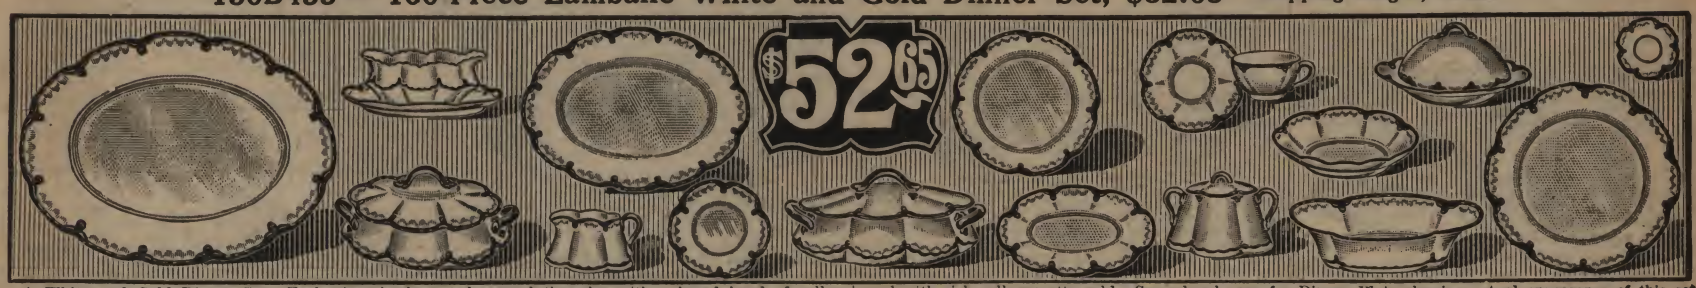
150B424 — 100-Piece Josephine Haviland Dinner Set, $42.50 Shipping weight, 90 lbs.



Made of the finest quality of translucent Haviland China, on Haviland & Co.'s famous Silver shape. Decoration consists of a broad band of yellow matte gold of best quality, inside of which is a golden yellow band. Each piece is outlined by two narrow black lines, forming a beautiful conventional border band in saw tooth design. On the shoulder of the plates, etc. and hollowware there is a wreath of blue French corn flowers, with delicate foliage. Handles half covered with yellow matte gold. See colored page for Dinner Plate, showing actual appearance of this set.

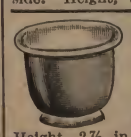
Brown and White Vitrified China Baking Dishes

While this Ware has been on the market for less than two years, it is rapidly displacing all other kinds of Cooking China.
This is not the common Porous Earthenware usually sold, but a dense, vitreous, fireproof body, which will not craze, crack or absorb.
The outside is a rich dark brown; inside is white. Highly glazed outside and inside. Just as durable as Enamelware and far more sanitary.
We can furnish this ware in the different pieces listed below:



50B1627—Price, each, **65c**
Ship. wt., 6 lbs.
9½-Inch Vitrified China Round Baking Dish. Suitable for baking pot pies, custards, etc. Brown outside; white inside. Height, 3¼ in.

The FAMOUS *ANGLE* LAMP

Angle Lamps Need No Introduction. They are in a distinct class of Their Own. Their entire principle of construction and design is radically different from any other Lamp on the market. They are easily the most satisfactory and reliable Flat Wick Burner Kerosene Lamps made. Gallon for gallon, they will give more light and better light than any other lamp using the ordinary flat wick burner. They are the biggest improvement ever offered in kerosene lighting systems. Of all lamps fitted with flat wick burners, the Angle Lamp is the simplest, safest, most easily operated of them all.

The big drawback of so many ordinary hanging lamps is, that you cannot read when seated directly underneath, on account of the big shadow cast by the fount or oil chamber. The Angle Lamp throws its rays of light equally in all directions.

The oil pot holder is made from good quality metal, embossed in fruit and floral designs, and highly nickeled.

The level of the oil in the pot is automatically regulated. The burner of this Angle Lamp is so simple that there is nothing to get out of order.

We send instructions with each lamp. Adapted for use in homes, halls, churches, where a good steady light is needed. Four sizes, as described below. **We do not furnish spring extension with these lamps.**

Four-Burner Angle Lamp

50B2560—Price, each, **$9.60**
Shipping weight, 50 lbs.

Fitted with four No. 3 burners and wicks. Clear glass bottom globes and opalescent chimneys.

Three-Burner Angle Lamp

50B2562—Price, **$7.45**
Shipping weight, 30 lbs.

Fitted with three No. 3 flat wick burners. Oil fount holder and oil chamber nickeled and polished. Fitted with plain crystal glass bottom globes. The chimneys, white opalescent glass. Oil pot holds three quarts of oil, will burn 15 successive hours. Lamp comes complete as illustrated, ready for use, with full instructions.

50B2566

Two-Burner Angle Lamps

50B2564—Price, each, **$5.40**
Shipping weight, 26 lbs.

Very similar in design to the three-burner, No. 50B2562, they are finely nickeled and polished, with embossed fount holder. The bottom globes are plain, clear glass; the chimneys are white, opalescent glass. Oil pot holds 3 quarts of oil which will burn 22 hours.

Single Burner Angle, Hall or Kitchen Lamp

50B2566—Price, each, **$3.35**
Shipping weight, 18 lbs.

This Lamp is designed for kitchen and similar uses. It is a wall lamp, fitted with a slot for a hook or nail. Will give you a much better light than the ordinary hall or bracket lamp at the same cost. Handsomely finished in polished nickel. Oil pot holds 1 quart and will burn for 16 hours. Fitted with plain glass bottom globe, and white opalescent chimney.

Comfort-loving people delight in our fine Turkish Rockers

Royal

EXTRA HEAVY SEAMLESS ALUMINUM WARE

Aluminum ware is the ideal ware for cooking purposes. Does not flake or chip. is not affected by the food, nor does it affect the food in any way. Heats quickly and evenly, saving fuel. Seamless, hence easy to keep clean. An ornament to any kitchen. Royal Aluminum Ware is made extra heavy, of hard sheet metal. Although it is the best that money can buy, we are able to offer it at prices that are no higher than others ask for high-grade enameled ware.

Tea Kettles

$1.69

DURO

HIGH GRADE TWO COAT ENAMELED WARE

In both wearing qualities and attractive appearance Duro Enameled Ware is the best to be had at any price. Unlike ordinary gray ware, which has only 1 coat of enamel, Duro Ware has 2 distinct coats. It will therefore stand the hardest kind of wear, and, furthermore, is not affected by any sort of fruit or vegetable acid.

The pictures give a faint idea of the extremely attractive appearance of this new ware, which is as serviceable and durable as it is handsome. Every piece has been carefully inspected and is perfect. The sizes are actual and not trade sizes. There is no better enameled ware to be had anywhere at any price.

Majestic Bread Maker

$1.60

The Majestic Bread Maker kneads and mixes the dough better, more quickly, and with much less labor than it can be done by hand. Home-made bread is always better and tastier than bakers' bread, but the kneading is tedious, hard work. With a Majestic you can knead from 2 to 10 loaves in 3 minutes' time, and the dough will be more thoroughly mixed. After the kneading, the dough is left in the pail to rise. No experience is required.

The Majestic is made of heavy charcoal tin, polished. The mixer and handle are of steel. Furnished in 2 sizes: Capacity of pails, 10 or 16 qts., sufficient for 2 to 6 loaves or 4 to 10 loaves.

186B1529—Capacity, 2-6 loaves. Shipping wt., about 13 lbs. Price $1.60

ALABASTER
SEAMLESS WHITE ENAMELED WARE

Every piece of Alabaster Ware is made of seamless, heavy, sheet steel covered with pure, snow white, porcelain enamel with dark blue rims. As it is exceptionally strong and durable, and will not chip easily, it is much more serviceable than crockery, although it weighs only about half as much. It is both handsome and practical, and will give the best of service.

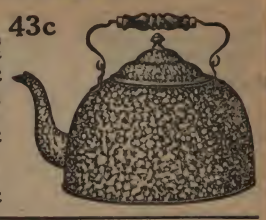
High Grade Two Coated DURO Enameled Ware

In Duro Enameled Ware we offer a line of kitchen utensils which for wearing qualities combined with attractive appearance is in a class by itself. Unlike the ordinary gray ware, which has only 1 coat of enamel, Duro Ware has two distinct coats of a most adhesive enamel, which will withstand the hardest kind of usage, and, being chemically pure, is not affected by the strongest fruit or vegetable acids.

The first dark coat of enamel is practically amalgamated with the steel. The second coat is applied with a pretty white mottled effect, giving Duro Ware a most striking and pleasing appearance. (See page showing actual colors.)

The capacities and sizes quoted on this page are actual measurements,—we do not give so-called trade sizes. Every piece is carefully selected and of first quality; we do not handle seconds.

Bread Raisers



Made seamless with ventilated tin covers. Strictly sanitary.

If you want to prove our ability to give values, see our stove pages

Phoenix Turquoise Blue Enameled Ware

Phoenix Ware is made of heavy sheet steel, covered with chemically pure white enamel on the inside and nicely mottled turquoise blue enamel on the outside. Will give excellent service, and is most attractive in appearance.

Every piece is carefully inspected and free from imperfections. The sizes given are all actual measurements.

Quality considered, our prices can hardly be duplicated elsewhere. If you prefer turquoise enameled ware in your kitchen, you will be more than pleased with Phoenix Ware. For complete assortment, see Index. These sets, at our prices, are values you should not overlook.

Alabaster White Enameled Ware

Every piece of Alabaster Ware is made seamless of heavy sheet steel, covered inside and out with snow white pure enamel, with dark blue edges. Exceptionally strong and durable, more practical and serviceable than crockery, because it will not chip or break as easily, and weighs only about half as much.

We consider Alabaster White Ware the best that money can buy.

Useful Pieces of Duro Enameled and Tin Ware

This set, which aims to supply all the enameled and tinware needed in the average home, is composed of our Special Duro Enameled Ware, together with tinware of the highest quality. A glance at the sizes will show you that we have not stinted. The price has been made specially low, for this set cannot ordinarily be obtained at retail for less than $7.50. Our Duro Enameled Ware is double coated instead of single coated, and it will consequently wear and last much longer. The tinware is high grade in every respect. The set is packed for quick shipment, so that we cannot make any changes in it. You will be delighted with the quality and generous sizes. No. 8 size consists of the following items:

1 Copper Bottom Wash Boiler. Size, 20½x10¾ in.	2 Pudding Pans, 2 qts. and 3½ qts.	1 Dust Pan, 9x15.
2 Bread Pans, 11½x6 in.	1 Dipper, ¾ qt.	1 Flour Sifter.
1 Oblong Pan, 11¾x7¾ in.	1 Cake Turner.	1 Baking Pan, 10x15 in.

ROYAL

Extra Heavy Seamless Pure Aluminum Ware

Aluminum is unquestionably the ideal ware for cooking purposes. It does not flake or chip. Will outlast several of the other kind. Is not affected by the food you cook in it, nor does it affect the food. Heats quickly and evenly, saving fuel. Most attractive in appearance. Every piece made seamless, therefore sanitary and easy to clean.

But, aluminum ware is **not** all the same. **Royal Aluminum is different;** it will more than hold its own with the best known and most widely advertised brands. We offer you quality cooking utensils made extra heavy for us from hard sheet metal. They are **not** "just as good," they are the best that money can buy, and will give the maximum of service.

The prices we ask for this high grade Royal Aluminum are no higher than you would pay elsewhere for high grade, enameled ware utensils.

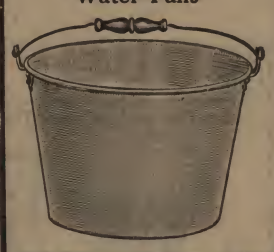
Royal Aluminum Percolators

$1.65

The best way to make coffee that is delicious to taste and healthful, is by the percolator method. It produces coffee that is clear and free from coffee grounds; it is also an economical method, as it requires less coffee than the old fashioned way. Aluminum Percolators are particularly desirable, as the taste of the coffee is not affected by the metal.

The Percolators listed here are of an exceptionally handsome design, and will prove an ornament to any table; at the price we quote they are most unusual bargains.



186B1023 — Capacity, 7 cups. Shipping weight, about 3 lbs. Price **$1.65**

186B1024—Capacity, 10 cups. Shipping weight, about 5 lbs. Price **$1.98**

9-Piece Roaster and Cooking Set

186B1064 — One of the most practical combinations ever offered. Consists of 9 pieces, which make up the following combinations: Double self-basting roaster, double boiler, egg poacher, and steam cooker, besides which each vessel can be used separately. The upper and lower pan combined, form a double self-basting roaster that will take a small roast or fowl. By adding the tray, which holds the cups, and smaller pan, you have a steam cooker or double boiler. For poaching eggs or cooking custards, the lower pan, tray and cups only are used. The 3 pans can be used as pudding or baking pans.

Made seamless of pure aluminum. Capacities: Lower pan, 3½ qts.; upper pan, 2½ qts.; inside pan, 1¾ qts.; custard cups, ¼ qt. Top diameter, 10¼, 10¼, 8¼ and 2⅞ inches, respectively. Shipping weight, about 4 lbs. Agents ask $2.50 or more. Our price, complete..... **$1.65**

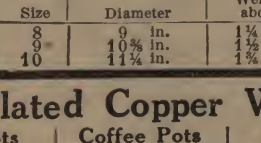
Aluminum Cleanser and Polish

86B1085—Orona Household Cleanser. Cleans aluminum perfectly without injuring it. Applied with a damp cloth or sponge, it will quickly remove all stains, etc. Also cleans brass, copper, tin and enameled ware. Weight, about 10 oz. Price, each..... **10c**

86B1086—Alumishine Polish. Does excellent work, makes old utensils look like new. Polishes aluminum and all other metals, including gold and silver. Does not injure metal or hands. Weight, about 3 oz. Each..... **10c**

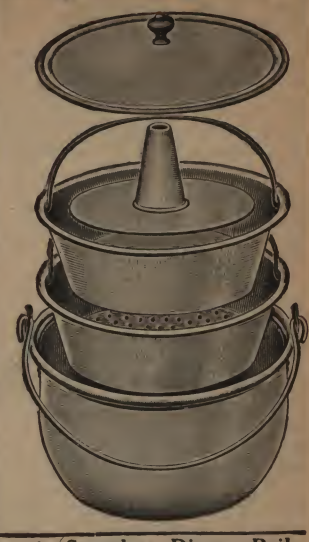
Royal
Extra Heavy Seamless Pure Aluminum Ware

Seamless Double Roaster



$2.69

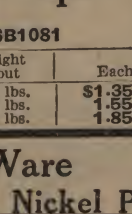
186B1065—Made extra heavy of hard, pure aluminum. Body and cover are seamless and fit snugly, retaining all the juices and preventing shrinkage of meat. The center of the lower pan is raised and does not touch the oven, serving the same purpose as a separate rack. Roaster is continuously self-basting, preventing scorching. A truly sanitary vessel; has no sharp corners, and is easy to clean. Lower pan may be used separately.



Will take very large roast or fowl. Inside dimensions: Length, 16½ in. Width, 10¾ in. Height, 7 in. Length and height over all, 18¾x8¼ in. Shipping weight, about 5 lbs. An exceptional value. (Sold by agents for $4.00 and more.) Our price, each..... **$2.69**

Covered Roaster — $1.89

186B1066—Seamless, heavy, pure aluminum. Rounded corners. Easy to clean. Continuous self-basting prevents scorching. Pans may be used separately. Inside dimensions: Length 13¾ in. Width, 8¼ in. Height, 6½ in. Length over handles, 15½ in. Shipping weight, about 4 lbs. Sold regularly at retail for $3.50. Our price, each..... **$1.89**



5-Piece Cooking Set, $1.55

186B1067 — The combinations which can be formed with these pieces are most practical. Set consists of 6 qt. Berlin Kettle and cover, perforated bottom and solid bottom pans, 2½ qts. each, and cake pan tube with bottom. All pieces are uniform in diameter, fit snugly and enable you to form the following combinations: Self-basting double roaster, cereal cooker or double boiler, steam cooker, tubed cake pan, covered bake dish, Berlin kettle, preserving kettle, pudding pan, strainer or colander, etc.

Made seamless of pure aluminum. Shipping weight, about 4 lbs. Agents ask $2.50 and more. Our price, complete..... **$1.55**

Easy to exclude these pesky insects with our guaranteed screen

ELECTRIC HOUSEHOLD CONVENIENCES AND LABOR SAVERS

All articles listed on this page (except the Electric House Lantern) are designed for use on electric current of 108 to 115 volts, either direct or alternating. Usually they will work satisfactorily on current as low as 100 volts and as high as 120 volts.

A few words about Electric Sad Irons. Any woman who has electric current in her home owes it to herself to get an electric sad iron. It will take drudgery away and make ironing easy, clean and agreeable. No time is lost, as there is in heating the old style irons. All that is necessary is to insert the attaching plug into any convenient electric light socket. In a few minutes the iron is hot enough to use and will remain at the right temperature as long as the current is on. Once you heat your iron you need not leave the ironing board. The constant running to and from the stove to heat cold irons is done away with. Neither is there any heat to cause discomfort while ironing, and your iron is always clean; no soot nor dirt on the ironing surface to spoil your clothes.

PRISCILLA "STOVE" ELECTRIC SAD IRON

63B1805—Price, each **$2.75**
For use on Elec. Current 108 to 115 v.
A specially constructed iron. Can be used for the regular ironing or can be inverted and used as a stove to make coffee, fry eggs, etc. The heating element is so constructed that the excessive stove heat will not injure it. Iron has nickel plated top and sides. Extra smooth finished ironing surface. Heating element assured indefinitely against burn-outs. Ebonized wood handle. Six-foot cord with attaching plug. Heat insulating stand with detachable supports to hold iron when inverted. Weight of iron, about 6 lbs. Ship. wt., 9½ lbs.

PRISCILLA QUALITY ELECTRIC SAD IRON

63B1810—Price, each **$2.38**
For use on Elec. Current 108 to 115 v.
An extra quality iron having detachable plug and cord. Heats splendidly and very convenient to use. Heating element assured indefinitely against burn-outs. Top and sides nickel plated. Bottom has extra smooth finished ironing surface. Ebonized wood handle. Detachable six-foot cord with attaching plug. Heat insulating stand. Weight of iron, about 6 lbs. Shipping weight, 9½ lbs.

PRISCILLA TRAVELERS' ELECTRIC SAD IRON

63B1815—Price, each **$2.35**
For use on Elec. Current 108 to 115 v.
For the traveler for emergency ironing, or for light domestic ironing, this iron will be found very handy and convenient. For ironing delicate clothing, ribbons, laces, velvets, neckties, etc., it is even superior to the larger irons. Heating element assured indefinitely against burn-outs. Top and sides nickel plated. Bottom has extra smooth finished ironing surface. Detachable ebonized wood handle. Six-foot cord with attaching plug. Heat insulating stand. Can be placed in a very compact space so that it does not take up much room in a suitcase. Weight of iron, about 3½ lbs. Shipping weight, 6½ lbs.

PRISCILLA PACE MAKER ELECTRIC SAD IRON

63B1820—Price, each **$1.95**
For use on Elec. Current 108 to 115 v.
A well designed and finely finished iron of the very best quality. So constructed that it will stand much hard usage. Heating element assured indefinitely against burn-outs. Top and sides nickel plated. Bottom has extra smooth finished ironing surface. Ebonized wood handle. Six-foot cord with attaching plug. Heat insulating stand. Weight of iron, 6 lbs. Shipping weight, 9½ lbs.

ASBESTO AUTOMATIC ELECTRIC SAD IRON

63B1825—Price, transportation charges prepaid, each **$5.00**
For use on Elec. Current 108 to 115 v.
This iron is fitted with an automatic heat regulator so that its temperature remains at point best suited for ironing, whether you are ironing the lightest and most delicate of fabrics or the heaviest tablecloths or bed sheets. No scorching of clothes, no waiting for iron to heat up. Can be regulated to point best suited to user. Heating element assured indefinitely against burn-outs. Top and sides nickel plated. Bottom has extra smooth finished ironing surface. Ebonized wood handle. Heat insulating stand, six-foot cord and attaching plug. Weight of iron, 7 lbs. Ship. wt.. 10½ lbs.

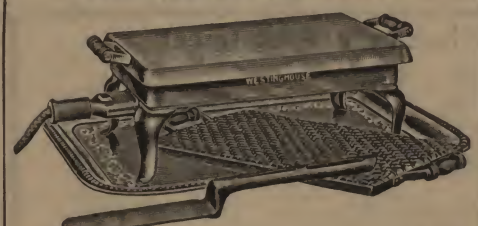
WESTINGHOUSE ELECTRIC SAD IRON

63B1830—Price, each **$2.55**
For use on Elec. Current 108 to 115 v.
A standard, well known iron, that has given the best of service. High grade in every detail. Neat and pleasing in design. Heating element assured indefinitely against burn-outs. Top and sides nickel plated. Bottom is a natural polished ironing surface. Ebonized wood handle. Eight-foot cord with attaching plug. Heat insulating stand. Tension spring to take up slack cord. Wt. of iron, 6 lbs. Ship. wt., 9½ lbs.

HOT POINT ELECTRIC SAD IRON

63B1835—Price, each **$2.55**
For use on electric current 108 to 115 volts.
A standard, well-known iron having special features. Heat is concentrated at point where most needed. When ironing is to be shifted, iron is tipped on end instead of lifted onto a stand. Heating element assured indefinitely against burnouts. Top, sides and bottom are nickel plated. Ebonized wood handle. Six-foot cord and attaching plug. Weight of iron, 6 lbs. Shipping weight, 9½ lbs.

ELECTRIC TOASTERS

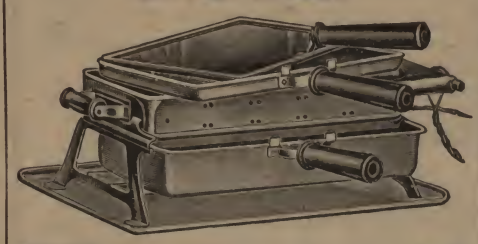


Crisp, brown tosted bread, is one of the most appetizing of foods. If you have electric current you can prepare the finest and most delicious toast in a few minutes' time, with one of these electric toasters. Just connect to any electric light socket, lay the bread on the toaster and in a few seconds remove the warm crisp toast. Even if you have facilities for making toast by other means, you will find that electrically-made toast is better than any other. More uniform, far easier and quicker to prepare, and can be made on dining table if desired.

O. K. SPECIAL TOASTER

63B1850—Price, each **$1.95**
For use on electric current, 108 to 115 V. For quick results and economy of operation, this is one of the best toasters made. Toasts two full sized slices of bread at once. Just open the door, lay on the toast, tip door back and in a few seconds you take out the finest crisp brown toast. Toast can be laid on top of toaster to be kept warm or to melt butter into it. While very low in price, for toasting only, this toaster will be found to be equal to any toaster made, regardless of price. Finely finished in polished nickel. Has five-foot cord and attaching plug. Cord can be disconnected so that you need not arise to turn off current. Can be stood on polished table without danger from heat. Size over all, 8½x4x5½ in. Shipping weight, 3½ lbs.

WESTINGHOUSE TOASTER STOVE



63B1865—Price complete, each..... **$4.25**
For use on electric current 108 to 115 volts.
A complete and practical electric stove. For general cooking on dining room table. Ideal in the living room for popping corn, roasting chestnuts or marshmallows. Has two tops; one a screen for toasting; the other an aluminum pan, used for baking griddle (pan) cakes, for frying and for general cooking. Has cake turner which also serves as a handle for stove. Attains a working temperature in from 3 to 5 minutes. Size of top, 5⅞x9½ in. Finished in polished nickel. Retail value, $6.00. Shipping weight, 8 lbs.

TRIANGLE ELECTRIC TOASTER STOVE

63B1855—Price, each **$2.80**
For use on electric current 108 to 115 V. One of the best Toaster stoves ever offered at the price. Best design and construction, finely finished in polished nickel. Besides toasting, it can be used for broiling, frying, or boiling. Will toast two pieces of bread at one time. Will fry eggs. Can prepare tea, coffee, breakfast food, etc. Light in weight, and almost unbreakable. It is so made that the surface upon which the stove rests will not be scorched nor scratched. Top is 6 in. diam. Height, 3⅜ in. Comes complete with cord and plug. May be attached to any ordinary lamp stocket. Heating element assured against burn-outs. Shipping weight, 3 lbs.

HOT POINT EL GRILLO

63B1870—Price, complete **$4.20**
For use on electric current 108 to 115 volts.
Broils, boils, fries, toasts, and pops corn. Two operations may be performed at the same time, one above and one below the coils. The pans fit below as well as above the Heating Element. When only one operation is performed one of the pans may be placed on the opposite side of the element to deflect heat. Made of steel, polished nickel finish. Has deep pan with corrugated broiling grid, medium pan, shallow pan (which is also used as a cover for the others), recipe and instruction book, detachable cord with attachment plug. Heating Element assured five years. Size over all, 7¼x10¾x3¾ in. Shipping weight, 8 lbs.

RADIANT ELECTRIC TOASTER

63B1860—Price, each **$1.48**
For use on electric current, 108 to 115 V. An electric toaster, utility stove and radiator. Can be used to make toast, prepare coffee, fry eggs, etc., or to warm a small room. Base made of polished composition material; always cool. Fitted with six-foot cord and attaching plug. Size over all, 6x6⅜x2¾ in. Shipping weight, 6 lbs.

IMMERSION ELECTRIC HEATERS

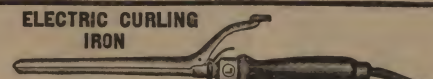
63B1885—Small size, straight neck. Length, 7 in. Price, each **$2.55**
63B1887—Large size, straight neck. Length, 10 in. Price, each **$3.40**
63B1889—Crookneck. Size, 6½x8¼ in. Price, each **$4.20**
For use on electric current 108 to 115 volts.
Quickly heats or boils any liquid it is plunged into. The liquid completely surrounds the Heating Cylinder and takes up practically all the heat generated, resulting in very high efficiency. Two sizes. Large size also in crookneck form, the cylinder of which will lie submerged in liquid one-inch deep. Much used by doctors, dentists, etc., for sterilizing. Made of copper and brass, polished nickel finish. Has cord, attachment plug and special switch-plug. Heating Element assured two years. Shipping weight, 2 lbs. each.

SIX INCH ELECTRIC DISC STOVE

63B1880—Price, each **$2.45**
For use on Elec. Current 108 to 115 v.
The many uses of this electric stove make it very convenient and desirable in the household, in the offices of physicians, surgeons and dentists, in the laboratory and for many other practical purposes. Can be used to replace a gas plate or stove for almost any purpose. Clean, always ready, no smoke, no odor. Can be placed on any table or desk without danger of heat marring the polished surface. Base is of cast metal finely enameled and has cool fiber handles. Top is six inches in diam., finished in polished nickel. Six-foot cord with attaching plug. Wt., 5½ lbs. Ship. wt., 7½ lbs.

UNIVERSAL ELECTRIC COFFEE URN

63B1902—Six cup size. Each. **$13.50**
63B1904—Nine cup size. Each. **14.40**
An elegantly finished electric coffee urn (percolator) in Colonial Loving Cup design. Besides being useful this article is very beautiful and ornamental. Just pour in the water, place ground coffee in the draining cup, attach cord to light socket and in a few minutes you have the finest, clearest coffee that can be made. Will last a lifetime, and cannot easily get out of order. Finished in rich polished nickel with ebonized handles. Can be placed on the finest polished surfaces without danger from heat. Complete with six-foot cord and attaching plug. Six cup size is 15 in. high. Ship. wt., 11 lbs. Nine cup size, 16 in. high. Ship. wt., 12 lbs.



OUR SPECIAL ELECTRIC COFFEE PERCOLATORS

63B1910— Six cup size. Price, each ... **$4.15**
63B1912— Nine cup size. Price, each..... **$5.25**
For use on electric current 108 to 115 volts.

These percolators are the equal of percolators usually retailed at from $7.00 to $10.00. They are substantially made, finely finished, handsome and ornamental in appearance. Pour in the water, put the ground coffee in the draining cup, attach cord to a lighting socket and in a few minutes you have delicious, clear, steaming coffee. And coffee prepared in a percolator is superior to coffee prepared in a pot both in flavor and in healthfulness, as the injurious elements of the coffee bean are not absorbed by the water. Percolator can be set on the table without danger from the heat and current can be turned off without your arising from table. Body is made of polished aluminum with ebonized wood handle. Six-foot detachable cord with attaching plug. Height, 10 and 11 in. Ship. wt., 4 and 6 lbs.

ELECTRIC CURLING IRON

63B1895—Price, each **$2.25**
For use on electric current 108 to 115 volts.
The most convenient way to curl or wave your hair is with an electric curling iron. You simply attach the cord to the electric light socket and in a minute or so your iron is ready for use and stays at the right temperature as long as you want it. The curved sheath of this iron can be detached so that you have a straight round iron for Marcel waves if desired. There is nothing to get out of order on this iron and with ordinary usage it should last for years. In our opinion it is the equal of any electric curling iron made. Shipping weight, 2 lbs. each.

ELECTRIC HOUSE LANTERN

63B2025—Price, complete with dry battery..... **$1.10**
A safe, ever-ready light to light up the cellar, closet or dark rooms. Just turn the switch and you have a fine bright light. Gives a light that you can throw to any spot where you need it. Handy to carry and economical to maintain. Will be found useful many times every day. You can trust your children with it even around gasoline. Cheapest fire insurance you can get. Will burn many hours on one battery. Can't explode or blow out even in the strongest wind. Size, about 3 x 7½ in. Shipping weight, 4½ lbs.

LUMINOUS RADIATOR

63B1920—Price, each **$4.25**
For use on electric current 108 to 115 volts.
A useful and economical electrical radiator for use in small rooms, offices and bathrooms. Will heat satisfactorily any small area. Made of pressed steel. Light in weight and has always cool handle at top. Outside finish of body, dull black; ends of body and legs in polished nickel; inside of body, polished copper, lacquered to prevent tarnishing. Has cord with attachment plug and interchangeable switch-plug. Operates from any lamp socket. Heating Element assured five years. Size, 9¾x10¼x13 in. Shipping weight, 8 lbs.

Realize the Pleasure of Perfect Cooking—Use a Fireless Cooker

The Windsor Aluminum Lined Cooker

$13.95

186B1414—The outside frame is made of heavy sheet steel, double seamed, and nicely finished. Thoroughly insulated with mineral wool. The inner lining and back of cover are pure aluminum. Equipped with one 10-quart, one 8-quart vessel with 2½-quart inset or pudding pan, two 4-quart vessels, all aluminum; three aluminum-bound soapstones, two radiator racks and one pie rack, and complete book of instructions and recipes. Size of case, 12½x14x27 inches. A perfectly sanitary cooker that will Roast, Bake or Boil to perfection. Regular retail $20.00 value. Shipping weight, about 90 lbs.

Our price **$13.95**

You are depriving yourself of the greatest labor, time and money saver ever invented, if you are not using a modern Fireless Cooker, which will boil, roast and bake to perfection. Thousands of thrifty housewives are using a Fireless Cooker every day in preference to the range and cook stove; and so would you, after you have given it a thorough tryout. Fireless cooking means perfect cooking. Your kitchen will be cool in summer and free from odors. You are sure to be pleased with its use.

All of our Cookers are perfectly insulated, lined and equipped throughout with pure aluminum that cannot rust or corrode.

Note our remarkably low prices.

The Faithful Aluminum Lined Fireless Cooker

$6.25 1 Comp.

$11.95 2 Comp.

A combination wood and metal case cooker, strongly recommended. The frame and cover are of seasoned hardwood, the outer walls of sheet steel, attractively stained in oak. Thoroughly insulated and lined throughout, including back of cover, with pure aluminum. The Faithful will Roast, Bake and Boil. You do not have to be an experienced cook to operate it successfully. A little practice is all that is necessary to obtain the most gratifying results. A complete book of instructions and proven recipes is furnished with each Cooker.

186B1415—Faithful 2-compartment Cooker, equipped with one 8-quart vessel with 2½-quart inset or Pudding pan; two 4-quart vessels; 2 deep Pie Plates, 9 inches; two Jelly Cake Pans, 9 in., all pure aluminum; four Soapstone Radiators, Pie Racks and Lifter. Size of case, 15x16x27 in. Regular retail $17.50 value. Shipping weight, about 120 lbs. Price **$11.95**

186B1416—Faithful 1-compartment cooker, equipped with one 8-quart vessel and 5-pint inset or Pudding pan, made of aluminum; two Soapstone Radiators; Pie Rack and Lifter. Size of case, 15x16x15 in. Regular retail $10.00 value. Shipping weight, about 65 lbs. Price **$6.25**

Steam Cooker. Heavy Tin with Copper Bottom

$1.28

186B1417—You can cook a whole meal in it at one time, although it requires the space of only one vessel. You can cook sauer kraut, onions, cabbage and pudding at the same time, without any of them partaking of the odor or flavor of the others. Four vessels to each cooker. Usual $1.50 to $2.00 retail value. Diameter, 10¼ in.; vessels hold 5 qts. each. Ship wt., 7 lbs.

Price **$1.28**

Lakeside Combination Steam Cooker and Baker

$4.96

186B1418—Illustration shows plainly the great capacity of the Lakeside Combination Steam Cooker. All kinds of cooking can be done at one time and done right. The food is cooked by the heat of steam under pressure. All of the nutriment is retained, and nothing can burn or dry up. It cooks a whole meal over one burner on gasoline, oil, gas or common cook stove. The Cookers are made of the finest grade of heavy Charcoal tin plate, with drawn seamless copper bottoms. Size of cooker, 11¾ inches square; height, 21½ inches, has two doors; will hold 12 jars in canning fruit; has four compartments; will cook for from three to fifteen persons.

Copper bottom is 2 in. deep, and holds 1¼ gallons of water. Door hinges are brass. Has whistle that blows when more water is needed in tank, and many other strong points not usually found in other cookers. We supply two square, heavy tin bake pans with each cooker. A special recipe book and directions included.

Shipping weight, 19 lbs. Price, each **$4.96**

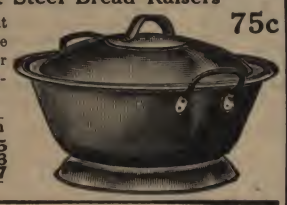
Majestic Bread Maker

186B1529 $1.60

186B1530 $1.98

The Majestic Bread Maker not only kneads the dough, but thoroughly mixes all the ingredients as well. Does it better, quicker and with much less labor, than it can be done by hand.

Home-made Bread has a flavor of its own; it is generally preferred by everyone. Kneading dough by hand is tedious work. With a Majestic Bread Maker, you can knead from two to ten loaves in three minutes' time. Produces bread that is firm, light, white and free from unbroken starch cells.



With the Majestic Bread Maker the hands do not touch the dough. The kneading is done in a perfect, sanitary and scientific manner. After kneading, the dough is left to rise in the pail.

The Majestic is exceptionally well made of heavy charcoal tin, nicely polished. Mixer or kneader and handle are of steel. Furnished in two sizes. Capacity of pails, 10 and 16 quarts, or 2 to 6 loaves and 4 to 10 loaves of bread, respectively.

186B1529—Capacity, 2 to 6 loaves. Shipping wt., about 13 lbs. Retail value, $2.00. Price..... $1.60

186B1530—Capacity, 4 to 10 loaves. Shipping wt., about 21 lbs. Retail value, $2.50. Price..... $1.98

Windsor Combination Meat and Food Cutter

The Windsor embodies the latest improvements of both meat cutters and food choppers, making it one of the best and most practical household cutters we ever offered.

Here are the superior features of the Windsor: It is both a meat cutter and a food chopper. Truly sanitary, because the barrel, having no obstructions at its opening, discharges freely and is easily kept clean. Having a large opening at the front and a smaller one at the back, it drains properly, thus making it impossible for juices to escape and drip on the floor. The food is cut in three different ways as described below. The four-bladed knife is made from special steel, is self-sharpening and reversible, insuring long wear. The steel plates are slightly concaved, milled true, giving a perfect cutting surface. The knife and plate are held in place by a simple, but effective locking device. All exposed parts are doubly coated with pure block tin to prevent rusting.

How it Operates. The funnel shaped barrel is made of one piece, straight ribbed inside. The food is carried forward by a scroll which fits snugly against the knife-edged ribs, cutting it before even reaching the knife and plate. A four-bladed, self-sharpening reversible, steel knife cuts the food again before passing it through the perforated steel plates, cutting evenly at all times. Three plates are furnished with each cutter; one each, coarse, medium and fine.

Note our money saving prices.

186B1901 — Small family size. Chops up to 2½ pounds of meat per minute. Size of hopper opening, 1 2½x 3¼ inches; length of barrel, 3 inches. Complete with self-sharpening knife and 3 steel plates, coarse, medium and fine. Shipping weight, about 4 pounds. Price . . . **69c**

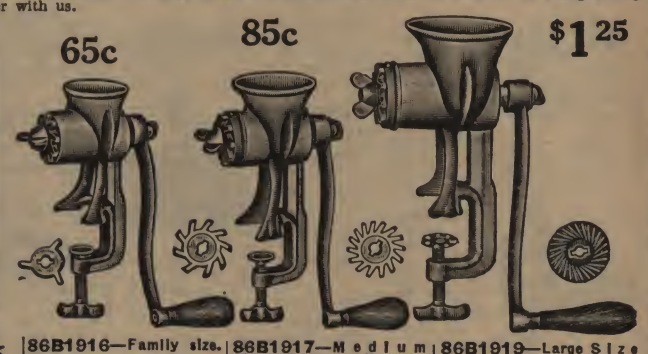
Our Well Known *Eclipse* Food Choppers

The many thousands of these choppers we have sold and the unsolicited testimonials we have received from our customers, offer the best proof of the worth and efficiency of the Eclipse. You will make no mistake in ordering one of these choppers; they are well made throughout, and will give an excellent account of themselves. Furnished in three sizes—family, medium, and extra large. For the average sized family we recommend our **No. 86B1917.**

The **Eclipse** will chop all kinds of table food. Meats or Vegetables (raw or cooked), Fruits, Nuts, Bread, Eggs, Figs, etc., and does the work easily, without mashing, tearing, or grinding. Will chop either fine, medium or coarse. Lightens your kitchen work and will be found useful every day in the year. **Made of gray iron, heavily tinned** to prevent rusting; has no complicated parts, is self-cleaning, and self-sharpening. With reasonable care it will last a lifetime.



We furnish four cutters with each chopper, one each, **coarse, medium, fine,** and a **nut butter grinder** for making all kinds of nut butter.

The prices we ask for this splendid chopper speak for themselves. You are assured of a big saving if you place your order with us.

Recipe Book Free

This splendid cook book is furnished free of charge with every Eclipse Food Chopper. Contains 20 pages of proven recipes. Gives valuable suggestions how to use left-over foods to advantage, saving the housewife many a dollar.

We publish an interesting Grocery List every 60 days. Have you a copy?

Lakeside Hand Made Butcher Knives and Butcher Steels

The most careful supervision is exercised in the manufacture of these goods. The blades are wrought by hand from solid bars of highest grade crucible steel, each piece being singly tempered. They cost a little more than knives made from ordinary steel, but the keen edge-holding quality is there and it more than justifies the extra expense. We do not sell them for higher prices than ordinary butcher knives, in fact, our prices are much lower than other dealers' but the immense quantities which we sell more than makes up for the small profit on each article. The factory where these knives are made employs only the most skillful workmen, men who know how to temper, bring to a keen edge and fit to a properly balanced handle every knife they turn out. The result is, that Lakeside butcher knives are not only sharper, but hold a keen edge longer than most other brands. Every knife is tested, shipped ready for use, and will give satisfactory service.

Handy Kitchen Knife, Can Opener, Bottle Cap Lifter and Cork Screw

86B2001—PRICE, 23c Weight, 5 oz. Handy Kitchen Combination. A serviceable butcher knife. Has 7-inch blade. End of blade forms a strong, durable can opener and bottle cap lifter. A cork screw is contained in the end of cocobolo handle. Each 23c

86B2082—One of the handiest kitchen knives we have ever sold. Length of blade 8½ inches. Keen, beveled edge. Best quality tempered steel. An ideal bread slicer, or carver. Weight, 4 oz. Price 20c

Aloxite Knife Strop

86B2091—A practical kitchen knife sharpener, in strop form. Easy to use. A few strokes on this Aloxite strop will put an edge on any knife. Not suitable for sharpening razor or pocket knives. Weight, 3 oz. Price 20c

86B2084—Kitchen Set. Consists of one 9-inch bread and meat slicer, one medium size butcher knife and one paring knife, all of best steel. Retail price, 75c. We sell the entire set at a price which would be asked for the slicer alone at retail. Weight, 12 oz. Per set 43c

Knife Sharpener

86B2092—The best steel blade carving butcher or dinner knife sharpener we know of. Takes place of a steel. Drawing blade between steel discs once, takes a thin shaving off and leaves a keen cutting edge. Discs can be turned to give fresh cutting edge when worn. Rubber handle. Weight, 3 oz. Price 35c

86B2085—Hotel Model Slicing Knife. Narrow, flexible blade, slices bread, cold meat, etc., thinner, cleaner, and more quickly than many other slicers. Handle is bevel-edged cocobolo, with 3 large brass rivets. Total length, 12 inches. Weight, 3 oz. Price 25c

86B2086—Lakeside Bread and Meat Slicer. Has 9½ in. best steel blade. Finely finished cocobolo handle, strongly riveted to tang of blade, with heavy brass rivets. Wt., 6 oz. Price . . . 33c

86B2087— A strong, heavy butcher pattern steak knife. Carefully tempered blade, accurately ground and finished by hand. Heavy enough to be used as a splitting knife. Weight, 6 oz. Price . . . 65c

86B2088—Handy Kitchen Cook's Fork. Length 12½ inches. Tempered steel tines. Cocobolo handle, with 3 brass rivets. Handle matches 86B2086 kitchen, and 86B2085 slicing knives. Weight, 5 oz. Price 20c

Don't overlook our Golden Harvest Cream Separator. It is a Winner

Special Family Scale

$1.20

86B2102—Our new White Tile Top Special Family Scale is made of steel, handsomely japanned and finished. Has polished brass dial and a sanitary white tile top plate. Can be instantly adjusted to make proper allowance for a pan or basket, and is accurate. Capacity, 24 lbs. by ounces. Approximate weight, 5½ lbs. Usual retail value, $1.75. Each $1.20

Fancy Household Scale

Double Posts

86B2103 — Of steel, finished in black enamel and bronze. Has 6-in. slanting dial with a glass sash and nickel rim. Double posts. Brass regulating screw. Capacity, 24 lbs., by ounces. Weight, 4¼ lbs. Each $1.60

86B2104—Same with removable polished Brass Scoop, having flat bottom. Each $2.00

Net Weight Dairy Scales

These special combination Scales save troublesome figuring, as they give the correct, actual weight each time. Before weighing, put empty container on scale and set red pointer back to zero. After that, scale gives the actual weight of anything put in container.

These Scales are accurate. Have large circular brass dial with distinct black figures. Two indicator hands—red hand for empty vessel. Handy for general use.

186B2110—Capacity, 40 lbs., by tenths of a pound. Weight, 3 lbs. Price $2.24

186B2111—Capacity, 60 lbs., by tenths of a pound. Weight, 4 lbs. Price $2.48

Net Weight Dairy Scales

Capacity, 60 lbs. by 1/10 lbs.

86B2112—By setting the red pointer back to zero when the empty vessel is weighed, you can afterwards instantly get the actual weight of anything put in the vessel, without any troublesome calculation. Milk record blanks are included with Scale.

This Scale is graduated by tenths of a pound up to 60 lbs., and each 20 pounds is shown on slide. The brass face, size, 4½x11⅞ in., has clear black figures. Weight, 3 lbs. Each $2.75

86B2114—Extra Record Blanks, per hundred 80c

Little Detective Family Scale with Slanting Dial

85c

There is a great satisfaction in having a good scale in the kitchen or pantry to weigh every purchase, as well as for use in cooking and baking. Mistakes will happen, and in these days of the high cost of food-stuffs, it is worth while checking up weights and thus seeing to it that you get all that you pay for. A pound or two short now and then will cost you more than the small amount we ask for our splendid scales.

86B2101 — Our Little Detective Family Scale is made of steel throughout and is practically unbreakable. Has a large silver finished, slanting dial, 6 in. diameter, with gilt border. Easy to read. Very distinct and serviceable. Enameled steel top plate. Size, 5¾ in. square. By means of the top adjusting screw it can be instantly adjusted to make proper allowance for a basket or pan. Capacity, 24 lbs., by ounces. Shipping wt., boxed, 4 lbs. Each 85c

Double upright posts support the platform, distribute the weight on the platform and insure accuracy.

A big improvement over the old style single post scale.

86B2101

All our spring scales are intended to family use, and are accurate for all practical purposes, but are not legal for trade use in all states. They represent excellent values and are designed especially for their purpose.

Net Weight Combination Scale

$1.10

86B2107 — Place an empty bowl on scale platform, and turn movable red pointer back to zero. If bowl be filled and again placed on scale, net weight of contents shows instantly without figuring. May also be used as a common scale. Made of steel throughout. Will not break; has double upright posts, which insure accuracy. Finely finished. Weighs up to 24 lbs., by ounces. For family use only. Shipping weight, 4 lbs. Retail value, $1.50. Bowl not furnished. Price $1.10

Sixty Pound Family Scale

Double Posts

$1.60

86B2105 — Large Family Scale, with a capacity of 60 lbs., by 2 ounces. Made of steel, unbreakable, handsomely japanned and decorated. Heavy steel top plate. Large white dial, with plain figures. Weight, 6 lbs. Each with top plate only $1.60

With TIN SCOOP

86B2106 — The same as above, with large tin scoop instead of the platform. Capacity, 60 lbs., by 2 ounces. Weight, 6¼ lbs. Each $2.00

These Scales are intended for family use only.

Standard Platform Scales

$4.98

Guaranteed Accurate
Will Pass State Inspection

186B2120—Standard Platform Scales. Very sensitive and accurate; will pass the inspection of the sealer in any city of the Union. Size of platform, 9⅝x12¾ inches. Has heavy, retinned scoop, measuring 10½x20 inches. Solid brass beam fitted with hanging poise. The pivots on this scale are of tool steel, insuring accuracy. Capacity of scoop, 40 lbs., by ½ ounce; capacity of platform, 240 lbs., by ½ ounce. Scale is enameled in black, striped with gold. Shipping weight, about 50 lbs. Price $4.98

Sliding Poise Platform Scales

$6.35

186B2122—Extra high grade Union Double Beam Platform Scale. Attractively enameled in bright vermillion red, striped in gold. All pivots are of tool steel, hardened and sharpened, making scale very sensitive. Has double solid brass beam, with sliding poise, which is fitted with adjusting screw, insuring accuracy. Capacity of retinned scoop, 40 lbs., by ½ oz.; capacity of platform, 240 lbs., by ½ oz. Fully equipped with 3 weights; size of platform, 10½x20 inches. Shipping weight, about 50 lbs. Price $6.35

186B2123—Same as above, fitted with single brass beam. Shipping weight, about 50 pounds. Price $5.70

Spring Balances

24 Pound Capacity

Famous Windsor Ice Cream Freezer

$1.35

186B2148—The Famous Windsor Freezer, with new style Repeating Dasher, and all that is latest and best in freezer construction. The dasher has scoop-shaped floats, and as these rapidly revolve, the freezing mixture is removed from the sides of the can by the wood scrapers, and thrown to the center, where it is stirred, beaten, and aerated so thoroughly as to make and keep the contents deliciously smooth and mellow during the quick process of freezing.

The tubs are made of selected, old growth pine, thoroughly kiln-dried, and treated with a paraffine and oil preparation, rendering them positively water-proof.

The cans are made of the highest grade of charcoal tin plate; all the metal parts that come in contact with the cream are covered with pure block tin, and all outside metal parts are thoroughly galvanized and will not rust.

The tub and can are designed to use a minimum amount of ice and salt. Makes delicious cream and ices, smooth and velvety, with little labor. Usual retail value, $2.00 up. Give size.

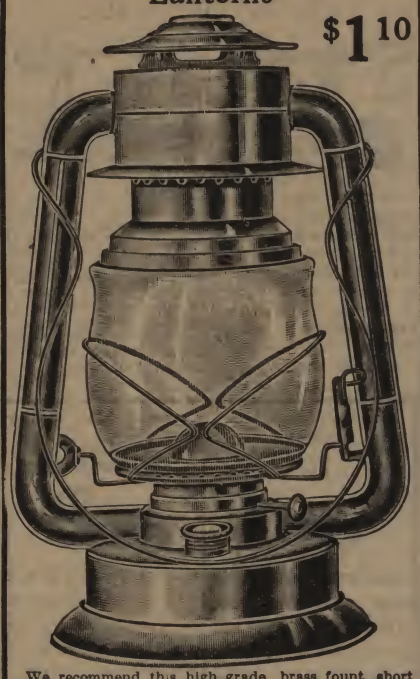
Big Values in High Grade Ladders and Lanterns

Step-ladder with Shelf

For Family or Painters' Use

85c

Made of the best seasoned pine of the proper thickness to be safe and durable, yet convenient to handle. Uprights are mortised at steps. Each step is securely nailed, and strongly reinforced by a steel rod passing under it. Ends of steel rods are fitted with washers, which, when tightened, prevent the nails from coming out. (See picture.) Top step is fastened by steel bracket and by hinge. Bottom step has two steel brackets underneath. Folding steel lock spreader and handy folding pail shelf.



Notice the exceptionally strong construction. Each step reinforced by a steel rod.

Art. No.	Height	Ship. Wt.	Price each
186B2201	5 ft.	15 lbs.	$0.85
186B2202	6 ft.	20 lbs.	.98
186B2203	8 ft.	28 lbs.	1.26
186B2204	10 ft.	35 lbs.	1.60

Brass Fount Short Globe Lanterns

$1.10

We recommend this high grade, brass fount, short globe lantern as the fount will give long service, and the cold blast principle insures a brilliant light with no waste of oil. The combustion is nearly perfect and the lamp is practically indestructible. The globes are easily cleaned. Extra quality tin plate is used above fount. No. 2 burner. 1 in. wick. Weight, 2½ lbs.

86B2251—Price, each $1.10
86B2252—Same with tin plate fount.... .79
86B2253—Extra Globes. Wt., 11 oz. Price, each ..... .08

Extra Large Cold Blast Lantern

74c

Here is a lantern that is built especially for the farm. It burns steadily in the strongest wind and the cold blast principle produces perfect combustion and strong white light. Built of heavily retinned steel, and will last indefinitely. Has large fount, which holds 2¾ pints. Burns 52 hours. No. 2 burner. 1 in. wick. Weight, 2¾ lbs.

86B2254—Price, each 74c
86B2255—Extra globes. Weight, 11 oz. Price, each 8c

Regular Extension Ladders

$3.55

Our Combination Ladders are most practical, for general use, handling and mounting, on account of having a short or long ladder, as needed to suit the location and work to be done. Can be assembled in a narrow space. The Uprights are made from selected straight grain pine, solid and strong. The Rungs are kiln-dried hickory, the best wood for the purpose. Has Malleable iron, unbreakable hooks and heavy steel top cross bar with friction rollers. Each ladder has two sections.

Art. No.	Length ft.	Section ft.	Ship. Wt. lbs.	Price, each
186B2206	28	16 & 12	84	$3.55
186B2207	32	18 & 14	102	4.16
186B2208	34	18 & 16	112	4.42
186B2209	38	20 & 18	120	4.97

Rope Extension Ladders

$4.08

These extension ladders are equipped with rope, pulley, crank and automatic hooks. Have heavy steel top cross bar with friction roller. Sides are of selected, straight grain pine, and rungs of kiln-dried hickory. Very strongly built and will give great satisfaction.

Art. No.	Size	Section	Shipping Weight	Price

For Strong and durable Oil Cans, made of heavy galvanized iron, with spout or faucet. See Index.

Ladder Rung Sockets

15c

The use of these cast iron sockets avoids boring holes in the upright pieces. With them a ladder can be made much lighter and stronger. A broken rung can be replaced without taking the ladder apart. Socket has three screw holes, two for upright and one for rung. Diameter of rung hole, 1 in. Weight, per dozen, 1½ lbs.

86B2243 — Price
per dozen 15c
hundred $1.00

Ladder Jack or Bracket

$2.35 For Painters' Work Plank

Attaching these jacks on the upright of the ladders instead of on the rungs as with other styles makes them one of the strongest and safest made. Can be used on single ladders, if desired, to make a platform. They are self locking, can be raised or lowered to any desired height or angle or reversed to either the outside or under side of the ladder in a minute's time, without removing plank from jack—will take up to a 12 in. plank. Fold up closely for carrying. Made of cast iron. Weight, per pair, 9 lbs.

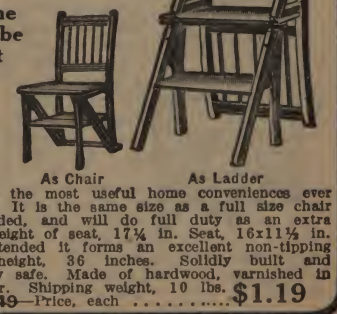
186B2245—Price, per pair $2.35

Step-ladder Stool

79c

A Boon for the Housewife

Folded Extended



One of the most convenient and practical devices made for the home; one that you will use many times in a day. In the kitchen it fills a long felt want. Place it at your kitchen sink and you will find its advantages in lightening your work. Enables you to sit at work when you would often have to stand. Made just the right height. Folds flat when not in use. Made of hardwood, natural oil finish with two steps. Height, about 25 inches. Weight, about 9 lbs.

186B2248—Price, each 79c

Combination Step-ladder and Chair

$1.19

No home should be without one

As Chair As Ladder

One of the most useful home conveniences ever designed. It is the same size as a full size chair when folded, and will do full duty as an extra chair. Height of seat, 17¼ in. Seat, 16x11½ in. When extended it forms an excellent non-tipping ladder, height, 36 inches. Solidly built and thoroughly safe. Made of hardwood, varnished in light color. Shipping weight, 10 lbs. $1.19
